influenza or infection during pregnancy & obstetrical complications, patients with schizophrenia & their mothers, Germany & England, commentary reply, 22868
labor induction with pitocin, oxytocin levels at birth, preschoolers with autism vs low IQ vs language disorders, implications for obstetrical procedures, 23154
maternal infections during pregnancy as assessed through maternal recall & obstetric complications & familial loading, subtypes of schizophrenia, maternity patients, 22836
neurological soft signs, 18–60 yr old psychiatric inpatients with vs without self reported history of obstetrical complications, 26968
obstetric complications & brain morphology & age related changes, male 18–49 yr olds with schizophrenia, 31040
obstetric complications as cause vs consequence of autism, 5–36 yr old probands & siblings with Down syndrome vs autism, 31410
obstetric complications during birth, risk for later autism, 4–35 yr olds with autism, Ireland, 1420
obstetric complications, schizophrenic patients, meta analysis, 7958
obstetric or perinatal complications, male vs female adults with schizophrenia vs their healthy siblings, Japan, 7975
obstetric records & complications of pregnancy & delivery, subsequent hospitalization for schizophrenia at 10–21 yrs old, people born between 1971 & 1974, Scotland, 7972
parental schizophrenia, obstetrical complications, mothers vs fathers, meta analysis, 22857
pregnancy & birth complications, rate of psychosis, White vs 1st or 2nd generation African Caribbeans living in Britain, 42325
pregnancy & birth complications, 19–59 yr olds with intellectual disability & schizophrenia vs 18–61 yr olds with intellectual disabilities, 39055
prenatal & perinatal risk factors & obstetric complications, mental disorder onset, 18–45 yr old new mothers with schizophrenia or other psychotic disorders, Sweden, 35599
preterm birth & serious neonatal complications, subsequent competence & prevalence of behavior problems, nonhandicapped children assessed at 5–7 vs 7–9 vs 10–12 yrs old, 8489
reduction in obstetrical complications & incidence of schizophrenia, Scotland, letter, 7956
use of telephone for hypnosis, reversing preterm labor, pregnant female at 26 wks, 15478

utility of McNeil-Sjostrom Scale vs scales by S. W. Lewis et al & J. Pamas et al, assessment of obstetrical complications, adult schizophrenics born in January–April vs May–December, Sweden, 17654

Obstetricians—Serials

attitudes toward social & genital sexual contact between patients & internal medicine specialists vs psychiatrists vs obstetrics-gynecologists, medical students, 13613

demographic & locus of control characteristics & perceived social support & affect & prenatal care, female clients of nurse-midwives vs obstetricians, 5172

Obstetrics [See Also Midwifery]—Serials

consultation liaison psychiatry service to obstetric inpatient unit, reasons for referral & psychiatric & physical diagnoses & treatment, obstetric patients, 3 yr prospective study, Australia, 5358

distress & anxiety & depression & satisfaction with services, obstetric-gynecology inpatients, 5273

patient referral & psychiatric morbidity & satisfaction, evaluation of psychiatric consultation liaison service to obstetric-gynecology hospital, medical staff & nurses & inpatients, Australia, 5371

psychophysical reactions to & perceptions of childbirth care, mothers, US vs Germany vs Italy vs France, implications for quality of care, 27755

Obturator Nerve [See Spinal Nerves]

Occipital Lobe [See Also Visual Cortex]—Serials

activation of occipital cortex during haptic perception &/or transformation of haptic image, sighted vs blind 19–33 yr olds, 34146

alterations in abundance of G alpha q/11 & phospholipase C-beta 1 in postmortem occipital cortex, 27–94 yr olds with bipolar disorder, 38999

EMG components of photic eye blink reflex, 33–81 yr old patients with occipital lobe lesion-induced visual field deficits, 4671

hemispherectomy contralateral to visual stimulus presentation, residual vision zones & awareness, adult males with occipital lobe removed vs disconnected, implications for secondary visual systems, 8659

implicit memory measured by word-stem priming, 45–78 yr olds with temporal–occipital lesions, 42826

morphological alterations of visual system, white vs colored zebra finches, 29323

photic stimulation, energy metabolism in occipital cortex measured by phosphorus-31 magnetic resonance spectroscopy, 22–53 yr old volunteers, implications for bipolar disorder & schizophrenia, 14845

stimulus color, spatial dispersion of visual EPs over occipital & inferiotemporal & parietal areas, 34 yr old, 14935

Occultism—Serials

personality traits & paranormal beliefs & interest in satanic practices, adult male fantasy role-playing gamers vs satanic dabblers, 30067

Occupation (Parental) [See Parental Occupation]

Occupational Adjustment—Serials

D. E. Super's life-span & life-space approach to career behavior & theory refinements, 28218

evaluation of research on effects of cross-cultural training on adaptation & work performance, expatriate personnel, 5748

general & career adjustment issues, immigrant professional workers, implications for employment counseling, 5737

integration of segments of D. Super's life span & life space approach to career development & adaptation to life roles, 28150

intercorrelation of positive transition to employment & enhanced adjustment to life after injury, adults with spinal cord injuries, 11 yr followup, 12632

life narrative of parental manipulation & behavioral difficulties & work adjustment, development of self through occupational engagement, learning disabled 25 yr old treated with sensory integration, 16987

reform activism & heightened emotionality & career turning points, school teachers, 33407

similarities & differences in vocational needs & satisfaction, 21–58 yr old supported employees with mental retardation vs 20–61 yr old co-workers, application of theory of work adjustment, 36819

social support networks & paid work, 24–40 yr olds & older with intellectual disabilities, New Zealand, 39251

sustained release bupropion, work & social status, 18 yr olds & older with depression, 32467

Occupational Aspirations—Serials

achievement motivation & sports related future orientation, sports careers, 16–19 yr olds, Norway, 43847

attributional retraining, career beliefs & career exploration behavior, 18–43 yr old college students, 20693

career hopes & receipt of career guidance, 15–16 yr old female British Muslim students, England, 13893

career plans & attitudes toward marriage & family & feminist ideology & discursive reproduction of gender difference, 24–33 yr old female postgraduates, Greece, 41916

choice of psychology as career, 18–60 yr old 1st yr college students, Australia, 20619

choice of training programs & career intentions & perceptions of educational experience, 27–67 yr old child & adolescent psychiatric residents, 13580

cognitive approach to group counseling, social problem solving & employment preparation, 9th & 10th graders, 5716

intellectual ability & career goal threatening vs enhancing statistical reasoning problem, application of law of large numbers & ANCOVA reasoning, 14–18 vs 19–23 yr olds, 25757

job aspirations & skills & attitudes & organizational commitment for promotions into entry-level leadership positions, non-exempt vs exempt employees, 28206

occupation traditionality, expectations of occupational success & desired vocational outcomes in math-oriented fields, female undergraduates majoring in engineering vs math education, 37153

occupational aspirations & career choice patterns, male vs female 8th vs 10th graders with vs without learning disabilities, 37114

occupational aspirations & expectations, 2nd–8th grade inner city minority males from poor neighborhoods vs White males in more advantaged circumstances, implications for job preference development, 25856

occupational aspirations & status & knowledge & Holland's typology & SES & self knowledge, male vs female 15–21 yr olds, South Africa, implications for occupational guidance, 33581

perception of parents' getting-ahead-getting-by orientation & intellectual ability & social status, educational & occupational aspirations, 21 yr olds & their parents, Australia, 5 yr followup, 22121

perceptions of occupational barriers, sense of control over career decision making, 18–20 yr old Mexican-American college students, 28145

plans for careers & marriage & family & choice of Black or other racial & ethnic dating & marriage partners, 17–25 yr old Black females, 15459

predictors of educational & career aspirations, 17–19 yr old Black college freshmen, 28051

predictors of research productivity & science-related career goals, counseling psychology doctoral students in APA accredited programs, 17042

professional athletic aspirations & expectations, career goal discrepancy, African American male college students on NCAA Division I athletic team, 28260

reasons for entering college & career decision making self efficacy & career exploration activities & preferred job outcomes, under vs over 25 yr old college students, 5676

research training environment, research productivity & science-related career goals, college graduate & doctoral students in counseling psychology, commentary, 17038

research training environment, research productivity & science-related career goals, college graduate & doctoral students in counseling psychology, commentary, 17027

research training environment, research productivity & science-related career goals, college graduate & doctoral students in counseling psychology, commentary, 17026

research training environment, research productivity & science-related career goals, college graduate & doctoral students in counseling psychology, commentary, 17049
sex role attitudes & mother–daughter relationship & GPAs & agentic & maternal characteristics, career orientation & aspirations, female 7th–8th graders, 22131
socialization & guidance strategies, household chores & homework & educational & vocational & moral aspirations, Mexican- vs European-American parents & older siblings of 3rd & 5th & 7th graders, 7500
television role models & age & parent's educational level, career aspirations & vocational identity, African-American 7th–9th graders, 25879
wage reservations as reflection of self work & aspirations & willingness to work & joblessness, 14–21 yr old Black vs White males, 43740

Occupational Attitudes—Serials
anticipation, newcomer socialization processes & outcomes, new college graduates employed in career appropriate positions, 37197
beliefs about necessity & ability to pursue policy issue areas, Black vs White male vs female state legislators, 35122
career attitudes & competency in career maturity, high vs low academic achieving intermediate college students, India, 28050
career maturity & causal attributions, perceived occupational barriers, 18–48 yr old males vs females, 24705
collectivism, occupational planning & work values, 18–56 yr old Anglo college students, 10037
development & construct validity of Kuder Task Self-Efficacy Scale, assessment of career task self-efficacy, male vs female undergraduates, 34077
development & validation of Generation X Scale, measure of attitudes toward jobs & parents & yuppies & shopping, persons born between 1964 & 1980 vs persons born between 1946 & 1962, 37408
emotions concerning academic work & place of employment & subject area, directors & academic faculty of university business schools, England, 40348
expectancy value vs social cognitive theory as predictor of job attitudes in voluntary organization, air training corps cadets, New Zealand, 11470
job aspirations & skills & attitudes & organizational commitment for promotions into entry-level leadership positions, non-exempt vs exempt employees, 28206
length of time in practice, perceptions of profession, psychiatrists, 13607
occupational aspirations & expectations, 2nd–8th grade inner city minority males from poor neighborhoods vs White males in more advantaged circumstances, implications for job preference development, 25856
occupational experiences, police officers with vs without parent or close relative in police work, 43991
perceived job control & depressive symptomatology & occupational burnout, commentary, 43530
perceived job control & depressive symptomatology & professional burnout, commentary reply, 43535
perceived occupational barriers & career decision making attitudes, 18–45 yr olds, 5738
perceptions of powerlessness & powerfulness, female child care workers, 26067
personal values & coping with others' expectations, career related attitudes & values & plans, secondary school students, Nigeria, 24642
physical & cultural aspects of occupational environment, topless dancers & strippers, 28247
sex & attitudes toward science & other curricula & occupations, subsequent chosen courses of study, 6th graders, 5 yr followup, Israel, 5689
sex & ethnic culture, attitudes toward work & occupations & work reward salience, Israeli vs Soviet immigrant college students, Israel, 10040
type & severity of sexual harassment in traditional vs nontraditional occupations, perception of different types of sexual harassment, male vs female 18–36 yr old undergraduates, 19271
work safety & prevalence of & attitudes toward patient assault, psychiatric nurses, US & UK & Canada & South Africa, 27917
worker role & preretirement identity, self esteem & depression, 58–64 yr old workers vs retirees, 2 yr study, 24708

Occupational Choice—Serials
accessing information & decision making regarding subject or career choice, 16 yr olds, Australia, 43672
attitude change toward females' lifestyles & career choices, female college students in Psychology of Women course, 24662
badmouthing or negative comments about potential career choices, choice of primary care vs nonprimary care vs other career choices, graduating medical students, 13551
career & self concept development & vocational choices & experiences, females, literature review, 33595
career compromise in terms of occupational alternatives vs relative importance of career aspects vs within-aspect preferences, implications for career counselors, 37157
career interventions, construct integration & differentiation in vocational cognitive complexity & number of occupations chosen, college students (mean age 18 yrs), 33593
career maturity & causal attributions, perceived occupational barriers, 18–48 yr old males vs females, 24705
client centered perspective on career decision making, implications for career counseling, 5739
cultural influences & structural barriers affecting perceptions & choice of teaching career, Chinese & Punjabi-Sikh college students, Canada, 5671
determinants for choosing the counseling profession & resolution of childhood difficulties, adult counselors, conference presentation, 24477
developmental changes in competency beliefs & occupational role behavior & control related beliefs, performance, adolescents, literature review, 25875
disability status, career beliefs & indecision, college students with vs without disabilities, 26343
educational experiences & debt & role models & other factors, career decisions, 23–41 yr old 3rd & 4th yr medical students, 40274
factors accounting for career choice & social support received & anxiety experienced & coping strategies, female scientists & technologists, Nigeria, 43737
factors influencing decision to enter male dominated legal profession, African American female lawyers, 5741
gender differences, career maturity & choice expectations & educational plans, African American urban 9th–12th graders (mean age 16 yrs), 33489
human capital attributes & career choices & opportunity structures as predictors of career success, male vs female employees & public sector managers, England, assessment of gender specific model, 10069
intergenerational & educational factors, sex-atypical career choice, adolescent females, 8 yr study, Finland, 29907
J. Holland's vocational typology & E. Schien's career anchors & Myers-Briggs personality types, assessment of career preference, 18–70 yr olds, Norway, 6123
job choice decisions & work attitudes, person–organization fit perceptions, adult job seekers & new employees, 6 mo study, 10091
lifetime occupational status as white collar vs blue collar worker vs tradesperson/craftsperson vs homemaker, sleep symptoms, 75 yr olds & older, 15370
mentoring & athletic participation, occupational plans & psychosocial developmental at termination of college career, male college athletes vs nonathletes, 13790
motivational factors for choice of teaching as career, 22–54 yr olds, implications for advising strategies, 5571
Myers-Briggs Type Indicator types & reasons for working motivation profiles & career path choices, software developers in high-tech software companies (mean age 28 yrs), UK, 37156
neuropsychological variables & time period for return to work & employer selection & vocational success, adults with traumatic brain injury, 8588

occupation traditionality, expectations of occupational success & desired vocational outcomes in math-oriented fields, female undergraduates majoring in engineering vs math education, 37153
occupational aspirations & career choice patterns, male vs female 8th vs 10th graders with vs without learning disabilities, 37114
perceived occupational barriers & career decision making attitudes, 18–45 yr olds, 5738
perceived satisfaction with factors related to career choice, 18–56 yr old social work students, 1983–1992, 43658
perceptions of occupational barriers, sense of control over career decision making, 18–20 yr old Mexican-American college students, 28145
personal agency & traditionality of career choice & problem solving appraisal, attitudes toward multiple role planning, female college students, 22343
personal histories & motivations for pursuit of career in secondary education & subsequent change to college level teaching, 26 & 28 yr old African American students, 13683
personal values & coping with others' expectations, career related attitudes & values & plans, secondary school students, Nigeria, 24642
personel characteristics & family influences & role models & career guidance & other societal factors, decision to work in nontraditional blue collar trades, 19–39 yr old females, 33656
political & religious beliefs & affiliations & job choice & status attainment & family characteristics, 1960s protestors vs nonactivists, follow up study, 35020
preferred environment of private vs large vs other computer vendor industry, potential job satisfaction & motivation & achievement, college students selecting 1st computer information systems job, 9960
realistic vs traditional job previews & high vs low job compensation, applicant attraction & job choice, college students, 10060
reasons for entering college & career decision making self efficacy & career exploration activities & preferred job outcomes, under vs over 25 yr old college students, 5676
relations between environmental dimensions underlying J. Holland's theory of vocational choice & skill requirements & context characteristics & task frequency for managerial jobs, graduate students, 37158
relationship between school-to-work transition & job satisfaction & occupational choice congruence, 18–29 yr olds, conference presentation, 37191
reliability of expressed vs supplied methods using the Career Grid, assessment of the cognitive complexity of vocational value constructs, 18–48 yr old males vs females, 34078
sex, career motivations, 17–43 yr old medical students, Australia, 5500
sex, family interaction & career indecision & decision-making self-efficacy, college students, 28155
social class & work & retirement behavior, 1990–1996, literature review, 13912
theoretical taxonomy of career decision-making difficulties, 17–23 yr olds, Israel vs US, 20713
uncertainty about career decision & involvement in career development activities, declared vs undeclared college students, 5687

Occupational Exposure—Serials

age, current & cumulative biomarkers of lead dose & verbal memory & visuomotor ability, 24–64 yr old lead smelter workers, Canada, 40632
amount of smoking & exposure time to noise, hearing thresholds, reindeer herders, 16420
clinical course of neuropsychological functioning, 33–60 yr old male workers with chronic occupational exposure to organic & inorganic lead, 12–28 mo followup, 31574
cultural identity, male workers with occupationally induced hearing loss, 1643
exposure to environmental tobacco smoke & smoking behavior & attitudes toward policy during increased restrictions on tobacco use, US Navy aircraft carrier personnel, 1 yr followup, technical report, 15554
exposure vs nonexposure to organic solvents, neuropsychological performance, male journeyman painters (mean age 38 yrs), 31568
extent & nature & degree of client violence, social workers, 27847
health attitudes & willingness to provide care to & experience working with HIV infected patients & likelihood of occupational exposure risk, pediatric nurses & other health care workers, 20160
incorporation of psychosocial assessment & risk reduction education & counseling & support into HIV exposure management programs, 28 & 32 yr old male health care workers occupationally exposed to HIV, 40280
length of occupational exposure to lead &/vs iron &/vs copper &/vs manganese &/vs mercury &/vs zinc, risk for Parkinson's disease, 50 yr olds & older, 40635
lifetime exposure to organic solvents, neuropsychiatric symptoms, male house painters vs carpenters, Sweden, 10141
occupational exposure to aluminum compounds, risk of Alzheimer's disease in later life, patients with probable Alzheimer's disease vs other dementias, England, 4703
occupational exposure to chemical & physical agents, risk for Alzheimer's disease, 52–96 yr olds with Alzheimers disease, Australia, 31788
occupational styrene exposure, peripheral sensorimotor neuropathy & color vision deficits, industrial workers, case reports, implications for biological monitoring, 24791
perceptions of working conditions & physical & emotional health & living environment exposure, 45–90 yr old former uranium millworkers, 2335
peripheral & CNS neurotoxicity, 25–52 yr old nurses & technicians with 5 mo exposure to high levels of ethylene oxide & chlorohydrin, 8573
prevalence of occupational exposure to electromagnetic fields, 65+ yr olds with probable or definite Alzheimer's disease vs other dementias or cognitive impairments, 19651
psychosocial factors & perceived hazard exposure in the workplace & subsequent development of nonspecific symptoms & other ill-health problems, 40638
workplace exposure to acetone, well being & acute symptoms & performance, chemical workplace shift workers, 14012

Occupational Guidance—Serials

attributional retraining, career beliefs & career exploration behavior, 18–43 yr old college students, 20693
basic interests in vocational research & career counseling, 28140
career compromise in terms of occupational alternatives vs relative importance of career aspects vs within-aspect preferences, implications for career counselors, 37157
career hopes & receipt of career guidance, 15–16 yr old female British Muslim students, England, 13893
career interventions, construct integration & differentiation in vocational cognitive complexity & number of occupations chosen, college students (mean age 18 yrs), 33593
career related educational concerns, college students with disabilities, implications for career counselors, 22653
chaos theory from perspective of philosophy of science & its application to vocational counseling, 34737
client centered perspective on career decision making, implications for career counseling, 5739
cognitive approach to group counseling, social problem solving & employment preparation, 9th & 10th graders, 5716
collaboration between schools & workplaces & with parents & within schools & development of career planning programs, 20697
communities & development of school career guidance programs & commitment to career planning, students not going on to college, 20691
competence based occupational standards & National Vocational Qualifications for counseling & psychotherapy & guidance, UK, 9795
competency based career guidance strategies & student career plans, 20694
components of professional outplacement program, client satisfaction, former executives, 10085
comprehensive education & career guidance program model, K–12th graders, 20699

comprehensiveness in career guidance & counseling programs, students & out of school youth & adults, 20711
concepts of self & identity in career development theory & practice, implications for counseling, erratum, 5736
contextual & mediating factors in rehabilitation career planning, minorities with disabilities, 27804
counseling & career development issues, 1995, literature review, 17277
cultural & educational & employment trends & implications for career guidance & coping strategies for young people, England, 43719
design of computer interface with talking face in career counseling system, responses to system & persona displayed, college students, 13902
development & benefits & example of coherent career plans in schools, 20690
development & reliability & validity & training applications of Career Counseling Self Efficacy Scale, 22–53 yr old graduate students in counseling, 17728
DISCOVER computer-assisted career guidance system, career maturity, 7th & 8th graders, 17265
efficacy of Self-Directed Search Computer Version Form R in improving career service & research, 18–23 yr olds attending university career center, 6124
emotional & informational & appraisal support in career counseling & career concerns & life-role salience, 28117
ethical principles & values underlying occupational & professional standards in advice & guidance & counseling, UK, 9789
feasibility & value of project on developing local lifelong guidance strategies for learning & work, adults & young people, England, 37163
history & methods & theory of vocational psychology, application to prediction of worker & employer satisfaction, 20705
individual & situational influences, motivation to mentor, 45–50 yr old managerial employees, Singapore, 10035
individual responsibility for work allocation & acquisition of "actor competences", career education & guidance, students, 13903
integration of outcome research methodologies into mental health & career & school counseling, 4822
interaction of individual behavior & career guidance theory & practice & public policy with ecological context, 10038
knowledge of national workforce preparation policies & commitment to career development program outcomes & cultural diversity & utilization of counselors, public high school principals & counselors, 10005
latent factor structure of mentoring function instrument, employees, 10558
liberal feminist vs conventional approach to career counseling, career self-efficacy beliefs, female college students, 10014
mental health program with employment specialists, vocational rehabilitation or employment seeking, clients with severe mental illness, 27797
motivational factors for choice of teaching as career, 22–54 yr olds, implications for advising strategies, 5571
myths & metaphors & moxie of career counseling, implications for practice & training of counselors, 40525
perceptions of school guidance & counseling, Black vs White 15 yr olds, South Africa, 10010
Planning for Life guidelines for evaluation of career planning programs, 20712
psychodynamic perspective on mid life transition & career counseling, 37 yr old female, case study, England, 28141
racism & unemployment & cultural heritage issues in provision of career counseling & development services, African Americans with disabilities, 5431
reexamination of theories & assumptions & practices of & proactive development of public policy & funding for lifelong career development & counseling, commentary, 10036
reframing strategies for change of perspective about self & labor market, 27859
relationship between theory & practice in career counseling, 10049
reliability & factor structure of bipolar adjective semantic differential scales, assessment of evaluative & affective effects of career interviews, 15–16 yr old low achieving students, 17705
resources & information available for career options in primary prevention of mental disorders & promotion of mental health, college & graduate students & mid-career medical professionals, 17054
scale development & reliability, assessment of client's experience of career guidance interviews, 15–16 yr old students with low academic potential, 17727
sources of career information & use in counseling psychology, workers, Nigeria, 24706
state established comprehensive guidance program model & school processes & programs for development of student educational & occupational plans, secondary school counselors, 20688
strategy for economic success & social harmony & need for new meaning of career & lifelong career counseling in postindustrialized society, 10043
structure of work & career guidance theory & research & practice & social policy in response to changes in social-political-economic context, commentary, 10041
the role of counseling psychology in the school-to-work transition movement, commentary, 37132
the role of counseling psychology in the school-to-work transition movement, commentary, 37133
the role of counseling psychology in the school-to-work transition movement, 37141
use & perceived effectiveness of paper & pencil vs computerized career assessment tools, high school counselors, 2678
vocational script in counseling, retired or near retirement 40 & 50 yr olds, 17275

Occupational Interest Measures [See Also Kuder Occupational Interest Survey]—Serials

development of the Interest-Finder self-administered career exploration inventory, 14–17 yr old students, 21148
efficacy of Self-Directed Search Computer Version Form R in improving career service & research, 18–23 yr olds attending university career center, 6124
IQ & General Occupational Themes & Basic Interest Scales from Strong Interest Inventory, male vs female White vs Black vs Hispanic 16–65 yr olds, 17723
RANDALL computer program, randomization test of hypothesized order relations in correlations, application of model of vocational interest types, 17764
use & perceived effectiveness of paper & pencil vs computerized career assessment tools, high school counselors, 2678
validity of RIASEC model of vocational personalities & Five Factor model, assessment of individual differences & prediction of educational achievement, college students (mean age 23.4 yrs), 17603

Occupational Interests—Serials

ability of career maturity indicatory to predict interest score differentition & consistency & elevation, 17–28 yr old males vs females, 34079
academic comfort & career interest & motives & student characteristics, 14–19 yr old high schoolers, implications for theory of career development, 29902
basic interests in vocational research & career counseling, 28140
Big five personality model & RIASEC (Realistic & Investigative & Artistic & Social & Enterprising & Conventional) vocational interest model, college students, Belgium, 38756
congruence of work environment preferences & personality & job satisfaction, employed 23–49 yr olds planning career change, application of J. L. Holland's theory of congruence, 17274
mathematics self-efficacy expectations & vocational interests, choice of math & science college major, male vs female college students, 3 yr study, 17201
occupational aspirations & status & knowledge & Holland's typology & SES & self knowledge, male vs female 15–21 yr olds, South Africa, implications for occupational guidance, 33581

occupational interest & fit with current occupation, prediction of psychological well being & satisfaction in maternal & work roles, employed vs nonemployed mothers, UK, 7510
occupational interests & academic skills & willingness to receive needed training, low SES drug abusing females with young children attending center for addiction & pregnancy, 20339
psychological birth order & occupational interests, 17–50 yr olds, 40529
relationships between gender & sex role orientation & vocational interests & leisure activity preferences, college students, 18764
spherical model of interests in examination of occupational & activity preferences & career self efficacy expectations, male vs female college students (mean age 19 yrs), 20714
structural invariance of circular order & circumplex forms of J. L. Holland's vocational interest model, male vs female samples, 37152
use of biodata instrument to predict vocational interests in managers, postgraduate & undergraduate students & managers, 28191
vocational personality & identity & academic achievement & educational satisfaction, music therapy majors, application of J. L. Holland's vocational theory, 5471

Occupational Mobility—Serials
ability & job complexity, job mobility, 12th graders & 15–22 yr olds, longitudinal study, implications for employers & vocational counselors & job applicants, 17279
background socioeconomic status & human capital characteristics & workplace characteristics & labor market characteristics & promotion path, job authority, 18–70 yr old African-American vs White males, 33615
effect of economic structural change & labor market turbulence on job & occupational & industrial mobility, workers, 1980s, 38485
family structure & career advancement opportunities, turnover & intention to leave job, male vs female managers, 1989–91, 10105
guanxi networks & job mobility, workers, Singapore vs China, 37145
impression management behaviors, upward mobility & supervisor-subordinate relationships. Asian vs European American managers, 43776
job aspirations & skills & attitudes & organizational commitment for promotions into entry-level leadership positions, non-exempt vs exempt employees, 28206
opportunities for promotion, career satisfaction, college administrative employees, England, 13953
participative management approach, self management & mobility in decentralized & unpredictable & interpersonally stressful work environment, nonunionized white collar service workers, 10084
racial patterns of career mobility in science & engineering fields, Asian vs Black & White Americans, 2 & 4 & 7 yr followup, 43764
racialized vs mainstream career paths, advancement level, Black executives in White corporations, 33604
relations among C & Kwak-Pulvino & Hexagon Congruence Indices, assessment of work environment & occupational mobility in prediction of job satisfaction, employees, 6119
the assessment of the glass ceiling effect by psychological consultants, 28222

Occupational Neurosis—Serials
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23240
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23301
history & clinical application of occupational neurosis & repetition strain injury, 23279
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23269
history & clinical application of occupational neurosis & repetition strain injury, commentary, 23258

Occupational Preference—Serials
career compromise in terms of occupational alternatives vs relative importance of career aspects vs within-aspect preferences, implications for career counselors, 37157
choice of psychology as career, 18–60 yr old 1st yr college students, Australia, 20619
congruence of vocational interests with specialties & job satisfaction, 23–49 yr old teachers, 40355
counseling techniques regarding vocational testing & career assessment, application of Developmental Change Model, 24703
gender & SES & academic ability, choice of field of study & college & lucrative fields within selective colleges, 14–21 yr old African Americans &/vs Hispanics, annual followup, 40445
J. Holland's vocational typology & E. Schien's career anchors & Myers-Briggs personality types, assessment of career preference, 18–70 yr olds, Norway, 6123
job preferences, 20–65 yr olds with severe mental illness in supported employment program, 6 mo follow up, 27796
level of debt & 1st yr preference for family practice & income expectation, prediction of family practice vs other specialty choice, medical school graduates, longitudinal study, 13570
perception of general practice as career, junior doctors, 40301
similarities between the Holland Vocational Preference Inventory & the Interpersonal Adjectives Scales—Revised through scaling analyses, 18–30 yr old students, 20968
spherical model of interests in examination of occupational & activity preferences & career self efficacy expectations, male vs female college students (mean age 19 yrs), 20714

Occupational Safety—Serials
ability of measures of locus of control & job hazards, prediction of involvement in workplace accidents, employees, 17722
components of safety performance management in offshore dive support vehicles & cost benefits, crew members, 33712
computer based laser safety decision support system, laser assessors, 10138
evaluations & cases related to legal issues, threats & stalking & attacks by clients & therapists' safety concerns & strategies, psychologists, 13611
examination of workgroups' propensity to comply with safety rules & micro & macro organizational factors that may impact this behavior, managers & other personnel from manufacturing plants, Canada, 20828
feedback & reinforcement, labor cost & safety behavior, 29–34 yr old male roofers, 5779
occupational injury & death, farm vs non-farm workers, 1980–91, 28246
perceived barriers to compliance with & knowledge of Hazard Communication Standard requirements, employers & their organizations, 14009
psychological demands & job control & social support, perceived workplace health & safety risks, 15–65 yr old personnel, Europe, 24787
work safety & prevalence of & attitudes toward patient assault, psychiatric nurses, US & UK & Canada & South Africa, 27917
worker morale & working conditions & sustained attention, train accidents & near accidents & job safety, train drivers, 43918

Occupational Status—Serials
age & educational & occupational attainment, prevalence of dementia, 65–100 yr old Blacks, 19593
age & occupation & SES of potential mate, selection of mate, husbands vs wives, 42001
birth order & proximal family environment & educational & occupational attainment, 11 vs 16 vs 21 yr olds, Australia, longitudinal study, replication & extension, 38538
community & sex & job status, disciplinary judgement, Hindu vs Muslim 19–38 yr old couples, India, 15472
criminal vs civil offense severity & defendant status & professional relatedness of offense, judgment of defendant liability, college students, 1409
degree of earlier substance use & abuse, vocational performance & employment & occupational level, urban Black 24–30 yr olds, 2.5 yr followup, 23051

demographics & educational backgrounds & current positions & incomes & career goals & supervised experiences, graduates of advanced degree programs in sport psychology, 1989–94, 43491
grandparental educational attainment level & occupational status & income, educational attainment & occupational status, adult grandchildren, 41881
job level, superior–subordinate communication & job satisfaction, manufacturing employees & supervisors, 10101
learning environment & occupational attainment & aspirations & school-outcome measures, male vs female 21 yr old Australians of Anglo-Australian or Greek or Italian descent, Australia, 10 yr study, 9928
lifestyle incongruity between material way of life & occupational class, BP, male vs female modernizing 25–64 yr olds, Western Samoa, 3146
memory bias & process dissociation in professional judgment, audit seniors vs subordinates, 40601
model of supervisory performance ratings & fit for race & gender subgroups, peer vs supervisor raters in government agency, 10070
number of people doing same work within an organization, social capital within an organization, managers, 43768
occupational aspirations & status & knowledge & Holland's typology & SES & self knowledge, male vs female 15–21 yr olds, South Africa, implications for occupational guidance, 33581
organizational politics & support, work behaviors & attitudes & stress, part time vs full time employees, 33679
organizational stature & compensation & developmental opportunities & work attitudes & work experiences & career history & culture fit & work-family conflict, male vs female executives, 33625
organizational type & hierarchical level, perceptions of hospital issues, nurses, 24475
overview of research agenda on relationship between personality & work & 5 factor model of personality, 1069
pay status & competitive wage structure, organizational attachment & commitment, police personnel, application of R. H. Frank's economic social comparison theory, 24956
perception of professional status, occupational vs physical therapists, 13606
position in formal structure & personal characteristics, choice of advisor in law firm, lawyers, 43813
processes contributing to gender gap in occupational role attainment, college students, implications for social dominance theory, 15507
psychosocial work characteristics & employment grade & sickness absence due to back pain, 35–55 yr old office workers, England, 43793
rater vs job incumbent sex vs money ethic endorsement, pay differentials & relative worth of job positions, male vs female nursing professionals & college students, 2268
reciprocal relationship between work & personality & roles & identity & between selection & socialization, implications for research design, 1070
relationship between job level & education & age & type of employer & motivation to manage, female workers, China, comparison with male worker data, 40563
retaliation threat & malpractice seriousness & occupational status, occurrence & mode of whistle-blowing, white collar workers, 2303
self reported job abilities & occupational ability patterns determined by job analysts, employees in high vs low status & skilled occupations, 10067
sex & grade, perceived work stress & job satisfaction, 18–61 yr old white collar public sector employees, 24751
sex & school position, responses to school inspection, secondary school teachers, UK, 24531
social class & mobility of parents, risk of psychiatric disorder & coping ability & occupational status, cohort of male 27 yr olds studied from birth, Sweden, 4018
sources & levels of job satisfaction, male vs female professional services employees at different hierarchical levels, 2292
staff position & demographic factors, job satisfaction, 22–53 yr old social service workers, 40312
student title designation & perceptions of social work field training assignments, social work agency administrators vs field instructors, 43509
wife vs partner vs total family income & occupational status, wife & child abuse, battered vs nonbattered females & their 6–12 yr old children, 8134
work group & organizational levels, individual perceptions of job enjoyment & manager structuring expectations & manager consideration & control over nursing practice, registered nurses, 27910
yrs married & economic & occupational & parental status, marital satisfaction & thoughts of divorce over life course, 25 yr olds & older in 1st marriage, 910

Occupational Stress—Serials

achievement motivation & sense of coherence, stress states of distraction & sleepiness & irritability & effects of time of day of shifts, nuclear power operators in shift work, 14003
age & social support from agency staff & other volunteers, coping & burnouts & rewards, HIV volunteers working at Gay Men's Health Crisis center, 9761
ambient temperature & alternative variables, role overload, 21 nations, 24796
anxiety & situational & cognitive stressors & practice teaching vs instructional preparation & predictive models, British vs Canadian male vs female student teachers, Canada, 24540
attitudes toward time & other working conditions, satisfaction with & desire to change shift schedule due to work strain & health & family & leisure time, nurses working 8 vs 12 hr shifts, 13622
basic questions & specific issues concerning workplace bullying & similarity to occupational stress situation, commentary, 37216
BP & self-reported physical symptoms & job related stress, teachers with treated vs untreated hypertension, 26880
burnout & collegial support, perceived barriers to behavior therapy in rehabilitation programs, acute care unit staff, 12843
burnout & communal orientation & perceptions of balance in relationships with group members, 20–78 yr old leaders of self help groups, 24483
burnout & job satisfaction & role conflict & role ambiguity, 23–56 yr old child care social workers, South Africa, 13951
burnout & sociodemographics & depersonalization & personal accomplishment & emotional exhaustion, general hospital doctors, Spain, 33274
burnout & work environment, 20–58 yr old nurses working in long-stay care settings, Netherlands, 33001
burnout, police managers, Canada, 33907
causes of job satisfaction & occupational stress in primary health care centers, physicians, Saudi Arabia, 2124
characteristics & role conflict & ambiguity & social support, burnout, staff providing direct care to elderly dementia & Alzheimer's disease patients, 33250
cognitive failure, job stress & personal strain, registered nurses vs college lecturers, 15704
cognitively based approaches & treatment of psychophysiologic disorders & depression & anxiety & work strain, implications for use in managed care environment, 8842
conceptual model of & multidisciplinary approach to distress, lawyers, 10094
coping strategies & avoidance, occupational stress, nurses, Thailand, 13634
coping strategies & social support & job satisfaction, stress & mental well being & conflict with nurses & physicians, general hospital nurses, 24489
coronary risk factors & job strain & psychosocial variables, employed females vs males vs female homemakers, 33673
creativity & alonetime as coping strategies, school psychologists, 13674
critical incident analysis as method of assessing stress & behavioral responses & consequences of responses to stressors in work settings, 18–58 yr old employees, New Zealand, 10121
daily job stressors, parent child interaction, working mothers of preschoolers in worksite child care centers, 18740

demographic characteristics & motivations & job satisfaction/burnout & employment intentions, psychosocial rehabilitation workers, 13608
demographic factors & overall psychological & physical aspects of stress, prediction of work related stress, social workers, England, 5520
demographic information & psychometric measures of problem & case progression, return to work, teachers with stress related illness undergoing occupational rehabilitation, Australia, 5434
dislike for vs like of shift work, hardiness & digestive complaints, shiftworkers, 14026
emotional stress, correlation between arterial pressure & heart & respiration rate, rats & 17–38 yr old female workers, 11090
empathic involvement & social supportive rewards, work burnout, nurses working with HIV/AIDS patients, Italy, 9773
employer liability & physical injury provisions in case law, legal remedy for "nervous shock", rescue workers, England, 33710
etiological/causal vs societal/conceptual orientation in work stress research, 5793
evidence-based approach to organizational stress management interventions & improved stress assessment in workplace, 39933
excessive demand based job stress & performance & statistical shape of relationship between variables, male officer cadets, Israel, test of inverted-U hypothesis, 24736
factor structure of Maslach Burnout Inventory, teachers, Jordan vs United Arab Emirates, 2671
factors associated with outcome of individual focused worksite stress management interventions, 28166
factors involved in occurrence of psychiatric morbidity or burnout, hospital consultants, 43536
frequency of behavior vs teacher perception of stressor in Index of Teaching Stress as measure of student–teacher compatibility, public school teachers (mean age 36 yrs), 40784
guidance related aspects of work & workload & time pressures & job satisfaction & biographical variables, stress, secondary school teachers, Hong Kong, 13676
hardiness & stress & temperament & coping & burnout, health care professionals, 40308
hassles & personality hardiness, absenteeism from injury or illness, full time police employees, 3 yr study, 33905
health & sources of work stress & work-based social support, psychiatric technicians caring for severely & profoundly mentally retarded in residential facility, 5516
high job strain & high psychological demand & low decision latitude with low vs high social support, psychological distress, white-collar workers, Canada, 24788
impatience/irritability vs ambition/energy Type A behavior pattern components, occupational stressor-strain relationship, industrial managers, Finland, 5761
incremental predictability of Role Hassles Index, measurement of job demands & role conflict & ambiguity & overload & prediction of burnout, 22–61 yr old hospital nurses & their partners, Canada, 28619
individual counseling vs organizational stress management intervention, psychological well-being, city council department staff employees, longitudinal study, UK, 40538
individual differences in burnout, 13–21 yr old male & female junior tennis players, case reports, 43846
individual differences in perception of occupational stress, adults with high vs low blood pressure, England, 33670
internal & external risk factors for posttraumatic stress symptomatology, 22–39 yr old police officers interviewed 3 & 12 mo after traumatic incident, Netherlands, 42361
internality & perceived job demands, psychological distress & occupational stress, field workers vs administrators in social services district office, England, 5518
job demand & decision latitude, psychological strain, 24–59 yr old male operators in electroenergy network, 14021
job demand vs service & decision making ability, psychological stress, 25–40 yr old dual earner couples, 28249
job stress & coping characteristics, development of coronary heart disease, healthy male middle age managers vs blue collar workers, 6.5 yr study, 12565
leader behavior & subordinate stress, mid level bank managers & their bosses & subordinates, 5763
left ventricular structure & diastolic filling, BP during standard vs workplace stress, young adults without hypertension, 11072
locus of control & occupational stress & psychological distress, job satisfaction, 20–50 yr old nurses, 2127
mental disorders prevalence & correlation to religious orientation & associated stress factors, non-Roman Catholic Christian ministers, Brazil, 26403
mental health status & role stress at work & social support, bank workers, Japan, replication, 33659
models of shiftwork & health, 33714
mood & physical activity & stress, systolic & diastolic BP on work vs nonwork days, male firefighters (mean age 24.8 yrs), England, 29489
nature of burnout, direct care staff working with patients with learning difficulties, 17072
negative affectivity, self report measures of job conditions & stress & psychological outcomes, new female teachers, 5776
occasional work absence, physical & mental stress & job satisfaction, hospital nurses, 24480
occupational and personal stressors, burnout, therapists in substance abuse treatment facilities, 33255
occupational distress & regular relaxation training, levels of adrenal hormones, 20–60-yr-old working females, 8880
occupational stress & burnout & professional support, 22–65 yr old nurses working with patients dying from cancer, Canada, 5537
occupational stress & internal vs external locus of control, 22–59 yr old white collar industrial employees, India, 10087
occupational stress & job satisfaction, mammography radiographers, UK, 33267
occupational stress & job satisfaction & Type A behavior, junior & senior managers, 33621
occupational stress & mental & physical health, absenteeism & decreased productivity, bus drivers, 24752
organization of team through development of integrated project, prevention of staff burnout & patient dropout at psychiatric facility, conference presentation, 20288
organizational & social coping resources & participation in decision making, coping behavior relating to work stress, 23–68 yr old automobile manufacturing plant employees, 33658
organizational & staff characteristics & stress, performance & behavior toward clients, residential direct care staff working with learning disabled clients, 5527
organizational commitment, stress-outcome relationship, 21–48 yr olds, South East Asia, 10098
organizational factors & underlying principles influencing stress & health & theoretical rationale for health promotion initiative focusing on work & work-related culture, employees, 43296
organizational politics & support, work behaviors & attitudes & stress, part time vs full time employees, 33679
participative management approach, self management & mobility in decentralized & unpredictable & interpersonally stressful work environment, nonunionized white collar service workers, 10084
perceived discrimination & coping resources & moderating variables, organizational commitment & job satisfaction & work tension, Hispanic workers, 2311
perceived inequity in caregiver-recipient & professional-organization relations & burnout, human service professionals, Netherlands, 9772
perceived job control & depressive symptomatology & occupational burnout, commentary, 43530
perceived job control & depressive symptomatology & professional burnout, commentary reply, 43535
perceived job control & self efficacy & demands, blood pressure, health care professionals & employees of large company, 40584

perceived occupational overqualification & psychological distress & well being, 20–75 yr old male vs female postal workers, 17346
perceived sexual harassment & discrimination & psychological humiliation, problem drinking outcomes, physicians in internship yr of training, application of stress/alienation paradigm, 24508
perceived significance & negative affect & attributions of stressful daily events, 25–54 yr old correctional officers, Netherlands, 33908
perceived sources of job stress & satisfaction & mental health & burnout, hospital & community mental health workers, England, 40303
perceived stress & specific work-related stressors, public school principals, Canada, 43583
perception of agency cultural sophistication & social support, psychological strain & work related stress, African American social workers & administrators, 9754
perception of contributors to stress & frustration, road side mechanics vs customers vs government agencies vs motor spare parts dealers, Nigeria, 24753
perceptions of occupational stress & involvement in research, full time polytechnic academic staff members, Scotland, 33360
perceptions of organizations' cultural sophistication & psychological & occupational stress, Latino social workers, 32899

performance criteria & models & prediction using personality measures & person–organization fit in personnel selection, literature review, 33603
predictive validity of perceptual & psychomotor & cognitive tasks in computer aided aptitude test, flight training success, 22–24 yr old male senior air force cadets, Korea, commentary, 28604
role of cognitive ability g in personnel selection & success prediction, military pilots, 10162
Ropes Course in city-funded summer jobs program, future hope & expectations about success in meeting goals, 14–18 yr old at-risk youth, 15320
shyness at age 8–10 yrs, prediction of timing of marriage/parenthood & educational level & career success/stability & other outcomes, male vs female 35 yr olds, Sweden vs US, longitudinal study, 7341
validity generalization for cognitive & psychomotor & perceptual test for utility industry craft jobs, erratum, 6120

validity of neuropsychological & demographic & medical & emotional predictors of occupational functioning & psychosocial activity & pension impairment, 15–73 yr old head injured workers, Canada, 24789

Occupational Tenure [See Also Teacher Tenure]—Serials

career entrenchment & withdrawal cognitions & commitment, adults, test of theoretical model, 5771
certification & credentialing requirements, timing of job resignation, accountants, 2321
chief executive & top management team characteristics & organizational performance, strategic change, semiconductor producers, 14 yr study, 28213
demographic characteristics & diagnosis & vocational history & job satisfaction, job tenure, patients with severe mental illness in supported employ pograms, 40199
monitoring & incentive alignment & term in office, managerial decisions, college students, 40568
survival analysis techniques to test turnover over time, registered nurses, 24734
top management team tenure, causal attributions for performance decline at firms attempting turnaround, top managers, 10074
value congruence between co-workers with tenure & job interdependence as moderators, satisfaction & performance outcomes & attendance, 25–64 yr old mutually named employee dyads, 13948

Occupational Therapists—Serials

a model of the nature of family-therapist relationships based on occupational therapists' attitudes, implications for occupational therapy education, 40194
cultural issues in occupational therapy, importance of personal & professional values for culturally competent occupational therapists, Australia, 43533
evaluation & efficacy of residential–work therapy program, veterans with chronic severe substance abuse disorders (mean age 40.5 yrs), 40178
factors in practice preference & lack of occupational therapists in mental health field, 13477
occupational therapist & patient interaction & helping & collaboration behavior, 24–70 yr old occupational therapists, 33110
perceived life domains & adaptive strategies & implications for occupational therapists, low-income elderly, commentary, 11519
perception of professional status, occupational vs physical therapists, 13606
perception of roles & coping experiences in rural special education, female occupation therapists, 2132
perceptions of therapeutic value of activity in mental health care setting, occupational therapists, 43458
procedural reasoning in narratives about & reflections on treatment sessions, occupational therapists, 13604
roles & supervisory issues for registered occupational therapist–certified occupational therapy assistant collaboration in home health care, 36817
the relationships between sociocultural experiences & world view & clinical reasoning, female occupational therapist from India, case reports, 33104
time spent in & attitudes toward direct pull-out classroom practice & integrated/consultative models of service delivery, school based occupational therapists, 2220
training & skill acquisition & competency testing for use of physical agent modalities, occupational therapists, 43495
use & documentation of hope as component of therapeutic intervention, occupational therapists, 33108
use of art for engendering of empathy through response & emotion & connection, implications for occupational therapists, 20360

Occupational Therapy—Serials

a model of the nature of family-therapist relationships based on occupational therapists' attitudes, implications for occupational therapy education, 40194
adaptation of indigenous African games in community based rehabilitation programs, social rehabilitation & integration, individuals with disabilities, 33106
added-purpose & meaningful occupation, motor learning, 21–27 yr old college students, 38317
assessment & ensurance of compliance with rehabilitation, patients & health care professionals, literature review, 5394
attitudes toward & current vs desired levels of computer knowledge, occupational therapy students, 13585
basic practice similarities & differences of Moyers Model for occupational therapy vs Alcoholics Anonymous, retired male with drinking problem, 33064
bilateral tendon transfers & unilateral implementation of the FreeHand system, occupational performance, 17 yr old male with spinal cord injury, 27798
clinical reasoning language & teaching strategies for facilitation of clinical reasoning in occupational therapy, 20441
cognitive & emotional & spiritual aspects of hope & clinical strategies in occupational therapy to develop hopes & incorporate hope work by practicing therapists, adolescent & 54 & 83-yr-old patients, 33112
cultural issues in occupational therapy, importance of personal & professional values for culturally competent occupational therapists, Australia, 43533
definitions of concept of culture, occupational & diversional & physiotherapy students, Australia, 17017
development & evaluation of community health strategy for more accessible occupational therapy service for 3–5 yr olds, teachers & parents & occupational therapists & health promotion personnel, 20362
effectiveness of occupational therapy, psychosocial well being & daily functioning & physical health, elderly, meta analysis, 13468
electronic music program during physical occupational therapy, performance & promotion of self esteem & emotional expression & peer support, clients with spinal cord injury, 2089
engagement vs disengaged objectivity & client–occupational therapist relationship & clinical ethics, 33114
evaluating patient motivation, fieldwork coordinators at physical rehabilitation settings, 33101
experiences in psychiatric field work & understanding & personal experiences of professional behavior toward persons using mental health services, female occupational therapy students, commentary, 43515
experiences in psychiatric field work & understanding of professional behavior toward & interaction with persons using mental health services, female occupational therapy students, 43506
guidelines for psychotropic medications & educational rounds, behavior disorders & use of medication & restraints & activity & cognitive & functional status, demented nursing home residents, 5343
in-home occupational therapy for dressing practice, unresolved dressing problems 6 mo after hospital discharge, 42–82 stroke patients, England, 24346
interdisciplinary use of exposure techniques during occupational therapy work simulation activities, return to work, 34-yr-old male with work related chronic back pain & PTSD, 43460
interrater reliability & validity of Occupational Therapy Task Observation Scale, assessment of functional capacity in therapy groups & communication with occupational therapists, psychiatric patients, 90
issues in measurement of self-esteem & self-concept during evaluation & treatment & reevaluation in occupational therapy, children with disabilities, 13480
job analysis as a tool of occupational therapy, 40197
leadership qualities of program directors & the organizational health of their departments, 34–67 yr old occupational therapy department program directors vs faculty members, 33349
life history & narrative research, understanding complexity & contexts of client's experience of therapeutic process & facilitating therapy & reducing costs, occupational therapists, 16991
Life-Style Performance Model for occupational therapy interventions, 13470
locomotor & social & object play, adaptation & environmental influences during ontogeny & phylogeny, primates, implications of constraint free study of occupation for occupational therapy, 432

materials-based vs imagery-based vs rote exercise occupational forms, repetitions & duration of performance & heart rate & self perceived rest period, 65–93 yr old females, 27805
narrative & biographical methods to describe & interpret patients' lives for use in occupational therapy, 16988
need for & purpose & procedure of outcome studies in occupational therapy, 13471
occupational therapist & patient interaction & helping & collaboration behavior, 24–70 yr old occupational therapists, 33110
occupational therapy practice, performance, occupational therapists, Canada, 27795
origin of drama as therapeutic activity in occupational therapy, 1920s–30s, 13476
pain management & religious orientation, implications for occupational therapy treatment practices, 33107
perceptions and trends of pediatric occupational therapy interventions in self-care tasks, pediatric occupational therapists, 27803
perceptions of involvement in treatment planning & valuation of occupational therapy & interpersonal relationships with their occupational therapists, 23–78 yr old physical rehabilitation patients, 40198
perceptions of therapeutic value of activity in mental health care setting, occupational therapists, 43458
perspectives on clinical reasoning content of occupational therapy reading materials & lectures & courses relative to orthopedic injuries, students vs faculty, 20442
play focused occupational therapy, stress & mother–child interaction & child development knowledge, mothers of preschoolers, 18 mo study, 13469
psychiatric service system & occupational therapy processes, understanding of people with psychiatric disorders, occupational therapy college students, 20438
reinitiation of outpatient occupational therapy, 21 yr old female with traumatic brain injury, case report, 13474
sociological theory & institutional ethnography, practice of occupational therapy, adults in mental health day programs, 13478
spirituality & occupational therapy, 33105
use & documentation of hope as component of therapeutic intervention, occupational therapists, 33108
use of Occupational Adaptation frame of reference, functional independence & restrictiveness of discharge environment, 61–90 yr old patients with cerebrovascular accident, 39471
use of visual & literary arts to enhance confluent education in occupational therapy, 13475
validity & interrater & test-retest reliability of Arthritis Hand Function Test & measures of activities of daily living, 49–87 yr old occupational therapy outpatients with osteoarthritis, Canada, 24342
validity of survey questionnaire, assessment of therapists' opinions & practices with regard to spirituality & therapy, 22–67 yr old US registered occupational therapists, 28605
videotaped occupational therapy evaluations with vs without classroom-as-clinic format , diagnostic reasoning skills, 20–40 yr old occupational therapy students, 33415

Occupations [See Also Nontraditional Careers]—Serials
computerization, job content & performance & perception of effectiveness of change & training & computer related stress, employees in municipal planning & decision making occupations, 10124
development of occupational database for person job matching, 20710
effect of transition from state socialism & institutional change on access to workplaces & job shift patterns, urban workers, China, 38490
employment practices & trends among child life programs, 28170
gender & age & ethnic group & birth country & occupation & industry, rational intuitive style, supervisory & management training program participants, Australia vs New Zealand vs US, 28131
perception of personal cost of male vs female deviation from gender-congruent occupations, 18–45 yr olds, 7548
perception of work as job vs career vs calling & relation to demographic characteristics & well-being, 21–69 yr old employees in various occupations, 24757
postsecondary educational level & job opportunities & salaries & career outlook, psychology majors, 17021
scores on Adjective Checklist describing engineers vs self, entering engineering freshmen, 20615
sex & occupational classification & arctic vs antarctic polar region, personality factors, Italian vs multinational polar sojourners, 30545
sex role attitudes & mother–daughter relationship & GPAs & agentic & maternal characteristics, career orientation & aspirations, female 7th–8th graders, 22131
shifts in kinds of occupational tasks & distribution of employment, 1950-90, 17268
type & severity of sexual harassment in traditional vs nontraditional occupations, perception of different types of sexual harassment, male vs female 18–36 yr old undergraduates, 19271
use of age & sex & yrs of education & occupation as predictors of IQ on WAIS-R, 16–83 yr olds, UK, 34789

Ocular Accommodation—Serials
artificially induced image defocusing, visual acuities as measured by spatial frequency sweep pattern reversal VERs & Snellen measurement, adults, 21255
gradual vs step changes in stereographic viewing distance & time on stereographic object task on CRT, accommodation & task performance, 18–45 yr olds, 21274
lorazepam, visual acuity & accommodation & oculomotor balance & perceptual integration of visual forms, healthy 20–30 yr olds, France, 3216
observing binocular 3-D images & visual distance, accommodation & pupil functions, female students, 21243
ocular alignment & fusional amplitude & AC/A ratio & stereoacuity & accommodation & pupil size, viewing stereoscopic Hi-Vision TV, 24–69 yr olds, 21279
perception of overlay symbology in night vision goggles in relation to background, accommodation & attention shift, 18–25 yr olds, implications for aviation, 6248
size of reconstituted image in front of vs behind monitor image, accommodation point of stereoscopic 3-dimensional images with binocular disparity, females (mean age 21.1 yrs), 21253
visual stimulation, resting vergence & focus in darkness & role of accommodation, adults, 6226

Ocular Dominance—Serials
eye preference based lateral asymmetries, visual discrimination learning, chicks, 6684
intensities of & exposure to different wavelengths of light from day 19 of incubation to hatching, thalamofugal visual projections & functional eye asymmetry, incubated chick eggs, 21694
self organization of multiple winner-take-all neural networks & possible application to model of ocular dominance, 37312
static vs rapid alternation of rival stimuli between left vs right eye, temporal dynamics & neural representation of stimuli & visual awareness & general binocular rivalry, adults, 2776
visual exploration asymmetry during exploration of texture arrays requiring attentive oculomotor scanning, patients with predominantly left vs right sided Parkinson's disease, 26969

Ocular Fixation [See Eye Fixation]

Oculomotor Muscles—Serials
fixation stimulus overlap vs gap, attention & oculomotor control measured by eye movement onset & visual cortical ERPs, 29–56 yr olds, 34297

Oculomotor Nerve [See Cranial Nerves]

Oculomotor Response [See Eye Movements]

Odor Aversion Conditioning [See Aversion Conditioning]

Odor Discrimination—Serials
adaptive control of odor guided locomotion through fluid media using plumes of turbulent odorant molecules, moths, 29028
almond vs vanilla odor cues &/vs color cues, taste-avoidance learning of quinine flavored water, male domestic chicks, 37843

breeding vs nonbreeding season, season- & sex- & species-specific chemosensory cues in urinary odors, conspecific vs heterospecific mole rats, 10754
concentrations of iso-amyl acetate & iso-valeric acid, behavioral & discriminatory responses, mouse fetuses, 29448
diet cues & major histocompatibility complex in congenic strains of rats, discrimination of urine odors, male Long-Evans rats, 34508
differential diets &/vs major histocompatibility complex genetic loci in 2 C57BL mice strains, mice urine odor discrimination, male Long-Evans hooded rats, 6579
discrimination of self- vs conspecific produced chemical cues, male amphisbaenian, 21568
exploration of novel environment vs performance of well learned odor discrimination, regional patterns of c fos mRNA expression in hippocampus, male rats, 25477
foraging & feeding & tactile & visual & chemical discrimination behavior towards land snails, subadult white-throated savanna monitors, 14771
hippocampal development & vicarious trial-and-error behavior in odor discrimination learning, 16 vs 30 vs 60 day old rats, 34371
individual & mixed odors, spatio-temporal excitation & analogue in antennal lobe & glomeruli, honeybees, 34545
model for neural mechanisms underlying odor discrimination & memorization in antennal lobe, computational capacities of neural circuitry, honeybees, 21672
modulator of AMPA-type glutamate receptors, encoding of long term memory in olfactory learning, rats, 25482
neurotoxin lesion induced selective cell loss in hippocampus, memory for odor guided social transmission of food preferences, rats, 10930
neutral vs cat predator odor, behavior & benzodiazepine binding, chicks, 14833
odor learning & recall & recognition memory, 18–27 vs 60–78 yr olds, 21436
odor preference for dominant vs subordinate male, female voles, 29140
odor specific knowledge & olfactory sensitivity, identification of odors, 8–14 yr olds vs young vs middle aged adults, 3351
pretraining vs posttraining NMDA blockade, role of NMDA receptors in olfactory learning performance, rat pups, 34726
previous exposure to jirds, responses to odor of midday jirds, feral vs commensal mice vs 3rd generation laboratory-bred mice colony from feral parents, 14773
proboscis-extension conditioning & UCS intensity, odorant mixture blocking & unblocking, honey bees, 21509
psychopathology & self vs judge perception of odor & periodontal status, adults with halitosis, 4516
putrid odorants androstenone & pemenone & semantic-free classification & multidimensional scaling of individual differences in odor quality reports, osmic vs allosmic vs anosmic college students, 6215
recognition of newborn infant odor & postpartum experiences & responsiveness, new mothers vs nulliparous males or females, 7505
role of nasal chemical senses in tongue-flick rates during presence of airborne prey odor cues, snakes after main olfactory vs vomeronasal nerve lesions, 37968
similarity in processing for olfactory & visual verbal recency & primacy, 17–36 yr olds, 41165
smaller vs larger amount of sucrose, odor preference as a function of proboscis extension conditioning, honeybees, 6494
snake predator chemical cues, avoidance behavior, juvenile great plains & southwestern toads, 29116
sodium chloride-induced short-term aversion learning, visceral information processing in medial parabrachial nucleus, male rats, 37815
type of male odor, flank & vaginal marking, female golden hamsters, 21577
use of methyl anthranilate vs denatonium benzoate as discriminative stimulus in passive avoidance learning, male domestic chicks, 37836
use of odd-even training paradigm, scent identification, dogs, implications for forensic investigations, Netherlands, 37845
varied strength of prey &/vs predator odor, organization of conflicting behaviors, hermit crabs, 29128
verbal encoding, recognition memory & name association of & RT to low familiar target vs distractor odors, 18–32 yr olds, 21233

Oedipal Complex—Serials
aims of psychoanalysis in terms of mental conflict & projective identification & oedipal resentment theories of mental function & structure, 19910
aims of psychoanalysis in terms of mental conflict & projective identification & oedipal resentment theories of mental function & structure, commentary, letter, 39770
cultural influence on psychoanalytic aspects of Oedipal complex resolution & superego development, self-regarding functions in attitudes toward intellectual achievement, 15769
culture & sensory organization & erotogenic zones & psychosexual development in Freudian/Western vs Trobriand/Massim Oedipus theory, 26314
Freud's explanations of Little Hans's phobia in terms of toxicological theory vs displacement vs sibling rivalry vs flight from pleasure & sexual theories of children & primal fantasies, commentary, 11804
Freud's explanations of Little Hans's phobia in terms of toxicological theory vs displacement vs sibling rivalry vs flight from pleasure & sexual theories of children & primal fantasies, commentary, 11817
Freud's explanations of Little Hans's phobia in terms of toxicological theory vs displacement vs sibling rivalry vs flight from pleasure & sexual theories of children & primal fantasies, 11808
genital love & homosexuality as Oedipal defense & homophobia, implications for training of homosexuals as psychoanalytic psychotherapists, 43508
implications of technological culture for psychic matricide & absence of parental couple in Western culture, origins of modern Oedipus complex in Oresteian myth, 7439
interpretation of transference & oedipal dynamic, development of heterosexual intimacy, 32 yr old female analysand, case report, conference presentation, 36380
J. F. Masterson's theories on preoedipal transference acting out in psychoanalysis, male client, 16578
lack of centrality of genital sexuality & Oedipus complex in current psychoanalytic theory & clinical practice, commentary, letter, 38810
neurobiological explanation for nature & creation & durability of Oedipal fantasy, 35377
Oedipal themes in Freud's letter "A Disturbance of Memory on the Acropolis", 30631
preoedipal bonding & analysis of preoedipal transference, analysands, conference presentation, 16571
preoedipal transference & analyst's role during patient's regression, conference presentation, 16575
preoedipal transference & analyst's role during patient's regression, conference presentation, reprint, 32292
psychoanalytic interpretation of P. P. Pasolini's film "Edipo Re" vs Sophocles' tragedy "Oedipus", 29647
psychogenesis of asthma due to pregenital triangular fixation vs impotence due to fixation in early stage of oedipal complex, male analysands, 4497
revenge & resentment in Oedipus situation as form of psychic retreat in psychoanalysis, 1117
transference issues, patients with prominent preoedipal concerns, implications for countertransference, 16573

Offenders (Adult) [See Criminals]
Offenders (Juvenile) [See Juvenile Delinquents]
Office Environment [See Working Conditions]
Officers (Commissioned) [See Commissioned Officers]
Offspring [See Also Adult Offspring, Daughters, Interracial Offspring, Sons]—Serials
anxious responses to internal & external stimuli, 8–14 yr old offspring of patients with panic disorder vs animal phobia, 8052
coping skills & needs & self-perceived strengths, 27–56 yr old offspring or siblings of persons with schizophrenia or bipolar disorder or major depression, 26398
correlations between the scores of offspring & parents on the NEO Personality Inventory, 18–61 yr olds, 42043

developmental & family systems issues related to individuation, children from alcoholic family systems, 34896
evaluation of theory based preventive intervention program, parents whose 12–28 yr olds died following accident or homicide or suicide, 23543
experiences & effect on family environment, family caregivers of adult children with schizophrenia, 39063
factor analysis of SCL-90-Revised responses, assessment of grief & bereavement after child's death from cancer, parents, 34053
family communication & offspring social & interpersonal functioning & psychiatric hospitalization, male 7 or 10 yr olds with parent with serious psychiatric disorder, 10–14 yr followup, 30810
family skills training program, risk factors for substance use, inner city African American 6–12 yr olds with substance using vs nonusing parents, 9564
frontal brain electrical activity during the expression of negative & positive emotions, 11–17 mo olds of depressed vs nondepressed mothers, 38974
Holocaust & effects on survivors & their families & society, 25968
impact of maternal eating disorders, families with young children, treatment implications, literature review, 31530
internal vs unknown locus of control for positive vs negative events as a stress moderator & mediator, 8–12 yr old children of divorce, 25878
maternal concomitant cocaine & methadone use, severity of neonatal withdrawal syndrome & perinatal morbidity, infants, 8268
maternal depression & anxiety, discrepancies among reports of child internalizing vs externalizing symptomatology, mothers vs teachers vs 9–12 yr olds, 22698
maternal dominance rank & offspring birth sex ratio, female domestic swine, commentary, 25418
maternal dominance rank & offspring birth sex ratio, female domestic swine, commentary reply, 25417
maternal expressed emotion & behavioral inhibition & psychopathology, at risk 4–10 yr olds of mothers with vs without panic disorder & behaviorally inhibited vs uninhibited 11 yr olds, followup, 30764
maternal history of alcoholism, prevalence of psychopathology & risk of alcoholism, 8–18 yr olds, 8253
maternal mental retardation & poverty, intellectual & academic & behavioral status, 6–12 yr olds, Canada, 35918
maternal psychopathology & family functioning & composition & home environment & social status & adverse events, developmental status, 14 mo olds, 15890
mental health patients as parents & risk to their children, 35491
national policy for access to information on gamete donor, adults conceived through reproductive technology, New Zealand, 10283
parental alcoholism & abusive parenting practices, codependent feminine vs conduct disorder masculine coping style, 16–18 yr olds, 26680
parental chronic illness & family processes, child coping strategies & internalizing behavior problems, families with fathers with hemophilia, 26892
parental Holocaust trauma, Jewish identity & Holocaust-related ideation, adult children of Holocaust survivors vs adult children of American Jews, 38480
play therapy, emotional & social problems, children of alcoholics, 32008
pre- & post-parental divorce adjustment, adolescents, 25867
prenatal alcohol exposure in particular trimesters & child's IQ & nature & shape of relationship between exposure & achievement, 18–42 yr old mothers & their offspring, 72 mo study, 23055
prevalence of anxiety & other psychiatric disorders, 4–18 yr old children of patients with social phobia, Canada, 26571
psychiatric disorder prevalence & characteristics & relationship to parental psychopathology, 10–12 yr old males & their fathers with vs without substance use disorders, 26653
psychometric properties of Bereavement Phenomenology Questionnaire & ability to measure grief, spouses & offspring of deceased patients, Australia, longitudinal study, 40877
psychosocial factors & genetic relatedness, risk for affective & other psychiatric disorders, 6–17 yr old offspring of parents with bipolar disorder & their adult parents, 7938
rate of psychopathology in at-risk offspring, 7–12 yr old offspring of parents with major depression &/or anxiety disorder, 38905
review of published research to determine parental marital status, children & adolescents referred for psychological services, meta analysis, 22269
sex preferences for prospective children, 18–37 yr old newlywed couples, US, conference presentation, 41880
small anticipatory saccades causing abnormal smooth pursuit eye movements, phenotypic marker of vulnerability to schizophrenia, 6–15 yr old children of schizophrenic parents, 7989
social service needs & possible effects of changes in federal funding, HIV positive mothers & their children, 32900
sources of stress, mothers vs fathers of deaf or hard of hearing 9 mo olds, implications for early intervention support services for similar families, 23510
startle reactivity & modulation in high vs low-risk offspring, 10–17 yr olds with vs without parental history of anxiety disorder &/or alcoholism, 38854
theory based preventive intervention program, bereavement stress, parents whose 12–28 yr olds died following accident or homicide or suicide, 23542

Olfactory Bulb—Serials

cadmium inhalation, olfactory threshold & lesions & cadmium levels in olfactory bulb, male rats, 38162
chronic desipramine, waiting behavior for & time spent locating larger but delayed food reward in T-maze & hyperactivity in open field apparatus, male rats with olfactory bulbectomy, 6944
high calcium artificial CSF with vs without picrotoxin, long term changes in neuronal excitability in olfactory bulb, rats, role of calcium ion & NMDA receptors in bulb plasticity, 21633
individual & mixed odors, spatio-temporal excitation & analogue in antennal lobe & glomeruli, honeybees, 34545
inducement of long term potentiation by stimulation of lateral olfactory tract, adenosine triphosphatase activities in neurons & glial satellite cells in olfactory cortex, rats, translated article, 29419
ipsapirone, immobility in forced swim test & hyperactivity in open field & hypothermic response to 8-OH-DPAT, rats with olfactory bulbectomy, models of depression, 6994
learning & memory characteristics of & effects of cholinergic drugs on impairment, olfactory bulb-lesioned rats, 21600
local cerebral glucose metabolic rate in olfactory cortical projection, schizophrenic male 20–36 yr olds, 4142
mechanisms for detection of olfactory stimuli & transduction to electrical signals transmitted to olfactory bulb, vertebrates, literature review, 29249
neuromodulation of inhibitive processes in olfactory bulb model, 28340
olfaction & GABAergic neurotransmission in olfactory bulb & modulating role of steroids & effect on intermale aggression, mice, conference presentation, 10952
olfactory bulb synapse distribution during normal development vs after early olfactory restriction, synaptophysin-like immunoreactivity, male rats, 6635
olfactory bulbectomy & shock stress, acoustic startle reflex sensitization, male rats, animal model of depression, 21675
olfactory bulbectomy, social organization & aggression, male mice, 6575
olfactory deprivation, cellular expression of Bc1-2 gene in olfactory bulb, young rats, implications for olfactory experience related neural plasticity in cell survival, 14863
subchronic binge ethanol intoxication, neuronal degeneration in cerebrocortical olfactory regions, male rats, animal model of alcoholism, 11119

Olfactory Evoked Potentials—Serials

EEG arousal response to olfactory stimulation, olfactory function, patients with Parkinson's disease, 23404

electrical activity from interneurons within olfactory midbrain, crayfish, implications for arousal network, conference presentation, 14938
high vs low olfactory stimulus concentration, differentiation of exogenous vs endogenous stimulus features in modulation of early vs late components of olfactory ERPs, female 20–35 yr olds, 18211
Olfactory Impairment [See Anosmia]
Olfactory Mucosa—Serials
physiological aging of olfactory cortex & mucous membrane, capacity to perceive olfactory stimuli, centenarians, Sicily, conference presentation, 30003
properties of water soluble 45-kDa guanosine 5'-triphospate binding protein from olfactory epithelium located in mucosa, rats, 21771
Olfactory Nerve—Serials
bilateral vomeronasal nerve lesions, vomic & avomic predatory behavior, rattlesnakes, test of vomodor stimulus hypothesis of poststrike trailing & ingestion of envenomated prey, 29239
role of nasal chemical senses in tongue-flick rates during presence of airborne prey odor cues, snakes after main olfactory vs vomeronasal nerve lesions, 37968
Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]—Serials
acute alcohol intoxication, olfactory conditioned aversions, infant vs adult rats, 6972
assessment of olfactory experiences of psychotic-like deviancy, prediction of development of clinical psychosis or psychosis proneness, college students, 10 yr followup, 12046
bilateral perforant path transection vs subdiaphragmatic vagotomy, olfactory recognition & memory enhancing effects of cholecystokinin antagonist L-365,260 & caerulein, male rats, 471
biting flies & predator odors, synergic stress response to pain, mice, Canada, 37806
breeding vs nonbreeding season, season- & sex- & species-specific chemosensory cues in urinary odors, conspecific vs heterospecific mole rats, 10754
cadmium inhalation, olfactory threshold & lesions & cadmium levels in olfactory bulb, male rats, 38162
castration & vomeronasalectomy vs bulbectomy, sexual vocalization & vocal rates & scent marking, male lemurs exposed to pre-estrus females, 11057
central facilitation of glutamate receptors, retention of olfactory & transient spatial memory, male rats, 11012
comparison of scent identification lineup designs, police tracker dogs & their handlers, Netherlands, forensic applications, 6170
concentrations of iso-amyl acetate & iso-valeric acid, behavioral & discriminatory responses, mouse fetuses, 29448
cross modal associations between odor intensity & color lightness, 19–40 yr olds, 25173
cross modal correspondence between color & odor, 18–40 yr olds, 2 yr followup, 21232
discrimination & cross generalization between chlordiazepoxide or saline or pentylenetetrazol vs olfactory alarm substance stimuli, rats, 6903
disruption of adenosine 3,5 monophosphate signaling pathway to mushroom body vs central complex brain structures, associative olfactory learning, Drosophila, 21601
dorsomedial prefrontal cortex lesions, timing ability & nondeclarative vs declarative memory & discrimination learning in olfactory association task, male rats, 21624
dose response effects of scopolamine hydrobromide vs scopolamine methylbromide, olfactory recognition & recall of maternal behaviors toward lambs, newly parturient ewes, 18313
duration of illness, olfactory identification, 18–50 vs 66–88 yr olds with schizophrenia, 39051
EEG arousal response to olfactory stimulation, olfactory function, patients with Parkinson's disease, 23404
exposure to predator odor, locomotor activity, male vs female meadow voles, 10871
follicular vs ovulatory vs luteal menstrual phase, olfactory perception & chemosensory processes, 20–35 yr old females, 14992
hedonic meaning in odors paired with positive vs negative experiences, odor evaluation, university employees & 15–68 yr old physiotherapy patients, 10605
high vs low olfactory stimulus concentration, differentiation of exogenous vs endogenous stimulus features in modulation of early vs late components of olfactory ERPs, female 20–35 yr olds, 18211
interaction patterns for intensity of perceived & imaginary mixtures of odorants, 18–28 yr olds, 14495
magnitude estimation of perceived odor intensity, 24–46 yr old nonsmokers, 17805
mechanisms for detection of olfactory stimuli & transduction to electrical signals transmitted to olfactory bulb, vertebrates, literature review, 29249
melatonin treatment, attractiveness of anogenital area scent, meadow voles, 25573
molecular basis underlying recognition & signal transduction in olfaction & discovery of olfactory marker & odorant binding proteins & description of olfactory receptors, 2756
mutation, olfactory & associative & nonassociative learning & protein kinase C & sensorimotor activity, Drosophila mutant turnip, 25448
neurobiological mechanisms & neural network model of olfactory signal encoding & decoding, honeybees, 334
odor encoding by temporal sequences of firing in oscillating neural assemblies, locusts, 14943
odor learning, foraging upon emergence from stemborer tunnel & during adult life at oviposition, stemborer parasitoid Cotesia flavipes, 37842
odor specific knowledge & olfactory sensitivity, identification of odors, 8–14 yr olds vs young vs middle aged adults, 3351
odorant mixures of 2–7 components in attractive food-related compounds, olfactory perception & generalization & discrimination among mixtures in search behavior, aversely conditioned spiny lobsters, 6417
odors, temporal & spatial response patterns in & coherent firing neurons in field potential oscillations in antennal lobe, locust, 18171
olfaction & GABAergic neurotransmission in olfactory bulb & modulating role of steroids & effect on intermale aggression, mice, conference presentation, 10952
olfactory bulb synapse distribution during normal development vs after early olfactory restriction, synaptophysin-like immunoreactivity, male rats, 6635
olfactory homing ability & nest recognition, British storm-petrel chicks, 29155
olfactory memory & its characteristics & current cognitive models, 6363
olfactory memory & similarities & differences to visual-verbal memory, literature review, 17981
parameter optimization in mammalian model of olfactory neural system, 10268
perceptual & structural similarity of odorants, cross adaptation between androstenone & other odorants sharing common urinous note, adults, 21234
pheromones as tools for olfactory research, conference presentation, 21758
physiological aging of olfactory cortex & mucous membrane, capacity to perceive olfactory stimuli, centenarians, Sicily, conference presentation, 30003
post-prandial chemosensory searching following meal ingestion, black rat snakes & other colubrid species, 14798
prenatal alcohol during gestational days 17–20, motor responsiveness to alcohol odor, neonate rats, 6872
putrid odorants androstenone & pemenone & semantic-free classification & multidimensional scaling of individual differences in odor quality reports, osmic vs allosmic vs anosmic college students, 6215
rearing with nesting-litter vs garlic vs no odor, approach & cage behavior, domestic chicks, 377
role of odor learning in food foraging, female larval parasitoid wasps, 6459
sc vs olfactory bulb injection of ritanserin or sc 2,5-dimethoxy-4-iodophenyl-2-aminoproprane hydrochloride, 5-HT-2 receptor mediation of conditioned olfactory learning & preference, rat pups, 15059

sex & prefrontal brain systems, contributions to olfactory identification & executive functions, 26–60 yr old chronic schizophrenic patients, 39056
simplicity vs modifiability of responses to pheromones, invertebrates vs vertebrates, implications for neuroethology of olfactory function, conference presentation, 21776
symptom subtypes & life skills & olfactory identification & neuropsychological ability & relation to poor personal hygiene & orbitofrontal integrity, male 19–59 yr olds with schizophrenia, Australia, 12026
synthetic predator TMT vs butyric acid odor, conditioned fear & analgesia responses, male rats injected with benzodiazepine reverse agonist FG-7142, 29561
testosterone concentration, attractiveness of male odors, female meadow voles, 557
underlying mechanisms of transduction in vision vs olfaction vs hearing sensory receptor cells, 25499
visual & verbal interference tasks, olfactory memory, 16–18 yr olds, 10604
vomeronasal nerve lesions, preferential nuzzling of unfamiliar conspecific vs own scents, male opossums, 491

Olfactory Stimulation—Serials

amylacetate olfactory CS paired vs unpaired with electric shock UCS, heart rate & behavioral responses, 16 & 23 & 75 day old rats, 18064
aromatherapy &/vs massage, disturbed behavior, 74–91 yr olds with severe dementia, 32605
behavioral responses to olfactory cues associated with prey & habitat, Pterostichus melanarius Illiger & Harpalus rufipes DeGeer & Nebria brevicollis Fabricius beetles, 6502
bilateral vomeronasal nerve lesions, vomic & avomic predatory behavior, rattlesnakes, test of vomodor stimulus hypothesis of poststrike trailing & ingestion of envenomated prey, 29239
chemical stimuli from sympatric vs allopatric predators, behavioral response to fish odors, larval paradise fish, 37899
coding of pheromone stimulus quality & intensity & temporal patterns, dose response curve of single pheromone receptor neurons, moths, conference presentation, 21765
combined olfactory contact with parent colony & direct contact with nonbreeding members, suppression of ovulation, isolated female naked mole rats, 38044
cue distinctiveness evaluated by cue novelty & contextual appropriateness, effectiveness of ambient odor as retrieval cue in context-dependent memory task, college students, Canada, 34273
depth regime, hydrodynamic model simulation of dispersal of fish pheromone in open ocean, role of threshold sensitivity of olfactory receptors in odor field size, 21756
effect of hair size & speed & spacing on fluid flow & performance of olfactory hairs within olfactory antennae, conference presentation, 14957
hunger, locomotion & individual responses to odors of snail predation vs conspecific blood vs food, diogenid hermit crabs, 6493
interaction patterns for intensity of perceived & imaginary mixtures of odorants, 18–28 yr olds, 14495
jasmine vs lavender fragrance oils, CNS activity, adults, implications for aromatherapy, 17815
kinship, mutual attention between mother & young, Tiliqua rugosa vs Egernia stokesii skinks, implications for significance of olfactory cues, 2972
long delay aversion conditioning with aqueous odors & potentiation of taste by odors, rats, implications for role of taste in food aversion learning, 41207
neuromodulation of inhibitive processes in olfactory bulb model, 28340
neuron firing in parahippocampal region during odor-guided delayed nonmatching-to-sample task, rats, 41369
novel color & pyrazine vs other odors of treated food & water, neophobic responses, naive chicks, implications for evolution of warning coloration, 406
olfactory CS & acoustic startle UCS with vs without electric shock UCS, conditioned heart rate response, 10 vs 12 vs 16 vs 75 day old rats, 29059
olfactory CS paired with shock UCS in retention interval & reinstatement of shock condition, heart rate & behavioral arousal, 16 day old rats, 41202
olfactory cues, foraging, owl & capuchin monkeys, 34407
olfactory cues, professional image of female management level interviewees, 26–62 yr old males vs females responsible for hiring decisions, 33607
olfactory deprivation, cellular expression of Bcl-2 gene in olfactory bulb, young rats, implications for olfactory experience related neural plasticity in cell survival, 14863
olfactory stimuli & naloxone, anticipatory level-changing in multilevel test box as appetitive sexual behavior, male rats, test of endogenous opioid hypothesis of sexual motivation, 11054
olfactory stimuli predictive of heroin availability, reinstatement of drugs-seeking behavior, rats, 34681
perceptual & structural similarity of odorants, cross adaptation between androstenone & other odorants sharing common urinous note, adults, 21234
perinatal olfactory environment, development of odor-elicited behavior, 3–12 day old rat pups & dams, 423
pleasant ambient fragrance, prosocial behavior in large shopping malls, people, 26140
predatory vs nonpredatory odors & red vs white light conditions, risk assessment behavior, male mice, 21561
preview of familiar sites & access to olfactory cues, involvement of visual landmarks in familiar area map, homing pigeons, replication & extension, 37859
previous exposure to jirds, responses to odor of midday jirds, feral vs commensal mice vs 3rd generation laboratory-bred mice colony from feral parents, 14773
scented & unscented mouse model & vomeronasal ducts plugged or not plugged with glue, feeding responses, 8 mo old boa constrictors, 10884
social rank & exposure to odors of unfamiliar males vs females, immunocompetence & resistance to infection & modulation of immunodepressive hormones, male mice, 3170
step & ceiling long term potentiation parameters, behavior of simulated olfactory cortex target cells in response to range of inputs, 3072
urine olfactory cues & maternal investment in manipulation of sex ratio of offspring & fecundity, female lemurs isolated vs heterosexually grouped prior to conception, 34456
use of methyl anthranilate vs denatonium benzoate as discriminative stimulus in passive avoidance learning, male domestic chicks, 37836
viewing 3-D images with vs without fragrances, mood changes, college students, 22537

Olfactory Thresholds—Serials

cadmium inhalation, olfactory threshold & lesions & cadmium levels in olfactory bulb, male rats, 38162
concentrations of iso-amyl acetate & iso-valeric acid, behavioral & discriminatory responses, mouse fetuses, 29448
depth regime, hydrodynamic model simulation of dispersal of fish pheromone in open ocean, role of threshold sensitivity of olfactory receptors in odor field size, 21756
olfactory & gustatory thresholds, individual differences in food preferences, male vs female 19–53 yr olds, commentary, 10613
olfactory & gustatory thresholds, individual differences in food preferences, male vs female 19–53 yr olds, commentary reply, 10608

Oligophrenia [See Mental Retardation]

Oligophrenia (Phenylpyruvic) [See Phenylketonuria]

Omission Training—Serials

noncontingent reinforcement & omission contingency to avoid extinction bursts & incidental reinforcement, 13 yr old female with severe aggression, 32179

Omnipotence—Serials

delusions of omnipotence & iatrogenic treatment reactions, psychotherapists, 23644
entitlement & masochism & omnipotence & parental externalization & psychoanalytic psychotherapy, 42 yr old female with severe dissociative symptomatology, 9006
omnipotence as delusional aspect of ideology & relation to love & power in social and interpersonal dynamics, 22622

On the Job Training—Serials

description of & guidelines for action-oriented executive education programs that link learning sessions with on-the-job development, 17333

formal education & on-the-job training & race & gender, probability of being promoted from different jobs during career in company, managers, 10 yr study, 40558
intelligent tutoring system vs informal on-the-job training, task analysis of cognitive & behavioral components of troubleshooting skill, Air Force avionics technicians, 20739
Online Databases [See Databases]
Online Searching [See Computer Searching]
Only Children—Serials
psychological presentation based on psychiatric referrals, only children vs children from 2 child families, England, 7861
Onomatopoeia and Images Test [See Projective Personality Measures]
Onset (Disorders)—Serials
adolescent age at onset of anorexia nervosa, psychopathology, adult females with good vs intermediate vs poor clinical outcome, 10 yr followup, 12426
affective disorder prevalence & age at onset, 1st degree relatives of 6–12 yr old vs adult probands with mood disorders, 26462
age & type of onset & sex, social functioning & development of social disability during prodromal vs psychotic prephases, schizophrenic patients, 2 yr followup, 7963
age at illness & acute medical complications, long term neuropsychological outcome, postmeningitic children (mean age 8.7 yrs), 26945
age at onset & body mass index, course & outcome of anorexia nervosa, female patients, Finland, 39318
age at onset & lymphocyte production of interleukin-2, 1st episode schizophrenic patients, commentary, 35624
age at onset & lymphocyte production of interleukin-2, 1st episode schizophrenic patients, commentary reply, 35596
age at onset & severity of head injury & brain lesion characteristics, semantic & episodic memory, children (mean age 10.1 yrs), 12 mo study, 26998
age at onset & subcortical hyperintensities on MRI & cognitive impairment, 60+ yr olds with major depression, 22792
age at onset & transient psychosis, 8 yr old female with epilepsy & continuous spikes & waves during slow wave sleep, clinical case report, 26994
age at onset of psychoactive substance use disorder & comorbidy with psychiatric disorders, adults with childhood onset of ADHD, 42615
age of disorder onset & genetic anticipation & imprinting, probands with bipolar disorder & their 1st–3rd degree relatives with vs without affective or other mental disorders, Romania, 35528
age of onset & apolipoprotein E genotype & family history of dementia & gender & education, Jewish vs Hispanic vs White vs Black patients with primarily late onset Alzheimer's disease, 23389
age of onset & comorbidity, 18 yr olds & older with psychiatric disorders, 15814
age of onset & previous depressive episodes & sociodemographics & clinical characteristics, depressed elderly, 12005
age of onset criterion for ADHD diagnosis, 42589
age of onset for parent vs offspring generation, anticipation, parent offspring pairs from 2-generation families with schizophrenia, Sweden, 19192
alcohol & drug abuse, schizophrenia onset, 1st episode schizophrenic patients, 22839
alcohol & substance abuse prior to vs after onset of bipolar disorder, course of illness, patients with secondary vs primary bipolar disorder, 7908
antecedent drug & alcohol abuse, age of onset of bipolar disorder & time to hospitalization, patients presenting with 1st episode of psychotic mania, 12007
anticipation effect & estimation of age at onset according to age at interview, parents & offspring with schizophrenia, 12034
anticipation effect & estimation of age at onset according to age at interview, parents & offspring with schizophrenia, erratum, 30977
apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early vs late onset depression, 4119
apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early vs late onset depression, commentary reply, 30869
apolipoprotein E-epsilon4 allele frequency, cognitive impairment, 58 yr olds & older with early- vs late-onset depression, commentary, 30853
apolipoprotein E genotype & late onset depression vs current depression with vs without history of depression, patients (mean age 75 yrs) with Alzheimer's disease, 31745
apolipoprotein E genotype, age of onset, family with autosomal dominant schizophreniform disorder with progressive dementia & neurofibrillary tangles, 31047
apolipoprotein E, risk & onset of dementia, patients with frontal lobe dementia, Netherlands, 39560
arthritis & family in juvenile rheumatic diseases & adult onset arthritis areas, literature review, 23280
auditory discrimination & ERPs, early- vs late-blinded vs sighted 21–35 yr olds, implications for cross-modal plasticity in adulthood, 27064
binge eating at intake vs later onset vs dietary restriction, risk for developing substance use disorder, adult females with anorexia nervosa, 10 yr prospective longitudinal study, 12425
brain & psychosocial development & molecular psychopharmacology mechanisms & developmental models of early onset psychiatric disorders, infants & children & adolescents, 30807
brain dysmorphology & volume of cortical & ventricular CSF & cortical gray vs white matter, age of onset of schizophrenia, 19–53 yr olds, 4166
cardiac surgery, time & presentation of delirium, 44–78 yr olds, 20088
cardiac vagal tone & age at onset of disorder & brain laterality measured by dichotic listening, 21–55 yr olds with schizophrenia, 26504
characteristics of subaffective dysthymia vs character spectrum subtypes, patients with early onset dysthymia, 15903
childhood & adolescent history of early-onset anxiety disorders or comorbid anxiety & depressive disorders, psychosocial functioning, 18–26 yr olds, prospective study, 35480
childhood onset ADHD, course & treatment outcome of major depressive disorder, depressed 18–65 yr olds with vs without comorbid adult ADHD, 11936
childhood vs adolescent onset of antisocial behavior & conduct problems, temperament & violent crime & school leaving & other antisocial behaviors, males studied from 3 to 18 yrs old, 31241
cigarette smoking onset, male 6–17 yr olds with ADHD, 4 yr study, 31429
classification of late paraphrenia & clinical picture & description & etiology & management & treatment of late onset schizophrenia, 15941
clinical & neuropsychological performance assessed annually, relationships of age of onset to disease expression & rate of decline, 50–93 yr olds with Alzheimer's disease, 4 yr study, 19620
clinical features & utility of assessing morbid cognitions & stress & risk factors & illness onset, 20–73 yr olds with psychotic vs endogenous depression vs melancholia, 35553
clinical outcomes of anorexia nervosa, females with onset before age 15, 24 yr study, implications of selection biases & sex of Ss & chronological vs biological definition of early onset, 12427
cognitive ability profiles on WAIS-R, 18–22 yr olds with adolescent onset anorexia nervosa with vs without autism spectrum disorders, Sweden, followup study, 1468
comorbidity of panic attacks & major depression, age of onset, patients with lifetime comorbidity of major depressive disorder & panic attacks, 22692
comorbidity of personality disorder, 18–65 yr olds with early vs late onset major depression, 11962
conceptualization of prodromal phase in 1st episode schizophrenia & affective psychosis, 12080
continuity of depression & suicidal behavior, children with depression vs anxiety disorders, 12–18 yr follow-up, implications for relation between child onset depression & subsequent suicidal behavior, 22809

correlates of mania & ADHD as a marker for juvenile-onset mania, children (aged 12 yrs & younger) with mania vs ADHD vs adolescents (aged over 13 yrs) with childhood-vs adolescent onset of mania, 42257
deep white matter hyperintensities & other MRI abnormalities, 50–81 yr olds with late onset schizophrenia vs recurrent major depression, 4162
demographic & past & current psychiatric & adaptation process data & onset time of psychiatric episodes, English speaking temporary residents, Japan, 30647
density of pedigree of ADHD ascertained through adult proband, female 44 yr old with childhood onset ADHD, implications for adult vs child probands in genetic linkage analysis, 8340
developmental framework of onset & stability of clinical symptomatology of behavior disorder, Lifetime Alcohol Problems Score as example, 39175
developmental histories & family background & diagnostic pattern & clinical features & outcomes, adults with adolescent onset of anorexia nervosa, Germany vs Bulgaria, 4 yr followup, 12423
developmental perspective on recall of stressful life events & onset of child psychopathology, implications for longitudinal studies, 26389
diagnosis of nonlinear processes in brain EEG dynamics & disease onset characteristics, recovery vs recurrence, patients with 1st episode vs recurrent depression, 11996
disease onset before vs after age 5, short term memory rehearsal strategies & word recall performance, 9–16 yr olds with insulin-dependent diabetes mellitus, 16271
disease severity & duration & age at onset, plaque & tangle clusters in hippocampus & neocortex, adults with Alzheimer's disease, 8631
dopamine D3 receptor gene MscI allele frequency & childhood/early adolescence vs adult-onset heterogeneity, 13 yr olds & older with schizophrenia, Canada, 35612
Down's syndrome, age of menopause onset, females with vs without learning disabilities, 39253
drug abuse history, onset of psychotic symptoms & ascribing etiological role to drug abuse by clinicians, schizophrenic patients, retrospective chart review, 12025
dysthymia & major depression & childhood onset & rates of recovery & clinical outcomes, children (average age 11 yrs at beginning of study), 9–10 yr longitudinal study, 22774
early course & onset & duration of untreated psychosis & symptom severity, male vs female patients with 1st episode nonaffective psychosis or schizophrenia, Norway, 12048
early-onset bipolar disorder assessment and treatment parameters, children & adolescents, 30815
early vs late adolescent vs adult onset & illness severity, prediction of clinical outcome, 18–40 yr old females with anorexia nervosa, 8 yr followup, 12403
early vs late disorder onset, N400 latency & amplitude during semantic congruency task, adults with schizophrenia vs schizoaffective vs delusional disorder & related psychosis, 35620
early vs late onset of excessive alcohol consumption & family alcoholism history, CSF central serotonin turnover & degree of antisocial behavior & psychiatric comorbidity, alcoholic inpatients, 8237
epidemiology & clinical characteristics & natural course & biology & other correlates of early onset major depressive & dysthymic disorder, children & adolescents, literature review, 26440
episode number & symptoms & comorbidity & recovery from index episode & recurrence & switch to bipolar illness during course of major depression in childhood through adulthood, 7913
ethical issues in early treatment of schizophrenia, 26500
existence & significance of prodromal symptoms of psychosis in schizophrenia, literature review, 4175
familial loading for psychotic disorders, onset & persistence of negative symptoms & hospitalizations & social disability & nonrecovery, 16–50 yr olds with psychotic disorders, 4 yr followup, 8001
familial risk & clinical presentation of disorder, 18–70 yr olds with early vs late onset panic disorder & their 1st degree relatives, 35660
family history of bipolar & affective disorders & hypomania & previous symptoms, new episodes of affective disorders, families, 5-yr prospective study, 22777
family history of psychiatric disorder & adolescent onset of depression & presence of severe depression in childhood, risk for major depression in adulthood, children & adolescents, 18-yr followup, 22765
findings on early detection & treatment of schizophrenia in research published in issue of "Schizophrenia Bulletin", 12074
frequency & onset & characteristics of delusions of theft, patients (mean age 73.7 yrs) with dementia of Alzheimer's type, 39515
frequency & quantity & onset of alcohol consumption & factorial structure & prevalence of DSM-IV symptoms of alcohol abuse or dependence, male vs female 14–18 yr olds, 23070
frequency of HIV testing & incidence of HIV infection, military personnel & nonmilitary dependents with new onset acute psychosis, 30964
genetic vs environmental influences on age of 1st intoxication & onset of alcohol problems, male monozygotic vs dizygotic twins concordant for alcohol dependence, 12233
health & functional ability, onset & course of anxiety & depression & other psychiatric morbidity, 65–85 yr old & older inner city vs semi-rural residents, 2.5–3 yr followup, 11882
hypochondriasis & illness phobia, 12–69 yr old outpatients with panic disorder & agoraphobia, Italy, 31062
incidence & prevalence of late onset paraphrenia, 65 yr olds & older, Spain, 7988
late childhood or early adolescence alcohol or drug abuse onset, community violence, outpatients with chronic mental illness (mean age 41 yrs), 42451
late onset of myoclonic epilepsy, male 51 yr old with trisomy 21, case report, 12388
life events & pudicity, onset of anorexia nervosa, 15–25 yr old females, 35949
life events in previous year, onset of bulimia nervosa, 16–35 yr old females, 35954
life events prior to onset vs index evaluation, 18–64 yr olds with panic disorder or agoraphobia with panic attacks, 12 yr average followup, 12089
lifetime prevalence of insomnia &/or hypersomnia, onset of 1st time vs recurrent major depression, male vs female 21–30 yr olds, 7895
marital functioning of Early vs Late Onset male vs female partners with alcohol abuse, 35804
MRI assessed corpus callosum morphology, abnormal interhemispheric communication & brain abnormalities & maldevelopment, 9–18 yr olds with childhood onset schizophrenia, 26496
multigenerational history & age at onset & neuropathological features, families with autosomal dominant non-Alzheimer's presenile dementia, case reports, 30954
neuropsychological functioning profiles, patients with 1st episode vs chronic schizophrenia treated with neuroleptics, Germany, 7945
neuropsychological test performance & comorbid psychiatric disorders, patients with sudden vs gradual onset chronic fatigue syndrome, 39363
nontraumatic vs active vs passive traumatic onset, MMPI-2 profile, spinal cord injured patients, 1494
onset & current symptomatic manifestation & treatment, 22–74 yr olds with severe weather phobia, 1325
onset before age 25 yrs vs after age 60 yrs, phenomenological & premorbid & etiological parameters, adults with schizophrenia, England, 42312
onset, clinical & neuropathological features of autosomal dominant cerebellar ataxia type I & link to locus for spinocerebellar ataxia type 2, patients from unrelated families, 16321
onset of criminal/delinquent behavior & aggressiveness & low prosociality & academic underachievement at ages 8 vs 14, prediction of violent criminal offenses & subsequent arrests, 27 yr olds, 31380

onset of illness & cortical gray matter volume deficit & ventricular enlargement, 16–38 yr olds with 1st-episode schizophrenia, 19207
onset prior to vs after 18 yrs old, weight & body mass index & severity of binge eating & comorbid psychopathology, obese females with binge eating, 8418
origin of spider phobia, 9–14 yr olds, Netherlands, 19241
outcome of early onset anorexia nervosa, 12412
panic disorder & onset of Grave's disease, 56 yr old female & 51 yr old male, case report, 31099
parental reactions at onset of insulin dependent diabetes mellitus in child, families, 39398
pediatric onset & diagnostic differences & symptoms, children & adolescents with bipolar disorder, literature review, 1244
precision & reliability & accuracy in symptom onset recall, 8–18 yr old psychiatric outpatients & their parents, England & US, 7828
predisposing & precipitating factors of acute confusional state, patients in acute medical unit with diagnosis of confusion/anxiety, retrospective study, 31764
premorbid adjustment & clinical symptoms & cerebral & ventricular volume & maternal obstetrical complications, 10–19 yr old males vs females with early vs late childhood-onset schizophrenia, 22820
presenelin-1 gene mutation in family pedigree, incidence of early-onset Alzheimer's disease, 48–65 yr olds in extended families, Colombia, 31824
prevalence & age at onset of mood vs anxiety disorder, 17–45 yr old females with bulimia nervosa, 31492
prevalence & demographic & clinical characteristics & correlates of childhood onset mania, clinically referred 12 yr olds & younger, reprint, 30917
prevalence & diagnosis & etiology of late-onset eating disorders, 46–80 yr old patients, 26813
prevalence of symptoms, males with late vs early onset alcohol dependence, 42545
psychological perspective on development of biological & personality abnormalities in late-onset psychosis, elderly, 30981
psychosocial adjustment & educational outcome, 14–18 yr old with childhood diagnosis of attention deficit disorder, 8362
psychosocial life events & onset of breast cancer, 1966–94, research review, 12535
psychosocial risk factors for late onset severe dementia, 70 yr olds, 9 yr followup, Sweden, 12655
pubertal development & onset of psychosis, adolescents (mean age 14.5 yrs) with severe treatment refractory childhood onset schizophrenia, 39035
P300 latency & amplitudes of ERPs, male siblings with 2 or more 1st degree alcoholic relatives with vs without early onset alcohol dependence, 19355
relationship of age of onset to medical illness, 50–89 yr olds with major depression, conference presentation, 19162
role of biological factors in genesis of anorexia nervosa, 8–16 yr olds, 42659
rumination vs distraction responses to depressive symptoms, onset & severity of depressive episode, college students, 18 mo prospective study, test & extension of response styles theory of depression, 30861
satisfaction with psychiatric care & after-care services, 16–54 yr olds with 1st-onset psychotic illness & their relatives, England, 1 yr study, 36675
self report stability & agreement rates for age of onset & overall use of substances by group, adults in National Institutes of Health Epidemiologic Catchment Study, 10 yr followup, 19391
severity of life events during 6 mo prior to onset, latency time to depression onset, patients with recurrent unipolar depression, 11963
sex & age at onset, neuroleptic resistant vs responsive patients with schizophrenia, 31018
sex & age at onset of affective disorder, mortality, 65 yr olds & older admitted for treatment of unipolar depression, conference presentation, 42280
sex & family history & premorbid personality & marital status contributions to onset age of schizophrenia, males vs females in developed vs developing countries, commentary, letter, 42316
sex & family history & premorbid personality & marital status contributions to onset age of schizophrenia, males vs females in developed vs developing countries, 35600
sex, age at onset, families with male &/vs female sibling pairs with schizophrenia or chronic schizoaffective disorder, Germany, 1268
social class & age at 1st hospitalization & disease course & prognosis, male vs female 6–14 yr olds with childhood onset schizophrenia, Germany, 42 yr followup, 19196
sociodemographic & symptom profiles with early- vs late-onset mania, HIV infected adults mean age 35.5 yrs, 31675
subcortical white matter hyperintensities & cognitive functioning, elderly patients with late vs early onset depression, 11976
subjective memory complaints & performance on neuropsychological tests, relatives of 51–76 yr olds with early vs late onset Alzheimer's disease, 4685
type of errors made on test prior to diagnosis & predictive validity of Clock Test, early identification of dementia, adults with vs without dementia, Canada, longitudinal study, 28556
use & confusion in terms of early warning signs of impending relapse vs prodromal symptoms, patients with schizophrenia, 4143
validity of symptom criterion for age of onset diagnosis, 4–17 yr olds with ADHD who displayed impairment before age 7 yrs, 42587

Ontogeny [See Development]

Open Field Behavior (Animal) [See Animal Open Field Behavior]

Open Universities [See Nontraditional Education]

Openmindedness—Serials

prior beliefs & individual differences in open-minded thinking, evaluation of arguments, college students, 28890

Openness to Experience—Serials

extraversion & openness to experience scores on revised NEO Personality Inventory, marital adjustment on Dyadic Adjustment Scale, 20–78 yr old spouses, 18725
interpersonal & macrosocial aspects of openness to experience, 3925

Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Delayed Alternation, Discrimination Learning, Escape Conditioning, Fading (Conditioning), Omission Training, Time Out]—Serials

ability to form elemental & configural stimulus representations through operant discrimination, pigeons, 29079
abstinence, smoking motivation & cravings as assessed with Questionnaire on Smoking Urges & with progressive ratio operant procedure, smokers, 6091
acamprosate administration, alcohol deprivation effect in operant free choice paradigm, rats given continuous vs limited ethanol access, 41471
acute & repeated caffeine, reinstatement of extinguished cocaine taking behavior, male rats, 7063
amphetamine with immediate vs resetting- vs nonresetting-delayed reinforcement, response acquisition, male rats, 15054
anticipation of rewards & contingent vs noncontingent reinforcement, operant variability vs repetition, rats vs pigeons, 346
application of behavioral principles to antecedent events & interpretation of functional properties of behavior disorders as discriminative & establishing operations, literature review, 39171
attention as establishing operation vs reinforcement during functional analyses, individuals with self-injurious behavior, 39138
audiovisual CS paired with injections of sodium phenobarbital or water, leverpressing for food pellets, rats, 37822
auditory response elicitation using high-amplitude sucking procedure, sucking behavior, newborns, test of operant conditioning hypothesis, 22006

autosomal mutations, operant learning ability, Drosophila, 34499
aversive tentacular stimuli, nonassociative & associative modification of head-waving, Aplysia, 25369
behavioral effects of GBR 12909 & 5-HT uptake inhibitors & agonists & dopamine agonist & fixed interval schedule of stimulus termination & second-order schedule of iv drug self administration, monkeys, 34667
benzodiazepine receptor agonists diazepam vs FG 8205 vs quazepam vs zolpidem, performance in operant test & rotarod test, male rats & mice, 6823
blocking of acquisition, degree of subsequent association in operant conditioning, male rats, 6463
changes in effectiveness or value of reinforcer, within-session changes in pecking response rates, pigeons, 18075
chlordiazepoxide, development of tolerance to response-suppressant & antipunishment effects in multiple schedule of operant behavior, male rats, 11204
chronic gestational cocaine exposure, acquisition of operant behaviors, rhesus monkeys, 38136
cocaine, autoshaped lever touch response acquisition & retention, rats, 29563
cocaine dosage & sensitivity, development of tolerance to cocaine-induced response rate reductions, pigeons, 7079
cocaine, operant conditioned behavior, 6 strains of male mice, 41468
concurrent variable-interval reinforcement schedules in operant conditioning, sensitivity to reinforcement in allocation of behavior across alternatives, humans vs nonhuman species, reanalysis, 37716
constant vs varied frequency ratio of S+ note pairs, operant auditory discrimination learning, field- vs isolation-reared male black-capped chickadees, 37840
continuous vs VR vs FR reinforcement schedules, within-session patterns of operant response rate, male gerbils, 34393
demand curve similarities of progressive vs FR schedules of food delivery, hens, 21493
destroying central noradrenergic neurons with DSP4, temporal discrimination & memory duration, 4 mo old female rats, 29501
differential-reinforcement-of-high- vs low-rate schedule history, variable-interval responding, pigeons, 34383
discussion of Pavlovian & operant conditioning as integrated learning process, 20939
dopamine agonists & antagonists, cocaine induced operant responding for associated stimulus & reinforcing effects under food & cocaine reinforcement, male rats, 11224
D3 vs D2 receptor binding & functional selectivity & potency of dopamine agonists, operant behavior, male rats, 29606
flumazenil, schedule-controlled behavior, chlordiazepoxide-treated female rhesus monkeys, 34658
food production vs scrounging in operant task, zebra finch group, 25359
food reward, physical dimensions of vocalization response, male budgerigars, 21499
food vs water reinforcer type, sensitivity to variation in reinforcer amount & delay, male rats, 21486
forced time-off from ethanol, oral ethanol self administration, rats trained in limited access paradigm, 41200
free-operant preferred-stimulus manipulation as environmental enrichment, stereotypic self-injurious behavior, 3–5 yr olds with developmental disabilities, 39169
free running circadian periodicity during operant conditioning under light vs dark conditions, solitary male 3 spined sticklebacks during sexual phase of breeding cycle, 421
general intelligence & memory & frontal lobe functioning, response to reinforcement & extinction & time-out as psychosocial disturbance management, brain-injured patients, 31732
grooming as positive reinforcement in visual discrimination task, 2.5 yr old male rhesus monkey, 21510
haloperidol, heroin-induced response-reinstatement after extinction in operant conditioning, male rats, animal model of drug relapse, 6878
hippocampal NMDA dependent synaptic & long-term potentiation, instrumental learning under continuous reinforcement schedule, old male rats, 34387
icv vs iv cholecystokinin with vs without its CCK-sub A receptor antagonist Devazepide, dose-dependent glucose appetite & consumption, prepubertal pigs, 6817
instrumental learning of bar press response, resistance to extinction, young vs mature male rats, 21504
instrumental responses in discrimination of colors, structure of perceptual color space, male macaques vs carp, implications for comparative neurobiology of humans & animals, 41336
interference treatments, response outcome associations & initial learning, male rats, 10787
key peck response rate & time allocation & peck duration & gape amplitude in concurrent VI–VI schedule with food vs water reinforcers, food & water deprived pigeons, 18078
learning & processes of habituation & classical & operant conditioning, children with profound intellectual disability, 12389
learning to discriminate relative stimulus frequency, pigeons, 18069
linopirdine, acquisition & retention of bar press response & water maze task, rats & mice, implications for use as cognition enhancer, 18288
low dose apomorphine vs haloperidol vs amphetamine, operant motor performance & response parameters & sequences & locomotor activity, male rats, 6971
measuring feeding motivation using second-order food reinforcement schedule & conditioned stimulus, pigs, 10764
model for behavior regulation under time based reinforcement, animals, 25374
multiple neuron hippocampal electrical ensemble activity during performance of delayed nonmatching-to-sample 2-lever operant version, rats, 11029
music conditioning, voluntary approach to automatic milking system, mid & late-lactating cows, 34398
NBQX vs MK-801 vs GYKI 42466, operant DRL & delayed matching to position task performance, male rats, 3280
NMDA antagonists, conditioned lever-press retention, male BALB/c vs C57BL/6 mice, 41492
number of reinforcers during training & VR–VR vs VR–FR reinforcement schedules, key pecking during extinction, pigeons, 18090
operant-based incentive system of individual rewards & schedules of reinforcement, job performance in meeting numerical quotas, 25–40 yr old telemarketers in day vs evening shifts, 37178
operant conditioning of P200 peak of somatosensory EP amplitude, pain sensitivity, 18–39 yr olds, replication, 3115
operant self administration of ethanol & locomotor stimulation response, selectively bred fast vs slow mice, 7058
operant serial positive discrimination learning, temporal specificity in occasion setting, rats, 18062
postconditioning manipulation of contextual cues, instrumental performance on signaled delay of reinforcement schedule, male rats, 18080
provocation frequency & point subtraction in FR reinforcement task, free-operant aggressive responding, male 22–33 yr olds, 37798
randomized presentation of series operant discriminations, transitive inference performance, pigeons, 29078
rate & schedule of reinforcement & amount of food access, rate of maintained operants, pigeons, 41204
reinforcement, within-session pattern of running times in T maze sessions, male rats, 14731
reward & punishment, response disinhibition & heart rate & skin conductance & mood during instrumental learning, students, Australia, J. A. Gray's theory of behavioral approach & inhibition systems, 41413
reward magnitude & probability of reinforcement, spaced-trial operant learning, pigeons, 37841
scopolamine & 8-OH-DPAT & NMDA antagonists, dissociation between cognitive vs sensorimotor/motivation deficits, male rats, erratum, 25617
scopolamine hydrobromide, acquisition of learned behaviors with vs without pre-drug treatment training, rats, 21824

selectionistic & mechanistic accounts of Skinner's 3-term contingency of reinforcement on pragmatism & determinism & natural selection & operant behavior, 29654
serotonergic pathway lesions in dorsal & median raphe nuclei, alternate responding in VI reinforced free operant lever pressing, female rats, 18140
serotonin agonists or antagonists, strategies in choice between delayed reinforcers, rats, implications for validity of operant paradigm, 15012
short vs long sessions with open vs closed economies, performance under FR food reinforcement schedules, hens, 18056
stability of reinforcement, assessment & choice in operant simulation of patch foraging, pigeons, 14736
stimulus-stimulus pairing & automatic reinforcement, vocal response, 2–4 yr olds with severe to moderate language delays, 8879
sucrose-substitution initiation, alcohol self-administration during continuous alcohol access, rats, 38098
training impure mands or tacts of abstract stimulus properties, emission of other operants without training, 4.3–4.9 yr olds with language delays, 9991
visual reinforcement, reinforcer magnitude & schedule effects on free-operant responses, male rats, 18079
2% sucrose with vs without 10% ethanol solution, increased daily self administration in continuous access operant paradigm, rats, 11200
7-OH-DPAT vs apomorphine or quinpirole, spontaneous locomotion & operant food responding & electrical self-stimulation of ventral tegmental area & induction of stereotypies, male rats, 6868
8-OH-DPAT, incentive value of food & food-consumption & reinforced instrumental performance, rats, 6818
Operation (Surgery) [See Surgery]
Ophidiophobia—Serials
attentional focus vs distraction during in vivo exposure to snake, post-treatment return of fear, females with fear of snakes, 39719
confounding effects of disgust vs construct validity of fear, high fear self-reports on Snake Anxiety Questionnaire vs discordant behavioral ratings & approach measures, female college students, 35668
Ophthalmologic Examination [See Electroretinography]
Ophthalmology—Serials
topical ophthalamic anesthesia, severe facial pain, 62 yr old male with head & neck carcinoma, case report, 32682
Opiate Agonists [See Narcotic Agonists]
Opiate Antagonists [See Narcotic Antagonists]
Opiates [See Also Endogenous Opiates, Fentanyl, Heroin, Morphine, Papaverine]—Serials
attitudes about prolonged use of opioids for chronic pain, clinicians, 13177
buprenorphine, opioid receptor adaptation in brain regions, male rats, implications for treatment of cocaine & other drugs of abuse, 6825
buprenorphine, place preference & taste aversion conditioning, male rats, 29544
buprenorphine plus anticraving desipramine vs amantadine vs fluoxetine across 12 wks, retention & opioid & cocaine drug use, opioid dependent cocaine abusers, 20331
buprenorphine withdrawal, development of Koro attacks, 38 yr old male addicted to buprenorphine, India, case report, letter, 12213
BW373U86 with vs without nalbuphine or fentanyl or morphine, fentanyl vs bremazocine vs water discrimination, female pigeons, 3258
cannabis vs cocaine vs benzodiazepine vs illicit opiate use, methadone maintenance patients (mean age 39.0 yrs), 8273
cocaine vs morphine vs pentazocine vs dihydrocodeine, interaction with tripelennamine vs chlorpheniramine & combined discriminative stimulus effects, male rats, 38164
concordance between self reported drug use & urinalysis results & predictors of misreporting, narcotic addicted applicants for methadone maintenance, Australia, 33042
criteria for & management of long term opioid use, patients with severe nonterminal disease pain, 32699
delta opioid receptor, morphine analgesia & tolerance & physical dependence, mice, 29568
dexamphetamine, reduction of opioid induced drowsiness & analgesia, cancer patients, England, 9268
drug detoxification & buprenorphine treatment, auditory ERPs, 24–45 yr old males with concurrent opiate & cocaine dependence, 27781
D1 & D2 dopamine antagonists, rewarding effects of opioid receptor agonists in place conditioning, male mice pretreated with opioid antagonists, 7088
endogenous opioid system as mediator in reinforcing effects of ethanol, adults at high vs low risk for alcoholism development & ethanol preferring vs avoiding mice, 6904
ethanol as neurochemical surrogate of natural reinforcers & role of link between dopamine & opioids, 6870
fentanyl vs alfentanil, naloxone opioid withdrawal symptoms & antagonism of respiratory depression & miosis, 18–50 yr old male African American nonphysically dependent drug users, 6911
food restriction, opioid receptor binding in brain stem, male rats, implications for functional changes, 14893
gamma hydroxybutyric acid pretreatment, severity of naloxone-precipitated opiate withdrawal, 23–42 yr old male opiate dependent inpatients, 8276
immediate vs delayed choice of drug & monetary rewards, 21–48 yr old opioid dependent patients vs non-drug using 19–58 yr olds, 39211
interpretation of government regulations & drug enforcement agency policies for use of opioids for nonmalignant pain, 24032
knowledge & practice of cancer pain management, physicians, Denmark, implications for opioid & co-analgesic treatment use, 32719
knowledge of opioid & analgesic use & administration & pain management & beliefs & attitudes toward cancer pain, physicians, Italy, 24044
l-methadone vs racemic methadone replacement treatment, opiate addicts (mean age 32.9 yrs), Germany, 20337
long-term opioid therapy, patients with chronic nonmalignant pain, 13167
models of use of opioids for treatment of chronic pain & risks & consequences of long term use, 24054
morphine discrimination training & individual differences & drug's efficacy at mu receptor, discriminative stimulus & antinociceptive & rate decreasing effects of opioids, male rats, 620
morphine pretreatment, cross tolerance & behavioral tolerance to chronic morphine & mu opioids vs amphetamine, male rats, 598
mu & delta opioid receptor distribution & density in limbic system & ventral tegmental area & nucleus accumbens & other brain regions, alcohol-preferring C57BL/6 vs alcohol-aversive DBA/2 male mice, 37963
mu opioid agonist nalbuphine, FR schedule-controlled responding & tolerance & sensitivity to rate-decreasing effects of naltrexone & other mu & kappa opioid receptors, pigeons, 29548
mutually antagonistic opioid systems underlying drug & alcohol withdrawal & activation by psychotropic analgesic nitrous oxide, 20323
naloxone precipitated withdrawal, dopamine receptor availability, opiate dependent 35–46 yr old males, 26690
naltrexone, parental behavior, juvenile rats, implications for role of opioids, 7115
object relations & reality testing, 18–55 yr old psychopathic or antisocial methadone patients, 19388
opiate withdrawal, plus maze activity & social & aggressive behavior testing as measures of anxiety, rats, 21849
opioid & GABAergic & serotonergic mechanisms in dorsal raphe nucleus, inescapable shock-induced potentiation of antinociceptive responding to low-dose morphine, male rats, 38163
opioid & stimulant & sedative abuse liability of zipeprol, monkeys & mice & rats, 21809
opioid therapy, patients with chronic nonmalignant pain, 13154
opioids & rate of positively reinforced behavior, antagonism by kappa antagonist norbinaltorphimine, male rats, 21904

opioids with mu & kappa opioid receptor activity, discriminative stimulus & subjective effects, laboratory animal models &/vs human data, literature review, 25569
opium & nicotine & history of addiction & roles within popular culture & public policy & public health, 41956
pharmacodynamic & physiologic considerations in use of oral & parenteral opioids, 24025
preference for clinic privileges vs retail items vs social activities as reinforcers, opioid dependent patients treated with buprenorphine, 9565
protein kinase C &/vs nitric oxide, tolerance & dependence for antinociceptive properties of mu opioid, male rats, 34633
psychiatric & substance use comorbidity, 20–58 yr old male vs female opioid abusers seeking methadone maintenance treatment, 35797
reliability of Weak Opiate Withdrawal Scale, inner city males, 17647
response rate decreasing effect of fentanyl vs U50,488 vs butorphanol vs nalorphine with vs without beta funaltrexamine, rats, 7029
role of consultation liaison psychiatrist in addictive disease resulting from opiate therapy for management of chronic pain, 16754
role of opioid system in alcoholism, 8282
role of opioids & dopamine from ventral tegmental & preoptic areas & nucleus accumbens & amygdala in sexual motivation & behavior, literature review, 21715
selective breeding for self administration of oral opioids & preference for high potency opioid etonitazene, rats, 6580
sex & age, mortality due to acute adverse reactions to opiates or cocaine, 15–49 yr olds, Spain, 23093
short term pharmacotherapy with delta sleep inducing peptide, 21 yr old female with opioid dependence, case report, letter, 33077
side effect & dependence & tolerance issues in use of opioids for pain management, persons with nonterminal disease pain, 32700
social isolation vs group housing & dominance, situation-specific intake of etonitazene & spontaneous increased consumption & addiction following abstinence, male rats, model of opiate addiction, 3224
training to discriminate fentanyl & bremazocine & water, substitution patterns produced by opioids with activity at mu & kappa opioid receptors, female pigeons, 41504
use of opioids in last 2 wks of life for management of pain & discomfort, 23–64 yr old hospice patients with AIDS, 24036
warm- vs cold- water arm immersion, subjective & psychomotor effects, morphine- vs butorphanol-injected 21–32 yr olds, 38087
Opinion (Public) [See Public Opinion]
Opinion Attitude and Interest Survey [See Attitude Measures]
Opinion Change [See Attitude Change]
Opinion Questionnaires [See Attitude Measures]
Opinion Surveys [See Attitude Measures]
Opinions [See Attitudes]
Opioid Antagonists [See Narcotic Antagonists]
Opioids [See Opiates]
Opioids (Endogenous) [See Endogenous Opiates]
Opium Alkaloids [See Alkaloids, Opiates]
Opium Derivatives [See Opiates]
Oppositional Defiant Disorder—Serials
Child Behavior Checklist & DSM-III-R diagnosis, prediction of outcome of social skills training & generalization to school context, 7–11 yr old males with ADHD & oppositional defiant disorder, 36350
DSM-IV vs DSM-III-R criteria for conduct disorder & oppositional defiant disorder, implications for school mental health teams, 4232
efficiency & durability & generality of treatment effects in group errorless compliance training, parents & their 4–5 yr olds with developmental disabilities & severe oppositional behavior, 19830
establishment of empirical frequency cutoffs for & changes in DSM-III-R & DSM-IV definitions of oppositional defiant disorder, 9 & 11 & 13 yr olds & their parents, 8076
genetic vs environmental factors, comorbid hyperactivity & oppositional & conduct disturbance, same vs mixed sex 8–16 yr old twin pairs-590 06, 11862
multimodal day treatment program, self-perception & peer relations & academic performance & behavior, 5–12 yr olds with ADHD or conduct or oppositional defiant disorder, 5 yr prospective study, 40138
oppositional defiant disorder & conduct disorder & attention deficit disorder, 6–17 yr olds, 4 yr followup, 7785
parent-assisted transfer of social skills training & stimulant medication, 6.9–12.9 yr olds with vs without ADHD vs oppositional defiant disorder, 42928
parent vs child vs parent & child training treatment interventions, 4–8 yr olds with conduct disorder & oppositional defiant disorder & their parents, longitudinal study, 19761
patterns of familial association between ADHD & conduct disorder & oppositional defiant disorder & adult antisocial personality disorder, 6–17 yr old males with ADHD, 4 yr study, 35412
perceptions of generalization of parent–child interaction therapy treatment effects to untreated siblings, parents & their 3–6 yr olds with oppositional defiant disorder & their 2–16 yr old siblings, 36315
pharmacokinetics of lithium carbonate vs liquid lithium citrate, retitration after change in lithium form, male prepubescent 9 yr old with aggressive & oppositional behaviors, case report, 9147
ratings of oppositional behavior in kindergarteners to 2nd graders, parents & teachers, 19282
use of combined informants for measurement of conduct & oppositional disorders, 6–16 yr olds, 16035
Optic Lobe—Serials
differential exposure to light, structural plasticity & development of optic lobes, adult fruit flies, 34519
Optic Nerve—Serials
binocular vision & visuomotor behavior, frogs with intact vs unilateral regeneration of optic nerve, 25466
Optical Aids [See Also Contact Lenses]—Serials
head movement training, visual scanning at night using helmet-mounted display, 19–26 yr old male helicopter pilots, 43899
measurement methods & ambient lenses as intervention, spatial orientation abilities, 4–15 yr olds with autism, Canada, 8349
normal & low vision reading processes & theoretical evaluation of design of low vision aids, literature review, 17454
optical aids, frequency of visual hallucinations, female 71 & 80 & male 80 yr olds with dementia & visual impairment, case reports, 5210
perception of overlay symbology in night vision goggles in relation to background, accommodation & attention shift, 18–25 yr olds, implications for aviation, 6248
qualitative & quantitative & distributive optical control of early visual experience, infant rhesus monkeys, 6158
spectacle lenses, visual-motor & gross motor function & anxiety & panic, exophoric & presbyopic patients, 16746
Optical Illusions [See Illusions (Perception)]
Optimism—Serials
contextual information & comparison standard, self–other probability judgments & optimism, college students, Netherlands, 3931
criticism of creative self-deception hypothesis of mental health & well being, 26255
dispositional optimism, success in making health changes associated with lower coronary heart disease risk, 40–80 yr old cardiac rehabilitation program patients, 18 wk study, 20306
emotional life complexes of racial discrimination & financial strain & optimism–pessimism, stress balance, African American college students, 26260
fatigue related variables & optimism bias, accident involvement, male metropolitan taxi drivers, Australia, 2 yr study, 43914
generalized vs familiar targets, optimistic bias in comparative risk judgments, college students & reserve paratroopers, Israel, 2814

heuristic vs algorithmic orientation cognitive styles & optimism & sleeping habits & coping strategies, college students, 11753
independent nature of optimistic biases for positive & negative events & behaviors & traits, 3912
information about peers' healthy behavior, unrealistic optimism & self-frequency ratings of risky behavior, college students, 3919
intellectual ability & rationality & intuitiveness, warranted & unwarranted optimism for future desirable & undesirable events, 17.8–21.2 yr olds with vs without high need for cognition, 18581
locus of control & neuroticism, social & personal optimism, adults, 22568
maternal & paternal behavior, explanatory style & dispositional optimism, college students (mean age 19.5 yrs), retrospective study, 15691
measurement of & optimistic biases in perceived risk & role in models of protective health behavior, 5159
optimism & behaviors to protect personal & neighborhood environmental health, residents in high rise public housing project, 42045
optimism & coping & symptom reporting & negative affect, meta analysis, 15672
optimism & perceived control over & finding positive meaning in disability, self-esteem & depression, 19–78.6 yr old amputees, 31584
optimism & pessimism & negative & positive affectivity & problem orientation, 17–25 yr old Asian- vs Caucasian Americans, 15678
optimism & reported physical symptoms & daily hassles, male vs female undergraduates, 7734
optimism & social support & premenstrual dysphoria & dysfunction symptoms, 19–45 yr olds, 23252
optimism & Type A behavior & stress, depression & anxiety, female college students (mean age 18.8 yrs), Japan, 26279
optimism training techniques for increasing positive cognitions & self-statements to foster optimism and motivate adaptive behavior, 32133
optimism vs neuroticism, prediction of coping & adaptability, females (average age 72.6 yrs), 35307
optimistic & approach & avoidance strategies, loneliness & peer relationships & social behavior, 16–33 yr olds, Finland, 11653
optimistic beliefs vs denial, attention to threatening health information, 18–40 yr olds, 3874
optimistic vs pessimistic mood, N400 brain ERPs induced by word with emotional meaning incongruent with current mood state, 18–29 yr olds, 3148
pathological optimism & nostalgia fantasies as related forms of defensive idealization & unfolding in psychoanalysis, conference presentation, 19874
perceived controllability of events & optimistic bias, research review, 3913
personal aspirations, optimism vs pessimism about own vs future of trends in Europe vs US, students attending public vs private university, application of cognitive dissonance perspective, 13770
personal experience with risk & perceived frequency of occurrence or preventability of risk & trait anxiety, unrealistic optimism with regard to genetic risk, female adults & 16-19 yr olds, 4578
predictive validity of optimism vs pessimism index of the Chinese version of the Life Orientation Test, undergraduates & working adults, Hong Kong, 37405
psychometric properties of Life Orientation Test & Attributional Style Questionnaire, assessment of dispositional optimism & explanatory style, 17–35 yr olds, 5982
roles of constructive thinking & optimism & stress in psychological & behavioral adjustment, 16–43 yr old pregnant females, 41903
self esteem vs dispositional optimism, prediction of postpartum depression, 20–43 yr old pregnant females, England, 19151
SES, optimistic vs pessimistic measurements, White Americans vs mainland Chinese vs Chinese American 18–25 yr old college students, 18710
unrealistic optimism & perceptions of health & safety risks, bungee jumpers & friends & family members, UK, 5809
unrealistic optimism about risk of experiencing negative events, 3953
use of prefactual vs counterfactual thinking strategies in relation to course exam, defensive pessimist vs optimist college students, 11751
validity & utility of separate measures of optimism & pessimism with & without positive & negative affectivity, undergraduate students (mean age 18.7 yrs), study replication, 40818

Optokinetic Nystagmus [See Nystagmus]

Optometrists—Serials
entrepreneur vs health care provider role conflict & moral responsibility to avoid conflict of interest situations, optometrists, 17094
task manipulation & scheduling, quality of patient services & amount of revenue, physicians & staff in optometry practice, conference presentation, 24770

Optometry—Serials
evaluation & assessment questionnaire & measurement criteria for quality of life, vision therapy patients, implications for behavioral optometrists, 14364
optometric intervention outcomes, learning disabled adults, 16747
spectacle lenses, visual-motor & gross motor function & anxiety & panic, exophoric & presbyopic patients, 16746
vision therapy, quality of life, patients with vision problems & their families, 16743

Oral Communication [See Also Code Switching, Oral Reading, Public Speaking, Self Talk, Singing, Speech Characteristics]—Serials
acoustic & articulatory analysis of sibilant phoneme production with vs without auditory feedback, 37 yr old male with cochlear implant, 24355
acoustic differences in less vs more masculine sounding speech production patterns of male speakers, female listeners, 25209
acoustic intensity & valence of vocalized portrayals, inference of emotion, listeners, Germany, 3302
acquisition of auditory & communicative & linguistic skills, congenitally deaf male infant before vs after cochlear implantation, longitudinal study, England, 16758
activation levels in multiple neural systems assessed with positron emission tomography, normal vs stuttering readers, letter, 19485
affectively positive vs negative speech topics, speech communication disturbances, schizophrenic patients, 30960
age & sex & yrs of education & language, storytelling ability, 50–59 vs 70–91 yr olds, Canada & Spain, 22171
application of computerized content analysis of speech to neuropsychiatric diagnosis, psychiatric outpatients, 37502
articulatory accommodation of conflicting phonological specifications at word boundaries, speakers, 3308
auditory & visual feedback devices & reinforcement, excessive vocal loudness, 27 & 46 yr old adults with moderate mental retardation, 32158
auditory lexical decision paradigm in spoken word recognition research, 28793
classroom discourse stress & reconciliation of opposing social contexts through language, 7th & 8th grade males & their teacher of ESL, 9948
code switching at random tones at 8–12 sec intervals, intrasentential code switching at syntactically definable constituents & during speech production, bilingual 23–24 yr olds, 11255
combined typed & spoken input-output modalities, syntactic & semantic & pragmatic enhancement in speaking, autistic adults (mean age 28.2 yrs), 12318
communicative competence in verbal exchange with bilingual parents vs monolingual strangers, bilingual females (mean age 2.2 yrs), 22009
completion of coursework on childhood education & development, responsive vs restrictive verbalizations with young children, preschool classroom teachers, 17107
construct validity & interrater reliability & factor structure of Brief Syntactic Analysis, assessment of syntactic features of speech, patients with schizophrenia or mania, 2632

conversational repair during spontaneous mealtime talk, 60–79 yr olds with early vs middle stage dementia of Alzheimer's type & their conversational partners, 1612
coordination of muscle function in perioral region during lip protrusion & chewing & speech-related activity, 21–41 yr olds, 6285
cued shadowing paradigm in spoken word recognition research, 28782
development & evaluation of instrument for assessing communicative suitability of speech, 15.8–39.3 yr old stutterers & unsophisticated & clinician & stuttering listeners, 24998
difficulties related to cross-lingual communication between therapists & clients with limited English proficiency vs English-speaking clients in physical rehabilitation, occupational therapists, 27919
duration of vocalizations & length of utterances in speech therapy conversations, dyads of 12.2–15.6 yr old hearing-impaired adolescents & speech pathology students, Australia, 24347
dynamic tongue & biomechanical & physiologically-based vocal tract models & peripheral control in speech production, 3313
easy vs difficult & familiar vs novel paper folding & story sequencing tasks, microgenetic change in quantity & quality of private speech, 4.8–6 yr olds, Canada, 29778
elderspeak, ability to reproduce route drawn on city map or dot pattern following speakers' instructions & without interrupting or questioning speakers, 18–25 vs 65–91 yr olds, 25756
empathy & concept of voice & power imbalances & assessment in therapy, couples, 27275
equilibrium point hypothesis & control of tongue movements & physical regularities associated with phonological sequence produced during variable speech conditions, 3310
eye fixations vs verbal reports as measures of selective attention, adult males, 41180
eye-tracking paradigm for spoken word recognition research, 28809
feedback on group performance vs member motivation & ability, group leader cognitions & verbalizations of choice to retain vs transfer subordinates, college students, 14620
form priming paradigm for word recognition research, 28898
gating paradigm for spoken word recognition research, 28794
gender decision paradigm for spoken word recognition research in languages with grammatical gender of nouns, 28803
gender stereotypes in perception & expression of vocal affect portrayals of neutral vs fear vs anger vs happiness vs sadness emotional content, male vs female college students, 15501
genetic vs environmental factors, cerebral lateralization for speech & handedness, literature review, 34571
gesture-speech coordination, mothers & their 10–18 mo olds, followup study with 15 mo olds, 11390
gesture use during Piagetian conservation & direction-giving & narrative tasks, blind 10–12 yr olds, 31928
helping training, helping behavior & types of explanations during mathematics peer tutoring, 2nd–4th graders with vs without learning disabilities & their teachers, 13811
idiom use in classroom communication, primary school teachers of 6–11 yr olds with vs without language disorders, 40484
imitation of human speech & encapsulated autistic state & virtual phantasy in psychoanalytic process, analysands, 32301
influence of a therapist's use of language in the therapeutic encounter, implications for the practice of therapy, 36230
intensive treatment program, attitude change & social skills development & speech fluency, 11–36 yr old stutterers, 12–24 mo followup, 9650
internal motivation & external speech in contrary-to-face value communication in Chinese discourse, 21964
interventions for initiation of discussions with physicians to obtain health maintenance information, patients, 27610
judgments of rights of child & adults to freedom of speech & religion in society & school & family, 1st vs 3rd vs 5th vs 7th graders vs college students, Canada, 41714
language production capabilities, children with persistent vs recovered stuttering, 31566
lateralized readiness potentials as measure of temporal properties of semantic & phonological processes in speech production, 20–27 yr olds, Netherlands, 38024
lexical & articulatory reductions & elaborations of levels of a speech event, shortening & lengthening of words, adults, 38228
linguistic awareness in oral language & reading acquisition, children with oral language problems, 31558
linguistic forms in direction giving & perceived politeness, working vs middle class 15–50 yr olds & older, 15632
localization of brain areas involved in auditory speech perception & lipreading & viewing nonlinguistic facial movements, auditory cortex activation, right handed adults, 28786
local/horizontal & global/vertical encoding, addressing of narratives, deaf mothers using American Sign Language to deaf 2–7 yr olds vs English-speaking parents to hearing 2–8 yr olds, 31930
logged data & questionnaires & interviews & verbal protocol analyses used alone & in combination, evaluation of spreadsheet & word processor & database software types, college students, 10203
memory for subject- vs to-be-performed vs verbal tasks, adults, Germany, 21407
mental state term use & understanding of false belief in child–friend vs child–sibling vs child–mother dyads, 3.8 yr olds, 3350
microcomputer rehabilitation of picture naming disorders, written vs oral naming process, 22–76 yr old aphasic stroke patients, 24351
migration paradigm for detection of illusory words in spoken word recognition research, 28795
mispronunciation detection paradigm in spoken word recognition research, 28810
model & functional analysis of anticipatory vs perseveratory serial ordering errors in language production, undergraduate native English speakers, 15130
morphological priming paradigm for spoken word recognition research, 28841
number & intelligibility of communicative act repertoires & intent in social interaction with parents, 14 mo olds, 18 mo study, 7278
open-ended conversations in company hallways as metaphor for how organizations learn & build collective meaning, 28217
oral vs computer-animated display presentation of distance testimony, judgment accuracy for physical & behavioral events, college students acting as mock jurors, 37336
oral vs written picture descriptions, patients with Alzheimer's disease (mean age 70.7 yrs) vs healthy elderly, 8578
oral vs written spelling, patients with Alzheimer's disease, 1566
organization of speech production based on articulatory vs acoustic & auditory goals, articulation vs linguistic processes in speech perception, commentary, 17865
organization of speech production based on articulatory vs acoustic & auditory goals, articulation in speech perception, commentary, implications for role of linguistic knowledge, 17871
organization of speech production based on articulatory vs acoustic & auditory goals, articulation processes in speech perception, 17853
outward vs inward expression of anger vs description of anger arousing events in mood incongruent speech, cardiovascular reactivity, college students, 21798
parent facilitated assessment protocol for identification of maintaining variables & formulation of treatment recommendations, 8 yr old female with selective mutism, 8434
parent gender & play activity & speech acts, sex typed communication behavior, 25–62 mo old females vs males, 18585
patient–analyst transference & interaction & verbal discourse in analysis, 32302
perception of legitimacy of own vs partner's interests & self expression & listening behaviors, problem solving, couples, 30364

perceptions of experiences in classroom discussions of text content, middle & high school students, 5669
phoneme monitoring paradigm for speech perception & spoken word recognition research, 28787
phoneme restoration paradigm for spoken word recognition & auditory illusion research, 28805
phonemic stress perception & pattern processing & identification of linguistic & affective prosodic cues, 62–73 yr olds with Parkinson's disease without intellectual or language impairment, Canada, 16360
phonetic units, mothers' of 2–5 mo olds infant-directed vs adult-directed speech, US & Russia & Sweden, 41648
phonological variation & inference, lexical access in speech, 18–45 yr olds, England, 18403
physiology & phonology of use of negative intraoral air pressures & vowel based deviations & speech therapy, deaf 6.5–9.2 yr olds with cochlear implants, 23504
powerless speech style, agentic behavior & amount of talk in low vs same status condition interaction, 17–24 yr olds, Scotland, 42023
pragmatic & communicative performance with peers, 5 yr old male with socio-emotional problems, case study, 16046
presentations by juvenile offenders & institutional tours, pre- vs posttest differential scale scores assessing attitudes towards delinquency, undergraduate psychology students, 20550
principles of task oriented spoken human–machine dialogue cooperativity , applications to spoken human–human dialogue, 10261
private & social speech, ability to identify own voice, 5 yr olds, 29781
prosody & other phonological information in input speech, development of root processes of parsing, 6–12 mo olds, 11373
rapport & talking with roommate, life satisfaction, 58–98 yr old nursing home residents, 29990
reading familiar vs unfamiliar storybooks, mothers' extratextual comments, mothers & their 3.3–4.3 yr olds, longitudinal study, 7329
relationship between lexical & grammatical development, early talking 17 & 21 mo olds, 11396
report-do-report correspondence training, academic setting & setting-time generalization of praise-prompting behaviors, 3rd graders, 27972
role of oral communication in official English language arts curriculum guides, educational & English language personnel, 13730
role of pragmatics in determining what speakers say vs what speakers implicate, 25258
role status & sex, powerless speech, students & lecturers, 7621
self quotation & self representation of thought & quotative explanation & juxtaposition of semiotic contexts, manipulation of multiple voices in Japanese discourse & speech acts, 21965
sequence monitoring paradigm for determination of syllable effect & other linguistic units in spoken word recognition research, 28791
sex & verbal aggressiveness, perception of interruption vs simultaneous talk, college students, 7650
sex, use of word "no" in interactions, 3.3–5.3 yr olds in same sex dyads, 11457
social class & severity of illness & working memory & attention, syntactic complexity in speech, 16–50 yr olds with 1st onset schizophrenia or mania, England, 4066
social comparison vs verbalization, idea generation & performance perception in group computer brainstorming, college students, 3763
social relationships & writing media & microgenetic development, verbalizations & computer-supported vs paper & pencil written narratives, 1st graders, 17165
speaker rate & pitch, recall of information & perception of benevolence & competence, college students, 11278
speech production models, development of articulation based automatic speech recognition, commentary, 17857
speech production models, development of articulation based automatic speech recognition, commentary, 17859
speech production models, development of articulation based automatic speech recognition, 17867
stressful vs relaxed talking with clinician during medical visit, systolic & diastolic BP, 19–86 yr olds with essential hypertension, 19581
syllabic timing in natural sentence production & rapid syllable repetition task, 18–78 yr olds with cerebellar atrophy or Friedreich's ataxia, 12697
syntactic & semantic effects, errors in speech of idiom pairs, adults, 21333
syntactic context & attentional factors, identification of spoken words, 7th & 8th graders with reading disabilities, 13822
syntactic flexibility, language production, college students, test of incremental vs competitive models of grammatical encoding, 18402
syntactic phrase structure categories in speech & use of determiner types, 23–28 mo olds, 2 mo followup, 11383
talker variability, word recognition, 3–5 yr olds vs young adults, 29823
talking space to teach children proper behavior & provide cultural & socioethical continuity despite distance from cultural home, Samoans in California vs a Western Samoan village, 38226
temporal frequencies of female speech sounds vs repetitive heart beat sounds, rightward bias in head turning orientation toward sound, newborns, 7173
terminology & conceptual definitions of private & social speech in communication, 11263
tongue musculature predisposition to vocal-tract constriction in production of stable vowel formant patterns, 3309
training impure mands or tacts of abstract stimulus properties, emission of other operants without training, 4.3–4.9 yr olds with language delays, 9991
use of Client Behavior System, verbalization patterns & therapeutic process, 7–17 yr old sexually abused females enrolled in psychoeducationally based individual counseling, 19741
validity of written vs oral responses for scoring on Environmental Deprivation Scale, 18–32 yr olds, 40853
verbal & physiological reactivity to imaginal & in vivo smoking, abstinent vs current adult smokers, evaluation of models of urge, 18816
verbal communication strategies & hearing aids for age related hearing impairment & loss, implications for counseling, 4731
verbal contingency specific rules with function altering vs evocative effects, behavioral compliance, 4–5 yr old males, replication & extension, 8875
verbal regulation of movement, movement initiation, male 53 yr old with supplementary motor area syndrome secondary to dominant supplementary motor area lesion, 2051
verbal responses during initial counseling vs consultation sessions, 23–56 yr old school counselors, implications for training, 20692
verbal routines & expansions, mean length of utterances, 2–4.3 yr olds with developmental delays, 12342
visual signals & face-to-face interaction, communication ability, 3–4 vs 6 vs 11 yr olds, Scotland, 11340
visual vs auditory perception areas of brain activated by signed vs spoken language, 33–45 yr olds, Sweden, 37999
vocal RT to printed words, 8–10 yr olds with vs without central auditory processing disorder vs normal young adults, 39588
vowel & syllable duration & peak fundamental frequency & amplitude in differential production of stressed vs unstressed syllables in initial & final positions, 2 yr olds vs adults, 25786
vowels vs consonants vs words vs sentences presented at 50 vs 60 vs 70 dB sound-pressure level, speech recognition, postlinguistically deaf adults, 39595
W. James Gardner's cortical anesthetization method for speech localization, neurological patients, 23412
willingness to discuss bullying in school, 12–16 yr old males vs females, Australia, 2204
word choice & telling style as signifiers of sexuality during the psychoanalytic process, conference presentation, 30589

word form generation contraints & word characteristics, speech errors, undergraduates, 29679
word identification in noise paradigm for spoken word recognition & speech perception research, 28801
word spotting paradigm for word recognition in psycholinguistic research, 28797
writing as conceptual model for speech properties, implications for acquisition of literacy, 11273
writing speaking relationships, literature review, implications for writing instruction, 9894
12 mo of multichannel cochlear implant use, expressive & receptive vocabulary acquisition & use of spoken language in everyday situations, 4-yr-old prelingually deaf female, 24361
5 vs 10 vs 15 yr old child witnesses & their powerful vs powerless communication style & prosecuting attorney's leading vs nonleading questions, perceptions of testimony, college students, 17519

Oral Contraceptives—Serials
cigarette smoking vs transdermal nicotine administration with vs without oral contraceptive use, hemodynamic stress reactivity, 20–40 yr old males vs females, 34660
impact of October 1995 "pill scare" on oral contraceptive use, analysis of data in general practice automated database, England & Scotland & Wales, 41945
intra & interindividual variability in platelet serotonin receptor binding, healthy 18–79 yr olds & 21–24 yr old females using contraceptive pills, Sweden, 25498
left vs right turning preferences, 17–33 yr old males vs females taking vs not taking oral contraceptives, implications for ovarian hormonal modulation, 29330
oral contraceptive use & sexuality, 18–26 yr old females, 7564
self examination education with vs without prompt on oral contraceptive pill packages, frequency & timing of breast self examination, 13-40 yr old women, 1956

Oral Reading—Serials
artificial pitch change in auditory feedback, fundamental frequency & reading & speaking pitch, normal hearing adults with vs without nonoptimal phonatory habits, 40202
auditory feedback, sound pressure level & fundamental frequency contours during reading, deafened speakers with cochlear implants vs patient with Neurofibromatosis-2 who had hearing reduced, 39590
bilingual competence & structural properties & lexical borrowing in relation to Papiamento/Dutch code switching in reading sessions, Antillian 24–58 yr old mothers & their 4–7 yr olds, Netherlands, 22033
functional approach to intervention using storybook reading as communicative context, children with phonological disorders, 20366
icon depictions of nouns & adjectives associated with written words in Bridge vs "Whole Language" instruction, predictive & reading achievement & oral reading, 1st graders, Canada, 2 yr study, 36953
increased oral reading, text comprehension, 3rd graders, 43639
inversion errors in reading aloud & multiple choice matching task of auditory verbal numerals to Arabic numerals, mildly aphasic 54-yr-old male, Germany, case report, 42786
language choice & functional differentiation of languages in bilingual reading sessions, Antillian 24–58 yr old mothers & their 4–7 yr olds, Netherlands, 22052
lexical–semantic & reading task performance, 73–89 yr old female patients with probable Alzheimers disease with moderate vs severe semantic impairment, 31864
oral presentation previewing rates, accurate oral rereading rates, male 12 yr olds with reading skills deficits, 39270
oral reading & maze & vocabulary general outcome measures, prediction of comprehension & acquisition & retention performance on content area tasks, 6th–8th graders, 2182
phonological lexicon activation with printed & pictorial cues, oral reading & object naming accuracy, 59 yr old male with deep dyslexia, 36099
presentation of mirror-reversed word & nonword horizontal letter strings, reading aloud vs lexical vs semantic decision task performance, 53–88 yr olds with left neglect dyslexia, 42812
process of generation of prosody online during oral reading of Japanese sentences as assessed with eye voice span, adults, Japan, 15136
reading familiar vs unfamiliar storybooks, mothers' extratextual comments, mothers & their 3.3–4.3 yr olds, longitudinal study, 7329
response biases in oral reading, 62 yr old female with progressive impairment of semantic memory & surface dyslexia, test of "semantic glue" vs "summation" hypotheses, 4667
storybook reading as activity for language stimulation & milieu for intervention, preschool children with speech & language impairments, reading list appended, 20367
strategies used when reading to their children, profoundly deaf mothers of deaf or hard of hearing 3–5.3 yr olds, 23508
stuttering frequency & motor learning following adaptation procedure to oral readings vs unison readings of word passages, adult male stutterers, replication, 23225
vocabulary acquisition, single vs repeated reading vs questioning, expressive vs receptive 3–4 yr olds, conference presentation, 34828
word & pseudoword reading errors, 75 yr old dysgraphic & dyslexic male, implications for role of graphemic buffer in reading, 12431

Organ Donation [See Tissue Donation]

Organ of Corti [See Cochlea]

Organ Transplantation—Serials
akathisia & FK506 plasma levels, 26–73 yr old renal transplant recipients, 32693
cerebellar tissue transplantation & growth & differentiation of cerebellar grafts & interaction of heterotopic & orthotopic grafts, ataxic mouse mutants, literature review, 29378
comorbid Axis I & Axis II diagnosis, psychosocial adjustment & health status, 14–70 yr old heart or kidney or lung or liver transplant candidates, 1927
conventional chemotherapy vs bone marrow transplantation, psychosocial functioning & rehabilitation needs & quality of life, 16–45 yr olds with acute myelogenous leukemia, followup, 1949
dual diagnosis & degree of drinking relapse following liver transplantation, patients with cirrhosis or alcohol abuse or dependency, 7 yr study, 16763
ethical issues regarding the role of social work in organ sudden death & transplantation & family bereavement, 30022
exposure to policy expecting employment, posttransplant employment, patients who had undergone heart transplantations, replication, conference presentation, 39996
liver transplants, alcohol drinking, AA vs ANA male rats, 37936
neurological maintenance through use of bioartificial liver for bridge to organ transplantation, 10–50 yr old transplant patients, 27552
nutritional & biochemical & metabolic abnormalities & psychiatric comorbidity following small intestine transplantation, 27557
perceived parenting stress & family functioning, fathers of children evaluated for organ or bone marrow transplantation, 16759
personality & coping style & symptom distress & disease stage & quality of graft match & chemoradiotherapy experience, prognosis of survival, adult bone marrow transplant patients, 1–2 yr followup, 27568
predictive validity of pretransplant psychological assessment battery, posttransplant quality of life, cardiac transplant recipients (mean age 55.9 yrs), 28576
predisposing & psychosocial factors, psychological distress during first-year posttransplant, family caregivers to heart transplant recipients, 24180
pretransplant assessment of psychiatric diagnosis & coping style & psychosocial support, survival & health care utilization, cardiac transplant patients, 20069

pretransplant demographic & psychiatric variables, outcomes, 29–69 yr old alcoholic cirrhotics who underwent orthotopic liver transplantation, 27578
prevalence & predictors of depression & anxiety related disorders 1 yr after heart transplant, heart recipients, 27556
protocol to measure psychological distress, candidates for liver transplantation, 37522
psychological & cognitive status before vs after heart transplantation, 40–60 yr olds, 27555
psychological perspectives on next-of-kin & individual organ donation decisions, literature review, 24050
psychosocial adjustment & psychological distress & depression, 18–65 yr olds being evaluated for bone marrow transplantation, 24009
psychosocial consequences of receipt of left ventricular assist device, 19–66 yr olds, implications for heart transplant programs, 27577
psychosocial criteria used in assessment of candidates for organ transplantation & violations of Americans with Disabilities Act, 27570
psychosocial morbidity & family relationships, 5–16 yr olds awaiting heart or heart-lung transplantation & their families, England, 27576
quality of life & health & behavior & psychosocial functioning 1–3 yrs postsurgery, alcoholic vs nonalcoholic 22–70 yr old recipients of liver transplants, 1926
quality of life before & after kidney-pancreas transplant, patients with diabetes & end stage renal disease, 5 & 12 & 18 mo followup, letter, 31569
quality of life following transplantation, patients who received heart vs lung vs liver transplant, 27564
selection practices for liver transplants regarding difficult alcohol dependent applicants, transplant team psychiatrists or psychologists, 16818
serial measurement of anxiety & sadness & euphoria, renal transplant recipient & his donor brother, 20109

Organic Brain Syndromes [See Also Alzheimers Disease, Dementia, Toxic Psychoses]—Serials

association of hypersomnolence with spectrum of disorders based on hypothalamic dysfunction of other organic CNS syndromes, 16309
clozapine tapering, acute brain syndrome, male 34 yr old with schizoaffective disorder treated with lithium & clozapine, case report, 5029
dihydroergocristine, reversal of cognitive impairment by alcohol abuse induced organic cerebral psychosyndrome, 28–61 yr olds in alcohol rehabilitation, 20333
estimations of prevalence of organic & other mental disorders among long term care facility residents, psychiatrists vs primary care physicians vs nurses, implications for patient care, 22674
melperone treatment, 32 yr old female with organic delusional syndrome induced by hyperprolactinemia, Turkey, case report, 36514
prevalence of orthostatic hypotension & heart disease & low blood pressure & falls & fractures, patients with Alzhemer's disease vs frontotemporal dementia vs vascular dementia, 31854
psychogeriatric hospital admission, dependency level, adults (mean age 77 yrs) with organic brain syndromes vs functional psychiatric disorders, England, 11 mo study, 43416
stepwise comparative status analysis as neurological/psychiatric examination, assessment/identification of regional brain syndromes, 48–79 yr olds with dementia, Sweden, 26421
validity of DSM-III-R category & hospital process variables, patients (mean age 49.1 yrs) with dementias vs substance induced vs Axis III related & mixed organic mental disorders, 39558

Organic Therapies [See Also Drug Therapy, Phototherapy, Psychosurgery, Shock Therapy, Vitamin Therapy]—Serials

biological & pharmacological treatment, patients with rapid-cycling bipolar disorder, 27429

Organizational Behavior [See Also Employee Interaction, Organizational Effectiveness]—Serials

actionable knowledge & issues in organizational science, commentary, 17357
actor-network theory as framework & analytical tool for political & organizational context of systems design & participation, 28295
administrative processes, paternity & child support policy, county social service agencies, Wisconsin, implications for gender relations, 35101
amount & preference & value of work related information from interpersonal vs informal vs official company publications sources, professional services employees, 10111
analytic account of relationship of citizens & professionals in management of schools, 20517
anticipation, newcomer socialization processes & outcomes, new college graduates employed in career appropriate positions, 37197
application of agnostic interest-oriented framework to paradigm war & related controversies in organization science, Britain & North America, 17364
application of Tavistock Group Relations Model to systemic perspective on group & organizational behavior in community mental health & protective service settings, 5300
application of theory of narcissism to organizational behavior & group dynamics & implications for self-esteem & legitimation processes, 40593
assumption of accumulating knowledge & role of representation & values in organization science & development of professional dialog, commentary, 17370
beliefs & pragmatic conceptions & moral principles, managerial styles of thinking & working practices, managers, 1 yr study, 17334
beliefs about work & attitudes toward organizational climate & achievement motivation, 25–42 yr old bank managers, Bangladesh vs India, 26021
career specialization & corporate strategy at time of succession, previous vs successor CEOs, 1981–90 vs 1957–81, test of population ecology hypothesis of organizational inertia, 43730
changes in organizational attitudes & values & beliefs & understanding to accommodate employee needs, employees with disabilities, 13980
clinical & human resource planning, downsizing & reorganization of public psychiatric hospital, Canada, 24274
clinical organizational perspective on reactions to & ways of coping with downsizing, victims & survivors & executives, 24771
coalitions & group influence approach to conflict management in organizational buying, 17385
cognitive & organizational factors, software development, management & technical project personnel, UK, 24778
collaborative communication with high vs low integration & control in interfirm relationships, perceptions of commitment to & satisfaction with & coordination of activities, computer dealers, 2320
conception of learning organizations & contributions to organizational development, 10128
conceptual framework for antecedents & interdependencies of control mechanisms in buyer–supplier relationships, chemical manufacturers & suppliers, 14053
conceptual framework for reciprocity & diffusion of board independence & structure & social exchange relationships among coporate leaders, CEO directors, 33695
conceptual utility & sociopsychological significance of collective climates in organizations, employees, 24774
concern for others, acceptance of & willingness to act on performance feedback, college students, implications for organizational behavior, 22474
consideration of colleagues' opinions in managerial task activities, Chinese vs Filipino bank managers, Philippines, 24775
content & patterning & influences of ethical issue emphasis, senior employees of companies, England, 13983
continuity & change in organizational research & development of theories of organizational action, 33685
contributions & critiques & disciplines of organizational learning, literature review, 43808
corporate cultural fit & autonomy removal & commitment of managers, effectiveness of integration process & financial performance of mergers, top level managers, 24779

corporate governance & ownership & entrepreneurship & moderating effect of industry technological opportunities, Fortune 500 companies, 24781
cybernetic model of impression management processes in organizations, 24765
definition of corporate consciousness & implications for industrial/organizational psychology, 10123
definition of corporate consciousness & relation to construct of social responsibility, implications for methodological issues & selection of viable research topics, 10112
definition of corporate consciousness based on cognitive & social & organizational literature vs construct of social & moral responsibility, commentary, 10116
definitions & cognitive vs behavioral & individual vs organization perspective in organizational learning, literature review, 10119
dependence & satisfaction in interorganizational power relationships in marketing, commentary, 5816
description of content/processes/roles model of organizational communication & use of model for analysis of task force communication in pharmaceutical firm, 33678
design causality in studies of organizational transformation of knowledge with high external validity into actionable knowledge, 17358
development & perceived function of multiorganizational networks & role in community economic & social development, network participants, 2318
differences between organizational learning in theory & practice, demonstrable actions of organizations responding to Hurricane Andrew, 24766
diffusion of competency in collective learning, 10127
dimensions & antecedents & consequences of emotional labor in organizations, implications for emotional exhaustion & lower job satisfaction, 13982
director reputation & intraorganizational dynamics of power, retention & selection of director & formation & dissolution of interorganizational ties, corporate CEOs & boards of directors, 1985–92, 13991
distributive & procedural & interactional justice, retaliatory behavior, manufacturing employees (mean age 30.7 yrs), 33671
effectiveness of brainstorming groups in product design firm, CEO & managers & engineers & other staff, 20798
environmental change, reduction of cognitive dissonance & alignment of logics of action across organizational levels, airline employees during deregulation, model of organizational transformation, 13966
epistemology & advocacy of normative rhetoric in organization science, commentary, 17367
establishment of community & government institutions & intergroup competition & cooperation & collective action, evolution of hotel populations around Niagara Falls, 20793
ethnographic analysis of role & activity and knowledge base as ideal occupational type, technicians, implications for organizational behavior, 13968
examination of workgroups' propensity to comply with safety rules & micro & macro organizational factors that may impact this behavior, managers & other personnel from manufacturing plants, Canada, 20828
existing theoretical models of organization of technical knowledge & alternative model incorporating strategies of social closure, empirical evidence from large & small firms, Scotland, 2322
expectations of power hierarchy & persistence of bureaucratic rule, feelings of injustice after violation of succession rule, 18–25 yr olds, Netherlands, 10090
extent & consequences of & strategies to combat workplace bullying, employees, 37205
extent of diversification & corporate social performance, 157 business firms from 20 industries, 43823
feeling of success at beginning & admission of failure at end of organizational intervention, implications for dynamic effects of assumptions, 40599
feminist perspective on traditional theories of sexual dimorphism in organizational life, 24760
feminization of management qualities in contemporary management texts, 20748
financial performance & contract incentives of managed behavioral health care organization, 43331
flexibility & control & cooperation processes within export–distribution channels, performance, manufacturers & their foreign-based distribution partners, 17359
genetic & algorithm based model of organizational evolution & learning & selection, 17360
group decision support systems & facilitated solution of multicriteria problems during computer supported meetings, 15572
group support computerized systems, relationship & role building in group facilitation meetings, facilitator & technical support person, 15606
hospital size & ownership & structural & administrative & resource interorganizational links, innovation, analysis of data from 400 hospitals, 40596
hubris or exaggerated self-confidence as motivation for large premiums paid for acquisitions, chief executive officers, 33683
human resource management & system structure, organizational performance, 24712
human resource management practices, perceptual measures of organizational performance, nonprofit & for-profit organizations, 24714
identification of critical success factors for self-managing teams, managers & team members, 43824
ideology & social capital in creation & control of entrepreneurial behavior in corporate culture, 24768
impact of opportunism & participative communication on system performance in franchise structures, fast-food franchisees, 24769
importance of culture in understanding how organizations function, 33689
individual differences in attitudes about corporate social responsibility & ethics, employees vs college vs graduate students, Canada & US, 33662
individual vs organizational innovativeness & communication vs location interdependence & task analyzability, usage & evaluation of voice mail system, insurance & chemical company personnel, 10122
integration of organizational behavior concepts into therapy, mitigation of intraracial defamation & overload & job socialization failures, 35 & 47 yr old African American females, case reports, 4772
integration of total quality management & sociol-technical systems theory work design strategies to achieve organizational stability & flexibility, 43816
integrative model of determinants of effective innovation implementation in organizations, 13979
inter-rater agreement, multisource performance appraisal, organizations, 40554
interorganizational collaboration on telephone crisis line following urban riots, 32911
interpretation of organizational messages & impact on organizational behavior, professional women, UK, 33677
intragroup dynamics, activism & organizational success, grassroots peace organization, 979
job satisfaction & person–organization fit & leadership support & fairness in reward allocation, organizational citizenship behavior, cellular phone vs real estate salespeople, 40582
manage-by-pay scheme vs team contingencies, organizational behavior change, 28220
measurement & development & use of intellectual capital in public sector & non-profit organizations, 40560
men & non-organizational experiences of violence, organization behavior of management practices, 43814
mentoring & organizational justice, managers who had vs had not been mentored, Australia, 43822
model for study of communication support systems, organizational computer based communication technologies & human & computer based knowledge workers within organizations, 20792
model of antecedents & outcomes of sexual harassment in organization, sexually harassed vs non-harassed female employees (mean age 41 yrs), 39148

model of team learning in organizations, employees of a petrochemical company & a manufacturing company, 40598
modernist vs postmodernist social constructivist approach to organization science, 17371
need for organizational research on time & relative importance of dispositional vs situational influences on employee well-being & other organizational issues, 43825
negative vs positive reputation of firm, tolerance of ambiguity & decision to form alliance, MBA & executive MBA students, 5782
network analysis model of social contagion effects on perception of self & others, corporate executives in organizational intervention during merger, 13970
nonwork domains & coping strategies & organizational response, organizational commitment to local units & head offices, school district employees, Canada, 43787
normative institutional resistance to college psychological services, 5714
observational study of organizational & individual functions of farewell retirement parties, retirees, Israel, 17375
open-ended conversations in company hallways as metaphor for how organizations learn & build collective meaning, 28217
opponent's concession behavior & 3rd party intervention, perception of process & decision control & distributive justice & 3rd party, college student negotiators, 10324
organizational behavior & ethnography & anthropological studies, 43803
organizational citizenship behaviors, quantity & quality of work group performance, paper mill machine crew members, 24776
organizational learning perspective for creating effective university–industry alliances, 28126
organizational politics & support, work behaviors & attitudes & stress, part time vs full time employees, 33679
organizational practices, organizational commitment & role conflict & ambiguity & job satisfaction, 23–60 yr old boundary spanners, Netherlands, 2312
organizational selection practices, personnel practitioners, Ireland, 33611
organizational stability, organizational age norms & age related self judgments & influence on work related behavior, managers, conference presentation, 5785
organizational type & hierarchical level, perceptions of hospital issues, nurses, 24475
outcome-based incentive compensation & moderating effects of competition & customer profile & supervisory monitoring, sales & customer satisfaction & profit, retail department stores, 24763
passive vs opportunistic models of strategic simplicity in organizational adaptation in furniture vs software industries, 17379
patterns of communication & interaction associated with productivity, global business team members, 5783
perceived organizational factors & trust behaviors, perceived effectiveness of sales partner relationships, computer industry salespersons, 17384
perceptions of downsizing & job loss, 21–61 yr old displaced white collar workers, Canada, 43791
perceptions of formal organizational policies & procedures vs supervisors as responsible for procedural fairness in performance evaluations, 17–67 yr old exempt vs nonexempt employees, 43786

organizational mediation of collective identity, New York Lesbian & Gay Film Festival, 3744
perceptions of orchestral organizational features & interpersonal processes & behavior of leaders following sociopolitical changes, orchestra musicians, Germany, 13964
perceptions of policy for prevention of child sexual abuse, children's charities vs survivors & survivors' organizations, implication for social workers & need for interagency collaboration, 9403
physical & economic & social environment, individual & block-level participation in grassroots community organizations, residents, 7 yr study, application of community empowerment model, 998
political & ethnic organization & electoral participation & school focused parental involvement, naturalized vs native born Mexican American & Puerto Rican American & Cuban American adults, 30206
position in formal structure & personal characteristics, choice of advisor in law firm, lawyers, 43813
postmodernism in social science & epistemology & organizational studies, framing of issues in terms of modernism/postmodernism, 2258
role of affect in negotiation at dyad & organizational levels, 38670
sex & organizational role & size & dual career status, attitudes toward paired employees, husbands & wives working in same organization, 10107
survey of assessment center practices in organizations, 28129
theory of individual creative action within organizational settings, 13973
traditional authority concept & ethical & cultural implications of power knowledge framework in Foucault inspired organization theory, 43726
traditional authority concept & ethical & cultural implications of power knowledge framework in Foucault inspired organization theory, commentary, 43728
type of organization & target audiences for & perception of advantages & disadvantages of General Aptitude Test Battery, 21146
unit of analysis & cognitive vs behavioral emphasis & learning performance relationship in organizational learning theory, literature review, 10113
use of strategic reference points, decision making & performance-based consequences of decisions with regard to human resources in organizations, managers, 13967
values & attitudes based on personal tragedy or medical model of disability, exclusion from positions of authority & power in charitable organizations, disabled vs nondisabled personnel, Wales, 8457
Orgasm [See Also Female Orgasm, Male Orgasm]—Serials
spinal cord injury & sexual desire & activity & orgasm & arousal, females, 31628
Orientals [See Asians]
Orientation (Perceptual) [See Perceptual Orientation]
Orientation (Spatial) [See Spatial Orientation (Perception)]
Orienting Reflex—Serials
calculation of time to impact vs detection of looming stimulus of approaching ground, visual modulation of air righting, male rats, implications for role of superior colliculus & visual cortex cells, 6659
stimulus intensity, heart rate response, 37–40 wk old human fetuses, 29784
Orienting Responses—Serials
brief airpuff stimuli, cardiovascular response magnitude & latency & habituation, male normotensive vs spontaneously hypertensive rats, 11091
differential allocation of attentional resources & skin conductance orienting responses & secondary RT, schizophrenic adults & college students at risk for psychosis, 30982

individual differences in movement inhibition during orienting response, enactment during wakening & sense of reality & self perceptual depth in dreaming, college students & adults (mean age 26 yrs), 29008
semantic similarity in guilty knowledge paradigm, orienting response & skin conductance generalization, college students, 6763
skin conductance orienting response, college students with vs without schizotypal personality disorder, 19265
stimulus novelty vs significance, skin conductance orienting responses, college students, 6778
subjective responses to novelty in psychoanalytic situation as manifestation of biological orienting reflex & knowledge acquisition in course of learning, 15764
temporal frequencies of female speech sounds vs repetitive heart beat sounds, rightward bias in head turning orientation toward sound, newborns, 7173
threat vs neutral word stimuli, initial eye fixations & orienting & electrodermal responses, patients with PTSD, 4197
Wisconsin Card Sorting Task performance & delayed skin conductance orienting response, patients with schizophrenia, 22859
Originality [See Creativity]
Orphanages—Serials
experience of neglect in orphanages, neurological & emotional development & attachment behavior, refugee children, Eastern Europe, 25680
living in orphanage vs at home, cognitive & affective & personal development, 6.1–7.3 yr olds, Russia, 32854
long-term care for disadvantaged children, adult educational attainment & median incomes & attitude toward life & other social & economic measures, orphanage alumni, 36758
Orphans—Serials
long-term care for disadvantaged children, adult educational attainment & median incomes & attitude toward life & other social & economic measures, orphanage alumni, 36758
prevalence of depression or depressive mood, 9–16 yr old orphans & street children, Brazil, implications for prevention, 11954
psychosocial problems & needs, 9–16 yr old orphans & their caregivers & community workers, Zimbabwe, implications for development of support systems for AIDS affected communities, 43374
social disadvantage, basal arousal & response habituation & adjustment, 18–22 yr old female institutionalized orphans vs deaf & dumb Ss living in hostels vs normal Ss living in hostels & at home, 30689
social emotional states & cognitive development, 4–7 yr old orphans vs refugees living in families following war & drought, Eritrea, reprint, 29836
Orthogonal Rotation [See Also Varimax Rotation]—Serials
confirmatory factor analysis vs Procrustes rotation, replicability & normative generalizability of 5 factor structure of Revised NEO Personality Inventory, adults, US & China, replication, 2553
iterative majorizing rotation method for orthogonal simple structure factor solution, 14454
sampling distribution & factor patterns of congruence coefficient using orthogonal Procrustes rotations with simulated data, 17756
Orthography—Serials
access to orthographic knowledge during masked & brief priming in letter-by-letter surface alexia, 45 yr old male with subarachnoid hemorrhage, 4651
amodal graphemic vs abstract letter-form representations, letter substitution errors in written spelling, brain damaged 64–75 yr old dysgraphic males with intact oral spelling, 39543
automony of lexical phonology & orthography in spoken & written naming tasks, 51 yr old male stroke patient, case report, 36045
component function, visual recognition of Chinese characters, college students, China, 34268
contributions of orthographic & phonological representations in reading comprehension, 34742
damaged recurrent network model of phonologic & orthographic dissociations, application of dynamic systems theory, 34745
dissociation between output phonological & orthographic lexicons, 64 yr old male aphasic stroke patient, case report, 36142
distinctive orthographic to phonological mapping, memory enhancement, college students, 21421
Hebrew orthography using backward masking, prelexical phonological computation of print, young adults, Israel, 25260
language proficiency & orthographically related vs dissimilar primes, target word recognition in bilingual lexical decision task, French–English bilingual vs French monolinguals, France, 41558
lexical access mechanisms in speech & written language & two stage model, phonological & orthographic lexical forms, 34740
lexical route of translation, reading of shallow Turkish orthographies, adults, Turkey, 29684
magnitude of perceived angular velocity in orthographic projections of 3D objects, accuracy in discriminating rigid vs nonrigid motion in kinetic depth effect, college students, Italy, 37609
morphemic units as output of orthographic lexicon, 45 yr old male with brain injury, 12578
nonword orthographic rime primes, pronunciation of irregular vs regular target words, college students, Australia, 6295
orthographic & semantic ambiguity, word naming & lexical decision, college students, implications for distributed memory models, Australia, 6293
orthographic consistency, severity of written language impairments, German vs English 10–12 yr olds with dyslexia, 42632
orthographic neighborhood structure & frequency, lexical decision latency & error rate, college students, 11266
orthographic neighborhood, visual word recognition in progressive demasking vs lexical decision vs naming vs semantic categorization tasks, college students, Spain, 37696
orthographic vs morphological pseudoword structure, lexical decision & naming, native Italian-speaking college students, 29675
orthographically &/vs semantically related vs unrelated distractor words, Stroop-like effect in picture naming task, college students, Netherlands, commentary, 6337
orthographically &/vs semantically related vs unrelated distractor words, Stroop-like semantic interference effect in picture naming task, college students, Netherlands, commentary reply, 6345
phonological & functional & syntactic awareness & decoding & listening comprehension & spelling & word-pseudoword identification, reading proficiency, 1st graders, Turkey, 29811
phonological & orthographic components of lexical semantic system, adult with aphasia, case report, 36113
phonological & orthographic processing, mentally retarded 10 yr old male with semantic memory impairment & hyperlexia, case study, 19465
phonological & orthographic processing, reading ability, reading disabled kindergarten vs 1st vs 2nd graders with vs without discrepancies in IQ, 1–3 yr study, replication, 12365
phonological &/vs orthographic basis for masked translation priming of cognates vs noncognates, Hebrew vs English dominant bilingual adults, Israel, 41566
preexisting vs perceptually dissimilar orthographic codes, priming for normally displayed words vs pseudowords, college students, 6294
prior encoding episode, integration of orthographic & conceptual information during incidental vs intentional retrieval, college students, 10738
reading ability & context use, orthographic processing during silent reading, poor readers (mean age 12.1 yrs) vs normal readers (mean age 8.9 yrs), Netherlands, 15202
regular vs irregular nonwords, masked homophone vs pseudohomophone prime inhibition vs facilitation of lexical decision, college students, France, 17900

similar vs dissimilar & auditory vs visual & correct vs incorrect orthographic primes, word fragment completion memory blocks, college students, 21448
stroke vs stroke pattern in orthographic units of Chinese characters, word recognition, 20–35 yr old native Chinese speakers, England, 17896
submorphemic processing in visual recognition of Chinese characters, native Chinese speakers, Australia, 34289
surface vs phonological subtypes, 9–15 yr olds with developmental dyslexia, 12367
understanding of alphabetic representations of phonological structures of speech, preschool children, Australia, 21997
use of analogies & priming effects, automatic activation of sound-letter knowledge in spelling, 6–7 yr olds, 13754
visual field laterality, Hangul syllabic vs Hanzaa logographic script judgments, native Korean reading college students, 34246
word level reading skills & orthographic rime usage in nonword reading, 2nd & 4th & 6th graders, Australia, 11333
Orthopedically Handicapped [See Physically Disabled]
Osteoporosis—Serials
attitudes & values & beliefs on diagnosis & treatment of osteoporosis, 55+ yr old 1st vs 2nd generation Japanese-American females, 31610
bone mineral density, 33 & 56 yr olds with chronic schizophrenia, letter, 30923
experiences of vertebral fractures, 58–86 yr olds with postmenopausal osteoporosis, 4556
health care satisfaction, 60–89 yr old patients with osteoarthritis, 5276
onset of mania following hormone replacement therapy, 85 yr old female with osteoporosis & mild seasonal depressive symptoms, 32595
physical exercise program, flexibility & agility & strength & endurance & spinal bone mineral density & psychological well being & perceived health & back pain, 50–70 yr old females with low bone mass, 24067
possible pathophysiological processes of accelerated osteoporosis, psychiatric patients, 30758
predictors of osteoporosis prevention behaviors of calcium intake & exercise participation, female college students, 24063
Otosclerosis [See Ear Disorders]
Out of Body Experiences—Serials
EEG & skin conductance level during re-creation of out of body experience in laboratory, 20–75 yr olds, implications for schizotypal personality, 14689
out-of-body experiences & telepathy & clairvoyance & dreams & brain-scanning devices, male claiming frequent out-of-body experiences, 18029
re-creating out of body experiences in laboratory, 20–75 yr olds, implications for schizotypal personality, 14690
relationship between out of body experience & dissociative behavior & interpretations suggested by new orientations in physics & New Science & Chaos Theory, 14692
similarities between psychospiritual evolutionary theory of symbolism & inspiration & imagery of Homer's Odyssey & psychophysical characteristics of ecstatic out-of-body & near-death experiences, 29021
Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]
Outcomes (Treatment) [See Treatment Outcomes]
Outgroup Ingroup [See Ingroup Outgroup]
Outpatient Commitment—Serials
outpatient civil commitment, community tenure & functioning, severely mentally ill patients (mean age 41.4 yrs), 27671
Outpatient Psychiatric Clinics [See Psychiatric Clinics]
Outpatient Treatment [See Also Outpatient Commitment] —Serials
abstinence vs nonabstinence from masturbation over 30 day period, intensity of adult & child sexual urges & fantasies, male pedophiles in outpatient treatment, 13503
application of social learning theory to medical education in ambulatory care settings, medical students, 24418
characteristics & treatment strategies, cybersex addicts in outpatient community based treatment program for sex offenders, 4735
chronic antidepressant & concomitant use of & other prescription drugs, 15–84 yr old ambulatory care patients, longitudinal study, Sweden, 39197
client satisfaction with outpatient services in clinical psychology, adult patients at university-based clinic, New Zealand, 27674
clinical & demographic variables, patients missing psychiatric outpatient appointments, Hong Kong, 6 mo followup, 23642
clinical assessment & outpatient treatment of suicide, research review, 8124
cognitive impairment & confrontation with stressful life events, use of outpatient physician services, male vs female 65–75 yr olds & older, 13296
community demographics, prevalence & characteristics, female domestic abuse victims in rural vs urban community family practice outpatient clinics, conference presentation, 31218
comorbidity of psychiatric disorders, adults seeking treatment for pathological gambling, 4016
components of & clinical & research functions & benefits of program evaluation in a psychiatric day treatment program, Canada, 43363
conceptual model with stages of change & motivational interventions & harm reduction for substance use reduction in outpatient psychiatric treatment, mentally ill patients, commentary, 2006
conceptual model with stages of change & motivational interventions & harm reduction for substance use reduction in outpatient psychiatric treatment, mentally ill patients, commentary, 2015
conceptual model with stages of change & motivational interventions & harm reduction for substance use reduction in outpatient psychiatric treatment, mentally ill patients, 2061
continuous quality improvement plan, increased access to outpatient mental health services, HMO case study, 2 yr study, 36708
cost of outpatient antipsychotic therapy, revolving door schizophrenic patients, application of pharmacoeconomic clinical decision analysis model, 5022
detection rates of domestic violence in emergency department, doctors & nurses, Australia, 33006
development of consultation liaison psychiatry fellowship program in outpatient primary care, fellows, 33223
doctor–patient communication & patient satisfaction in outpatient consultations, patients with diabetes mellitus, 43267
easy access to VA ambulatory services, overall outcome, patients with bipolar disorder, 32878
effectiveness of aftercare provided by forensic psychiatric outpatient treatment following hospital order treatment, mentally ill offenders, Germany, 9659
evaluation of efficiency of outpatient psychiatric treatment for PTSD at current intensity levels, service utilization, male veterans, 24267
evaluation of forensic day treatment program, personality disorder symptoms & hostility & general psychopathology, 17–64 yr old perpetrators of sexual vs nonsexual crimes, 20371
evaluation of therapeutic approach & factors predictive of change & therapeutic outcomes, patients (mean age 38 yrs) in psychiatric day-treatment, 32879
family's expressed emotion & individual inpatient psychosocial intervention with vs without family intervention followed by outpatient treatment, relapse rates, young adult psychiatric patients, 24272
general & drug use & medical & psychological & social criteria for admission & patient management guidelines for outpatient ambulatory alcohol detoxification programs, 33028
goals & considerations in provision of short-term outpatient medical crisis intervention, clinicians, 9233
implications of cognitive theory & research for ambulatory care education, 33190
measure of awareness of illness & correlation with outpatient treatment adherence, schizophrenic 18–55 yr olds, 6 mo study, 15935

minority status & onset of substance abuse & educational level & mode of drug administration, prediction of early attrition, cocaine abusers in outpatient treatment, 24297
number of visits & patients seeking psychiatric treatment, match between need & treatment, 15–54 yr old outpatients with mental illness, US vs Canada, commentary, letter, 40072
number of visits & patients seeking psychiatric treatment, match between need & treatment, 15–54 yr old outpatients with mental illness, US vs Ontario Canada, commentary, letter, 40070
numbers of visits & patients seeking psychiatric treatment, match between need & treatment, 15–54 yr old outpatients with mental illness, US vs Canada, commentary reply, letter, 40071
numbers of visits & patients seeking psychiatric treatment, match between need & treatment, 15–54 yr old outpatients with mental illness, US vs Ontario Canada, 27670
object relations development & premature treatment termination, 21–39 yr old female expressive psychodynamic psychotherapy outpatients with borderline personality, 1678
outpatient civil commitment, community tenure & functioning, severely mentally ill patients (mean age 41.4 yrs), 27671
outpatient geriatric evaluation & management vs usual outpatient primary care, health care utilization & cost, outpatients aged 55 yrs and older, 24 mo study, 40073
outpatient graded exposure & response prevention, self monitoring of treatment outcomes, male 45 yr old Israeli immigrant with obsessive compulsive disorder, 1996
Outpatient Long-term Intensive Therapy for Alcoholics, male 25–58 yr olds with treatment-resistant chronic alcoholism, 33044
outpatient maintenance ECT, rehospitalization & functional capacity, catatonic schizophrenic 44 yr old male with history of tardive dyskinesia, 9196
outpatient treatment provided by forensic inpatient units, mentally ill offenders, Austria, 9657
outpatient vs residential drug treatment program & heroin vs cocaine as primary drug problem, demographic & drug usage profiles, drug treatment clients, 16967
patient companionship & sociodemographic & clinical variables, persons accompanying patient to hospital & community response to mental illness, psychiatric outpatients, Senegal, 20170
patient sociodemographic & clinical characteristics, persons accompanying patients to hospital as community response to mental illness, psychiatric hospital outpatients, Senegal, 20169
personality disorders among persons seeking admission to an outpatient chronic pain treatment program, males & females with chronic pain conditions (mean age 40.2 yrs), 26582
prediction of retention/completion of court ordered vs voluntary outpatient drug abuse treatment, postpartum female 16–45 yr olds in intensive neurobehavioral vs traditional outpatient program, 2076
provision of outpatient mental health care in nonhospital settings & patient characteristics, psychiatrists vs psychologists vs general medical physicians vs other health professionals, 13298
psychiatric diagnoses of forensic clients & treatment in outpatient services, administrators of forensic institutions, Germany, 9660
psychiatric services in VA substance abuse treatment programs, 1990 vs 1994, patients, 27780
psychotherapy as adjunct to pharmacotherapy, outpatients with bipolar disorder, 4746
receipt of outpatient services, representativeness of clinical samples, 9–17 yr olds with mental disorders, implications for population based studies, 20223
reduced costs & alcoholism treatment utilization & outcomes, alcoholic adults with no previous treatment history attending Alcoholics Anonymous vs outpatient treatment, 3 yr study, 2066
referral intensity, engagement & relapse & retention in outpatient treatment, females (mean age 33.5 yrs) with alcohol or other drug problems, 33058
reforms in outpatient mental health care & accessibility & treatment costs & managed care issues, military medical center psychologists, 5287
reinitiation of outpatient occupational therapy, 21 yr old female with traumatic brain injury, case report, 13474
satisfaction with community mental health clinic & patterns of outpatient service use, 18–55 yr olds with schizophrenia, 32933
service requests & satisfaction, outpatients, commentary reply, 32882
service requests & satisfaction, outpatients, commentary, letter, 32881
sex, outpatient clinic use & presentation patterns & physician actions in relation to gender, patients with alcohol abuse history, 5244
social & clinical characteristics & feasibility of outpatient care, HIV-positive destitute patients, France, 43362
social & clinical characteristics, engagement in outpatient treatment, 50 yr old and older patients, 24174
sociohistoric background & organization & financing of deinstitutionalization & outpatient care in mental health services, Germany, 32849
standards for monitoring therapeutic levels of lithium in general practice vs psychiatric outpatient settings, psychiatric patients, England, letter, 5281
subscales of Brief Psychiatric Rating Scale, treatment outcome prediction, psychosocial day program clients (mean age 37.6 yrs), 43338
use of psychiatric outpatient services, Asian adults with learning disabilities, UK, 16834
use of quality assurance vs continuous quality improvement in outpatient psychotherapy, 8769
5-criteria model for intensive outpatient behavioral health care programs, 21–59 yr old outpatients with severe mental illness, 27672

Outpatients—Serials

attitudes toward & actual voting participation in election, hospitalized patients vs outpatients with schizophrenia, Israel, 42336
concrete vs abstract feature recognition, inpatients vs outpatients with schizophrenia vs schizoaffective disorder, application to interpersonal situations & social cognition, 12030
contraceptive use & childrearing outcomes, male psychiatric outpatients, New Zealand, 42142
development of patient satisfaction measure, psychiatric outpatients, 28503
diagnostic agreement between clinicians & Diagnostic Interview for Children & Adolescents-Revised, 6–17 yr old outpatients & their parents, Spain, 35465
differences in depressive symptomatology, inpatients vs outpatients with schizophrenia, 31012
methodologic & logistic issues in nursing intervention studies, female outpatients, 43335
preferences for aspects of quality of care, 18–75 yr old outpatients with chronic diseases vs medical specialists, Netherlands, 20224
prevalence of panic disorder, cardiac outpatients with vs without heart palpitations, Canada, 31724
profiles of subjective quality of life, adult in- vs out-patients with schizophrenia, Germany & Wales, 30997
psychiatric &/or substance abuse disorder rates & dual diagnosis subtypes, mental health &/vs substance abuse outpatients, 42149
role expectations & burden of care & prevalence of mental illness, carers of 19–79 yr old former long-stay psychiatric inpatients, Northern Ireland, 24234
sexual abuse severity & anxiety & affective disorders, adult females in psychiatric outpatient clinic, 30776
validity of SCL-90-R adolescent & adult statistical norms, outpatient vs nonpatient college students, clinical implications, 34030

Outreach Programs—Serials

community development geriatric mental health outreach program, elderly patients, 13321

continuous relationship model of tasks for developing & maintaining relationship between outreach worker & homeless mentally ill client & delivering ongoing services & addressing clinical issues, 2016
costs of prevention outreach programs vs medical treatment, injection drug users vs 12–23 yr old street youth at risk for HIV infection, 27614
help seeking from mental health agencies & professionals vs family & community for child's problems, African American & Latino vs White families, implications for minority alliance & outreach, 16853
inner city 24 hr psychiatric outreach service, rate & duration of hospital admissions, homeless schizophrenic clients, Australia, 4 yr followup, 9404
outreach program for & demographic & descriptive variables of elderly alcoholic patients in rural South, alcoholic vs nonalcoholic patients, US, 40167
psychiatric outreach project, homeless mentally ill, Denmark, implications for social psychiatry theory & practice, 24101
service characteristics, functional outcomes from community support programs, 18–60 yr olds with schizophrenia or schizoaffective disorder, 3 yr study, 36710
sexual risk & other risk behavior & condom use vs unprotected sex & exposure to street outreach services, HIV risk, 12–23 yr old injection drug users & high risk youth, 12507
standard National Institute on Drug Abuse vs local innovative intervention, change in HIV risk behaviors, African-American male crack cocaine users, 2 yr followup, 27600
state-wide efforts to increase participation in diagnostic outreach centers, Hispanic & African American & Asian families with relative with Alzheimer's disease, 5259
suicide & homicide rates, petitioners & respondents & family members in domestic violence injunction programs, 3 yr study, 12169
value of relationships with children, 20–74 yr old Big Brothers, 24210
Outward Bound [See Wilderness Experience]
Ovariectomy—Serials
estradiol &/or progesterone, pain sensitivity & brain opioid receptors, ovariectomized rats, 25577
lesion in septum vs preoptic area vs dorsal raphe nucleus, progesterone-induced lordosis & soliciting behavior, ovariectomized female rats, 11003
male vs female gonadectomy with vs without male orchidectomy vs testosterone implants, sexual behavior & male-male competition, big brown bats, 18233
ovarian hormones, cardiovascular risk factors & BP & lipids & weight & physiological stress reaction, premenopausal 40–50 yr olds pre & post hysterectomy &/vs bilateral salpingo oophorectomy, followup, 39918
ovariectomy with estradiol & progesterone, coital interaction intensity & duration as reward in conditioned place preference paradigm, freely moving female rats with access to confined males, 21902
Ovaries—Serials
ovary & poison gland change, behavioral ontogeny & functional stages, intranidal vs extranidal ponerine worker ants, implications for physiological maturation vs age polyethism, 29114
role of hypothalamic pituitary ovarian axis in mood disorders, literature review, 1978–1993, 12010
Ovary Disorders [See Endocrine Sexual Disorders]
Over The Counter Drugs [See Nonprescription Drugs]
Overachievement (Academic) [See Academic Overachievement]
Overlearning—Serials
discrimination between multiple & related vs unrelated stimulus components displayed together, concept learning, 4.5 yr olds, comparison of overselection vs concept learning designs, 18521
overtraining, limbic thalamic lesions induced impairment of acquistion & retention of discriminative avoidance behavior, male rabbits, 21654
Overpopulation—Serials
consequences of governmental intervention through family policy with focus on China's population problem & 1 child mandate, implications for Western society, 30149
typology & qualitative model of causation for use in assessing contributions of population growth to pollution & lost biodiversity & natural resource depletion, 37270
Overweight [See Obesity]
Ovulation—Serials
alcohol, fetal development & pre-ovulatory oocytes, human females, 35811
combined olfactory contact with parent colony & direct contact with nonbreeding members, suppression of ovulation, isolated female naked mole rats, 38044
dominance status, times of ovulatory LH surge & characteristics of rise in circulating progesterone, deer, 38034
manipulation of social status as dominant vs subordinate, social behavior & ovarian function & hypothalamic-pituitary-adrenal function, adult female monkeys, 29176
presence vs absence of males, molting & diel ecdysial rhythm & fecundity & ovulation & resulting reproductive opportunities, female amphipods Eogammarus oclairi, 2965
time of day & frequency of within- vs extra-pair copulation attempts & mate guarding during preovulatory & ovulatory periods, monogamous vs primary vs secondary female vs male European starlings, 41269
Ownership—Serials
age & gender differences in nature & meaning & function of cherished possessions, 6–18 yr olds, 3325
agency theory & role of knowledge asymmetry in exchanges between business principals & their agents, 40567
attitudes toward learning & management skill self-development, small business owners, Canada, 17331
chain-affiliated business vs sole proprietorship of sheltered care facilities, quality of care & costs, 9516
corporate governance & ownership & entrepreneurship & moderating effect of industry technological opportunities, Fortune 500 companies, 24781
family member freedom & privileges & advanced & basic skills in factor solution for perceptual dimensions of dog–owner relationship, dog owners, 15723
judgments on moral acceptability of copying computer programs & accessing private computer files, 15.7–18.5 yr old high school students, 38765
owner characteristics & interactions & prevalence of canine behavior problems, dog owners, 6498
patterns of violent & property crimes in schools, Sweden, replication, 42576
permissible error approach to the threshold of capacity in property management, individuals judged capable (mean age 69.1 yrs) vs incapable (mean age 75.8 yrs), legal implications, Canada, 33871
role of tattoos in relation to identity & incorporation & ownership & permanence, teenagers, 34932
situation model organizations for situation specific information involving abstract relations, college students, 41084
Oxazepam—Serials
oxazepam vs lorazepam, impairment of implicit vs explicit memory, healthy 18–32 yr olds, Canada, implications for involvement of time course, 15097
Oxidases [See Also Cytochrome Oxidase, Monoamine Oxidases]—Serials
ethanol vs nitric oxide synthase inhibitor vs NMDA competitive antagonist, discriminative stimulus effects, male rats, 34663
nitric oxide, haloperidol induced supersensitivity to cocaine, rats, 32503
nitric oxide synthase inhibitor N-nitro-l-arginine & dose–response relationship, learning & memory, male rats, 41509
nitric oxide synthase inhibitor 7-nitroindazole, anxiety, male mice & rats, animal model, 38171
plasma concentrations of oxidative stress-associated parameters & liver enzymes, 30–59 yr old alcohol-dependent inpatients, 31342
Oxidopamine [See Hydroxydopamine (6-)]
Oxilapine [See Loxapine]
Oxygen—Serials
calcium homeostasis & reactive oxygen species production, cellular mitocholdria from adults with vs without Alzheimer's disease, 36141
carbon dioxide & oxygen, patients with panic disorder &/vs social phobia, Italy, 42360

lancing & squeezing of heel during blood sampling, oxygen saturation & behavior, preterm infants, Scotland, 9273
nonnutritive sucking, oxygen saturation & behavior state & initiation & duration of 1st nutritive suck, preterm infants, 7186
oxygen level & oxygen partial pressure, cognitive performance, 20–28 yr old males in hyperbaric chamber system, Sweden, 28865
running performance tests & oxygen consumption & muscle contraction & citrate synthase & other physiological correlates, prediction of spontaneous running distance in wheel cage, male Long-Evans rats, 6785
Oxygenation—Serials
blood oxygen enhancement, memory consolidation & mood, 18–21 yr olds, 6389
brain oxygenation & hemodynamic disturbances & dominant response pattern during mirror drawing task, 20–29 yr old outpatients with major depression, Japan, 7924
nasal continuous positive airway pressure treatment, alertness & neuropsychological functioning, patients with sleep apnea with vs without hypoxemia, 9289
Oxytocin—Serials
labor induction with pitocin, oxytocin levels at birth, preschoolers with autism vs low IQ vs language disorders, implications for obstetrical procedures, 23154
neurobiological role of oxytocin & vasopressin in social attachment, 41331
stress, volume of nucleoli of oxytocinergic cells of paraventricular & supraoptic nuclei of hypothalamus & oxytocin immunopositive material in hypophysis, KHA vs KLA rats, 6809
transgenic approaches to research on behavioral function of oxytocin in maternal & social behavior, mice & voles, conference presentation, 38049
Pacific Islands [See Also South Pacific]—Serials
antisaccadic eye movements & attentional asymmetry, patients with schizophrenia, New Zealand & Palau & Papua New Guinea, 12017
diabetes mellitus & elevated serum immunoglobulins as markers of preclinical neurogenerative disease, 52–84 yr olds, Guam, 36052
national use of mental health services, Asian Americans/Pacific Islanders vs Euro Americans, US, 24131
religious beliefs & marijuana use & negative self-perceptions, Asian Pacific adults, Guam, 38499
sex, outcomes of bereavement, Chamorros vs Non-Chamorro adults, Guam, conference presentation, 38519
Pacifism—Serials
application of psychological principles to historical analysis of acquisition & transmission of pacifist mentalities, Sweden, 18672
socialist mentality & leadership, intrastate & interstate violence, causal model of socialism & pacifism in 19th & 20th centuries, implications for violent competition & war in Western civilization, 18752
Pain [See Also Back Pain, Chronic Pain, Headache, Myofascial Pain, Neuralgia, Somatoform Pain Disorder]—Serials
acute & chronic pain syndromes, association with deterioration of disability, patients with multiple sclerosis, 5 yr followup, 23291
adrenal medullary transplants in spinal subarachnoid space, pain related hyperventilation, adjuvant arthritic rats, implications for role of catecholamines & opioid peptides, 3097
age & alcohol consumption & smoking & psychiatric morbidity, mortality, patients with nonspecific chest pain vs ischemic heart disease, 5 yr followup, 1552
age & exposure to past painful experience & temperament & fears & female caregiver's child rearing practices, pain responses to venipucture, male vs female 8–12 yr olds, 36612
appropriateness of naloxone, withdrawal symptoms & return of pain, 67 yr old male with multiple myeloma, case report, 24042
calcitonin gene related peptide antagonist, modulation of tolerance to spinally infused morphine, rats, implications for pain treatment & antinociceptive effects of morphine, 18318
compulsive targeted self-injurious behavior, male 32 & 52 & 58 yr olds & female 73 yr old with central or peripheral neuropathic pain, case reports, 31609
contralateral vs ipsilateral leg denervation, autotomy, male rats with massive hemidecortication vs subtotal hemispherectomy vs chemical neostriatal lesions, 6664
current & expected levels of pain & differing chances for survival, probability of committing suicide, college students hypothetically afflicted with cancer, implications for rationality of suicide, 12156
definitions & theories of measurement & categorization of pain, implications for nosology of pain disorder, 8496
delivery of morphine in presence of pain, analgesic tolerance, female rats from strain lacking stress induced hypothalamic pituitary adrenal responses, 3288
demographic & clinical & psychiatric & emotional & pain descriptive variables, characterizing different pain site groups, middle aged Ss with headaches & upper & lower back pains, 12463
demographic & medical & psychological & environmental variables, childbirth pain & maternal satisfaction, 18–42 yr old primiparous vs multiparous females, 32741
depression & pain & disability, rheumatoid arthritis patients, 23274
development & validity of Neuropathic Pain Scale, assessment of sensitivity to pain treatment, adults with different neuropathic pain syndromes, 28475
development of questionnaire for assessment of happiness based on just perceivable increments of pleasure/pain, interpersonal comparability with other questionnaires, adults, 14274
diagnosis & treatment of peripheral neuropathic pain, use of tricyclic antidepressants & new nontricyclics venlafaxine & nefazodone, 5185
diagnosis of factitious disorder, 20 yr old male with pain attributed to witchcraft, case report, Zimbabwe, 19126
dosages of narcotic & other analgesic therapy for postoperative pain, White vs Hispanic vs Black 26–40 yr olds hospitalized for open reduction & internal fixation of limb fracture, 5207
efficacy & screening & outcomes & dosing & adverse effects of intraspinal morphine, patients with cancer vs noncancer pain, 24046
efficacy of sc sumatriptan, 18–64 yr olds with atypical facial pain, England, 36619
electrical nerve stimulation resulting in painful vs nonpainful sensations, activation of somatosensory vs cingulate cortex as detected with MRI, adults, 14926
empirical psychological model of noncardiac vs cardiac related chest pain, anxiety & age & sex & hyperventilation, pain patients vs patients with coronary artery disease, 8554
expected pain & fear of reinjury & back stretching activities, chronic low back pain, 22–63 yr olds, 19495
fluoxetine, suicidal ideation & muscle aches, 72 yr old Chinese male with poststroke depression, case report, 27432
frequency & character & severity of & response to amitriptyline & sensory loss & extent of infarction as predictors of central poststroke pain, 24–84 yr olds with lateral medullary infarction, 39525
habit reversal intervention, pain, patients with temporomandibular disorder, 20048
historical aspects & pathogenesis & pathophysiology & clinical features & staging progression & diagnosis & treatment of reflex sympathetic dystrophy syndrome, 19590
hyperacute allodynia, male 75 yr old with Schneider's syndrome, case report, 31744
hypnosis & guided imagery, postoperative course & anxiety & pain, pediatric surgical patients, 13132
hypnosis, pain & neuromuscular rehabilitation, 30 yr old female with multiple sclerosis, 1 mo & 1 yr & 8 yr follow ups, case report, 20046
impromidine 3HCl & burimamide, histamine antinociception mediation at H1 & H2 & H3 receptors in response to noxious stimuli, male mice & rats, 11158
induced pain & memory search, reaction time & errors & event-related potentials, 22–28 yr olds, 41394

interpretation of government regulations & drug enforcement agency policies for use of opioids for nonmalignant pain, 24032
laser evoked cerebral potentials, 51–82 yr olds with lateralized central pain syndromes, implications for disinhibition of spinothalamic excitability, 31577
low vs high distraction & immediate vs delayed rating, memory of cold-pressor pain intensity, undergraduates (mean age 19 yrs), 38057
methadone, pain & treatment adherence & functional interference & psychiatric symptoms, 55-yr-old Hispanic female with upper extremity lymphedema & recurrent major depression, 27569
MMPI basic validity & clinical scale patterns, White vs African American vs Latino pain patients, 92
model of pain & anxiety perception related to acute distress in dental procedures, 5201
nature & origin & effectiveness of labor pain coping strategies, 15–38 yr old females, Britain, 23993
nature & severity of injury & pain & suffering, fault & compensatory awards, undergraduates, 33903
origins of cultural beliefs about birth pain & role of medical technology & patriarchy in abuse of obstetric anesthesia & alternative view of birth as empowerment, 26100
pain & optimum stimulus parameters for lateralized suppression of speech with magnetic brain stimulation, 31–48 yr olds, 18205
pain, auditory task performance, 17–23 yr old college students, 17848
pain chronicity, depression & anxiety & work goal cognitions, 20–68 yr olds, 1504
pain thresholds & tolerance, suicidal vs nonsuicidal 14–19 yr olds, Israel, 39162
pathophysiology of central pain from stroke & other causes, pharmacologic & psychological treatments, literature review, 4524
patient's controllable vs uncontrollable pain & directives for heroic measures vs euthanasia, recommendations for treatment of elderly female with terminal metastasized cancer, college students, 32688
plasma morphine & metabolite M3G & M6G, analgesic efficacy of oral morphine therapy with morphine sulfate solution or controlled release tablets, 41–82 yr old cancer patients, 24023
positive intrasurgical suggestion during anesthetic state, postsurgical pain, 24–73 yr old cholecystectomy or hysterectomy patients, 24043
prevalence & recognition of panic states & treatment & costs, patients presenting with chest pain in primary care settings, 39082
prevalence of growing pains & relationship with other medical conditions & temperament & behavior & academic progress, 8 yr olds, Australia, 29908
prevalence of growing pains & relationship with other medical conditions & temperament & behavior & academic progress, 8 yr olds, Australia, commentary, 29943
prevalence of panic disorder, emergency ward patients presenting with chest pain, 26580
prevalence of personality disorders & major depression & relation to age at onset of work disability, patients with somatoform pain disorders vs medical illnesses, Sweden, 4515
projection from ventrolateral periaqueductal gray region to calbindin terminal immunoreactive region of caudal ventromedial nucleus of thalamus & relay of deep pain inputs, male rats, 29280
psychosocial factors & job stress, pain disclosure, keyboard users, New Zealand, 24795
reliability & validity of Pain Index of Knee, usefulness of clinical procedure for assessment of knee pain, patients with knee pain, 4542
right diencephalic lesions & clinical features, thalamic pain syndrome of Dejerine-Roussy, 18–85 yr old males vs females with left- vs right-side brain lesions, 36123
role of proinflammatory cytokines & subsequently activated neural circuits in hyperalgesic states, immune responses & illness responses & pain, literature review, 4576
self efficacy, knee pain & speed of movement during & difficulty & perceived ability of motor tasks & correlations with pain during activities of daily living, elderly with osteoarthritis, 12480
sex-differentiated evaluation of Swedish version of Rheumatology Attitudes Index, male vs female 20–55 yr olds suffering from neck & back pain, Sweden, 28485
shoulder pain & subluxation & range of motion & age & upper extremity motor impairment, 42–83 yr olds admitted to rehabilitation hospital after stroke, 12570
social support in work environment & job strain, lower back & neck & shoulder pain, hospital nurses & nurses' aides, 24468
sociodemographic variables & pain & body weight, decrements in physical vs mental health related quality of life, male vs female overweight patients, 24071
soft vs hard resting splints on dominant hand, joint pain & hand function & compliance, 19–76 yr olds with rheumatoid arthritis, conference presentation, 1925
submaximal isometric contraction, pressure pain thresholds, 29–59 yr olds with fibromyalgia, 31600
susceptibility to dysphoric physical & psychological symptoms, epidemiology of pain & depression comorbidity, 11870
symptom description & speech manner & personality characteristics & interviewer reactions & interpersonal & work relationships, male patients with psychogenic vs organic pain, Switzerland, 35962
tactile stimulation of mechanoreceptors from area of allodynia, nociception & nociceptor activity, 24–46 yr olds, 29256
temporomandibular joint compression as pain stimulus to elicit motor response, comatose patients, 23488
topical ophthalamic anesthesia, severe facial pain, 62 yr old male with head & neck carcinoma, case report, 32682
T12 epidural lesion mimicking adenocarcinoma of cecum, 59-yr-old female, implications for cancer pain evaluation, case report, 8545
understanding mind vs body dilemma of chest pain, 42692
use of analgesic medication, pain complaints, hospitalized psychiatric patients (mean age 42.9 yrs), 19981
Vanderbilt Multidimensional Pain Coping Inventory vs Vanderbilt Pain Management Inventory, assessment of patients with rheumatoid arthritis, 40798
warm- vs cold- water arm immersion, subjective & psychomotor effects, morphine- vs butorphanol-injected 21–32 yr olds, 38087
weaning age & sex of littermates, chlordiazepoxide challenge & anxiety & pain reactivity, adult mice, 560

Pain (Psychogenic) [See Somatoform Pain Disorder]

Pain Management—Serials

anesthesia with vs without oxymorphone, heart & respiration rate & temperature & blood pressure & plasma cortisol concentration & pain relief & stress, dogs having ovariohysterectomy, 18295
attitudes toward & knowledge of chronic pain management & orientation toward nonmedical treatments & role of social work in chronic pain services, medical social workers, Canada, 9442
barriers to & concerns about reporting pain & using analgesics for terminally ill cancer patients receiving hospice care, 21–78 yr old primary caregivers, 20246
baseline pain, hypnotic analgesia, hospitalized patients (mean age 36.86 yrs) with severe burns, replication, 20055
beliefs about & perceptions of & preference for & information wanted on use of pain medicine following inpatient surgery, 7–17 yr olds, implications for practice, 43260
child perception & control feelings depicted by self drawings, life effects & cognitive ability & emotional state, 5–13 yr olds with sickle cell disease, 23290
chronic & acute cancer pain management program model, patient satisfaction & pain relief & nurses' pain related knowledge & attitudes & perception of barriers to pain control, nurses & cancer patients, 27628
criteria for & management of long term opioid use, patients with severe nonterminal disease pain, 32699

critical pathways as case management tool for planning & documenting care & pain management, medical patients, 13151
development & validity of Neuropathic Pain Scale, assessment of sensitivity to pain treatment, adults with different neuropathic pain syndromes, 28475
dextromethorphan, pain, 35–75 yr olds with distal symmetrical diabetic neuropathy vs 40–74 yr olds with postherpetic neuralgia, 36485
effect of high initial dose & day-to-day titration of fentanyl, analgesia & pain management, patients with uncontrolled cancer pain, 24037
effectiveness of palliative care service, pain & symptom control, patients with cancer & HIV, 24235
factors affecting use of nonpharmacologic techniques of distraction & focusing on breathing & relaxing & imagery & changing perceptions of painful stimuli with patients, 27–51 yr old pediatric nurses, 9228
focus group discussions of coping strategies, 30–75 yr olds with chronic low back pain, implications for current pain management practices, 23292
gabapentin, pain, 84- & 88-yr-old females with trigeminal neuralgia, case reports, 36145
graphic recording of cancer patient's pain level on bedside chart, interventions for pain control, hospital staff, 24270
hypnosis, pain caused by oral mucositis, 57-yr-old male with multiple myeloma & 53-yr-old female with chronic myeloid leukemia, implications for high dose therapy, 32634
integration of pharmacologic & behavioral treatment methods for reducing or preventing pain & distress associated with different phases of medical procedures, children, implications for practice, 42882
knowledge & attitudes & clinical practice regarding pain management, 19–56 yr old registered nurses, 9692
knowledge & attitudes & nursing management of infant pain, 20–56 yr old registered nurses from critical vs noncritical care units, 20394
knowledge & attitudes toward pain management in palliative care, private nursing home nurses, 33258
knowledge & practice of cancer pain management, physicians, Denmark, implications for opioid & co-analgesic treatment use, 32719
knowledge of opioid & analgesic use & administration & pain management & beliefs & attitudes toward cancer pain, physicians, Italy, 24044
linguistic features & intonation patterns of comfort talk register used by trauma center nurses, distressed adult & pediatric patients, 39891
live music, distress, 0–7 yr old pediatric patients receiving intravenous starts or venipunctures or injections or heel sticks, 9222
long-term opioid therapy, patients with chronic nonmalignant pain, 13167
metastatic femoral bone pain management by implanted femoral nerve blockage as part of multidisciplinary treatment, 39-yr-old male with undifferentiated sarcomatoid renal cell carcinoma, case report, 9266
metronidazole gel, smell from benign or malignant cutaneous lesions & pain & bacteriological profile, cancer patients with infected fungating tumors & benign cutaneous ulcers, 24026
nature & origin & effectiveness of labor pain coping strategies, 15–38 yr old females, Britain, 23993
nerve blocks with local anesthetics & corticosteroids, pain, chronic pain patients, 24034
opioid therapy, patients with chronic nonmalignant pain, 13154
optimal initial & supplemental dose of intrathecal morphine, pain, 3–10 yr olds undergoing selective rhizotomy, 24018
oral morphine vs unilateral left-sided neurolytic celiac plexus block with 20 mL of 50% alcohol, pain management, terminal patients with upper abdominal malignancy, 24049
outcome of psychopharmacological treatment &/or psychological pain management &/or exposure in vivo, patients with panic disorder with or without agoraphobia, 1964–1995, meta analysis, 42900
pain assessment & management with children, health care providers, 24102
pain management & religious orientation, implications for occupational therapy treatment practices, 33107
pain severity & satisfaction with analgesic treatment, medical patients, longitudinal study, 13179
paradigm for cancer pain education based on principles of adult learning & physician behavior theory, physicians, 27887
parent pain education booklet, attitudes & concerns about drug management of their children's postoperative pain, 17–51 yr old parents of 2–12 yr old children undergoing day surgeries, 43278
psychosocial factors & low back pain related disability, literature review, 19519
role of consultation liaison psychiatrist in addictive disease resulting from opiate therapy for management of chronic pain, 16754
role of neurologist in pain management team, diagnosis & treatment planning & use of pharmacologic interventions & education oriented behavioral pain program, 5170
role of placebo effects in pain management, literature review, 32714
safety & efficacy in pain management, direct conversion from oral sustained release morphine to transdermal fentanyl, 33–77 yr old cancer pain patients, 32694
saline injection close to area of maximal pain, placebo response, 12–82 yr olds with chronic neuropathic pain, 32723
self delivery of inhaled nitrous oxide, pain relief & environmental safety of method & patient & staff acceptance, cancer patients, 24035
side effect & dependence & tolerance issues in use of opioids for pain management, persons with nonterminal disease pain, 32700
sociodemographic factors & membership in AA & psychological profile & pain etiology & aberrant behavioral patterns, 44–47 yr olds with nonmalignant pain treated with opioids, 24020
sociological & psychological implications of gate control theory of pain management, 23989
suppresion of pain by genital stimulation, female humans & rats, literature review, 29454
use of antidepressants & neuroleptics & lithium & anxiolytics & psychostimulants & anticonvulsants & L-tryptophan & caffeine & buspirone & sumatriptan in chronic pain treatment, 32709
use of monoaminergic drugs for pain treatment, 32684
use of opioids in last 2 wks of life for management of pain & discomfort, 23–64 yr old hospice patients with AIDS, 24036
verbal expectancy, pain reduction, 52–86 yr old arteriotomy patients, 27513

Pain Measurement—Serials

development & validity of Neuropathic Pain Scale, assessment of sensitivity to pain treatment, adults with different neuropathic pain syndromes, 28475
horizontally vs vertically-oriented visual analogue scale, measurement of pain, 20–53 yr olds with chronic low back pain, 28501
maximum vs submaximum work & power efforts, perceived pain & test-retest reliability of simulator system, male vs female adults with work-related cumulative trauma disorders, Canada, 24345
Pain Anxiety Symptoms Scale vs Fear Avoidance Beliefs Questionnaire vs Fear of Pain Qestionnaire vs Spielberger State-Trait Anxiety Inventory, assessment of anxiety & fear, adults with chronic pain, 17653
reliability & accuracy of computer software-driven digitizer tablet for scoring and entering visual analog scale data, implications for pain measurement, 20976
reliability & validity of Riley Infant Pain Scale vs Nursing Assessment of Pain Intensity vs Postoperative Pain Score, postoperative children
sex-differentiated evaluation of Swedish version of Rheumatology Attitudes Index, male vs female 20–55 yr olds suffering from neck & back pain, Sweden, 28485

validity of Coloured Analog Scale, measurement of intensity & aversive component of pain, 5–16 yr olds with recurrent headaches, 28496
validity of Dutch version of Multidimensional Pain Inventory & relationship with experience sampling data, 21–64 yr old chronic pain patients, Netherlands, 28494
Pain Perception [See Also Analgesia, Pain Thresholds] —Serials
administration of 6-cyano-7-nitroquinoxaline-2-3-dione before vs after formalin, inflammatory pain, male rats, implications for transmitter systems in induction of pain, 3054
age & exposure to past painful experience & temperament & fears & female caregiver's child rearing practices, pain responses to venipucture, male vs female 8–12 yr olds, 36612
amputation etiology & gangrene &/or infection & phantom limb pain, 18–73 yr old unilateral lower extremity amputees, England, 8502
analgesic neurosteroid 3a-androstanediol & progesterone in medial basal hypothalamus & preoptic area, tailflick latencies & sexual behavior, ovariectomized female rats, 21844
antisense vs mismatch oligodeoxynucleotides, antinociceptive response to cannabinoid agonist, male mice, 29536
beta 1 & beta 2 adrenergic blockers, antinociceptive effect of desipramine & nortriptyline during physical & chemical nociceptive tests, male mice, 34684
biting flies & predator odors, synergic stress response to pain, mice, Canada, 37806
changes in pain perception & onset of hypertension, 31712
characterization of periaqueductal gray receptors & beta endorphinergic antinociception, rats, 21678
child perception & control feelings depicted by self drawings, life effects & cognitive ability & emotional state, 5–13 yr olds with sickle cell disease, 23290
choice & preference of music, pain perception, 17–35 yr olds, 25176
chronic low back pain patient's self reported pain intensity & medical evidence, judgment of patient's emotional distress & pain intensity & pain-related disability, 1st yr medical students, 35968
clocinnamox, alfentanil & nalbuphine self administration & thermal antinociception, rhesus monkeys, 21941
contribution of central nucleus of amygdala to morphine induced suppression of noxious heat evoked spinally mediated tail flick reflex, male rats, 25591
cranial laser irradiation &/vs naloxone, analgesia, male rats, 647
demographic & clinical & psychiatric & emotional & pain descriptive variables, characterizing different pain site groups, middle aged Ss with headaches & upper & lower back pains, 12463
development of tolerance in peripheral antinociception produced by opioid or adenosine agonists & ability of opioid or adenosine antagonists to precipitate withdrawal hyperalgesia, rats, 25557
differences in self-reported pain during self-injurious behavior, 18–52 yr old females with borderline personality disorder, 39126
disease severity & perceived stress, pain intensity, 8–16 yr olds with rheumatic diseases receiving medical treatment, 16267
dosage level of neurotension in preoptic area, pain sensitivity & thermic effects in hypothalamus & nucleus accumbens, female rats, 21614
electromagnetic therapy, rate & scale of healing & changes in self reported pain levels & degree of mobility, 42–87 yr olds with venous leg ulcers, UK, 9265
emotional vs task-related support, pain intensity & activity level & depressive symptomatology during exercise task, chronic pain sufferers & their spouses, Canada, 23276
estradiol & progesterone, effect of kappa receptor specific opioid antagonists vs agonists on antinociception, female rats with hormone simulated pregnancy, 29265
estradiol &/or progesterone, pain sensitivity & brain opioid receptors, ovariectomized rats, 25577
experiencing & coping with anger & acute pain sensation & behavior in laboratory, college students, 18961
fluvoxamine & interaction with various opioid receptor subtype agonists, pain perception, male ICR mice, 29608
habituation period & thermal apparatus temperature & light: dark cycle, thermal nociception & latency, rats, 41406
high caloric meal, heart rate & BP & cutaneous heat nociception, fasted healthy males (mean age 27 yrs), 11081
high vs low dose ceruletide, perception & tolerance for ischemic & mechanical & thermal pain, 21–25 yr old males, 21903
hypnotic analgesia, R-III nociceptive spinal & sensory vs affective unpleasantness, 21-45 yr olds, commentary, 3275
hypnotic analgesia, R-III nociceptive spinal & sensory vs affective unpleasantness, 21-45 yr olds, commentary reply, 3232
hypnotic suggestions to alter unpleasantness of noxious stimuli without changing perceived intensity, pain affect encoded in anterior cingulate vs primary somatosensory cortex, adults, 41351
illusion of pain & neurological events in anterior cingulate cortex, adults, implications for patients with central pain syndromes, 31582
illusion of pain & neurological events in anterior cingulate cortex, adults, implications for patients with central pain syndromes, commentary, 31578
increased pain sensitivity using topical medication, repetitive hair pulling, 38 yr old female, case report, 9150
individual pain perception, 23–36 yr old heroin users on levomethadone maintenance, 27786
interstimulus interval, sural nerve pain EP scalp topography, college students, implications for measurement of spinal & supraspinal pathway excitation, 18204
intradermal minute dosages of recombinant human nerve growth factor, time course of hyperalgesia & changes in sensory pain thresholds, healthy 18–66 yr olds, implications for neuropathy treatment, 29535
intraoral sucrose vs glucose vs water stimulation, pain perception & crying & calming, premature vs preterm vs full-term infants, 7189
intrathecal prostoaglandin E1, allodynic &/vs hyperalgesic state in sensory processing pathways at spinal level as seen in responses to somatic & visceral stimuli, male rats, 3092
laser evoked cerebral potentials, 51–82 yr olds with lateralized central pain syndromes, implications for disinhibition of spinothalamic excitability, 31577
legshock CS paired with tailshock UCS, tail-flick antinociception as associative learning vs pairing-specific enhanced sensitization vs protection from habituation in spinal conditioning, male rats, 14844
low vs high distraction & immediate vs delayed rating, memory of cold-pressor pain intensity, undergraduates (mean age 19 yrs), 38057
midazolam &/vs flumazenil in nucleus accumbens & striatum & reticular zone, acquisition of conditioned hypoalgesia in hot plate paradigm, male rats, 11150
nociception & systolic & diastolic BP, normotensive adult males with positive vs negative history of parental hypertension, 8547
nor-binaltorphimine vs naloxone, opioid agonist induced antinociception in formalin paw assay, male mice, 7110
nurse's estimate vs child's selfrating of postoperative pain, 3–15 yr old tonsillectomy patients, Denmark, implications for analgesic treatment, 9285
operant conditioning of P200 peak of somatosensory EP amplitude, pain sensitivity, 18–39 yr olds, replication, 3115
opioid & GABAergic & serotonergic mechanisms in dorsal raphe nucleus, inescapable shock-induced potentiation of antinociceptive responding to low-dose morphine, male rats, 38163
pain ameliorating vs sensitizing effects of exposure to emotionally engaging dramas differing in hedonic positivity & excitation, male college students, 11097
pain intensity & perceived health & daily functioning, patients with chronic or recent onset low back pain, Netherlands, 31636
pain reactivity to tail-flick & hot-plate test, male rats with lesions of medial vs cortical amygdalar nuclei, 34592

pain sensitivity & anxiety & stability of physical aggression, 6 yr old males, 7 yr study, Canada, 12167
piracetam & aniracetam, antinociception induced by baclofen & bicuculline & picrotoxin & baclofen induced muscle relaxation, mice, implications for inhibition of GABA B receptors, 6899
potentiating effect of sodium nitroprusside or 3 morpholino sydnonimine on beta endorphin induced antinociception, activation of nitric oxide guanosine monophosphate system, mice, 3143
presurgical expectations & anticipatory anxiety, postoperative pain, 7–17 yr old surgical patients, 9277
projection from ventrolateral periaqueductal gray region to calbindin terminal immunoreactive region of caudal ventromedial nucleus of thalamus & relay of deep pain inputs, male rats, 29280
R-PIA or CGS 21680 with caffeine & 8-SPT vs CPT vs DMPX, allodynia induced by L5/L6 spinal nerve ligation, male rats, implications for management of human pain, 6966
Recofol vs Diprivan, induction characteristics & incidence & severity of injection pain, 4–11 yr old surgical patients, 27547
regional anesthesia, cortical reorganization in somatosensory cortex, 24–72 yr old amputees with vs without phantom limb pain, 42690
reporting of headache & neck or shoulder pain within family structure, male vs female 20–70 yr olds, Norway, 8468
role of cutaneous nociceptors & spinothalamic neurons in spontaneous & touch evoked pain, 47 yr old male with phantom limb pain, case report, commentary, implications for neuropathic pain, 4572
role of cutaneous nociceptors & spinothalamic neurons in spontaneous & touch evoked pain, 47 yr old male with phantom limb pain, case report, commentary reply, implications for neuropathic pain, 4500
role of nitric oxide cGMP signal transduction system & inhibitory effects of periaqueductal gray in nociceptive processing by & sensitization of spinothalamic tract neurons, monkeys, 34554
sedation with alphaxalone-alphadalone vs etomidate vs propofol vs midazolam vs fentanyl-fluanisone vs thiopental, urine flow & insulin & sodium & lithium renal clearances & nociception, female rats, 11186
self-hypnotic relaxation, need for iv conscious sedations during radiological procedures, 44–83 yr old males having patient-controlled analgesia, 9221
serotonergic properties of pontomedullary raphe nucleus & nucleus reticularis magnocellularis neurons mediating periaqueductal gray evoked antinociceptive effects, rats, 34537
social modeling vs monetary incentives, effects of self efficacy & pain perception on pain endurance, healthy 18–25 yr old males, 42097
spouse responsiveness, pain behavior & report, adults with rheumatoid arthritis, 16270
standard physical exercises, predictions vs experience & anxiety with pain, patients (mean age 49.65 yrs) with chronic low back pain, 23271
stimulus comparator model as explanation for asymmetries between under- vs overpredictions of pain, 181
stress reactivity & pain perception, hypochondriacal vs nonhypochondriacal females, implications for perceptual & cognitive abnormality model of hypochondriasis, 31595
submaximal isometric contraction, pressure pain before vs after local anesthetic cream, adult females, erratum, 29574
tactile stimulation of mechanoreceptors from area of allodynia, nociception & nociceptor activity, 24–46 yr olds, 29256
thermal stimulation, sensitivity & pain tolerance, monkey with unilateral focal compression of left posterior parietal cortex, 29269
types of & progress in pain measurement for children, 1510
water or sucrose with vs without eye contact, calming & crying & heart rate & pain perception & gaze, agitated 2 vs 4 wk olds, 7194
8-OH-DPAT & ipsapirone & NAN-190 & ketanserin & MDL-72222 & yohimbine & clonidine, antinociceptive effects of morphine during shock titration procedure, male squirrel monkeys, 7032

Pain Receptors [See Nociceptors]

Pain Relieving Drugs [See Analgesic Drugs]

Pain Thresholds—Serials

active coping strategies, tendency to report pain, 8–17 yr olds with sickle cell disease, 43235
branched-chain amino acids, pain threshold & morphine analgesia, rats, 6980
capsaicin vs red peppers during gestation, hot plate escape response latency, rat pups, 7023
discrimination between imaginary vs mild vs pain related to dissociation, female 18–52 yr olds with borderline personality disorder who did not feel pain during self injury, 15999
estradiol benzoate, effects of progesterone & other neuroactive steroid on pain thresholds through action at GABA receptors, female rats, 3214
forearm thermal & ischemic pain thresholds & tolerance & orofacial pain after submaximal effort tourniquet procedure, patients with temporomandibular disorders, 4545
high vs low dose ceruletide, perception & tolerance for ischemic & mechanical & thermal pain, 21–25 yr old males, 21903
intradermal minute dosages of recombinant human nerve growth factor, time course of hyperalgesia & changes in sensory pain thresholds, healthy 18–66 yr olds, implications for neuropathy treatment, 29535
local anesthetic cream applied to skin above muscle vs bony sites, pressure pain thresholds, female fibromyalgia patients, 5195
milk-induced bodily hyperextension vs head-heat counterstimuli, antinociception & escape latencies in attached vs contact suckling, 10 day old rats, animal model of tactile-chemosensory hypoalgesia, 21616
naloxone, pain thresholds, patients with silent vs symptomatic myocardial ischemia, test of impaired pain sensitivity vs enhanced endorphin activity theories, conference presentation, 31714
neonatal 5-HT antiserum, 5-methoxy-N,N-dimethyltryptamine induced tremors & 5-HT & 5-HIAA levels & basal nociceptive thresholds & vocalization, adult rats, 14861
noncontingent food delivery, nociceptive thresholds, rats with hypophysectomy vs adrenalectomy, implications for hormonally mediated hypoalgesia, 21659
oral morphine, tolerance to painful cold pressor & neuropsychological performance, 18–37 yr olds, 3203
pain threshold & pain tolerance, males (mean age 64.7 yrs) with silent myocardial ischemia vs males (mean age 68.5 yrs) with symptomatic cardiopathy, 31723
pain thresholds & tolerance, suicidal vs nonsuicidal 14–19 yr olds, Israel, 39162
resting BP & sex, thermal & ischemic pain sensitivity, adults, 11067
social modeling vs monetary incentives, effects of self efficacy & pain perception on pain endurance, healthy 18–25 yr old males, 42097
stimulus intensity & interstimulus interval, negative difference potential amplitude generated by supraspinal nociceptive pathways, 18–37 yr olds, 3114
submaximal isometric contraction, pressure pain thresholds, 29–59 yr olds with fibromyalgia, 31600
thermal stimulation, sensitivity & pain tolerance, monkey with unilateral focal compression of left posterior parietal cortex, 29269
threshold for detection of thermal or tactile stimulation in painful vs nonpainful denervated skin areas, 23–72 yr olds with spinal cord injury and central dysesthesia, 19603
violence of past suicide attempt & suicidal intent & clinical factors, tolerance for physical pain, 18–28 yr old suicidal vs nonsuicidal psychiatric patients, Israel, 4282

Painting (Art)—Serials

cerebral mechanisms of visual perception & creativity in modern paintings of Picasso & Mondrian & Duchamp & Seurat & Rothko, 25634

consciously vs unconsciously induced recall of songs & paintings in psychoanalysis & role in self-understanding & countertransferential binds & patient resistance, 12895
development & usefulness of model of aesthetic experience, assessment of typicality & preference judgments of paintings, college students, 663
developmental psychology perspective on & assessment of & historical change in representation of childishness in paintings, 660
original vs alternate title, description & spatial organization of paintings, college students, 658
preference for Jungian sensing vs intuition on Myers Briggs Type Indicator & preference for realistic vs abstract painted portraits, high school & college students, Netherlands, 19077
quantitative coding system, assessment of psychic content of paintings, psychiatric inpatients, 1205
use of illusory contours & shape perception in paintings by Ellsworth Kelly, 28771
visual exploration patterns & aesthetic judgment, perception of paintings varying in balance, viewers with vs without art training, 661

Paired Associate Learning—Serials
brain activity while reading vs recognizing vs recalling paired associates, functional neuroanatomy involved in episodic memory recall & recognition, healthy 19–31 yr olds, Canada, 28945
computerized neuropsychological tests of delayed matching to sample & paired associate learning, adults with questionable dementia & early dementia of Alzheimer's type, 1 yr study, Australia, 26975
discriminability & learning of lexigram vs printed word object associations, 26–52 yr olds with severe mental retardation, 8386
existence of retrievability & stability of memories as components of long term memory, evidence from optimum spacing of repetitions and spacing effects in paired associate learning, 28982
hypnosis, imagery mediated paired associate learning, college students low vs high in hypnotic susceptibility, 21402
immediate vs delayed judgments of learning cued by stimulus alone vs stimulus response pair, recognition of stimulus response pairs, college students, 21405
irrelevant speech, memory in serial-order recall task vs missing-item vs recognition vs paired-associates tasks, college students, Wales, 21395
new vs old category vs exemplar, prefrontal & hippocampal involvement in episodic memory encoding, males, 41316
transection of anterior commissure & disruption of backwards neural signals to ingerotemporal neurons, performance on visual pair-association task & long-term memory formation, adult monkeys, 29064
verbal & nonverbal paired-associate tasks & learning, patients with Huntington's disease (mean age 41.9 yrs), 36132

Pakistan—Serials
prevalence data & lifestyle factors and health care practices contributing to risk of HIV transmission, Pakistan, literature review, 42742
sex & living situation & reasons for & rates of counseling seeking & presenting symptoms, medical students, Pakistan, 9739
social factors & stressors & prevalence of minor psychiatric disorder, adults from village in rural Punjab, India & Pakistan, 38936
social factors & stressors, Bradford Somatic Inventory screening for prevalence of emotional distress & psychiatric morbidity, residents of mountain village, Pakistan, 4060
social factors & stressors, Bradford Somatic Inventory screening for prevalence of emotional distress & psychiatric morbidity, residents of mountain village, Pakistan, commentary, 22707
sociopolitical factors in higher incidence of anxiety & depressive disorders, rural dwellers, Pakistan & China, commentary, letter, 11899

Palestinians [See Arabs]

Palliative Care—Serials
aggressive treatment vs palliative care for intercurrent infection with fever, progression of dementia of Alzheimer's type, geropsychiatric inpatients, 5262
development & validity of McGill Quality of Life Questionnaire, 38–88 yr old palliative care patients with advanced cancer, 28567
effectiveness of palliative care service, pain & symptom control, patients with cancer & HIV, 24235
evaluation of palliative care outcomes in light of World Health Organization principles, 32815
knowledge & attitudes toward pain management in palliative care, private nursing home nurses, 33258
lyrical themes of songs written during music therapy, 26–80 yr old & older palliative care inpatients with neurological disease &/vs multiple sclerosis &/vs cancer, 5148
models of terminal care, children dying of cancer, 32686
relationship with physician & proxy decision making & patient restraint & palliative care & other ethical issues in management, patients with dementia, 9775
staff stress in hospice & palliative care, literature review, 32965
surprise & promise & fear of physician intimacy during palliative care, 16884
trends in place of death & ability of patients to die where they planned, HIV patients, 11 yr retrospective & 6 mo longitudinal studies, England, 31663

Palsy [See Paralysis]

Pancreas—Serials
immune system dysfunction & manic depression, female 15 yr old with Epstein-Barr infection & recurrent acute pancreatitis, implications for unifying etiopathology, 12474
risperidone, pancreatitis, 32 yr old male with chronic undifferentiated schizophrenia, case report, letter, 23862

Pancreozymin [See Cholecystokinin]

Panic—Serials
acute plasma tryptophan depletion, panicogenic & cardiovascular & hormonal effects of cholecystokinin-tetrapeptide challenge, 18–35 yr old healthy males, 25587
acute vs repeated administration of reversible MAO inhibitors befloxatone & moclobemide, defensive behaviors in presence of rat, male mice, animal model of anxiolytic & anti-panic drug screening, 38105
alcohol consumption, expressive/emotional facial reactions to laboratory panic provocation procedure & emotional masking, adults with panic disorder, 39085
amantadine, agoraphobic symptoms with panic attacks, 38 yr old male with Parkinson's disease, case report, letter, 5075
anxiogenic & panicogenic effects of pentagastrin, patients with generalized anxiety disorder, 29512
assessment & psychometric properties of self-report instruments to assess panic & panic disorder, literature review, 28521
carbamazepine, neuropsychological deficits, female 24 yr old with depressed mood & panic symptoms & temporal lobe electrophysiological disturbance, case report, 9114
central & peripheral administrations of cholecystokinin-tetrapeptide, panic-like reactions, male rats stimulated in the dorsal periaqueductal grey area, 41496
cholecystokinin-B receptor antagonist L-365,260, sodium-lactate-induced panic attacks, 23–50 yr olds with panic disorder, 32573
cholecystokinin B receptor ligands, panic anxiety, male rats, 29565
comorbidity of panic attacks & suicidal ideation & psychopathology, nonclinical undergraduates (mean age 20.1 yrs), 31281
concept analysis of panic, adult females with postpartum panic disorder, implications for nursing practice, 26550
daily m-chlorophenylpiperazine, development of tolerance to its panic & other behavioral & hormonal & cardiovascular & temperature effects, healthy adults (mean age 32.4 yrs), 15007
diagnosis & classification of panic & agoraphobia & the Panic-Agoraphobic Spectrum Questionnaire, inpatients (mean age 36.7 yrs) with psychiatric disorders, 35652

dynamic idiographic phenomenological model of panic, physiological & somatic & affect changes & catastrophic cognitions in panic, 12101
exacerbation of LSD-like panic & visual symptoms induced by risperidone, patients with hallucinogen persisting perception disorder who had used LSD 4–22 yrs earlier, case reports, 1797
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, commentary reply, 8249
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, 8248
flumazenil challenge, panic & dysphoric reactions & benzodiazepine withdrawal symptoms, dependent users of benzodiazepines, commentary, 8260
flumazenil, provocation of panic attack & symptom change, patients with PTSD (mean age 36 yrs), implications for behavioral sensitization by benzodiazepine inverse agonists, 32384
fluoxetine & bupropion, nocturnal panic symptoms, 47-yr-old female with recurrent major depression, case report, letter, 16667
internal vs external & catastrophic vs noncatastrophic attributions in response to somatic symptoms of panic, 3rd vs 6th vs 9th graders, 25767
pentagastrin challenge, symptoms of panic attack & apprehension, adults with vs without social phobia, 35680
pentagastrin, panic symptoms & attacks & obsessions & compulsive behaviors, 29–42 yr olds with obsessive compulsive disorder, 12959
pentagastrin vs TRH challenge, heart rate & BP & panic attacks, healthy volunteers, commentary on study with panic disorder patients, letter, 6859
preattack symptomatology & type & severity of panic attacks, 22–73 yr olds with panic disorder & agoraphobia, Netherlands, 12085
presenting features & cognitive & physiological mediating variables & psychobiological conceptualization of nocturnal panic & distinction from other sleep related disorders, 31069
research limitations in questionnaire vs interview methods of panic ascertainment & clinical correlates of panic symptoms, 11–16 yr old girls, 28402
self-reported anxious apprehension & experimentally manipulated anxious arousal & regional brain activity, undergraduates, 37970
serum cholesterol levels, 18–60 yr olds with recurrent sleep panic, Turkey, 12081
sumatriptan, panic-like symptoms & migraine headache attacks, adults, letter, 13003
5-HT & benzodiazepine receptor ligands & antagonists, predator elicited flight responses, male Swiss-Webster mice, implications for animal model of panic attack, 3221

Panic Disorder—Serials

accuracy of ability to detect changes in heart rate, adults with panic disorder with or without agoraphobia, 8037
acetylcholinesterase inhibitor pyridostigmine, growth hormone responses as sign of cholinergic responsivity, 19–45 yr olds with panic disorder, 35653
alcohol & sedative-hypnotic use, patients with social phobia or panic disorders, 31107
alcohol & substance abuse, patients with panic disorder, 26356
alcohol consumption, expressive/emotional facial reactions to laboratory panic provocation procedure & emotional masking, adults with panic disorder, 39085
alcohol consumption, laboratory-induced panic symptoms & anxiety, 21–55 yr olds with panic disorder, implications for alcohol abuse comorbidity, 8029
alexithymia as state reaction, 18–49 yr old patients with panic disorder vs social phobia, Japan, 6 mo followup, 35659
alprazolam, hyperprolactinemia, 26 & 45 yr old females with panic disorder, case report, 19974
alprazolam, hypothalamic-pituitary-adrenal axis secretion of ACTH & cortisol, 18–42 yr olds with panic disorder, 12924
amino acid sequencing of genes encoding 5-HT-1D-alpha vs 5-HT-1D-beta receptors, 18–79 yr olds with panic disorder, Japan, 1317
antidepressants & behavioral counseling, course & outcome & comorbidity & predictors of outcome of panic disorder, patients, 5–6 yr followup, 4747
antipanic medication taper, panic relapse & anger & effect of adding cognitive behavioral therapy, 23–46 yr olds with panic disorder, implications for need for long term drug therapy, 5017
anxiety sensitivity, panic attacks & anxiety symptomatology & functional impairment & disability, 17–22 yr olds, conference presentation, 39096
anxious responses to internal & external stimuli, 8–14 yr old offspring of patients with panic disorder vs animal phobia, 8052
assessment & psychometric properties of self-report instruments to assess panic & panic disorder, literature review, 28521
auditory-ERP-assessed psychophysiological features, patients (mean age 34.4 yrs) with panic disorder, 35663
autonomic dysregulation & cerebral blood flow & cardiovascular reactivity during orthostatic challenge, adults with acute vs remitted panic disorder, 22889
baseline pathology & placebo response rate & methodological issues in therapeutic trials, patients with panic disorder treated with placebo vs alprazolam vs imipramine, conference presentation, 28681
behavior therapy using exposure & ritual prevention with vs without pharmacotherapy with serotonin reuptake inhibitors, effective treatment of obsessive compulsive & panic disorder, 19684
benzodiazepines & exposure-based cognitive behavior therapies as combined therapies for panic disorder, 42895
beta-adrenoreceptor coupling to GS protein, adults with abstinent alcohol dependence &/vs panic disorder, 35418
bisoprolol, hyperventilation attacks, patients with hyperventilation syndrome, Netherlands, 1943
body related vs nonsomatic words, word recognition & ERP responses, adults with panic disorder, Germany, 31110
body vigilance & anxiety symptomatology, patients with panic disorder vs social phobia, 22910
brain phosphorus metabolism in frontal lobe & anxiety, 18–50-yr-olds with vs without panic disorder, 31118
brainstem auditory EPs & locus ceruleus function & interaction of pons & midbrain, 31–48 yr old panic disorder patients, Israel, 19230
candidate gene linkage study of GABA type A receptor subunits, panic disorder pedigrees, Iceland & US, 42363
carbon dioxide & oxygen, patients with panic disorder &/vs social phobia, Italy, 42360
cholecystokinin-B receptor antagonist CI-988, panic symptoms induced by cholecystokinin tetrapeptide, 25–47 yr olds with panic disorder, Netherlands, 23939
cholecystokinin-B receptor antagonist L-365,260, sodium-lactate-induced panic attacks, 23–50 yr olds with panic disorder, 32573
citalopram, treatment of school phobia & panic disorder, 9 & 13 & 16 yr olds & their parents, 13000
citalopram treatment, 48 yr old male patient with salbutamol-induced panic disorder, case report, 43178
clinical efficacy & side effects & advantages & disadvantages & effects on quality of life & work productivity, benzodiazepine treatment, patients with panic disorder, 27400
clinical features & correlates, children & adolescents with panic disorder with vs without agoraphobia, 31064
clinical issues, patients with comorbid panic disorder & drug addiction, conference presentation, 30665
clinical outcome of adults with panic disorder, 5 yr followup, Sweden, 42356
clomipramine vs fluvozomine, reactivity to inhalation of 35% cardon dioxide, panic disorder patients, 36491
clomipramine with vs without brief psychodynamic psychotherapy, relapse panic attacks, 21–49 yr olds with panic disorder, 18 mo study, 1660
cognitive behavior treatment, 70 yr old male & 69 yr old female with panic disorder, case report, 32132

cognitive behavioral therapy, anxiety & physiological arousal, adults with panic disorder, 8844
cognitive behavioral therapy for panic disorder with or without agoraphobia, 27197
cognitive-behavioral therapy with vs without computer assistance, 25–62 yr olds with panic disorder, US & Australia, 19737
cognitive-behavorial treatment, panic attacks, 28–49 yr olds with schizophrenia & panic disorder, 23720
cognitive intervention for doxapram induced panic, epinephrine & norepinephrine & growth hormone & ACTH & cortisol, 19–39 yr olds with panic disorder vs healthy adults, 15977
cognitive or guided mastery therapy, interpersonal problems, adults with panic disorder & agoraphobia, 1 yr followup, 39648
cognitive therapy vs relaxation training, changes in panic frequency & anxiety & associated fears, adults with panic disorder, 8804
comorbid medical disorders & somatization & depression, self perceptions of health, patients with panic disorder, 12097
comorbid panic & anxiety & eating disorders, 17–40 yr old females, case reports, 42141
comorbidity & neurologic links & treatment outcomes, patients with panic disorder & depression, 26390
comorbidity of panic attacks & major depression, age of onset, patients with lifetime comorbidity of major depressive disorder & panic attacks, 22692
comorbidity patterns of panic & other disorders, members of families ascertained for genetic linkage study of bipolar disorder, 38933
concept analysis of panic, adult females with postpartum panic disorder, implications for nursing practice, 26550
conceptual & methodological issues in research into relationship of early separation anxiety to adult panic disorder &/or other anxiety disorders, research review, 8045
conceptualization & assessment of catastrophic thoughts in panic disorder, 1312
construction of category rating system of antipanic therapy, assessment of effectiveness of pharmacotherapy, patients with panic disorder with vs without agoraphobia, prospective longitudinal study, 1873
course of chronic illness & its resemblance to panic disorder, C. Darwin, 22882
course of symptoms & drug treatment context across pregnancy & postpartum, 30–40 yr olds with panic disorder, 5001
cyclic alternating pattern of sleep EEG architecture & induction & maintenance, patients with panic disorder without sleep panic attacks, 12084
d-fenfluramine, female 35 yr old with refractory panic disorder, case report, letter, 9083
demographic & clinical variables predictive of functional impairment, adults with panic disorder, 42372
diagnosis & current research findings & treatment approaches for panic disorder, implications for health care professionals, 27082
diagnosis & epidemiology & clinical course, individuals with panic disorder, 26560
diagnostic specificity of Munich Personality Test dimensions in major depression, patients with major depression vs panic disorder, 37410
diazepam, sensitivity of saccadic eye movement velocity & accuracy & short term memory & sedation, adults (mean age 31 yrs) with panic disorder vs obsessive compulsive disorder, 13041
diazepam vs alprazolam, adults with panic disorder or agoraphobia with panic attacks, Australia & US, 5076
differential diagnosis & treatment of panic disorder by physicians in general medical setting, 27514
differential diagnosis of panic disorder vs anxiety disorder vs depression, 42364
differential diagnostic approach to review of causes of pharmacological treatment failure, patients with panic disorder, literature review, conference presentation, 32455
dimensional personality characteristics, adults with panic disorder vs generalized anxiety disorder, 4213
disease course & pharmacologic & cognitive-behavioral therapy, individuals with panic disorder, literature review, 26575
disorder related predictors of success of alprazolam taper to discontinuation with vs without cognitive behavior therapy, patients with panic disorder, 3 & 6 mo followups, commentary reply, 1804
disorder related predictors of success of alprazolam taper to discontinuation with vs without cognitive behavior therapy, patients with panic disorder, 3 & 6 mo followups, commentary, 1813
dosage & duration of imipramine, individual panic symptom responses, patients with manic disorder & agoraphobia, 1841
doxapram, induction of panic attacks & hyperventilation partially attenuated by cognitive intervention, 19–39 yr olds with panic disorder, replication, 12925
drug therapy & psychotherapy & surgery, 75 yr old WWII veteran with panic attacks & recurrent depression & hypertension & arteriosclerotic cardiovascular disease, letter, 32689
dynamic pulmonary function, 18–49 yr olds with panic disorder with vs without agoraphobia & without lung disease, Netherlands, 31128
dysregulation & production of corticotropin releasing factor & neuronal function & age, males vs females with obsessive compulsive vs generalized anxiety vs panic disorder, conference presentation, 15980
early separation from attachment figures & individual differences in temperament & attachment, children & adolescents with panic disorder, 19240
EEG profiles & subjective anxiety ratings, patients with panic disorder, Canada, 42375
efficacy of cognitive-behavioral therapy, 55–80 yr olds with panic disorder, 3 mo followup, 12840
efficacy of selective & general class of serotonin reuptake inhibitors, individuals with panic disorder, literature review, 27451
emotion-focused psychotherapy for panic disorder, 27149
end-tidal carbon dioxide levels & respiration rate & issues in hyperventilation subtype, adults with panic disorder vs generalized anxiety disorder, 35662
epidemiology & sociodemographic characteristics of panic disorder, 42386
epidemiology data on panic disorder, 10 countries, 35682
epidemiology of panic disorder onset after 40 yrs old, 1977–95, research review, 4202
epinephrine, cardiovascular & respiratory & panic reactions, adult outpatients with panic disorder with agoraphobia, 31127
epinephrine infusion vs placebo, panic rate, 25–50 yr olds with panic disorder, implications for role of cognitive factors, 12100
factor analysis of Beck Anxiety Inventory items & independence from panic attack symptoms, adults with panic disorder with or without agoraphobia, commentary, 17671
factor analysis of Beck Anxiety Inventory items & independence from panic attack symptoms, adults with panic disorder with or without agoraphobia, 17636
factor analysis of Beck Anxiety Inventory items & independence from panic attack symptoms for panic disorder patients with or without agoraphobia, commentary reply, 17635
failure to control for concurrent psychotropic therapy, evaluation of effect of cognitive behavior therapy on panic disorder, commentary, 8843
familial risk & clinical presentation of disorder, 18–70 yr olds with early vs late onset panic disorder & their 1st degree relatives, 35660
fantasy & dissociative processes & aggression & selfobject relations in bioself-psychological model & approach to psychoanalytic treatment, patients with panic disorder, 22905
fear & depression & anxiety as clinical features of panic disorder in outpatient 8–17 yr olds, 31964
fear level & social self-esteem, adults with panic disorder with agoraphobia, Canada, 35670

fear of suicide during sleepwalking, 42 yr old female with panic disorder who exhibited sleepwalking behavior & suicide attempts, case report, 31602
fluoxetine & lifetime history of panic disorder or histrionic personality, hypochondriacal concerns & anxiety, patients with major depressive disorder, 12961
fluvoxamine &/vs cognitive behavior therapy, patients with panic disorder with vs without agoraphobia, 6 mo followup, 12728
fluvoxamine, anxiogenic response to carbon dioxide inhalation, 24–59 yr olds with panic disorder & agoraphobia, 32499
fluvoxamine, cholecystokinin-4 induced panic attacks, 23–49 yr old outpatients with panic disorder, 26577
fluvoxamine, symptoms, 22–61 yr olds with panic disorder & depression, 27455
fluvoxamine vs brofaromine, 20–50 yr olds with panic disorder with vs without agoraphobia, 13070
focused vs standard cognitive therapy, 18–65 yr olds with panic disorder, 39701
frequency of symptoms & incidence of comorbid major depression & suicide attempt & suicidal ideation, 15–75 yr olds with panic disorder, 13 yr study, Japan, 12098
full vs partial experimental instructions, anxiogenic & respiratory response to room air hyperventilation or carbon dioxide inhalation, patients with panic disorder, replication, 1319
graded exposure with vs without cognitive therapy vs relaxation training, 18–63 yr olds with panic disorder with agoraphobia, 8781
hand-held computer program adjunct to cognitive behavior therapy, 35 yr old female with panic disorder, 4853
hierarchical guidelines of DSM-III vs DSM-III-R vs ICD-10, comorbid diagnosis & concordance rates with hypochondriasis, 21–68 yr olds with panic disorder &/vs agoraphobia, Austria, 1311
high vs low depression, fluvoxamine or cognitive therapy outcomes, patients with panic disorder, 8 wk followup, 8700
history & current status of hyperventilation syndrome & similarities with panic attacks & role in symptom production, 35964
history of trauma, features & persistance of major depression, adults with agoraphobia or panic disorder with or without agoraphobia or generalized anxiety disorder or social phobia, 5 yr followup, 22920
homogeneity in patient documentation of symptomatic phenomenology of attacks & physician's confidence of diagnosis, 16–67 yr olds with panic attacks & their primary care physicians, 4208
hypersensitivity to CO_2 & familial genetic risk for panic disorder, adults with panic disorder, 1320
hyperventilation & carbon dioxide inhalation responses, 18–65 yr old patients with specific phobia vs panic disorder, 42357
hypochondriasis & illness phobia, 12–69 yr old outpatients with panic disorder & agoraphobia, Italy, 31062
imipramine, escape behavior & sensitivity of 5-HT receptors in the dorsal periaqueductal grey area, rats, animal panic attack model, 38133
imipramine vs paroxetine vs sertraline vs placebo, anxiety reaction to carbon dioxide inhalation, panic disorder patients, Italy, 31063
in vivo cognitive treatment of panic attacks, 39 yr old female inpatient with panic attacks with agoraphobia, Norway, 31083
inclusion of pill-placebo controls, comparative efficacy of cognitive behavior therapy vs pharmacotherapy in treatment of depression & panic disorder, commentary reply, 19691
inclusion of pill-placebo controls, comparative efficacy of cognitive behavior therapy vs pharmacotherapy in treatment of depression and panic disorder, commentary reply, 19692
inclusion of pill-placebo controls, comparative eficacy of cognitive behaviior therapy vs pharmacotherapy in treatment of depression & panic disorder, commentary, 19697
initial & subsequent misinterpretation of bodily sensations caused by nonanxious states or innocuous events, patients with panic disorder with agoraphobia, test of cognitive model of panic disorder, 31090
interoceptive vs breathing retraining in cognitive-behavioral treatments, 22–48 yr olds with panic disorder with agoraphobia, 23737
life events prior to onset vs index evaluation, 18–64 yr olds with panic disorder or agoraphobia with panic attacks, 12 yr average followup, 12089
long term course & treatment outcomes of panic disorder, 27090
long term outcome of cognitive behavior therapy with vs without medication, patients in remission from panic disorder, 19821
long-term outcome of panic disorder treatment, literature review, 1980 to present, 16433
long-term treatment with clomipramine, plasma amino acids & serotonergic parameters, patients with panic disorder &/vs major depression, Netherlands, 43132
MAO inhibitors & serotonin selective reuptake inhibitors & tricyclic & other antidepressants, patients with panic disorder, 27425
medical comorbidity & perceived health, treatment outcomes, patients with panic disorder in cognitive behavior therapy, 22911
medical utilization & costs & unexplained physical symptoms, patients with panic disorder, 26564
mortality rates, male vs female 25–85+ yr olds with anxiety vs panic disorder with vs without agoraphobia, 1972–92, Sweden, 19233
nefazodone, panic attack severity & phobic avoidance & depression & anxiety, panic disorder patients with high degree vs minor depressive comorbidity or generalized anxiety disorder comorbidity, 1809
nefazodone, relief of comorbid anxiety or panic disorder symptoms, depressed 21–75 yr olds, 13082
negative interpretation of ambiguous autonomic sensations, patients with panic disorder with or without agoraphobia, 22886
neural network analysis of readiness to change & adinazolam, patients with panic disorder & agoraphobia, 9146
neuroanatomic model of fear & anxiety & integration of functional neuroanatomy & clinical neurochemistry of panic disorder, 26558
neuroanatomy & physiology of mammalian central serotonin nervous system & neural substrates in fear & defense responses, implications for panic disorder, 31080
neuroantomical & neurochemical & neurohumoral substrates of anxiety & panic disorder, literature review, 26566
nortriptyline during pregnancy instead of benzodiazepines, breakthrough symptoms, 35-yr-old female with panic disorder, 36459
occurrence of Jackson seizure & subsequent development of panic disorder, treatment with carbamazepine, 32 yr old male, case report, 2 yr followup, 24016
occurrence of respiratory symptoms despite partial response to sertraline or citalopram, 49 yr old male & 54 yr old male with panic disorder & being treated for hypertension, case report, letter, 32366
order effect & treatment preference & hypnotizability, exposure in vivo with vs without hypnosis outcomes, panic disorder outpatients with agoraphobia (mean age 34.3 yrs), 27083
outcome of psychopharmacological treatment &/or psychological pain management &/or exposure in vivo, patients with panic disorder with or without agoraphobia, 1964–1995, meta analysis, 42900
panic attack symptoms & anxiety sensitivity & academic performance, high school students, 8030
panic disorder & onset of Grave's disease, 56 yr old female & 51 yr old male, case report, 31099
panic disorder with vs without comorbid disorders, suicide attempt, reanalysis of Epidemiologic Catchment Area Study data, commentary reply, letter, 8054
panic disorders & voluntary geographical relocation, adult Westerners, Japan, 1310

paroxetine induced akathisia, female 40 yr old with obsessive compulsive & panic disorder, case report, letter, 9136
paroxetine treatment for panic disorder, literature review, 43136
patient history & symptoms & treatment with drug therapy &/or psychotherapy, patients with panic disorder (mean age 35.6 yrs), 42877
pentagastrin administration, sensitivity to panicogenic effects, 18–55 yr olds with generalized social phobia vs panic disorder, 23907
pentagastrin vs TRH challenge, heart rate & BP & panic attacks, healthy volunteers, commentary on study with panic disorder patients, letter, 6859
personality disorder traits & cognitive or guided mastery therapy, symptoms, 20–65 yr olds with panic disorder with moderate or severe agoraphobia, 1-yr follow-up, 32035
pharmacological & cognitive behavioral treatment for treatment resistant panic disorder patients, 27092
physical activation vs rest, physiological & subjective & attentional responses, patients (mean age 41 yrs) with major depression vs panic disorder, 30795
physiological vs agoraphobia & anxiety vs fear symptom clusters at onset of panic attack, patients with panic disorder, Japan, 22912
plasma beta-carboline norharman & platelet 5-HT & trait measures of anxiety & coping & defense mechanisms, patients with panic disorder (mean age 44.3 yrs), Netherlands, 26579
plasma MHPG & cortisol & heart rate & BP, prediction of treatment response, 20–50 yr olds with panic disorder & agoraphobia, 19976
plasma neuropeptide Y vs norepinephrine, patients with panic disorder or social phobia, implications for normal sympathetic nerve activity in anxiety disorders, 4214
power spectrum of QRS complex of EKG during postural change, 19–38 yr olds with panic disorder, 31132
preattack symptomatology & type & severity of panic attacks, 22–73 yr olds with panic disorder & agoraphobia, Netherlands, 12085
predictors of remission, patients with panic disorder with or without agoraphobia, 6 mo to 5 yr followup, 42393
presence of comorbid DSM-III-R Axis I disorder, suicidal ideation & behavior, 15–57 yr olds with panic disorder, Turkey, 39073
presenting features & cognitive & physiological mediating variables & psychobiological conceptualization of nocturnal panic & distinction from other sleep related disorders, 31069
prevalence & characteristics of anger attacks, 20–67 yr olds with panic vs anxiety vs depressive disorder, 11892
prevalence & comorbidity & clinical characteristics of panic disorder, completed suicide victims, Finland, 12148
prevalence & criteria & diagnosis & treatment of panic disorder, implications for primary care physicians, 8027
prevalence & recognition of panic states & treatment & costs, patients presenting with chest pain in primary care settings, 39082
prevalence of generalized anxiety & panic & phobic disorders & relation to depression & dementia & activities of daily living & psychotropic drug prescription, 65–100 yr olds, UK, 12090
prevalence of irritable bowel syndrome, patients with panic disorder, 22899
prevalence of obsessive compulsive symptoms & association with major depression & other clinical variables, 17–57 yr olds with panic disorder, Turkey, 39072
prevalence of panic disorder, cardiac outpatients with vs without heart palpitations, Canada, 31724
prevalence of panic disorder, emergency ward patients presenting with chest pain, 26580
prevalence of panic disorder in asthma & pulmonary function & anxiety & symptom perception during histamine-induced bronchoconstriction, 18–65 yr old asthma patients with vs without panic disorder, 1148
prevalence of personality disorders, patients with obsessive compulsive disorder vs social phobia vs panic disorder & agoraphobia, 12083
prevalence of psychological disorders & allergic & immunological disturbances, 19–63 yr olds with allergies vs panic disorder with vs without agoraphobia, 22677
psychoanalytic vs biologic vs deficit theories of panic disorder & agoraphobia, 35667
psychological stressors, temperament & physiological stress responses, fully remitted & medication-free patients with panic disorder (mean age 37.1 yrs), 31093
psychopathology & depersonalization-derealization & other psychosensorial symptoms, outpatients with panic disorder & agoraphobia vs complex partial temporal lobe epilepsy, Italy, 1147
quality of life & employment productivity & impairment, 18–67 yr old panic disorder patients, 35657
quality of life & work related disability & independent predictors, adults with panic disorder vs infrequent panic, 35666
quantification of G proteins in platelets & leukocytes, patients with panic disorder or social phobia, 8046
recognition of irrationality of & change in fearful cognitions during midst of panic vs at other times, 20–61 yr olds with panic disorder, 4217
regional cerebral blood flow in caudate nucleus, patients with obsessive compulsive vs panic disorder, England, 39088
relapse in cognitive behavior therapy, patient with panic disorder arising from preexisting vasovagal reactions to blood injury stimuli, case study, 19225
relapse of panic disorder induced by intravenous methamphetamine injection, 33-yr-old female, Japan, implications for psychotropic treatment, 31085
relationship of obsessive compulsive personality & disorder, patients with obsessive compulsive (mean age 29.2 yrs) & panic (mean age 35.7 yrs) & major depressive (mean age 42.5 yrs) disorders, Italy, 42199
reliability & validity of Cognition Checklist Anxiety & Depression scales, psychiatric outpatients (mean age 37 yrs) with panic disorder &/or major depression, 37457
reliability & validity of Panic Outcomes Module, assessment of treatment outcomes, 21–71 yr old patients with panic disorder, longitudinal study, 40875
responses to dexamethasone corticotropin releasing hormone challenge test, functioning of hypothalamic pituitary adrenocortical system, patients with panic disorder, 8042
retrospective memory & prospective cognitions of positive vs negative experiences, patients with panic disorder vs depression, England, 38934
review of new understanding of etiology & treatment of panic disorder & call for increased efforts at case finding, conference presentation, 31059
role of primary care physician in mental health treatment of panic disorder in managed care environment, 27651
seizure disorder presenting as panic disorder with agoraphobia, 17 yr old female, case report, 42814
self exposure to internal &/or external exposure cues, 18–65 yr olds with panic disorder & agoraphobia, 23743
self ratings of psychological & psychopharmacological treatment methods, patients with panic disorder & agoraphobia, erratum, 8697
self vs therapist directed cognitive behavioral therapy with workbook, 25–53 yr olds with panic disorder, 12834
sensory integration of spatial information, 18–56 yr olds with panic disorder with vs without mild vs moderate vs severe agoraphobia, 35664
separation anxiety disorder, 23 & 28 & 50 yr olds with panic disorder or long-standing anxiety, 3 case reports, 39090
serotonin reuptake inhibitor treatment, inability to cry, 33–42 yr old females with obsessive compulsive vs panic vs major depressive disorder, case reports, letter, 32486
severity of mood symptoms, urinary N-acetyl-beta-glucosaminidase & possible marker of serotonin activity, patients with panic disorder, 4203
short & long term efficacy & tolerability & relapse prevention effect of paroxetine with vs withouth cognitive behavior therapy, 35–40 yr olds with panic disorder with vs without agoraphobia, 43154
sodium lactate, flashbacks or other intrusive PTSD symptoms, patients with PTSD vs panic disorder, 22895

somatosensory amplification & somatization, outpatients with panic disorder vs major depression, 30803
somatosensory EPs in median nerve & relation to pathophysiology, adults with panic disorder, 26567
space & motion discomfort, patients with panic disorder with vs without agoraphobia vs other nonpanic anxiety disorders, Brazil vs US, 31112
stimulus change & load during auditory target detection task, frontal & prefrontal-limbic P300 ERP indices of information processing, patients with panic disorder, 8019
stressful life events & childhood family history of anxiety & comorbidity, illness course, patients (mean age 39.1 yrs) with panic disorder, 26572
Stroop response times to positive & threatening words related to panic vs social vs general concerns, 18–49 yr olds with vs without panic disorder vs social phobia, 8032
symptom variables & comorbidity & social impairment, imipramine vs doxepin & supportive psychotherapy outcomes, patients with panic disorder &/or depression, 5 yr prospective follow-up study, 27093
symptoms & lying & standing plasma & norepinephrine & heart rate & BP before vs after drug therapy &/vs cognitive behavioral treatment, patients with panic disorder, replication, 12713
tapering withdrawal from alprazolam, anxiety & panic & depression & phobia & other withdrawal symptoms, patients with agoraphobia &/or panic disorder, 9137
test retest of Present State Examination, stability of panic disorder as clinical entity vs facet of general neurotic syndrome, patients with panic disorder, 5–6 yr followup, 22907
theories for cause of panic attacks & agoraphobia & response to antidepressants with serotonin activity & serotonin selective reuptake inhibitors, role of serotonin in respiratory regulation, 19898
therapist competence, improvement with cognitive behavior therapy, patients with dysthymic vs panic vs generalized anxiety disorder, 23728
transformation of protoemotions into thought, female analysand with severe panic attacks, 12897
treatment issues in drug therapy & psychotherapy, patients with panic disorder, 42903
tricyclic antidepressant vs benzodiazepine vs MAO inhibitor vs selective serotonin reuptake inhibitor treatment, patients with panic disorder, research review, 32585
utilization of mental health care services & expenditures for treatment, 19–64 yr olds with panic disorder, 36676
utilization of primary care & other medical specialists, 18–65 yr old patients with panic vs obsessive compulsive vs generalized anxiety disorders, 26565
venlafaxine, anxiety & depression symptoms, adults with panic disorder, 23916
vestibular dysfunction & psychiatric dizziness & new narrower definition, patients with panic disorder with vs without agoraphobia vs nonpanic anxiety disorders vs depression, 35416
vitamin C, paroxetine- & fluvoxamine-associated bleeding, 33-yr-old female with panic disorder, case report, letter, 43195
within-situation safety seeking behaviors & panic related cognitions, adults with panic disorder, implications for cognitive therapy, 4857
yohimbine, behavioral & cardiovascular & neurochemical responses, panic disorder patients, 43138
35% carbon dioxide challenge as laboratory-induced anxiety, panic disorder potentiation, nonclinical adults, 4 yr study, 42381
35% carbon dioxide challenge, heart & breathing rate & subjective distress, 40 yr old male with limited symptom panic disorder, case report, letter, 26549
5-HT & benzodiazepine receptor ligands & antagonists, predator elicited flight responses, male Swiss-Webster mice, implications for animal model of panic attack, 3221
5-HT1A receptor agonist flesinoxan, 22–47 yr olds with panic disorder with or without agoraphobia, 16663
Pantherine [See Muscimol]
Papaverine—Serials
papaverine & venlafaxine, 56 yr old with refractory depression, case report, letter, 32459
Papua New Guinea—Serials
historical development & social/cultural & religious & political & performance factors in emergence of folk psychological disorder of Evil Spirit Sickness, Papua New Guinea, 15889
patterns of consumption & production & procurement decisions & foraging behavior & social construction of use-value, resource-sharing groups, Papua New Guinea, commentaries & reply included, 30092
Parachlorophenylalanine—Serials
nootropics oxotremorine vs catopril vs odansetron vs tacrine, water-maze spatial deficits induced by combined pCPA & scopolamine, male rats, animal model of cognitive deficits in Alzheimer's disease, 41465
parachlorophenylalanine, deprivation of serotonin & subsequent induction & maintenance of pseudopregnancy, female rats, 21882
Paradigmatic Techniques [See Paradoxical Techniques]
Paradoxical Sleep [See REM Sleep]
Paradoxical Techniques—Serials
development of Transformational Paradigm for treatment of sex offenders & compulsive sexual behavior, 33130
issues in defiance-based symptom prescription & psychological reactance, resistant clients, literature review, 19725
paradoxical behavioral approach with psychoanalysis, ritual of hate, couples with passive husband & aggressive wife, 4905
positive reframing & social support intervention, perceptions of perimenstrual changes & moods & personal resources & marital satisfaction, adult females, 18-wk study, 43293
Paragraphs—Serials
text & task & reader factors, role of paragraphing vs elaborative information in identification of & memory for main ideas in expository passages, college students, 14596
Paraldehyde [See Anticonvulsive Drugs]
Paralegal Personnel [See Legal Personnel]
Paralysis [See Also Cerebral Palsy, Hemiplegia, Paraplegia, Parkinsons Disease, Quadriplegia]—Serials
clinical & electrophysiologic & neuroradiologic & neuropathologic features, 21–74 yr olds with locked-in-syndrome, 8598
denial of or anosognosia for paralysis in other patient, female 77–78 yr old stroke patients, case reports, letter, 16365
depot neuroleptic medication, extrapyramidal side effects, 46 yr old female with paranoid schizophrenia, case report, 43182
interrater reliability & diagnostic sensitivity & specificity of clinical criteria for dementia with Lewy bodies, 61–92 yr olds with probable or possible Alzheimers disease vs movement disorders, 19629
morphological bases & assessment of visuoperceptual disturbance, 6–13 yr olds with spastic diplegia, 12628
motor evoked potentials & corticospinal function, 29 & 41 yr old females with conversion disorder & nonorganic paralysis, 31074
Paralysis Agitans [See Parkinsons Disease]
Paramedical Personnel [See Also Attendants (Institutions), Psychiatric Aides]—Serials
organization based self esteem, career outcomes & perceived importance of quality performance, emergency medical technicians (mean age 29 yrs), 28195
social support & stress debriefings, recovery after mass shooting incident, emergency medical personnel, 1 mo followup, 17079
social support in work environment & job strain, lower back & neck & shoulder pain, hospital nurses & nurses' aides, 24468
work related stress & environment & psychological distress, emergency medical technicians, 5538
Paramedical Sciences [See Audiology, Nursing, Optometry, Pharmacology, Physical Therapy]
Parameter Estimation [See Statistical Estimation]
Parameters (Response) [See Response Parameters]
Parameters (Stimulus) [See Stimulus Parameters]

Parametric Statistical Tests [See Also T Test]—Serials
omnibus test statistics & effect sizes, assessment of other's published data, research consumers, 10581
Paranoia—Serials
convergence of paranoia & science & science fiction & psychoanalysis, implications for totalizing vs nontotalizing worldviews, 30605
defense mechanisms & negative evaluations of self & others, paranoid vs depressive patients, 38911
development & internal consistency & factor structure & test retest reliability of Paranoia/Suspiciousness Questionnaire, college students, Australia, 10417
differences in levels of anger & hostility & paranoid ideation & global psychopathology, male 16–23 yr old nonviolent vs violent offenders, 23112
internal vs external causal attributions for positive vs negative hypothetical social events, paranoid vs depressed patients, 30771
neuroleptic dosage & severity of paranoia & belligerence, male vs female 14–68 yr old inpatients with acute or exacerbated schizophrenia, Italy, 31046
paranoia & grandiosity in disturbed object relatedness & symbiotic transference, borderline adolescents, case examples, 15773
paranoid thoughts, 65 yr olds & older with self-reported deficits in hearing & vision, 3 yr followup, 12023
T. Ogden's addition of "autistic contiguous" position to existing paranoid schizoid & depressive positions & role of interpretation in psychoanalytic theory building, 4946
theories of Freud & M. Klein & W. W. Meissner on etiology & psychodynamics of paranoia, development of paranoia with delusional symptoms, female patient, case report, 12044
Paranoia (Psychosis) [See Also Folie A Deux]—Serials
antipsychotic treatment, 75 yr old male with litigious delusional paranoia, case report, 13066
application of Kleinian & W. Bion's frameworks to group psychotherapy focused on working through paranoid & depressive anxieties & integration of split between paranoid-schizoid position, 8911
benzodiazepine withdrawal induced psychotic & other symptoms, elderly male patient & female 87 yr old, commentary, letter, 1850
cognitive motivations & personality traits, patients with paranoia, 39043
cognitive therapy, punishment paranoia, 31 yr old male with schizophrenia, case report, 1731
development of bisexual erotomania, 36 yr old female with polycystic ovary disease, case report, 12470
flight from torture & persecution in China & involuntary hospitalization & treatment, 30 yr old male with severe paranoid psychosis, case report, Australia, 31011
focused attention & component identification & topographic distribution & hallucinatory-paranoid symptoms, mismatch negativity, 11–24 yr olds with schizophrenia vs obsessive compulsive disorder, 35490
hermeneutical analysis of soul murder, family romance & structure of paranoiac delusion in D. P. Schreber's "Memoirs", 18365
information processing & social reasoning biases of self-representation, patients with persecutory delusions with vs without depression, test of cognitive model of paranoia, 26487
psychopathological manifestations & clinical patterns & stress factors & evolution & social adaptation, patients with psychogenic paranoid psychosis, Spain, 39065
pupil size & pupillary oscillation measure as markers of cocaine induced paranoia, recently abstinent crack cocaine addicts, 1400
research activity of R. Levy on late paraphrenia, need for clinicopathological studies, 12039
sertindole, worsening of paroxetine withdrawal symptoms, 30 yr old male with paranoid psychosis & unipolar depression, case report, letter, 36527
transference as obstacle to work of analysis, 26 yr old female & 30 yr old male analysand who developed paranoid transference, 9000
Paranoid Disorder [See Paranoia (Psychosis)]
Paranoid Personality—Serials
prevalence of comorbid antisocial or borderline or paranoid personality disorders, adult alcohol abusers, 19379
Paranoid Personality Disorder [See Paranoid Personality]
Paranoid Schizophrenia—Serials
abrupt cessation of clozapine & benztropine, worsening of tardive dyskinesia & psychotic symptoms, female 60 yr old with paranoid schizophrenia, letter, 5101
clozapine & risperidone, arrhythmia, 28 yr old paranoid schizophrenic female, case report, 32376
clozapine therapy & rechallenge, 45-yr-old male with neuroleptic malignant syndrome & history of paranoid schizophrenia, case report, letter, 43127
clozapine treatment, induction of hypertension, male 34 yr old with paranoid schizophrenia, case report, letter, 12972
clozapine, 22 yr old White female with paranoid schizophrenia, case report, 23928
combined clozapine & fluvoxamine treatment, increased clozapine serum levels, 25 & 42 yr old males with paranoid schizophrenia, case report, 12990
conjugate lateral eye movement responses to emotional & cognitive & spatial stimuli during exacerbation of symptoms, 18–60 yr olds with paranoid schizophrenia vs major depression, Poland, 35453
correlation of P300 measures & coping & stressful life events, 18–28 yr olds with paranoid type schizophrenic disorder, 6 yr study, 42342
delusion of self as Antichrist, 49 yr old male with paranoid schizophrenia, case report, 31039
delusional pregnancy & polydipsia, 37 yr old female with 15 yr history of paranoid schizophrenia, case report, 35632
development of lymphocytopenia & thrombocytopenia after risperidone or clozapine treatment, 19 yr old hospitalized male with paranoid schizophrenia, case report, 19920
diagnostic & therapeutic issues, 33 yr old psychotic male with imaginary friend & paranoid schizophrenic symptoms, case report, 1304
diagnostic & therapeutic issues, 33 yr old psychotic male with imaginary friend & paranoid schizophrenic symptoms, case report, commentary, 42338
diagnostic & therapeutic issues, 33 yr old psychotic male with imaginary friend & paranoid schizophrenic symptoms, case report, commentary, 42298
ego organization & function, nondisordered males vs male patients with antisocial personality disorder vs anxiety disorder vs paranoid schizophrenia, 15855
everyday situations with positive vs negative outcomes, use of confirmation vs disconfirmation hypothesis testing strategies, Ss with paranoid schizophrenia or delusional disorder vs major depression, 4033
flight into 2nd language within transference-countertransference discourse, bilingual 21 & 22 yr old Iranian college students with vs without paranoid schizophrenia, US, 19901
hemispheric imbalance in performance on digit vs tonic vs transitional dichotic listening tests, male 27–43 yr olds with paranoid vs disorganized schizophrenia, 39059
incidence & prevalence of late onset paraphrenia, 65 yr olds & older, Spain, 7988
neuroleptic syndrome precipitated by abrupt discontinuation of neuroleptic agents, 47 yr old paranoid schizophrenic male & 53 yr old female with schizoaffective syndrome, case reports, 4980
occurrence of Capgras' syndrome & Fregoli's syndrome, 29 yr old female & her mother with paranoid schizophrenia, letter, 1272
parotid gland swelling with clozapine, 41 yr old male with paranoid schizophrenia, England, case report, letter, 23913
perazine, acute hepatitis, 65 yr old female with paranoid schizophrenia, case report, letter, 13026
pharmacological treatment tactics & duration of remission & frequency of relapses & maintenance treatment cessation, 20–77 yr olds with schizoaffective or paranoid schizophrenia, 5054
presence of neurosyphilis, 53 yr old female with chronic paranoid schizophrenia, case report, implications for clinical diagnosis, 22855

psychosocial rehabilitation, 53-yr-old male with borderline personality disorder & 34-yr-old male with chronic paranoid schizophrenia & alcohol abuse, case reports, 33017
rapid risperidone dosage increase, acute dystonia, 34 yr old male with chronic paranoid schizophrenia, case report, 27394
regional cerebral perfusion, prediction of response to clozapine treatment, male neuroleptic-resistant paranoid schizophrenic patients, 13037
restarting clozapine treatment after agranulocytosis, 27 yr old male with chronic paranoid schizophrenia, case report, letter, 9032
risperidone, withdrawal-emergent tardive dyskinesia during dosage reduction, 23 yr old male with paranoid schizophrenia, case reoprt, 32339
Seroquel, cognitive functioning, 31 yr old male with paranoid schizophrenia, case report, letter, 32552
sertraline & clozapine, clozapine concentration levels, 35 yr old White male with paranoid schizophrenia, case report, letter, 32497
sleep patterns, 21–55 yr old drug-naive inpatients with paranoid schizophrenic disorder, 35606
subjective & objective quality of life, 17–75 yr old patients with paranoid schizophrenia, Germany vs England, 42322
task difficulty & meaningfulness of materials, response bias in probabilistic reasoning, patients (mean age 33.74 yrs) with paranoid schizophrenia & delusional disorder, 35643
traumatic brain injury & removal of left prefrontal cortex & lesion in left temporal lobe, transformation from bipolar affective disorder to paranoid schizophrenia, adult male, case report, 7858
whole blood production of interleukins & interferon & monocytes & neutrophils & leucocytes, patients with residual vs paranoid schizophrenia, Germany, 8004

Paraphilias [See Sexual Deviations]

Paraplegia—Serials
hereditary spastic paraplegia with comorbid dementia, siblings, Fiji, 12660

Paraprofessional Education—Serials
development & evaluation of therapeutic parent model, 23–69 yr old child & youth care professionals, implications for professional identity & selection & education & training, erratum, 17062
development & evaluation of therapeutic parent model, 23–69 yr old child & youth care workers & supervisors & directors, implications for professional identity & selection & education & training, 9727
issues in role definition & education & training & professional development & management of paraeducators, implications for services to students with developmental disabilities, 36940
therapeutic parent model, child & youth care professionals, commentary, 17067
therapeutic parent model, child & youth care professionals, commentary, 17028
therapeutic parent model, child & youth care professionals, commentary, 17034
therapeutic parent model, child & youth care professionals, commentary, 17048
therapeutic parent model, child & youth care professionals, commentary, 17024
therapeutic parent model, child & youth care professionals, commentary, 17025
therapeutic parent model, child & youth care workers, commentary reply, 17063

Paraprofessional Personnel [See Also Paramedical Personnel, Teacher Aides]—Serials
Barnabas Ministry model for training in Christian counseling skills, lay persons, 36571
hypothetical ethics violations, ignore vs confront violator vs report to supervisor, paraprofessional mental health direct care staff, 43551
implementation of abuse prevention training program, job performance & care quality & staff burnout & staff-resident conflict & resident aggression toward staff, 19–65 yr old nursing assistants, 43500
issues in role definition & education & training & professional development & management of paraeducators, implications for services to students with developmental disabilities, 36940
paraprofessional participation in prenatal & early childhood home visitation program designed for nurses, 23–54 yr old home visitors, 20250
role of psychologists in formal or informal paraprofessional or lay helping, 36845

Parapsychological Phenomena [See Also Extrasensory Perception, Near Death Experiences, Out of Body Experiences, Telepathy]—Serials
absorption & cognitive style & paranormal experiences & prediction of hypnotic susceptibility, college students, 18023
apparitions & physical environment & physiological parameters, subjective vs objective reality, 24–50 yr olds, 18030
beliefs in extraterrestrial life & UFO-related beliefs & schizotypal personality, male vs female college students (mean age 17 yrs), England, 41695
common themes among satanic ritual abuse & sexual masochism & UFO abductions & factitious illness patterns & extreme love experiences, commentary, 35711
construction of UFO abduction accounts as false or pseudo memories for escape from awareness of self, 35345
decision augmentation theory of anomalous information integration, 29025
decision augmentation theory vs influence model of anomalous mental phenomenon, 29024
dissociative experiences & trait anxiety & paranormal beliefs, female vs male 18–45 yr old college students, Germany, 38785
efficacy of psychic detection in solving crimes, psychic detectives vs Ss with no psychic ability, England, 21476
government-funded research & evidence for existence of psychic functioning, commentary reply, 14694
government-funded research & evidence for existence of psychic functioning, commentary, 14688
government-funded research & evidence for existence of psychic functioning, 14693
hypnotic susceptibility, endorsement of anomalous or paranormal or dissociative experiences, college students, 29026
importance of artistic creativity & wealth & feelings about meaning of life, reports of & feelings about psychic or transcendental experiences, adolescents & adults, 29884
issues in nature of ghosts from analytical perspective, 19071
minimalist's vs maximalist's perspective on parapsychological phenomena, 34323
paranormal belief & lessening of death anxiety, 21–62 yr olds, 25351
phenomenology & observations of psychic contact in imaginal space & transpersonal interaction, adults, implications for psychotherapy, 331
private & public aspects of psychic phenomena, summary of conference, 21473
relationships between traditional Christian beliefs & spiritualism & belief in paranormal phenomena, college students, Iceland vs US, 22223
spiritual encounters with deceased children, grief process, bereaved parents of pediatric cancer patients, 39459
temporal lobe complex partial epileptic signs & paranormal beliefs & peak experiences, healthy 18–38 yr olds, 29431
transference & psi phenomena in psychotherapy, 26–57 yr old clients, Brazil, 23604

Parapsychology [See Also Parapsychological Phenomena]—Serials
parapsychologist R. Thouless' test of postmortem survival & enciphered messages, 34324
spontaneous vs laboratory case studies in parapsychological research, 34322

Parasitic Disorders [See Also Malaria]—Serials
intestinal worms, mental performance & development, human hosts, 1910s to 1990s, literature review, 19523
risperidone, 77 yr old male with delusional parasitosis, case report, 32525
subjective reports of vs actual memory impairment, 19–64 yr olds with Lyme borreliosis, 12664

Toxocara canis infection, risk factors & cognitive development, disadvantaged 6 mo olds, 4 yr study, 39387
whipworm infection, cognitive functioning, 4th–5th graders, Jamaica, 19522
Parasitism [See Biological Symbiosis]
Parasuicide [See Attempted Suicide]
Parasympathetic Nervous System [See Also Efferent Pathways, Vagus Nerve]—Serials
ECT, changes in respiratory sinus arrhythmia, patients with depressive episodes (mean age 42.2 yrs), 36548
relaxation vs worry periods, interbeat intervals & vagally mediated heart rate variability & general cardiac parasympathetic activity, patients with generalized anxiety disorder, 15991
respiration rate & anticipation of electric shock, heart rate variability as index of cardiac parasympathetic response, healthy college students, 3166
Parasympatholytic Drugs [See Cholinergic Blocking Drugs]
Parasympathomimetic Drugs [See Cholinomimetic Drugs]
Parathyroid Disorders—Serials
treatment with 1,25 dihydroxy-cholecalciferol, improvement in dementia, 51 yr old male with idiopathic hypoparathyroidism, case report, implications for hypocalcemia, 20104
treatment with 1,25 dihydroxy-cholecalciferol, improvement in dementia, 51-yr-old male with idiopathic hypoparathyroidism, case report, commentary & commentary reply, letter, 36618
Parent Attitude Research Instrument—Serials
reliability & validity of Measure of Processes of Care, measure of attitude toward care received & psychosocial outcomes, parents of children with neurodevelopmental disorders, Canada, 28405
Parent Child Communication [See Also Father Child Communication, Mother Child Communication]—Serials
acoustic structure of neonatal cry as communication for parental assessment of health & fitness condition & reproductive value & development of offspring, 41615
communication with mother vs father, 12–19 yr olds in stepfamilies formed after mother's divorce & remarriage vs father's death & mother's remarriage vs biological families, 30161
communication with parents, delinquency, 14–19 yr olds, 26717
communicative competence in verbal exchange with bilingual parents vs monolingual strangers, bilingual females (mean age 2.2 yrs), 22009
contact & proximity & relationship quality & exchanges of assistance & norms & expectations & demographic characteristics in adult child–parent relationships, 7483
definitions of verbal child abuse, mental health professionals & parents, 31260
development of narrative-like talk, 2.0–2.6 yr old male vs female African Americans & their families & community members, 3 yr study, 750
dialogs conducted about narratives parents conduct with their infants & typology of parental attributions, observers &/or clinicians & parents, 30176
dysregulated negative affect prior to parenthood, conflict & diminished affective quality in marital & parental communication, married couples & their children, 5 yr study, 35083
egocentric & relationship defining & disconfirming communication patterns, triads within families with son or daughter with schizophrenia or affective disorder or other psychiatric diagnosis, 7831
family communication & offspring social & interpersonal functioning & psychiatric hospitalization, male 7 or 10 yr olds with parent with serious psychiatric disorder, 10–14 yr followup, 30810
family communication environments, social behavior, 1st & 4th & 6th & 7th graders, 25864
family environment & parent–child relation & parental coping strategies & suggestions, coping behavior, 9.2–12.2 yr olds, 18582
family therapist role in intergenerational multiparty problem formulations, therapists & 13–17 yr olds & their parents, 8885
family therapy & child disclosure of homosexuality, parents & their adolescent children, 27272
identification with family & counseling parents on speaking to surviving children at death of sibling, mental health professionals, 43327
interpersonal problem solving interactions, depressed vs nondepressed adolescents & their parents, 35569
interpreter role to deaf parents, 18–79 yr old hearing sons vs daughters, 4 yr study, 39593
judgments of infants' socially responsive looks to parents vs nonface stimuli, nonparents vs parents with vs without developmentally delayed children & 12–28 mo olds with developmental disabilities, 19451
labeling strategies in conversation with parents during picture identification, Black vs White middle vs working class 3.0–5.9 yr olds, 34808
local/horizontal & global/vertical encoding, addressing of narratives, deaf mothers using American Sign Language to deaf 2–7 yr olds vs English-speaking parents to hearing 2–8 yr olds, 31930
model of bidirectionality in parent–child interactions in the context of parent–child relationships, 38571
mothers' vs fathers' self concepts & self esteem & positive & negative statements, development of self concept & self esteem, 3rd–7th graders, social learning & symbolic interaction models, 11569
number & intelligibility of communicative act repertoires & intent in social interaction with parents, 14 mo olds, 18 mo study, 7278
openness arrangement by adoptive parents, understanding of adoption & self-esteem & curiosity about birthparents & satisfaction with level of openness, 4.72–12.98 yr olds, 18632
parent child conversations about past event, memory performance, 3–4 yr olds, New Zealand, 743
parent education, self rating of effectiveness of communication with adolescent, parents, 1761
parental attitudes & disclosure of information to their adult children (aged 17–44 yrs) with learning disabilities, Wales, 39272
parental communication deviance, prediction of relapse, males with schizophrenia & their parents, 1 yr followup, 4193
parental expressed affect & control behaviors, classroom social acceptance, 4.8–6.4 yr olds, longitudinal study, 11442
parental involvement & perceived impact on teen drinking & driving behaviors, parents & their adolescents, 34887
parental report of acquisition of handshape aspect of American Sign Language signs, 6–18 mo olds with deaf parent or parents, 5–14 mo study, 29827
parents' marital attributions & child attributions for parent behavior & marital context, parenting & parent–child interaction & communication, Caucasian male & female 10–12 yr olds & their parents, 15475
qualities in singing to own infant vs simulation & childcare experience & culture & musical background, accuracy in identifying song, listeners & mothers vs fathers of 4–18 mo olds, 30184
recollection of meaningful discussions about sex in the home, college students vs their parents, 26116
reflection enhancing regulative communication across children's misbehavior situations & resistance, 23–44 yr old parents, 30186
sex & audience figure & response expectancy & family emotional expressiveness, self reported expressive regulation & display rule use, children mean age 4.6 yrs & their parents, 34963
sign language acquisition & hand preference development, young children of deaf parents, longitudinal study, 34783
social interaction behaviors with parent, high vs low-functioning 3–7 yr olds with pervasive developmental disorder vs language disorder, 31448
speech during picture identification vs free play vs meal, White vs Black middle class vs working class parents & their 3–5.9 yr olds, implications for language acquisition, 902

structured vs unstructured conditions, sampling children's communicative acts, 1.8–3.6 yr olds with Down's syndrome or developmental disability & their parents, 5–7 mo followup, replication, 19466
teaching self evaluation through student led parent conferences, implementation plan, 33389
therapy & reactions to physical & emotional loss of father, sons, implications for family therapists & other professionals, 27114
use of divorce adjustment computer game, knowledge needed for divorce adjustment & communication & conflict, 12–17 yr olds & parent, followup, 15467
use of Parent–Teen Empathy Enhancement Process to increase interaction between parents & teens, school counselors, 32212
Parent Child Relations [See Also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness]—Serials
accuracy of perception of elderly parent's concerns, adult children, 7413
Adaptability/Plasticity scale scores of Parenting Stress Index Child Domain & diversity of coping skills in response to environmental demands, children with Downs Syndrome & their mothers, Australia, 1436
adolescent temperament & age & gender & puberty & parent–adolescent conflict & expectations of adolescent psychosocial development, 12–18 yr old adolescents vs their 30–65 yr old parents, Netherlands, 38378
adolescent—parent conflict, male vs female 7th vs 9th vs 12 graders, Hong Kong, 3495
adult attachment styles & desire to have children & working models of parenthood, 18–23 yr old unmarried college students without children, 35116
advice for early parenting of twins on matters such as feeding & stress & attachment & individuation, parents, 26072
affective reaction to parental behavior & perception of parental acceptance & birth parent vs stepparent relationship, reciprocity in response to parental behavior, 12–16 yr olds, Australia, 38577
affective symptoms of depression, 5–10 yr old children of 23–59 yr old nonsubstance abusing mothers & chemically addicted fathers, 12222
analysis of protective buffering mechanisms from marital conflict & dissolution, 5 yr olds & their parents, 3 yr followup, 34919
analysis of 5 14th–17th century German autobiographical childhood accounts, 34759
application of D. Baumrind's conceptual framework of parenting style, personality & academic achievement & adjustment & substance abuse, college freshmen, 19396
aspects of parenting & parent-child relationships & demographic characteristics, participation in sexual possibility situations, urban African American 9–12.9 yr olds, implications for HIV prevention, 18606
attachment style & reactions to separations from parents or other loved ones, 18–45 yr olds, Israel, 7729
attachment theory in adult child & older parent relationships & applications to counseling, 22264
attitudes toward & knowledge of alcohol & parents' drinking behavior & reasons for drinking & TV viewing habits, drinking behavior, nondrinkers vs light vs moderate vs heavy drinkers, England, 22404
attitudes toward education & participation in child's education, Hispanic parents of children in regular vs special education classes, 13852
attitudes toward teachers & school & education, children's academic achievement, biological & foster/surrogate parents & guardians of 13–17 yr olds, South Africa, 20584
autonomy & relatedness in parent–adolescent relations, adult attachment states of mind, 14 yr olds, 11 yr study, 25843
behavioral interaction & subjective experience in assessment of infant–caregiver relationship, implications for development & psychopathology, 35500
bidirectional effects in parent–child relationships, 38563
caregiver burdens & gratifications, 39–87 yr old parents of 22–55 yr olds with mental retardation living at home vs out-of-home, 31478
child & adult attachment & parental caregiving & child abuse, implications for intervention, 16018
child & parental factors in abuse potential, mothers & their 2–8 yr olds with vs without disabilities, 4229
child age & medical diagnosis & severity & resolved vs unresolved maternal mental state, caregiving representation patterns, mothers & their 15–50 mo olds with cerebral palsy or epilepsy, 4698
child behavior & parenting & family life factors, clinical referral, referred vs nonreferred male children with pervasive hyperactivity, England, 35999
childhood & adolescent personality & family & peer factors, tobacco smoking, 18–28 yr olds, longitudinal study, 35176
childhood & parental & family influences & recent experiences, religiosity, adult offspring, conference presentation, 30145
childhood separation from parents & behavioral & emotional problems & family strain, adult psychopathology, 30 yr old cohort observed 4 times since age 20 yrs, Switzerland, 35464
child–parent & child–teacher relationships, social & academic outcomes in early childhood, 22129
childrearing practices, mothers & fathers of normal vs ADHD 7–11 yr olds with vs without aggression, 12334
childrearing styles & parental characteristics & parent child relationship, in vitro fertilization vs other formerly infertile vs fertile parents of 2–4 yr olds, Netherlands, 7514
child's developmental status & quality of infant–parent relationship, early childhood parenting stress, parents of low birth weight 5.8 yr olds, longitudinal study, 35117
chronicity of troubled parent child interactions during parental efforts to control child, externalizing problem behavior, toddlers observed at 27 &/vs 33 mo, 7502
classical vs connectionist beliefs on child development, inferences during child-rearing episodes, parents, Spain, 7511
clinical & demographic predictors of parental emotional over-involvement, 18–39 yr old inpatients with schizophrenia or schizophreniform disorder & their parents, 30933
closeness to mother vs father vs peer vs teacher & self-esteem, male vs female 8–12 yr olds, 22090
coercion model of parental distress & acceptance & relations with children & children's adjustment & effects of social pressure & social support, 28–59 yr old single parents, China, 41895
conceptions of emotions & parental emotional socialization & emotional competence with peers, 3.1–5.7 yr olds, 29865
consensus in relations between children & new parent & spouses as role strain prediction factors, stepfamilies reconstituted following divorce, 30164
construct validity of Filial Anxiety Scale, measure of anxiety over becoming parental caretaker, adults, 10410
contact & proximity & relationship quality & exchanges of assistance & norms & expectations & demographic characteristics in adult child–parent relationships, 7483
convergent & discriminant validity of Differentiation in Family System Scale, assessment of multiple perspectives in adolescent-to-parent relationships, 11–19 yr olds vs mothers vs fathers, 28659
culture, attitudes toward filial obligations to aging parents, Laotian refugee vs American high school students, 41848
decision making & home environment & intergenerational identification of risk & access to resources & power relations, understandings & management of risk, 9 vs 12 yr olds & their parents, 41717
degrees of interpersonal interaction & distance over time in intergenerational relations, 4-generation family, 20 yr study, 22273
depression & anxiety, 5–13 yr old children of substance abusing parents, conference presentation, 42521
development & validity & clinical application of Working Model of the Child Interview, assessment of parents' internal representations of their infants, mothers & their infants, US & Canada, 28529
development of parenting scale, measure of parent child relationships, parents, 28414

development of scale of parental attachment with role reversal of caring for parent, relationship between parental & romantic attachment, 18–74 yr old college students & heterosexual couples, 40880
development of standardized behavioral rating system for Marschak Interaction method, assessment of parenting stress & parent–child interaction quality, parents & 3–14 yr olds, 17573
developmental aggression & sexuality, toddler attachment & parental perceptions & behaviors in caregiving system, 3449
developmental change & consistency in parent-child interactions, mothers & fathers & their 6–18 yr old children with mild or moderate mental retardation, followup study, 31469
developmental crisis when caring for aging parent, impact of early relationship with parent & sense of self, midlife women, 13352
discipline strategies, mothers vs fathers of hard to manage 25–41 mo olds, 35103
disintegration of family & reasons youth choose to leave home, 12–17 yr old runaways, Netherlands, 18433
DSM-III-R axis II syndromes & parental bonding & self concept, frequency of dissociative experiences & disorders, patients admitted for inpatient psychiatric treatment, Switzerland, 30782
dysregulated negative affect prior to parenthood, conflict & diminished affective quality in marital & parental communication, married couples & their children, 5 yr study, 35083
early parent–child interactions, anxiety, 15–18 yr olds, Mexico, 12088
earnings & nonleisure spending, family interaction style & involvement & parental control, working 7–10th graders of low income families, 18622
elders' cognitive impairment & perceived caregiving burden, perception of dependency in elder parent care with child care, 25–75 yr old caregiver-daughters of 62–101 yr old frail health parents, 5321
environmental factors & parent & child characteristics that contribute to development of conduct disorder & an early intervention prevention model, 39152
exchange of reciprocal negative affect displays in physical play with parents, peer competency, 4–5 yr olds & their parents, 18544
factor analysis & reliability of parent involvement scale & perceptions of parent behavior & teenage alcohol problems, 7th–12th grade students, 40849
factor analysis of Parent Success Indicator, 10–14 yr olds & their parents, 10385
factor structure of Parental Bonding Instrument, sons' vs daughters' reports of behavior in mothers vs fathers, US vs UK college students, 33970
failed attempts to influence outcomes of children's conflicts, parents & 2–5 yr olds, Canada, 38574
family centered philosophy & infant–parent interaction in early intervention model for families of children with special needs, commentary, 40485
family centered philosophy & infant–parent interaction in early intervention model for families of children with special needs, 40475
family disruption & stressed marriage & parent child relations, antisocial behavior assessed in childhood vs adolescence vs early adulthood, 7–11 yr olds, longitudinal study, 7371
family environment & parent–child relation & parental coping strategies & suggestions, coping behavior, 9.2–12.2 yr olds, 18582
family factors & child's marital status & education & age, plans to leave & expectations about length of stay, continuing vs return coresident adult children in parent households, 11562
family management & maternal attachment vs deviant peers, delinquency & substance use & sanctioned misbehavior, 9–14 yr old children of parents in methadone treatment for heroin addiction, 26614
family processes & parental behaviors in family discussions, cognitive & problem solving style, anxious vs aggressive vs nonclinic 7–14 yr olds, 22093
family relationships & structure & parental smoking, adolescent onset of smoking, implications for school-based preventive programs, 20538
family status vs parenting variables vs peer support vs neighborhood risk, academic performance, 12–14 yr old African American junior high school students, 1 yr followup, 9923
family therapy & child disclosure of homosexuality, parents & their adolescent children, 27272
family variables & life events & sex & parental education & employment status & SES, prediction of parental involvement in career development, high school seniors, 28123
gender identity in male & parent–child relationships, male analysands with gender related struggles, commentary, 32270
generativity & authoritarianism, personality & political involvement & parental style & parent child relations, college students & their parents, 30525
genetic & environmental influences, self-reported parent–son relationships, 11-yr-old individual male twins, 6 yr followup, 22096
heritable characteristics & biological parents with substance abuse/dependency or antisocial personality, antisocial behavior & adopted parents' behavior, 12–18 yr olds, erratum, 15479
home & family influences on motivations for reading, implications for guidance to parents & for the development of family literacy intervention programs, 36952

child disability, prediction of parental educational expectations, physically disabled 8th graders & their parents, 2231
childrearing practices & stress & adjustments & perception of child behavior problems, fathers vs mothers of preschoolers with externalizing behaviors, 7501
child's sex & age & type of problem, perceived responsibility for & treatment acceptability of child's emotional/behavioral maladjustment, parents, 15885
classical vs connectionist beliefs on child development, inferences during child-rearing episodes, parents, Spain, 7511
computer usage & attitude toward computers, Scottish vs Romanian college students vs their parents, 34901
concensus on educational objectives for children as prerequisite for quality early childhood care and education, parents vs staff, Netherlands, 5621
concept of children's areas of personal discretion & autonomy & individuality, mothers with female vs male 4–5 & 6–7 yr olds, 11458
content analysis of parenting magazines, mothers, Japan vs US, 22297
control beliefs, emotional reactions to inattentive-overactive & aggressive-oppositional child behaviors, high vs low control mothers of 7–10 yr old males & college students without children, 18976
cultural acceptability of Conners Parent Rating Scale & Child Behavior Checklist, Dakotan/Lakotan parents, 30098
culture & SES & class, attitudes toward long-term socialization goals & child behavior, lower vs middle class Anglo vs migrated vs island Puerto Rican mothers, US vs Puerto Rico, 18736
defensive attributional bias, causal explanations for infant growth deficiency, mothers of healthy vs growth deficient 2–12.5 mo olds with vs without medical problems, 35997
definitions of verbal child abuse, mental health professionals & parents, 31260
depression & anxiety about pregnancy or delivery & acceptance of maternal role & feelings for baby during pregnancy & postpartum period, 17–42 yr olds with vs without premenstrual irritability, Japan, 23294
depressogenic thinking & depressive symptoms & perceived parental messages about self & world & future, 9.5–14.7 yr olds & parents, 19172
descriptions of own vs ideal child & definition of optimal secure base behavior, 20–47 yr old mothers & their 1–4.7 yr olds & child professionals, 7 countries, 3645

discourse analytic study of motherhood expectations & changes effected on life, 26–34 yr old mothers with 1–3 yr old eldest child, England, 26074
early maternal perceptions of behavior & infant mental & psychomotor development, Sephardic vs Ashkenazi mothers (mean age 28 yrs) & their neonates, Israel, 26069
ecological approach for coping with cultural differences in child-rearing practices, immigrant parents, implications for family therapy, 26071
economic needs vs preferences in use of market child care vs by relatives, satisfaction & quality of care, employed 15–39 yr old mothers of preschoolers, implications for public policy, 11584
experiences & feelings & understandings of child's sexual development & identity, parents of profoundly disabled teenagers vs physicians & teachers, 8401
experiences & perceptions of preterm infants who did vs who did not require special care, 20–40 yr old mothers, England, 38575
family adaptation to child's initial entry into supported employment, parents of adult children with mental retardation, 27800
family background & parental attitudes & peer support & behaviors & attitudes, academic achievement, 6th & 8th & 10th graders from Latino or East Asian or Filipino or European immigrant backgrounds, 37034
family characteristics, parent expectations & goals in child health supervision & pediatrician emphases, mothers of 2–3 yr olds & pediatricians, 20164
family socialization experiences in form of inductive vs affective vs coercive style of parental control, proneness to feelings of guilt & shame, college students, retrospective study, 38373
gender, perceived parenting role, parents with a child with cancer, 23344
grief & intrusive thoughts & avoidance & distress & wishes for children, mothers vs fathers of intellectually disabled children, 3-yr study, 4423
health newsletter, attitudes about child development & behavior, foster parents, 16789
ideology & preferences for educational & school structures, educated middle class mothers who perceived themselves as being liberal on education issues, 17119
impact of parentage & community context on ethnic self-identification & attitudes & behavior, 12–17 yr old aboriginal Samis, Norway, 25886
impact of rural parents on the development & identification of careers by youth in rural communities, rural parents & youths & others residing in rural communities, 28143
improvement of co-parenting relationship of custodial & noncustodial parents, voluntary compliance with child support orders, adults, 3616
individual & parenting & marital functioning & gender-related psychosocial variables, parents of 8–9 yr olds with vs without spina bifida, 26868
informal support for social & psychological needs, 27–65 yr old lesbian mothers, 22362
insights & attitudes toward coming out process, lesbian & gay young adults & their parents, 7553
interdependence of parental post-partum experiences on psychological tasks, women vs men, England, 38580
interparent agreement on 4 preschool behavior rating scales, mothers vs fathers of 4–5 yr olds, 10376
interrater reliability of academic performance ratings by teachers vs mothers vs sons, prediction of achievement test scores & final grades, 1st vs 4th vs 7th grade males vs their mothers vs teachers, 17169
intervention program, parental support & sense of competence & relationship quality & child's cognitive development, lower class Surinam-Dutch 13 mo olds & their mothers, Netherlands, 5 mo followup, 19870
knowledge & attitudes & anxieties & experiences of pregnant women, England, 38566
knowledge about & attitudes toward openness & contact with adopted child &/or adoptive parents, 25 yr old & older birth parents, England, 928
legal issues in parental treatment of their children by faith healing, 20912
load vs no load & social vs nonsocial judgement conditions, accessibility of dominance ideation in parent-child relationships, parents (mean age 40.77 yrs) with high vs low-perceived power, 35263
locus of control & impact of child's behavior on parent's locus of control beliefs about relationship with child, 3rd–5th graders & their mothers, 35114
long term effect of information-giving prevention program, mothers' knowledge & attitudes & practices regarding their children's development, mothers & infants, Israel, 27309
making a commitment & becoming connected & making room for the baby, father-infant relationship, fathers, 26056
marital conflict, differential treatment of siblings, parents of 2.3–9.7 yr olds, 26059
maternal employment, father's vs mother's involvement with infant & ratings of caretaking abilities & concerns about separations related to employment, parents of 6 mo olds, 7516
maternal ratings of child temperament & observed maternal behaviors in home as predictors of mothers' problem solving behaviors with toddlers, 18 mo olds, 3.5 yr study, 29780
maternal resolution of child's medical diagnosis, parenting stress & perception of marital quality & social support, adult females with chronically ill children, 26889
maternal sensitivity & attachment security at home, mothers & their full- vs pre-term infants observed at 8 & 12 mo of age, 3463
mathematics performance & mathematics-related parental attitudes & practices & demographics & beliefs, Euro-American vs Chinese-American vs Taiwan-Chinese preschool & kindergarten children, 41619
meaning of childrearing vs child care & roles as mothers & wage earners, interpretations of custodial vs surrogate vs coordinated child care, employed mothers of infants & preschoolers, 11590
meanings attributed to grief & sexual intercourse & death of child, couples, conference presentation, 35078
Measure of Processes of Care, perceptions of health care providers' behaviors, parents receiving child care services from rehabilitation services vs cleft lip & palate program, Canada, 20177
mitigating circumstances, parental beliefs & intervention behavior & child's understanding of physical aggression, parents of 1.9–2.6 & 3.6–4.9 yr olds, 11452
national religious environment & parental religiosity, religious beliefs, adults, 15 nations, 41842
objective vs self- vs parent reports of current vs expected vs desired activity levels, 11–16 yr olds with vs without chronic fatigue syndrome & their parents, implications for cognitive distortion, 23255
overprotection & perception of child's vulnerability, parents (mean age 35.7 yrs) with 5–10 yr old, 30183
parent assessed presence vs absence & patterns of early manifestations of compromised neurodevelopment, 9–13 yr olds with vs without learning disabilities, 31452
parent involvement & mutuality of parental & teacher efficacy, 24523
parent pain education booklet, attitudes & concerns about drug management of their children's postoperative pain, 17–51 yr old parents of 2–12 yr old children undergoing day surgeries, 43278
parent vs teacher ratings of adaptive skills, 3–12 yr olds with multiple disabilities in rehabilitation day treatment, 19101
parental appraisal & patterns of behavior problems, 7–14 yr old males vs females with Down's syndrome & their parents, England, 4–5 yr follow up, 16176
parental attitudes & disclosure of information to their adult children (aged 17–44 yrs) with learning disabilities, Wales, 39272
parental attitudes & involvement & discipline styles & consistency, self rated adjustment & perceived competence & locus of control, stressed urban 4th–6th graders & their parents, 29868
parental attitudes & perceptions toward children's use of transitional objects, parents of 1–14 yr olds, 38412

parental attitudes about quality & degree of social & health care support, families with child affected by cerebral palsy, Northern Ireland, 43319
parental disclosure of child psychosocial problems, identification & intervention by family physicians, parents & physicians of 3–10 yr olds, 39949
parental health beliefs toward immunization, parents of 2–4 yr old fully- vs under-immunized children, 36656
parental reactions at onset of insulin dependent diabetes mellitus in child, families, 39398
parental sex & health & perceived social support, stress & anxiety & depression, parents of children with autism, 26772
parental stress & perceptions of children's temperament & parent–child interactions, normally developing vs autistic vs mentally retarded children, 19444
parental union & work experiences, prediction of union attitudes & work beliefs, college students, implications for family socialization, 17348
parenting beliefs & stress & parent child interactions, polydrug addicted mothers, 20229
parent's perceptions of disablities & functional needs, 5–18 yr olds with myelomeningocele vs meningocele, 31805
perceived accuracy of informants for information about children's emotional & behavioral problems, parents (mean age 31.57 yrs), 26358
perceived caregiving burden & appraisal of relationship, parents of psychiatrically disabled vs nondisabled adult children, 30793
perceived correlates of adolescent popularity & stress level, low vs high SES parents of male vs female 12–17 yr olds, 3485
perceived ideas of own vs husband's actual vs ideal child rearing practices, mothers of 20 mo olds, Argentina vs France vs US, 925
perceived importance of infant's issues & need for action & problem solving & use of help, mothers of newborns, 3 mo study, 3646
perceived infant vulnerability, infant exploratory behavior & development, depressed 13–21 yr old mothers & their 3 mo old infants, 9 mo study, 15914
perceived parenting stress & family functioning, fathers of children evaluated for organ or bone marrow transplantation, 16759
perceived sleep patterns & disturbances, parents of medicated vs unmedicated children with ADHD, 35869
perception of parents' getting-ahead-getting-by orientation & intellectual ability & social status, educational & occupational aspirations, 21 yr olds & their parents, Australia, 5 yr followup, 22121
perception of role of children & personal & external resources & socioeconomic context in restabilization process, homeless mothers, 3572
perceptions & relative judgments & responses to child prosocial & antisocial behavior, parents vs teachers vs 10–12 & 12–13 yr olds, 15329
perceptions of attachment, self esteem & efficacy, college students & their parents, 15319
perceptions of barriers to & benefits of involvement in school based alcohol & tobacco & other drug prevention programs, African American parents of Head Start children, 9862
perceptions of family problems & environment & relationships, 18–35 yr old females with borderline personality disorder vs their parents vs normative families, 22941
perceptions of generalization of parent–child interaction therapy treatment effects to untreated siblings, parents & their 3–6 yr olds with oppositional defiant disorder & their 2–16 yr old siblings, 36315
perceptions of housing environment before vs after parental divorce, parents vs their children, 41890
perceptions of infant's temperament & interaction with infant, duration of breast feeding, 1st time mothers & their newborns, 41906
perceptions of junior high inclusion pilot program based on teacher & student collaborative teams, parents of students with learning disabilities or behavior disorders, 43686
perceptions of neighborhood & its safety & activity patterns, chronically ill 10–12 yr olds & their parents, 30675
perceptions of parent-school collaboration, parents & teachers of elementary school children, 5594
perceptions of parents' union attitudes & participation, identification with parents, college students, 26208
perceptions of peer & parental attitudes toward alcohol use assessed in 5th grade, alcohol use in 7th grade, 12.1–14.9 yr olds, implications for prevention, 31348
perceptions of potentially dangerous situations as hazardous for children, expectant 14–19 yr olds vs 20–29 yr old mothers, 7508
perceptions of Ritalin treatment, parents of 5–15 yr olds with ADHD, 23941
perceptions of their child, 16–43 yr old mothers vs fathers of 3 mo olds, 15474
perceptions of treatments & diagnosis' psychosocial impact & effect on reproductive decisions & health care access, parents of children diagnosed with fragile X syndrome, 4562
pregnancy unwantedness, risk for schizophrenia, 16–28 yr old offspring, Finland, 31022
prevention program, mothers' knowledge & attitudes & practices of their children's development, mothers & infants, Israel, commentary, 27305
priority needs regarding disabled children & use of augmentative & alternative communication devices, mothers vs fathers of 13–21 yr olds with speaking & writing impairments, 33116
process of coming to terms with 1st recurrence of cancer, parents & children's guardians, 8540
psychological adjustment & transactional patterns of mothers & fathers & 7–16 yr olds with insulin-dependent diabetes mellitus, clinical implications for childhood chronic illness, 1-yr study, 26857
psychosocial factors & parental bereavement after suicide vs car accident, 33–75 yr old parents of 18–35 yr old deceased males, 8155
ratings of autistic child's adaptive functioning, parents vs grandparents, 31419
ratings of oppositional behavior in kindergarteners to 2nd graders, parents & teachers, 19282
regulatable features & observed experiences & child & parent perspectives on quality of care in child-care programs, 3rd–5th graders & parents & Os, 18742
religiosity, 22–60 yr old mothers & fathers of children with developmental disabilities, 4399
repatriation & host country socioeconomic structure & parental educational values, education of young children, Pontian 1st–6th graders & their parents, Greece, 40457
residential plans & placement preferences & family characteristics & functioning & well-being & formal support systems, 58–87 yr old mothers of 18–69 yr olds with mental retardation, 3 yr followup, 31470
satisfaction with intake assessment & outpatient services & residential treatment in Fort Bragg mental health managed care demonstration, parents of 5–18 yr olds, 6 mo & 1 yr followups, 13243
school climate & school-parent communication & parent empowerment, involvement & satisfaction with public education, parents of elementary school students, 17128
school structural & socioenvironmental characteristics, parental satisfaction & student achievement, parents & elementary school students, 20593
self vs mothers' ratings of behavior problems following immigration, 11–18 yr olds from former USSR, Israel, 16039
sense of entitlement & family functioning, adoptive families of 11–12 yr old children seeking mental health services, Canada, 30132
sex & audience figure & response expectancy & family emotional expressiveness, self reported expressive regulation & display rule use, children mean age 4.6 yrs & their parents, 34963
similarity in views of Roms & Romanians & Germans & Jews & sex stereotypes, 1st–8th graders & their parents, erratum, 7386
social class & race & views on motherhood & employment, child care choices, dual career couples, 11578

social construction of normal family life, parents of 5–26 yr old children with high functioning autism or Asperger's syndrome, Australia, 39241
social expectations & caretakers' perception of physicians' role, prescribing practices for treatment of childhood diarrhea, physicians, 16756
social identity & group membership, shared vs diffused parental ideas, kibbutz vs high vs low education level urban parents, Israel, 7673
social structural & interpersonal contextual aspects of child rearing beliefs & parenting styles, low income African American mothers, 3638
stability & coherence & negativity of mother's attitudes about their toddlers, 1.5–3 yr olds & their mothers, 6 mo study, England, 34954
stability & predictive validity of mothers' representations of prenatal infant assessment & postnatal attachment classifications, mothers & their infants, 30168
structured interviews on aspects of government policy in education, parents, 40401
subjective experience of parenting, 23–58 yr old mothers with dissociative disorders, 15858
teacher vs parent perceptions of frequency & importance of social skills & problem behaviors, 32–64 mo olds considered typical vs at risk for educationally disabling conditions, 35893
territorial isolation & treatment as non-person, parents of children with mental or physical disability, Israel, 30711
typology of & demographic & attitudinal characteristics & marital & parent child relationships & family roles & activities in dual earner families, parents with school aged children, 1 yr followup, 18721
understanding & perceptions of informed consent regarding child's involvement in drug trial, parents of 6 mo to 3 yr olds, 6161
validity & clinical use of Reaction to Diagnosis Interview using attachment theory framework, 14–54 mo olds with cerebral palsy & their primary caregivers, 14317
variables affecting collaborative relationships, parents & early intervention service coordinators, 13303
views of & participation in effective early instruction, urban Black low to middle income parents of regular or special education students, 3-yr study, 5704
views of AIDS education & condom availability program, 25–55+ yr old parents of public high school students, 36655
Working Model of Child Interview to assess maternal perceptions, 16–42 yr old mothers with 2 wk–67 mo olds with failure to thrive or sleep disorders or attending infant psychiatry clinic, 37384
worries & fears related to security & self image & other current issues, mothers vs fathers vs their 4th–6th graders, implications for parental childrearing effectiveness, 22306

Parental Authoritarianism [See Parental Permissiveness]

Parental Behavior (Animal) [See Animal Parental Behavior]

acute fluoxetine vs pargyline vs desipramine, cortical 5-HT receptors, male rats, 29518

Parietal Lobe [See Also Somatosensory Cortex]—Serials
apomorphine dosage, neglect induced by unilateral lesion of posterior parietal cortex, male rats, 6858
attractive vs repulsive emotional charge of visual stimuli, cerebral activity in frontal & parietal lobes, 20–34 yr olds, 38013
cerebellar abnormality & additional or corollary parietal pathology, speed of orientation in spatial attention, autistic 14–42 yr olds, implications for role of cerebellum & parietal cortex, 8360
cerebral metabolism during perception of simulated biological motion with point-light displays, 19–27 yr olds, role of parietal cortex & superior temporal sulcus, 10927
conditioned reflex vs intersignal vs self initiated movements, premovement activity of neurons in parietal associative cortex, cats, translated article, 29313
damage to inferior temporal vs parietal cortex, perception of rotated or different shapes, patients & nonhuman primates, 8657
dimensional complexity of EEG waveforms specific to prefrontal & parietal areas, neuroleptic-free schizophrenic patients (mean age 33.9 yrs), 15939
dot stimulus configuration, oculomotor scanning, 23–63 yr olds with unilateral posterior parietal vs frontal lobe damage, 36166
fixation offset & bilateral or simultaneous target presentation & global effects, saccadic eye movements, 59–64 yr olds with unilateral neglect due to right parietal lobe damage, 12689
frontal & parietal EEG activity, 13–15 mo old infants with depressed vs nondepressed mothers, replication, 26445
frontal brain electrical activity during the expression of negative & positive emotions, 11–17 mo olds of depressed vs nondepressed mothers, 38974
inferior parietal vs bilateral fornix lesions, route running retention, male monkeys, 6599
laterality of parietotemporal EEG activity, nonanxious (mean age 36.7 yrs) vs anxious (mean age 41.3 yrs) patients with major depression, 30829
lateralized inferior parietal perfusion, regional cerebral blood flow & neuropsychological deficits, patients with probable Alzheimer's disease (mean age 68.6 yrs), 16338
local to global target switches in directed vs divided attention tasks, hemispheric specialization & activation of temporal parietal areas, adults, letter, 14832
luminance & chromatic background flicker, pattern onset visual EPs, adults, implications for parallel visual pathways to posterior parietal & inferior temporal lobes, 14823
magnetic resonance spectroscopy metabolite resonance ratios in temporal vs parietal lobe, patients with probable Alzheimer's disease, conference presentation, 39501
mental representation of hand movements, patients with unilateral left or right parietal lobe lesions, 19649
methamphetamine- & cocaine- & PCP-induced symptoms of schizophrenia, cortical & hippocampal EEG, rabbits, animal models, 38177
parietal & temporal lesions, recognition of object context in depth vision task, male gerbils, 21634
parietal cortex vs dorsal vs ventral vs total hippocampal lesions, memory for allocentric spatial cues, male rats, 10973
parietal cortical activation during number comparison &/vs multiplication measured by positron emission tomography & MRI of cerebral blood flow, male medical students, France, 6617
perceptual grouping, visual extinction, 63 yr old female & 78 yr old male with damage to right parietal cortex, 23515
reactivity to spatial vs object novelty, inbred mice with hippocampus vs posterior parietal cortex vs sham lesions, 21711
relative frontal or parietal hypoperfusion, quantified EEG & SPECT abnormalities in brain regions, elderly with dementia, 4700
response properties of neurons in intraparietal areas & contributions to different spatial representations & motor action, 29260
sensorimotor hand function, patients with parietal lesions, implications for parallel & serial processing of haptic information, 1590
single-pulse transcranial magnetic stimulation of parietal visual cortex, pop-out vs conjunction visual search performance, normal humans, test of visual processing timing & localization hypothesis, 41305
spatial representation & pointing task deficits, 63 yr old female with focal atrophy of posterior & superior & parietal lobes, 4709
stimulus color, spatial dispersion of visual EPs over occipital & inferiotemporal & parietal areas, 34 yr old, 14935
thermal stimulation, sensitivity & pain tolerance, monkey with unilateral focal compression of left posterior parietal cortex, 29269
tomography assessment of blood flow in right frontal & parietal cortex, attention on auditory continuous vs repeat tasks, male 42–46 yr old combat veterans with PTSD & comorbid substance abuse, 8043
transcranial magnetic stimulation, contribution of superior prefrontal cortex & superior parietal lobule in generation of voluntary endogenous & reflexive visually guided saccades, adults, 41353
unilateral lesions of posterior parietal cortex, lateralized covert visuospatial attention & disengagement & RT, female rats, 6662
visual extinction, perception of temporal order in prior entry tasks, 56-yr-old male & 66-yr-old female with right parietal damage, 31868
visual stimulation change, synchronization between visual & parietal cortex & parietal & motor cortex, cats, 29038
visually guided reaching task, oscillatory bursts in local field potentials in parietal cortex preparatory to motor activity, macaque monkeys, 29427

Parkinsonism—Serials
acetazolamide & thiamine, tardive dyskinesia & parkinsonism, 72–86 yr old vs 23–55 yr old chronically hospitalized mental health patients, 36430
akathisia & parkinsonism during risperidone treatment & after discontinuation, 69 yr old female with acute schizophrenia, case report, letter, 23923
amantadine vs biperiden, side effects & treatment efficacy in haloperidol induced parkisonism, adults with schizophrenia, Austria, 27563
clozapine, apomorphine induced dyskinesias & parkinsonian motor disability, patients with Parkinson's disease, 39901
ECT, neuroleptic-induced parkinsonian symptoms & dystonia, 33 yr old male with schizoaffective disorder, case report, 23959
haloperidol, dynorphin & substance P & enkephalin mRNA expression in early onset acute vs late onset tardive vacuous chewing movements, male rats, animal model of parkinsonism, 18284
history of cocaine abuse, parkinsonian signs & symptoms, male psychiatric patients in long term neuroleptic therapy, 32389
lithium &/vs neuroleptic induced tardive dyskinesia & parkinsonism & other extrapyramidal symptoms, 20–68 yr olds with bipolar disorder vs major depression vs atypical affective disorder, Canada, 5021
loss of DA in substantia nigra pars compacta, reflex blink excitability, alert vs anesthetized rats with vs without experimental Parkinsonism, 18145

neuroleptic malignant syndrome with dysarthric disorders & parkinsonism following neuroleptic treatment, 48 & 54 yr old hospitalized males with affective disturbances, case report, 19949
nigrostriatal dopaminergic function, 40–76 yr olds with post-traumatic parkinsonism vs Parkinson's disease, 39563
perphenazine induced parkinsonism, elderly patients with major depression with psychotic features vs dementia of Alzheimer type, 23937
prevalence of tardive dystonia & dyskinesia & parkinsonism & akathisia, psychiatric inpatients on neuroleptics for 3 mo or longer, Netherlands Antilles, 9165
psychopathology, serum creatine phosphokinase & parkinsonism & dyskinetic movements & extrapyramidal signs, acutely catatonic psychiatric inpatients, 11909
scopolamine, motoric & temporal characteristics of vacuous jaw movements induced by reserpine & apomorphine, male rats, model of parkinsonian tremor, 3271
severity of catalepsy after haloperidol injections, development of vacuous chewing movements, rats, animal model of parkinsonian signs & tardive dyskinesia, 6932
trifluoperazine hydrochloride, idiopathic Parkinsonism & accompanying dysphagia & aspiration, 74 yr old female, case report, 19922

Parkinsons Disease—Serials

acute vs continuous 6-OHDA infusions into striatum, terminal axotomy of nigrostriatal dopamine neurons & protracted behavioral response, rats, model of Parkinson's disease, 14842
administration of 1st 64 cards of Wisconsin Card Sorting Test, test performance, elderly with Alzheimer's disease or Parkinson's disease with vs without cognitive dysfunction, 21110
age, tactile spatial acuity & roughness discrimination, 46–63 yr olds with Parkinson's disease, 39549
amantadine, agoraphobic symptoms with panic attacks, 38 yr old male with Parkinson's disease, case report, letter, 5075
anxiety & Parkinson's disease, literature review, 15824
applications of Cambridge Neuropsychological Test Automated Batteries, detection of early effects in Alzheimer's & Parkinson's & Huntington's diseases & AIDS, 10471
associative learning ability, 28–70 yr olds with cerebellar ataxia vs Huntington's disease vs Parkinson's disease, applications for comparisons with monkeys with cerebellar lesions, 16384
attentional set shifting & memory & conceptual thinking & motor function & verbal fluency, patients with striatonigral degeneration type multiple system atrophy vs Parkinson's disease, 19627
behavioral treatment, motor skills & tremor reduction, patients with Parkinson's disease, 5168
bromocriptine & L-threo-DOPS & sulpiride & thioridazine, 70 yr old female with schizophrenia & idiopathic Parkinson's disease, 39848
cabergoline vs placebo, activities of daily living & motor performance, 37–85 yr olds with Parkinson's disease, 9262
category priming in word search task, facilitation vs interference effect during lexical-semantic processing, 51–79 yr olds with Parkinson's disease, 1578
cerebral profusion differences, adults with Parkinson's disease with vs without dementia vs Azheimer's disease, 42842
characteristics of obsessive–compulsive symptoms, 19–83 yr old patients with Tourette syndrome vs with obsessive–compulsive disorder vs with Parkinson's disease, 38864
chronic valproate, reversible Parkinsonism & cognitive impairment, 22–74 yr olds in an epilepsy clinic, 27548
clinical & quantitative symptomatology indexes, identification of akinesia & bradykinesia, adults with Parkinson's disease, 4695
clinical differentiation, deceased patients with multiple system atrophy vs Parkinson's disease, England, commentary, letter, 12594
clinical differentiation, deceased patients with multiple system atrophy vs Parkinson's disease, England, commentary reply, letter, 12573
clozapine, apomorphine induced dyskinesias & parkinsonian motor disability, patients with Parkinson's disease, 39901
clozapine, Levodopa-induced psychosis symptoms, patients (mean age 74.3 yrs) with Parkinson's disease, 39849
clozapine, psychotic symptoms & motor functioning & levodopa dose adjustment, elderly with Parkinson's disease, 1944
clozapine, visual hallucinations & delusions & other psychotic symptoms, patients with Parkinson's disease, research review, 5206
cognitive changes associated with preclinical dementia, elderly with Parkinson's disease, longitudinal study, commentary reply, letter, 31799
cognitive changes associated with preclinical dementia, elderly with Parkinson's disease, longitudinal study, commentary, letter, 31860
combined deprenyl & antidepressant treatment , frequency of serotonin syndrome, patients with Parkinson's disease, 36624
computer simulated motor circuits in & treatment effects on Parkinson's disease, conference presentation, 36089
contribution of subcortical structures & prefrontal cortex in behavioral adaptation, patients with Parkinson's disease or progressive supranuclear palsy or prefrontal lesions, 1613
correlation of urinary levels of alpha1-microglobulin & ulinastatin & nullification by MPTP, male mice, implications for Parkinson's disease & other neuropsychiatric disorders, 38157
depression in patient & social support, psychological distress, carers of spouse with Parkinson's disease, 5329
EEG arousal response to olfactory stimulation, olfactory function, patients with Parkinson's disease, 23404
efficacy & tolerability of remoxipride, levodopa-induced psychotic symptoms & motor function, 58–78 yr olds with moderate to severe Parkinson's disease, Canada, 32715
efficacy of spaced-retrieval memory intervention, 63 & 79 yr old males with dementia associated with Parkinsons disease, 13415
executive impairments in deductive reasoning & memory updating, adults with Parkinson's disease (mean age 66.0 yrs), 42790
fenfluramine, prolactin & cortisol plasma levels & serotonergic system, depressed vs nondepressed patients with Parkinson's disease, 32446
fetal cell transplant surgery, speech production & phonatory function & overall movement & gait & posture, 46–68 yr olds with Parkinson's disease, 39897
financial burden on society & family & individual & role change, patients (mean age 71.7 yrs) with early through late stages of Parkinson's disease, 39568
grammar vs lexicon differences, memory/rule dissociation, patients with posterior vs anterior aphasia vs Alzheimer's vs Parkinson's vs Huntington's disease, 31900
implicit vs explicit cue conditions, recall vs semantic vs serial clustering on memory tasks, adults with Parkinson's disease, 12687
intensity & amount of facial reactivity in spontaneous vs posed emotional facial expressions, 58–76 yr olds with Parkinson's disease, 16378
interaction of selegline & antidepressants, 53–81 yr old male patients with Parkinson's disease, 36495
latency of N2 & P3 somatosensory ERPs, 30–75 yr olds with lateralized Parkinson's disease, 16325
length of occupational exposure to lead &/vs iron &/vs copper &/vs manganese &/vs mercury &/vs zinc, risk for Parkinson's disease, 50 yr olds & older, 40635
levodopa induced psychosis & dyskinesias, elderly with Parkinson's disease, conference presentation, 32713
levodopa treatment, deficit of central executive as cause of attentional deficits in cognitive vs visuomotor tasks, patients with Parkinson's disease, 32696
liquid vs tablet levodopa/carbidopa, motor function & dyskinesia, 43–71 yr olds with Parkinsons disease, 20097
major depression, illness severity & physical & social & role functioning & activities of daily living, male vs female 28–83 yr olds with idiopathic Parkinson's disease, 4654
medication & disease course & symptom severity, spatial & non-spatial working memory, patients with Parkinson's disease, 31849

mood structure & variability, 59–81 yr olds with Parkinson's disease, 36143
motor disability & depression, 41–75 yr olds with multiple system atrophy vs idiopathic Parkinson's disease, 12477
neuronal linkage between superior colliculus & reflex blink circuitry within brainstem, rats, implications for hyperexcitability in Parkinson's disease, 18144
neuropathological & genetic & clinical characteristics & relationship to Alzheimer's disease & Parkinson's disease, adults with pure vs common Lewy body disease, meta analysis, 26955
neuropsychological & medical & imaging tests, diagnosis of dementia, elderly with idiopathic Parkinson's disease, letter, 8645
neuropsychological performance, 36–56 yr olds with Parkinson's disease, 16392
nigrostriatal dopaminergic function, 40–76 yr olds with posttraumatic parkinsonism vs Parkinson's disease, 39563
olanzapine, dopminomimetic psychosis, patients (mean age 66.5 yrs) with Parkinson's disease, 27579
onset of stuttering as presenting sign in parkinsonian-like syndrome, 29 yr old male, case report, 16343
oral levodopa, finger tapping rate & clinical progression, 34–74 yr olds with Parkinson's disease, 9252
orofacial physiotherapeutic treatment, facial mobility, patients with Parkinsons disease (mean age 69.94 yrs), Australia, 33021
overlap of genetic risks for disease, 1st degree relatives & patients with Alzheimer's disease (mean age 74.9 yrs) or Parkinson's disease (mean age 67.8 yrs), 36114
parallel vs conjunction visual searches, P300 latency & amplitude & RT, Parkinson's disease patients, implications for preattentive mechanisms, 31911
performance on neuropsychological tasks & severity of symptoms, detection of subcortical dysfunction, patients with schizophrenia vs Huntington's vs Parkinson's disease, 7793
phonemic stress perception & pattern processing & identification of linguistic & affective prosodic cues, 62–73 yr olds with Parkinson's disease without intellectual or language impairment, Canada, 16360
physiological research on depression in Parkinson's disease patients, literature review, 19633
plasma HVA & MHPG, 20–68 yr old psychiatric patients with renal failure vs with levodopa-treated Parkinson's disease, 5 yr study, 16619
post-ECT delirium, 75-yr-old female with major depression & receiving levodopa for Parkinson's disease, case report, 43223
presence of akathisia syndrome, adults with Parkinson's disease, 4666
preservation & impairment of precued attention shift in nonvisuospatial domains, patients with Parkinson's disease, Taiwan, 1584
prevalence & correlates of catatonia, depressed patients vs patients with Parkinson's disease, 30707
prevalence & severity of major depression & cognitive impairment, elderly with Parkinson's disease, 19655
prevalence of psychotic symptoms & association with neuropsychiatric problems & caregiver distress & cognitive & functional impairment, patients with Parkinson's disease & dementia, 12645
prevalence of psychotic symptoms, patients with Parkinson's disease & dementia, commentary reply, 36096
prevalence of psychotic symptoms, patients with Parkinson's disease & dementia, commentary, letter, 36083
probabilistic classification task learning vs declarative memory for training, adults with limbic-diencephalic damage induced amnesia vs Parkinson's disease, implications for neostriatal importance, 4681
remote memory for public events, demented vs undemented adults with Parkinson's disease vs senile dementia of Alzheimer type, 31819
role of striatum & cerebellum & frontal lobes in implicit learning of visuomotor sequence, patients with Parkinson's disease vs cerebellar vs frontal lobe lesions, 39499
rotary pursuit learning with random vs block presentation & relation to executive functions, adults with Parkinson's disease, 23410
serial reaction time protocol test of analogical transfer, procedural learning, patients (mean age 51.9 yrs) with Parkinson's disease, 19602
severity of motor symptoms, cognitive functioning, adults with Parkinson's disease, 1629
sex, prevalence of self-rated sleep disturbances, patients with Parkinson's disease (mean age 67 yrs) vs their spouses, Germany, 36148
Simon effect & incongruent vs congruent visual stimuli, ability to direct & shift attention, 59–82 yr olds with Parkinson's disease vs patients with Tourette's syndrome vs Huntington's disease, 8577
single vs dual tasks, nonspecific slowing in information processing & capacity to generate information randomly, Parkinson's disease patients, test of A. D. Baddeley's depleted resources theory, 8639
slower RT & hyperpriming in neutral condition on lexical decision task, patients with Parkinson's disease, test of semantic deficit & set shifting hypotheses, 23437
spatial location memory & relationship to dopamine depletion, nondemented "de novo" parkinsonian patients, 23451
speech rate reduction, speech & pause characteristics, 56–77 yr old speakers with hypokinetic dysarthria due to Parkinson's disease, 17000
stochastic modeling of storage & retention & retrieval in prose passage learning & forgetting, 45–77 yr olds with Parkinson's disease, 36078
subcutaneous apomorphine & non-nociceptive ipsilateral digital stimulation, EMG of small hand muscle & motor EPs, 50–66 yr old Parkinson's disease patients, 27551
temporal control of repetitive articulatory gestures, oral diadochokinesis with internal & external cues, 55 & 74 yr olds with Parkinson's disease, 19584
tone duration discrimination, 34–74 yr old patients with Parkinson's disease, 31793
unilateral dopamine depletion by 6-OHDA lesions to nigrostriatal bundle, spontaneous food handling & mouth & limb use impairment & compensation, female rats, animal model of Parkinson's disease, 25505
use & perception of social support resources, spouse caregivers of people with Parkinson's vs Alzheimer's disease, 31843
valid vs invalid cues & time between cue & target onset, attention shift, nondemented patients with Parkinson's disease, 39500
visual delayed response test with vs without spatial condition, spatial working memory, adults with Parkinson's disease, 23456
visual exploration asymmetry during exploration of texture arrays requiring attentive oculomotor scanning, patients with predominantly left vs right sided Parkinson's disease, 26969
visually & posturally mediated tilt illusion, 24–80 yr old Parkinson's disease vs bilateral labyrinthine defective patients, 26856
visuospatial ability in location memory tasks, 53–76 yr olds with Parkinson's disease vs healthy 57–75 yr olds vs 27–40 yr olds, France, 39507
visuospatial performance on Raven's Coloured Progressive Matrices, patients with Parkinson's disease, 23378
voice &/vs respiration speech treatment, disease related speech & voice deficits, Parkinsons disease patients, 6 & 12 mo follow ups, 20368
5-HT3 antagonist ondansetron, psychosis, 56–72 yr old parkinsonian patients & 64–88 yr olds with advanced Parkinson's disease, commentary reply, letter, 20110
5-HT3 antagonist ondansetron, psychosis, 56–72 yr old parkinsonian patients & 64–88 yr olds with advanced Parkinson's disease, commentary, letter, 20073

Parks (Recreational) [See Recreation Areas]

Parochial School Education [See Private School Education]

Parole—Serials

compulsory supervision, methadone maintenance program outcomes, chronic opioid users on probation or parole vs without supervision, 9573

criminal histories & psychometric aggression measures & responding in Point Subtraction Aggression Paradigm, violent vs nonviolent male parolees, 26716
criminal histories & psychometric impulsivity measures & impulse vs self-control choice behavior in delayed gratification procedure, violent vs nonviolent male parolees, 26607
mental health histories & medical & nonclinical & social services needs, adult offenders on probation & parole, 24372
Point Subtraction Paradigm, measurement of delivery of aversive stimulus to another person in laboratory setting, male parolees with vs without violent histories, 2731
psychiatric contributions of Parole Board to risk assessment, offenders, UK, 43977
Parolees [See Parole]
Paroxetine—Serials
acute vs subacute nefazodone vs paroxetine, REM sleep & latency & awakenings, healthy 14–45 yr olds, 7070
chronic paroxetine, 5-HT receptor subpopulations & binding in brain, male rats, 6977
clozapine & risperidone & paroxetine, 46 yr old female with chronic schizophrenia, case report, 32490
combined paroxetine & bupropion synergism, female 45 yr old with refractory depression, case report, letter, 9111
combined paroxetine & haloperidol, development of extrapyramidal symptoms, 69 yr old female with recurrent major depressive disorder, case report, letter, 4983
cost effectiveness of paroxetine vs imipramine in treatment of depression, 36532
efficacy & safety & tolerability of paroxetine vs clomipramine, 18–70 yr olds with depression & associated anxiety, 32509
efficacy & safety of paroxetine vs clomipramine, 16–70 yr olds with obsessive compulsive disorder, 31133
efficacy & side effects & safety of paroxetine vs maprotiline, 18–65 yr olds with major depression, Switzerland, 16653
efficacy & tolerability of sertraline vs paroxetine, patients with delusional depression, 19983
efficacy of fluoxetine vs sertraline or paroxetine, male in mid 20s with social phobia, case report, letter, 32564
efficacy of paroxetine vs naltrexone vs acepromazine, weaving symptoms, horses, implications for ethological animal models of obsessive-compulsive disorder, 29207
escalated dosage in open label vs double blind placebo controlled discontinuation of paroxetine, treatment responses vs relapse, patients with generalized social phobia, 1862
fluoxetine or paroxetine or sertraline, behavioral symptoms, children under 7 yrs old with developmental disorders, 16611
fluoxetine vs paroxetine, depression symptoms & withdrawal symptoms, learning disabled patients with affective disorders, letter, 16617
fluvoxamine vs paroxetine, depressive symptoms & side effects, 25–60 yr old outpatients with major depression, 7 wk study, 36463
fluvoxamine vs paroxetine, 20–70 yr olds with major depression with mood-congruent psychotic features, 39834
health care costs, depressed outpatients treated with imipramine vs paroxetine, retrospective study, conference presentation, 32471
hepatotoxicity reaction to paroxetine treatment, 64 yr old female patient with major depression, case report, 19939
imipramine vs paroxetine vs sertraline vs placebo, anxiety reaction to carbon dioxide inhalation, panic disorder patients, Italy, 31063
initial paroxetine followed by sertraline, galactorrhea, depressed female 40 yr old, case report, letter, 13001
nortriptyline vs paroxetine, body sway, depressed elderly, 1834
number of platelet 3H-paroxetine binding sites & serotonin 5-HT uptake, 18–39 yr olds with obsessive compulsive disorder, 22904
oral paroxetine, hormone & cortisol & platelet calcium response & impulsivity, healthy male adults, 3268
paroxetine & antidepressant withdrawal syndrome, 36535
paroxetine & benztropine & other drug combinations, delirium like symptoms & dry mouth & nausea, mentally retarded 17 yr old male with manic depression & grand mal seizures, case report, letter, 32341
paroxetine & paroxetine & lithium, serotonin syndrome, 59 & 61 yr old females, case study, 39840
paroxetine & zotepine therapy & deep vein thrombosis, 71 & 72 yr old males with schizoaffective psychosis, case report, 39828
paroxetine, anxiety & avoidance & depression & functioning, patients (mean age 33.3 yrs) with social phobia, 32462
paroxetine, chorea, 42 yr old female with depression, case report, letter, 36442
paroxetine, depression, HIV-infected patients, 36451
paroxetine, development of acute angle closure glaucoma, 70-yr-old woman with symptoms of major depression, case report, letter, 32452
paroxetine dose, efficacy & side-effects, 14–18 yr olds with mild intellectual disability & major depressive disorder, 9-wk study, Italy, 39818
paroxetine effectiveness & side effect of increased spasticity, female 24 & 30 yr olds with mixed cerebral palsy & depression, case reports, letter, 1853
paroxetine, female 27 yr old with obsessive compulsive disorder & stuttering, case report, letter, 39825
paroxetine, females with premenstrual dysphoric disorder, 9169
paroxetine induced akathisia, female depressed 18 yr old, case report, 1801
paroxetine induced akathisia, female 40 yr old with obsessive compulsive & panic disorder, case report, letter, 9136
paroxetine induced angioedema & tongue swelling, 64 yr old female with depression & panic disorder, case report, letter, 23910
paroxetine-induced mania, 14 yr old female with mild depression, case report, letter, 27416
paroxetine induced mania, 16 yr old female diagnosed with recurrent major depression, case report, 36489
paroxetine induced tardive dyskinesia, female 81 yr old nursing home residents with major depression, case reports, letter, 1802
paroxetine level in breast milk, effects on infant during lactation period, female 39 yr old with recurrent depressive & obsessive disorder who resumed treatment 3 days after giving birth, letter, 5103
paroxetine, major depression, 32 yr old male with Down's syndrome & moderate mental retardation, case report, 1821
paroxetine, metabolism of single dose of imipramine or desipramine & adverse effects, depressed 31–60 yr olds, implications for interaction with cytochrome P450 2D6 isoenzyme, 4978
paroxetine, MRI & SPECT evaluations & side effects, African American vs White depressed patients, 5056
paroxetine, nitric oxide synthase activity, ischemic heart disease patients with clinical depression, 23881
paroxetine, pathological crying, male 74 yr old with Alzheimer's disease, case report, letter, 5179
paroxetine, prolactin response to sumatriptan, healthy 21–45 yr old males, 3292
paroxetine, relationship of tolerance & anticholinergic effects & psychomotor performance to plasma drug levels, 72–89 yr old depressed patients, 39808
paroxetine, REM & NREM sleep EEG microstructure, healthy male 23–32 yr olds, 41516
paroxetine, secondary stuttering following brain injury or hemorrhage, males, case reports, 43262
paroxetine, sudden improvement in symptoms & cessation of side effects in 2nd wk of treatment, 48 yr old depressed female, 5 wk followup, case report, 16652
paroxetine treatment for panic disorder, literature review, 43136
paroxetine treatment initiation, paresthesias, 22 & 25 & 29 yr old females with depression &/or anxiety &/or dysthymia &/or borderline personality traits, case reports, 36418
paroxetine vs fluoxetine, platelet serotonin parameters, 23–54 yr old patients with major depression, 12 wk study, 32349

paroxetine vs imipramine in medium term continuation therapy, relapse prevention, ECT treated major depression patients, Denmark, 12998
paroxetine vs maprotiline, 18–71 yr old depressed outpatients, 39844
paroxetine withdrawal, electric shock sensations, 39 yr old female with major depression, letter, 32510
personality variables & response to paroxetine & pindolol treatment, 19–65 yr old depressed patients, 43197
pharmacokinetics interactions & clearance rates following abrupt switch from fluoxetine to paroxetine, 42–69 yr olds with major depression or other mood disorder, 12962
platelet serotonin dysfunction & [^{3}H]paroxetine binding, recurrent suicide attempts, 18–70 yr old patients with vs without borderline personality disorders, 1 yr followup, 42498
presence of & paroxetine treatment for psychiatric disorder, gastrointestinal symptoms & functional disability, patients with inflammatory bowel disease, 4575
receptor specific serotonin reuptake inhibitors fluoxetine vs paroxetine generalization of discriminative effects of ethanol, male rats, 29589
safety & tolerability of addition of moclobemide to paroxetine or fluoxetine, 25–64 yr olds with intractable major depression, 9081
sertindole, worsening of paroxetine withdrawal symptoms, 30 yr old male with paranoid psychosis & unipolar depression, case report, letter, 36527
short & long term efficacy & tolerability & relapse prevention effect of paroxetine with vs withouth cognitive behavior therapy, 35–40 yr olds with panic disorder with vs without agoraphobia, 43154
side effects & efficacy of paroxetine treatment, females with severe PMS, 43265
switch to paroxetine following withdrawal of fluoxetine due to fluoxetine induced akathisia, 47 & 54 yr old females with severe recurrent major depression & refractory depression, case reports, letter, 32351
vitamin C, paroxetine- & fluvoxamine-associated bleeding, 33-yr-old female with panic disorder, case report, letter, 43195
[3H]paroxetine & [3H]imipramine binding in platelet membranes, 38–75 yr olds with major depression with melancholia, 35564

Paroxysmal Sleep [See Narcolepsy]

Partial Hospitalization—Serials

administrative aspects of & clinical outcomes from acute day hospitalization vs inpatient treatment, acutely ill psychiatric patients, Canada, 27752
arrival at day center seen as inundation or invasion or selection, rehabilitative intent & activities & setting of center, psychiatric patients, conference presentation, 20280
benefit of intensive group oriented evening treatment program, patients with mood &/or personality disorders, Canada, 39732
clinical outcomes & satisfaction with day hospital & crisis respite care vs inpatient care, acutely ill voluntary psychiatric patients, 10 mo study, 1979
combined inpatient & partial hospital program, acute psychiatric patients, 32996
communicative environment in psychogeriatric day center vs day hospital, 70–82 yr olds with dementia & staff, Scotland, 16299
components of & clinical & research functions & benefits of program evaluation in a psychiatric day treatment program, Canada, 43363
coordinated treatment system, psychiatric hospitalization length and services, children, 27747
costs of hospital owned minibus vs privately rented taxi service to transport patients, psychogeriatric day patients, Australia, 13407
day care center vs day hospital, psychological well being & stress & psychiatric morbidity, coresident carers of 59–94 yr old cognitively impaired attenders, Scotland, 5332
day treatment program in therapeutic community setting, substance abuse clients, 6 mo followup, 20318
day treatment/school program, behavioral & academic improvement, 7.8–13.3 yr olds with severe psychiatric disorders, 9 mo followup, 16921
development & outcome of interprofessional collaboration within community mental health partial hospital program, city police officers, 27758
group oriented milieu therapy day treatment program, patients with longstanding personality disorders with major depression & dysthymia & anxiety, commentary reply, letter, 20283
group oriented milieu therapy day treatment program, patients with longstanding personality disorders with major depression & dysthymia & anxiety, commentary, letter, 20278
guidelines for principal characteristics of day centers in psychiatry, conference presentation, 20272
history of formation of psychosocial day center, conference presentation, 20282
illustration of social environment of psychiatric inpatient vs acute day hospital/crisis respite program, adult female, implications for normalization concept, 20189
judgments of day hospital psychiatric services, psychiatric patients, England, 5352
multidisciplinary psychiatric day hospital, parents with psychological disorders associated with pregnancy & childbirth & stillbirth & miscarriage & termination, 9520
multimodal day treatment program, self-perception & peer relations & academic performance & behavior, 5–12 yr olds with ADHD or conduct or oppositional defiant disorder, 5 yr prospective study, 40138
outcomes of & satisfaction with partial hospital programs, 5–18 yr old psychiatric patients, 1 yr followup, commentary with reply included, letter, 27753
partial hospital multimodal treatment program, 17–64 yr olds with obsessive-compulsive disorder, 18 mo followup, 9522
partial hospitalization program as alternative to inpatient care, 17–69 yr olds with severe &/vs acute mental illnesses, England, 2046
patient characteristics as taken from information system data, assignment to day centers within other organizations, psychiatric patients, Italy, conference presentation, 20292
prevalence of dissociative disorders, 20–66 yr old acute psychiatric day hospital patients, 32999
psychiatric day care centers, Italy, conference presentation, 20270
psychosocial rehabilitation in day center as part of service network in department of mental health, Italy, conference presentation, 20179
reintegration model in partial hospitalization program, effective movement from treatment setting to community involvement, clozapine treated adults with schizophrenia, 5 yr study, 5368
screening process for admission, selection of patients for day care center, schizophrenic patients, Italy, conference presentation, 20268
service utilization & costs of day hospital & crisis respite vs inpatient care, acutely ill psychiatric patients, 10 mo study, 1980
short-term mental health day treatment program, psychiatric symptoms & communication & social skills & stress management, adult psychiatric patients, 40141
short-term residential day treatment program, residential & employment stability, homeless cocaine abusing males, 21 mo study, 13436
social context of day care center & relations with psychiatric unit & emotional & maturational climate of group, therapy for psychosis, conference presentation, 20158
social environment of psychiatric inpatient vs acute day hospital/crisis respite program, staff & psychiatric patients, 1962

Partial Reinforcement [See Reinforcement Schedules]

Partially Hearing Impaired—Serials

administration & accommodations & verbal equity in standardized psychological & educational & work related testing procedures, test takers with hearing impairments, 79

characteristics of communicative interactions, mainstreamed deaf & hard of hearing female kindergarten students, 13839
communication & deaf culture & barriers to treatment & recovery, deaf & hard of hearing adolescents with substance abuse problems, description of Minnesota Chemical Dependency Program, 24309
communication context & interaction vs transaction, degree of perceived aural handicap, 80 yr old female with hearing impairment & normal hearing clinician, 1646
communication function, hearing impaired elderly in residential care, Canada, 2 yr study, 2036
criterion referenced methods in combination group & individualized instruction, deaf & hard of hearing students, application to computer course, 24684
criterion validity of Language Background Questionnaire, assessment of sign language & oral communication skills, deaf or hard of hearing 17–29 yr olds, 21064
cultural identity, male workers with occupationally induced hearing loss, 1643
development of behavioral measure of basilar-membrane nonlinearity, normally hearing vs hearing-impaired adults, 37382
duration of vocalizations & length of utterances in speech therapy conversations, dyads of 12.2–15.6 yr old hearing-impaired adolescents & speech pathology students, Australia, 24347
educational & career & access & social & psychological issues, well-being & social integration, 13–25 yr olds with hearing impairment, Canada, 1649
environmental vs listener vs talker vs message characteristics, problem sources & attribution of difficulty in understanding speech, adults & elderly with vs without hearing impairment, 1648
experiences with & adjustment to hearing loss & role of group aural rehabilitation, 28–78 yr olds with hearing loss, 24287
expressive & receptive use of conjunctions before & after when using Clinical Evaluation of Language Fundamentals–R, 8.5–15.8 yr olds with severe to profound hearing loss, 36171
extent of participation in stories read in American Sign Language &/vs manually coded English, deaf or hard of hearing 4.6–5.1 yr olds, 24682
factor analysis of WISC-III, deaf & hard-of-hearing 6–10 vs 11–16 yr olds, 40807
factors in nonverbal involvement in speech therapy conversations, hearing impaired adolescents & speech pathology student dyads, 9648
fixed coefficient vs adaptive system algorithms for short microphone array in hearing aid applications, speech intelligibility in noise, hearing impaired listeners, 27562
frequency preferences & listening strategies, discrimination of multitone complexes of 6 octave frequencies, normal hearing 22–36 yr olds vs hearing impaired 62–79 yr olds, 12706
incidence of hearing loss, perceptions of deviant behavior, adult prison inmates & officials, Canada, implications for participation in therapeutic programs & socialization, 2102
interval between identification of need for & fitting of & subsequent use of hearing aids, hearing impaired 4.3–13.9 yr olds, Denmark, 20108
level & proportion of child vs parent related stress, single vs 2-parent families vs families of children with Down's syndrome or hearing impairment or developmental delay, 30664
linearized response growth inferred from growth-of-masking slopes, 25–66 yr olds with bilateral sensorineural hearing loss, 39591
needs assessment for & quotidian importance of treatment for unilateral hearing impairments, 23512
perinatal hearing impairment & environmental stress, development of auditory pseudohallucinations, 18-yr-old female soldier, Israel, case report, 12705
prevalence of hearing threshold loss, 8 mo to 18.4 yr olds, Sweden vs Denmark vs Finland, 16413
signal duration, thresholds for 6.5-kHz sinusoidal signal in broadband noise masker over high vs medium vs low levels, normally hearing 25–34 yr olds vs hearing-impaired 61–81 yr olds, 39592
single-channel syllabic compression, use of temporal speech information, 34–76 yr olds with mild or severe hearing loss vs normal hearing, 23513
speaker characteristics & speaking rate & speech amplitude, spoken word recognition, younger normal hearing vs normal hearing vs hearing impaired elderly, 39596
speechreading abilities, hearing impaired vs hearing 15–16 yr olds, 8676
standardization & validation & reliability & factor structure of Test of Everyday Attention, 18–80 yr old stroke patients vs hearing impaired Ss, 10480
strategies used when reading to their children, profoundly deaf mothers of deaf or hard of hearing 3–5.3 yr olds, 23508
therapeutic play group, psychosocial development through peer group relations & school & home & community adjustments, latency age males with hearing impairments, 2 yr followup, 9237
use of diagnostic services vs subsequent compliance in using referred rehabilitative services, audiologists vs college students & staff with hearing impairment, Canada, 2094
variability of impairment & reliance on verbal communication, lack of handicap cultural identity & self-awareness, hard of hearing vs deaf persons, 1647

Partially Sighted—Serials

study of pictures with vs without verbal intervention, recall of black & white line drawings, 6–10 yr olds with low vision, 16409

Participation [See Also Athletic Participation, Client Participation, Group Participation, Participative Management] —Serials

academic achievement & classroom participation & identification with school, African American vs White 8th graders observed since 4th grade, 43671
actor-network theory as framework & analytical tool for political & organizational context of systems design & participation, 28295
actual & desired participation in nonformal educational opportunities & potential barriers to participation, mostly Pakeha adults aged
attending group therapy & informative orientation sessions during treatment, increased participation in outpatient aftercare, substance-dependent males, 13438
attitudes toward & satisfaction with current system, desire for participation in computer information system redesign, computer using personnel, 28194
concern for physical environment of community & participation in environmental activity, Black males vs females, 33813
contextual factors, training utilization, employees, 5745
educational value & ethical issues of participation in psychological research as course requirement, students, Australia, 17775
effects of inclusion & exclusion criteria on eligibility for clinical trials & representation of overall clinical population, patients with Alzheimer's disease, 40990
evaluation of health promotion intervention program & increasing participation, African Americans aged 55 yrs & older, 24090
evaluation of participatory processes in community health development project, project participants, 16849
extent of participation in stories read in American Sign Language &/vs manually coded English, deaf or hard of hearing 4.6–5.1 yr olds, 24682
factors affecting rates of participation in stroke prevention clinical trials, African Americans, 13192
foraging behavior & resource qualities & number of participants, equilibrium resource transfers, implications for model of tolerated theft, 19421
forms of empowerment & relation to citizen participation & local environmental hazards, 3573
grade level, attitudes toward & participation in science, male vs female kindergarten–12th graders, 37065

indifferent vs participatory role in Holocaust & influence of group-culture beliefs, Germans, 25972
interdisciplinary & computer-assisted course to promote participation & critical thinking & enhanced decision making, college students, 13717
involvement in & experiences with managed care organizations, African American physicians, 17080
level of agreement regarding decision making about research participation, 65 yr old & older charges vs proxies, 40987
normative commitment & instrumental attachment aspects of commitment to & participation in labor union, unionized fire fighters, 43797
occasional vs moderate vs frequent Alcoholics Anonymous attendance vs nonparticipation 1 mo after treatment, alcohol consumption & quality of life indicators during 48-wk follow-up, adult males, 24330
organizational strictness, church growth & member participation & contributions & commitment, members of Jewish & Christian denominations, commentary reply, 7449
organizational strictness, church growth & member participation & contributions & commitment, members of Jewish & Christian denominations, commentary, 7450
participant vs nonparticipant rater perceptions, decision to participate in 360 degree upward appraisal system, university faculty, 37186
participation in community service activities, personality development, 15–18 yr olds, 3455
participation in cultural events & classes between ages 12 and 24, educational attainment & transitions, adults, 43620
participation in goal setting & feedback, perceived organizational support & commitment, 21–60 yr old employees, 20738
path models of organizational relations & member participation & perceived organizational power & psychological empowerment, members of power-based community organizations, 10125
perceived constraints to leisure activity participation, 68–80 yr old spousal caregivers, Israel, 9502
perception of constraints on leisure, 18–65 yr old recreational sport participants vs nonparticipants, Greece, 43855
personal importance of outdoor recreation activity, accessibility of motivations for & perceptions of recreational participation, 18+ yr olds, 10158
phenomenological investigation of social participation, 35197
promotional techniques to increase participation in worksite health promotion activities, employees, 13917
prompting & reinforcer sampling & assistance, participation & challenging behavior during leisure skills programming, 23 yr old males with mental retardation, 36307
sexual experience & homosexual & heterosexual behavior & participation bias & estimates of HIV risk behavior & embarrassment, 16–59 yr olds, Britain, 42735
team members' evaluations of participation of parents in family involvement in service planning for Local Interagency Teams, team members & parents & children & adolescents, 16866

Participative Management—Serials

attributions of quality circle problem solving failure, management vs supporting staff vs blue collar quality circle members, 40585
decision-making processes integrated with degree of participation, work satisfaction & performance, employee involvement group participants, 43780
learning style & program structure & experience with quality programs & age & tenure, change in attitudes toward quality, 21–65 yr old manufacturing employees attending quality improvement seminar, 2308
paradigm shift in school learning practices based on management & educational theories of W. E. Deming & R. Feuerstein, 5562
participative management & model of workplace organization & experiences of alienation & freedom across systems of production, workers, 33586
participative management approach, self management & mobility in decentralized & unpredictable & interpersonally stressful work environment, nonunionized white collar service workers, 10084
principles & problems of open-book management, business organizations, 20747
test-retest reliability of Participative Decision-making Scale for Nurses & expectations for participation in clinical & unit & hospital-wide & strategic decisions, student nurses, 6 wk followup, 14395

Partner Abuse—Serials

analysis of risk markers & factors influencing cessation & persistence of wife assault, male adults, 8075
assessment & psychotherapeutic treatment guidelines from integrated feminist & systems & psychodynamic & behavioral perspective, couples with abusive male partners, 19843
attachment perspective on successful emotional separation from abusive partners, abused females (mean age 31.4 yrs), 31209
attachment theory perspective on violence toward female intimates, physically violent vs nonviolent males, 31222
behavior of wife & her role as good mother & loyal spouse & S's ethnicity & marital status, social attitudes toward wife assaults, adults, Singapore, 12142
changes in medical education structure model to include health care system contribution to intimate partner abuse prevention, 24451
characteristics & interpersonal problems associated with & reasons for & treatment of PTSD, female partners of veterans with PTSD, 31105
child abuse & date abuse history & psychological problems, female undergraduates, 35740
cognitive reactions & active & passive behavioral responses to violence, female adults in verbally aggressive & violent relationships, implications for a competency vs deficit based model, 42458
couples vs gender specific group intervention, spouse abuse & conflict resolution & relationship, 19–46 yr old probationers with vs without alcohol abuse & their partners, 6 mo follow up, 16545
definitions & epidemiology of interpersonal violence in family & intimate relationships, 22955
determinants of wife abuse, rural couples, Southern India, 39167
epidemiological sensitivity of Conflict Tactics Scale & derivation of correction factors, detection of partner abuse, couples presenting for marital therapy, 40874
evaluation of instructional design & implementation & learning outcomes of medical school domestic violence module, medical students & faculty tutors, 24448
evolutionary psychological roots of sexual possessiveness & wife abuse, males, 4303
group intervention program, reduction of vulnerability & domestic violence & balance of power in relationship, female victims, 3 mo followup, 8919
group intervention program, reduction of vulnerability & domestic violent behavior & balance of power in relationship, female victims, 3 mo followup, commentary, 8913
group intervention program, reduction of vulnerability & domestic violent behavior & balance of power in relationship, female victims, 3 mo followup, commentary reply, 8920
history of physical abuse & perceived safety with partners, screening for partner violence, 18+ yr old females presenting to hospital emergency department, 31194
incidence of battering during pregnancy, delay in seeking prenatal care, White & Hispanic & African American females in public health & low income clinics, 24088
incidence of marital violence & sex differences, propensity to physically abuse own child, husbands & wives, 19305
intimate violence & transnational legal interventions in postmodern social work context, battered females, 13309
males vs females as victims & perpetrators of domestic violence, implications for therapy, 27256
minority women & domestic abuse, implications for research & clinical practice, 22998
moral development & value system, decision to return to abusive relationship, battered Christian females, implications for counseling, 35722

observation & experience of violence during childhood & adolescence, adult marital violence, 11–15 yr olds, longitudinal study, application of social learning model, 25894
partner violence & rituals, commentary, letter, 4244
perpetrator sex, interpartner agreement in reports of abusive behavior in relationship, young couples, 19302
positive & negative cognitions about parenthood, recently married childless spouses in distressed vs nondistressed vs husband-to-wife aggressive marriages, 35081
postshelter follow up programs, social support & self esteem & perceived stress, 18–60 yr old female victims of partner abuse, 3 mo follow up, 16871
prevalence & perpetration & victimization & psychological & social correlates of severe partner violence, birth cohort of 21 yr old males vs females, longitudinal study, New Zealand, 19300
prevalence of & reasons for physical aggression against male partner, 20–51+ yr old females, 31197
prevention of family & intimate violence, medical & public health professionals, 24145
provision of comprehensive & integrated education in prevention of & intervention in family & intimate violence in medical school curricula, medical students, 24421
psychological variables & family of origin experiences associated with abusive personality & behaviors, wife assault, males, 8098
right wing authoritarianism & income level & wife abuse, 17–77 yr old males, 31208
self esteem, rates of victimization by physical & sexual & psychological abuse in dating relationships, male vs female 9th–12th graders, 4260
severity of violent experiences & observations in family of origin, anticipation of violence in familial vs nonfamilial relationships, cohabiting vs married couples, 8123
sex, reasons for failure to report marital violence, couples seeking marital therapy, 16549
sex role stereotypes & domestic violence participants' race & relationship intimacy, culpability attributions, European American college students, 3681
sexual jealousy & partner abuse & violence, 26724
sociodemographic variables & amounts of parent to child violence & witnessing interparental violence, externalizing & internalizing behavior problems, male vs female 14–20 yr olds, 4281
socioeconomic & demographic variables, spousal violence & decision making, 25–31 & 40–49 yr old married women, Mexico, 38541
spousal violence & cognitive functioning measured by brief neuropsychological test battery, married males recovering from multiple substance abuse, 26683
spousal violence & maternal parenting style, children's behavioral adjustment, mothers & their 3–6 yr olds, 22139
two-step model of stay/leave decisions, abused women, 31185
wife assault & patriarchal ideology measures of attitudes toward violence & gender roles & schemas, meta analysis, 8166
wife vs partner vs total family income & occupational status, wife & child abuse, battered vs nonbattered females & their 6–12 yr old children, 8134
Parturition [See Birth]
Passive Avoidance [See Avoidance Conditioning]
Passiveness—Serials
activity & passivity & self-denigration vs self-promotion in interactionist model of interpersonal dependency, college students, 3881
assertive & aggressive & passive behaviors & cardiovascular disease risk factors, 11–17 yr olds, 26938
target's action vs inaction mutability & negative outcome, perceived regret response of target, college students, 30438
Pastoral Counseling—Serials
advantages & challenges of church-based Christian counseling ministry, 36559
analysis of M. White's "Stranger at the Gate" from Christian clinical viewpoint, implications for heterosexual Christian counselors with gay or lesbian clients, 27501
causality of lesbianism & Christian therapists as compassionate healing community, 27502
church as agent in mental health service delivery in rural areas, 5145
development of integrated Christian counseling practice based on balance of secular & Christ centered & Bible based & spirit inspired practice, 9207
developmental stages of cognitive development & resulting behavior & emotions, pastoral counseling implications, 1916
distinctive features of consecrated Christian counseling, 36555
domestic violence training program to address pastoral concerns, male Anglican clergy, Australia, 36560
early development & current structure & function of church-based lay counseling ministry, Presbyterian lay counselors, 36564
German Association for Christian Psychology training in theoretical & practical Christian psychology & therapy, specialists & lay counselors, Germany, 35040
history & development of church-related Christian counseling, Australia, 36558
inter-church alliances for Christian counseling & caring, England, 36562
issues in malpractice laws & professional regulation & sexual misconduct, pastoral counselors, 9807
multidenominational Christian low-cost professional & lay counseling center, church & secular community members, 36570
potential sources of & management of countertransference for religious therapists, 36556
problems & solutions in church-based Christian counseling, 36569
race & education & denomination, confidence in counseling & willingness to refer to mental health professionals, 21–66 yr olds & older clergy, 9208
role & responsibility of church counselor & pastors in recognizing victimization & healing processes, sexually abused children & adults & their family, implications for counselors & pastors, 31215
role in recognition of & interventions for elderly suicide, mental health professionals & clergy, implications for collaboration, 23980
Samaritan Centers interfaith counseling & education & consultation services to extend ministries, members of congregations & larger communities, 36565
social construction view of psychotherapy & applications to pastoral conversation & postmodern pastoral theology, 1915
theological & psychological domains of pastoral psychology, interdisciplinary integration of practice-theory & research, 1917
value differences underlying theological objections to Christian counseling, evangelical Protestants, 36554
vision for future of Christian counseling through redemption of psychology & business & managed care & partnering with church, 36561
Pastors [See Ministers (Religion)]
Paternal Investment [See Parental Investment]
Path Analysis—Serials
methods of path analysis with composites of variables replacing latent variables & comparison with partial least squares, 149
number of variables & missing values in path model for public opinion & personal attitude measurement, 6142
path model for assessing direct & indirect narcoleptic drug effects on negative symptoms in schizophrenia, 32472
sex, risk factor approach to predict onset of use of alcohol & tobacco & other drugs, high school students, 4355
use of path analysis or structural equation modeling in behavioral research, reanalysis of J. S. Haldane's lung measurements, 25147
Pathogenesis [See Etiology]
Pathological Gambling—Serials
altered dopamine function in gambling, male pathological gamblers (mean age 42.4 yrs), 35712
clinical obstacles in administration of South Oaks Gambling Screen, adult methadone or alcohol treatment outpatients, 2628

comorbid pathological gambling measured by South Oaks Gambling Screen, substance abuse rehabilitation inpatients, treatment implications, 31257
comorbidity of psychiatric disorders, adults seeking treatment for pathological gambling, 4016
crime & pathological gambling & diminished responsibility, literature review, 31178
crossover between alcoholism & pathological gambling, 21–71 yr old members of Alcoholics Anonymous vs Gamblers Anonymous, 4242
CSF taurine levels, male pathological gamblers vs nongamblers, 29481
diagnosis & neurobiology & treatment, pathological gamblers, literature review, 26610
Dissociative Experiences Scale & MMPI-2 scores, adult pathological video poker gamblers vs other gamblers vs alcoholics, 19295
factors in diminished criminal culpability, adult pathological gamblers, Germany, 1987–1993, 4375
frequency of & early onset of gambling involvement & experiences & problematic gambling behaviors, American Indian vs non-Indian 14–19 yr olds, impact of gambling availability, 19314
impulsivity & antisocial psychopathy & distress & criminal behavior factorial structures in psychosocial functioning, 17–73 yr old pathological gamblers, 4293
national survey of prevalence & demographic characteristics, adult problem gamblers, Australia, 4250
pathological & problem gambling, treatment using imaginal desensitization & cognitive restructuring & adjunctive hypnosis, Australia, 32011
pathological gambling & depression, 18 yr olds & older, Spain, 8078
pathological gambling, hospitalized veterans with substance abuse, 4321
pathological gambling symptoms & guilt & mood, 20–39 male vs female game machine users, Australia, 43857
prevalence & demographic characteristics, adult problem & probable pathological gamblers, 4298
prevalence estimates of problem & pathological gambling, adults & adolescents & primary school children, Canada, 4263
prevalence of attention deficit & impulse control disorders, pathological gamblers, 8162
prevalence of gambling & pathological gambling with increased legalized gaming, adults, New Zealand vs US vs Canada, 12136
prevalence of pathological & problem gambling & construct validity of South Oaks Gambling Screen, 18 yr olds & older, 1991 survey, New Zealand, 4226
prevalence of problem & pathological gambling, US vs Australia vs Canada vs Spain vs New Zealand, 4300
prevalence surveys & demographic characteristics, problem & pathological gambling, adults, Germany & Netherlands & Spain, 4237
prevalence surveys of studies & development of services for problem gamblers & their families, Australia & Canada & New Zealand & US, 4299
residence on or near reservation, problematic & pathological gambling behaviors, American Indian vs non-Indian adults, 19315
sex, gambling & problem gambling, 18 yr olds & older, 4259
use of Lie/Bet Questionnaire to differentiate pathological gamblers vs non-problem gamblers, 17–82 yr olds, 26622

Pathologists—Serials

factor structure of attitudes toward & environment in which autopsy occurred & pathologist's behavior, perception of autopsy as positive vs negative educational experience, 2nd yr medical students, 13539

Pathology [See Also Neuropathology, Psychopathology] —Serials

classification of normal vs pathological aging & knowledge level & demographic factors & geriatric experiences & attitudes toward geriatrics education, 20 yr old & older family physicians, 13605
depression & anxiety & brain pathology & viral infection, cognitive dysfunction, patients with chronic fatigue syndrome, letter, commentary reply, 8470
depression & anxiety & brain pathology & viral infection, cognitive dysfunction, patients with chronic fatigue syndrome, letter, commentary, 8465
environmental factors & stress vs genetic factors , pathology & behavior, C57BL/6 vs DBA/2 in bred mice strains, animal model of diathesis stress hypothesis, 41292
etiology & pathology of genesis of Alzheimer's disease, therapeutic & diagnostic implications, 36162
housing regime & social pressure, time budgeting & pathophysiology, male vs female lab rats, 10848
"inner" individual vs "outer" systemic interactional conceptualization of pathology in family therapy, 27247
ionic zinc levels in hippocampal afferent pathways, deficits in learning & memory, postmortem schizophrenic patients, 1266
issues in & cognitive & self-help & behavioral & controlled therapies & psychotherapy for pathological gambling, bibliography, 12784
neurobiological pathogenesis & psychopharmacological treatment aspects of eating disorder within other psychiatric pathologies, 4459
neuroimaging studies of role of cerebrovascular pathology in etiology of late-life depression, literature review, conference presentation, 30870
neuropathology & other clinical pathologies & evidence of cerebrovascular disease at autopsy, alcoholic male 52–82 yr olds with dementia, 4662
pathological vs normal range distribution of senile dementia scores, 70–79 vs 80–89 vs 90–103 yr olds, Germany, 1618
pathophysiology of neuroleptic malignant syndrome vs catatonia as variants of same disorder, treatment implications, 1493
pathophysiology of neuroleptic malignant syndrome vs catatonia as variants of same disorder, treatment implications, commentary, letter, 31619
pathophysiology of neuroleptic malignant syndrome vs catatonia as variants of same disorder, treatment implications, commentary reply, letter, 31590
possible pathophysiological processes of accelerated osteoporosis, psychiatric patients, 30758
potassium channel dysfunction, PHA-induced calcium signal in lymphocytes, 39–82 yr old Alzheimer's disease vs depressed patients, 4649
psychoanalytic perspective on representation of time & language in unconscious & pathololgies, 1102
rehabilitation & psychological interventions, physical injury & posttraumatic stress symptoms & pathology, 33 yr old female & 33 yr old male, 33025
response to serotonin selective reuptake inhibitors as evidence for role of serotonin dysregulation in pathophysiology of obsessive compulsive disorder, 19964
sertraline, poststroke pathologic crying spells, male 80 yr old, case report, letter, 13166
sexual preoccupation & sex-seeking behavior as lifestyle vs pathology, 22386
somatic morbidity, 16–66 yr old juvenile delinquents & criminals who underwent forensic psychiatry exams, Sweden, 37318
stability of WAIS-R vs revised reading subtest or 3rd edition of Wide Range Achievement Test, estimation of premorbid intelligence, 18–75 yr olds with cognitive dysfunction, .3–6.3 mo followup, 28548
strategies for determining the genetics & pathophysiology of schizophrenia, conference presentation, 30985
suicide as a result of social forces & pathologies & individual characteristics, 31238
techniques for screening for presence of age-related pathology & impact of pathology on behavioral tests of learning & memory, Fischer 344 & Wistar rats, animal models, 25383
underlying pathophysiology & psychopathological correlates of dexamethasone suppression & clonidine stimulation tests, patients with major depression, 13067

Patient Abuse—Serials

boundary violations & sexual exploitation of clients, helping professionals, 24500
film metaphors for boundary violations in therapeutic encounters, 26306

negative vs compassionate ageism & placement in locked facilities or treatment with psychotropic medications while under public conservatorship, 18–103 yr olds, 43967
work experiences in hospitals undergoing inquiry about fraud or patient abuse or unethical conduct, psychiatric hospital nurses, 17092
Patient Attitudes [See Client Attitudes]
Patient Care Planning [See Treatment Planning]
Patient Characteristics [See Client Characteristics]
Patient Dropouts [See Treatment Dropouts]
Patient Education [See Client Education]
Patient History—Serials
a biopsychosocial model for sexual history-taking, 38604
age & psychiatric disorder & relationship & sex & disorder severity, quality & likelihood of reporting family history, family informants &/vs patients with dementia of Alzheimer's type or depression, 42148
age of onset & previous depressive episodes & sociodemographics & clinical characteristics, depressed elderly, 12005
antecedents & outcomes, motor vehicle accident victims with PTSD vs acute stress disorder, 22883
background factors associated with genital self mutilation, 38 yr old male, 4278
BATHE interview technique for inquiry & treatment of psychosocial problems by primary care physicians, conference presentation, 36678
causal beliefs & hospital admission history & treatment expectations, 16–65 yr old psychiatric inpatients & their relatives & staff, 16926
changing form & content of psychiatric case histories in practice over past century & postmodern psychiatric case histories, South Africa, 38878
client history & mental status examination, accurate diagnosis & treatment planning, counselors, 27635
computer generated patient held medical record summary &/vs written personal health record, attitudes & knowledge & behavior about health promotion, 25–65 yr olds, UK, 9317
correlation between sexual abuse symptoms before vs after menstruation, menarcheal female adolescents, implications for medical history taking, letter, 4228
course on sexual history taking with instruction on HIV risk factors & role playing, sexual history taking performance & attitudes, medical students, 5483
critical realist view of historical vs narrative approaches to determine history of psyche, patients in psychoanalysis, 1773
current vs historical physical illness, quality of life & response to fluoxetine, depressed 60 yr olds & older, 23930
demographic & clinical characteristics & help-seeking & professional referral patterns, male vs female 35–50 yr old psychiatric consultation inpatients with substance abuse disorders, Finland, 39196
demographic & cognitive & psychiatric diagnosis & treatment history variables associated with tardive dyskinesia, 60 yr old & older geropsychiatric outpatients, 7805
demographic & past & current psychiatric & adaptation process data & onset time of psychiatric episodes, English speaking temporary residents, Japan, 30647
demographic & psychosocial & personal & family characteristics, suicide intent & attempts, Mexican American adolescents, 8141
demographic characteristics & duration & severity & family history of substance abuse, patients with vs without mental retardation, 1447
demography & psychopathology & social behavior & history of illness & service usage, schizophrenic patients, England, 4156
description & presenting problem & personal & family history & mental status, 24-yr-old male self referred to college counseling center, case report, 32053
developmental & psychiatric & sexual perpetration characteristics & history of maltreatment & treatment issues, 11–18 yr old female vs male juvenile sex offenders, 42578
developmental framework of onset & stability of clinical symptomatology of behavior disorder, Lifetime Alcohol Problems Score as example, 39175
drug abuse history, onset of psychotic symptoms & ascribing etiological role to drug abuse by clinicians, schizophrenic patients, retrospective chart review, 12025
ECT & previous history & endogenous subtype, mortality & readmission risks, 22–85 yr old depressed patients, England, 7 yr follow up, 32615
family history & neuropsychological correlates, subjective memory changes, 43–85 yr old relatives of patients with Alzheimer's disease, 31813
family medical history taking & value as aid in decision making, general practitioners, England, 43047
frequency & types of violence & patient characteristics, discharged psychiatric patients, prospective studies, 31273
histories of violence & alcohol & drug use & demographic characteristics & SES, male vs female 18–59 yr olds in private psychiatric hospital, 22728
history of child sexual abuse, perpetuation of abuse, male prisoners vs nonoffenders, Australia, 4366
history of lung cancer presented at beginning vs end of clinical vignette, diagnosis of transient ischemic attack vs brain tumor, 32–80 yr old family physicians, test of belief-adjustment model, 23241
hypothalamic pituitary adrenal axis dysregulation & hypercortisolemia, geriatric psychosis, 87 yr old female with no previous psychiatric history, case report, 19506
incidence of major depression following successful smoking cessation treatment with clonidine, patients with history of no vs single vs recurrent major depression (mean age 45.6 yrs), 3 mo followup, 24301
injury severity & preinjury psychiatric & behavioral & adaptive functioning & family functioning & psychiatric history, psychiatric outcome, traumatic brain injured 6–14 yr olds, 3 mo followup, 31831
interrelationships among personal & family & prior service utilization history, 9–20 yr olds with emotional & behavioral disorders placed in interagency community based care system, 16841
intrafamilial stress & family history of emotional problems & past school problems & psychiatric illnesses, prevalence of anxiety disorders, 7–17 yr olds with asthma, 1488
left vs right handedness, history of difficult birth & childhood cognitive & behavioral abnormalities & persistent auditory hallucinations, schizophrenic 15–58 yr olds, UK, 1305
life chart method using semi-structure interview to document lifetime course of disorders, assessment of depressive & other psychiatric comorbidities, patients with anxiety disorders, 4206
life history of illness & medication management & psychosocial events & support, mentally ill in outpatient clinics vs day treatment vs case management vs long term facilities, retrospective study, 8704
lifetime history of Axis I diagnosis & family history & persistence of thumb sucking & rocking from infancy, prevalence of DSM-IV stereotypic movement disorder, intellectually normal 9–48 yr olds, 1347
lifetime overdoses & concurrent CNS depressant use & alcohol consumption & abuse history & dependence, nonfatal heroin overdose, 17–50 yr old heroin users, Australia, 23044
lifetime prevalence of criminal behavior, 18–78 yr old male psychiatric inpatients with alcoholism, Switzerland, 1397
limits of history taking interviews, 62–82 yr olds with major depression & cognitive impairment, 30916
medical & neuropsychological exam & Mini Mental State Examination & open road driving performance, drivers with probable Alzheimer's disease, Australia, 42799
medical records & sociological research, 41804
method of recording history of physical & sexual abuse or catastrophic trauma in mandated inquiry & use in diagnosis & treatment, 17–78 yr old psychiatric outpatients, 7839
methodology for collection of case record & interview data for qualitative analysis of relationships between family & system of care, emotionally disturbed male 14 yr old, 16801
neurological soft signs, 18–60 yr old psychiatric inpatients with vs without self reported history of obstetrical complications, 26968

nociception & systolic & diastolic BP, normotensive adult males with positive vs negative history of parental hypertension, 8547
parental substance abuse & history of physical abuse & extrafamilial sexual abuse & incest, eating & weight problems & lifestyle habits, adolescents, 31507
past & present parental psychiatric disorder & childhood psychopathology & symptomatology, prediction of affective disorders, 6–19 yr olds, 4 yr followup, 11941
patient & provider gender, completeness & patient satisfaction with simulated medication history interviewing, college students, 9367
patient history & symptoms & treatment with drug therapy &/or psychotherapy, patients with panic disorder (mean age 35.6 yrs), 42877
personal & family history of affective & alcohol abuse disorders & other psychiatric diagnosis & symptomatology, 21–68 yr old HIV seropositive & AIDS patients with vs without iv drug abuse, 12519
predictive value of demographic & clinical & personality variables, treatment outcome & recovery, adults with major depression, 35547
prevalence & extent & severity of childhood sexual abuse, 19–44 yr old male sexual vs nonsexual perpetrators vs nonperpetrators with sexual abuse histories, 19418
prevalence & type & demographic & historical & clinical predictors of aggressive behavior, psychiatric inpatients, Greece, 11910
prevalence of depressive disorders & individual psychological factors & social support & life events, 20–67 yr olds 1 yr after diagnosis of cancer, 36035
psychiatric & medical comorbidities & prior & current inpatient vs outpatient treatment, middle aged vs elderly patients with affective disorder in mental health vs medical units, 13258
psychiatric history & marital attitudes & personality characteristics & postpartum relapse, women with history of affective disorder & their husbands, England, 15923
psychiatric history & symptomatology & psychological functioning, & suicidal ideation, parasuicide prior to vs during incarceration, male inmates, 19413
psychiatric morbidity & combat exposure & premilitary psychiatric history, Somalian veterans, Australia, 38946
psychotropic drug use & clinically relevant concurrent nonpsychotropic use, 65–109 yr old residents of board & care homes, commentary & implications for computer assisted therapy, 23895
risk factors & treatment intervention histories for antisocial behavior, incarcerated vs conduct disordered male adolescents in treatment, 16042
sociodemographic factors & membership in AA & psychological profile & pain etiology & aberrant behavioral patterns, 44–47 yr olds with nonmalignant pain treated with opioids, 24020
stressful life events & childhood family history of anxiety & comorbidity, illness course, patients (mean age 39.1 yrs) with panic disorder, 26572
stressors & prior history & relapse, outpatients with bipolar disorder (mean age 41.8 yrs), 42264
structural equation model of direct & indirect effects of demographic & medical & psychological variables, neuropsychological functioning, normal 57–85 yr olds, 30007
structure & function of medical interview, importance of patient education & communication among physicians & patients & families, 24127
suicidal history & intent & relational difficulties & psychiatric diagnosis & treatment history, patients admitted for 1st vs repeat suicide attempt, 1353
syndromes of initial problems, later mental health syndromes, male vs female 4–18 yr olds, 6 yr followup, 19099

Patient Participation [See Client Participation]
Patient Records [See Client Records]
Patient Rights [See Client Rights]
Patient Satisfaction [See Client Satisfaction]
Patient Seclusion—Serials

demographic characteristics & use of seclusion, patients with vs without learning disabilities, 12 mo study, 2041
hospital staff use of seclusion & emergency medication, disturbed behavior, patients with learning disabilities, 6 mo study, 36774
perceptions of treatment & care & restraint & seclusion experiences while in psychiatric facilities in New York State, former patients, 32845
sex & type of patient, frequency & reasons for use of seclusion on locked ward, patients, longitudinal study, 20276
staff decisions on seclusion & patients' attitudes toward seclusion as part of treatment, female vs male inpatients, 16924
therapeutic role of isolation, anorexia nervosa, teenage female, commentary on J. M. Charcot's work, 1882–85, 36549

Patient Selection—Serials

patient selection criteria & methodological issues in studies of serotonin reuptake inhibitor treatment of obsessive compulsive disorder, 43143

Patient Therapist Interaction [See Psychotherapeutic Processes]
Patient Therapist Sexual Relations [See Professional Client Sexual Relations]
Patient Transfer [See Client Transfer]
Patient Treatment Matching [See Client Treatment Matching]
Patient Violence—Serials

arbitrary vs nonarbitrary violent behavior of psychiatric patient towards staff member, behavioral reaction & attributions, psychiatric nurses, 20460
client characteristics & psychiatric symptoms, prevalence of physical aggression, 65–91 yr old inpatients with probable Alzheimer's disease, Taiwan, 19658
cost analysis perspective on psychiatric intensive care & patient violence, conference presentation, 5363
diurnal & seasonal patterns of single vs repeated use of physical restraints during violence, inpatients with schizophrenia vs schizoaffective vs mood disorders, Israel, 5364
documentation of accountability in cases of potential client suicide or violence toward others, social workers, 17087
duration of admission & diagnosis & ward factors, physical aggression & disruptive behavior, psychiatric & brain trauma patients in psychiatric hospital rehabilitation program, Australia, 5353
effect of Tarasoff warnings on intended victim & therapeutic relationship, 2nd–4th yr psychiatric residents, 27922
ethical dilemmas in responsibility to report possible patient violence & divulgence of patient information for managed mental health care compensation, psychotherapists & psychoanalysts, 27936
evaluations & cases related to legal issues, threats & stalking & attacks by clients & therapists' safety concerns & strategies, psychologists, 13611
expressed emotion & attributions regarding violent incident & anxiety & coping after incident, hospital care staff, 9523
extent & nature & degree of client violence, social workers, 27847
hindsight bias in determinations of therapist negligence in hypothetical Tarasoff-type cases of violent clients, 20–70 yr olds, 24499
incidents of attempted or actual physical assaults, patients in psychiatric facilities of general hospital, Canada, longitudinal study, 8168
psychotic symptoms & frontal lobe impairment & psychiatric ward situational factors, emergence & persistence of violent behavior, psychiatric inpatients, 43423
public perception & evidence from epidemiological research of violence among mentally ill, implications for legal & interpersonal responses to patients, 11853
removal from stimuli instead of seclusion &/or physical restraint for verbally &/or physically threatening acts, cooperation with staff, adult patients in psychiatric intensive care unit, 1 yr study, 43417
right to & training for protection from threat of attack by violent patients, mental health professionals, 5502
risk management during transition from hospital to community care, patients with mental disorders & violent behavior, 43381

side effects & risks & options & compliance issues of clozapine & risperidone treatment, mildly aggressive–dangerously violent patients with schizophrenia, 27385
skills needed to prevent & cope with client violence, social workers & agency directors, 9717
suicide & violence assessment, psychiatric patients, literature review, 19122
targets & frequency & type of aggressive behavior & severity of injuries & ward staff reactions, patients with dementia in long stay ward, Ireland, 13390
total quality management principles, aggressive & violent incidents during meals, male inmates in maximum security forensic psychiatric hospital, 2103
treatment of dangerousness in managed care, 11–67 yr old hospitalized psychiatric patients, 36769
violence & psychiatric diagnoses, mentally disordered inpatients, longitudinal study, Denmark, 38906
violence in psychiatric inpatients, UK, literature review, 42218
work safety & prevalence of & attitudes toward patient assault, psychiatric nurses, US & UK & Canada & South Africa, 27917

Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]—Serials

acceptability & usefulness of interactive computerized patient education, implications for family practice, literature review, 39947
assessment & ensurance of compliance with rehabilitation, patients & health care professionals, literature review, 5394
consistency of verbal exchange structure of medical consultations, patients & physicians, 20019
factors influencing participation in research studies, patients, implications for impact of trend toward managed care on patient recruitment for research, 2739
feedback to doctor about existing concordance with patient on health problems & treatments, improved concordance, adult general practice patients, Australia, 13252
impact of the patient on self-scrutiny & transference & countertransference reactions during therapy, male analyst, 32284
modal profile shapes for Halstead-Reitan Neuropsychological Battery, patients referred for neuropsychological evaluation, 14345
nature of genetic problem & patient & counselor & consultation content & complexity of information, outcome of genetic counseling, patients & genetic counselors, 20137
neurocognitive deficits & functioning, schizophrenic patients, literature review, commentary, 22849
patient participation & psychiatrists' fiduciary role & legislation & managed care, 32808
test construction for computer-assisted measurement of depression, medical & surgical inpatients, 25051

Patriarchy—Serials

evolutionary basis of male motivation to control female sexuality & expansion of feminist analyses of patriarchy, commentary, 11607
patriarchal society & internalization of masculine power dynamics vs feminine principles & complexities of social class & socially conscious psychotherapy, 32032
wife assault & patriarchal ideology measures of attitudes toward violence & gender roles & schemas, meta analysis, 8166

Pattern Discrimination—Serials

ability to detect pattern changes in pure &/vs harmonic/simultaneous &/vs melodic/sequential tone intervals, 6–9 mo olds, implications for nature nurture theories of music perception, 3382
absolute & relative gap size, visual search for closure, college students, 41031
acquisition of serial pattern, patterned responding & tracking performance, 3 vs 24 mo old rats with hippocampal lesions, 3055
age & articulatory suppression & spatial ability, visual memory span for patterns, 5–11 yr olds & adults, Wales, 11370
amphetamine, configural cue discrimination in negative patterning task, rats, implications for role of hippocampus in disruption of negative patterning by increasing responsiveness, 21819
blending of transparent motion patterns in peripheral vision, segregation & discrimination of motions, Os, 41016
category familiarity & prototypical structure, discrimination learning of checkerboard stimuli & generalization to recognition paradigm, 18–35 yr olds, application of face inversion effect, 37719
complex visual pattern learning ability, rats, 18058
consonant & syllable variation, discrimination & categorization of word stress patterns, 48–72 hr old newborns, Italy, 15249
development of recognition of higher-order perceptual relational commonalities in patterns, 4 vs 6 vs 8 yr olds, test of relational shift & progressive alignment hypotheses, 25759
EEG mapping with band powers & coherence & continuous estimation of high time & frequency resolution, sequences during category concept activation & patterns comparison, Ss, 14879
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, 21437
global precedence & recognition of visual patterns with low vs high frequency sinusoids in divided & focused attention tasks & statistics of natural images, adults, 14524
grouping of dots to form Ponzo or Mueller-Lyer illusion under conditions of inattention, line length & pattern perception, 18–24 yr olds, 25198
method for processing visual EPs based on matched filtering of single trial responses, 21739
number of elements in gradient & height & width & separation, speed of gradient anomaly detection, college students, 25191
object vs pattern discrimination learning, visually deprived cats, 21514
pattern & color, prediction of contrast threshold sensitivity, Os, 10639
pattern-matching paradigm for perceptual processing of music notation, novice vs expert musicians vs nonmusicians with lower vs higher sight-reading ability, 28778
pattern type & age, block design performance, 4–8 yr olds, 15200
peak-valley & peak-peak local contrast & luminance gradients, channel vs local features models for suprathreshold pattern discrimination, adults, 6221
pitch-structure variations &/vs rhythmic patterns, long-term memory for music, 18–51 yr olds, Canada, 41132
positional relationships between pattern elements, duration of visual search, observers, 25204
proximity &/vs alignment cues for perceptual grouping in horizontal vs vertical orientation, rats, 34333
role of context & skill in sensitivity to time change, adults with high vs low musical skill, 28721
simple vs complex frequency ratios, discrimination of patterns of pure tones, 6 yr olds vs adults, 7274
simultaneous temporal encoding of color & pattern information, monkey striate & prestriate cortical neurons, 21266
sine wave vs square wave vs missing fundamental at different spatial frequencies of orientation modulation, detection of abrupt vs smooth changes in orientation defined micropattern textures, Os, 201
slant & shear parameter values in deformed shape viewing, relatedness of perspective & projective transformations in shape pattern discrimination, college students, Belgium, 37637
spatial frequency of contrast modulated sinusoidal gratings, temporal discontinuity detection thresholds, adults, 198
spatial interactions with real vs gap induced illusory lines in vernier acuity, trained Os, implications for models of illusory contour brightness, 41022
spatial vs color/pattern cues, return to previously visited flower, hummingbirds, 353
structural hypothesis of temporal patterns in human interaction, application of pattern detection & analysis software, 22431

symbolically suggested rotations & reflections, coordination of control processes in visual working memory of matrix patterns of filled-in squares in grid vs between line drawings, college students, 28955
temporal codes for color & pattern information in striate & prestriate cortical neurons, monkeys, 21267
training in discrimination of bilaterally symmetrical vs nonsymmetrical patterns, learning & generalization of symmetry or asymmetry, bees, 10770
use of Lie theory & spherical harmonics to construct iterative matching algorithms, implications for automated image processing & pattern recognition, 37563
validity of computerized tests of pattern recognition & memory & spatial orientation without extensive baseline testing, 19–27 yr old male army personnel, Norway, 14285
variance of stimulus features & cues, extraction of motion pattern information by macaque monkey brain MSTd cells, 3065
vertex vs midsegment breaks in square vs circle contours, attention to & object recognition of simple line drawings, pigeons, 21511
Pavlov (Ivan)—Serials
accounts & historical accuracy of anecdotes on Pavlov's use of bell as CS & his mugging in New York's Grand Central Station, implications for historical research, 24976
cognitive & ecological perspectives on functional themes in Pavlovian conditioning, 41201
D. Joravsky's criticism of Pavlov's theory of higher nervous activity, commentary, 437
excerpts from I. P. Pavlov's "The Work of the Digestive Glands", 40764
I. P. Pavlov's contributions to behavior therapy, 43012
I. P. Pavlov's contributions to physiology & psychology & centennial celebration of his "The Work of the Digestive Glands," special issue introduction, 40760
I. P. Pavlov's transition from study of digestive physiology to psychological study of conditional reflexes, 40766
Konorski & Miller's vs Pavlov's conditional reflex II vs I conditioning paradigms in conditioning of motor responses, 18088
life & psychological work of I. P. Pavlov, 40767
Pavlov's adherence to monism & opposition to dualism, 37361
Pavlov's use of R. Heidenhain's explanation of hypnosis in development of concept of inhibition & theory of higher nervous activity, 18263
recollections of work with I. Pavlov, P. O. Makarov, 6421
Skinner's discussion of Pavlov's theories of conditioned reflexes as learned behavior, conference presentation, 20940
Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test—Serials
correlations between WISC-III & PPVT—R, 6–16 yr olds with mental or learning disability or behavior disorder, 28417
eye gaze vs standard response mode, PPVT-R scores, 8–12 yr olds, 10482
validity of use of facilitated communication in PPVT-R, autistic or profoundly cognitively impaired 7.2–36.8 yr olds & their facilitators, 8333
Peace—Serials
constructivist principles of public interest science & social development programs in promotion of global community & sustainability, implications for peace psychology, 18669
cooperation & competition & individualism, 25 peaceful societies, 18945
development & content of conceptions of peace & war & strategies to attain peace, 6–8 yr olds, Netherlands, 3 yr study, 18486
features of sociocultural structure & socialization & social constraints in development of peace culture, 22207
gender specific oppressive conditions under war & state sponsored violence & resistance movements & contributions to liberation & peace process, females, underdeveloped & developed countries, 22194
issues in democracy & peace at the dyadic & national & system levels, 25973
marginalization of women & omission of feminine perspective in peace psychology & activism, 18671
open classroom meetings, promotion of values conducive to peace & conflict resolution, 2nd–5th graders, 33493
peacekeeping challenge & plan to reduce violence & improve quality of life in Montego Bay, Jamaica, 30030
psychology curricula in peace & conflict education, application of accommodation vs assimilation model, 20560
PTSD & peacekeeping duty in Somalia, active duty personnel (mean age 26 yrs), erratum, 31094
PTSD & peacekeeping duty in Somalia, active duty personnel (mean age 26 yrs), 22902
research & teaching & social action, establishing culture of peace, psychologists & UNESCO, 18670
sociopsychological processes in local government project & establishment of Peace Zone, war refugees in citizen based peacemaking during protracted war, Philippines, conference presensation, 35019
sport aggression & competition & moral reasoning & masculinity in study of conflict & peace, 24800
traumatic & contextual influences in model of peacekeeping stress, Canadian Forces personnel, Yugoslavia, implications for stress management, 22202
violence & increase of time & role of sports in peace, introduction to special issue, 24810
war & peace & conflict resolution attitudes before vs after ceasefire, 14–15 yr olds, Northern Ireland, 29899
womens liberation movement & societal development & peace, Nigeria, 22332
Pearson Prod Moment Correl Coeff [See Statistical Correlation]
Pecking Order [See Animal Dominance]
Pederasty [See Pedophilia]
Pedestrian Accidents—Serials
epidemiological factors associated with incurred injury, 0–89 yr olds injured from slipping on ice or snow, Sweden, 28321
family characteristics & peer presence & impulsive behavior & other factors, type of supervision, 5–12 yr old victims of pedestrian injury, 20883
presence &/or absence & appropriateness of supervision using Chicago Children's Supervision Taxonomy, 5–12 yr olds with pedestrian injuries, 19526
sex & change of transport mode & alcohol impairment, fatal accidents, pedestrians aged less than 16 yrs vs 16–29 yrs vs 30–44 yrs vs 45–64 yrs vs 65 yrs & older, France, 1990–91, 37278
Pedestrians—Serials
signal controlled intersection design & traffic volume & age & gender & pedestrian volume, checking for oncoming traffic, 17–50 yr old & older pedestrians, Canada, 10227
validity of self-reported exposure to traffic, 3–14 yr olds, Australia, 10425
Pediatricians—Serials
family systems theory approach to treatment by pediatric clinicians in primary care medicine, 9-yr-old male with attention deficit disorder, case report, commentaries included, 32246
Pediatrics—Serials
application of psychoanalysis in the clinical practice of pediatric diagnostic radiography, 15 mo old patient, 36589
clinical perspectives & suggestions, medical crisis counseling in pediatric intensive care unit, mental health consultants, 9530
collaboration of art therapy & child life programing in pediatric medical setting, 16690
concept analysis of the pediatric physiological stress response, children, implications for nursing research, 27655
effectiveness of behavioral screening methods in pediatric settings, research review, 37395
employment practices & trends among child life programs, 28170
epidemiologic principles & pediatric HIV & communication disorders, 39449
factors affecting use of nonpharmacologic techniques of distraction & focusing on breathing & relaxing & imagery & changing perceptions of painful stimuli with patients, 27–51 yr old pediatric nurses, 9228

family characteristics, parent expectations & goals in child health supervision & pediatrician emphases, mothers of 2–3 yr olds & pediatricians, 20164
health attitudes & willingness to provide care to & experience working with HIV infected patients & likelihood of occupational exposure risk, pediatric nurses & other health care workers, 20160
hypnotherapeutic methods in pediatric primary care, 5–18 yr olds, 13106
implications of Personal Responsibility and Work Opportunity Reconciliation Act of 1996 for developmental & behavioral pediatrics, 43352
integration of psychiatric service within pediatric department of university teaching hospital, children & adolescents, 40142
introduction to & review of volume articles on family systems in pediatric psychology, 26037
live music, distress, 0–7 yr old pediatric patients receiving intravenous starts or venipunctures or injections or heel sticks, 9222
medical procedure preparation technologies used, nonchronic-care pediatric hospitals, US, followup study, 24269
municipal Healthy Start Program, reform of infant & maternal health services toward user friendliness & family orientation, 24100
painful pediatric procedures, self reported & observed coping & distress, 27–48 yr old mothers of children with leukemia, 32683
parental disclosure of child psychosocial problems, identification & intervention by family physicians, parents & physicians of 3–10 yr olds, 39949
pediatric autoimmune neuropsychiatry disorders associated with streptococcus, letter, 42749
pediatric hypnosis course, acceptance of hypnosis & usefulness of hypnotic strategies in practice, course graduates, 13105
pediatric sleep disorder treatment methods & DSM-IV classifications, children & adolescents, literature review, 31570
perceptions & practices of the components of family-centered care, pediatric health care professionals, Canada, 27915
perceptions and trends of pediatric occupational therapy interventions in self-care tasks, pediatric occupational therapists, 27803
problem based learning curriculum as teaching method, 3rd year medical students in pediatric clerkship, 9738
training & theoretical orientation & beliefs about & use of systems theory orientation, pediatric psychologists, 2130
validity & reliability of Pediatric Symptom Checklist as screening for psychosocial problems in screening & diagnostic process for Medicaid, Mexican American 4–5 yr olds, 17660

Pedophilia—Serials

abstinence vs nonabstinence from masturbation over 30 day period, intensity of adult & child sexual urges & fantasies, male pedophiles in outpatient treatment, 13503
annotated bibliography on AIDS epidemic & education & pedophilia research, conference presentation, 30685
birth order, male 16–67 yr old heterosexual vs homosexual vs bisexual pedophiles, Canada, 31179
characteristics of childhood sexual abuse, Hispanic vs non-Hispanic White female undergraduates aged 18–60 yrs, 26601
cognitive characteristics & attitudes & family background, male child molesters with fixated vs regressed typology, 35850
degree of sexual violence in pedophilic acts, pedophiles with aggressive tendencies, 12288
development of MOLEST & RAPE scales, assessment of cognitions, child molesters vs rapists vs nonsexual offender inmates, implications for cognitive behavioral treatment, 14292
history of sexual abuse, rapists vs child molesters vs nonsexual offender inmates, 16099
logical functional analysis as approach to refinement of structural diagnostic categories of DSM-IV & application to reinforcement-based disorders of alcoholism & pedophilia, 16049
predictive efficacy of risk factors & recidivism, criminally charged male extrafamilial child molesters, 24-yr follow up, 19416
psychological aspects of sexual functioning, cleric vs nonclerical alleged child molesters, 8114
psychosocial development, male exhibitionists vs extrafamilial child molesters vs incest offenders, 42580
rule governed behavior & pedophilia, implications for behavioral assessment of pedophiles, 8318
structured module including victim empathy & relapse prevention, cessation of denial of guilt, rapists vs child molesters, 17010
validity of Violence Risk Appraisal Guide & recidivism, convicted male child molesters & rapists, 10-yr followup, 28511

Peer Counseling—Serials

conflict resolution & peer mediation in schools, literature review, 33497
implementation of peer mediation program, conflict resolution, middle school students, 33580
organizational policies against harassment & effect on workplace culture & Post Office model of peer counseling for victims, 8171
peer education, self-esteem & personal development & sexual behavior, 18–31 yr old peer educators, 1 yr study, 43720
peer mediation, increases in social behavior, isolated children in school settings, literature review, 2255
peer mediation training program, academic achievement & conflict management, 1st–9th graders, application to nonschool settings, 24570
Resource Sisters/Companeras peer counseling & support group health empowerment program, pregnancy outcomes, at risk pregnant females, case report, commentary, 20141
Resource Sisters/Companeras peer counseling & support group health empowerment program, pregnancy outcomes, at risk pregnant females, case report, 20136
violence prevention curriculum with trained peer leaders, aggressive behaviors & knowledge about violence & conflict resolution skills & self efficacy & attitudes, 6th graders, 20562

Peer Evaluation—Serials

affirmative action vs ability attribution to likelihood of work group selection of female vs male Black vs White group member, Black vs White college students, 30354
application of collaborative writing & peer review techniques in developing writing skills, psychology college students, 5590
article research characteristics & evaluations & decision making in journal review process, journal reviewers & editors, 36836
biases toward self-enhancement in self-reports vs peer-reports of social network & academic achievement & competence values, 4th & 7th graders, Hong Kong, 9953
categorization of peers as friendly vs unfriendly vs neutral, expected behavior, 4–6 yr olds, Japan, 25916
collaborative autobiography & peer supervision in workshop & field experience, teacher development & student behavior & performance, education students & teachers, Canada, 13677
coping & motivational orientation, leadership evaluation, male vs female 23–37 yr old college students, 26213
crosscultural validity of peer vs teacher evaluations of relational vs overt aggression & prosocial behavior, male vs female 8–10 yr olds, Italy, replication & extension, comparison with US data, 40456
development vs administrative peer & upward appraisals & coworker & supervisor relations, positive vs negative appraisal outcome expectations, employees, 37176
efficacy & reliability & lenience & acceptance of peer evaluations in grade assignment, college students, 2202
group peer review & quality improvement & care, psychiatrists, 33132
implementation of proposed quality assurance standards, teaching hospital vs private practice vs private institution peer review groups, psychiatrists, Australia & New Zealand, 33157

incidence of self nominations in peer nomination forms to designate classroom peers with superior abilities or talents, 4th–8th graders, 13889
interaction frequency & peer & teacher perceptions of social behaviors, social acceptance & rejection, mentally retarded children (mean age 11.3 yrs) in special education settings, 20675
internal consistency reliability & rater bias & method variance & convergent & discriminant validity of peer vs self ratings for MODE vs ROCI-II conflict management instruments, college seniors, 5938
level & degree of congruence between self & direct report & peer & supervisor & client assessments of performance, senior partner level providers, 40555
model of procedural & distributive justice & reactions to editorial decisons & review process, authors who submitted to "Journal of Applied Psychology", implications for human resources practices, 10052
multirater feedback vs traditional feedback in the appraisal process in the workplace, 28178
nuclear vs lower social network centrality & peer-assessed prosocial vs antisocial characteristics, general education vs emotionally-behaviorally disturbed vs gifted vs learning disabled students, 9945
Peer & Self-Evaluation System for & acquisition of accountability & other attitudes & skills needed for team work in cooperative group learning approach, teachers & students, 13799
peer assessment of social reputation, psychometric properties of Revised Class Play method, disruptive vs nondisruptive 2nd–5th graders, 24658
peer feedback, writing test revisions, 3rd & 5th & 8th graders, 20591
peer review process of & strategies in applying for research funding from National Institute of Mental Health, grant support research applicants, 33158
peer vs self evaluation of counteraggression & helplessness & nonchalance in response to bullying, male vs female 12–13 yr old bullying victims, Finland, 3475
perception of & responses to rejection by peers, nonaggressive 7th grade males, 2 yr study, 18596
perception of & responses to rejection by peers, nonaggressive 7th grade males, 2 yr study, commentary reply, 18597
perception of & responses to rejection by peers, nonaggressive 7th grade males, 2 yr study, commentary, 18543
positive & negative aspects of group peer review & perceived place in accountability procedures, psychiatrists, Australia, 33134
quantified criteria for acceptance of peer reviewed manuscripts in "Psychological Bulletin", 1993–96, 20399
rating scales for nominations & dimensions of sociometric status, 7–12 yr olds, 28443
ratings of intelligence of reviewer & author in positive & negative book reviews, adults, replication, 38700
reactions to & sociometric risk of positive & negative peer nomination techniques, 4th–5th graders, 15293
self & peer ratings of gender roles & attributes, 18–26 yr old males vs females, 41918
self-reports & peer ratings & behavioral change in impulse strength & negative & positive expressivity, college students, 18962
sex role stereotypes in judgments of male vs female actors with masculine vs feminine script, male vs female 7–12 yr olds, 25890
sociometric choice & peer nominations for friendship & aggression & isolation & social withdrawal, 7–8 yr olds, Italy, 41679
sociometric status & peer judged aggressive vs prosocial behavior, perceived shifts in dominance & rigidity, male 10 vs 13 yr olds, 7389
suggestions for improving journal review process, commentary, 9679
suggestions for improving journal review process, commentary, 9676
suggestions for improving journal review process, commentary, 9675
suggestions for improving journal review process, commentary, 9673
suggestions for improving journal review process, commentary, 9672
teacher feedback & hypothetical target peer reputation, evaluation of peer behavior, 1st & 2nd graders, 9965
visibility & credibility of organization involved in community economic development, staff members & volunteers, 40087

Peer Pressure—Serials

bullying & coercion & peer pressure, starting to smoke, 12 & 14 yr olds, Scotland, 7351
exposure to Drug Abuse Resistance Education in 6th grade, self esteem & resistance to peer pressure & drug use & delay of experimentation with drugs, 9th graders, 17123
family management & maternal attachment vs deviant peers, delinquency & substance use & sanctioned misbehavior, 9–14 yr old children of parents in methadone treatment for heroin addiction, 26614
family support vs peer modeling, alcohol & tobacco & marijuana use & gang involvement, Hispanic 8th graders, 22101
peer influence, drug use, adolescents, 18541
peer pressure & alcohol use & school grades, self esteem, male vs female & Black vs White 6th graders, 4 yr study, implications for adolescent development, 34964
peer pressure & creativity, conformity & prosocial/antisocial tendencies, 17 yr olds, 18584
peer use & pressure & personal attitudes, cigarette & tobacco & alcohol use, 4th vs 5th graders, application of survey, 29855
pressure of work community, increased risk taking behavior, victims of occupational accidents, Finland, 5796
recognition of drug related problems & peer deviance & family dysfunction, therapeutic relationships & rearrest, 17–55 yr old probationers in substance abuse treatment, 36787
social factors, smoking transition from experimental smoking to more advanced stages of smoking behavior, 15–22 yr olds, 3 yr study, 38645

Peer Relations [See Also Peer Pressure]—Serials

academically related expectancy of smart vs not smart partner, affect & appraisal & control & deference & performance in dyadic interaction, male vs female 7–12 yr olds, 11453
across the day peer mediated intervention, social interaction, 3.3–5.1 yr olds with moderate developmental disabilities & typically developing children serving as trained peers, 28068
adaptation of music lessons, on task behavior & success with music tasks & peer interaction, male elementary special needs students, 17220
adolescent & peer alcohol use & random coefficient latent growth model, alcoholic vs nonalcoholic parents & their 10–15 yr olds, 3 yr study, 19359
adolescent functioning & experiences of connection & regulation & support for autonomy at home & school & with peers, Black vs white adolescents & their families, longitudinal study, 41703
age & sex, biregional prevalence & nature of bullying behavior & victimization, 8–14 yr olds, Italy, 9947
age & social influences measured by number of peer & sibling & adult daily interactions, understanding of false belief task, 36–59 mo olds, Greece, 25760
aggression & withdrawal & negative peer status & experiences, social self-perceptions, 8–10 yr olds, Canada, test of social process model, 15277
application of temporal parameters to loneliness & friendship formation & dissolution & adjustment experiences, 8–15 yr old males vs females, 18607
association with peers of major American racial groups & assimilation & social adjustment, Vietnamese American high school students (mean age 16 yrs), 41680
attachment security vs teacher sensitivity vs peer relations, development of complex play behavior, 10–60 mo olds, 22107
beliefs about & influence on promotion of peer social skills in early childhood, female kindergarten & Headstart teachers, 17198

burnout & collegial support, perceived barriers to behavior therapy in rehabilitation programs, acute care unit staff, 12843
categorization of peers as friendly vs unfriendly vs neutral, expected behavior, 4–6 yr olds, Japan, 25916
changes in affiliative structure of playmate associative patterns, 12–66 mo old daycare students, Canada, 7376
characteristics & professional development benefits of peer support groups, school psychologists, 5583
characteristics of & school response to & intervention for victimization in schools, 20701
childhood & adolescent personality & family & peer factors, tobacco smoking, 18–28 yr olds, longitudinal study, 35176
childrearing & discipline & peer network & socialization, social judgments & distinction between familiar moral & conventional transgressions, African American 5.9 yr olds & their mothers, 7338
classroom peer relations, early school attitudes, kindergartners, 24651
classroom social environment, fluidity of relationships & changes in social group stability, 4th–5th & 7th–8th graders, 1 yr study, 9956
classroom vs eating vs reading vs TV vs playground context & ethnic group, preferences for physically different peers as playmates, 2.9–6.4 yr old males vs females, 18601
clinical & interactional typology for bully-victim-bystander relationship in school violence, children, 13802
closeness to mother vs father vs peer vs teacher & self-esteem, male vs female 8–12 yr olds, 22090
community context & parenting quality & involvement with peers, adolescent adjustment & problem behavior, rural single-parent families with 8th or 9th graders, 3481
conceptions of emotions & parental emotional socialization & emotional competence with peers, 3.1–5.7 yr olds, 29865
conflict emotions during peer disputes, 4–5 yr olds, 11421
conflict resolution & peer mediation training, integrative vs distributive negotiations & attitudes toward conflict, 6th–9th graders, 13699
constant time delay & instructive feedback, observational learning & & acquisition of grocery words & appropriate peer reinforcement, students with moderate learning disabilities (mean age 10.67 yrs), 17242
cooperative vs competitive learning taught by same vs random teachers, attitudes toward special education classmates, 11–15 yr old regular-education students, 20670
cooperativeness & bullying &/or victimization in peer abuse involvement, secondary school students, Australia, 39168
culture & childrearing environment & companion space & prosocial behavior toward & abuse of peers, infants & toddlers, 22089
development of biasing sociometric status determination on rating scales with covering computer program, judgment of status via nomination & 7- point scales, 7–14 yr olds, 2481
development of perceived functions of family & friends, 6–11 vs 17–26 vs 35–61 yr olds, Turkey, 7334
developmental synthesis perspective on peer & classroom social networks & social skills training & behavior, students with disabilities, implications for special education service delivery, 13826
distress incident & child characteristics & caregiver response, attention to peer distress, 9–27-mo-old toddlers in daycare settings, 29889
dyadic friendship qualities, relationally vs overtly aggressive 3rd–6th graders, 18573
dynamics & process of play & peer interaction based group therapy, developmentally delayed & emotional traumatized Latino inner city prelatency age children, 8 mo study, 4909
early bullying victimization by peers, self-esteem & depression, college students, Japan, 15306
ecology of peer relations & social competence & relation to family experience, children, 18580
effectiveness of cooperative learning on academic achievement & peer relationships & social development, literature review, 20555
emotions & reciprocity in relationships with close friend vs younger sibling, 1st born 5 yr olds, 18629
exchange of reciprocal negative affect displays in physical play with parents, peer competency, 4–5 yr olds & their parents, 18544
extrarelationship intimate involvement & intrarelationship reciprocity & relationship commitment, perceived betrayal in mateships & friendships & coalitions, college students, 11661
family characteristics & peer presence & impulsive behavior & other factors, type of supervision, 5–12 yr old victims of pedestrian injury, 20883
family circumstances & individual characteristics & adolescent peer affiliations, continuity & change in disruptive behavior patterns, adolescents, 16-yr study, New Zealand, 19280
family status vs parenting variables vs peer support vs neighborhood risk, academic performance, 12–14 yr old African American junior high school students, 1 yr followup, 9923
forms & developmental aspects of & motivations for teasing & reactions of victim, 1st vs 3rd vs 6th vs 8th vs 11th graders, 29944
frequency of & name-calling & peer beliefs, 2nd vs 6th graders, implications for school counselors, 33492
friendship quality & self esteem, 7th & 8th graders, 5 mo study, 18579
functional analysis & peer interventions, disruptive classroom behavior, 7–9 yr old males with behavior problems, 33381
generalization & maintenance of social skills training in multiple settings with sighted peers, 8–11 yr old visually impaired females & sighted male & female peers, follow up, 27529
genetic & environmental influences, antisocial behavior & autonomy & social responsibility, adolescents, 3 yr study, 25896
goal achievement vs friendship motivation, peer group entry processes & outcomes, male vs female 10–12 yr olds, Canada, 18634
inclusion of peer social attention in functional assessment & effectiveness of assessment based intervention, rates of inappropriate & on task behavior in classroom, 6 yr old male, 16533
interactions with liked vs not well liked peers, frequency & causes & intensity of anger & related responses & coping behavior, male vs female preschoolers, 6 mo study, 3425
internal reliability of Bullying-Behaviour Scale & Peer-Victimisation Scale & correlation with Self-Perception Profile & Birleson Depression Inventory scores, primary school students, England, 17700
lay beliefs on causes of relational satisfaction among best friends, college students, 981
manuscript peer review & administrative help, publication quantity & quality, authors of journal manuscripts, 13514
meanings of closeness & intimacy in relationships, college students, 996
methods for study of stability of relationships in peer & social network structures, children, implications for socialization processes, 7343
model of effects of protective parent & peer factors on peer alcohol refusal skills based on attachment with parents & association with prosocial peers, families in skills-training program, 16793
model of socioeconomic & familial & peer influences & self processes, efficacy beliefs & academic achievement, 11–14 yr olds, Italy, 5637
mothers' social coaching & responsive style, child's peer competence, 3–6 yr olds & their mothers, 34936
multisystem treatment program, family relations & life skills & school & peer adjustment & delinquency & self esteem, high risk juvenile offenders, 24369
name generator & interpreter method of obtaining friend & pal & peer data, delineation of peer networks in complete network, 14–18 yr olds, Ireland, 25880
need importance & satisfaction & role of relationship with family members & same-sex friends, male vs female 12–17 yr olds from intact families, US vs Turkey, 41716

nonlinear dynamic mathematical model of effect of peer social interaction on individual social & emotional competence, preschool age male children with vs without developmental delays, 38382
optimistic & approach & avoidance strategies, loneliness & peer relationships & social behavior, 16–33 yr olds, Finland, 11653
parent & peer attachment, self image, male vs female 16–18 yr olds, 34940
parent reactions to children's negative emotions, children's social skills & popularity & coping & comforting of infant, 3rd–6th graders & their parents & teachers, 18556
parental & peer influence, development of prototypes of substance use, adolescents (mean age 14.8 yrs), 3 yr study, 41687
parent–child attachment & communication from infancy to middle childhood & later friendship competence, families of children now 20 yrs old, longitudinal study, Germany, 11437
parenting variables & attachment, child's playground peer relations, families with 18 mo olds, 29870
parents' divorce, family & peer relationships & happiness & self esteem & depression & risk taking, adolescents, 15287
patterns & frequency of age & gender mixing, 4–19 yr old students in ungraded democratic school, 22104
peer & friendship factors & body dissatisfaction & weight loss behaviors & disturbed eating, adolescent females, research review, implications for prevention interventions, 31516
peer & individual religiosity & religious involvement & social secular bonds, general vs antiascetic delinquency, 10th–12th graders, scales appended, 4370
peer & parent relations, depression vs psychological adjustment, 6th–12th graders, 25873
peer acceptance & social status of children who like vs dislike them, 4th & 5th graders, 18602
peer group & family relationships & environments, early adolescents, Israel, 7370
peer group overlap, similarity in personality & parental treatment & academic achievement, monozygotic vs dizygotic adolescent twins, test of J. Harris's peer influence theory, 30510
peer influence & favorable attitudes & frequency of drinking, use of fake identification to obtain alcohol, White vs Black college students, application of social learning theory, 26134
peer influences & individual differences in learning & use of literate language, kindergartners in male & female dyads, 34818
peer interaction & collaborative learning, children with ADHD, literature review, 12331
peer interactions & class size & forms of work & seating arrangement, private communication, 7–9 & 10–12 & 13–15 yr olds, Sweden, 17193
peer mediated social skills intervention, frequency of instructional vs social interactions, mild to moderately mentally retarded 3rd graders & their peers, 20664
peer-mediated support learning groups for consultation & professional development, education professionals, 5577
peer relations & loneliness & self perceptions of social competence & ego-involvement in classroom, 14–18 yr old middle school students & their teachers, Norway, test of model, 20627
peer social networks & parental arranging & monitoring of child's social contacts, 48–71 mo old boys with vs without developmental delays or communication disorders & their mothers, 30673
peer victimization & school adjustment, 5–6.7 yr old kindergartners, 2199
peer victimization & school maladjustment, 5–6 yr olds, 13780
perceptions of & friends' & family's & classmates' self reported substance use, own alcohol & tobacco & marijuana use, 8–12 yr olds, 4 yr study, 4340
perceptions of experiences of school work & teacher & peer relations in school adjustment, 2nd born 6.0–7.1 yr olds & their mothers & older siblings, end of school year followup, 33491
perceptions of pecking order of social world & peer influence & friendship groups & smoking behavior, 11-yr-olds & 13-yr-olds, 41723
personality attributes & peer factors & drug usage, young adults assessed from 6–22 yrs old, 42514
perspectives of expected & type of behavior by bystander when witnessing acquaintance stealing vs hitting acquaintance or friend, adolescent felons & misdemeanants, 35861
physical & relational aggression & prosocial behavior, peer rejection & acceptance & reciprocal friendships, male vs female 3rd vs 6th graders, 22132
placement in general vs self contained classrooms, social contact & friendships with & social support from peers without disabilities, elementary school students with severe disabilities, 24668
play activities & teacher predictions & peer social initiations, social interactions, autistic & normal preschoolers, 2239
preferences & social groupings & peer segregation according to sex & academic performance & Ashkenazi vs Sephardi ethnicity, elementary school students, Israel, 20618
presence of equally vs less vs more competent partner & feedback, benefits of collaborative problem solving, 6–9 yr olds, 25790
prevalence of friendship & characteristics of friendship networks, unpopular vs average vs popular 5th & 6th graders, 18566
priming, spontaneous social initiations, 4 yr old males with autism & their nonhandicapped 4–6 yr old peers, 1426
psychometrics of peer treatment measure assessing relation between overt & relational victimization & social acceptance, male vs female 3rd–6th graders, 29861
psychosocial adversities as predictors of persistent disorder, 8–16 yr olds with major depression, 36 mo study, 26451
rating scales for nominations & dimensions of sociometric status, 7–12 yr olds, 28443
relationship between religiosity & peer relations with & education about homosexuals & homophobic & heterosexist attitudes, male vs female social workers, 40293
relationship with parents & peers & other antecedents, timing of 1st sexual intercourse, 18–22 yr olds, 11 yr retrospective study, 41724
resilient peer treatment, social play, socially withdrawn African American 3.8–5.1 yr old victims of physical abuse & neglect, 16568
response to peer aggression & reduced vs persistent victimization, 5–6 yr olds, 35851
responses to peer conflicts involving rights infraction, well vs low accepted 4th & 5th graders, 34915
role of familial vs peer influences in eating attitudes, female 7–11 yr olds, Japan vs US, implications for risk factors for subclinical & clinical eating disorders, 15310
secure attachment with or alienation from parents, interpersonal relational competence, 10th graders, 15321
selective peer affiliation, development of aggressive behavior, high risk 4.1–5.1 yr old African Americans, 37080
self- vs other-directed feedback, perceived social status of self vs peers, aggressive- vs nonaggressive-rejected vs average status 4th graders, 3496
self-esteem & social competence & externalizing behavior, male 7–12 yr olds with difficulties making &/or keeping friends, 7326
self evaluation & videotape feedback, peer interactions, 6th–8th graders with externalizing & internalizing behavior problems, Canada, 13825
self-rejection & earlier drug use & negative social sanctions & disposition to deviance & peer drug use, prediction of drug use, middle school males, longitudinal study, replication, 31343
self-reported quality of relationships with mothers vs teachers vs best friends vs classmates, adaptation to school during transition from elementary to middle school, 7–15 yr olds, 43664
SES & academic & athletic status & perceived peer status, male vs female Asian vs Black vs Hispanic vs White 8th graders, 17199
sex & age & personal network ties with friends & associates & workplace & family & changes in macro-social structure, urban residents, China, replication, 25995

sex & age, peer acceptance & social status & peer nominated social behaviors, 3–10 yr olds in mixed age preschool or elementary school programs, 34928
sex & relational problem with peers, delinquency, male vs female 10th graders, 42566
sex composition of group, level of social interaction & expression of own perspectives, 4–5 yr old girls, 41685
sex differences in quality of peer relations vs comorbidity vs degree of cross-sex-typed behavior in relation to sex disparity in referral rates for gender identity disorder, males vs females, 35501
sex, typical conversations about school experiences & relationships, Hispanic vs Anglo kindergartners & their mothers, 15284
significant identifying characteristics for defining bullies & victims, expert raters, 19286
social adjustment & peer relationships & academic achievement, 9–12 yr old primary & junior high school students, 2 yr followup, China, 29857
social competency training provided to primary peer followed by provision to selected secondary peer, peer type & frequency of social contacts, peers & deaf blind 10–18 yr olds, 19871
social context of drinking & perceived social norms & parental influence, alcohol drinking patterns, 9th–12th graders, 3406
social exemplars, social behavior & group inclusion, autistic 2nd–4th grade special education students, 2232
social factors, smoking transition from experimental smoking to more advanced stages of smoking behavior, 15–22 yr olds, 3 yr study, 38645
social functioning & peer acceptance & self-concept & perceptions of loneliness, learning disabled vs low vs average to high achieving 2nd–4th graders in inclusive classrooms, 17246
social functioning & peer relations & internalizing & externalizing behaviors, African American 4–17 yr olds with sickle cell disease, 4559
social preferences toward peers with special needs, typically developing 3.1–5.8 yr olds, 30690
sociodramatic role play & production & sharing of elements of peer culture contributions to the reproduction of the American class structure, White middle-class vs Black lower-class 3–5 yr olds, 25857
sociometric analysis of subtypes of social withdrawal, kindergartners, 4 yr study, 34914
sociometric status, male vs female 6th grade bullies & their victims, 18615
stability in behavioral inhibition & peer relations & emotional distress & life-course timing, 8–12 yr olds, 12 yr study, 18568
structural organization of small group interactions during collective activity in science class, 4th & 5th graders & their teacher, Canada, 43667
total student body approach to peer mediation training, constructive conflict resolution, 3rd–5th graders, 2172
training in negotiating integrative agreements to own conflict & mediating classmates' conflicts, 2nd–5th graders, 11443
transgressions during peer interaction involving physical vs psychological harm vs property loss vs damage & teacher responses, male vs female 3–6 yr old preschool student victims, 2209
voluntary minority status & local factors & value of education, intra- & intergroup dynamics, 14–15 yr old Chinese American students, 33453

Peer Review [See Peer Evaluation]

Peer Tutoring—Serials

ability, quality & effectiveness of mathematical explanations, high vs medium achieving tutors of learning disabled 2nd–4th graders, 17227
academic engagement & coursework completion & performance, 11–13 yr old peers assisting students with moderate to severe disabilities in general education classroom, 2 mo followup, 33527
across the day peer mediated intervention, social interaction, 3.3–5.1 yr olds with moderate developmental disabilities & typically developing children serving as trained peers, 28068
classwide peer tutoring, CPR performance, physical education majors, 2176
community based peer tutoring, reading age & self esteem & academic self confidence, mainstreamed disabled students assessed at 11 vs 13 yrs old, 9967
helping training, helping behavior & types of explanations during mathematics peer tutoring, 2nd–4th graders with vs without learning disabilities & their teachers, 13811
high- vs low support groups, perceptions & interest in & implementation of classwide peer tutoring practice for including learning disabled students, elementary school teachers, 37122
interactions of dyads with vs without experience in reciprocal peer tutoring program, mathematics achievement & behavioral conduct & social competence, at risk 9.4–12.1 yr old African Americans, 40390
peer mediated social skills intervention, frequency of instructional vs social interactions, mild to moderately mentally retarded 3rd graders & their peers, 20664
peer modeling, play script reports, 3.7–5.1 yr olds with specific language impairment & their normal language development peers in dyads, 27812
peer tutoring, academic achievement & social interaction, 3–5 yr olds with & without disabilities, 43680
peer tutoring, functional money use skills, 14.1–17.7 yr old junior high school students with moderate mental retardation, 43694
peer tutoring program, reading ability, low achievers with vs without reading disabilities vs average achievers in grades 2–6, 26788
reciprocal peer tutoring with group contingency vs traditional vocabulary program, vocabulary quiz performance, 7th & 8th graders, 20553
tutor–tutee intimacy & tutoring conditions & background variables, overall tutor satisfaction, Israeli college students, 28052

Peers—Serials

accuracy & agreement in perceptions of peer targets' cognitive ability & behavior & characteristics & popularity & affect, 1st–6th graders, longitudinal study, 3452
cigarette smoking & age & race & involvement with & smoking attitudes & behaviors of family vs peers, 12–20 yr olds, 29730
classroom curricula on youth suicide, understanding & responding to suicidal peers, 8th graders, 33400
community based peer support groups, teenage pregnancy & mental health, 15–21 yr old Black mothers, South Africa, 20165
comparison with same age peers & own health 1 yr earlier as points of reference for current ratings of health status, 77–98 yr olds, Sweden, 7416
education by male peers & adults about testicular cancer combining curricular & audiovisual materials, knowledge of & anxieties about testicular cancer & self examination, male high school students, 1953
evaluation of peer led safer sex workshops, college students, 32760
guided role play exercise & personal prevention plan to prevent HIV & AIDS, high school & college students, 20542
monetary incentives & peer support groups, prevention of repeat pregnancy, adolescent mothers, 27660
own &/vs peer family poverty & social status, academic achievement, Black & White 10th graders, 37028
peer feedback, writing test revisions, 3rd & 5th & 8th graders, 20591
peer helper program based on role playing, school bus safety, 5th–6th graders, 10008
peer influence, drug use, adolescents, 18541
peer-only vs zoo rearing, social play variability & interactivity & skill, adolescent chimpanzees, implications for speed of sex-role development, 29180
peer sexual health education, young people, 16771
response to peer aggression & reduced vs persistent victimization, 5–6 yr olds, 35851
social cognitions about sibling vs peer expected vs prescribed behavior in role as bystander of aggressive act, male vs female 4th vs 6th vs 8th graders, 15255

stigmatization of peers varying in chronic loneliness, 2nd & 4th & 6th graders, conference presentation, 38405
total student body approach to peer mediation training, constructive conflict resolution, 3rd–5th graders, 2172
videotape of peer & adult modeling tongue protrusion & mouth opening, imitation of facial gestures, 10–14 & 20–25 wk olds, 34777
Pemoline—Serials
efficacy & safety of pemoline, ADHD symptomatology & impairment, 18–46 yr old college students, 19938
pemoline & fenfluramine, craving & depression & relapse prevention, long term abusers of alcohol & cocaine, case reports, letter, 20336
pemoline & tricyclic antidepressants & methylphenidate, young adults & adolescents with ADHD, commentary & reply, 19933
pemoline, ADHD symptoms, male adolescents with conduct & substance use disorders in residential substance use program, 16978
pemoline, darkened urine & intermittent vomiting, 19 yr old female with ADHD, letter, 32468
pemoline dosage, behavior & academic performance, 5–12 yr olds with attention deficit disorder with vs without hyperactivity, reprint, 32492
predictors of nonresponse to pemoline, 18–48 yr olds with ADHD, 43140
Penis—Serials
corrective surgery, coping & psychosocial functioning, 9–38 yr old males with hypospadias vs inguinal hernia, Netherlands, 36623
fantasy of becoming female & schizotypal personality & borderline intellectual function, male 22 yr old who amputated penis by chain saw, case report, 8088
perception of penis size vs appearance & sexual orientation & heterosexual experiences & circumcision & experiences with sexually explicit material & brother & fathers, 18–28 yr old males, 15532
phallus vs internalization of "penis-as-link" as symbolic representation of mental space, adult analysands, 4935
Penis Envy—Serials
sex, penis envy & failure to return pencils after exam, 18–44 yr olds, replication, 42130
Penitentiaries [See Prisons]
Pension Plans (Employee) [See Employee Pension Plans]
Pentobarbital—Serials
arousal manipulation by phentermine vs pentobarbital, choice behavior in probability learning task & payoff manipulated decision processes, 23–64 yr olds, 41539
behavioral vs subjective effects of ethanol vs pentobarbital, sedative drug abuse liability, 29–42 yr olds, 39212
drugs of abuse, behavior under fixed consecutive number schedules, rats, 41523
GABA interacting neurosteroids, decrease of pentobarbital sleep, socially isolated vs group-housed male mice, 11167
multiple FI & FR schedules, pentobarbital discrimination & generalization to amobarbital & diazepam & PCP & d-amphetamine, male pigeons, 614
phentermine vs pentobarbital, information selection & signal probability in multisource monitoring, healthy 18–26 yr old males, 29630
picrotoxin, effects of pentobarbital vs diazepam vs phencyclidine in matching performance, male pigeons & squirrel monkeys, 7108
punishment, discriminative stimulus effects of midazolam & pentobarbital, pigeons, 38166
subjective effects of ethanol vs marijuana vs amphetamine vs pentobarbital vs hydromorphone, psychomotor performance, 27–42 yr old healthy males, 38150
training dose, discrimination of amphetamine pentobarbitone mixture, male rats, 6981
Vietnamese ginseng & majonoside-R2, pentobarbital induced sleep & gastric lesions, psychologically stressed male mice, 6930
Pentothal [See Thiopental]
Pentylenetetrazol—Serials
diazepam vs pentylenetetrazole, anxiety-related behaviors during stress tests, rats from 6 inbred strains, animal model of neurobiological bases of anxiety, 29600
discrimination & cross generalization between chlordiazepoxide or saline or pentylenetetrazol vs olfactory alarm substance stimuli, rats, 6903
nitric oxide synthase inhibitor N-omega-nitro-L-arginine, suppression of tonic or clonic seizures induced by NMDLA vs pentylenetetrazol vs bicuculline vs picrotoxin, male mice, 11145
pentylenetetrazol, kindling & kindling-induced impairment of active avoidance learning, 4 wk–24 mo old male rats, animal model of epilepsy, 41460
pentylenetetrazol kindling, perforant pathway dentate granual cell synapse function, male rats, animal model of convulsant drug vs kindling effects in neuronal plasticity, 7055
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China—Serials
age & sex & self-esteem measured by Self-Description Questionnaire subscales, 10–13 yr olds, China, 38417
analysis of 1989 Chinese student movement's development & outcome, application of game theory, 30014
attitudes toward women & issues in cross cultural research, males vs females, Taiwan vs China, literature review, 22334
classification systems & prevalence & prevention & rehabilitation, individuals with intellectual disability, China, 1990–1995, literature review, conference presentation, 39302
consequences of governmental intervention through family policy with focus on China's population problem & 1 child mandate, implications for Western society, 30149
cultural & social dimensions of koro, southern China, 15892
cultural differences & management characteristics & Confucian philosophy, managers, China vs US, 24741
descriptive & prescriptive beliefs about justice, American (mean age 21.56 yrs) vs Chinese (mean age 20.03 yrs) students, 30090
development of humanistic psychology, 1980 to present, China, 24972
developmental stages of Eriksonian model of psychosocial development, 1st–12th graders, China vs Australia, 3491
differences in & union of government & economic & political systems, China & Hong Kong, 18674
economic changes, trends in behaviors & attitudes toward traditional & governmental ideologies, college students, China, 3567
effect of transition from state socialism & institutional change on access to workplaces & job shift patterns, urban workers, China, 38490
emergence of network capitalism as distinctive institutional form in China's economic system, 18662
environmental & personal risk factors for koro, southern Chinese, China, 26378
epidemiology of mental illness, China, 22713
historical & political structure & Western models of treatment in provision of care, mentally ill individuals & their families, China, 1950s–present, 32840
impact of state institutional system of job assignment on effectiveness of use of strong vs weak personal ties in job search process, job seekers, China, 40526
importance of "guanxi" in achieving business success in Confucian societies, ethnic Chinese executives, 17387
loss of parent & mourning process, 22-yr-old male treatment for 10 yrs, case report, China, 24116
main trends of thought & behavior among the reform generation of young intellectuals in 1980s China, 19–31 yr olds, application of K. Mannheim's generational perspective, 41824
managerial values of power distance & uncertainty avoidance & masculinity & individualism, manager trainees, China vs Hong Kong, erratum, 24738
mental health services in Shanghai, 36695
neuroleptic dosage & smoking prevalence, adults with schizophrenia, China, comparison with Western data, 30951
patient characteristics & prevalence of erotomanic delusions, 14–74 yr olds with schizophrenia, Peoples Republic of China, 31031
people's conciliation & its structure & process & connection to the party & ideology & state & community & social consciousness, China, 17528

physical vs social & cultural symptoms of illness, Chinese psychiatric patients with somatoform disorder, China & Hong Kong & Taiwan, 42701
political & economic changes & past & present & future of early childhood education, Peoples Republic of China, 40335
predisposing & enabling & reinforcing factors, smoking behavior, 25–55 yr old blue-collar & white-collar workers, China, 11642
prevalence of dementia & cognitive impairment, elderly, China, 8610
prevalence of depressive disorders, rural elderly, China, 38996
regional variations & survival factors, neonates & postneonates, China, retrospective survey 1985–1987, 29723
relationship between job level & education & age & type of employer & motivation to manage, female workers, China, comparison with male worker data, 40563
right to education of Compulsory Education Act of 1986, developments in special education, children with disabilities, China, 13817
school attachment & delinquency status, 15–18 yr olds, China, 4386
self-enhancing illusions, 3rd–6th graders (aged 8–17 yrs), China, 34903
self-esteem & self construal, reaction to positive vs negative performance feedback, college students, China vs US, 3884
self presentation bias & continuing motivation for difficult vs easy tasks, 7th vs 11th grade males & females, China, 20626
sex & age & personal network ties with friends & associates & workplace & family & changes in macro-social structure, urban residents, China, replication, 25995
sex, responses on Self Consciousness Scales, college students, China, comparison with Brazilian results, 3941
sexual attitudes & behaviors, 16–63 yr old homosexual males, China, 3699
shift from redistribution to markets, alteration of stratification order & decline in significance of positional power relative to gains of producers & entrepreneurs, China, 7429
socially visible vs private product use & cultural values, advertising appeals, adults, US vs China, 33777
socioeconomic & political upheaval, historical changes in epidemiological patterns of mental illness, China, 38931
sociopolitical factors in higher incidence of anxiety & depressive disorders, rural dwellers, Pakistan & China, commentary, letter, 11899
software packages for computer CRT presentation for backward masking, Mandarin Chinese native speakers, replication, 10255
special education legislative mandates, US vs mainland China vs Taiwan, 37106
special education service issues, preschoolers with disability, People's Republic of China, 13830
status of political psychology, China, 18758
telephone hot lines as communication channel in response to lack of sufficient professional counselors & psychologists, China, 20236
use of guanxi as substitute for formal institutional support, private- vs state owned vs mixed hybrid company executives, China, 24780
use of mediation strategies in community vs family disputes, mediators, China, 30389
vertical vs horizontal dimensions of individualism-collectivism, preference for reward allocation reform, adults, China, 22236
2-character words familiar from oral but not written language, awareness of radical characters & word acquisition, 1st & 3rd & 5th graders, China, 18515
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Angiotensin, Bombesin, Cholecystokinin, Corticotropin Releasing Factor, Endogenous Opiates, Nerve Growth Factor, Neurokinins, Neurotensin, Somatostatin, Substance P]—Serials
activity of dipeptidyl-peptidase IV, patients with major depression vs schizophrenia, implications for role in pathophysiology, 30777
alterations of neuropeptide patterns in brain & CSF, elderly patients with dementia of Alzheimer's type, 27017
amylin dose in lateral brain ventricle, active & passive avoidance behavior & open field activity, male rats, 6956
bestatin, chronic alcohol consumption & food & water intake & weight, genetically selected high alcohol consuming rats, implications for human treatment of alcoholism, 7090
beta-amyloid accumulation in entorhinal & frontal cortex & cerebellum, cognitive function & learning & neurofibrillary tangle formation, aged dogs, animal model of dementia, 18151
bilateral lesions of suprachiasmatic nucleus, nervous activity of sympathetic efferents to adrenal after 2-deoxy-D-glucose & reversal with vasoactive intestinal polypeptide, rats, 21680
c-Fos immunoreactivity as sign of hypothalamic paraventricular & amygdaloid central nuclei interaction in naloxone block of neuropeptide Y-induced feeding, rats, 41506
calcitonin gene related peptide antagonist, modulation of tolerance to spinally infused morphine, rats, implications for pain treatment & antinociceptive effects of morphine, 18318
cholecystokinin & pancreatic polypeptide responses to fat-rich meals, adult females with anorexia nervosa &/vs bulimia, Japan, 35937
CSF biogenic amines & metabolites & substance P & chromogranin A & secretogranin II peptides, neuroleptic-naive 1st-episode schizophrenic patients, 4170
cycloheximide & 8-azaguanine, inhibition of protein synthesis in brain & conditioned taste aversion & enhanced preference, rats, 21702
deposition of b-amyloid peptides in frontoparietal cortex & hippocampal formation, cholinergic degeneration & learning impairment & Alzheimer's type amnesia, mice, 14855
dialysis, urinary peptide patterns, female patient with schizophrenia, letter, case report, 7987
dopamine D1 & D2 receptor agonists & antagonists, effects of dynorphin A-(1-13) on galanin-induced impairment of passive avoidance learning, rats, 38002
dosage level of neuropeptide Y in hypothalamic suprachiasmatic nucleus vs lateral cerebral ventricle, food intake, male rats, 14849
efficacy of serotonin reuptake inhibitors & neurotransmitter & neuropeptide mechanisms, obsessive compulsive disorder symptomatology, 32425
endothelin dosage levels, convulsive effects as indicated by behavioral & physiological & brain metabolic responses, rats, 18277
ethyl ester of N-phenylacetylprolyglycine (GVS-111), active & passive avoidance learning & memory impaired by bilateral frontal lobectomy, male rats, 41502
flumazenil vs isatin, atrial natriuretic peptide & lorazepam induced anxiolytic activity, male rats, 6828
food deprivation & body weight & synthetic glucocorticoid dexamethasone, hypothalamic preproneuropeptide Y & corticotropin releasing factor messenger RNA expression, hamsters vs rats, 7001
galanin & acetylcholine interactions in basal forebrain neurons of nucleus basalis of Meynert/medial septum/diagonal band & learning & memory & Alzheimer's disease, animals & humans, 14828
galanin & M40, delayed non-matching-to-position performance, male rats lesioned with cholinergic immunotoxin 192IgG-saporin, animal model of Alzheimer's disease, 34489
galanin administration in paraventricular vs amygdaloid nucleus, diet selection, male rats, 29618
galanin microinjected within medial preoptic nucleus, lordosis & mount behaviors, estrogen- vs testosterone-primed female rats, 21820
glucagon like peptide-1 amide, regulation of feeding, fasted vs satiated rats, 645
high vs low dose ceruletide, perception & tolerance for ischemic & mechanical & thermal pain, 21–25 yr old males, 21903
icv neuropeptide Y dose with food present vs absent, hyperinsulinemia measured by serum insulin & glucose levels & food & water intake, female rats, 11165

interferon-gamma & neuropeptide Y & beta-endorphin & insulin neuroimmunological model of & gender differences in antisocial vs borderline personality disorder, 42420
melanocortin peptides & corticosterone, habituation of prey-catching behavior, male Bufo cognatus, 25564
membrane bound isoform of tripeptidyl peptidase II & butabindide inhibition, cholecystokinin neuronal inactivation & receptor mediated satiation, rats, 7051
muramyl peptides, stimulation of slow wave sleep & suppression of active sleep, rat pups, conference presentation, erratum, 21823
neuropeptide galanin & scopolamine in medial septum-diagonal band, hippocampal acetylcholine release, male rats, 21913
neuropeptide Y & analogs, electrophysiological brain functioning & auditory processing, awake rats, implications for anxiolytic therapy, 34648
neuropeptide Y in lateral ventricle, meal size & total daily food intake, male baboons, 11205
neuropeptide Y receptor ligands, punished responding behavior in conflict test & modulation by GABAa receptor ligands, male rats, animal model of anxiety, 41439
neuropeptides in learning & memory processes, literature review, 21838
novel neuropeptide Y & its DNA & mRNA from hypothalamus, food intake stimulation through activation of hypothalamic feeding receptor & inhibition of adenylate cyclase, rats, letter, 18158
ORG 2766 & other ACTH/MSH peptides, spontaneous behavioral recovery after CNS injury without recuperation of damaged neurons & role of aging, mammals, animal model, literature review, 7103
pentagastrin administration, sensitivity to panicogenic effects, 18–55 yr olds with generalized social phobia vs panic disorder, 23907
pentagastrin challenge, symptoms of panic attack & apprehension, adults with vs without social phobia, 35680
pentagastrin vs TRH challenge, heart rate & BP & panic attacks, healthy volunteers, commentary on study with panic disorder patients, letter, 6859
pentapeptide YFRKD, 2 step food procuring conditioned reflex during ontogenesis, infant rats, 34702
peptidergic galanin antagonist M40, galanin induced choice accuracy impairment on delayed nonmatching to position working memory task, rats, 10979
phencyclidine dose, concentrations of neuropeptide Y & peptide YY in 14 regions, rat brains, 29604
physiological activity of synthetic structural analogs of endogenous aggressotropic neuropeptides, rats, 21704
plasma neuropeptide Y vs norepinephrine, patients with panic disorder or social phobia, implications for normal sympathetic nerve activity in anxiety disorders, 4214
pretraining with naloxone-HCL or quaternary naloxone-methiodide or selective mu-peptide CTOP, Pavlovian conditioning & extinction & bradycardiac responses, rabbits, 41467
pseudosubstrate inhibitory peptides & postsynaptic Ca2+-dependent protein kinases & calcineurin & phosphatase activities, regulation of synaptic strength in hippocampal slices, rats, 21930
role of neuropeptide Y in long term depression in electrical activity & intracellular calcium levels of neurons, rats, 14886
role of peptide transport system in regulation of methionine enkephalin concentrations in blood & brain, 8 strains of mice, 34518
serum dipeptidyl-peptidase IV activity levels, major vs treatment resistant depressed patients, Belgium, 30880
serum leptin & ob mRNA in adipocytes, mechanisms of neuropeptide Y in regulation of link between food intake control in brain & leptin, obese adults, commentary, 4470
short term pharmacotherapy with delta sleep inducing peptide, 21 yr old female with opioid dependence, case report, letter, 33077
starvation induced alterations of neuropeptide activity & neuroendocrine dysfunction, contribution to hypercortisolemia & amenorrhea & pathological behavior, 4451
synthetic peptide thymopentin analog IRI-514 dose, social stress-induced anxiety modulation in resident–intruder paradigm, male rats, 7000
urocortin, appetite & locomotor behavior & emotionality, food-deprived vs free-feeding rats, implications for effects of stress on appetite, 18341
5-HT receptor agonists administered into paraventricular hypothalamus, neuropeptide Y induced feeding, male rats, 11141

Perception [See Also Auditory Perception, Extrasensory Perception, Form and Shape Perception, Illusions (Perception), Intersensory Processes, Numerosity Perception, Object Recognition, Olfactory Perception, Perceptual Closure, Perceptual Constancy, Perceptual Discrimination, Perceptual Distortion, Perceptual Localization, Perceptual Motor Learning, Perceptual Motor Processes, Perceptual Orientation, Perceptual Style, Risk Perception, Role Perception, Self Perception, Sensory Gating, Social Perception, Somesthetic Perception, Spatial Perception, Subliminal Perception, Taste Perception, Time Perception, Visual Perception]—Serials

ability to detect deceit from demeanor in different types of high-stake lies, adult volunteers & undergraduates, 35269
addition of ability constructs of Enhanced Computer Administered Test to Armed Services Vocational Aptitude Battery, predictive validity, armed forces recruits, 17734
age & IQ, emotion identification, mentally retarded 20–59 yr olds, 8399
attention getting tactics in TV advertising & perceptions of personal & advertiser investments & benefits, inference of audience manipulation, consumers, 14055
behavior of neural substrate network & automatic perception switching, 24913
cigarette nicotine level, sensory effects & smoking satisfaction & desire to smoke & product acceptance, 18–36 yr old male smokers, 7036
cognitive perceptual factors in causal model of health promoting behaviors, 20-64 yr old females, 1954
common coding approach to perception & action planning, conference presentation, 41083
computer simulation on direct perception, basic theories of perception, commentary, 17551
conventions in measurement of intensive magnitudes & implications of psychophysical law, 14492
core defining characteristics of sensory-processing sensitivity & its association with & partial independence from social introversion & emotionality, college students & 18–91 yr olds, 38751
correlation of category membership & magnitude, semantic distance for judgments of object size, undergraduates, 14611
data vs conceptually driven processes in repetition priming of semantic comparisons, 17–27 yr old Air Force recruits, 308
decline in executive control & capacity to process perceptual information as seen in SPECT scan & neurobehavioral tests, enduring psychotic behavior, 67 yr old female, case report, 19193
delusional misidentification & accompanying somatic & perceptual symptoms, 37 yr old male inpatient, case report, 15949
description & validity of Enhanced Computer Administered Test battery, assessment of nonverbal reasoning & spatial ability & psychomotor skill & perceptual speed, 17561
direct perception & kinetic theory & pattern dynamics approaches to problem issues in ecological psychology, 11
direct perception & kinetic theory & pattern dynamics approaches to problem issues in ecological psychology, commentary, 24969
dissociative tendency, dissociation during positive situations, college students, implications for perceptual theory of dissociation, 21468
distinction between sensations & physical properties of objects, 6 vs 9 vs 18–58 yr olds, 29829
E. Bick's theories of skin sensitivity & ego boundaries & containment, 42121
Exemplar-Based Walk Model for perceptual classification, prediction of response times, graduate students, 25271

experiences & issues in use of multimedia materials in courses on sensory processes, 9891
impulsivity, perceptual & response selection stages of information processing, 18–28 yr olds, 28844
influences of central CO2 related chemosensory drive on poststimulatory respiratory phenomena induced by superior laryngeal nerve stimulation, adult cats, 21618
interpretation of ambiguous information as threatening, high anxiety college students, Spain, 21331
interrelationships of perception & action & movement over time, 41666
invitational counseling framework based on self-concept theory & perceptual psychology & invitational theory, implications for school counseling, 28121
lateralization of perception of emotional verbal stimuli, college students, 21609
laughter as result of mix of perceptual & response patterns, 21227
mathematical complexity in generation & perception & encoding of randomness, students, US & Israel, 25253
mediation of imagery processes by neuronal mechanisms used in perception & neural basis of song imagery & auditory perception, adults, 3100
metrical constraints vs perceptual biases vs segmental influence, multisyllable word truncation patterns, 22 vs 28 vs 34 mo olds, 38324
model for perceptual identification of words, adults, implications for implicit memory, 25312
network analysis model of social contagion effects on perception of self & others, corporate executives in organizational intervention during merger, 13970
new client relations, perceived market value of firm, investors, 33769
nonlinguistic & perceptual aspects of cognitive processing of metaphor & other figurative language, literature review, 11269
object perception & recognition model for scientific study of consciousness, 34312
parallel & serial exhaustive processing as mental architecture in perception & cognition & violation of race model inequality, 34245
parental attitudes & perceptions toward children's use of transitional objects, parents of 1–14 yr olds, 38412
perceived power & gender harassment, resistance to military women, male vs female active army soldiers, erratum, 40650
perceived power & gender harassment, resistance to military women, male vs female active army soldiers, 33728
perception as established relation between person & world, concept of "intentional arc" in work of M. Merleau-Ponty, implications for psychological phenomenology of perception, 18385
perception of emotional stimuli & memory, 56–77 yr olds with amnesia, 23411
perception of infants as intentional & relations among perception of intentionality & background variables & emotional adjustment & interactive style, 23–41 yr old mothers & 4 & 8 mo old infants, 21226
perception of locomotion in cross-walk situations, street crossing behavior, pedestrians, 18435
perceptual vs explit conditions of conservation task, 5–8 yr olds from working vs middle class, Brazil, 29820
personal narrative account of language development & cognitive & sensory experience of consciousness, H. Keller, implications for cognitive psychology, 25166
physiognomic perception of & object relations toward kanji symbols, female 22 yr old with autism, Japan, case report, 12324
physiognomic perception of & object relations toward kanji symbols, female 22 yr old with autism, Japan, case report, erratum, 26758
prestart state, anxiety & cortex activation as indicated by perception capacity & flicker fusion threshold & attention task performance, 16–18 yr old male rowers, 18519
research issues in sensory-perceptual abnormalities in autism, 35886
role of implicit learning in conscious precepts & representations, 25311
selecting all vs the most important problems & belief structure & work experience, managerial selective perception & imperception, college students, 40562
semantic & structural & connotative properties & involvement, responses to living rooms & dining rooms inhabited by others, male vs female college students, 24892
sensory motifs in flow states as part of search for life purpose & use in clinical interventions, adults, 12779
speed of different senses & nerve transmission, translation of 1862 article by A. Hirsch, 25484
stability-instability & contingency as orthogonal dimensions underlying individuals' implicit theory of perceived control, undergraduates, 22522
state of & problems in ecological psychology, direct perception & kinetic theory & pattern dynamics approaches, commentary, 10
state of & problems in ecological psychology, direct perception & kinetic theory & pattern dynamics approaches, commentary, 18
stepwise selection of common battery of predictor tests from Armed Services Vocational Aptitude Battery & Enhanced Computer-Administered Test battery, maximum mean validity, armed services schools, 17578
structure & development of Illness Perception Questionnaire, patients with diabetes or arthritis or renal diseases or asthma or chronic fatigue or pain or myocardial infarction, UK & New Zealand, test appended, 2639
test battery performance parameters for potential test batteries from Enhanced Computer Administered Test battery & Armed Services Vocational Aptitude Battery, trainees in Army or Air Force or Navy, 17733
test retest relibility & practice effects of Enhanced Computer Administered Test battery, assessment of working memory & psychomotor ability & spatial perception, high school & junior college students, 17570
themes in imagery & sensory feelings, military nurses serving from WWII through Operation Desert Storm, application of hermeneutic phenomenology method, treatment implications, 24817
theoretical perspectives on perception & learning in evolution, 436
trajectory & acceleration & experience, perception of speed, 25–45 yr old male vs female drivers, 17488
unilateral vs bilateral stimulus presentation of global vs local letters, hierarchical perception, patients with complete commissurotomy, 19665
use of feature abstraction method to teach robots abstract concepts from sensory & perceptual data, 5863
use of multiple cue integration paradigm to test ability of fuzzy logical model of perception to account for direct & indirect retrieval performance across study & test conditions, college students, 18005
visual spatial attention, behavioral & electrophysiological differences between stimuli at expected & unexpected locations, 24–36 yr olds, 34298

Perceptual Aftereffect [See Also Afterimage]—Serials

aftereffects & reminiscence, response imagery, young adults, 28712
disparity tuning of stereoscopic motion aftereffect, adults, 2778
luminance contrast of adaptation &/vs test stimuli, magnitude of static vs flicker motion aftereffects, Os, 41033
mismatch of expansion rate of simulated object size & of texture element size, estimation of time to collision, adults, 21295
random pixel array moving horizontally to right vs left followed by dynamic vs static visual noise, motion aftereffect duration, Os, 216
response execution, perception of response-compatible stimuli, young adults, Germany, 28762
rotation aftereffect & speed & preferred direction of mental rotation, 18–31 yr olds, Germany, 28855
single bar vs geometric form vs same color grid induction, contingent color aftereffects, college students, Canada, implications for associative interpretations, 21240

spatial frequency & equidetectability of 3-element target, adaptational aftereffect to spatial offset of middle element to opposite direction of alignment & detection thresholds, adults, 2771
square wave luminance gratings with random dot array over high luminance regions, perceived direction of oblique textured gratings & subsequent motion aftereffects, Os, 2764
velocity of visual target movement & prism displacement, reaching adaptation, 20–33 yr old males, 34188
visual learning in texture perception & simple & contingent texture density aftereffects, college students & staff, 10625

Perceptual Closure—Serials
absolute & relative gap size, visual search for closure, college students, 41031
eye movements vs perceptual completion, identification of images as half vs whole objects, 59 yr old male stroke patient with object-based neglect without hemianopia, 16390
filter contrast manipulations, amount of perceptual compensation for spectral envelope distortion & variation of phoneme boundary shifts & vowel continuum shifts, Ss, 25232
musical underscoring, perception of closure in filmed events, 16+ yr olds & adults, Canada, 10709

Perceptual Constancy [See Also Brightness Constancy, Color Constancy]—Serials
functionally dissociable systems concerned with perceptual control & guidance of actions & perception & recognition of objects & events, infants, literature review, 15203
nature of object file contents & role in continuity of visual perception in priming studies, college students, 10627
space constancy following passive locomotion along route with left or right turns, blindfolded 42–83 yr olds with right hemisphere brain damage & left neglect, 39484
viewpoint dependent vs independent neuropsychological accounts of constancy in object recognition, 29379

Perceptual Development [See Also Perceptual Motor Development]—Serials
adult-like formation of perceptually based categorical representations & underlying organizational structure of animal pictures vs artifacts involving novel categories & exemplars, 4 mo olds, 7209
age & perceptually minimal difference examples, liquid quantity equality-inequality relationship understanding, K–4th graders, 15201
age, judgments of influence of causal & noncausal variables on behavior of balance scales & other levers, 5–12 yr olds, Canada, 11326
capacity to process auditory & visual & cross modal inputs, newborn & young infants, research review, reprint, 29792
complete vs interrupted visual events, perceptual completion abilities, 5.5 vs 6 vs 7 vs 8 mo olds, 3354
complex scenes vs simple colors, associative & perceptual learning, adult male Rhesus monkeys, 29055
confirmatory factor structure analysis of WISC-R for Verbal Comprehension & Perceptual Organization & Freedom from Distractibility, 6.8–14.6 yr old Whites & Mexican Americans & African Americans, 14249
critique of Vygotsky's views on development of perception, 41665
cue–target time interval, speed & direction of orienting, 2 vs 4 vs 6 mo olds, 7243
development of recognition of higher-order perceptual relational commonalities in patterns, 4 vs 6 vs 8 yr olds, test of relational shift & progressive alignment hypotheses, 25759
development of spatial analysis of hierarchical letter patterns & geometric forms, 4 vs 6 yr olds, 7226
development of visual fixation & habituation, new borns, 2 vs 4 vs 6 mo followup, 15225
development of vowel perception from brief synthetic consonant vowel syllables as function of systematic variations in dynamic properties, 5 vs 6 vs 7 vs 9 vs 11 vs 21–25 yr olds, 18501
developmental changes & use of attentional & visual cues in perception of object unity, prelingual infants, 34803
developmental factors in ability to focus on & reproduce visual projection of objects, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 38333
foreshortening of line length & angle size in cube drawings, 9–15 yr olds vs adults, 3377
functionally dissociable systems concerned with perceptual control & guidance of actions & perception & recognition of objects & events, infants, literature review, 15203
habituation, preferences for novel visual stimuli, 0–4 mo olds, 1 vs 2 vs 3 vs 4 mo followup, 15251
knowledge of appearance-reality distinction & of display rules in emotion, 3–5 yr olds, 38304
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7218
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, 7233
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7217
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7231
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7215
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7212
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary reply, 7234
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7287
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7264
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7280
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7257
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7248
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7241
models of acquisition of procedural & conceptual competence in counting development & relation to language development, children, commentary, 7235
odor specific knowledge & olfactory sensitivity, identification of odors, 8–14 yr olds vs young vs middle aged adults, 3351
passive exposure to visual information, learning & memory of stimuli, 6-mo-olds, 41634
pattern modulation & band temporal asynchrony effects on auditory grouping, comodulation masking release, 5–11 yr olds vs 23–43 yr olds with normal hearing, 41643
perception of object unity, chicks, implications for human neonate object perception, 21480
perceptual & motor & central processes of perceptual & associative learning in filial imprinting, chicks, research review, 6540
picture interpretation & developmental trajectories in interpretation strategies, school age children, South Africa vs England, implications for literacy development, 7251
presence of models, drawings of human figures standing facing front vs in profile vs running in profile, 5 vs 7 vs 9 yr olds, 7221
pure tone signals, auditory sensitivity thresholds in terms of EPs in field L of caudal neostriatum & time course of auditory sensitivity & development of vision, 6–11 day old flycatchers, translation, 29402

repetition priming of novel vs precategorized auditory stimuli, ERPs, 5–7 vs 9–11 vs 14–16 vs 22–28 yr olds, 7222
signal & masker bandwidth, masking level difference, 5–10 vs 23–45 yr olds with normal hearing, 41642
spectral overlap & variability in signals & age, integration of auditory information as seen in discrimination performance, 4.1–7.5 yr olds, 21992
time & contentment calls vs distress calls, postnatal responsiveness to maternal auditory & visual cues, bobwhite quail embryos, 10882
TV viewing, decoding of emotionally expressive nonverbal behavior, 2nd–6th graders, 11343
understanding of others' biased interpretation of ambiguous visual information, 4 vs 5 vs 6 vs 7 yr olds, 3378
unilateral vs bilateral presentation, simultaneous attention & interhemispheric integration across visual hemifields, 20 vs 24 vs 26 mo olds, 22026
vantage point & plan vs oblique type, geometric & representational correspondence in understanding of maps, 4–5 yr olds vs adults (mean age 38 yrs), 25761
visual display configuration & spatial proximity, object counting, 7 & 8 yr olds, England, 3387
word frequency & phonological similarity relations, development of word recognition, 7–11 yr olds & adults, 22029
2-test habituation design & regression analysis of event set by event set factorial multitest design in interpretation of perceptual processing, 5–6 mo olds, 29767

Perceptual Discrimination [See Also Auditory Acuity, Auditory Discrimination, Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]—Serials

ability to discriminate between & lasting representations of conspecifics & transfer of learning to unknown conspecifics, male Wistar rats, 34362
ability to discriminate between familiar & unfamiliar conspecifics, female guppies, 34363
accent phonemes & acoustics & perceptual ability, Spanish vs French adults, 28790
accurate discrimination in visual vs tactile vs auditory spatial separation, college students, test of Korte's time–distance constraint, 37610
adaptation & stochastic fluctuations, spontaneous perceptual changes in perceived motion for bistable stimuli, adults, 28756
age & inhibition & perceptual speed & susceptiblity to interference & memory, 20–90 yr olds, 29779
age & perceptually minimal difference examples, liquid quantity equality-inequality relationship understanding, K–4th graders, 15201
aptitudes for semantic identification & asemantic recognition & sound discrimination, nonverbal auditory recognition, 20–75 yr olds with brain damage, 12598
attentional processes in perceptual organization by element clustering vs shape formation, college students, 28726
autonomic discrimination & recognition of words, 20-53 yr old amnesics, 26967
base vs comparison stimulus duration & amplitude & interval, discrimination of mechanical sinusoids, male monkeys, 41186
cerebellum activation during sensory discrimination through fingers, 30–44 yr olds, 11030
conceptual & perceptual processes, generation effect in implicit memory in word-stem completion, college students, France, 17996
differentiation of drawings by 2nd graders vs adults with preferred vs nonpreferred hand, 7 yr olds vs college students, 34786
discrimination accuracy & decision biases in reality monitoring, schizophrenic patients, 26488
discrimination learning, perceived similarity of same vs different stimulus pairs, college students, test of contrast theory, 14648
discrimination of speed & displacement in cyclopean motion, 22–28 yr olds, 37611
displacement of instrument on skin & voluntary movement, test–retest reliability of 2-point discrimination thresholds, 6–13 yr olds, Canada, 11368
grip force & rough vs smooth surface texture, discrimination of hand-held load heaviness, 18–50 yr olds, England, 21231
individual differences in discriminative capacities for vibrotactile spatiotemporal patterns, 18–33 yr olds & 22–25 yr old Navy or Marine student pilots, 41006
lateralization of perception of age & attractiveness & gender & lip-reading & expression of chimeric faces, adults (mean age 20.7 yrs), 29250
modes of uncertainty in judgment & computational model of confidence in sensory discrimination, adults, Sweden, 25172
object pose, psychophysical determination of image correspondence in perception of photographs of 3-D objects, Os, 41025
perception of sex & identity of speaker in sine-wave utterance replicas, listeners, 41040
perceptual asymmetries in performance & touch times during discrimination of objects by active touch, baboons, France, 37977
postsaccadic target blanking, saccadic suppression of image displacement, 21–32 yr olds, 2767
range of amplitudes & frequencies, contours of equal perceived frequency & perceived amplitude of electrocutaneous stimuli, 19–44 yr olds, 28727
sensory vs post-sensory theories of inspection time as measures of sensory processing speed, adults, psychophysical implications, 6218
similar vs dissimilar perceptual structures, object decision & naming tasks, adults, 21349
sustained input to directionally selective motion sensors, directional-motion discrimination, adults with corrected to normal vision, 28733
training interventions supporting perceptual decision making, performance acquisition in time-pressured & complex dynamic tasks, college students, 253
visual cortical processing of orientation discrimination & identification & speed discrimination, 20–30 yr olds, 6657

Perceptual Distortion [See Also Spatial Distortion]—Serials

experimental strabismus induced diplopia during infancy, development of stereoblindness, monkeys, 6415
filter contrast manipulations, amount of perceptual compensation for spectral envelope distortion & variation of phoneme boundary shifts & vowel continuum shifts, Ss, 25232
interpersonal & cognitive-perceptual deficits, time spent per week in exercise or active recreation & in reading & watching TV & other activities, adults, 20838
participant observation & videotape recordings of laughter & perspective on distorting mirror funhouse, families visiting amusement park, France, 15631

Perceptual Disturbances [See Also Agnosia, Hallucinations]—Serials

assessment of olfactory experiences of psychotic-like deviancy, prediction of development of clinical psychosis or psychosis proneness, college students, 10 yr followup, 12046
delusional misidentification syndrome of illusion of Fregoli, 38-yr-old female with mania, case report, 4168
demographic characteristics & clinical diagnoses & nature of other psychopathology & structure of delusional misidentification, patients with delusional misidentification syndromes, 4176
exacerbation of LSD-like panic & visual symptoms induced by risperidone, patients with hallucinogen persisting perception disorder who had used LSD 4–22 yrs earlier, case reports, 1797
focus on threat & loss of perceptual background, dissociative reactions & disorder symptoms during traumatic event, application of perceptual theory & implications for identity & memory & emotions, 1190
focus on threat & loss of perceptual background, dissociative reactions & disorder symptoms during traumatic event, application of perceptual theory, commentary, 1189
morphological bases & assessment of visuoperceptual disturbance, 6–13 yr olds with spastic diplegia, 12628

prevalence & factor analysis of motor & language & perceptual & memory impairments, 23–80 yr old survivors of subarachnoid hemorrhage, 23432
visual stimuli naming deficit, example of similarity between associative agnosia & optic aphasia, 67 yr old brain surgery patient, 26964
Perceptual Fill [See Perceptual Closure]
Perceptual Localization [See Also Auditory Localization] —Serials
age & heart rate variability & attention to focal stimulus, peripheral stimulus localization, 3–6 mo olds, 29818
amount of attention allocated to location of visual stimulus pairs, perception of simultaneity, college students & faculty, 28737
attention to & distance from bodily location & time to discriminate presence or absence of tactile stimulus, adults, France & US, 28722
aural vs visual vs no search aid, location & identification of visual target, 22–33 yr olds, 21281
binding errors & deficits in conjunction visual search predicted by feature integration theory & spatial localization & object individuation & selective attention, adult male with Balint's syndrome, 39548
callosal transfer of finger localization information, 18–40 yr olds with phonological dyslexia, 16207
conspicuous landmark use in visual tracking, juvenile Atlantic salmon, 333
constant start-goal position & elimination of allocentric orientation, acquisition retention of spatial memory in egocentric place navigation tasks, male rats, 29065
contrast & blur space constants, perceived location of static blurred edge, adults, 6222
duration & order of array of exposure & locations & spatial predictability of familiar items, novel popout, young adults, implications for theories of attention, 28991
expected vs unexpected location, RT in hold vs shift of attention, 41–63 yr olds with Huntington's disease vs Tourette's syndrome, 1574
full-cue vs reduced-cue viewing conditions, visual perception of location & distance, Os, 202
generation of spatial code to specify selection of right vs left response, attentional shifts from initial fixation point to stimulus location, college students, replication, 28993
invisible displacement of stimulus target, internal representation & prediction of target movement, male rhesus monkeys & humans, 6418
lateral strike movements in predatory behavior on horizontal plane, free ranging female praying mantises sphodromantis lineola, 14946
linear spatial frequency & disparity tuned filters of correlated vs uncorrelated band pass 1 dimensional noise pairs & orientation of stimulus envelope, stereopsis & localization, Os, 218
location precuing, target identification accuracy & attention to nontarget characters in multiple character field, 14–36 yr olds, 14502
manipulation of egocentric vs allocentric spatial information, spatial encoding & ability to locate hidden object, adult cats, 348
number of possible locations & signal contrast, locating disk-shaped signal in structured background, adults, application of signal detection theory with assumed Gaussian response, 28747
orientation of stimulus & response arrays along parallel vs orthogonal axes, 4-choice RT task performance, college students, 41051
predatory strike & lunge behavior in midsagittal plane, female praying mantises sphodromantis lineola, implications for species differences, 14782
presence of models, drawings of human figures standing facing front vs in profile vs running in profile, 5 vs 7 vs 9 yr olds, 7221
representation & processing of visual location information, female patient with developmental vision localization impairment, 4727
role of color & shape in perceived location of illusory conjuctions prior to location of visual objects, college students, 14520
somatosensory transduction & morphology of mystacial vibrissae, object detection & discrimination & spatial perception, blind female & male albino rats, 25456
spatial & cue navigational abilities in water maze tasks, male rats with fimbria/fornix vs caudate putamen lesions, 25462
varying availability of egocentric distance cues in viewing targets, control of action, 20–31 yr olds, 28723
visual localization of 3 dimensional image in different spatial positions, 30–50 yr olds, 21290
Perceptual Measures [See Also Stroop Color Word Test] —Serials
concurrent validity & classification capability of the Perceptual Memory Task, 17–59 yr old former vocational evaluation clients with vs without drivers license, 28484
general vs perceptual performance vs verbal IQ scores & diagnosed psychopathology, 2–5 yr olds & mothers, 22704
putrid odorants androstenone & pemenone & semantic-free classification & multidimensional scaling of individual differences in odor quality reports, osmic vs allosmic vs anosmic college students, 6215
Stroop interference task involving sadness- vs nonsadness-laden words, cingulate activation, mood-disordered adults (mean age 36.6 yrs), implications for abnormal limbic system activity in depression, 19153
validity generalization for cognitive & psychomotor & perceptual test for utility industry craft jobs, erratum, 6120
Perceptual Motor Coordination [See Also Physical Dexterity] —Serials
acquisition of tactile Hiragana character recognition & bimanual motor coordinated tracing, 43–83 yr olds with probable Alzheimer's disease, Japan, 8605
age-related changes in interlimb & spatiotemporal coupling, development of asymmetrical bimanual coordination, 6 mo olds, longitudinal study, 41639
alcohol intoxication vs fatigue, cognitive psychomotor performance, adults, 38090
anatomical differences in motor systems, forelimb movements in prey catching & reaching, rats vs opossums, 6634
betel nut chewing, visual choice RT & digit span & eye-hand coordination & pulse rate & BP, 23–42 yr old male operators of earth movers, Papua New Guinea, 11228
bilateral lesion of nucleus accumbens, visuomotor attention & speed & accuracy, male cats, 6651
binocular vision & visuomotor behavior, frogs with intact vs unilateral regeneration of optic nerve, 25466
conceptual distinction between body image & schema & limitations on motor control, male with loss of sense of touch & proprioception from neck down, case report, 16242
conceptual interpretations & memory & motor processes in music performance, literature review, 28821
contributions of physical & sensorimotor development to manipulation, tufted capuchins aged from birth to 2 yrs, 34486
coordination dynamics of bat & ball skill, college students, implications for systematic model, 14579
dynamical scaling analysis of skill of rhythmic juggling of ball on racket, adults, 10680
egocentric vs allocentric constraints, bimanual & homologous vs homolateral vs heterolateral 2-limb coordination, college students, Belgium, 37690
ethanol, developmental differences in sedative effects as indicated by righting reflex recovery & locomotor activity & pharmacokinetics, male 20 vs 30 vs 60 day old rats, 25590
fast vs slow floor to knuckle vs knuckle to shoulder lift range, maximum acceptable weight of lift & moment about the lumbar spine, college students, 41046
functionally dissociable systems concerned with perceptual control & guidance of actions & perception & recognition of objects & events, infants, literature review, 15203
hand preference & performance variability, intensity of mirror movement, left vs right handed college students, 21318
handedness & motor directionality & performance parameters of directionality in perceptual & motor tasks, 2nd graders, Czechoslovakia, 11402
handedness & visual attentional cues, interlimb asynchrony during bimanual drawing, college students, Belgium, 11015

hormone levels of estradiol & progesterone & neurosteroid allopregnanolone & acute doses of benzodiazepine triazolam, mood & psychomotor performance, 18–35 yr old females across menstrual cycle, 25566
imagery of successful vs unsuccessful task completion, eye hand coordination task of basketball foul shots, novice high school vs coaching academy students, Israel, 2337
imitation of vs performance in response to verbal command of meaningful vs meaningless gestures, 64 & 79 yr old males with visuo-imitative apraxia, 23402
intention to reach toward center of rod or place coin on lid vs pointing to center, unilateral neglect, 44–77 yr old patients with cerebral infarct, 16369
multidirectional inertial perturbation, accuracy & kinematics of fast pointing movements, college students, 225
normal aging, selective attention in reaching task, young vs older adults with vs without Alzheimer's disease, 31881
preferred coordination modes during multifrequency coordination & acquisition of new coordination pattern, 18–36 yr olds, Belgium, 37689
presentation of binocular vs monocular gazepoint probe flashes, perisaccadic visual mislocalizations, adults, 21270
prior posture & target location & contribution of joints & anticipation, repetitive sagittal plane reaches at low vs high speeds, 20–29 yr old males, test of knowledge model of movement, 25236
spatial trajectory complexity & temporal synchrony demands, performance in bimanual movement tasks, callosotomized male 40 yr old, 4665
straight vs curved trajectory in multijoint arm movements, 20–28 yr olds, 28820
task & organismic constraints on coordination system, joint freezing & postural contributions to performing prehension task combining reach & grasp skills, 23–28 yr olds, 10682
task requirements & optimal biomechanical performance, impulse to collide with obstacle & force related control in choice of aiming fingertip to tap against obstacle, college students, 28826
utility of Kinaesthetic Sensitivity Test, measurement of passive vs active kinesthetic acuity & perception & memory & performance IQ, clumsy vs normal 8–12.9 yr olds, Australia, 36
visible vs nonvisible starting limb location, pointing to target with continuous vs more discrete sagittal movements during exposure to prismatic displacement, college students, 34192
vision with vs without feedback in sensorimotor integration, skilled aiming movement, 6–12 vs 23–45 yr olds, Canada, 11338
visual control of hand approach movements, 3–5 day olds, France, 7228
visuomotor generalization in 2-dimensional workspace after remapping at 1 vs 2 visuomotor neuron pairs, 17–46 yr olds, 29288

Perceptual Motor Development—Serials

age & availability of target & performing hand visual information, picking up & carrying beads, 6 yr olds, 2 yr study, 34821
age of treatment onset, development of fine & gross motor skills & language & social self-help, 0–7 mo olds with Down's syndrome, longitudinal study, 12727
age-related changes in interlimb & spatiotemporal coupling, development of asymmetrical bimanual coordination, 6 mo olds, longitudinal study, 41639
auditory EP P50 amplitude, auditory sensory gating development & phenotype, 10–14 vs 15–19 vs 20–39 yr olds including monozygotic vs dizygotic adolescent twins, implications for schizophrenia, 15183
conceptual & production errors on gesture tasks, children (aged 9–10.4 yrs) vs adults (aged 18–28 yrs) with dyspraxia vs adults (aged 60–75.1 yrs) with apraxia, 31861
contributions of physical & sensorimotor development to manipulation, tufted capuchins aged from birth to 2 yrs, 34486
early rearing by mother vs human hand, development of manipulation processes & behavioral states, 5–8 wk old squirrel & capuchin monkeys near end of pre-locomotor development, 10828
factor structure of the revised Sensory Profile, 3–10 yr olds without disabilities, comparison with children with disabilities, 37389
institutionalization, sensory processing & related behaviors, 3–10 yr old Romanian orphans adopted by American families, implications for occupational therapy, 38311
intelligence & memory & visuomotor & language development, very-low-birthweight 6 yr olds, followup study, Germany, 3355
interrelationships of perception & action & movement over time, 41666
laterality & directional preferences, rotational behaviors, 3–5 yr olds, 38312
parity & prenatal effects, motor & sensorial development & body weight, fostered mice pups from 2nd vs 3rd litters, 21602
physical layout & environmental perceptual appearance, motor behavior & perceptual judgments, 12–30 mo olds, 18513
relationships between behavioral items of the revised Sensory Profile & sensory modulation, 3–10 yr olds without disabilities, comparison with children with disabilities, commentary, 37378
relative & absolute coordination predictions, evaluation of coupled oscillator dynamics model of clapping patterns, 3 vs 4 vs 5 vs 7 yr olds, 25747
sensorimotor deficiencies, social & emotional development in early childhood, children, 26865
spatial ability & visual-motor integration during object-drawing tasks, 9–10 yr olds with Williams syndrome, 23148
spatial strategy for & accuracy of construction of simple & complex block models, 3.8–6.2 yr olds with left vs right hemisphere damage, 36150
use of actifier in neurophysiological study of orofacial control, infants & neonates, 738
vision with vs without feedback in sensorimotor integration, skilled aiming movement, 6–12 vs 23–45 yr olds, Canada, 11338

Perceptual Motor Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]—Serials

added-purpose & meaningful occupation, motor learning, 21–27 yr old college students, 38317
augmented feedback focusing attention on minimum set of movement details presented in virtual environment vs coaching vs practice, learning & performance of table tennis multijoint movement, students, 37237
bilateral aspiration lesions of amygdala & subjacent cortex vs hippocampus & subjacent cortex, learning of series of visuomotor conditional associations, male Rhesus monkeys, animal model of learning, 14862
brian & location of the mind, 41155
carbacholine in cholinergic system of neostriatum, learned extension of forelimb & conditioned reflex flexion of hind limb & active avoidance in T-maze, dogs vs rats, translated article, 11006
concurrent & delayed & combination imitation patterns & modeling, immediate & long-term recall of 26 handshapes of American manual alphabet, college-aged males & females, 28981
contextual interference vs schema enhancement related to amount of variability in practice session, benefits in multiple motor task learning, college students, 10676
functionally dissociable systems concerned with perceptual control & guidance of actions & perception & recognition of objects & events, infants, literature review, 15203
goal setting & self monitoring during self regulated practice, acquisition of dart throwing skill, 14–16 yr old females, 22059
inability to perform 1 or more motor tasks, ability to learn & complete other motor tasks, patients with probable Alzheimer's disease, 23489
induced anxiety, complex motor sequence learning, adults, 30515
issues in acquisition of perceptual & motor skills as memory system in adult human cortex, 28863
motor skill learning, dendritic morphology of stellate local circuit neurons, rats, 34550

music & movement learning connection in early childhood, application to music education, 20576
neural activity of Purkinje cells in the floccular complex driving plasticity during cerebellum-dependent learning in vestibular-ocular reflex, male monkeys, 37993
neural analysis of induced learning in smooth pursuit eye movements, rhesus monkeys, 18165
neural network model of opponent cerebellar learning & cortico-spino-cerebellar dynamics in arm movement control, 40721
novelty of foveal instruction stimulus, preferred directions of supplementary eye field neurons during conditioned visuomotor learning, monkeys, 6609
numerosity judgments as measure of learning required for automatic performance, college students, 37776
prazosin & yohimbine & propranolol induced norepinephrine depletion, learning vs performance of novel motor task, male rats, 29555
prepractice, automatic attention response development to perceptual skill, 19–29 vs 65–80 yr olds, 25748
response-to-stimulus interval length & consistency, implicit motor sequence learning & performance, college students, attentional load implications, 41097
role of cerebellar cortex in development of sensorimotor learning & premotor network, 37779
role of striatum & cerebellum & frontal lobes in implicit learning of visuomotor sequence, patients with Parkinson's disease vs cerebellar vs frontal lobe lesions, 39499
rotary pursuit & mirror tracing skill learning & relation to dissociable memory systems, patients with Huntington's disease, 23257
sensorimotor skill learning, 19–82 yr olds with amnesia due to mesial temporal &/or basal forebrain damage, 1628
stress & articulatory suppression, performance of motor skill acquired under explicit vs implicit learning conditions, adults, Wales, 17876
stuttering frequency & motor learning following adaptation procedure to oral readings vs unison readings of word passages, adult male stutterers, replication, 23225
test anxiety & intelligence & failure stress, motor-perceptual learning, male children, 29828
unilateral vestibular destruction, compensation of righting response over time, mutant mice deficient in delta 2 protein of ionotropic glutamate receptors, 14806
validity of cerebellar motor learning hypothesis & view of long term Purkinje cell activity depression as mechanism behind cerebellar motor learning, 37981
variable vs constant practice, implicit motor learning in continuous pursuit tracking, adults, Germany, 37849
varied relative frequency of knowledge, acquistion vs retention of motor skill learning, college students, 1 yr followup study, 41166
verbal vs S-performed tasks under focal vs divided attention, encoding of item-specific vs relational information & recall, college students, Germany, experimental replication, 21408
visual search & visual motor perception & skill, healthy school age children born at 27–32 wks gestation, 22008

Perceptual Motor Measures [See Sensorimotor Measures]

Perceptual Motor Processes [See Also Perceptual Motor Coordination, Sensory Integration, Tracking]—Serials

accuracy demands imposed by size of subtended angle, movement pathway in target striking tasks & RT & movement times, adults, 10681
action-effect encoding of irrelevant conditioned response-contingent auditory features, adults, 14599
active high frequency head rotation, dynamic visual performance, 19–43 yr old US Army flight students or aviators, implications for testing for vestibular function, 21768
active vs passive control of aircraft, opto-kinetic cervical neck reflex, military pilots, 34193
age & availability of target & performing hand visual information, picking up & carrying beads, 6 yr olds, 2 yr study, 34821
age & conditioned reflex to complex signal before vs after lesion of sensorimotor region of cortex, 1.5–10 mo old kittens, 29383
age, current & cumulative biomarkers of lead dose & verbal memory & visuomotor ability, 24–64 yr old lead smelter workers, Canada, 40632
age, production of errors at intellectual vs sensorimotor vs flexible action pattern levels of regulation within computer-based work, 19–60 yr old office workers, Germany, 28177
alcohol, selective & sustained attention & memory & mood & psychomotor performance, adults with vs without upper respiratory tract illness, 15093
allozyme-level analysis of genetic correlates of geotaxis, drosophila melanogaster hybrids, 3037
amount & timing of visibility of hand, optimization of directional accuracy in aiming movements, college students, 17879
amount of visual information & object size, time & speed in reaching & grasping, college students, 17873
amphetamine & associative pairing of contextual stimuli, context-specific expression of psychomotor sensitization, male rats, 14999
anatomically structured sensory-motor sequence learning system & general linguistic capacities, 41561
anti-emetic drugs granisetron vs ondansetron, cognitive & psychomotor performance, 19–31 yr old active military personnel, 34638
anxiety & sensorimotor & cognitive responses during hydrogen-oxygen dive & long-term confinement in pressure chamber, 28–33 yr old male divers, France, 41002
attitudinal flexibility vs psychomotor speed vs motor-cognitive rigidity, prediction of self vs other oriented vs socially prescribed perfectionism, college students, 18959
auditory stimulation & single unit neurophysiological methods, spatially selective auditory responses of neurons in superior colliculus, echolocating big brown bats, 29380
automatisms & preserved responsiveness to verbal commands in psychomotor seizures, patients with temporal lobe epilepsy, commentary, 8643
automatisms & preserved responsiveness to verbal commands in psychomotor seizures, patients with temporal lobe epilepsy, commentary reply, 8586
benzodiazepine receptor agonist ZK-93426, effects of scopolamine on information processing & memory & psychomotor skills, adults, 6874
bilateral lesion of nucleus accumbens, visuomotor attention & speed & accuracy, male cats, 6651
calculation of time to impact vs detection of looming stimulus of approaching ground, visual modulation of air righting, male rats, implications for role of superior colliculus & visual cortex cells, 6659
carbohydrate drink, psychomotor performance during 24 hr nuclear biological chemical warfare simulation wearing protective mask & clothing, male Army personnel, Netherlands, 7101
changes in required lever force, within-session response rates in multiple variable interval reinforcement paradigm, male rats, 10779
chlorpromazine vs benzhexol, memory & psychomotor function & mood, healthy adults, implications for memory deficits seen in schizophrenia, 7038
citalopram vs dothiepin, cognitive & psychomotor function, adults (mean age 29.3 yrs), 34650
clinical course of neuropsychological functioning, 33–60 yr old male workers with chronic occupational exposure to organic & inorganic lead, 12–28 mo followup, 31574
command modality & meaningful vs nonsense movements as measure of left hemisphere dominance in ideomotor apraxia, unilateral hemispheric stroke patients (mean age 66 yrs), 36138
common coding approach to perception & action planning, conference presentation, 41083
compatible & incompatible stimuli, RT latencies & reaction intervals within sequence & transfer of action plan to motor program, college students, 6283
conceptual & production errors on gesture tasks, children (aged 9–10.4 yrs) vs adults (aged 18–28 yrs) with dyspraxia vs adults (aged 60–75.1 yrs) with apraxia, 31861

continuation therapy with tricyclic or selective serotonin reuptake inhibitor antidepressants, persistence of deficits in psychomotor & perceptual performance, major depressive patients in remission, 16627
cortical EPs in saccades vs antisaccades, 36–42 yr olds, 530
cuing procedures in line bisection task, unilateral neglect, 41–66 yr olds with left neglect, implications for neglect rehabilitation, 16345
D- & L-fenfluramine with & without D-amphetamine, psychomotor functioning, 24–32 yr old males, 18286
dependence on slower feedback vs feedforward online sensory processes, age related movement slowing in continuous aiming task, 23–77 yr old females, 7267
depression severity & psychomotor retardation, discrimination & response bias in verbal recognition memory task, outpatients with depression, 38969
dextroamphetamine, neural activity as measured by regional cerebral blood flow & tomography during abstract reasoning & sensorimotor control tasks, adults, 3250
diazepam, water maze learning & sensorimotor disturbances, male rats with vs without nonspatial pretraining, 29514
direct pathways from extrastriate visual cortex to dorsal premotor area, visually guided reaching, macaques, 14883
dissociable behavioral & neuroanatomical subtypes of visuospatial neglect, 21–80 yr olds with unilateral right hemisphere infarcts, 16356
divided vs focused attention & perceptual motor ability, behavioral changes, patients with damage to prefrontal & posterior cortices, 26979
dosage levels of ibogaine, sensorimotor function & activity & spatial learning & memory, rats, 18306
dose-dependent effects of abecarnil vs lorazepam, cognitive & psychomotor skills, 20–33 yr old males, 38107
efficacy of Bender Visual Motor Gestalt Test in detecting visuo-motor neurological impairment, epileptic 15–51 yr olds, India, 6075
encoding of shared motor error signals in coordination of multiple eye movements, 38037
ethanol & drinking experience, psychomotor task performance & behavioral tolerance & expectation of alcohol, male 19–24 yr old social drinkers, 18287
fimbria-fornix lesions with aspiration vs electrolytic technique & effect on overlying cortical structures, beam walking assessment of sensorimotor performance, female rats, 6631
fluid intelligence ability, performance on visual serial choice RT task with auditory feedback & error analysis, 60–81 yr olds, 10698
fluoxetine, fine motor retardation, 18–65 yr old inpatients with major depressive episode, Netherlands, 9152
fluvoxamine vs dothiepin, psychomotor & cognitive abilities, 21–50 yr old males, 6880
force & amplitude & frequency of oscillations of the isometric pincer grasp, mirror movements, 24–40 yr olds, 25241
goal setting & anxiety & perceptual-motor performance, 18–36 yr olds, 28818
grip force adjustments to stabilize hand-held load during arm movements, 24–40 yr olds, implications for role of CNS models in motion planning & control, 34187
hand & space & attentional asymmetries reflecting interaction of cerebral hemispheres during goal-directed manual aiming to spatial targets, 18–37 yr olds, conference presentation, 37971
handedness & drawing & categorization & facial recognition & play, 7–11 yr olds with hearing impairment, India, 42871
handedness, unimanual object-proximity task performance, college students, implications for visuospatial attentional control, 41047
head position & attitude interpretation & spatial orientation in flight simulation, pilots, 34190
historical & conceptual perspectives on kinesthetic-visual matching vs self-concept model of mirror-self-recognition, human & animals, 34335
human subjectivity & sensorimotor experience & cognition vs self identity views in cognitive science, 10690
inability to perform 1 or more motor tasks, ability to learn & complete other motor tasks, patients with probable Alzheimer's disease, 23489
increased requirement of visual guidance for movement vs impaired force production, bradykinesia, patients with Huntington's disease (mean age 43.9 yrs), 12657
inertial eigenvectors, spatial orientation of occluded contralateral limbs, adults, 6284
instructional factors, psychomotor & affective achievement measures during 6-wk badminton project unit, high- vs low-skilled target 9th graders, 9861
interaction between drinking history & alcohol dose & acute tolerance, cognitive & psychomotor performance, 29–46 yr old light vs moderate male alcohol consumers, 38637
interference between components of concurrent manual decision tasks, 22–38 yr olds, 28857
intermittent vision with predictable vs unpredictable between visual sample intervals, unimanual catching performance, 22–37 yr old males, Canada, 34189
issues in acquisition of perceptual & motor skills as memory system in adult human cortex, 28863
line length representation, normal vs left unilateral neglect dextral French vs Israeli left to right vs right to left readers, 26956
load weight knowledge, leg lift vs back lift technique & low-back loading & balance in bimanual lifting tasks, healthy males (mean age 22.5 yrs), 28815
lorazepam, cognitive & psychomotor performance, 20–25 yr olds, 15008
lorazepam, psychomotor & cognitive function & ERP P300 wave latency & amplitude, healthy 21–36 yr olds, 11188
memory & attention & psychomotor performance & mood, adults with acute & chronic infectious mononucleosis vs healthy adults, 12457
memory vs competence vs psychomotor training intervention, cognitive ability & health & well being, 75–89 yr olds, conference presentation, 2054
methodological issues in studies of residual sedative effects of zopiclone on psychomotor performance, Ss with vs without insomnia, research review, 1982–90, conference presentation, 5208
model of nonlinear dynamics & positive entropy & acceleration in human movement, 25237
model of trajectory formation, role of CNS in control of movement & environmental variables & use of coordinate systems, implications for ecological psychology in movement science, commentary, 226
model of trajectory formation, role of CNS in control of movement & environmental variables & use of coordinate systems, implications for ecological psychology in movement science, 231
motor–perceptual interactions & illusions & between-arm asynchrony of horizontal & vertical elliptic trajectories in tactual tracking of kinesthetic stimuli, blindfolded college students, Italy, 37613
movement & movement imagery, somatosensory evoked magnetic fields following posterior tibial nerve stimulation, 28–42 yr olds, 29423
MRI assessed grey matter volume & syndromes of psychomotor poverty & disorganization & reality distortion, schizophrenic patients (mean age 36.6 yrs), 39031
muscular sensitivity to & neural detection of rotational inertia, spatial perception of handheld objects, implications for dynamic touch in perception theory & role of muscles as measuring instruments, 6217
mutation, olfactory & associative & nonassociative learning & protein kinase C & sensorimotor activity, Drosophila mutant turnip, 25448
nerve growth factor, spatial recent memory & sensorimotor skills, 4 vs 22 mo old rats, 34655
neural analysis of induced learning in smooth pursuit eye movements, rhesus monkeys, 18165
neurological plasticity, sensorimotor & locomotor deficits, neonatal rats with ischemic-hypoxic brain lesions, 29307
NMDA receptor antagonists, hippocampal long term potentiation & spatial learning & sensorimotor processes & visual discrimination, male rats, 25562

occurrence of body part as tool errors in pantomime test for limb apraxia, adults with left hemisphere brain damage, 39544
perceived constraints imposed by objects & intervening apertures, adjustment in orientation of hand in preparation for grasping, adults vs 9–10 mo olds, 25780
perceptual & eye–hand span while playing & reading single-line melodies with 2 vs 4 vs 6 beats, pianists, 34194
perceptual & motor & central processes of perceptual & associative learning in filial imprinting, chicks, research review, 6540
perceptual & premotor components of unilateral auditory neglect, 62–73 yr olds with left neglect, 16381
performance on Wisconsin Card Sorting Test & psychomotor poverty & cognitive disorganization & reality distortion, 25–64 yr olds with schizophrenia, 35627
performance on 3 versions of the Puzzle Reproduction task of the Loewenstein Occupational Therapy Cognitive Assessment, 18–30 yr olds vs 58–70 yr olds, 38323
peripheral visual cues & limb control, reaching, 48 yr old male with severe tunnel vision, case report, 19643
physical characteristics of response cue & immediate recall, response force & speed in RT tasks, adults, 17814
physical distance between signal & response, RT on pointing task, college students, Germany, 25242
physical exertion, cognitive task performance, literature review, application to mathematical modeling of resources for manufacturing, 17458
physiological & psychomotor performance & subjective effects & abuse liability of flunitrazepam vs triazolam, 20–29 yr old males, 6882
positional frames of reference in model of sensorimotor integration & control variables in CNS, kinematic & EMG patterns of intentional movements, commentaries & reply, 229
positron emission tomography & measurement of regional cerebral blood flow as index of cerebral activity, central processing of motor preparation, male 22–41 yr olds, 21628
postural condition, error rate in judgment of distance at which static vs dynamic object is reachable, college students, 14538
potency of flunitrazepam vs nitrazepam, psychomotor & subjective & memory effects, healthy 18–34 yr olds, 21906
predictive & comparative validity of CORE scale vs Depressive Retardation Rating Scale, rating of psychomotor function, depressed 25–89 yr olds undergoing ECT, 2599
preference for presentation of stimuli in personal vs extrapersonal space in visuomotor task, adults, 14518
preliminary findings on Continuous Visual Memory Test & Visual Motor Integration Test, 60–69 vs 70–79 vs 80–92 yr olds, 2649
psychomotor skills assessments in selection research, military pilot trainees, literature review, 6115
psychomotor speed & visual & verbal memory & attention, adults with vs without chronic fatigue syndrome, 31611
psychomotor symptoms of depression, literature review, 22801
raising without normal sensory inputs provided by whiskers, subsequent active touch & underlying sensorimotor integration during tactile discrimination with whiskers, rats, 10752
red nucleus lesion, reaching vs grasping with limb contralateral to lesion, female rats, 6692
relationship between movement time & intelligence, 17–50 yr olds, application of P. M. Fitts' law, 42088
response choice & motor preparation stages of information processing assessed in ERP paradigm, depressed patients with retarded & blunted affect vs anxious-agitated & impulsive symptoms, France, 1251
response programming in movements, 73–88 yr olds with dementia of Alzheimer's type, 23369
response uncertainty cued by response probability with visual vs auditory stimuli, motor response force measured by RT, college students, Germany, 37687
robotic arthropod with neural network controller for research on sensory/motor integration, conference presentation, 37304
role of frontal cortex in dissociation between visual perception of object & awareness of object's inherent spatial & nonspatial information for mediating visuomotor control of accurate movements, 224
role of right hemisphere in language & intentional movement, research review, 21692
rotary pursuit learning with random vs block presentation & relation to executive functions, adults with Parkinson's disease, 23410
scopolamine & 8-OH-DPAT & NMDA antagonists, dissociation between cognitive vs sensorimotor/motivation deficits, male rats, erratum, 25617
selection for action in Stroop color-naming vs word search tasks, visual word processing, college students, 240
selectively reaching & grasping target object in presence of nontarget objects, transport & grasp kinematics, 19–33 yr olds, Wales, 28825
self reported physical & psychomotor alcohol reactions & lifetime consumption levels, symptoms & concordance of alcohol dependence, 27–46 yr old twins of European descent, 1979–81 vs 1990–92, 12265
sensorimotor & cognitive & personality & social resources, everyday functioning & negative age differences in everyday functioning, resource rich vs resource poor 70–103 yr olds, Germany, 41767
sensorimotor hand function, patients with parietal lesions, implications for parallel & serial processing of haptic information, 1590
sensorimotor learning capacities, cerebellar mutant mice, 6584
sensory-attentional & motor-intentional factors, spatial bias in line bisection & cancellation tasks, 24–63 yr old males & 28–73 yr old females, 28767
sensory feedback & head & hand movement concurrency, handling task performance & visual functions using helmet mounted virtual reality display, adults, 24883
sensory gating in computer model of CA3 neural network of hippocampus, application to study of neuronal circuits involved in sensory processing deficits in schizophrenia, 33847
servocontrol vs dynamical theory of human upright stance control, 230
sex & estimation of rods in left vs right hemispace & concurrent verbal task, bisection accuracy & bias, blindfolded adults, Italy, implications for hemispheric specialization in spatial attention, 6641
sex, factor structure of cognitive & psychomotor aptitude tests, adults, 20979
somatic vs cognitive anxiety & self confidence, decrements in working memory vs enhanced perceptuomotor performance at 3 competitive levels, male 18–23 yr old varsity hockey players, 40641
spatial learning & working memory & psychomotor impairments in 8-arm radial maze, male normotensive vs spontaneously hypertensive rats, 6742
speed of different senses & nerve transmission, translation of 1862 article by A. Hirsch, 25484
stimulus number vs target-distractor ratio, cancellation task performance, healthy 19–41 yr olds, implications for visuomotor deficit assessment, 14241
stimulus–response compatibility, perceptual motor responses with horizontally vs vertically oriented stimuli, 16–42 yr olds, test of movement-preference vs referential-coding hypotheses, 17810
subanesthetic doses of ketamine, cognitive & memory & perceptual & psychomotor performance & arousal & subjective mood, healthy adults, 6916
subtherapeutic doses of dothiepin, psychomotor performance & cognitive function, healthy adults, England, implications for depression treatment, 43171
subtraction & extrapolation mechanisms of visual motor predictive perception & compensation for neural delay between arrival of photons on retina & higher visual response, 25186
sulpiride, psychomotor performance & subjective tolerance, 20–34 yr old healthy male volunteers, implications for sulpiride prescription in outpatient populations, 41494

sustained input to directionally selective motion sensors, directional-motion discrimination, adults with corrected to normal vision, 28733
target & frame position, interaction of cognitive & sensorimoor maps of visual space & Roelofs effect, adults, 28735
target distance & size & sensory modality, movement characteristics of multimodal mouse with tactile &/vs force feedback, 29–44 yr olds, 10230
task constraints & stimulus conditions &/vs other sources of perceptual timing information, test of J. P. Wann's tau margin theory of interceptive timing, replication & extension, 37612
temporal frequencies of female speech sounds vs repetitive heart beat sounds, rightward bias in head turning orientation toward sound, newborns, 7173
time & dose dependent effects of S9977-2 vs tacrine, psychomotor activity & passive avoidance learning, 3 mo old rats, 41432
timing changes in neuronal tuning processes of inferior colliculus & biological importance of sound, mammals, application of neuroethological theory, 3053
transport & grasp kinematics in goal-directed prehension movements under binocular vs monocular vs memory-guided condition, 20–28 yr old college students, Wales, 34143
trunk assisted reaching in wrist transportation to prehension involving small vs large objects, right-handed 19–51 yr olds, 21320
unexpected 1st vs 2nd visual target step to new location, spatial & metrical parameters of eye & arm movement response amplitudes, 23–67 yr olds, 10677
unilateral neonatal ischemic-hypoxic brain injury, contralateral hemisphere hypertrophy & sensorimotor performance, rats, 10960
use of Local Tau 1 vs 2 & spherical vs oval ball with vs without rotation, interception time, male adults (mean age 26 yrs), 25205
use of musical instrument digital interface to measure motor timing, college students, experimental replication, 41045
variable rate vs variable threshold RT model evaluated by cerebral cortex neuron activation related to saccade production, rhesus monkeys, 21652
variable timing characteristics of reiterant force syllable sequences in tongue, orofacial nonverbal motor control, 22–30 yr olds, 6268
velocity of visual target movement & prism displacement, reaching adaptation, 20–33 yr old males, 34188
vigabatrin, cognitive function in reception & attention & memory & intellectual & psychomotor function, implications for enhanced GABA in CNS, 1966–95, research review, 13018
visible vs nonvisible starting limb location, pointing to target with continuous vs more discrete sagittal movements during exposure to prismatic displacement, college students, 34192
visual depth perception in remote motor operations, 10640
visual search & visual motor perception & skill, healthy school age children born at 27–32 wks gestation, 22008
visual stimulus duration, perceived color & location & motion, adults, 25201
visual vs proprioceptive input, bimanual coordination patterns, 20–30 vs 66–77 yr olds, 28822
visual vs somatosensory information, adaptation of fingertip forces to object shape, 21–30 yr olds, 41049
visuomotor bisection & bisection judgment of horizontal lines presented on paper vs computer, right handed 21–62 yr olds, 6281
1st-order time-to-contact information vs environment–actor system properties in continuous control models of movement regulation, test of J. P. Wann's tau margin model of interceptive timing, 37607
3-indole pyruvic acid, subjective & objective measures of sleep & early morning cognitive & psychomotor performance, 23–30 yr olds with previous complaints of insomnia, 13172
5-step strategy using readying & imaging & focusing & executing & evaluating, performance on psychomotor tasks with different levels of cognitive vs motor elements, adults, 6409

Perceptual Neglect [See Sensory Neglect]

Perceptual Orientation [See Also Spatial Orientation (Perception)]—Serials
cochlear hearing loss, auditory grouping abilities related to temporal cues, 39–57 yr olds, 12709
color &/vs orientation processing in visual cortical neurons, macaque monkeys, 6696
display density, visual search for conjunctions of movement & orientation, 18–54 yr olds with normal vision, England, 17818
migration & use of a sun compass for body orientation, clock-shifted North American monarch butterflies, 29168
nonconceptual content & perceptual experience & subpersonal computational states, 14585
object orientation information in semantic & episodic memory, implicit & explicit memory test performance, college students, 10737
processing of orientation vs direction of motion, 8-wk-old vs adult cats, 29364
valid & invalid conditions for peripheral & central cues in covert visual orientation, 18–26 yr olds, Australia & Italy, 41035
3-dimensional bilateral symmetry bias in judgments of 2-dimensional figural identity & orientation, adults, 34156

Perceptual Stimulation [See Also Auditory Stimulation, Delayed Feedback, Olfactory Stimulation, Sensory Feedback, Somesthetic Stimulation, Taste Stimulation, Visual Stimulation]—Serials
additional food as sensory stimulation, suppression of hand-mouthing behavior, inpatient & profoundly mentally retarded 30.5 yr old male, 19839
chronic sensory stimulation of siphon-gill reflex, circulating & neural levels of AChE & gill behaviors, old Aplysia, 21689
forward &/vs backward pairing of preexposed stimuli, affective-evaluative sensory learning, 19–34 yr olds, Germany, 299
perceptual distance & competition in lexical access, adults, 6328
perceptual load, selective processing in flankers task, college students, Canada, 25273
pictorial vs conventional line drawing, written expression, 13–46 yr olds, 14590
sensory stimulation treatment, changes in vegetative state indicative of arousal profile, traumatic brain injury patients, 33026
utilization of multisensory environments & sensory stimulation in care, elderly with dementia, 20300

Perceptual Style—Serials
copy & memory recall accuracy & organizational quality as measured by Rey-Osterrieth Complex Figure Test & neuropsychological & personality test correlates, incarcerated male criminal offenders, 25076
feedback patterns & complexity of perceptual map hierarchies, experienced vs inexperienced elementary physical education teachers, 9840
perceptual structure of visual line graphs vs auditory displays depicting simulated time series data, implications for data presentation applications, college students, 17455
physiognomic perception of & object relations toward kanji symbols, female 22 yr old with autism, Japan, case report, erratum, 26758
physiognomic perception of & object relations toward kanji symbols, female 22 yr old with autism, Japan, case report, 12324
quantification of perceptual accuracy, measurement of links between symptom perception & functional morbidity & psychological trait variables, 8–15 yr olds with asthma, 16240
sense of coherence & negative affectivity & general health, male farm supervisors (mean age 38.5 yrs), South Africa, 42095
yoga training, field independence & perceptual acuity, adults, 10 mo followup, 19003

Perfectionism—Serials
attitudinal flexibility vs psychomotor speed vs motor-cognitive rigidity, prediction of self vs other oriented vs socially prescribed perfectionism, college students, 18959
construct validity of Multidimensional Perfectionism Scale, assessment of obsessive compulsive tendencies, male college students, 43
feelings of inferiority, 18–66 yr old neurotic vs normal perfectionist undergraduates, 15674
perfectionism & big-five personality factors, college students, 26252
perfectionism & hopelessness & suicide ideation, adolescent psychiatric inpatients, 26394
perfectionism & marital satisfaction, 18–73 yr old males with erectile disorder, 12450
perfectionism & perceived social problem-solving ability & symptoms of depression & anxiety, college students, 22524
perfectionism & perceived weight & bulimic symptoms, female college students, test of diathesis-stress model, 19478
perfectionism & self-consciousness & anxiety, healthy 19–55 yr olds, Sweden, 35348
perfectionism, extremely weight conscious females with anorexia, 12418
perfectionism, 23–32 yr olds with excessive washing compulsion, 1324
pre- and post-treatment perfectionism ratings, patients recovering from anorexia nervosa, commentary, letter, 23214
pre- and post-treatment perfectionism ratings, patients recovering from anorexia nervosa, commentary reply, letter, 23208
relationships with parents & self-esteem, 18–32 yr old neurotic vs normal perfectionists, 15711
reliability & factor structure & construct validity of Multidimensional Perfectionism Scale, college students in mixed sex vs all female groups from academically typical vs elite universities, 2557
self monitoring of & personal reactions to mistakes, college students with high vs low level of perfectionistic concern over mistakes, 30493
self vs other vs socially prescribed perfectionism & negative life stress & depression & hopelessness & anxiety & reasons for living, suicidal behaviors, college students, 4247
shame & guilt & self critical cognitions & perfectionism, males vs females, 22549
social competence & expectations of rejection & perfectionistic orientations, prediction of shyness, 18–25 yr old college students, Canada, 35330
social phobia & perfectionism & levels of anxiety & general psychopathology, adults with vs without social phobia, 8026
typology of perfectionism & healthy vs dysfunctional perfectionistic types, academically talented 6th graders, 43711
use of principle of perfection to examine Senator B. Packwood's rhetorical subterfuge in public response to sexual misconduct charges & his hierarchal psychosis, 15137

Performance [See Also Athletic Performance, Group Performance, Job Performance, Motor Performance]—Serials
absence of standardized administration guidelines & variations in speed of presentation, test performance on Logical Memory subtest of Wechsler Memory Scale-R, college students, 34286
abstract knowledge, performance in artifical grammar learning, adults, 21362
accuracy of absolute vs comparative performance appraisal ratings, college students, 37732
age & education & previous occupation, digit span performance, male vs female 75–96 yr olds, 3537
age, motor vehicle operational performance, 24–34 vs 64–91 yr olds, 18503
analyses of Mozart's Piano Sonata K. 282 & nature of musical patterns & patterning of musical experience as related to performance, commentary, 15117
antecedents & consequences of mastery & performance-approach & performance-avoidance goals, college students, test of hierarchical model, 14674
applicability of Physical Performance Test, healthy elderly vs patients with Alzheimer's disease, implications for use in epidemiological surveys, letter, 19669
attribution for task performance difficulties vs feelings about task efficacy, aged adults, 25950
attributions & affective reactions & efficacy expectations & intention & performance of health behavior, psychiatric hospital staff, application of B. Weiner's attributional model, 1958
attributions & group size & exposure time, microcomputer task performance, 5th & 6th graders, Canada, 3347
basal level of sleepiness/alertness & circadian time, sedative & performance disruptive effects of ethanol consumed after 4 vs 8 hrs in bed, health male 21–45 yr olds, 11196
behavioral traits, training & task performance, stumptailed macaques, 21567
bilateral tendon transfers & unilateral implementation of the FreeHand system, occupational performance, 17 yr old male with spinal cord injury, 27798
carbohydrate drink, psychomotor performance during 24 hr nuclear biological chemical warfare simulation wearing protective mask & clothing, male Army personnel, Netherlands, 7101
catecholaminergic activity enhancer compounds, resting brain metabolism & shuttle box performance, Charles River vs HSD Wistar rats, 15050
choice vs assignment of preferred vs nonpreferred tasks, work performance in a vocational classroom setting, male 11–13 yr olds with developmental disorders & behavior problems, 31415
cognitive styles as potentially integrative variables of noncognitive & cognitive domains & role in performance & development, students, 18982
cognitive styles as predictor of school & other kinds of performance, 34240
compensatory control in regulation of performance under stress & high workload, adults, conference presentation, 28856
computational theory for executive processes & interactive control architecture in multiple task performance, 14604
computer anxiety & state anxiety & computer experience, performance of computer based tasks, college students, 30513
computer training through behavior modeling vs self paced study vs lecturing, performance & skill demonstration, novice computer users enlisted in Navy, 13924
conceptual interpretations & memory & motor processes in music performance, literature review, 28821
concern for others, acceptance of & willingness to act on performance feedback, college students, implications for organizational behavior, 22474
confidence before vs during putting in medal vs match play, putting performance, golfers, 17415
coronary prone behavior & cardiovascular reactivity & mood state & performance, college students, 21783
curriculum materials vs verbal interactions vs performance outcomes, development of successful interventions, 7th graders with learning disabilities, 13860
cusp catastrophe model of anxiety & performance, practical implications for sport psychology, 5803
d-amphetamine, task performance & social interaction & self reported drug effects, 27–35 yr old males in residential laboratory, 11 day study, 29635
daily practice with physical & functional vs functional interface designs, control task performance & skill acquisition, 23–32 yr old power plant operators, 28292
demographics & task performance levels, oral & written versions of Trail Making Test, neuropsychiatric patients (mean age 48.9 yrs), 10467
descriptive vs text guided vs pictorial guided vs online tutorial instruction, ability to perform automatic teller machine transactions, 61–81 yr olds, 28299
development of limited capacity metaphors to explain performance limits & multiple resources assumption & connectionist notions of confusion & interference, conference presentation, 28885
distress & physical health & performance & cortisol & testosterone levels & appraisals of harm vs threat following hurricane, college students, 43911
effort & interest & recall, beliefs about cognitive task performance, preschoolers, 29812

egotistic mechanisms, performance level in perceived group affiliation & helplessness threat conditions, secondary school students (mean age 17.2 yrs), Poland, 30554
embarrassment vs distraction-conflict, social impairment of public task performance, college students, 3803
estrous cycle related plasticity, spatial memory performance, regularly cycling female rats, 37846
eye blink & saccadic eye movements, prediction of performance decrements after fatigue in simulated flight tasks, partially sleep deprived 25–42 yr old pilots, 11048
feedback environment & task complexity, development of goals & information search strategies & performance improvement, college students, 14678
fenfluramine, food intake & carbohydrate/protein ratio & mood & performance on computer tasks, normal weight adults, 15031
goal commitment as moderator between goal level & performance, college students, 11719
goal vs resource interdependence, individual productivity, 5th graders, 7263
gradual vs step changes in stereographic viewing distance & time on stereographic object task on CRT, accommodation & task performance, 18–45 yr olds, 21274
group discussion of advice vs social comparison vs motivation, performance on Space Fortress computer game, 17–30 yr olds, 26179
headings within multiple-choice tests, performance, 26–64 yr old manufacturing plant employees, 20948
high vs low self-evaluation on error-checking task, goal setting &/vs task performance, adults, 35327
human performance vs matching constraint models of binocular disparity processing for fine-scale depth judgments, adults, 37623
hypothesis generation, hypothesis testing performance, 18–46 yr old college students, 34196
increased overtime work, cognitive performance, automotive workers, 24794
individual vs group monetary incentives, productivity on card sorting task, college students, 28858
information complexity, mental workload & performance, pilots, Sweden, 28824
interrater reliability & validity of Occupational Therapy Task Observation Scale, assessment of functional capacity in therapy groups & communication with occupational therapists, psychiatric patients, 90
intrinsic task interest & induced mood & processing goals, task performance, college students, 3910
key shape, performance on touchscreen simulation of flat touch-sensitive keypad, college students, 17451
knowledge of performance & performance-related attributes information about another person, affective reactions to & perceptions of one's own task performance, male college students, 26258
learning-goal vs performance-goal orientation, feedback-seeking behavior, college students, longitudinal study, 28894
learning vs outcome goals, performance of simple vs complex scheduling task, business students, 273
learning vs performance goals with vs without self evaluation, self efficacy & skill in fraction solving & motivation & task orientation, 4th graders, 13721
level of generality of ability and affect, performance & feelings of difficulty, 7th vs 8th vs 9th grade students, 1 yr followup, 40423
low vs high effort with vs without noise, RT & BP & norepinephrine & cortisol levels & performance, adults, implications for worker health vs productivity, 25550
manipulation of variables related to motivation & attention, performance on standardized tests, 3–9 yr olds with autism, 35879
marijuana cigarettes varying in tetrahydrocannabinol concentration & snack availability & money, marijuana self-administration & subjective effects & performance on computer tasks, 22–36 yr olds, 41464
memory for subject- vs to-be-performed vs verbal tasks, adults, Germany, 21407
mental load & mental effort, performance on fault finding task, college students, Ireland, 28867
mental practice for sport performance enhancement & recommendations for research design & practice, 43853
mental rotation, functional MRI at high field of performance & cortical activation, adults, 41398
mode of learning & skill level, performance of complex tasks, 19–30 yr old college students, Ireland, 28969
models incorporating interpretations of transverse patterning to simulate data on performance on loop problems, homing pigeons, 10763
motion & vibration perception of semisubmersible offshore drilling platform, crew performance & comfort, 37626
motivation & conscious performance goals & performance on work tasks, 2900
musical performance expression, perceived key movement, college students, Canada, 14571
negative mood regulation expectancies & depressive symptoms & state anxiety, exam performance, college students, 5639
notation variants & performance-specific variables & cultural & cognitive norms as sources of performance expression in analysis of expert performance of Mozart's Piano Sonata K. 282, 15119
number & overlapping vs nonoverlapping layout or peripheral windows in multiwindow systems, interference with foveal vision during current task performance, adults, 10192
object preferences, counting task performance & stereotypy, 5 yr old male with autism, implications for teaching, 35885
occupational therapy practice, performance, occupational therapists, Canada, 27795
one night of sleep deprivation & time of day, performance on letter cancellation task, 20–30 yr old males who are regular, normal sleepers, 34310
optical blur, performance on simulated instrument flight-rule approaches, 21–56 yr old pilots, 203
perceptual asymmetries in performance & touch times during discrimination of objects by active touch, baboons, France, 37977
performance & perceptions & outcomes of individual vs team negotiators in intergroup vs interindividual vs mixed negotiations, graduate business students, 11656
performance on Embedded Figures Task & "theory of mind", 30–70 yr old parents of children with Asperger syndrome vs 25–65 yr old parents of children without Asperger syndrome or autism, 42590
performance on neuropsychological test battery, English vs Spanish speaking 65–90 yr olds, 37973
performance on standard vs computerized version of Wisconsin Card Sorting Test, 15–59 yr olds, Spain, 21099
performance on 3 versions of the Puzzle Reproduction task of the Loewenstein Occupational Therapy Cognitive Assessment, 18–30 yr olds vs 58–70 yr olds, 38323
phonological code, performance in Reicher-Wheeler letter identification task, college students, 41569
positive illusions vs disillusionment & performance expectations of individuals vs groups, undergraduate business students, 26166
post high school creativity & number of post high school creative achievements & quality of highest creative achievement & future career image, adult creative achievement, adults, reanalysis, 25913
presence vs absence of integration of conflict resolution training in academic literature unit & cooperative vs individualistic learning, conflict resolution & performance, 7th–8th graders, Canada, 17208
procedural factors, magnitude of differences in spatial performance, male vs female undergraduates, 37636
regulatory focus &/vs valence, promotion vs prevention, strategic inclinations in task performance & problem solving & decision making, undergraduates, 25251
representational & motivational variables related to personal involvement, performance in false belief task, 2–5 yr olds, Italy, 41632
self esteem & social identity & perceived similarity to ingroup members, goal setting & task performance, college students, conference presentation, 38780
self esteem, typical vs atypical changes in performance expectations, 18–29 yr olds, 35296

self handicapping during goal setting & long term use with vs without short term goals, improvement in exercise performance, female adults, 10155
self reports vs video analysis of deficiencies in airway management, anesthesia care providers, 24041
sex & expectations of social comparison & concerns about fitting in, performance on cognitive perceptual task, 10–12 yr olds at summer camp, France, 7336
single &/vs dual task performance, patients with focal anterior vs posterior brain lesions vs acute vs subacute closed head injuries, 8655
sleep loss, task performance & RT distribution functions & spectral performance of EEG, 18–24 yr olds vs 62–73 yr olds, Netherlands, conference presentation, 29463
sleep parameters & personality & performance, college students with subjective vs objective insomnia, 31583
speed &/vs power performance factors, visuospatial ability, male vs female 17–23 yr olds, Spain, 244
spelling checkers, spelling performance, 5th–8th graders with learning disabilities, 13845
state anxiety & worry & motivation to avoid failure & cognitive ability, effects of stress inducing instructions on time based performance, 16–18 yr olds, China, 28997
stimulus number vs target-distractor ratio, cancellation task performance, healthy 19–41 yr olds, implications for visuomotor deficit assessment, 14241
stressful flight tests, changes in trace metal & hormone levels & flight performance, 21–53 yr old male flying applicants vs flight instructors, Japan, 14988
table vs line vs bar graph & high vs low data complexity & user familiarity with display, performance, college students, 41078
task performance feedback & monetary contingency, amphetamine self-administration, 27–40 yr olds, 6854
teaching assessment course using portfolios & authentic performances, preservice college teachers, 36891
temperament & parenting antecedents, individual differences in pride & shame reactions following success or failure, 10-mo-old boys, 27-mo study, 41684
threat appraisal, affect & intrusive cognitions & cognitive test performance, female college freshmen, 30499
time limits, test performance & test validity, GRE General Test examinees, 28597
time of day, cognitive task performance, 10–16 yr olds, India, 15244
training & responses to tapering, performance, elite swimmers, 14962
training of structural fault-finding strategy & transfer to fault-finding performance in hypothetical chemical plant, college students, 33803
triazolm vs trazodone, learning & recall & memory & performance, healthy 21–48 yr olds, 34701
undetected & self reported propensity to error making & individual differences in skilled cognitive performance, adults, 25247
varying levels of expertise, performance on basic-level categorization tasks, experts vs novices, 41071
video feedback, self evaluation of performance, socially anxious 15 yr old White male & college students, implications for clinical treatment, 793
views & scope & study of expert & exceptional performance, 14639
Wechsler Adult Intelligence Scale Vocabulary & performance on California Verbal Learning Test, 16–95 yr olds, 21107
working memory & inhibitory efficiency & attentional flexibility, predicting planning task performance, 65–97 yr olds, Germany, 29995
5-step strategy using readying & imaging & focusing & executing & evaluating, performance on psychomotor tasks with different levels of cognitive vs motor elements, adults, 6409

Performance Anxiety—Serials
cognitive & somatic anxiety in zones of optimal functioning, bowling performance, 22–72 yr olds, 37240
debilitative vs facilitative trait anxiety style, examination scores & anxiety & problem-solving coping, 19–23 yr old college students anticipating academic stressor, 30530
ego & task orientation goals & perceived ability, cognitive & somatic anxiety & confidence, 10–18 yr old athletes prior to fencing tournament, 24804
multidimensional anxiety & Zone of Optimal Functioning hypothesis & subjective & objective performance measures, 18–23 yr old female softball players, 37236
psychological reactance in traditional & paradoxical mental imagery treatment, anxiety & performance, intramural college basketball players (mean age 19.81 yrs), 36177
relationship between age & perceived physical competence & self esteem & competitive trait anxiety & competence information sources in sport domain, 8–13 yr olds, 22148
reliability of Competitive State Anxiety Inventory-2, assessment of accuracy of recalled anxiety 48 hrs postcompetition, 9–17 yr old female gymnastic & field hockey athletes, 20991
self-awareness adaptation vs cognitive distraction as explanation for choking during performance of high vs low pressure task, male students, 41179

Performance Tests—Serials
activities of daily living & index of mobility & performance tests, prediction of physical function, 77–98 yr olds, 24 yr followup, Sweden, 11514
cognitive aspects of & contributions of open-ended tasks in examination of mathematical performance, 6th graders, China vs US, 34061
convergent & discriminant validity of measurement of organizational performance, small businesses & entrepreneurships, 21212
hand preference during uni- & bimanual tasks, 4–11 mo old rhesus macaques, implications for hemispheric specialization, 41287
latent structure & neuroanatomical correlates of Competing Programs & Bimanual Coordination & 3-Step Sequences Tests, assessment of executive functioning, surgery candidates with partial epilepsy, 34048
methylphenidate preceded by haloperidol, RT during continuous performance test, male 68–148 mo olds with ADHD, implications for incentive motivation theory of sustained attention, 9107
task presentation format variability & task performance & home activity & standardized achievement, Black vs white & working vs middle class 8 yr olds, 34784
validity & medication dose profile of & performance on continuous performance tests, 6–12 yr old males with vs without ADHD, 2482

Performing Arts [See Arts]

Periaqueductal Gray—Serials
activation of dorsal periaqueductal gray, fear-potentiated startle accompanying high footshock training, male rats, 38003
characterization of periaqueductal gray receptors & beta endorphinergic antinociception, rats, 21678
cholecystokinin B receptor ligands, panic anxiety, male rats, 29565
imipramine, escape behavior & sensitivity of 5-HT receptors in the dorsal periaqueductal grey area, rats, animal panic attack model, 38133
kyphotic nursing posture & aggression, lactating rats with vs without periaqueductal gray lesions, 34556
morphine in caudal vs rostral region of periaqueductal gray & its inhibition by N-methylnaltrexone, immune status, male rats, 6975
projection from ventrolateral periaqueductal gray region to calbindin terminal immunoreactive region of caudal ventromedial nucleus of thalamus & relay of deep pain inputs, male rats, 29280
role of nitric oxide cGMP signal transduction system & inhibitory effects of periaqueductal gray in nociceptive processing by & sensitization of spinothalamic tract neurons, monkeys, 34554
serotonergic properties of pontomedullary raphe nucleus & nucleus reticularis magnocellularis neurons mediating periaqueductal gray evoked antinociceptive effects, rats, 34537

Perinatal Period—Serials
behavioral state organization during quiet sleep vs active sleep vs indeterminate states, low-risk perinatal infant at 38–40 wk gestation vs 2 wks after birth, 29711

conditions & effects of pre- & perinatal traumatization & need for early treatment, 1139
demographic & personality & addiction characteristics, prediction of in-treatment relapse, substance abusing female 1st time admissions to perinatal treatment program, 2067
discussion & revision of psychoanalytic understanding of perinatal loss, 1107
feelings of inadequacy & emotional reactions & course of grief & psychological distress & intensity of stress, mothers who experienced perinatal loss, 4 yr followup, Netherlands, 26253
frequency of protected vs unprotected heterosexual behavior during pregnancy, incidence of perinatal transmission of HIV-1, HIV-1-infected females & their infants, 31678
interdependence of parental post-partum experiences on psychological tasks, women vs men, England, 38580
maternal concomitant cocaine & methadone use, severity of neonatal withdrawal syndrome & perinatal morbidity, infants, 8268
parental characteristics & perinatal & prenatal risk factors, specific language impairment, parents & their kindergarten children, 39349
perinatal & developmental & environmental factors, cognitive abilites, preterm 5 yr olds observed since birth, Switzerland, 29708
perinatal estrogen, sexually dimorphic anxiety response to novel environment, rats, 608
perinatal hashish exposure, sociosexual approach behavior & mesolimbic dopaminergic activity, adult rats, 7012
periparturitional behavior, 4.5–6 yr old primiparous vs 8–20 yr old multiparous monkeys, 14791
pre & perinatal hazards & family background, twins (mean age 8.4 yrs) with speech-language impairment, instrument appended, 16193
prenatal & perinatal risk factors & obstetric complications, mental disorder onset, 18–45 yr old new mothers with schizophrenia or other psychotic disorders, Sweden, 35599
prepartum prostaglandin & birth of 1st piglet, nesting behavior & related activities, sows, 18096
sequelae of illness & patient perspectives & management, females with maternity blues or postnatal depression or perinatal psychosis, implications for perinatal psychiatry, literature review, 30694
substance abuse treatment & dimensions of temperance, 22–41 yr old perinatal female crack cocaine users, 16977

Peripheral Nerve Disorders [See Also Myasthenia Gravis, Neuralgia]—Serials

diagnosis & treatment of peripheral neuropathic pain, use of tricyclic antidepressants & new nontricyclics venlafaxine & nefazodone, 5185

Peripheral Nervous System [See Also Autonomic Nervous System, Cranial Nerves, Neural Pathways, Spinal Nerves]—Serials

computer model of low-level processing principles related to physiology of peripheral auditory system, Gestalt group of auditory figure/ground phenomena, 10648
contralateral vs ipsilateral leg denervation, autotomy, male rats with massive hemidecortication vs subtotal hemispherectomy vs chemical neostriatal lesions, 6664
dynamic tongue & biomechanical & physiologically-based vocal tract models & peripheral control in speech production, 3313
genetic analysis of IQ & peripheral nerve conduction velocity relationship, 18 yr old twins, Netherlands, 29225
long-term lithium treatment, calibre of axons & nerve fibres in sural nerve, female rats, implications for neuropathy in humans receiving lithium therapy, 34677
peripheral & CNS neuropathy mutation at codon 200 of prion gene, 46-yr-old female with Creutzfeldt-Jakob disease & genetic mutation, 8565
psychological stress, plasma vanillylmandelic acid & MHPG & HVA & 5-HIAA, normal volunteers, implications for activity of peripheral nervous system, 14950
repeated swim stress, peripheral-type benzodiazepine receptors, rats, 6768
starvation or intermittent dieting, plasma & urine & CSF norepinephrine & metabolites & reduced noradrenergic activity in CNS & peripheral nervous system, patients with anorexia nervosa or bulimia, 4465

Peripheral Vision—Serials

age & heart rate variability & attention to focal stimulus, peripheral stimulus localization, 3–6 mo olds, 29818
approach angle, sensitivity of retinal periphery & center & time to contact estimates, male vs female 18–32 yr olds, 6239
blending of transparent motion patterns in peripheral vision, segregation & discrimination of motions, Os, 41016
changes in visuospatial attention & peripheral cues in reflexive system of attention shifting, 17–85 yr old adults, 25192
covert orienting of visual attention tasks, disengagement of covert attention by extinguishing peripheral cues prior to appearance of targets, 17–35 yr olds, Australia, 28743
eye fixation location during attentional & arithmetic tasks, lane keeping performance, 18–22 yr old military novice vs experienced drivers, Finland, 28325
foveal load & visual context, peripheral letter recognition, graduate students, 6246
left temporal-occipital partial status epilepticus induced focal inhibition, inability to name objects & colors in peripheral visual field, female 21 yr old, case report, 8599
number & overlapping vs nonoverlapping layout or peripheral windows in multiwindow systems, interference with foveal vision during current task performance, adults, 10192
peripheral & endogenous cuing, response time to targets above vs below fixation point, college students, Canada, 17840
peripheral vision, accuracy of directional control of movement, 1st-yr undergraduates, implications for existence of kinetic visual channel, 41001
peripheral visual cues & limb control, reaching, 48 yr old male with severe tunnel vision, case report, 19643
peripherally presented cues, automatic covert orienting of visuospatial attention, 54–95 yr olds with dementia of Alzheimers type vs healthy 18–25 vs 61–90 yr olds, 23395
2-stage model of cone & post-receptoral sampling of motion reversal effect in peripheral vision, adults, 14515

Permissiveness (Parental) [See Parental Permissiveness]

Perpetrators [See Also Criminals]—Serials

applicability of self psychological principles in treatment, 14–18 yr old adjudicated sexual offenders, South Africa, 36826
attachment theory perspective on violence toward female intimates, physically violent vs nonviolent males, 31222
characteristics of participants in & episodes of domestic violence, male & female 14–70 yr old assailants & 4–62 yr old victims, 31181
community based treatment protocol geared to offender characteristics, male sex offenders & rapists of children or women or with learning disabilities, England, 33123
components of comprehensive clinical assessment of rapists, 35747
criminal prosecution outcomes in intrafamilial & caretaker child sexual abuse cases, 17517
difficulties in maintaining treatment integrity with use of drama therapy, sex offenders, 32644
ethical & systemic issues in multidisciplinary team approach & model of assessment, 8–21 yr old juvenile sex offenders against other children, 4385
exposure to publicity about defendant vs stories portraying men as sexual predators, decision making in scenarios of acquaintance rape, male vs female mock jurors, 20921
factors influencing perpetrator use of mitigating & aggravating account strategies in face threatening predicaments, male vs female college students, 3811
group differences in abuser & victim characteristics, sexually abusive male 11–18 yr olds, England, 42581
hardiness & severity of abuse & identity of perpetrator, adult adjustment, adult female survivors of childhood sexual abuse, implications for family therapy, 32206
historical & contemporary evidence & public awareness of child sexual abuse, Roman Catholic clergy, 42463
history of child sexual abuse, perpetuation of abuse, male prisoners vs nonoffenders, Australia, 4366

homicide rate, 1980 Cuban Mariel immigrants as victims or perpetrators, 35855
incidence & characteristics of dual arrests following implementation of mandatory arrest legislation, Connecticut family violence cases, 31239
indicative sexually aggressive behavior, children who molest other children, literature review, implications for detection in school settings, 19289
intimacy deficits & fear of intimacy & loneliness, adult male child molesters vs rapists vs nonsexually offending inmates, 42568
intrafamilial vs extrafamilial perpetrator & number of incidences of sexual assault, disturbed eating behaviors & victimization patterns, female college students, 16180
males vs females as victims & perpetrators of domestic violence, implications for therapy, 27256
manifestation of masochism & psychopathic sadism in victim & perpetrator self-states & interrelationship with social systems, 4049
memory-blending version of unconscious transference-like vs alternative versions, bystander misidentification in videotaped crime scenario, undergraduate student witnesses, 43974
MMPI profile subtypes, males convicted of sexual offense against child, treatment implications, 4373
motivational vs confrontational intervention approaches, child sex offenders, 32040
nature of physical & sexual abuse, children & their convicted & cautioned abusers, UK, 42477
newspaper article reporting violent crime committed by psychiatric patient followed vs not followed by corrective article, attitudes toward mentally ill, college students, 15829
perceptions of male & female perpetrators & victims of bullying in school, 8–10 yr olds, 17190
perpetrator & type of abuse & perpetrator strategy, child sexual abuse, 18–65 yr old females, New Zealand, 31256
perpetrators' accounts, nurses' recognition & reporting of child abuse, 27750
prevalence of & identification of & intervention with & therapy for sexual abuse & related ethical issues, child to adult perpetrators & victims of sexual abuse, commentary, 35857
prevalence of & identification of & intervention with & therapy for sexual abuse & related ethical issues, child to adult perpetrators & victims of sexual abuse, 31381
psychoanalytic foundations of dialectical approach to victim-victimizer relationship, 1121
role of psychiatry in evaluating risk factors, sexual offenders, 42570
sensitivity to lineup suggestiveness & lineup biases, hypothetical rulings on motion-to-suppress submission, circuit court judges, 24946
sex & presence & severity of sexual abuse history & sexually inappropriate behavior, severely mentally ill youths treated in tertiary care hospital, retrospective study, 38935
sex & role relationship of harasser vs victim, perception of sexual harassment in hypothetical situation, male vs female Os, 23111
sex role identity & rape myth acceptance & time of resistance, assigning blame to victim vs perpetrator vs situation vs chance following acquaintance rape, male vs female college students, 22981
sexual abuse issues in learning disability services, service users as perpetrators vs victims, UK, 5306
social situation & mental illness or retardation or substance abuse or other child abuse & solo vs multiple extrafamilial vs intrafamilial offense, case outcome, females who sexually abused children, 31377
Southwest Sexual Compulsivity Program, sex offenders & sexual compulsives, 24371
the development of Family Safety Program as a comprehensive model of service provision for perpetrators & victims of domestic violence, 27706
traumatic object relations configurations in victim-victimizer relationships, 1120
validity of polygraph testing in assessment of child sexual abuse, perpetrators, commentary, 28527

Perphenazine—Serials
perphenazine challenge, prolactin response, 62–88 yr olds with psychotic symptoms & major depression or dementia, 1864
perphenazine induced parkinsonism, elderly patients with major depression with psychotic features vs dementia of Alzheimer type, 23937

Persecution—Serials
bully/victim problems & Eysenck's personality dimensions, elementary & junior high school students, England, 24654
flight from torture & persecution in China & involuntary hospitalization & treatment, 30 yr old male with severe paranoid psychosis, case report, Australia, 31011

Perseverance [See Persistence]

Perseveration—Serials
palincousis following closed head injury & carbamazepine treatment, male schizophrenic patient, case report, letter, 7957
perseveration during language examination & verbal & nonverbal tasks, 42 yr old male & 60 yr old female with aphasia after head trauma, Italy, 12653
perseveration in prompted discourse & reversal tasks & insoluble guessing tasks, schizophrenia patients, application of information processing model of perseveration, 19195
predominant negative vs positive symptoms, cognitive functioning & perseverative errors, schizophrenic 24–53 yr olds, implications for frontal lobe dysfunction hypotheses, 19190
sound naming & conceptual norms & perseverative behavior, healthy 5–16 vs 19–34 vs 61–88 yr olds vs 54–80 yr olds with probable Alzheimer's disease, 18479
verbal & nonverbal paired-associate tasks & learning, patients with Huntington's disease (mean age 41.9 yrs), 36132

Persistence—Serials
persistence, comorbid phobic disorders, males with moderate to severe alcohol dependence, New Zealand, 4354
personal community network turnover & intimate tie persistence & durability, adults, Canada, 10 yr study, 26184
reinforcement schedule, behavioral momentum, college students, implications for behavior analysis & therapy, 8874
self-determination & persistence & school administration behaviors as factors in model of high school dropout, 9th & 10th graders, Canada, 33514
task vs ego motivational climates, persistence & practice behaviors & perceptions of causes of success & motivational climate, 7th & 8th graders in physical education classes, 13798
unwillingness vs imposition vs inability to complete request of assistance, persistence or compliance to rejected response, adults, 7666
use of standard situations to measure individual differences in attention span & persistence, 23–25 mo olds, 15322

Persistent Mental Illness [See Chronic Mental Illness]

Person Centered Psychotherapy [See Client Centered Therapy]

Person Environment Fit—Serials
applicant personality & organizational culture, organization attraction, business & engineering & industrial relations students seeking job positions, 37070
cognitive style & work context, job performance & turnover, engineers in research & development vs staff functions, 20734
conceptual framework for analysis of cognitive & affective & behavioral aspects of individual interaction to residential environment, residential satisfaction, 35291
contributions of personality dimensions & congruence to job satisfaction, adults (mean age 36.75 yrs) from wide range of occupations, 37202
displacement & sense of belonging & other psychological processes in person–place relationships, 18920
employee tenure, personal orientation & organizational climates in schools, teachers, 36946
fit of psychological type with organization, work success, government agency managers & professionals, 20741
interplace & intraplace analysis of activities & relationship with environment, small vs large city inhabitants, Italy, 14080

job choice decisions & work attitudes, person–organization fit perceptions, adult job seekers & new employees, 6 mo study, 10091
job information sources & self esteem & perceptions of person-job & person-organization fit & work outcomes, business graduate students, 10 mo study, 37201
job satisfaction & person–organization fit & leadership support & fairness in reward allocation, organizational citizenship behavior, cellular phone vs real estate salespeople, 40582
perceptions & consequences of organizational fit, White vs African American vs Hispanic male vs female managers, 13959
person environment fit in perceived health & mental health & physical functioning & vigor, energy expenditure in & tolerance of planned exercise & ventricular function, patients with heart failure, 8550
personal & demographic characteristics & GPA & level of commitment to university, match of African American students to predominantly White university, 18–25 yr old African American college students, 43669
person–environment correlations, implications for developmental psychopathology research, 38875
relations among C & Kwak-Pulvino & Hexagon Congruence Indices, assessment of work environment & occupational mobility in prediction of job satisfaction, employees, 6119
role of art studio environment in art therapy intervention, 16688
self-reported psychological adjustment, congruent vs incongruent vs moderately congruent 26–68 yr old female ministers, 41833
supplies-values vs demands-abilities in person-environment fit approaches to stress, job dissatisfaction & tension, college graduate students, 2298
underlying themes in conceptualization of natural environments, adults, 24880
values & supplies & abilities & demands for creativity & person–environment fit, strain & job satisfaction & performance & commitment, hourly & salaried employees, 28203

Personal Adjustment [See Emotional Adjustment]
Personal Computers [See Microcomputers]
Personal Construct Theory [See Personality Theory]
Personal Defense [See Self Defense]
Personal Growth Techniques [See Human Potential Movement]
Personal Orientation Inventory—Serials
fictional vs autobiographical vs self help book in supervised vs unsupervised reading, self description on Eysenck Personality Questionnaire & Personal Orientation Inventory, female college students, 26235

Personal Space—Serials
locus of control & sex of experimenter, personal space demands, male vs female 15–20 yr old college students, South Africa, 42048
physical space & group dynamic processes, elementary & junior high school students & adults, Japan, 7353
preference for presentation of stimuli in personal vs extrapersonal space in visuomotor task, adults, 14518
preferred physical closeness & responsive empathy & dispositional or trait empathy, 5 vs 9 vs 13 yr olds, Canada, 29937
standing still technique in couples therapy, married couple in pursuit-distance cycle, 27285

Personal Therapy—Serials
personal problems & self-care patterns & attitudes toward personal therapy, 24–83 yr old psychotherapists, 20469
self-therapy through use of image-making experience, adult female researcher as client, Australia, 36572

Personal Values—Serials
authoritarianism & values & perceived offender responsibility & seriousness & deservingness of punishment, cognitive & affective reaction to penalty, adults, Australia, 3808
biases in quantitative assessment of personal values & effects on public policy decisions, 33974
competence vs morality related personality traits & individualistic vs collectivistic values, self vs other value heirarchy, 18–23 yr olds, 35286
core life values, product consumption, 30–50 yr old mothers, implications for marketing, 24838
development of TAT measure of generativity motivation & assessment of attitudes & feelings & values, college educated females, 5997
discrepancies between personal values & prejudiced responses, experienced compunction, White college students with low vs high prejudice toward Blacks, erratum, 7686
dual nature of moral reality & individual reality, reconciling high school students' neighborhood & teachers' middle class values, implications for quality schools, 33332
ego defensive & value expressive functions, attitudes toward ban on homosexual military personnel, adults, 18799
ego structure vs endo-exo reality, relation between self values based on comparator systems to aggression, implications for treatment of drug abuse, 7657
ethnicity & employment & job seeking status, financial & personal & social & generativity factors in meaning of work, older adults, 33594
high vs medium vs low amount of value crisis, affective organization of personal meanings in self, college students, Poland, 18969
norm setting &/vs values clarification intervention, exaggerated perceptions of norms or expectations of peers & parents & other reference groups about appropriate drinking levels, college students, 26133
personal & interpersonal & social values, political evaluations & behavior, 17–64 yr olds, Australia, 22511
personal & organizational interests & planning of adult educational programs, county extension agents & program development specialists in cooperative extension system, 20557
personal influences on William James & his writings on moral equivalent of war & military virtues & heroism, 18663
personal values & coping with others' expectations, career related attitudes & values & plans, secondary school students, Nigeria, 24642
personal values & evaluation of corporate code of ethics, reactions to code violation, petrochemical company employees, 33654
personal values & perception of victim, perception of risk of HIV infection based on scenarios containing information about HIV victim & method of contraction, adults, 4596
personal values, psychology textbook writing & research, Christian psychologists, 9763
personality predispositions, priorities of human value types, 16–49 yr olds predisposed to violent vs nonviolent methods of conflict resolution, 22550
presence vs absence of statistical vs anecdotal evidence, persuasiveness & believability & quality of value congruent vs discrepant alcohol education messages, college students, 11641
Protestant work-ethic dimensions & time structure & purpose & work locus of control & Type A behavior, graduate students, 42077
role of personal & cultural values in psychotherapy & psychoanalysis, 42936
sex role orientation & values or interests, male vs female nurses, 20470
similarity of demographic characteristics & values & behavioral preferences, prediction of social liking & coworker preference & attributions, 28–58 yr old senior level managers, 2278
structure of personal values, business students & computer personnel, Israel, instrument appended, 11750
style of socially desirable responding, value priorities in relation to social environment, adults, Israel & Finland, 30052
universal & mental health values & belief in Islam, counseling preferences, American Muslim 12–62 yr olds vs typical counselors, 12791
validity of R. A. Embree's personal beliefs scale model for hypothesis testing, commentary, 2470
values construction, values structure & motivational types content & values meaning, 10th–12th graders vs college students vs teachers, Portugal, 22551
work values, 17–41 yr old Russian immigrant vs Israeli 1st yr college students, Israel, 28149

Personality [See Also Personality Traits, Psychoanalytic Personality Factors]—Serials
addiction & personality & dopamine & psychoticism, 42523
age & sex & individual differences & novel objects in open field environments, temperament & hand preference & problem solving ability, small-eared bushbabies, 6543
age & sex, psychological type, academically talented 3rd–6th vs 8th–10th graders, 20681
age, temperament & personality scale scores, male vs female 16–85 yr olds, 18593
anxiety level & repression & obsessive compulsiveness, autobiographical memories & personality profile, college students, 30549
application of methods of agreement &/or difference to dispositional attribution & causal explanations, 1st-yr students, 42031
astrological analysis of personality differences, 2 mo to 59 yr old twins, France, commentary reply, 7718
astrological analysis of personality differences, 2 mo to 59 yr old twins, France, commentary & reanalysis, 7714
availability of confirmatory evidence & rated accuracy & acceptance of personality feedback, 18–38 yr olds, 42058
cardiac vagal tone & temperamental reactivity & behavioral regulation, 2.3–4.5 yr olds, 41692
causes & consequences of positive emotions & relation to personality & mental health, 30481
child temperament & maternal socialization, conscience development, 2–3 yr olds, 2–3 yr longitudinal study, 22114
childhood socialization & punishment experiences & affect, relationship of personality to & anger & violence in political attitudes, adults, commentary, 3655
childhood socialization & punishment experiences & affect, relationship of personality to & anger & violence in political attitudes, adults, commentary, 3651
childhood socialization & punishment experiences & affect, relationship of personality to political attitudes, adults, commentary, 3657
childhood socialization & punishment experiences & affect, relationship of personality to political attitudes, adults, 3661
classification as behaviorally inhibited in 2nd yr of life, threatening symbolic content in Stroop Interference test, adolescents, implications for anxiety disorders, 11467
clinical & biochemical correlates of temperament profiles, 18–81 yr olds hospitalized after a suicide attempt, 35720
cognitive & somatic & personality functioning, 17–47 yr old victims of mild traumatic brain injury, 12646
cognitive & somatic personality functioning, 17–47 yr old victims of mild traumatic brain injury, erratum, 27003

Axis I or Axis II personality disorders, 12–18 yr old inpatients with major depression &/or substance use disorders, 22661
benefit of intensive group oriented evening treatment program, patients with mood &/or personality disorders, Canada, 39732
bias in recruiting probands & relatives, participation in family studies, outpatients with mood or personality disorders, commentary, letter, 1195
C. R. Cloninger's temperament dimensions of harm avoidance & novelty seeking & reward dependence, comorbidity of Axis I & Axis II personality disorders, 15–72 yr old outpatients, Italy, 11828
central 5-HTergic function in relation to self-injurious behavior, patients with personality disorder, 42422
changes in comorbid personality disorders & outcome of time limited behavior therapy for obsessive compulsive disorder, 19–63 yr olds, 27223
childhood attachment representations & development of personality disorders, adult males (mean age 27.6 yrs) in forensic psychiatric hospital for commission of serious crimes, Netherlands, 39127
childhood trauma & other developmental adversity & Axis II comorbidity of personality disorder, outpatients with bulimic disorders, Canada, 8424
childhood trauma as risk factors, female 16–45 yr olds with borderline personality disorder, Canada, 12119
classification system for rating severity of personality disorder, 16–65 yr olds with generalized anxiety or panic or dysthymic disorder, 19268
clinical & demographic features of borderline personality disorder & concomitant diagnoses, discharged 18–46 yr old psychiatric inpatients, Turkey, 2–4 yr study, 31165
clinical validity of MCMI-III Depressive Personality Scale, 18–86 yr old psychiatric inpatients, 17637
cluster analysis of personality profiles & relation to personality disorders, hospitalized male mentally ill offenders, England, 8302
comorbid personality disorder & multimodal treatment outcome, inpatients with major depression, 5359
comorbid personality disorders & symptoms, outcome of behavioral counseling, adult outpatients with cocaine dependence, 42533
comorbidity & assessment of personality & Axis I disorders, implications for cognitive & behavior therapy, 8073
comorbidity of personality disorder, 18–65 yr olds with early vs late onset major depression, 11962
comorbidity with personality disorders, females with bulimia nervosa with vs without depression, Australia, 4436
concept & boundaries of personality disorders, 35703
conceptual & methodological issues in statistical associations between adverse childhood experiences & personality disorders in adult life, literature review, 26589
concurrent validity of self-defeating personality scale & personality disorders inventory, adult male vs female (mean age 19 yrs), 40845
convergence & factor structure of 2 scales for assessing specific traits of personality disorder, college students, 2585
convergent validity of Family History Interview for Personality Disorders & reports of personality disorders, 1st degree adult relatives of Ss in family study on mood & personality disorders, 35701

coping & personality disorders, 24–65 yr old psychiatric outpatients, 19136
coping & self-efficacy & anger & external & internal control & stress/self-esteem as psychosocial predictor variables of personality disorders, normal 1st yr students, 26591
cultural bias & other issues in assessment of personality disorders, 2640
culture of enquiry & structure & social defense processes & role of individual psychodynamic psychotherapy in hospital therapeutic communities, adults with personality disorder, England, 16922
depressed vs nondepressed states, scores on DSM-III-R personality disorder measures, patients with winter Seasonal Affective Disorder (mean age 44 yrs), 14 wk followup, Norway, 40895
depression & self-mutilation & substance abuse, 76 yr old female with personality disorder, case report, 12123
development & use of new subscales of Inventory of Interpersonal Problems in diagnosis of personality disorders, psychiatric patients, 19263
diagnostic & assessment approaches of personality disorders, older adults, 19266
diagnostic data obtained by patient vs informant interviews, assessment, adults with possible personality disorders, 35692
differences in self-reported pain during self-injurious behavior, 18–52 yr old females with borderline personality disorder, 39126
dimensional diagnostic validity of 5 factor personality model, females with borderline vs nonborderline personality disorders, 4223
DSM-III-R vs ICD-10 personality disorders & traits, male soldiers suffering from homesickness vs other psychological problems, 8065
dysfunctional cognitions & personality disorders, major depression relapse, inhouse patients postdischarge, 5 yr followup, 35531
eating & psychiatric & personality & autism spectrum disorders & treatment & neurodevelopment & psychology & physical & general outcome, 21 yr olds with anorexia, 6 yr prospective followup, Sweden, 12420
effects of time limited group therapy, 21–45 yr old outpatients with personality disorders vs group dropouts, 23760
epidemiology of personality disorder in adults 50 yrs old & older, meta-analysis, 12107
evaluation of Defensive Functioning Scale, assessment of psychological defense ratings, clinicians of personality disordered patients, 28426
evoked brain potentials & electrodermal activity & parenting, patients with schizophrenia vs cluster A personality disorders vs normals, implications & guidelines for cognitive therapy, 30801
factorial structure of schizotypal symptoms, 19–70 yr old patients diagnosed with personality disorders, 31151
family history assessment of personality disorders & direct interview methods & demographics & psychopathology & social desirability & interview agreement, adult patients & their 1st degree relatives, 35697
features of time limited cognitive analytic therapy model of psychotherapy, 38-yr-old female with personality problems & mood swings & thoughts of self harm, England, case report, 32304
forensic concept of severe mental disorder among personality disordered, forensic psychiatric investigations, prosecuted males, 10298
framework for addressing emotional needs & cognitive themes & behavioral strategies via rehabilitation counseling, consumers with Cluster B personality disorders, 40151
frequency & type of personality disorders, 21–47 yr olds with washer vs checker vs mixed subtypes of obsessive compulsive disorder, 42373
group oriented milieu therapy day treatment program, patients with longstanding personality disorders with major depression & dysthymia & anxiety, commentary reply, letter, 20283
group oriented milieu therapy day treatment program, patients with longstanding personality disorders with major depression & dysthymia & anxiety, commentary, letter, 20278
high risk for personality vs other mental disorders, health care utilization & satisfaction with care, patients, 1965
historical perspectives & theories in issues in differentiating normal & disordered personality, 35704
integration of cognitive & behavioral aspects of eye movement desensitization & reprocessing in psychotherapy, patients with personality disorders, 32019
integration of object relations theory & gestalt techniques for promotion of self structuralization, patients with disorders of self, 32025
intensive short-term dynamic psychotherapy & central dynamic sequence for major unlocking of unconscious, patient with episodic depression & psychoneurotic disturbances & major character pathology, 32012
intensive short-term dynamic psychotherapy & unlocking the unconscious, adult male with episodic depression & psychoneurotic disturbances & major character pathology, 32013
internal consistency & convergent validity & discriminant validity of DSM-IV Personality Disorder criteria, mental health professionals rating patients known to them, 35695
issues in planning & delivery of treatment of severe personality disorder in inpatient psychotherapy units, 13403
L. Wittgenstein's approach to mechanistic language & moral responsibility & personality disorders & psychiatry, 12113
L. Wittgenstein's approach to mechanistic language & moral responsibility & personality disorders & psychiatry, commentary, 12114
limitations in current definition & classification of personality disorders & development of related database, 31161
long term hospital treatment received in 1987 vs typical 1997 brief inpatient protocol, 36 yr old patient with severe borderline personality disorder, 43426
low serum cholesterol & attempted suicide, patients (mean age 40.0 yrs) with schizophrenia spectrum disorders or mood or personality disorders, Japan, 31226
MEDLINE vs PsycLIT database searches of personality disorder literature in 9 psychiatric or psychological journals, 12110
mental organization of primitive personalities, patients, implications for analytic treatment, 19906
methodological issues in research & longitudinal stability of personality disorder diagnosis & classification, research review, 8069
methods used in research vs clinical setting for assessment of personality disorders, psychiatrists & psychologists & clinical social workers, 39128
mnemonics for DSM-IV personality disorders, 42161
model of time limited group psychotherapy, patients with personality disorders, 23759
mortality risks, patients with affective or personality disorders vs neuroses vs schizophrenia, England, 11881
multimodal cognitive behavior therapy, 40 & 27 yr old female inpatients with borderline personality disorder & self injurious behavior, case report, 42999
multiple self states model & developmental damage classification for borderline personality disorder, 37 yr old female patient, extension of cognitive analytic therapy, 36290
normative study on Coolidge Axis II Inventory, assessment of DSM-IV personality disorders, college students vs elderly, Canada vs US, 10466
object relations marital & family therapy, middle aged & immigrant Asian couples with partners with personality disorders, case report, 36316
occurrence & effects of personality disorders, depressed inpatients younger vs older than 65 yrs, Canada, 15901
older adult scale norms for Personality Deviance Scales, assessment of personality & psychiatric illness, healthy 55–74 yr olds, Scotland, 10380
pathological & abusive & neglectful childhood experiences, 18–50 yr old inpatients with borderline vs other personality disorders, 42426

perceived clarity & understanding of DSM-III-R personality disorder vs major depressive disorder criteria sets, 21–58 yr olds vs mental health professionals, 7832
perceptions of family problems & environment & relationships, 18–35 yr old females with borderline personality disorder vs their parents vs normative families, 22941
personality changes occurring in early stages & disorder course & outcome, patients with psychotic or personality disorders, literature review, 15877
personality disorder & psychology of self, implications for therapy, 32051
personality disorder diagnosis & traits, suicidal behavior, 18–64 yr olds with major depressive disorder, 11952
personality disorders & psychosocial functioning, 12–16 yr olds referred for psychiatric treatment, 5 yr follow-up, 38941
personality disorders & temperament in light therapy outcome, patients (mean age 43.4 yrs) with winter seasonal affective disorder, 27490
personality disorders among persons seeking admission to an outpatient chronic pain treatment program, males & females with chronic pain conditions (mean age 40.2 yrs), 26582
personality disorders in geriatric depression, 22739
personality pathology, patients with chronic fatigue syndrome vs mild multiple sclerosis vs major depression, 11846
platelet MAO activity & personality disorders, male 20–59 yr old inpatients with Type 1 vs Type 2 alcoholism, 4332
platelet 5-HT receptor binding & aggressive behavior, Ss with personality disorders vs healthy volunteers, 22938
presence of borderline or other personality disorder, outcome of comorbid vs eating symptoms following cognitive behavioral outpatient therapy, patients with bulimia, 3 vs 12 mo followups, 4859
prevalence & treatment of personality disorders, patients with HIV infection, 31658
prevalence of association of major depression & personality disorders, meta analysis, 1980s to present, 4039
prevalence of dissociation & self mutilation & childhood abuse, female inpatients with borderline personality disorder, commentary, letter, 22944
prevalence of dissociation & self mutilation & childhood abuse, female inpatients with borderline personality disorder, commentary reply, letter, 22936
prevalence of HIV seropositivity, psychiatric inpatients with comorbid alcohol dependence of personality or other mental disorders, India, commentary, letter, 7787
prevalence of mental & personality disorders, 14+ yr old suicide victims, Northern Ireland, 39142
prevalence of personality disorders & major depression & relation to age at onset of work disability, patients with somatoform pain disorders vs medical illnesses, Sweden, 4515
prevalence of personality disorders & psychiatric symptoms, patients with psoriasis, Italy, commentary, 1496
prevalence of personality disorders & psychiatric symptoms, patients with psoriasis, Italy, commentary reply, 19515
prevalence of personality disorders, aboriginal vs Han Chinese suicide victims, East Taiwan, 39136
prevalence of personality disorders, aboriginal vs Han Chinese suicide victims, East Taiwan, erratum, 42438
prevalence of personality disorders, male vs female cocaine dependent 19–59 yr olds accepted into treatment, 19354
prevalence of personality disorders, patients with obsessive compulsive disorder vs social phobia vs panic disorder & agoraphobia, 12083
prevalence of personality disorders, 18–49 yr olds with neurotic disorders, Egypt, 1318
prevalence of significant psychopathology & personality measures outside the norms, 21–50 yr old normal volunteers, 33980
primitive defense mechanisms & object relations, prediction of symptomatic expression, adult inpatients with borderline personality disorder, 8066
psychiatric symptoms & psoriasis, adults with personality disorders, commentary reply, 42689
psychometric & factorial validity of Bulgarian version of Coolidge Axis II Inventory, self-report assessment of personality disorders, nonclinical 16–78 yr olds, Bulgaria & US, 21055
psychopathy & Axis I and Axis II personality disorders, 18–56 yr old male offenders, Sweden, 12305
psychotherapy & other treatment of personality disorders, bibliography, 31947
Questionnaire of Personality Traits vs International Personality Disorder Examination, measurement of DSM-III-R & ICD classified personality disorders, psychiatric patients, 2591
radical behavioral approach to diagnosis & essential criteria of ideal diagnostic system & application to DSM-IV Axis II personality disorders, 15997
recent life events & comorbid axis I disorders, 15–65 yr old suicide victims with vs without personality disorder, 35724
resource limitation & clinical-financial interface group in treatment, 25 yr old male & 52 yr old female with personality disorders, 9384
schizoid & obsessive compulsive & dependent personality disorder symptoms & sex & age, prediction of disgust sensitivity, college students, 30529
self psychology & application to personality disorders, commentary reply, letter, 31158
self psychology & application to personality disorders, commentary, letter, 31154
serotonergic function assessed by prolactin response to fenfluramine, males with compulsive vs noncompulsive personality disorder, 16656
sex, co-occurrence of personality disorders & substance use disorders, 19–37 yr old inpatients, 35417
sex, DSM-III-R personality disorders, psychiatrically hospitalized young adults, 15995
sex, personality disorders, 12–18 yr old psychiatric inpatients, 1338
stability of personality disorders & change in psychological distress, HIV positive vs negative gay males, 2 yr study, 19544
structure & tactics in brief Adlerian psychotherapy for persons with personality disorders, 8779
structured interview of SCID-II vs self-report test of MCMI-II, assessment of personality pathology, adult cocaine addicted outpatients, 34018
symptom presentation & history & impulsivity & sexual experience & eating attitudes & personality psychopathology, females with restricted vs binge/purge anorexia, 12419
symptoms of personality disorder in elderly, 81 yr old female with narcissistic symptoms & refractory depression, case report, 22947
thyroid function, 1st episode of 18–70 yr olds with manic vs mixed bipolar personality disorder, 42427
traumatic events in childhood & personality disorders in adulthood, 26588
TRH simulation & DST performance, 22–45 yr olds with borderline personality disorder with symptoms of depression vs patients with major depression, 31155
validity of DSM personality disorder clusters by clinicians' ratings, 18–80 yr old patients with Axis II diagnosis, 35694
validity of MMPI personality disorder scales, male vs female 12–17 yr old psychiatric inpatients, 17643
2 stage procedure of screening & clinician interview in detection of personality disorders, 18–19 yr olds, 35702

Personality Factors [See Personality Traits]

Personality Factors (Psychoanalytic) [See Psychoanalytic Personality Factors]

Personality Measures [See Also California Psychological Inventory, General Health Questionnaire, Kirton Adaption Innovation Inven, NEO Personality Inventory, Nonprojective Personality Measures, Projective Personality Measures, Sentence Completion Tests]—Serials

age & education & self efficacy & health locus of control & current health status, scores on Health-Promoting Lifestyle Profile, 19-70 yr old Mexican American females, 118
analysis of relation of general factor to response set & personality measures & circumplex structure of Inventory of Interpersonal Problems, college students, 21023

application of confirmatory factor analysis with mean structures model to Anxious Thoughts Inventory results to estimate invariant difficulty & discrimination item parameters, college students, Spain, 20996
assessment of dimensions of deception by MMPI-2 & other self-report personality measures, 25027
assessment of self-other differentiation & self integration within interactions, young adults & female 50–80 yr olds, 10392
bandwidth-fidelity dilemma of narrow vs broad personality variables in measurement for personnel selection, commentary, 17286
bandwidth-fidelity dilemma of narrow vs broad personality variables in measurement for personnel selection, 17290
bandwidth-fidelity dilemma of narrow vs broad personality variables in measurement for personnel selection, commentary, 17292
Basic Adlerian Scales for Interpersonal Success-Adult Form Inventory in individual & couples therapy, adults, 8808
clinical personality assessment measures, 1974–1995, literature review, 14293
clinical utility of Tridimensional Personality Questionnaire, prediction of nefazodone treatment response, adults (mean age 47.2 yrs) in midst of major depression episode, 40838
comparison of Yale-Brown Obsessive-Compulsive Scale vs Compulsion Checklist vs other measures for assessment of outcome, patients with obsessive compulsive disorder, 21066
completion of psychological tests, positive vs negative emotional reactions & recent life experiences, male 18–24 yr old research participants, implications for ethics in research, 2195
conceptual & methodological issues in dispositional & state measurement of shame vs guilt, 6005
concurrent validity of self-defeating personality scale & personality disorders inventory, adult male vs female (mean age 19 yrs), 40845
confirmatory factor analysis & factor structure of NEO-FFI vs Mini-Markers, measurement of five factor personality structure, college students, 2554
confirmatory factor analysis vs Procrustes rotation, replicability & normative generalizability of 5 factor structure of Revised NEO Personality Inventory, adults, US & China, replication, 2553
construct & convergent & discriminative validity of Social Phobia & Anxiety Inventory for Children, 3rd–7th graders with social phobia, 2581
construct validity & clinical utility of early memory dependency probe, psychiatric patients, 6029
construct validity & reliability of Arabic translation of Self Description Questionnaire, assessment of self concept, 5th & 6th & 8th grade males vs females, U Arab Emirates, 40811
construct validity of cognitive-experiential self theory & development of Rational Experiential Inventory, assessment of intuitive-experiential & analytical-rational thinking styles, college students, 2535
construct validity of Defining Issues Test as Kohlberg moral judgement development stage preference approach vs Moral Judgment Test as stage consistency approach, 21015
construct validity of Inventory of Interpersonal Problems, typology of interpersonal problems & perceptions of psychodynamic psychotherapy sessions, clients & therapists, 2598
construction & validity of Client Motivation for Therapy Scale, assessment of self-determination & types of motivation for psychotherapy, clients, 25028
construction of questionnaire using psycholexical approach to personality trait description, college students, 40820
convergence & factor structure of 2 scales for assessing specific traits of personality disorder, college students, 2585
convergence between Infant Behavior Questionnaire & Early Infancy Temperament Questionnaire, assessment of temperament, 3 mo old infants, 40854
convergent & discriminant construct validity of Dimensions of Interpersonal Orientation assessment kit, adolescents (mean age 13.5 yrs) & adults (mean age 27 yrs), Spain, 28454
convergent & discriminant validity of perceived contingency & interpersonal power & social self-efficacy scales, 18–42 yr old college students, 28442
copy & memory recall accuracy & organizational quality as measured by Rey-Osterrieth Complex Figure Test & neuropsychological & personality test correlates, incarcerated male criminal offenders, 25076
correlation between Crown-Crisp Experiential Index & Eysenck Personality Questionnaire, personality dimensions & neurotic symptoms, 16–21 yr olds, India, 14271
correlation between MCMI & revised Personality Diagnostic Questionnaire & assignment of clinical labels, nonclinical college students, 2641
correlation between Temperament & Character Inventory & Self rating Depression Scale, 18–31 yr old students, Japan, 25036
correlations between scales of Eysenck Personality Questionnaire-Revised & Personality Questionnaire & Temperament & Character Inventory, college students, 2567
correlations of SONSO Personality Inventory vs Gordon Person Profile vs Gordon Personal Inventory & relations to extraversion & neuroticism, college students, 17606
criterion & predictive validity of 5 vs 6 factor personality measures, training & job performance, flight attendant trainees, 10383
cross-validation of Personality Assessment Inventory scales, assessment of positive dissimulation, court-referred vs non-court referred substance abusing patients responding honestly vs defensively, 25056
defensiveness & denial, low end specificity of self report measure of anxiety vs depression, 8–16 yr old psychiatric inpatients, 6035
depressed vs nondepressed states, scores on DSM-III-R personality disorder measures, patients with winter Seasonal Affective Disorder (mean age 44 yrs), 14 wk followup, Norway, 40895
development & construct & concurrent validity & factor structure of measures of basic & earning self esteem, college students, 20997
development & factor analytic validation of Spanish version of Positive & Negative Affect Schedule & cross-cultural convergence in mood structure, 45–65 yr old females, Spain, 33982
development & factor structure of characterological & behavioral self blame attributions about social events measurement, 3rd–9th graders, implications for cognitive diathesis-stress depression model, 28416
development & pilot validation of culture specific screen for detection of depression & emotional distress, elderly Caribbeans, 10429
development & reliability & validity of measure of definitions of success & motivation, female Chinese immigrants (mean age 14.9 yrs) vs Australians (mean age 13.9 yrs), 40823
development & reliability & validity of God Image Inventory & God Image Scales, adults, 37406
development & validation of American English version of Pavlovian Temperament Survey, 18–82 yr old college students & community residents, 21010
development & validation of the Emotional Contagion Scale, 17–80 yr olds, 37400
development & validity & reliability of instrument for measurement of cognitive domain of quality of life, college students, Canada, 14259
development of abbreviated Junior Eysenck Personality Questionnaire, 13–15 yr olds, Wales, 20999
development of Future Anxiety Scale, measurement of personality tendencies in apprehension & fear of unfavorable changes in remote personal future, 2565
development of MOLEST & RAPE scales, assessment of cognitions, child molesters vs rapists vs nonsexual offender inmates, implications for cognitive behavioral treatment, 14292
development of questionnaire for assessment of happiness based on just perceivable increments of pleasure/pain, interpersonal comparability with other questionnaires, adults, 14274

development of Sex & AIDS Thought Scale, relationship of condom use & perceived partner HIV serostatus during insertive & receptive intercourse, gay males, 2662
development of standard cutoff scores for Inventory of Interpersonal Problems, mentally healthy college students vs other adults vs patients, 2542
diagnostic & assessment approaches of personality disorders, older adults, 19266
diagnostic specificity of Munich Personality Test dimensions in major depression, patients with major depression vs panic disorder, 37410
diagnostic validity of Bonn Scale for Assessment of Basic Symptoms, differentiation among mental disorders & between disordered & healthy Ss, psychiatry patients, 14313
dichotomous nature of Myers-Briggs Type Indicator indices vs continuous measures of personality & operationalization of Jung's psychological types, 28424
discriminant analysis of Personality Assessment Inventory, detection of feigned schizophrenia or major depression or generalized anxiety disorder, naive vs sophisticated simulators vs patients, 10458
discriminant validity of measures, assessment of life satisfaction & positive vs negative affect & self-esteem & optimism, college students, 2 yr followup, 2552
dispositional vs adjustment vs behavioral approach in 3 tests of personality & their interrelationships & prediction of depression, 18–79 yr olds, 14257
efficacy of Separation & Social Anxiety Scale & factor structure & reliability, relationship of social anxiety to depression & submissive behavior, depressed patients & college students, 4094
emotional adjustment, response bias in subsections of Nottingham Adjustment Scale regarding acceptance of sight loss & attitudes toward blindness, visually impaired, 14261
equivalence of computerized vs pencil & paper administration of German versions of Eysenck Personality Questionnaire & Carroll Rating Scale for Depression, 18–55 yr olds, Germany, 5993
evaluation of latent variable models of responses to Need for Uniqueness Scale, college students, application of confirmatory factor analysis, 21022
Eysenck's personality traits, coping styles & positive & negative moods, 17–38 yr olds, Croatia, 7723
factor analyses of & determination of overlap between Eysenck Personality Questionnaire & Learning Styles Questionnaire, unpaid volunteers & college students, 5984
factor analysis & evaluation of locus of control scales, college students, 28451
factor analysis & norms & reliability of H. J. Eysenck's short personality test of neuroticism & extraversion, adults, Australia, comparison with English sample, 10397
factor analysis & personality correlates of Blushing Propensity Scale, male vs female 18–24 yr olds, Portugal, 5995
factor analysis & structure of NEO Personality Inventory & Goldberg-40, college students, implications for Big Five model of personality, 28445
factor analysis of Dissociative Experiences Scale, patients with dissociative identity disorder, 21069
factor analysis of Ways of Coping Questionnaire, employed 22-64 yr old African American females, 60
factor structure & reliability of Mathematics Anxiety Scale, assessment of general sense of worry over & negative feelings toward math, middle & high school & college students, 17708
factor structure & structural robustness of College Student Reasons for Living Inventory, college students, 17616
factor structure & validity of Attributional Style Questionnaire, adults, 17600
factor structure of Aggression Questionnaire, 17–49 yr old college students, Netherlands, replication, 21009
factor structure of "Nuevo Analisis de Necesidades y Anhelos" questionnaire, measurement of needs & aspirations, 12–18 yr olds, 2528
factor structure of scales measuring personal growth & subjective well being & stress resistant personality style & mental health, 18–83 yr old college students, 2529
factor structure of Transparent Bipolar Inventory as measure of big five personality traits, 70 yr olds & older, Australia, 21006
factor structure of 16 PF based on 5 factor model & Revised NEO Personality Inventory, college students, commentary reply, 2525
factor structure of 16PF & revised NEO Personality Inventory, college students, commentary, 2526
factorial analysis of 13 personality scales of MCMI-II, psychiatric patients, 17631
factorial validity of Structure of Temperament Questionnaire, college students, 10388
faking personality of stockbroker vs librarian, validity of self report personality inventories vs objective measures of impulsivity, 18–54 yr olds, England, 5977
five-factor structure analysis of generality & comprehensiveness of Jackson Personality Inventory, 17–34 yr olds, 10387
future of Rorschach test & issues in test challenges & personality assessment & treatment planning & topic of study in psychology, 17641
group score profiles on Behavior Assessment System for Children Self-report of Personality, 8–11 yr old male alleged sexual aggressors, 12144
homogeneity & internal consistency of Psychopathy Checklist-Revised, female methadone patients, 2623
information about validity scales on Personality Assessment Inventory, assessment of underreporting of symptoms, college students, 25013
instruction & habitual response latency, reliability & validity of personality assessments, 16–18 yr olds, Austria, 40839
intercorrelation matrix of shyness & sociability items on Portuguese personality scales, measurement of distinct personality dispositions, college students, Portugal, 17611
interinformant agreement on Motivation Assessment Scale across topographies of challenging behavior, 8-16 yr olds with severe intellectual disabilities, 6006
internal consistency & factor structure of Portuguese version of Self Description Questionnaire III, assessment of self-concept, college students, Portugal, 14264
internal reliability & construct validity of Internalized Shame Scale, healthy adults & drug dependent clients, 6057
Intimate Bond Measure sensitivity to disorder severity & personality & depressive subtype & treatment outcome, depressed 18–60 yr olds with vs without melancholia, 7922
issues in origins & theory & method & profile analysis & applications of Interpersonal Adjective Scales & Inventory of Interpersonal Problems, assessment of normal & abnormal interpersonal behavior, 17677
issues in social mores & use of masculine generic grammatical terms & interpretation of Draw-A-Person & other personality tests, 17609
item response theory analysis of Hare's Psychopathy Checklist—Revised, forensic psychiatric patients & prisoners, US & Canada, 17634
item response theory appropriateness measurement, detection of faking on personality instrument, respondents, 164
logistic regression in clinical investigations of personality, 33978
long term stability & predictive validity of trait measures of self rated affect, college students, 56–99 mo study, 2564
MMPI-2 vs Personality Assessment Inventory for diagnosing borderline personality disorder, 20–52 yr old female inpatients, 34001
multiple regression analysis of tridimensional personality questionnaire, prediction of response to nefazodone, adults in midst of major depressive disorder, erratum, 40890
need for further investigation of validity & generalizability of Behavior Dimensions Rating Scale, self scoring behavioral assessment, K–11th graders, 17589
negative & positive symptom dimension structure as seen in Scales for Assessment of Positive & Negative Symptoms for Schizophrenia, patients with 1st episode schizophrenia, 10464
neurocognitive & personality assessment, alcohol vs multiple substance abusing adolescent psychiatric inpatients, 4335

nonlinear vs linear personality assessment models based on item response theory & construction & validity of negative emotionality scale, adults, instrument appended, 2563
novelty seeking & harm avoidance & reward dependence personality scale scores, prediction of alcohol expectancy & drinking patterns, 16–21 yr old psychiatric inpatients, 25020
older adult scale norms for Personality Deviance Scales, assessment of personality & psychiatric illness, healthy 55–74 yr olds, Scotland, 10380
overt vs personality based inventories vs urinalysis in preemployment screening for drug use, attitudes toward organization & application process & likelihood of accepting job, business students, 6126
parameters of personality test item characteristic curves & differential item functioning, translation errors vs cultural bias, 18–65 yr olds, East Germany vs West Germany, 2534
peer assessment of social reputation, psychometric properties of Revised Class Play method, disruptive vs nondisruptive 2nd–5th graders, 24658
performance criteria & models & prediction using personality measures & person–organization fit in personnel selection, literature review, 33603
Personality Assessment Inventory vs Addiction Severity Index vs Diagnostic Interview Schedule response set effects, methadone maintained patients with fake bad vs fake good invalid vs valid profiles, 71
personality needs measured by Personality Research Form, discrimination of attachment style measured by Relationship Questionnaire, college students, 26272
potential assessment & intervention methods based on attribution theory for possible enhancement of social skills training for children, 34890
predictive ability of Tridimensional Personality Questionnaire, adults with obsessive compulsive disorder, test of biosocial model of personality, 28513
predictive validity & reliability of Personality Inventory for Children, identification of runaway behavior, 13–17 yr old runaways vs non-runaways, 2559
predictive validity of Occupational Personality Questionnaire, job competence & performance above & beyond ability measures, managers, UK, 58
predictive validity of optimism vs pessimism index of the Chinese version of the Life Orientation Test, undergraduates & working adults, Hong Kong, 37405
psychometric & factorial validity of Bulgarian version of Coolidge Axis II Inventory, self-report assessment of personality disorders, nonclinical 16–78 yr olds, Bulgaria & US, 21055
psychometric equivalence of paper & pencil vs computer versions of personality tests, 19–53 yr old inmates, Canada, 2597
psychometric properties & cross-cultural uses of versions of General Self-efficacy Scale, college students, Germany vs Costa Rica vs Hong Kong, 21017
psychometric properties of Life Orientation Test & Attributional Style Questionnaire, assessment of dispositional optimism & explanatory style, 17–35 yr olds, 5982
psychometric properties of Self-Esteem Index, 8–18 yr olds, 5969
Q sort personality analysis, postwar presidents, US, 3921
rational approach in development of fake good Lie vs fake bad Overt Symptomatology validity scales for Jesness Inventory, 14–18 yr old male delinquents, 14279
receipt of American Psychological Foundation Gold Medal Award for Life Achievement in Psychological Science in personality & cognitive assessment, R. B. Cattell, 40237
recent developments in factor analysis appropriate for personality data, literature review, 1941–1995, conference presentation, 34102
redesign & computer scoring of Test for Organizational Ability, assessment with effort & time scores, psychologists vs construction workers vs students vs other professionals, 20989
reliability & discriminant & construct validity of Personality Assessment Inventory & methodological & conceptual problems, schizophrenic vs alcoholic adults, Australia, commentary, 2611
reliability & discriminant & construct validity of Personality Assessment Inventory, schizophrenic vs alcoholic adults, comment on current debate, 6023
reliability & discriminant & construct validity of Personality Assessment Inventory, schizophrenic vs alcoholic adults, Australia, commentary reply, 6016
reliability & validity & factor structure of Dutch adaptation of Ways of Coping Questionnaire, 17–92 yr olds, 17595
reliability & validity & factor structure of Nonverbal Personality Questionnaire, adults, Canada vs Finland vs Poland vs Germany vs Russia vs China, 2558
reliability & validity & value of psychological testing, assessment of aptitude, airline pilots, Europe, 6118
reliability & validity of Behavioral Approach-Avoidance and Distress Scale, distress & coping style during painful medical procedures, 3–7 yr old patients, 6081
reliability & validity of multiple forms of Adolescent Coping Scale, yr 7–11 students, Australia, replication, 14266
reliability & validity of Revised NEO Personality Inventory & application to industrial & organizational psychology, 45
reliability & validity of Spielberger State Trait Anxiety Inventory & Worry Scale & Fear Questionnaire & Padua Inventory, 55 yr olds & older, 21021
reliability & validity of Wellness Index, assessment of well being, 62 yr olds & older, 10516
reliability & validity of 3-Dimensional Personality Test vs Eysenck Personality Questionnaire Psychoticism scale, 20–59 yr olds, Netherlands, commentary reply, 64
reliability of Internal Control Index, 17–52 yr old undergraduates, Northern Ireland & England, 10407
reliability of revised Age-Universal I-E scale vs original version for use with religious vs nonreligious adults, US & England & Ireland & Northern Ireland, 21007
responses to Bradford Somatic Inventory & Hospital Anxiety & Depression Scale, assessment of psychiatric morbidity & somatization, Asian vs indigenous Caucasian primary care patients, Britain, 21071
responses to personality test items based on references to behavior/experience vs characteristics/traits, college students, 21000
Rorschach vs Inwald Personality Inventory vs MMPI-2, personality screening of job applicants, police applicants, 28616
scores on sense of coherence & neuroticism measures, 18–65 yr olds, Scotland, 2540
sex & age & construct validity of Rosenberg Self-Esteem Scale, 12–19 yr old high school students, Canada, implications for utility of self-esteem measures in school counseling, 28110
sex & defensiveness, self report vs thematic measures of depression, 6.1–16.7 yr old psychiatric inpatients, 22709
sex & use of Five-Factor Model & Structural Analysis of Social Behavior, assessment of parental representations & dimensions of personality, college students, 25029
sex differences & nonadditive genetic influences in covariance matrices of Multidimensional Personality Questionnaire data, 27–64 yr old monozygotic & same & opposite sex dizygotic twin pairs, 30491
stability & predictive ability of personality traits as assessed by Karolinska Scales of Personality, 28–52 yr old twins, 9 yr followup, Sweden, 35321
structural equation modeling & basic concepts & applications in personality assessment, 34090
structure of temperament scales & analysis of personality scales & utility of Big Five as organizing structure for personality attributes, 6–10 yr olds, Russia, 3421
structured interview of SCID-II vs self-report test of MCMI-II, assessment of personality pathology, adult cocaine addicted outpatients, 34018
system used for scoring Multiple Affect Adjective Check List following nononcologic hysterectomy vs unplanned cesarean birth vs experience of gestational diabetes & birth of child, females, 119
test retest reliability & classification congruence between standard form & Short Geriatric Depression Scale, classification of depression, 55–75 yr olds, 21054
tested quantitative scale & inventory for assessment of fruit-vegetable consumption self-efficacy, 11–17 yr olds, 37403

translation of French measure of motivational styles into English, 60–98 yr old nursing home residents, 17590
typus manicus vs typus melancholicus premorbid features assessed by Biographical Personality Interview vs self ratings, patients with unipolar depression vs bipolar I vs bipolar II disorders, 28481
use of measures of honesty & integrity & conscientiousness & dependability & trustworthiness & reliability, personnel selection, 17291
use of new & evolving statistical procedures in personality assessment, literature review, 1990–94, 33991
use of normative vs ipsative configural frequency analysis in personality research, situation anxiety, 28666
use of taboo responses assessment in study of relationship between psychoticism & divergent thinking, 17–58 yr olds, 21014
use of Temperament & Character Inventory, psychiatric assessment & case formulation, sexually & physically abused 11 yr old male & his 35 yr old mother & 4 yr old brother in conjoint family therapy, 40819
uses of Basic Adlerian Scales for Interpersonal Success-Adult Form Inventory, 5974
validity & reliability of Impulsivity Rating Scale, impulsive vs depressed adults vs adolescents before & after antidepressants vs smokers before & after tobacco withdrawal, 21059
validity & utility of separate measures of optimism & pessimism with & without positive & negative affectivity, undergraduate students (mean age 18.7 yrs), study replication, 40818
validity issues in personality & attitude tests using voluntary self-descriptive methodology, 14256
validity of alternative instruments in assessment of 5 factor model of personality, 25038
validity of Basic Personality Inventory for measuring psychopathology & adjustment, 18–56 yr old incarcerated males, Canada, 34015
validity of Icelandic translation of Basic Personality Inventory, bilingual native Icelandic graduate students, North America, 1 mo followup, 2523
validity of Italian version of Individuation Scale & Five Factor Model of personality, Italian 18–62 yr olds vs American 17–37 yr olds, 40813
validity of Memory in Reality & Coin Tests, ecological measurement of cognitive function & relationship to metamemory, female 75 yr olds & older, conference presentation, 17689
validity of personality testing & assessment center, prediction of managerial performance, 23–57 yr old managers, 10549
validity of Temperament Structure Scales, prediction of job performance, airline pilots, Europe, 6117
vulnerability of NEO-Five Factor Inventory to self-presentation strategies, personality measurement, 18–52 yr olds, 17618
weighting & number in Twenty Statements Test to measure cross cultural differences in self concept, 16–18 yr old high school students in Hong Kong vs college students in Ethiopia vs Sweden, 40852
6 factor personality model & desirability responding by NEO Personality Inventory Revised vs Six-Factor Personality Questionnaire, 17–25 yr olds, 5985

Personality Processes [See Also Catharsis, Defense Mechanisms, Externalization, Inhibition (Personality), Insight, Internalization, Introspection, Personality Change]—Serials

egotistic mechanisms, performance level in perceived group affiliation & helplessness threat conditions, secondary school students (mean age 17.2 yrs), Poland, 30554
elaboration of dormant traumatically induced intrapsychic conflict labelled Personal Sensitization Factor, implications for posttraumatic psychiatric & somatic disease, 15978
personality, decision making in a simulated clinical situation vignette, senior nursing students, E. M. Brooks' theory of intrapersonal perceptual awareness, 27905
prenatal anxiety of mothers, personality & achievement motivation, music entrepreneurs born during World War II & junior high school students, US vs England, 22555
psychoanalytic perspective on farting as defense against fear of personality disintegration, severely disturbed adopted 7 yr old male, case report, 1221
relationship between personality function/dysfunction scores & love style perception scores, college students, 15673

Personality Tests [See Personality Measures]

Personality Theory [See Also Five Factor Personality Model]—Serials

adult work experiences & personality change in agency & norm adherence, 21–27 yr old vs 27–43 year old females, test of plaster vs plasticity theory, longitudinal study, 34947
Bowen family systems & symbolic experiential theory in family therapy, 8893
changes in narcissism & relation to progress & persistence in drug abuse treatment, 13–21 yr olds, 6 mo study, application of Kohut's psychoanalytic theory of self psychology, 27779
cognitive model of self regulation, patterns of self regulation failure & perspective of personality systems interactions theory, commentary, 11780
consideration of different conceptions of chronic depression & depressive personality within framework of dimensional models of personality, 22796
construct validity of cognitive-experiential self theory & development of Rational Experiential Inventory, assessment of intuitive-experiential & analytical-rational thinking styles, college students, 2535
construction systems & career development during 1st yrs of employment, graduates, 4 yr study, England, 28198
contributions to social & personality psychology, N. Sanford, obituary, 20397
current state of personality theory based on textbooks & journal articles, 19027
developments in personality concepts & theory, applications to work psychology, 1097
dichotomous nature of Myers-Briggs Type Indicator indices vs continuous measures of personality & operationalization of Jung's psychological types, 28424
dimensional diagnostic validity of 5 factor personality model, females with borderline vs nonborderline personality disorders, 4223
dimensional relationship & comprehensiveness & convergent validity of five-factor vs RIASEC models of personality, working adults, 25033
dimensions of social psychological space & judgments of others based on implicit personality theory, interpretation of social desirability, team members, 30427
emergent integration in contemporary personality psychology, 15753
epistemological assumptions shared by constructionism & construct & narrative psychology & constructionist theory of individual psychology, commentary reply, 7768
epistemological assumptions shared by constructionism & construct & narrative psychology & constructionist theory of individual psychology, 7769
epistemological assumptions shared by constructionism & construct & narrative psychology & constructionist theory of individual psychology, commentary, 7771
epistemological assumptions shared by constructionism & construct & narrative psychology & constructionist theory of individual psychology, commentary, 7767
examination with reliable component analysis of the 5-factor model of normal personal variation of the NEO Personality Inventory Revised Edition, comparison with H. J. Eysenck's 3-factor system, 40817
expert analysis of economic & political issues, 1991–95, application of G. A. Kelly's psychology of personal constructs, 11599
factor analysis & structure of NEO Personality Inventory & Goldberg-40, college students, implications for Big Five model of personality, 28445
factor structure & self vs peer ratings of familiar vs Big Five English language personality adjectives, college students, 1068
framework for & role of life story narrative & personality traits in study of modern & postmodern personality, commentary, 19038

framework for & role of life story narrative in study of modern & postmodern personality, commentary, 19044
framework for & role of life story narrative in study of modern & postmodern personality, commentary, 19031

gain or loss framed health behavior messages, public & personal health decisions & adoption of recommendations, 16792
high vs low self-referencing & high vs low self-attention & strong vs weak arguments, systematic message processing, undergraduates, 17952
high vs low tanning benefits & protection efficacy messages & appearance concern, intention to protect self from sun-induced skin damage, college students, 43297
ideological affiliation with source vs target & justification, persuasiveness of political attack message, 18–54 yr olds, 3804
imagery-evoking radio advertising strategies, affective responses, undergraduate marketing students, 40669
issues in the use of cited others in persuasive communication, televised politics, 30208
language complexity & comprehensibility & strength of argument & status of speaker, attitudes toward counterattitudinal appeal, college students, Canada, 22424
metacommunicative behavior &/or depth of relationship, perceptions of power, college students, 997
model for analysis of persuasion & facts in political exchanges, 30369
negative vs factual ad copy & integration vs separation of ad picture & ad claims, persuasion effects, college students in low vs high motivation conditions, 43873
persuasively presented health psychology course, changes in health behavior, college students, 8 mo followup, 20566

pleasantness & arousal, attitude formation & message elaboration in response to persuasive communication, college students, 38710
presence vs absence of statistical vs anecdotal evidence, persuasiveness & believability & quality of value congruent vs discrepant alcohol education messages, college students, 11641
presentation of cost & details of local government reorganization options, change & nonchange in subsequent opinion survey, adults, England & Wales, 15639
propaganda & psychological warfare in Vietnam war, North Vietnamese vs US army, 25985
self-reference & information processing & persuasive communication in advertisements, college students, 5827
spokesperson sex & announcement appeal & involvement, effectiveness of safe sex public service announcements, 17–35 yr olds, 9326
strategy instruction in essay planning, persuasive & expository essay writing, 5th–8th graders with or without learning & writing disabilities, 43684
subjective perceptions of message quality & functional matching, persuasion & voting attitudes & behavior, undergraduates, 14602

Peru—Serials

prevalence of HIV-1 antibody in serum samples, at risk population & blood donors & military personnel, Peru, 36020

Perversions (Sexual) [See Sexual Deviations]

Pessimism—Serials

emotional life complexes of racial discrimination & financial strain & optimism–pessimism, stress balance, African American college students, 26260
optimism & pessimism & negative & positive affectivity & problem orientation, 17–25 yr old Asian- vs Caucasian Americans, 15678
optimistic vs pessimistic mood, N400 brain ERPs induced by word with emotional meaning incongruent with current mood state, 18–29 yr olds, 3148
personal aspirations, optimism vs pessimism about own vs future of trends in Europe vs US, students attending public vs private university, application of cognitive dissonance perspective, 13770
pessimism in under- vs over-estimated vs realistic unbiased predictions of future creativity performance, 20–30 yr olds, Israel, 3946
predictive validity of optimism vs pessimism index of the Chinese version of the Life Orientation Test, undergraduates & working adults, Hong Kong, 37405
use of prefactual vs counterfactual thinking strategies in relation to course exam, defensive pessimist vs optimist college students, 11751
validity & utility of separate measures of optimism & pessimism with & without positive & negative affectivity, undergraduate students (mean age 18.7 yrs), study replication, 40818

Pesticides [See Insecticides]

Pet Therapy [See Animal Assisted Therapy]

Pets—Serials

animal & owner characteristics & relationship & housing & feeding conditions & veterinary care, owner reported cat behavioral problems, cat owners, 34432
attachment to & affection for companion animal irrespective of species, cardiovascular reactivity, adult male with pet snake, case report, 6772
behavior before vs after meals presented by owners in their own homes, pet cats & their female owners, England, 6478
behavioral & physiological & immunological stress reactions, dogs, application as indicators of poor dog welfare, 34405
breed & age & sex & age of onset & rehoming & neutering & materials involved & presence of infantile behavior, development of pica, cats, 34408
characteristics & treatment & outcome of household vs nonhousehold aggression toward other dogs, pet dogs, 6531
childhood pet ownership & type of pet, adult self concept, male vs female college students, 29921
development of Comfort from Companion Animals Scale, assessment of perceived level of emotional comfort from pets, 17–73 yr old dog vs cat owners, 6007
diagnosis of motivation & treatment of hole digging behavior, dogs, 34451
dominance associated aggression treatment, dog behavior improvement & owner satisfaction, dogs & their owners, 34411
family member freedom & privileges & advanced & basic skills in factor solution for perceptual dimensions of dog–owner relationship, dog owners, 15723
fear & phobia treatment using habituating & desensitizing & counter conditioning, dogs, 34463
influence on attitudes toward pets & ownership of pets passed from grandparents & parents to children, 42–75 yr olds, 26234
internal consistency & factor structure of Companion Animal Bonding Scale, 18–94 yr old pet owners, 40791
internal consistency & intraobserver reliability of the Companion Animal Bonding Scale, 18–60 yr old male pet owners from Multicenter AIDS Cohort Study, 1991–93, 21124
neutering, cat & dog behavior, 34431
new pet dog, emotional & family & social interactions & health & well being, 8–12 yr olds & their families, 1 yr study, 7357
owner age & husbandry practices & dog medical history & behavior, low vs high dog aggression, English cocker spaniels & their 16–65+ yr old owners, 34458
owner attitudes & treating dog behavior problems, 34337
owner characteristics & interactions & prevalence of canine behavior problems, dog owners, 6498
owner demographics & pet owning reasons & training methods & dog breed & fight circumstances, dogs which cause injury vs are injured & their owners, Germany, 34465
pet attachment & eating & exercise habits, nutritional status & risk factors for cardiovascular disease, 60+ yr olds, 20133
pet behavior & owner attachment levels, cat vs dog owners, England, 6530
pet behavior counselling & therapy, 34341
pets & poetry in relationship between Anna & Sigmund Freud, 15774
pets vs no pets in home setting, systolic & diastolic BP & heart rate & mean arterial pressure & relaxation & activity levels, 58–82 yr olds with essential hypertension & other medical conditions, 8552
phobia diagnosis & treatment, dogs, 34475
presence vs absence of companion cats vs dogs, stereotypes & perceptions of psychological attributes of male vs female pet owners, 14–47 yr old university business students, New Zealand, 22464
regular association with pets, caregiver burden & life satisfaction & depression, 25–91 yr old nonprofessional caregivers of patients with Alzheimer's disease, 9492
sex &/vs coat color type, levels of aggression & existence of rage syndrome, neutered vs nonneutered English Cocker Spaniels, England, 6520
sources & types of noise & effect on animal welfare, dog housing facilities, 34338
use of dogs in therapy or childhood trauma support group, calming influence & role of alerting therapist to distress situation, patients with dissociative disorder, 23590
validity & reliability of aggression behavior test for breeding exclusion, biting vs nonbiting dogs, models for unacceptable aggression, Netherlands, 34449
visiting vs resident vs no dog, Profile of Mood States scores, 56–105 yr old nursing home residents, 2 yr study, Australia, 9508
whisker trimming of offspring, female cats, case reports, 34420

Peyote—Serials

interrelationship of culture & mental health & ethnographic observations of spiritual healing in Native American Church & clinical interpretations of drug use, Navajo members of Peyote Religion, 38495

Phantom Limbs—Serials

amputation etiology & gangrene &/or infection & phantom limb pain, 18–73 yr old unilateral lower extremity amputees, England, 8502

regional anesthesia, cortical reorganization in somatosensory cortex, 24–72 yr old amputees with vs without phantom limb pain, 42690
role of cutaneous nociceptors & spinothalamic neurons in spontaneous & touch evoked pain, 47 yr old male with phantom limb pain, case report, commentary, implications for neuropathic pain, 4572
role of cutaneous nociceptors & spinothalamic neurons in spontaneous & touch evoked pain, 47 yr old male with phantom limb pain, case report, commentary reply, implications for neuropathic pain, 4500
Pharmacists—Serials
attitudes to consulting pharmacists & preferences on sources of information on health & drug matters, 65+ yr olds, Wales, 39943
pharmacy & client & regulatory factors & physician practice, retail pharmacy prescribing, developing countries, implications for change in prescribing behavior, 16749
Pharmacology [See Also Psychopharmacology]—Serials
atypical antipsychotic ICI 204,636, affinity for dopamine & 5-HT receptor binding & prolactin elevation & catalepsy & other behaviors & dystonia & extrapyramidal side effects lability, rodents, 6922
behavioral & neural & neuropharmacological mechanisms of observatory & associative learning & memory during classical conditioning & natural behaviors, honeybees, 29332
caffeine intake & pharmacokinetic measures of rate of caffeine metabolism, withdrawal symptoms, normal adults, 6960
cDNA clone encoding novel G-protein-coupled dopamine receptor in Drosophila heads, increased intracellular calcium & cyclic adenosine monophosphate levels & pharmacological profile, 18153
connection between pharmacology of glutamate & schizophrenia, 43192
famotidine pharmacokinetics & induced delirium, hospitalized 67–76 yr olds with neuropsychiatric disturbances & stress ulcers, 13146
fluoxetine, hypoprothrombinemic response of warfarin, chronically anticoagulated 51–81 yr olds, 32412
fluvoxamine-clomipramine interactions & response, therapy resistant depressed male 62 yr old with low drug plasma levels due to rapid metabolism of cytochrome P-450 isozymes, 12956
genetic & molecular biology & pharmacology advances in study of dopamine D1 & D2 in mammalian brain, implications for psychiatry, literature review, 21613
hypotheses of potentiation of serotonergic function by norepinephrine uptake inhibitors, implications for mechanism of action of antidepressant medications, conference presentation, 11189
iv vs sc vs ip vs po midazolam, pharmacokinetics & bioavailability & DRL performance, chronically food-limited male rats, 3239
mechanisms of action & advantages of 2nd generation antidepressants vs monoamine theory & receptor adaptation hypothesis of antidepressant action, conference presentation, 11160
mirtazapine enhancement of noradrenergic & serotonergic transmission & other pharmacological profile characteristics, conference presentation, 11125
mode of action & antidepressant effect & metabolism & bioavailability & dosing of nefazodone, 6978
multiple receptor subtypes of partial agonism, heterogeneity of benzodiazepine receptor ligands in anxiolysis & sedation & hypothermia & hyperphagia & anticonvulsant/proconvulsant activity, male rats, 3202
objectives & methods of study of pharmacology of memory & evolution of concept of memory, research on psychotropics & nootropics & atropinics & cholinergic transmission agonists, 3185
onset of action of antidepressants & time course of improvement & recovery, depressed 17–73 yr olds, Switzerland, meta analysis, 13053
pathobiochemical mechanisms & potential pharmacological intervention in cerebral ischemia, 9255
pharmacokinetic profile & bioavailability of selective 5-HT 1B/1D receptor agonist zolmitriptan 311C90 & its effectiveness as acute migraine treatment, 39903
pharmacokinetics & clinical efficacy & brain & plasma levels of fluvoxamine, 18–65 yr olds with obsessive compulsive disorder, 32557
pharmacokinetics & drug interactions of clozapine vs olanzapine vs sertindole vs risperidone, conference presentation, 25571
pharmacokinetics & pharmacodynamics of coadministration of nefazodone & haloperidol, healthy male 22–31 yr olds, 6820
pharmacokinetics & plasma levels of tricyclic antidepressants, 28 & 41 yr old pregnant females with recurrent major depression, case reports, letter, 9025
pharmacokinetics interactions & clearance rates following abrupt switch from fluoxetine to paroxetine, 42–69 yr olds with major depression or other mood disorder, 12962
pharmacokinetics of lithium carbonate vs liquid lithium citrate, retitration after change in lithium form, male prepubescent 9 yr old with aggressive & oppositional behaviors, case report, 9147
pharmacology & distribution of norepinephrine transporter in locus coeruleus & raphe nuclei of brain, 26–78 yr old postmortem humans, implications for etiology of psychiatric illnesses, 29342
pharmacology & pharmacokinetics & plasma level monitoring of citalopram & other selective serotonin reuptake inhibitors, conference presentation, 9033
pharmacology of selective serotonin reuptake inhibitors, children & adolescents, clinical implications, literature review, 36472
po vs iv dexamethasone bioavailability & peak plasma level & time to maximum concentration & elimination half-life & DST outcome, melancholically depressed inpatients, 27440
preclinical pharmacology of clozapine & risperidone & olanzapine & sertindole & quetiapine, conference presentation, 25604
serotonin systems & pharmacology & 5-HT receptor agonists & antagonists, anxiolytic effects, 19239
shift from neuropsychopharmacological to interactive molecular biological paradigm in study of addictive disorders, 8270
standardization of therapeutic blood concentration ranges for thiothixene & other antipsychotics, laboratories, 32465
standardization of therapeutic blood concentration ranges for thiothixene & other antipsychotics, laboratories, commentary, 32386
susceptibility to drug effects & difficulty in recruitment & dropout rates, exclusion of elderly Ss from pharmacological treatment research, conference presentation, 32533
transformation of technological identity in response to biotechnological revolution, pharmaceutical firms' drug discovery technology & performance, 13992
validity & variability of results of pharmacological experiments using elevated plus maze, animals, implications for animal model of anxiety, 15045
Pharmacotherapy [See Drug Therapy]
Pharyngeal Disorders—Serials
severe life events in 12 mo before onset of globus pharyngis, patients, implications for psychological diathesis & social stress factors in etiology, 8467
Phenaglycodol [See Sedatives]
Phencyclidine—Serials
chronic neurotoxic doses of PCP, regional brain glucose metabolism at 24 hrs vs 10 days, female rats, implications for PCP induced psychosis, 3211
concurrent saccharin, oral PCP self-administration in progressive ratio schedule, rhesus monkeys, 41514
drugs of abuse, behavior under fixed consecutive number schedules, rats, 41523
food restriction vs satiation & water with PCP vs ethanol in concurrent self-reinforcement, drug-maintained responses & deliveries & break points in behavioral economics of demand, male monkeys, 18333
GABA agonists & PCP & bicuculline, muscimol-like discrimination, male rats, 25580

gammahydroxybutyrate, reinforcement of PCP self-administration & generalization of PCP & heroin discriminative stimulus effects & antagonism of cocaine discrimination, monkeys, 18268
haloperidol vs clozapine vs olanzapine vs other 5-HT receptor specific antagonists, attenuation of PCP induced hyperlocomotion, male mice, 18293
injections of phencyclidine vs MK-801 vs 3-((+)2carboxypiperazin-4yl)propyl-1-phosphate into various sites of nucleus accumbens & frontal cortex, lever press behavior, rats, 6846
nitric oxide inhibitor L-NAME & PCP & amphetamine, locomotor activity & prepulse inhibition of acoustic startle, male rats, animal model of schizophrenia, 38116
PCP analog dizocilpine, prepulse inhibition & facilitation of acoustic startle response, male rats, animal model of sensory gating in schizophrenia, 29500
PCP vs amphetamine, neurochemical effects & schizophrenia-like symptoms, humans & animals, implications for role of dopamine metabolism, model of schizophrenia, literature review, 7084
PCP vs D-amphetamine, extracellular neurotensin-like immunoreactivity & dopamine in ventral striatum & medial prefrontal cortex & spatial organization of & activation of open field behavior, rats, 595
phencyclidine dose, concentrations of neuropeptide Y & peptide YY in 14 regions, rat brains, 29604
phencyclidine, neurochemistry & function of prefrontal cortex & cognitive functioning, vervet monkeys, 41474
picrotoxin, effects of pentobarbital vs diazepam vs phencyclidine in matching performance, male pigeons & squirrel monkeys, 7108
remoxipride & risperidone & sertindole & olanzapine & quetiapine, phenylcyclidine-induced stereotyped behaviors & social interaction, male rats, animal model of schizophrenia, 41518
subchronic PCP, mesoprefrontal dopamine use & prefrontal cortical-dependent cognition, male rats, implications for schizophrenia, 41475

Phenelzine—Serials
acute dose of phenelzine, plus-maze induced anxiety & brain GABA levels, male rats, 7022
desipramine vs phenelzine, symptoms, 18–65 yr old outpatients with recurrent unipolar depression, 32561
fluoxetine vs phenelzine, patients with mood-reactive atypical depression, 13025
long term effectiveness of phenelzine vs imipramine, patients with atypical depression, 23934
low dose phenelzine, patients with chronic fatigue syndrome, 1 mo followup, 9276
risperidone & phenelzine, male patient with agitated depression crisis, case report, 27465

Phenethylamines—Serials
iv self-administration of phenethylamine derivatives, male baboons, 7061
subchronic imipramine vs venlafaxine, BP & heart rate, 24–63 yr old inpatients with major depression, application of 24 hr monitoring of drug safety, 9075
urine phenylethylamine & cortisol & self rated mood, postpartum vs nonpregnant females, 4128

Phenobarbital—Serials
audiovisual CS paired with injections of sodium phenobarbital or water, leverpressing for food pellets, rats, 37822
detoxification with phenobarbital vs clonazepam, 23–44 yr old outpatients dependent on sedative in methadone maintenance treatment program, 24302
phenobarbital-induced disinhibition & increased morbidity & prolonged hospitalization & valproic acid, 39-yr-old developmentally disabled male with moderate mental retardation & grand mal seizures, 36412
tetrahydrodeoxycorticosterone vs diazepam & midazolam vs phenobarbital, number of rearing events & steps ascended in mouse staircase test, male mice, 15076
zolpidem vs phenobarbital with promethazine, preanesthesiological emotional states, 17–39 vs 40–64 yr old surgical patients, Germany, 32721

Phenomenology—Serials
analysis of black hole phenomenon using Freudian & Kleinian & self psychology & phenomenological & interactional channels, 56 yr old female with severe narcissistic personality disorder, 1100
C. Walker's interpretation of Karl Jaspers' phenomenology, commentary, 29657
C. Walker's interpretation of Karl Jaspers' phenomenology, commentary, 29653
clinical features of reversible cognitive dysfunction, 65+ yr olds with delirium, 39061
cognitive neuroscience perspective of loose associations & disordered behavior in phenomenology of psychotic experience, adult male, 26512
cosmobiological balance of emotional & spiritual worlds & phenomenological structuralism in traditional medical thought, China, 16719
critical oral history as applied phenomenological psychology of burden of nuclear responsibility in Cuban Missile Crisis, 18661
critical oral history as applied phenomenological psychology of nuclear burden in Cuban Missile Crisis, commentary, 18677
definition & classification & phenomenological aspects & culture specificity vs nonspecificity of koro, 15859
definitions of emotional abuse experience using existential-phenomenological approach, 27–54 yr old females, 39154
design-based approach toward information processing account of emotional episodes, implications for phenomenology & interpretations of mental phenomena, commentary, 18383
disciplined description preceding interpretation in examination of D. Meltzer's psychoanalytic account of post-Kleinian phenomenology of sincerity derived from H. Pinter's "The Dwarfs", 30587
disciplined description preceding interpretation in examination of D. Meltzer's psychoanalytic account of post-Kleinian phenomenology of sincerity derived from H. Pinter's "The Dwarfs", commentary, 30634
disciplined description preceding interpretation in examination of D. Meltzer's psychoanalytic account of post-Kleinian phenomenology of sincerity derived from H. Pinter's "The Dwarfs", commentary, 30613
existential-phenomenological perspective on resistance in counseling & psychotherapy, 32082
existential phenomenology & use of phenomenological interviews as way of examining experiential aspects of performance or sport participation, 20833
experiences & quality of life & health habits & lifestyle changes assessed using phenomenological framework, 29–75 yr old breast cancer survivors, 36037
experiential concepts & interface between phenomenology & logical formulation & crossings at work in metaphor & all language use & artificial intelligence, 14101
factor analysis of disorganization & psychomotor poverty & hallucinations & delusions, schizophrenic 16–66 yr olds, England, implications for positive/negative phenomenology, 22853
free will & neuropsychiatry & phenomenology, implications for compatibility of free will with temporal properties of consciousness, commentary, 18382
free will & neuropsychiatry & phenomenology, implications for compatibility of free will with temporal properties of consciousness, commentary, 18378
free will & neuropsychiatry & phenomenology, implications for compatibility of free will with temporal properties of consciousness, 18388
free will & neuropsychiatry & phenomenology, implications for compatibility of free will with temporal properties of consciousness, commentary, 18389
free will & neuropsychiatry & phenomenology, implications for compatibility of free will with temporal properties of consciousness, commentary reply, 18387
Freudian dream formation & psychoanalytic trauma psychology perspective on phenomenology of chronic PTSD symptoms & DSM-IV diagnostic criteria, 22888
historical view of phenomenology & conceptual boundaries & symptoms of obsessive-compulsive disorder, 31120

homogeneity in patient documentation of symptomatic phenomenology of attacks & physician's confidence of diagnosis, 16–67 yr olds with panic attacks & their primary care physicians, 4208
integration of analytical psychology & existential phenomenology, 17537
interview with Amedeo Giorgi & his intellectual biography & theoretical & methodological innovations for foundations of phenomenological psychology, 10336
intuition as form of esoteric knowing vs phenomenological interpretation of intuition as accessible to conscious understanding, counselors, 23663
issues in analysis of Dasein's struggle for authenticity & M. Heidegger & J. P. Sartre & psychoanalytic viewpoints, 35385
issues in integration of psychiatry & philosophy of hallucinations & auditory hallucinations in schizophrenia in form of human voices, 35626
K. Jaspers' phenomenological approach to psychopathology & turn of century Methodenstreit over nature & scientific status of human sciences & Kantian vs Husserlian influences, 7812
meaning of power & powerlessness in lived experiences using Heideggerian phenomenology & hermeneutical philosophical framework, psychiatric nurses, 40302
overview & phenomenological critique of DSM-III & DSM-III-R & DSM-IV, 1142
perceived influence of E. Husserl's early philosophical phenomenology on K. Jasper's psychopathological phenomenology, 13525
perception as established relation between person & world, concept of "intentional arc" in work of M. Merleau-Ponty, implications for psychological phenomenology of perception, 18385
phenemonology & predicting violent behavior, patients with delusional behavior, implications for psychiatric assessment, 35457
phenomenological analysis of experience of disillusionment by significant other, 20–50 yr olds, implications for coping & psychotherapeutic exploration, 18886
phenomenological analysis of general psychological principles in H. Kohut's self psychology, 19048
phenomenological analysis of relationship between forgiveness & reconciliation & methodology of N. Fow, 19028
phenomenological analysis of switching between alters, female patients with dissociative identity disorder, 30734
phenomenological analysis of TV commercial as means to examine implications of mass-commodity culture, 37250
phenomenological exploration of dream interpretation, Xhosa speaking people, South Africa, 329
phenomenological investigation of social participation, 35197
phenomenological perspectives on symbolic cognition & relation to myth & rituals & healing & empowerment, 3934
phenomenological psychological interpretation of biblical parable of prodigal son with focus on father's self image, 29645
phenomenological soundness & internal consistency of ICD-10 1992 & 1993, 40827
phenomenological view of switching alters in dissociative identity disorder, theoretical implications, 30733
phenomenology & demographics & comorbidity & neurobiology & treatment, patients with trichotillomania, literature review, 26379
phenomenology & observations of psychic contact in imaginal space & transpersonal interaction, adults, implications for psychotherapy, 331
phenomenology & treatment, 16–43 yr olds with offensive type taijin-kyofu-sho, US vs Japanese & Korean data, 31067
phenomenology in psychiatry & psychoanalysis, 43072
phenomenology of mania, adolescents vs adults hospitalized with bipolar disorder, 22782
philosophical convergence & divergence in K. Jaspers's view of psychopathology & E. Husserl's early phenomenology & descriptive empirical vs eidetic psychology, 10351
post-structuralism & phenomenology in development of sociology of impairment vs social model of disability, 39373
prevalence of dementia, 60 yr olds & older, rural India, 42830
rate of psychiatric symptoms, 65 yr olds & older with with learning disabilities & dementia, England, 39266
self reported cognitive & emotional & motivational symptoms after concussion, literature review, 39504
sociodemographic features & phenomenology & psychiatric comorbidity, 18–58 yr olds reporting compulsive sexual behavior, 22884
suspension of presuppositions in phenomenological psychological methodology, 6
transpersonal psychology & existential phenomenology & psychoanalysis in discovering sacredness in everyday life, 33–39 yr olds, 11791
4 factor model of schizophrenia phenomenology consisting of negative symptoms & premorbid social adjustment deficits & reality distortion & disorganization, monozygotic twins, 4165

Phenothiazine Derivatives [See Chlorpromazine, Fluphenazine, Perphenazine, Thioridazine, Trifluoperazine]

Phenotypes—Serials

apolipoprotein E genotype, phenotypic heterogeneity between vs within families, male vs female Ashkenazi Jewish vs White-Hispanic vs Caucasian individuals with familial Alzheimer's disease, 31826
apolipoprotein E locus variability, phenotypic expression of various psychiatric symptoms, patients with Alzheimer's disease (mean age 73.6 yrs), 19622
apolipoprotein E phenotype, plasma lipid & lipoprotein concentration & chemical composition, 35–62 yr old male alcohol abusers, 39209
auditory EP deficit as model endophenotype in schizophrenia for biochemical & molecular & genetic research, implications for role of nicotinic receptor, 31006
auditory EP P50 amplitude, auditory sensory gating development & phenotype, 10–14 vs 15–19 vs 20–39 yr olds including monozygotic vs dizygotic adolescent twins, implications for schizophrenia, 15183
behavioral & neurologic & phenotypic characteristics, 9–31 yr olds with inv dup(15) syndrome, case reports, 36054
broader autism phenotype defined by social & communication deficits & stereotyped behaviors, mothers & fathers of 4–28 yr old autistic siblings vs 2–27 yr olds with Downs syndrome, 23170
correlations between directional asymmetry in testes size & song repertoire size & sperm features, male sedge warblers, Hungary, test of phenotype-linked fertility insurance hypothesis, 34484
CYP2C19 vs CYP2D6 related phenotype metabolizer status, prediction of steady state concentrations of imipramine & desipramine, 24–61 yr olds with major depression, Japan, 12993
diagnostic boundaries of behavioral phenotype for autism & genetic heterogeneity, monozygotic vs dizygotic same-sex preschool age to young adult twin pairs with autism, 12325
environmental vs genetic influences based on phenotypic assortment & twin resemblance, educational attainment, male vs female twin pairs in cohorts born before vs after 1950, Australia, 3023
executive function & cognitive phenotype & development of prefrontal lobe functions, 8.8–12.2 yr old females with X0,45 vs mixed genotype of Turner's syndrome, 8497
explanation of directed mutation & phenocopies & other anomalies of neo-Darwinism on basis of cellular quantum system & its measurement, 37943
genetic vs environmental covariance, prediction of general intelligence by elementary cognitive tasks, 6–13 yr old monozygotic vs dizygotic twin pairs, 3032
genetics & phenotypic variance of temperamental traits postulated by regulative theory of temperament, monozygotic vs dizygotic male & female same sex 21–66 yr old twin pairs, 10916
geographic location & genetics & evolution, behavioral phenotypic variation, 3 spined sticklebacks, implications for behavioral ecology, 448
human behavioral genetics & evolutionary evidence for biological mechanisms of randomness, genotype diversification vs canalization of phenotypes, 41294

mode of inheritance & locus heterogeneity & assumed phenocopy rates, statistical power in detection of linkage, bipolar affective disorder pedigrees, 4107
models of effects of social homogamy vs phenotypic assortment, similarity of fluid ability, monozygotic & dizygotic twins & their spouses, comparison of family environmental & genetic influences, 3034
multipoint sibling pair analysis of quantitative traits in behavioral genetics, conference presentation, 10908
parasitism & phenotypic uniformity & conspecific stimulus shoals consisting of fish with vs without externally visible black spots, shoal choice, banded killfish, 401
phenotypic & genotypic correlations of parameters of visual EPs & indices of verbal & nonverbal & general intelligence, 18–25 yr old monozygotic vs dizygotic twins, 10909
phenotypic characteristics, individual recognition & reduction of distress bleats, 2–3 wk old twin vs nontwin lambs, 37909
polymorphism at site of dopamine D3 receptor gene & phenotype, psychiatric symptoms, patients with 1st episode schizophrenia, 12040
possibility of phenotyping to account for metabolic variability in response to antidepressant medication, patients with major depression, 43189
prevalence of TaqI A1 & B1 alleles & individual vs haplotype short tandem repeat polymorphisms at dopamine D2 receptor gene locus, alcoholic Chinese Han vs Atayal vs Ami males, Taiwan, 8264
small anticipatory saccades causing abnormal smooth pursuit eye movements, phenotypic marker of vulnerability to schizophrenia, 6–15 yr old children of schizophrenic parents, 7989
throat color variation associated with different behavior, strategies within population cycle based on in fitness vs stable phenotypes, male side-blotched lizards, 6424
tics & obsessive compulsive & attention deficit symptoms as bilineal transmission of Tourette's disorder phenotypes, descendants & married-in spouses of 4-generation pedigree, 8479
traits & symptoms defining phenotype connected with specific genotype, schizophrenic patients, 4155
wing color & length & spot type, flight & intra- & interspecific interaction & movement behaviors, 1st & 2nd generation speckled wood male butterflies in woodland areas, 21591

Phenoxybenzamine—Serials
flupenthixol or D2 receptor agonists or antagonists or phenoxybenzamine, haloperidol induced increase in prolactin release from GH4C1-hD2 cells, 7017

Phenylalanine [See Also Parachlorophenylalanine]—Serials
dietary phenylalanine challenge, tardive dyskinesia symptoms & involuntary movements & recall memory & plasma phenylalanine, schizophrenic 28–65 yr old males with tardive dyskinesia, 26509
frontal lobe vs posterior lesions & concurrent phenylalanine level, cognitive functioning, 17–39 yr olds with phenylketonuria, 8491
lowered plasma tyrosine & phenylalanine, noradrenergic function as measured by evening rise in concentrations of plasma melatonin, 24–31 yr olds, 7072
phenylalanine, cognitive & behavioral functioning, 10–16 yr olds with treated classical phenylketonuria, 39368

Phenylethylamines [See Phenethylamines]

Phenylketonuria—Serials
frontal lobe vs posterior lesions & concurrent phenylalanine level, cognitive functioning, 17–39 yr olds with phenylketonuria, 8491
phenylalanine, cognitive & behavioral functioning, 10–16 yr olds with treated classical phenylketonuria, 39368
simple motor RT & sustained attention, adolescents & adults with untreated non-PKU-hyperphenylalaninemia, 4577

Phenytoin [See Diphenylhydantoin]

Pheromones—Serials
coding of pheromone stimulus quality & intensity & temporal patterns, dose response curve of single pheromone receptor neurons, moths, conference presentation, 21765
depth regime, hydrodynamic model simulation of dispersal of fish pheromone in open ocean, role of threshold sensitivity of olfactory receptors in odor field size, 21756
genetic feminization of pheromones, sexual orientation & behavior, male Drosophila, 34611
lectin binding to surface glycoproteins, mate recognition cues, sibling Coullana species, conference presentation, 14960
mate recognition pheromone density & location & oligosaccharide & protein structure, discrimination of females, male rotifers, conference presentation, 14965
mRNA encoded G-protein-coupled subunits adenylyl & guanylyl cyclases & nucleotide-gated ion, sensory transduction pathways in vomeronasal organ & pheromone signaling cascade, mice, 10923
pheromone exposure, spawning, Pacific herring, 38029
pheromones & kairomones, aggregation dynamics, sandflies, implications for insecticide spraying programs & control & reduction of sandfly population, 29138
pheromones as tools for olfactory research, conference presentation, 21758
sexual & mating behavior & pheromonal emission, male & female Eurycotis floridana, 6489
simplicity vs modifiability of responses to pheromones, invertebrates vs vertebrates, implications for neuroethology of olfactory function, conference presentation, 21776
steroid levels & responsiveness to spawning pheromone, Pacific herring, 38028

Phi Coefficient—Serials
correlated errors & changing error variances, generalizability & dependability coefficients, 10564

Philippines—Serials
differential item functioning & cross-cultural measurement equivalence & cultural mean trait differences of NEO Personality Inventory, 18–66 yr olds, Philipines vs US, 33981
identification & classification of adjectives into person descriptive categories based on Big Five personality domains, college students, Philippines, comparison with other languages, 1051
social psychological dimensions of political conflict resolution, Philippines, 18753
sociopsychological processes in local government project & establishment of Peace Zone, war refugees in citizen based peacemaking during protracted war, Philippines, conference presensation, 35019

Philosophies [See Also Animism, Determinism, Dualism, Epistemology, Existentialism, Fatalism, Hermeneutics, Humanism, Idealism, Logic (Philosophy), Materialism, Metaphysics, Mysticism, Pacifism, Phenomenology, Positivism (Philosophy), Postmodernism, Pragmatism, Realism (Philosophy), Reductionism, Relativism]—Serials
agency vs cognitive Kantian accounts of schizophrenic symptom of thought insertion, 12027
agency vs cognitive Kantian accounts of schizophrenic symptom of thought insertion, commentary, 12069
Alfred North Whitehead's process philosophy & Ken Wilber & transpersonal psychology, 18360
Aristotelian vs Galileian modes of thought in development of DSM taxonomy & application to schizophrenia, 15934
C. Walker's interpretation of Karl Jaspers' phenomenology, commentary, 29657
C. Walker's interpretation of Karl Jaspers' phenomenology, commentary, 29653
chaos theory from perspective of philosophy of science & its application to vocational counseling, 34737
classical tradition of self exploration vs modern paradigm of genetic determinism as cause of behavior, implications for psychoanalysis & psychiatry, 24471
concept of autonomy in psychiatry & philosophy, 11703
conceptions of personhood in philosophy of D. Parfit & neuropsychiatry & psychotherapy, commentary, 12769
conceptions of personhood in philosophy of D. Parfit & neuropsychiatry & psychotherapy, 12766
consequentialist vs relativist pragmatist theory of knowledge in principle vs adequate concept of justification of beliefs, 11243
contemporary mechanistic philosophy & contextualism & relation to behavior analysis, commentary reply, 5920

contribution of Socratic dialog to congruency of inner & outer world & decisive judgment & questioning & examination of logical conformity in psychotherapy, 8777
cultural & contextual & philosophical assumptions implicit in nursing diagnosis, 20178
dialogic relationship paradigm, creation & social construction of inner self through utterances & joint action, 18625
dual nature of moral reality & individual reality, reconciling high school students' neighborhood & teachers' middle class values, implications for quality schools, 33332
empirical studies of common sense psychology & relevance to philosophical debate, 10343
ethical & philosophical origins of term cognitive or cognitivism in psychology & differences from traditional mentalism, 2458
ethics & classic & romantic visions in psychoanalysis as exemplified by M. Klein & D. Winnicott, 36382
existentialism & social philosophy & psychoanalytic phenomenology of pathogenesis & development of collective egos & relations within & between groups, 15125
genderist philosophy as foundation for transformation of marriage & family therapy-accredited master's program, 43513
H. Bergson's philosophy of memory & theory of dreaming as selectionist process, 29009
ideologies & politics & reluctance to change as obstacles to scientific inquiry into organizational dynamics & promotion of effectiveness, 17374
ideology vs technology, shaping & development of societies, 25980
influence of F. Nietzsche's philosophy on social construction & postmodern historiography, 21955
intentional potency & anti-individualism, 41550
interplay of psychological & philosophical approaches to consciousness & role of empirical evidence on metacognition, commentary, 18988
interplay of psychological & philosophical approaches to consciousness & role of empirical evidence on metacognition, commentary reply, 18987
interplay of psychological & philosophical approaches to consciousness & role of empirical evidence on metacognition, commentary, 18972
Jungian theory of psychological types & application to Kantian transcendental subjectivism & theory of archetypes & introverted communication, 11820
K. Jaspers' phenomenological approach to psychopathology & turn of century Methodenstreit over nature & scientific status of human sciences & Kantian vs Husserlian influences, 7812
L. Wittgenstein's approach to mechanistic language & moral responsibility & personality disorders & psychiatry, 12113
L. Wittgenstein's approach to mechanistic language & moral responsibility & personality disorders & psychiatry, commentary, 12114
language-independent classification of part–whole relations phenomenon in language processing & visual perception & general problem solving, implications for expert systems, 671
mentoring relationship in psychiatry & literature & philosophy, 36860
modern vs postmodern philosophy & schizophrenic experience as related to social control, 19187
naturalistic philosophy of moral responsibility & free will, 29652
new understanding of Plato's wandering uterus theory of hysteria as 1st rudimentary psychosexual theory of hysteria, psychoanalytic implications, 22881
opposition to ideal system or Cartesianism in 19th century Anglo-Canadian psychology, 20941
patterned process approach to brain & conciousness & behavioral processes, 41548
perceived influence of E. Husserl's early philosophical phenomenology on K. Jasper's psychopathological phenomenology, 13525
philosophical & methodological tension & medical & humanistic models & social constructivists & health care crisis, 39760
philosophical base incorporating humanness for reconstruction of educational practice, South Africa, 40334
philosophical convergence & divergence in K. Jaspers's view of psychopathology & E. Husserl's early phenomenology & descriptive empirical vs eidetic psychology, 10351
philosophical debate in rational emotive behavior therapy that we are/are not our acts, 27199
philosophical perspective of naturalized ought & "God given conscience" for human morality & sense of fairness & self interests, 29656
philosophical perspective of self-control & temptation & intentional behavior, addicts, 31327
philosophical view of insight & thinking & delusion & rationality in mental disorders & psychiatry, 11891
philosophical view of insight & thinking & delusion & rationality in mental disorders & psychiatry, commentary, 11886
philosophical view of insight & thinking & rationality & delusion in mental disorders & psychiatry, commentary, 11903
philosophical view of insight & thinking delusion & rationality in mental disorders & psychiatry, commentary, 11887
philosophy of science & reductionism & theories & testing theories & psychoanalysis, conference presentation, 30629
postmodernism in social science & epistemology & organizational studies, framing of issues in terms of modernism/postmodernism, 2258
principles & processes of synergistic ideal, 670
psychological reinterpretation of Lao Tzu's Taoistic cognition & objectivity & creativity, 21956
R. Harre's social constructionist psychology & concept of psychological being, 30322
rationale & justification for teaching history & philosophy of science & model for inclusion in science curriculum, 36971
reductionistic/positivistic & phenomenological/naturalistic philosophies in assessment & evaluation of counseling, 36205
relationship & importance of philosopher M. Foucault to family therapist M. White, applications to family therapy, commentary reply, letter, 17075
Rogers' person centered psychology approach & relation to Taoism in Japan, 4930
school ethos, frequency & type of bullying behavior, male vs female elementary & high school students, England, 13794
selectionistic & mechanistic accounts of Skinner's 3-term contingency of reinforcement on pragmatism & determinism & natural selection & operant behavior, 29654
support for New Age Effect as seen in changes in planetary conditions & natural disasters & changes in humans' love for God & each other & earth, 1987–88, 15111
Taoist philosophy & application to psychological research, 3301
theories of man & consciousness & history & understanding of psyche & culture, Freud & G. Vico, 37360
treatment of words in Confucian Analects & theoretical perspectives for analyzing communication in Asian societies, China & Japan & Korea, 38187
use of philosophical literature for design of ontological categories for knowledge-based systems, 2420
use of philosophy & philosophic logic in practice of psychiatry, 20943
utility of measure for assessment of philosophical assumptions toward positions held by philosophers & biologists & psychologists, college students in history of psychology course, 24556

Philosophy of Life [See World View]

Phobias [See Also Agoraphobia, Claustrophobia, Ophidiophobia, School Phobia, Social Phobia]—Serials

acute anxiety, salivation, females with simple phobia of spiders, New Zealand, 1315
anxiety, memory for details, 16–60 yr old female spider phobics, 39100
anxious responses to internal & external stimuli, 8–14 yr old offspring of patients with panic disorder vs animal phobia, 8052
attitudes toward bisexuality & demographic predictors of biphobia & homophobia, 18–34 yr old college students, 30262

behavioral assessment of childhood phobias, 28489
bovine spongiform encephalopathy phobia, 35 yr old female & 25 yr old male with hypochondriasis, UK, case reports, 35672
classificatory differences in R. G. Menzies & J. C. Clark's & L.-G. Ost & K. Hugdahl's Origins Questionnaires, assessment of origins of specific phobias, adult outpatients, Australia, 6045
clinical characteristics, adults with severe fear of flying, 39101
cognitive vulnerability representations of perceived danger & uncontrollability & unpredictability & disgustingness, fear of spiders, 17–47 yr old college students, Australia, 19226
comorbidity with phobias & other mental disorders & drug abuse, young adults with major vs recurrent brief depressive disorder, 10 yr study, Switzerland, 11938
computer generated virtual reality & tactile exposure, anxiety & avoidance & attitudes, 37 yr old female with spider phobia, case report, 32150
creativity & aesthetic experience in literary & psychotherapeutic process, adult female with phobic fears, 12788
defense style, outcome of behavior therapy, 16–51 yr olds with spider phobia, 12850
developments & future directions in computer-assisted treatment of phobia, 8712
direct traumatic conditioning & systemic alarms in etiology of phobias, 19232
disease phobia concerned with major depression, 41 yr old schoolteacher & 46 yr old physician & 15 yr old female brought in by her 45 yr old mother, 22890
emotive imagery treatment, 7–10 yr olds with clinically significant darkness phobia, 16528
emotive performance treatment, 4–8 yr olds phobic of dark & loud noises, 1742
exposure vs participant modeling, 26 yr old female with resistant injection phobia, 23751
eye movement desensitization & reprocessing vs exposure in vivo, 9–14 yr old females with spider phobia, 39717
eye movement desensitization reprocessing, spider phobia, female 18–23 yr olds, 8854
factor analysis & cross validation of Medical Fear Survey & Medical Avoidance Survey, assessment of blood & injury & injection fears & phobias & prediction of related fainting, 17–76 yr olds, 87
fear & phobia treatment using habituating & desensitizing & counter conditioning, dogs, 34463
fear related vs unrelated stimuli, startle reflex modulation & autonomic responses, females high in animal vs blood injury fear, Germany, 18249
Freud's explanations of Little Hans's phobia in terms of toxicological theory vs displacement vs sibling rivalry vs flight from pleasure & sexual theories of children & primal fantasies, commentary, 11817
Freud's explanations of Little Hans's phobia in terms of toxicological theory vs displacement vs sibling rivalry vs flight from pleasure & sexual theories of children & primal fantasies, 11808
Freud's explanations of Little Hans's phobia in terms of toxicological theory vs displacement vs sibling rivalry vs flight from pleasure & sexual theories of children & primal fantasies, commentary, 11804
graduated exposure therapy, elevator phobia, 31 yr old Asian male, case report, 32165
hyperventilation & carbon dioxide inhalation responses, 18–65 yr old patients with specific phobia vs panic disorder, 42357
implosive therapy scenes depicting bodily injury vs loss of control vs death, self reported fear responses, female 18–44 yr olds with high vs low fear of bodily injury, 8881
in vivo desensitization & self-modeling, reduction of fear & physiological arousal, 29 yr old female with PTSD & child phobia, 23749
long-term test-retest reliability & procedural validity of University of Michigan Composite International Diagnostic Interview, diagnosis of simple & social phobia & agoraphobia, 15–54 yr olds, 25070
M. Fordham's concepts of deintegration & reintegration & repair & relation to Jungian concepts, 13-yr-old female treated for pigeon phobia, England, 23837
monitoring & blunting coping styles, cognitive symptoms of dental fear, dental phobic 18–62 yr olds, 1973
onset & current symptomatic manifestation & treatment, 22–74 yr olds with severe weather phobia, 1325
origin of spider phobia, 9–14 yr olds, Netherlands, 19241
persistence, comorbid phobic disorders, males with moderate to severe alcohol dependence, New Zealand, 4354
phobia diagnosis & treatment, dogs, 34475
predictors of outcome at 1 wk vs 1 yr after behavior therapy, 18–60 yr olds with spider vs injection vs blood phobia, 4883
prevalence of generalized anxiety & panic & phobic disorders & relation to depression & dementia & activities of daily living & psychotropic drug prescription, 65–100 yr olds, UK, 12090
reliability & validity of Fear of Spiders Questionnaire vs Spider Phobia Questionnaire, 17–48 yr olds, 17658
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, 9054
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, commentary reply, 32600
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, commentary, 32390
sociodemographic & clinical characteristics, Hispanic vs Caucasian 6–17 yr olds with phobic &/or anxiety disorders, 8024
strategic vs automatic biased information processing, performance on Stroop color word test, adults with spider vs other phobias, 31123
symptomatology & prevalence of intestinal & gastrointestinal complaints, comorbidity with depressive & anxiety & phobic disorders, 20 yr olds, 10 yr study, Switzerland, 7845
systematic desensitization & sensory awareness relaxation & ego-enhancing suggestions & hypnosis, phobic anxiety, 39-yr-old female with PTSD, 32635
treatment of childhood phobias, literature review, 36181
validation of videotape as analogous situation for a flight, adults with a phobia of flying, 40860
vicarious & associative learning & familial water-related competence, fear of water, 5–8 & 23–73 yr old non-swimmers, 31079
virtual reality exposure therapy, female 42 yr old with acute fear of flying, 4886
virtual reality therapy, 42 yr old male with fear of flying, case report, letter, 23748
1-session cognitive behavioral treatment or comparable waiting period, attentional bias & spider relevant threat beliefs, spider phobics, 32135
1-session small vs large-group treatment session of exposure & modeling, 18–55 yr old patients with spider phobia, Sweden, 8789

Phobic Neurosis [See Phobias]

Phonemes [See Also Consonants]—Serials

accent phonemes & acoustics & perceptual ability, Spanish vs French adults, 28790
acoustic & articulatory analysis of sibilant phoneme production with vs without auditory feedback, 37 yr old male with cochlear implant, 24355
acoustic cues, labelling of fricatives & affricates, 16–48 yr olds with vs without sensorineural hearing loss, 42870
acoustic differences & phonemic contrasts between synthesized speech syllables, encoding & cortical EPs along auditory pathway, guinea pigs, 25355
analytic & synthetic phoneme training, cognitive abilities predicting growth in explicit phonological awareness & reading/spelling skills & verbal ability, kindergartners, 9899
attentional allocation to syllable structure in American English speech perception, adults, 14557

automaticity & constructivist & psycholinguistic views of reading acquisition & neurological & cognitive models of phonemic representations, 22034
deficits in picture-naming task & on phonological battery at syllable & onset-rime & phoneme linguistic levels, developmentally dyslexic 9–11 yr olds, test of phonological representations hypothesis, 39271
early-acquired knowledge of letter names, spelling, kindergartners & first graders, implications for role of syllables in early writing, 28022
encoding of phoneme & rate information & talker characteristics during speech perception, adults, 41042
filter contrast manipulations, amount of perceptual compensation for spectral envelope distortion & variation of phoneme boundary shifts & vowel continuum shifts, Ss, 25232
high variability perceptual training program, aquisition of the English /r/–/l/ perceptual contrast & production, Japanese adults, 37663
integration & organization of speech percepts for phonemic restoration of dichotically presented words, adults, 10656
language-dependent memory traces, electric & magnetic brain responses to phoneme prototype vs nonprototype, 18–31 yr olds, Finland & Estonia, 29433
lexical activation & phonemic percepts within restoration & adaptation tests, adults, 28883
linguistic status & unit size, performance on phonological awareness tasks, preschoolers & kindergartners, erratum, 3388
metalinguistic word segmentation ability in & phonological & phonemic awareness of Serbo-Croatian, illiterate & semiliterate female 55–76 yr olds, Yugoslavia, 681
parallel licensing model of normal slips & phonemic paraphasias, 42846
phoneme monitoring paradigm for speech perception & spoken word recognition research, 28787
phoneme perception & fine motor skills & mental age, auditory comprehension of language, 4.0–7.8 yr olds with receptive language delay & articulation difficulties, Australia, 8435
phoneme restoration paradigm for spoken word recognition & auditory illusion research, 28805
phonemically confusing stories, listening & reading comprehension & phonemic sensitivity, kindergarten & 2nd grade children, 18473
phonologic recoding & phoneme awareness in early phonological processing skill intervention, reading achievement, low & high-achieving kindergartners, Canada, 36983
phonological & syntactic awareness, reading recoding ability & comprehension, 5.3–6.1 yr olds, 4 yr study, France, 9919
phonological awareness & phoneme identification, dyslexic vs CA matched vs reading level matched children in grades 2–10, conference presentation, 42633
primed naming of entire vs initial vs final phoneme category syllable, adults, test of phonological vs integrative routine hypothesis, 41061
relationship between phonemic awareness & reading achievement, kindergartners, 3 yr followup, 43645
repeated testing on phonemic fricative identification task, speech perception vs production, 21–29 mo olds, 740
rime & coda structure of final consonant clusters in English syllables, 6.3–10.1 yr olds, Australia, 22015
sensitivity to Japanese moraic nasals via phoneme detection task, college students & 18–30 yr olds, Japan vs Netherlands, 17862
spectral smearing, phoneme & word recognition for CVC words, 25–40 yr olds, implications for speech perception difficulties of hearing impaired persons, 14553
spoken word recognition on speech gating task & relation to phonemic awareness & reading, reading disabled 6–14 yr olds, 23184
voiced stop spirantization & phonemes in ESL speech, Spanish speakers, 7151
weighting of acoustic parameters in speech perception & phonemic awareness, 7.8–8.9 yr olds with low SES &/vs chronic otitis media, 23511
word length & lexical decision, correct responses in phoneme counting task, 5–6 vs 6–7 vs 7–8 yr olds vs 6–7 yr old nonreaders, 18484
word spotting & rhythmic characteristics, perceptual segmentation of words, undergraduates, Netherlands, 14572

Phonetics—Serials

acoustic rate of change, perceptual center location in consonant–vowel vs vowel–consonant syllables, listeners, 21304
articulatory characteristics of lingual consonants involving tongue-tip gesture, native speaker of Castilian Spanish, 3311
derivation of quantitative measure of perceptual distance between speech segments, 28792
fricative consonants produced in syllable initial position followed by vowel vs embedded in utterance with preceding voiced vs voiceless stop consonant, voicing characteristics, adults, 38238
fundamental frequency & perceptual space & category goodness, perception of /r/ & /l/, adults, 10665
grammatical & phonetic aspects of prosodic parsing of ambiguities in categories pitch accent & tonally marked phrases in English & Japanese, 11257
interference by variance of features, limited scope of fundamental frequency distance as having greater perceptual weight in height perception of back vowels, listeners, 10657
internal structure of phonetic categories, within category phonetic trading & role of multiple acoustic properties in specification of exemplars of categories, adults, 10663
lexical neighborhood vs lexical status, phonetic word perception, young adults, 28799
perception & imitation & identification & serial ordering of stop consonants, 6–10 yr olds with vs without expressive &/or receptive language impairment, 1479
perception of distinct phonetic information in spoken & sung vowels, adults, 41041
perceptual weighting of acoustic properties relevant to fricative & vowel judgments in speech perception, 3 vs 4 vs 5 vs 7 yr olds vs adults, 38329
phonetic & grammatical complexity & lexical development, 18–33 mo old late talkers, 1480
phonetic & phonological changes, 2–3 yr olds, longitudinal study, 34838
phonetic categorization paradigm for speech perception & spoken word recognition research, 28796
phonetic information from familiar talkers vs sinewave replicas with eliminated natural voice quality & preserved idiosyncratic phonetic variation, talker identification, 30–74 yr olds, 28804
phonetic integration, duplex perception, adults, 6277
phonetic units, mothers' of 2–5 mo olds infant-directed vs adult-directed speech, US & Russia & Sweden, 41648
phonetics, learning to read Chinese, 1st & 2nd graders, Hong Kong, 38322
phonologic recoding & phoneme awareness in early phonological processing skill intervention, reading achievement, low & high-achieving kindergartners, Canada, 36983
phonological process & nontargeted error patterns, Spanish speaking Puerto Rican 3–4 yr olds with phonological disorders, US, 12434
relative intensity & attenuation of formant transition segments, identification of diphthongs, normal hearing vs hearing impaired adults, 17858
rhyming vs non-rhyming pictures, ERPs, reading disabled 12–16 yr olds with poor vs better phonetic ability, 8372
semantically & phonologically related vs unrelated distractors, speech onset time of noun phrases & sentences, college students, Netherlands, 255
stressed & word final syllables in infant vs adult directed speech, 26–39 yr old mothers & their 6–9 mo olds, 21991
technique for analysis of hierarchical structure of phonetic factors in discourse, adults, 28808
theoretical framework & architecture & implementation & evaluation of a system for segment-based automatic language identification, 38233

treatment program to expand phonetic inventory by teaching stimulability, 3.3 yr old female with phonological disorder, 5436
use of ARTPHONE neural network model for rate-invariant phonetic perception to quantitatively explain difficult psychometric data about variable-rate speech categorization, 28338
2-alternative forced choice identification vs categorical same/different discrimination procedures, identification of /t/ & /d/ tokens in English words, 23–36 yr old native speakers of Mandarin, US, 679

Phonics—Serials
clarification of Canadian Psychological Association's position on beginning reading instruction for schools with emphasis on blend of phonics & whole language materials, Canada, 9893
phonological training in print vs nonprint context, phonological awareness of phonically regular vs irregular words, 4–5 yr olds, 11393
reading level & vocabulary reading skills & IQ & hyperlexia, 8.8–12.4 yr old females with genetic disorder of Turner's syndrome, 16264

Phonology [See Also Phonemes, Phonetics, Prosody, Syllables, Vowels]—Serials
ability to label speech sounds & phonological awareness, normal hearing vs hearing impaired 5–7 yr old beginning readers, 1 yr followup, 15221
acoustic & contextual cues, recognition of open & closed class homophones, college students, 41567
age, phonological vs metacognitive decoding skills training in word identification training programs, reading skills, 7–12 yr olds with severe reading disabilities, 43690
age, visual & phonological processing, 12–14 vs 18–36 yr old dyslexics, Tasmania, 26797
American Sign Language-based articulatory rehearsal loop in visuospatial domain of working memory, deaf 18–41 yr olds, 36172
analytic & synthetic phoneme training, cognitive abilities predicting growth in explicit phonological awareness & reading/spelling skills & verbal ability, kindergartners, 9899
articulatory accommodation of conflicting phonological specifications at word boundaries, speakers, 3308
artificial pitch change in auditory feedback, fundamental frequency & reading & speaking pitch, normal hearing adults with vs without nonoptimal phonatory habits, 40202
automony of lexical phonology & orthography in spoken & written naming tasks, 51 yr old male stroke patient, case report, 36045
callosal transfer of finger localization information, 18–40 yr olds with phonological dyslexia, 16207
categorization & feature specification in phonological acquisition, 3.1–5.8 yr olds, 11349
component function, visual recognition of Chinese characters, college students, China, 34268
concurrent prompts, transfer to reading words with vs without shared phonological status, 1st & 2nd graders, 25782
contributions of orthographic & phonological representations in reading comprehension, 34742
damaged recurrent network model of phonologic & orthographic dissociations, application of dynamic systems theory, 34745
development of phonological awareness of sound segments in Chinese language, 3–8 yr olds, Hong Kong, 29830
development of segmental phonological production, bilingual 1.5 yr old male, 3 yr study, Puerto Rico, 25785
dissociation between output phonological & orthographic lexicons, 64 yr old male aphasic stroke patient, case report, 36142
distinctive orthographic to phonological mapping, memory enhancement, college students, 21421
dual lexical vs nonlexical route theory of print to sound translations & pronunciation, college students, 6291
early phonological discrimination skills, later phonological skills & receptive language ability, 3–5 yr olds followed since infancy, 7283
encoding vs retrieval activation of distinctive orthographic to phonological mapping, testing effect, undergraduates, 34278
equilibrium point hypothesis & control of tongue movements & physical regularities associated with phonological sequence produced during variable speech conditions, 3310
ERP & RT & response accuracy during rhyming & semantic classification of spoken words, 9.1–14 yr old average vs impaired readers, 7254
feedback vs feedforward phonology models of consistency effect in visual lexical decision, undergraduates, 28891
feedforward & feedback consistency of spelling & phonology in French monosyllabic words, 15149
focused lexical training intervention, phonological abilities, 23–33 mo olds with expressive vocabulary delays & their 28–42 yr old mothers, 31418
frequency of words, phonology & lexical access & naming of pseudohomophones, adults, 18405
grammatical & phonological aspects of lexical knowledge, 28 yr old male with anomia, case report, 27001
Hebrew orthography using backward masking, prelexical phonological computation of print, young adults, Israel, 25260
homophonic jargon vs real-word errors phonologically related to targets in naming attempts, 66 yr old male with aphasia, case report, application of lexical access & other speech production models, 36057
interference by variance of features, limited scope of fundamental frequency distance as having greater perceptual weight in height perception of back vowels, listeners, 10657
irrelevant sounds, phonological coding in reading comprehension & short term memory, college students, 2801
irrelevant speech & phonological similarity effects measured by ERPs, 20–41 yr olds, test of phonological loop model of working memory, 41396
issues in cleft palate speech & phonological consequences of early articulatory constraints, 23220
large vs small unit theories of phonological awareness in beginning reading, preschoolers, Scotland, longitudinal study, 38314
lateralized readiness potentials as measure of temporal properties of semantic & phonological processes in speech production, 20–27 yr olds, Netherlands, 38024
letter knowledge & phonemic awareness, reading ability, 4–5 yr olds, Scotland, 15227
letter search task & phonological constraints, phonology & performance in reading without pattern masking, adults, 28728
lexical access mechanisms in speech & written language & two stage model, phonological & orthographic lexical forms, 34740
literacy & pre-literacy skills & phonological awareness, Panjabi & English speaking children, 43647
loudness vs level of consonant vowel salience, perceptual evaluation of temporal modifications in speech, adults, test of loudness & CV models, conference presentation, 37673
masked orthographic & phonological priming, visual word recognition vs naming vs perceptual identification, college students, France, 17978
mathematical model of structural relationship between phonological awareness & speech perception & memory & lexical knowledge & reading ability, 5 vs 7 yr olds with normal vs partial hearing, 11348
mediated semantic-phonological activation as test of interactive activation vs discrete stage theories, undergraduates, 34230
metalinguistic word segmentation ability in & phonological & phonemic awareness of Serbo-Croatian, illiterate & semiliterate female 55–76 yr olds, Yugoslavia, 681
model & functional analysis of anticipatory vs perseveratory serial ordering errors in language production, undergraduate native English speakers, 15130
models of speech perception & phonological processing in reading, 8.0–10.8 yr olds, replication, 11365
non word decoding skills & phonological & morphological awareness, spelling ability & comprehension, learning disabled vs regular 9th & 10th graders, 17177
nonword orthographic rime primes, pronunciation of irregular vs regular target words, college students, Australia, 6295
past & future issues in phonological dyslexia, 19458

past-tense inflectional morphological patterns in regular & irregular verb repetition priming & elicitation, native Italian speaking college students, test of dual mechanism hypothesis, 29681
phonemic segmentation vs rhyme sound categorization vs alliteration sound categorization vs onset-rime segmentation, reading & spelling ability, 5.4–9.4 yr olds, England, 25770
phonetic & phonological changes, 2–3 yr olds, longitudinal study, 34838
phonologic recoding & phoneme awareness in early phonological processing skill intervention, reading achievement, low & high-achieving kindergartners, Canada, 36983
phonological & functional & syntactic awareness & decoding & listening comprehension & spelling & word-pseudoword identification, reading proficiency, 1st graders, Turkey, 29811
phonological & orthographic components of lexical semantic system, adult with aphasia, case report, 36113
phonological & orthographic processing, mentally retarded 10 yr old male with semantic memory impairment & hyperlexia, case study, 19465
phonological & orthographic processing, reading ability, reading disabled kindergarten vs 1st vs 2nd graders with vs without discrepancies in IQ, 1–3 yr study, replication, 12365
phonological & semantic & other errors in naming pictures of objects, 35–70 yr olds with aphasia, 26980
phonological & semantic categorization, ERP & RT & response accuracy, average vs reading-impaired undergraduates, 39269
phonological &/vs orthographic basis for masked translation priming of cognates vs noncognates, Hebrew vs English dominant bilingual adults, Israel, 41566
phonological awareness & early reading, 1st graders with low letter-sound knowledge in kindergarten, 1 yr followup, 33522
phonological awareness & IQ, reading & spelling skills, nonspeaking 14–20 yr olds with cerebral palsy, Sweden, 16371
phonological awareness & phoneme identification, dyslexic vs CA matched vs reading level matched children in grades 2–10, conference presentation, 42633
phonological awareness & visual skills before & after learning alphabetic system, prediction of reading ability, Chinese 1st graders (mean age 6.48 yrs), Taiwan, longitudinal study, 33454
phonological awareness, Punjabi-English bilingual 7- yr-olds with phonological difficulties, England, 35912
phonological characteristics, 27–65 mo olds with early vs late recovery from vs persistent stuttering, longitudinal study, 23227
phonological code, performance in Reicher-Wheeler letter identification task, college students, 41569
phonological difficulties & reading & spelling skills, 6.5 yr old female, 40 mo study, implications for role of phonological processes in learning to read, 12439
phonological effects in identification of printed words in lexical decision task & relation to cerebral activation, right handed adults (mean age 28.5 yrs), 25488
phonological lexicon activation with printed & pictorial cues, oral reading & object naming accuracy, 59 yr old male with deep dyslexia, 36099
phonological mediation of reading & spelling, male stroke patient with impaired speech production, case report, England, 36039
phonological memory capacity for & encoding & perceptual processing & rate of articulation of nonsense & similar vs dissimilar words, specifically language impaired children, replication, 1476
phonological memory vs sensitivity & receptive vocabulary, 5 yr olds, 7213
phonological processes & errors & strategies in pseudoword reading, dyslexic vs poor vs normally achieving 8–15 yr old readers, 1432
phonological processing ability & word-level reading skills, kindergartners–4th graders, 5 yr study, 33480
phonological processing skills of phonological awareness & naming speed & verbal short-term memory & exposure to print, word reading, 9–16 yr olds, 15236
phonological recoding instruction, sight-vocabulary, 1st & 2nd graders with phonological processing deficits, 37121
phonological sensitivity & syntactic processing & verbal working memory & reading performance, 3rd graders, 11352
phonological short-term store-rehearsal components & neuroanatomical correlates, male left brain-damaged 26 & 28 yr olds with selectively impaired auditory–verbal memory span, Italy, case reports, 36157
phonological similarity & irrelevant speech effect, immediate recall of visually presented items, college students, 21432
phonological similarity & word length in auditorily vs visually presented words, immediate ordered word memory, 11.7–13 yr old poor readers in special education primary schools, Netherlands, 37102
phonological training in print vs nonprint context, phonological awareness of phonically regular vs irregular words, 4–5 yr olds, 11393
phonological variation & inference, lexical access in speech, 18–45 yr olds, England, 18403
phonological vs surface dyslexia subtype identified by regression based procedures & comparison to CA vs reading level matched controls, 3rd grade males & females with dyslexia, 23189
phonological working memory vs phonological awareness focus in language interventions, children with language impairment, 13495
phonology & dialect, spelling, 6–10 yr old speakers of General American vs Southern British English, US vs England, 34834
physiology & phonology of use of negative intraoral air pressures & vowel based deviations & speech therapy, deaf 6.5–9.2 yr olds with cochlear implants, 23504
positron emission tomography analysis of activation of brain regions & functional dissociation of phonological storage vs rehearsal in verbal working memory tasks, college students, 18141
positron emission tomography studies of phonological processing, meta analysis, commentary reply, 14871
positron emission tomography studies of phonological processing, meta analysis, 14872
positron emission tomography studies of phonological processing, meta analysis, commentary, 14829
prime vs target regularity & relatedness & imageability, phonological mapping, college students, test of dual route & interactive semantic activation models, 37699
prosody & other phonological information in input speech, development of root processes of parsing, 6–12 mo olds, 11373
reading ability, 70 yr old male with phonological alexia after stroke, case study, 19639
real word vs nonword reading, 85 yr old female with developmental phonological dyslexia, 19460
regular vs irregular nonwords, masked homophone vs pseudohomophone prime inhibition vs facilitation of lexical decision, college students, France, 17900
rhyming & segmentation & letter-name knowledge, learning to read, 3.8–4.8 yr old prereaders, 2 yr study, 34817
rhyming vs non-rhyming pictures, ERPs, reading disabled 12–16 yr olds with poor vs better phonetic ability, 8372
role of assembled phonology in beginning reading, advanced vs less advanced 1st grade readers, 18464
role of sonority in constraint of word identification errors, 22–35 yr olds, reanalysis, 6269
semantic & phonological approach for teaching vocabulary, 10.7–10.9 yr olds with wordfinding difficulty, 5 wk followup, 40480
semantic & phonological treatment approach to word-finding difficulties, naming & self-cuing, 9.9-yr-old male with developmental language disorder, 24362
semantic vs phonologic verbal fluency, patients with schizophrenia, 7961
semantics & phonology, surface dyslexia, 59 yr old male with primary progressive aphasia, case study, 19664

skilled reading & impaired phonology, 18 yr old woman with deficient phonological processing & phonological memory, case study, 31796
speech-specific failure in phonological representation vs general deficit in auditory temporal processing, speech perception, reading-impaired 2nd graders, 23185
strategic de-emphasis of information from assembly route in naming task, college students, replication, Canada, 34221
strategic variation, reliance on phonological mediation in visual word recognition task, college students, 34281
success of phonological awareness training with vs without articulation component, 2nd–5th graders with reading disabilities, 43696
suprasegmental word structures in phonological encoding, college students, Netherlands, 14567
syntactic context of stimulus sentences, encoding RT of semantic & phonological information of target words, 18–52 yr olds with vs without stutter, Germany, 1473
treatment program to expand phonetic inventory by teaching stimulability, 3.3 yr old female with phonological disorder, 5436
understanding of alphabetic representations of phonological structures of speech, preschool children, Australia, 21997
validity of dual route hypothesis of open vs closed class lexical item processing, 40–66 yr old agrammatic aphasics, France, 31740
voiced stop spirantization & phonemes in ESL speech, Spanish speakers, 7151
word frequency & phonological similarity relations, development of word recognition, 7–11 yr olds & adults, 22029
word frequency, pronunciation of pseudohomophones, college students, implications for models of word recognition, 6395
word frequency, sequential naming speed & phonological awareness, kindergarten students vs 2nd graders, 22050
word length & wordlikeness, pseudoword repetition, 7.7–9.4 yr old normal vs 9.8–11.8 yr old poor readers, Netherlands, 29832
word selectivity/avoidance & early phonological pattern development during 1st 50-word period, Portuguese-Turkish bilingual 19 mo old, Brazil, 753
working memory impairment & phonological loop dysfunction & cognition, normal 18–39 vs 60–80 yr olds vs 52–82 yr olds with dementia of Alzheimer's type, 12583

Phosphatases—Serials

alterations in abundance of G alpha q/11 & phospholipase C-beta 1 in postmortem occipital cortex, 27–94 yr olds with bipolar disorder, 38999
brain metabolism measured by phosphorus 31 magnetic resonance spectroscopy, male 19 yr old with Huntington's disease, implications for schizophrenia, case report, commentary, letter, 35439
carbamazepine, adenosinergic potentiation of phenylephrine induced formation of inositolphosphates in cultured hippocampal brain cells, newborn rat pups, 25560
cyclic adenosine monophosphate analog & phosphodiesterase inhibitor, long term habituation to visual danger stimulus, male crabs, 7050
inositol & inositol monophosphatase levels in frontal & occipital cortex & cerebellum, postmortem brains of 29–86 yr old suicide victims & patients with bipolar disorder, 42165
protein phosphatases & NMDA & A1 receptors, proactive & retrograde interactions between long-term potentiation & theta pulse stimulation in hippocampal slices, male rats, 21751
pseudosubstrate inhibitory peptides & postsynaptic Ca2+-dependent protein kinases & calcineurin & phosphatase activities, regulation of synaptic strength in hippocampal slices, rats, 21930

Phosphatides—Serials

aspirin with vs without 1,2-dipalmitoylphosphatidycholine, reduction of fever or inflammation or pain, rats & mice, animal models, 6969
fatty acid composition of serum cholesteryl esters & phospholipids, patient with major or minor depression, Belgium, 11980
frequency of alleles of marker at pancreatic phospholipase A2 gene locus, adults with bipolar affective disorder, 19148
incorporation of arachidonic acid in resting platelets, turnover of membrane phospholipids before vs after haloperidol, 25–50 yr old schizophrenic males, 13080
inositol, obsessive compulsive disorder, 23–56 yr olds, implications for role of serotonin reuptake inhibition, 12970
intracerebral phospholipase A2, apomorphine induced circling behavior, rats, implications for breakdown of phospholipids & resultant hypodopaminergy in frontal cortex in schizophrenia, 6841
N-acetyl-aspartate & choline compounds in bilateral basal ganglia & related disturbances of phospholipid metabolism, schizophrenic 29–47 yr olds, 4153
niacin-induced vasodilation & transmembrane phospholid-dependent signal transduction, 18–65 yr old outpatients with schizophrenia vs bipolar affective disorder, 26395
phorbol esters, synaptic modulation in cell culture of hippocampal neurons from E15-E17 embryos, wild-type vs Ca2+/phospholipid-dependent protein gamma knockout mice, 21847
phosphatidylinositol-4,5-bisphosphate membrane values, 25 yr old female with bipolar disorder, case report, 35570
phosphoinositide signal system responses & phosphatidylethanolamine methylation in long term post-tetanic potentiation in cortex, rats, 34604
phospholipase A2 activity, schizophrenia patients (mean age 40 yrs), Canada, 31033
phosphorus magnetic resonance spectroscopy assessment of phospholipid metabolism & brain energy stores, elderly with Alzheimer's disease, 4669
platelet adrenergic-mediated phosphoinositide hydrolysis & defect in signal transduction, 28–64 yr olds with major depression, Switzerland, 15919
saturated & polyunsaturated fatty acid composition of serum cholesteryl esters & phospholipids, adults with major vs minor depression, 15921
values of phosphodiesters vs phosphomonoesters in dorsolateral prefrontal cortex using 32 phosphorous magnetic resonance spectroscopy, schizophrenic patients (mean age 29.6 yrs), replication, 39067
vinconate, molecular mechanisms for inositol 1-phosphate stimulation in brain tissue, rats, 21867

Phospholipids [See Phosphatides]

Phosphorus—Serials

brain phosphorus metabolism in frontal lobe & anxiety, 18–50-yr-olds with vs without panic disorder, 31118
induction of long term potentiation, phosphorous 32 labeling of AMPA-type glutamate receptors & activation & autophosphorylation of calmodulin-dependent protein kinase II, 37955
oral phosphate supplementation during refeeding, development of hypophosphatemia, female 22 yr old with anorexia nervosa with heart failure, case report, 4433
phosphorus magnetic resonance spectroscopy assessment of phospholipid metabolism & brain energy stores, elderly with Alzheimer's disease, 4669

Phosphorylases—Serials

sustained phosphorylation, long term desensitization of cerebellar Purkinje cell AMPA-type glutamate receptors, rat cerebellar slices, 37988
therapeutic levels of lithium, basal & cyclic AMP stimulated phosphorylation of platelet proteins, males with bipolar disorder (mean age 31 yrs), 19984

Photic Threshold [See Illumination, Visual Thresholds]

Photographic Art—Serials

influence of early psychic trauma created by mother's death on life & art of E. Weston, 659
similarities between the characteristics of the Taoist sage in the Chuang-tzu and of the creative photographer, 29644

Photographs—Serials

black & white photographs of Black males & females & White males & females, judgment of target race & sex & response time, college students, 18908
convergent & discriminant validity of autophotographic essays, assessment of personal identity, college students, 7712
depiction of individuality/personal identity vs relatedness/social identity in autophotographic essays, male vs female college students, 15682

face-name mnemonic strategy, delayed vs immediate name matching & recall of caricatures vs photographs, college students, 37766
false recollection of details induced by photo review, 60–75 yr old vs 16–22 yr old adults, 35003
live birds vs photographs as social stimuli, recognition of flock-mates vs unfamiliar birds, Brown hens, 29104
order of presentation of photographs & items on Photo Anxiety Questionnaire, assessment of dental anxiety, psychology students, 6001
photographic method & computerized visualization scheme & posture complexity, human posture perception & specification, college students, 40692
use of response scale of Photo Anxiety Questionnaire, discrimination of anxious facial expressions in male vs female photographs, male vs female college students, Netherlands, 2486
viewing of same-gender photographic models, body self esteem, male vs female 17–32 yr olds, UK, 15686
viewing pictures of dermatological disease patients in visual half field before & after cosmetic surgery, event-related potential asymmetries, 19–26 yr old right-handed females, 41416

Photopic Stimulation—Serials
EEG analysis at rest & during photic stimulation, 52–64 yr olds with Alzheimer's disease, Japan, 31907
effects of photoperiod, spatial memory & food storing, captive marsh tits, 14757
EMG components of photic eye blink reflex, 33–81 yr old patients with occipital lobe lesion-induced visual field deficits, 4671
light flash intensity, visual EP augmentation vs reduction & locus of origin in visual cortex vs lateral geniculate nucleus, male rats, animal model of sensation-seeking, 6722
photic stimulation, energy metabolism in occipital cortex measured by phosphorus-31 magnetic resonance spectroscopy, 22–53 yr old volunteers, implications for bipolar disorder & schizophrenia, 14845
rhythmical photostimulation, EEG & heart rate tension & breathing amplitude & tapping rate & subjective assessment of health, adult males, 11066

Photoreceptors [See Also Cones (Eye), Rods (Eye)]—Serials
discrimination & matches of & adaptation to high spatial frequency & contrasting laser interference fringe patterns, Os, 2781
dynamic vs stepped visual stimulus velocity profile, visual motion encoding, fly H1 & HS neurons, simulation model, 34541
potentiated phototactic suppression from compound conditioning & neurophysiological excitability changes in Type B & A photoreceptors, nudibranch mollusk Hermissenda, 29413
potentiation of phototactic suppression from chemosensory stimulus during compound conditioning, nudibranch mollusk Hermissenda, 29414
responses of cells of parvocellular & magnocellular systems, dichromatic vs trichromatic marmosets, 25507
underlying mechanisms of transduction in vision vs olfaction vs hearing sensory receptor cells, 25499

Phototherapy—Serials
bright light circadian readjustment during dim light night work vs circadian synchronization during recovery after night shift, daytime sleep & nocturnal performance, personnel, 14000
bright vs dim light therapy after partial sleep deprivation, prevention of symptom relapse, antidepressant treated 26–69 yr olds with major depression or depressed episode of bipolar disorder, Austria, 1888
constant light vs light–dark, phototherapeutic vs circadian effects & testicular size, 1 mo old male cardiomyopathic hamsters, test of photostimulation hypothesis of life span extension, 6743
cool white fluorescent light in winter, sleepiness & saliva melatonin & serum 25-hydroxyvitamin D3, 23–35 yr olds with seasonal affective disorder, 9188
effectiveness of bright light therapy & other treatments, patients with seasonal affective disorder, 1989 to present, reply to commentary on literature review, 19698
effectiveness of bright light therapy & other treatments, patients with seasonal affective disorder, 1989 to present, commentary on literature review, 19690
efficacy of light therapy, 7–17 yr olds with pediatric seasonal affective disorder, 36550
l-tryptophan augmentation of light therapy, treatment response & side effects, 26–52 yr olds with seasonal affective disorder, 31968
light & chronotherapy, circadian rhythms & cytokines & cortisol & growth hormone levels & sleep-wake cycle, 29-yr-old female with delayed sleep phase syndrome, case report, 32629
light box vs head mounted unit emitting visible light, 20–65 yr old outpatients with seasonal affective disorder, Canada, 1886
light therapy, food intake & affective symptoms, 17 yr old & older females with bulimia nervosa, Canada, 13085
light therapy, 24 yr old female with trichotillomania & seasonal affective disorder, case report, letter, 36545
light visor, maintenance of established antidepressant effect of light box, patients with seasonal affective disorder, 43213
meta chlorophenylpiperazine, patients with seasonal affective disorder before & after light treatment, replication & extension, 36183
morning &/or evening &/or midday light therapy, mood ratings, 31–47 yr olds with rapid cycling bipolar disorder, 1885
morning light therapy, mood & cognitive functioning, 20–56 yr olds with seasonal affective disorder, 30886
morning phototherapy, melatonin levels & circadian rhythms & light sensitivity, patients with seasonal affective disorder, England, 39017
natural vs placebo artificial light therapy, salivary melatonin & cortisol & depression scores, adults with seasonal affective disorder, 5141
pattern & severity of depressive symptoms as predictors of response to light treatment, 18–63 yr olds with seasonal affective disorder, 13094
personality disorders & temperament in light therapy outcome, patients (mean age 43.4 yrs) with winter seasonal affective disorder, 27490
phototherapy, body weight & mood, 46–54 yr old overweight females, 27479
phototherapy, female with seasonal affective disorder, case report, letter, 32611
phototherapy light visors with dim red vs bright white light, 18–71 yr olds with seasonal affective disorder, commentary reply, 1891
phototherapy light visors with dim red vs bright white light, 18–71 yr olds with seasonal affective disorder, commentary, 1892
prevalence & characteristics of seasonal affective disorder & phototherapy, literature review, 22793
prevention of depressive episode with bright light treatment, 24–52 yr old outpatients with seasonal affective disorder, 22790
rapidly rotating shift schedules & bright light exposure, performance & hormonal excretion & oral temperature & activity-sleep logs during shift work cycle, nurses, 13612
self rating & voice pitch & variation in pretreatment activation, prediction of acute vs late responses to light therapy, individuals with seasonal affective disorder (mean age 36.7 yrs), 36543
sunny hospital rooms, recovery, psychiatric inpatients with major depression or bipolar disorder, 32604
training to 24 hr schedule, restoration of detectable melantonin, male 37 yr old with sleep–wake disorder, 32616
tryptophan depletion, depressive symptoms during light therapy, 22–70 yr olds with seasonal affective disorder, 35549

Phrases—Serials
familiar phrase as peripheral persuasion cue vs literal phrase with same meaning, attitude formation, college students, 30430
frequency & syntactic complexity of linguistic structure processing in noun phrase attachment sites, college students, 7136

meaningfulness & length of phrasal stimuli, phrase repetition ability, patients with mild vs moderate Alzheimer's disease, 1556
phrasing & syllable & other characteristics of prelinguistic vocalizations, 27 mo old male with congenital absence of cochleas, 15 mo study, 8679
rule content familiarity & causality, equivalence of conditionals having negative antecedents & their disjunctive rephrasings, college students, England, test of mental models theory of matching bias, 37724
single-word training vs phrase training vs no training, reading comprehension, 7–10 yr old below-average readers, New Zealand, 33558
time course & specificity, interpretation of anaphoric noun phrases, college students, UK, 21340
vowel & between-word segment duration in production of words & word strings & sentences, 44–72 yr olds with apraxia of speech, 23478
Phrenic Nerve [See Spinal Nerves]
Phylogenesis—Serials
cross-sectional parameters of fore- & hindlimb long bones relative to body weight & bone length & phylogenetic affiliation & leaping frequency & landing kinematics, strepsirhines, 38046
description & evolution of sensory characteristics, hagfishes vs lampreys vs gnathostomes, 21595
evolutionary & phylogenic basis & neuroanatomical brain changes & consciousness states & near death experiences, 29020
feeding behavior & respiration & evolution of anatomical structures, lampreys vs ammocoete larvae vs hagfishes, 21597
forms & behavior correlates of yawning & its phylogenetic & ontogenetic aspects & physiological mechanisms & environmental causes, 38027
human behavioral genetics & evolutionary evidence for biological mechanisms of randomness, genotype diversification vs canalization of phenotypes, 41294
ontogeny & phylogeny of sibling differentiation from Darwinian perspective, 18427
opportunistic feeding innovations & forebrain size & behavioral plasticity & structural evolution, North American vs British Isles birds, methodology application, 29145
phylogenetic analysis of female preference for multiple songs & male single-song repertoires, common grackles, 14807
Physical Abuse—Serials
abuser substance abuse & relation to committing physical & emotional elder abuse, 60–99 yr olds & their abusers (mean age 47 yrs), 22975
access to information of history of child physical maltreatment, evaluative responding & ratings of child adjustment & prognosis, 22–52 yr old social service & clinical psychology professionals, 43532
accuracy & timing & circumstances of disclosure, recovered & continuous abuse memories, females (mean age 29.5 yrs) who recovered abuse memories in therapy & their 43–72 yr old fathers, 31188
accuracy of adult recollection of childhood victimization, children physically or sexually abused or neglected, 20 yr followup, 16047
alcohol problems, males with vs without childhood sexual &/or physical abuse history, commentary, 35727
analysis of risk markers & factors influencing cessation & persistence of wife assault, male adults, 8075
attachment theory perspective on violence toward female intimates, physically violent vs nonviolent males, 31222
awareness of maladaptive behaviors & high risk situations & empathy with victims & enhancement of prosocial behaviors in group treatment program, males convicted of sexual & physical assault, 23789
child sexual &/or physical &/or psychological maltreatment, suicidality & reasons for living, female adults, 31183
childhood experience of sexual or physical abuse, risk for bulimia nervosa or other psychiatric disorders, 16–35 yr old females, UK, 19483
childhood physical & sexual abuse, development of eating disorders, 38845
childhood physical & sexual abuse, DSM Axis I and II comorbidity, inpatients with dissociative identity disorder, 26383
childhood physical or sexual abuse & psychiatric symptoms, psychiatric patients, 30666
childhood sexual & physical abuse, prevalence of bulimia & bodily shame & dissatisfaction, 15–25 yr old daughters of mothers who participated in 1995 study, 23203
childhood sexual &/or physical abuse, health care utilization & somatization & hypochondriasis, male vs female 18–34 yr olds, England, 4287
childhood sexual abuse & revictimization & adjustment, adult females, literature review, 4277
Conservative Protestantism & corporal punishment & physical abuse of children by parents, 15409
cooperativeness & bullying &/or victimization in peer abuse involvement, secondary school students, Australia, 39168
EAP on domestic violence, frequency & severity of verbal & physical violence, clients referred for alcoholism treatment, 20718
exposure to violence & physical abuse during childhood & profile of dissociative styles, adult attachment, male vs female college vs 1st yr graduate students, 1199
extent & correlates of physical &/vs verbal aggression against care recipient, informal caregivers of elderly with dementia, Netherlands, 32960
feminist perspectives on gender & the dynamics of physical abuse towards children, 42445
frequency & severity & determinants of physical & psychological maltreatment of students, Bedouin elementary & junior high & high school teachers, Israel, 39137
history of physical & sexual abuse & presence of dissociative identity disorder, hospitalized adolescents, 42188
history of physical &/or sexual abuse, borderline personality disorder, 12.5–17 yr old females, 4233
intimacy & conflict & affective expression & other interpersonal processes in game playing & talking & other activities, physically abused male vs female 9–14 yr olds & best friend, 8145
language development & comprehension & reception & expression, 13–17 yr olds who experienced childhood physical abuse, 8135
medical vs feminist epistemological & research paradigms, debate over relationship between sexual or physical abuse & eating disorders, human females, 26831
method of recording history of physical & sexual abuse or catastrophic trauma in mandated inquiry & use in diagnosis & treatment, 17–78 yr old psychiatric outpatients, 7839
nature of physical & sexual abuse, children & their convicted & cautioned abusers, UK, 42477
object relations approach to understanding & treatment of sexual &/or physical abuse revictimization, 36363
parental substance abuse & history of physical abuse & extrafamilial sexual abuse & incest, eating & weight problems & lifestyle habits, adolescents, 31507
past & current sexual & physical abuse, dissociative symptoms, psychiatric outpatients, 11902
practice parameters for forensic evaluation, children & adolescents with possible physical or sexual abuse, 33279
prevalence of & reasons for physical aggression against male partner, 20–51+ yr old females, 31197
prior social &/or medical agency contact & physical abuse in child homicide cases, parents & parent substitutes, England & Wales, 36694
psychological variables & family of origin experiences associated with abusive personality & behaviors, wife assault, males, 8098
psychosocial characteristics & physical abuse, 9–17 yr olds & their caretakers, New York State & Puerto Rico, 31199
rate of suicide attempts & exposure to risk factors for suicide, physically abused 12–18 yr olds, 35726
rates & characteristics of childhood physical & sexual abuse, 18–73 yr old psychiatric outpatients, 7852
rates of childhood physical & sexual abuse, 18–47 yr olds with eating disorders, Australia, 42654
recall of childhood neglect & physical abuse, psychological functioning & symptomatology, college students, 19285

reliability & validity of psychological/verbal & control & physical/sexual abuse scales & current negative mood & abuse history & negative life events, 17–87 yr olds, 40842
resilient peer treatment, social play, socially withdrawn African American 3.8–5.1 yr old victims of physical abuse & neglect, 16568
resistance to violence & oppression & abuse as symptom of health & health-inducing process in therapy, female adult survivors of childhood abuse, 42958
risk assessment & management & physical & sexual abuse & miscarriages of justice, mentally retarded individuals referred to as learning disabled, UK, 42642
risk factors for & treatment & prevention of physical child abuse, 8089
sex & childhood & adolescent physical & sexual abuse, psychosocial functioning, 15 vs 21 yr olds, 17 yr study, 8157
sex, reasons for failure to report marital violence, couples seeking marital therapy, 16549
sexual &/or physical abuse, health status, 18–70 yr old females, 43237
substance abuse & depression & social variables, risk for physical abuse & neglect of children, parents, 4243
suicidal behavior & psychiatric disorders & hopelessness & coping & self-concept, 12–18 yr old psychiatric inpatients with vs without sexual &/vs physical abuse, 12143
suicide ideation & physical & sexual abuse & gang involvement, 12–18 yr old incarcerated males vs females, 26718
TAT assessment of object relations, responses to stories of sexually & physically abused female & distressed nonabused peer, maltreated children from outpatient guidance clinic, 22995
threats of body harm & physical & sexual & weapon assault & pornography exposure, 4th yr medical students, 1 yr study, Canada, 33203
type of sporting events, incidence of male perpetrated child abuse on days coinciding with sporting events, 8097
violence victimization & substance use patterns, 20–39 yr old prenatal patients, 31324

Physical Agility [See Also Physical Dexterity]—Serials
experience & self efficacy & consistency of administration of physical abilities test, perception of job relevance & relatedness, fire fighters, 10555

Physical Appearance [See Also Physique]—Serials
alpha- vs beta-adrenergic blockade, vascular responses during embarrassing tasks vs moderate exercise, 17–45 yr old frequent vs infrequent blushers, Australia, 25541
appearance rules at work, makeup use, 20–64 yr old lesbian vs heterosexual White vs Mexican vs Asian American vs African American vs Mexican American vs Taiwanese vs Venezuelan females, 33652
body figure perceptions & eating attitudes, 8–12 yr old males vs females, Australia, 34948
concern with appearance of others in variant of body dysmorphic disorder & comorbid obsessive compulsive disorder, 32 yr old female & 39 yr old male, case reports, letter, 31088
development & reliability & validity of Feedback on Physical Appearance Scale, 17–35 yr olds, implications for development of body image & eating disturbances, 14331
frequency & variability of make-up usage, self-concept in social situations, 20–22 yr old females, 38754
genetic vulnerability to biological stress & link between fluctuating asymmetry during development & IQ, implications for reconciling antagonism between advocates of nature vs nurture, 38306
hair color & cosmetic use, perceptions of job applicant's professional ability, female 16–65 yr olds, 11688
high vs low tanning benefits & protection efficacy messages & appearance concern, intention to protect self from sun-induced skin damage, college students, 43297
inter & intrasexual selection & sexually dimorphic facial & bodily traits, sex differences in morphology, humans, implications for runaway selection vs good genes models of mate choice, 3020
perception of penis size vs appearance & sexual orientation & heterosexual experiences & circumcision & experiences with sexually explicit material & brother & fathers, 18–28 yr old males, 15532
self & other ratings of social acceptance & academic & athletic competence & physical appearance & behavioral conduct, male & female 3rd & 6th graders & their parents & teachers & peers, 22092
skin tone, clinical judgments & attributes & primary diagnosis & diagnostic severity of female African American client, African American vs European American psychologists, 17071
vulnerability to environmental risk factors for psychopathology, 17 yr old males with minor physical anomalies, 30693

Physical Attractiveness—Serials
attachment style & confounding effects of attractiveness, social interactions, college students, 3771
attractiveness &/vs distinctiveness of photograph faces, recognition & memorability, college students, 25315
body type preferences & body characteristics associated with attractive & unattractive bodies, Blacks vs Whites, 26096
brain asymmetry & perceived own facial attractiveness, college students, test of observer vs owner hypothesis, 29257
Chinese vs Malay race &/vs Malaysian vs Singaporean nationality, adding vs averaging cross categorization effects in competence & attractiveness ratings, 15–16 yr old Chinese students, Singapore, 34951
class differences & power & negotiations in construction of gender ideals, female customers vs beauticians, 26095
cultural individualism/collectivism, physical attractiveness stereotyping, college students, South Korea, comparison with North American data, 41864
descriptions of Blacks & Asians & physically attractive & male homosexuals, affect associated with group & content of group stereotypes, Anglo American adults, 38704
gender & physical attractiveness of female victim vs male harasser, attributions of responsibility for & sympathy in sexual harassment, college students, 1358
health & fitness facilities & presentation of male bodily attractiveness in men's fashion magazines as reflection of sociocultural expectations, 1960–92, 26019
infant facial attractiveness & age appearance & knowledge of infant's actual age, perceptions of infants' competence & developmental skills, female care providers, 18950
information on physical attractiveness & facial expression, judgments about pain, 19–34 yr olds & patients with low back pain, 4525
multidimensional model of female physical attractiveness perceptions, college students, 11679
perceived attractiveness of male vs female composite faces vs original faces, Caucasian vs Chinese students vs indigent students, New Zealand & China & Nigeria & India, 3825
perceptions of dating couples with members of varying levels of physical attractiveness, adults, 38702
perceptions of sexual attractiveness & attitudes about polygamy & sexual behavior, 18–21 yr old college students, 30289
personality traits & similarity between own & target person's attitudes toward feminism, mediation of perceived attractiveness of target, 18–27 yr old college students, 15509
physical attractiveness, depression symptoms, 18–55 yr old female monozygotic & dizygotic twin pairs, 4114
physical attractiveness of & expectations of interaction with target, likelihood of requesting proof of age in allowing access to alcohol, college students, 30436
physical attractiveness of &/or communication level with fellow co-workers, influence of fellow co-workers reactions on work performance & turnover intentions, layoff survivors & college students, 40575
physical attractiveness rated by college students, female children with gender identity disorder, Canada, 7840
psychological discourses about women's bodies in advice columns, 38593
psychological vs physical variables in mate assortment, dating vs married couples, 3748
relationship of body dissatisfaction & restrained eating & core wellness to physical self-esteem, 16–72 yr olds, 38753
sex & physical attractiveness performance evaluations in jobs rated as masculine vs feminine vs neutral, college students, replication & extension, 13933

sex & relationship status & proximity to closing time, perceived attractiveness of opposite sex bar patrons, college students, 7671
skin color or tone & social status in mate selection preferences, male & female African American college students, 38677
social skill mediation of perceived physical attractiveness of adults with chronic schizophrenia or schizoaffective disorder, raters, 15946
target's sex & physical attractiveness, assumed mode of HIV acquisition & health care allocation, college students, 8516
TV images, self perception of physical attractiveness, African Americans, 11746
type & relevance of prime & delay between prime & rating, ratings of stimulus female's attractiveness, 19–37 yr old males, 1017
waist-to-hip ratios & weight, self vs other perceptions of male vs female body shape attractiveness, 18–47 yr old male vs female undergraduates, replication, 26204

Physical Comfort—Serials

affective state & personality trait neuroticism, common physical symptoms, 19–63 yr olds, 30484
category ratio scale ratings of perceived discomfort vs written questionnaires, New Zealand vs UK type of backpack, males (mean age 22.5 yrs), New Zealand, 40691
factor structure & psychophysical analysis of sitting comfort vs discomfort, 20–60 yr old office workers & students, 28304
fear expectancy & disgust & desire for comfort, preference for wildland environments for recreation activities & occupational environments & school activities, rural vs suburban vs urban 8th graders, 40680
flooring, perceived tiredness & fatigue & discomfort, workers required to stand during job performance, 17403
reliability & factor validity of refined Emotional Comfort Scale, assessment of fear level in urban environment, nursing students from urban vs suburban vs rural areas, 14224
single vs combination manual handling tasks, risks assessed by ratings of discomfort & exertion & heart rate, adults, 37261

Physical Contact—Serials

activation of bilaterally paired mechanosensory neurons after touch stimulation & before escape, correlations of neuron activity with sensory input & behavior, cockroaches, 14897
alternative health practice of use of touch with awareness of breathing, metabolic control & physical symptoms & self perception of well being, Mexican Americans with diabetes, 32667
chronic mild stress, later cognitive functioning & spatial learning on Morris water maze test & hippocampal nerve growth factor, neonatally handled vs nonhandled male rats, 34386
depressed vs nondepressed mothers' touching during still-face interactions, behavior & affect, 3 mo olds, 11463
descending mechanosensory interneuron pathway in antennae, response to touch & role in escape, cockroaches, 14824
development of an observational instrument to study nurse–patient touch, nurses & patients with cancer, 25094
direct & vicarious contact, stigma of & attitudes toward people with AIDS or HIV, African American & other adults, 19541
gentle handling by humans, fear reactions & temperament, zebu crossed calves, 34404
grooming as positive reinforcement in visual discrimination task, 2.5 yr old male rhesus monkey, 21510
handling & saline injections as stress induced depressive state, behavioral & neurochemical features measured by alpha-1 potentiation of beta adrenoreceptor-stimulated cyclic AMP formation, male rats, 21663
inability to kiss, treatment outcome, 42 & 49 yr old lesbian couple, case study, 32060
interpersonal touch & degree of justification & sex, compliance with a request, adult consumers, 42009
manipulations of maternal touch & smiling in still & silent interactions, affective & attentional infant responses, mothers & their 5.5 yr olds, socioemotional development research implications, 7372
massage therapy communication of positive regard, challenging & disturbed behavior, 23 yr old female with severe learning disability, case report, 5128
relative personal & institutional rank or prestige, instances of interpersonal touch, male vs female touchers & recipients at academic meetings, 3746
repeated upright vs inverted handling vs no handling from 0–6 wks of age, corticosterone levels at market age, male broilers, 18231
sex, recollections of early childhood touch & tactile attitudes & touch behaviors & effectiveness of paper & pencil measures vs log recordings in predicting social self-confidence, college students, 22472
touch therapy, inattentivess & off-task behavior & touch aversion & withdrawal, autistic preschoolers (mean age 4.5 yrs), 36546

Physical Development [See Also Motor Development, Neural Development, Prenatal Development, Sexual Development] —Serials

age at maturation & negative verbal commentary about physical appearance & social comparison & sociocultural pressures, body image & eating disturbance, female 17–30 yr olds, 4474
age reference growth curves for weight & height, 0–20 yr olds with Down's syndrome, Netherlands, comparison with US data, 8388
biological maturation, resetting linguistically plausible parameters in natural language learning, application of maturation hypothesis vs error driven & conservative learning algorithms, 29763
contributions of physical & sensorimotor development to manipulation, tufted capuchins aged from birth to 2 yrs, 34486
defensive attributional bias, causal explanations for infant growth deficiency, mothers of healthy vs growth deficient 2–12.5 mo olds with vs without medical problems, 35997
delay in plumage maturation, variations in male plumage & relationship to survivorship & philopatry & prebreeding competition, Hawaiian honeycreeper, 18110
development of EMG of multifidus & longissimus lateralis muscles & motor behavioral development, rats, 21762
development of spontaneous locomotor behaviors, opossums, 21578
developmental changes & sexual dimorphism of brain anatomy, 4–18 yr olds, implications for pediatric neuroimaging, 41616
difficulty assessing growth in children with developmental disabilities such as Down syndrome & cerebral palsy & spina bifida, 31442
extended methylphenidate treatment, body growth & heart rate & BP, male 7–12 yr old outpatients with ADHD, 1.75 yr study, 9170
fear related behavior, low vs high body weight quails, 34435
fixed &/vs free toy & dominance hierarchy, growth rate & aggressive behaviors & initial toy investigation, weaned pigs, 34406
foster care, physical & mental development, birth to 3 yr olds, 2 yr study, 30174
growth deficits in height & weight, 6–17 yr old males with vs without ADHD, 26773
hand preference & sex, current & relative stature & predicted adult height, 5–11 yr olds, 7172
identity & independence development, 17–23 yr old males treated with gonadotropin releasing hormone for hypogonadotropic hypogonadism, 20082
mathematical model for predicting shell-size preference from prospective growth rate, moulting hermit crabs, implications for survival & fecundity, 41285
neuroimaging & link between neurodevelopment & schizophrenia, literature review, 42320
postnatal & preadolescent & postadolescent somatic & motor development & temporal onset of motor deficits & pattern of Purkinje cell degeneration, mutant rats, 6593
prevalence of growing pains & relationship with other medical conditions & temperament & behavior & academic progress, 8 yr olds, Australia, 29908

prevalence of growing pains & relationship with other medical conditions & temperament & behavior & academic progress, 8 yr olds, Australia, commentary, 29943
prey molt condition, predation risk & escape ability & prey selection, pseudoscorpions & intermolt & postmolt springtails, 2996
psychosocial influence, physical & mental development, 4 yr olds in families with alcoholic &/or high-stress parents, Sweden, follow-up study, 26693
single exposure to alcohol, malformations & changes in body weight of offspring, male rats, 38078
size & weight & growth, 12–14 mo olds & their mothers with eating disorders vs postnatal depression, England, 11864
swimming performance & growth, tagged vs untagged juvenile red drum fish, 2917
visual isolation vs visual vs complete contact with partner, gonadal development & body mass & energetic reserves, female European starlings, 41289
vulnerability to alcohol-related birth defects & growth & cognitive development, infants of 30+ yr old alcohol drinking mothers, 13 mo study, 12232

Physical Dexterity—Serials
SES, manual dexterity, 6–17 yr old poor vs middle class students, South Africa, 25691
sex & task demands, manual dexterity, college students, Canada, 2793

Physical Disabilities (Attit Toward)—Serials
attitudes toward & expectations about females with physical disabilities, Chinese vs Italian vs German vs Greek vs Arabic vs Anglo Australian health practitioners, Australia, 9774
classroom vs eating vs reading vs TV vs playground context & ethnic group, preferences for physically different peers as playmates, 2.9–6.4 yr old males vs females, 18601
counselor disability status & disability relevance of counseling content & counselor attending behavior, perceptions of counselors, college students with disabilities, 27914
differential generic vs disease-specific cognitive complexities & attitudes toward disabilities & measurement issues, college students, 19510
territorial isolation & treatment as non-person, parents of children with mental or physical disability, Israel, 30711

Physical Disfigurement—Serials
behavior disorder, 15-yr-old male with terminal deletion of the long arm of chromosome 3 & severe mental retardation & dysmorphic features, 39362
cultural origins & individual experience of female circumcision, sexual & physical & psychological effects, 11543
dermatoglyphic abnormalities & psychosis, adult monozygotic twin pairs concordant vs discordant for schizophrenia, implications for prenatal markers of etiology of schizophrenia, 26520
self-concept & psychosocial adjustment, 7–16 yr olds with port-wine stain vs prominent ears, reprint, 31627

Physical Disorders [See Also Blood and Lymphatic Disorders, Cardiovascular Disorders, Digestive System Disorders, Endocrine Disorders, Genetic Disorders, Immunologic Disorders, Infectious Disorders, Metabolism Disorders, Musculoskeletal Disorders, Neonatal Disorders, Neoplasms, Nervous System Disorders, Nutritional Deficiencies, Respiratory Tract Disorders, Skin Disorders, Toxic Disorders, Urogenital Disorders, Vision Disorders]—Serials
academic engaged time, 1st–5th graders with vs without mental retardation or physical disabilities or multiple disabilities or autism in general education classes, 20663
age & medical or psychiatric diagnosis, effectiveness of relaxation training, physically or mentally ill 61–77 yr old nursing home patients, 24246
age & sex, physical symptoms & illness attitudes, 11–16 yr olds, 8460
aspects of transient anxiety, postoperative anxiety & physical complaints, 20–77 yr old surgical patients, Netherlands, 24017
atrophy &/or comorbid medical illness &/or cerebrovascular risk factors, pathogenesis of late life major depression, elderly with late life major depression vs probable dementia of Alzheimer type, 22667
cigarette smoking & related medical conditions, HIV-infected males, 1988–1992, 36012
client & physician characteristics & client physical impairments & team approach & communication factors, physician & elderly patient encounters, 24133
cognitive & behavioral deterioration & quality of life, 60–90 yr olds with chronic cerebrovascular disorders vs noninsulin dependent diabetes mellitus vs hypertension, 19502
cognitive functioning, depression & somatic symptoms, 75 yr olds & older, Italy, 11850
collaborative health care, 35 yr old female with medical & psychological problems, 32793
components & assessment of fear of future illness, 17–85 yr olds, implications for psychologists testifying in litigation over exposure to environmental hazards, 8451
conceptual framework & methodology for investigation & identification of comorbid depression & medical illness, elderly psychiatric vs medical inpatients vs outpatients vs long term care residents, 7803
criteria for making causal associations between general medical condition & depression, treatment for depression, 44 yr old male AIDS patient, case report, 16278
current vs historical physical illness, quality of life & response to fluoxetine, depressed 60 yr olds & older, 23930
demographic & cognitive impairment & other health & illness factors related to excessive sleepiness & daytime napping, risk of mortality, 65 yr olds & older, 4 yr study, 12458
depression & illness behavior & attributional style, patients with chronic fatigue syndrome vs depression vs chronic physical illness, 19089
depression & medical burden & activities of daily living, Michigan Indians in urban & rural & reservation areas, 35539
development & evaluation of fuzzy linguistic model for prediction of risk for carpal tunnel syndrome in occupational settings, 24–72 yr olds, 40685
development & psychometric properties of Handicap-related Problems for Parents Inventory, mothers of 2–18 yr old children with impaired motor or sensory functions, 18 mo study, instrument appended, 34058
differential reinforcement tokens, disruptive classroom behavior, 5.5–6.8 yr olds with mental &/or physical handicaps, 33530
direct care staff-assessed behavior changes, prediction of physical illness, institutionalized 18–70 yr olds with profound mental retardation, 6 mo study, 31477
diseases necessitating hospital treatment & alcohol abuse & dependence, 18–64 yr old inpatients, Germany, 35806
drinking practices & epidemiology of major alcohol-related disorders & beneficial vs injurious effects of light vs moderate vs heavy consumption, adults from national survey, 1992, 26858
effects of humor in treatment of physical & psychological illness, model of use in cognitive therapy, literature review, 31956
excessive health behavior & anxiety, persons at risk for physical illness, 42366
Family System Test representations of parental family constructs & effects of clinical interventions on family structure change, parents of children with physical vs mental disorders, 16550
fearfulness, patients with vs without physical vs intellectual disabilities, literature review, 15811
frequency & clinical features & pathophysiology of headaches associated with multiple sclerosis & dementia & sleep apnea & Chiari type I malformation & HIV infection, literature review, 39392
functional impairment & physical disease, occurrence of major depression, 50–88 yr olds, 12013
hearing & language & speech & vestibular & dentofacial disorders, 3.7–26.9 yr olds with fetal alcohol syndrome, 31302
history of childhood physical or sexual abuse, adult clinical characteristics, adult female patients at primary care clinics, 31240
injury & psychological & physical illness experience & health careers, victims of violent crime, 8323

interactions among stress & personality & physical illness & social support, literature review, 30661
medical & neuropsychiatric manifestations & severe mental illness prior to & as result of HIV infection, patients, 30684
medical illness & social networks & physical function & rural vs urban residence, screening for depressive symptoms, African American 60 yr olds & older, 19140
methodological issues in research on role of personality & psychosocial & lifestyle factors in disease development, sample size & hypotheses & statistical analysis, 17779
model of experiential aspects to threat to integrity of self & responsiveness to stress, individuals with acute or chronic psychiatric or nonpsychiatric illness or injury, meta analysis, 35428
negative portrayal of PMS in popular magazines & self help materials, subsequent legitimization of PMS as medical phenomenon, implications for changes in gender ideology & role of feminism, 8476
pathogenesis & medical comorbidity of depression, older patients, 11970
patients' challenging behaviors & physical impairments & psychiatric disorders, caregivers of 18–76 yr olds with learning disabilities, England, 19457
patterns of maternal ill health over 9 data collection points from delivery to 6 mo intervals past infant discharge, mothers who delivered low birth weight infants, 24072
patterns of occurrence in motor behavioral cues to levels of engagement, healthy full term vs preterm vs sick vs neurologically involved preterm 3 mo olds, 11331
physical & psychosocial factors & work-relatedness of upper limb & shoulder & neck disorders, 39356
physical disability & assessments of health, 25–74 yr old Blacks vs Whites, 15 yr study, conference presentation, 31588
physical illness & differential diagnosis in acute schizophrenia, conference presentation, 4151
physical illness comorbidity, 23–93 old long stay inpatients with dementia or psychiatric disorders in psychiatric hospitals scheduled for closure, England, 5356
physical symptoms & psychological distress & mental disorders, 14 yr olds & older with chronic somatic diseases, 26895
physician counseling, health care proxy appointments, physically ill elderly patients, 5269
prevalence of excess disability & results of medication & added value of investigations for diagnosis & treatment & outcome, outpatients (mean age 77.6 yrs) with early Alzheimer's disease, 31909
prevalence of major depressive disorder & relationship with low self esteem, acutely medically ill hospitalized adults, 5377
psychiatric and physical morbidity & mortality, 65–94 yr old suicide attempters, mean 3.5 yr followup, 1989–92, England, 39146
psychiatric disturbance & hopelessness, physically ill hospitalized 15–20 yr olds, 6 mo followup, 19513
psychoanalytic psychotherapy for adolescents with severe organic diseases, 19 yr old female with Hodgkin's disease who refused chemotherapy, 23997
psychological & physical morbidity & quality of life & relationship with patient, risk for subjective burden, elderly coresident caregivers of 61–95 yr olds with stroke vs dementia, Australia, 5325
psychosocial adjustment & psychological distress & depression, 18–65 yr olds being evaluated for bone marrow transplantation, 24009
psychosocial stressors & physical illness, individuals (mean age 74.1 yrs) with major vs psychotic vs minor vs organic depression, Australia, 30835
quantification & characterization of medical comorbidity, 50–103 yr old Black & White psychiatric inpatients, 38881
reading racetrack drill & practice intervention, sight word acquisition & fluency, 8.10–11.5 yr old students with vs without learning or physical disorders, 40487
relapsing cycle of Behcet's disease & psychosomatic thought patterns & important life events & emotional changes, adult male, 15 yr study, Italy, case report, 26882
relationship of age of onset to medical illness, 50–89 yr olds with major depression, conference presentation, 19162
risk factors & diagnosis & treatment considerations for depression, patients with serious medical illness, 19696
risk factors for postwar hospitalization & diagnostic mental or physical disorder category, Persian Gulf War veterans, 30672
role of illnesses & injuries in development of social competence & relationships, infants to 5 yr olds, 29917
role of life stress & gender & marital status & other psychological factors in health & disease, relationships among work stress & worry & personal discretion & hormones, 19503
safety & efficacy of ECT, 85–96 yr olds with concurrent medical & psychiatric disorders, 32626
safety & efficacy of risperidone treatment, hospitalized psychogeriatric patients (aged 65–95 yrs) with agitation or psychosis associated with dementia or major mood disorder and physical disorders, 43206
selective serotonin reuptake inhibitors, extrapyramidal side effects, elderly patients with mental and physical disorders, Ireland, 36450
severity of medical & neurologic complications, degree of neurodevelopmental abnormality, high vs low-risk low birth weight 6–12 mo olds, 34780
sexual abuse & multiple psychosocial problems, female 14 yr old with vocal cord dysfunction, case report, implications for multidisciplinary approach by health care providers, 23295
short term stress coping counseling intervention, physical & psychological morbidity & well being & coping & experience of caregiving, relative caregivers of schizophrenic patients, 32071
sleep disturbances & neuroticism & morningness, minor psychological disorders & chronic fatigue & severe diseases of body systems, air traffic controllers on morning shift & rest days, 14002
social & medical & psychopathological factors & alcohol consumption patterns, 17+ yr olds in rural community, Spain, 30304
sodium phenylacetate, physical & cognitive outcomes, 1–17 yr old females with ornithine transcarbamylase deficiency, 11 yr study, 32704
stress management, psychological & physiological functioning, 32733
structure & development of Illness Perception Questionnaire, patients with diabetes or arthritis or renal diseases or asthma or chronic fatigue or pain or myocardial infarction, UK & New Zealand, test appended, 2639
subclinical hyperthyroidism & increased rate of physical & psychiatric problems, 62 yr old female with manic depression, case report, letter, 7907
torture & discrimination & insecurity in everyday life as psychosocial stressor, psychological distress & long term illness & self rated ill health, Latin American refugees vs repatriates, Sweden, 4017
type of military service, physical & emotional health, Persian Gulf war deployed women (mean ages 30–34 yrs), 2 yr followup, conference presentation, 26359
use of health related quality of life instruments in comparative clinical studies, bibliography with indexes, 14357
voice output communication aid training, acquisition & use of communication skills, adults with profound physical & mental disabilities, 13499

Physical Divisions (Geographic) [See Geography]

Physical Education—Serials

achievement goal orientation & success perceptions & personally controllable attributions & achievement-related affect in physical education, 11–16 yr olds, England, 37082
attitudes toward inclusion of disabled elementary school students in regular education settings, physical vs musical education teachers, 2166
class task structure & teacher's accountability system, engagement in social interaction & strategies to pass, 11th graders in physical education dance class, Australia, 9950
early field experience & methods course, concept of teaching-learning process & use of sports & games & other teaching techniques, preservice physical education teachers, 9833

health promotion vs regular physical education classes, health knowledge & behavior & cardiovascular disease risk, African- vs Asian-American vs Hispanic vs White 9th–10th graders, 24563
inclusive schooling in regular & physical education settings, children with mild & severe disabilities, literature review, 33535
instructional & social interactions in regular physical education settings, moderately & severely mentally retarded 7–13 yr olds & their peers & teachers, 2224
learning & instructional foundations of sport & games, 9886
perceptions of motivational climate & beliefs about cause of success & satisfaction & perceived ability & attitude toward physical education class, 10–12 yr olds, 43670
physical education, antisocial behavior & resolution of interpersonal disputes & physical skill levels, prekindergarten–6th graders in urban at-risk community, 24551
physical education values of physical self efficacy & physical fitness & aesthetic & social benefits, male vs female Blacks at historically Black colleges & universities, 9958
structural equation modeling analysis of personal & situational factors & interest in physical education, 13–16 yr old females, France, 9850
tactical & skill approaches to teaching sport & games, implications for practice & future research, 9885
task vs ego motivational climates, persistence & practice behaviors & perceptions of causes of success & motivational climate, 7th & 8th graders in physical education classes, 13798

Physical Endurance—Serials
biphasic effects of 8-OH-DPAT vs 5-HT receptor antagonist WAY-100,635 vs pindolol, endurance of treadmill performance, male rats, conference presentation, 34632
dyspnea & lung function parameters & variance in exercise tolerance, 40–86 yr olds with chronic obstructive pulmonary disease, 26864
effect of work glove & type of muscle action on grip fatigue & relationship between physiological muscle performance & subjective perceptional fatigue, 21–55 yr olds, 37257
reproducibility of endurance performance tests, trained athletes, 14954
use of ratings of perceived exertion to regulate blood lactate concentration during running, recreationally active adults, 14994

Physical Examination—Serials
active learning method for medical school curriculum, basic clinical skills of communication & physical examination & diagnostic reasoning, preclinical medical students, 2111
attitudes concerning pelvic examinations, 16–80 yr old females, Norway, 36649
barriers & motivating factors to adoption of mammography screening, 45–65 yr old Chinese females, Singapore, 16770
casual BP measurement, exaggerated systolic BP reactivity, healthy young males with low vs moderate vs high risk for hypertension, 12558
determination of most common medical problems during return-to-work examinations, aviation ground personnel vs other workers, 16241
educational level & task difficulty, effectiveness of scenarios to assess communication skills in objective structured clinical examinations, clinical clerks & residents & medical students, 33193
preferences for accompaniment by family member or friend during routine health care visits & in examination room, patients visiting family medicine center, 32779
recommendations for improving breast & cervical cancer screenings, physicians & office staff, commentary, letter, 16773
reliability & validity of Pain Index of Knee, usefulness of clinical procedure for assessment of knee pain, patients with knee pain, 4542
standards for monitoring therapeutic levels of lithium in general practice vs psychiatric outpatient settings, psychiatric patients, England, letter, 5281

Physical Exercise [See Exercise]

Physical Fitness—Serials
acoustic structure of neonatal cry as communication for parental assessment of health & fitness condition & reproductive value & development of offspring, 41615
baroreflex stimulation & active vs passive stressors & hostility, bradycardia associated with cardiorespiratory fitness, 18–35 yr old White males, 3152
cardiorespiratory capacity as seen in heart rate & oxygen uptake & respiratory exchange ratio, mentally retarded males vs females with vs without Down's syndrome, 23198
demographic & psychological/emotional & physiological determinants of physical activity behavior, 29–66 yr old African American Head Start employees, 36910
disordered eating patterns & body image & self-esteem & physical activity, 10–12 yr old male vs female school children, Australia, 6 mo study, 29932
exercise, domain specific & global levels of self esteem & effects of physical fitness & body composition & self efficacy & exercise participation on changes in physical self worth, middle aged adults, 24078
health & fitness facilities & presentation of male bodily attractiveness in men's fashion magazines as reflection of sociocultural expectations, 1960–92, 26019
implementation of National Resident Assessment Instrument, rates of decline & improvement in 8 physical health conditions, nursing home residents, 40867
moderating effects of physical fitness, vigilance & serial choice RTs, 18–30 vs 43–62 yr olds, 14028
person environment fit in perceived health & mental health & physical functioning & vigor, energy expenditure in & tolerance of planned exercise & ventricular function, patients with heart failure, 8550
physical activity & smoking & alcohol use as cardiovascular risk factors, 18 yr olds, Australia, longitudinal study, 42774
physical exercise program, flexibility & agility & strength & endurance & spinal bone mineral density & psychological well being & perceived health & back pain, 50–70 yr old females with low bone mass, 24067
physical fitness & Type A behavior & personality traits, cardiovascular reactivity & coronary heart disease risk potential, senior-ranking male military & civilian employees (mean age 41.3 yrs), 42770
physician approval & family athleticism & individual encouragement & peer interest in fitness, exercise, 70–98 yr old females, Canada, 11501
seasonal changes in training load, mood disturbance & neuromuscular function as measured with H reflex & anaerobic swimming power, female collegiate swimmers, 21796
signal detection analysis of physical & psychosocial & demographic predictors of long-term physical adherence to group- vs home-based exercise program, initially sedentary 50–65 yr olds, 2-yr study, 39945
social status & physical condition of mother, sex ratio of offspring, cervids, 34439
task vs ego orientation vs social approval, motivation toward physical activity & sport, 12–14 yr olds, Zimbabwe, comparison with data on US & England, 25850
use of processes of change, stages of exercise adoption vs relapse, adults, longitudinal study, implications for fitness programs, 16783

Physical Geography [See Geography]
Physical Growth [See Physical Development]
Physical Handicaps (Attit Toward) [See Physical Disabilities (Attit Toward)]
Physical Illness [See Physical Disorders]
Physical Illness (Attitudes Toward) [See Also AIDS (Attitudes Toward)]—Serials
acculturation, attitudes toward treatment of HIV positive patients, Asian vs White American dentists, 8526
age & sex, physical symptoms & illness attitudes, 11–16 yr olds, 8460
age, intuitive theories of HIV transmission & attitudes toward AIDS, 6–18 yr olds, 797
attitudes & values & beliefs on diagnosis & treatment of osteoporosis, 55+ yr old 1st vs 2nd generation Japanese-American females, 31610

attitudes toward & obstacles in way of obtaining diagnosis of dementing illness, spouse caregivers of demented patients, 19598
construction & validity of Older Adult Disability Scale, assessment of attitudes toward elderly with disabilities, healthy 17–87 yr olds, 17657
content & structure of common types of self & illness conceptions, 25–67 yr olds with rheumatoid arthritis, Sweden, 12476
cultural values & differences in attitudes toward health & illness & treatment preferences, 15–86 yr olds, Netherlands vs Japan, 23517
dimensional complexity of own vs other illness representation, aged with diabetes mellitus vs osteoarthritis, 4527
distress measured by PTSD on Impact of Event Scale & abnormal illness behavior correlates, asymptomatic HIV seropositive 20–44 yr olds, South Africa, 16274
feelings about illness & social support & needs, 13–25 yr olds with epilepsy, 31915
health & illness beliefs & behavior, help seeking behavior, urban Black adults, South Africa, 20188
HIV related knowledge & attitudes & perceptions, HIV avoidance practices, African American adults, 16276
hypochondriasis & illness phobia, 12–69 yr old outpatients with panic disorder & agoraphobia, Italy, 31062
origins of beliefs about causes & controlability of illness, 18–56 yr olds with chronic fatigue syndrome, 39361
parental medical history & separation experiences, heart-focused anxiety & illness fears, college students, 7713
perceptions of effects of childhood cancer on family life, parents, 8543
perceptions of experiences & illness effects, 6–16 yr olds with asthma, UK, 8454
personality & coping style & symptom distress & disease stage & quality of graft match & chemoradiotherapy experience, prognosis of survival, adult bone marrow transplant patients, 1–2 yr followup, 27568
positive & negative aspects of spouse responses, psychological adjustment, male vs female 29–78 yr olds with cancer, 31702
reliability & validity of Cardiac Event Threat Questionnaire, cardiac patients, 10506
satisfaction with care & relationship to various life domains & quality of life & sociodemographic & illness related variables, 25–86 yr old in unit hemodialysis patients, 9256
structure & development of Illness Perception Questionnaire, patients with diabetes or arthritis or renal diseases or asthma or chronic fatigue or pain or myocardial infarction, UK & New Zealand, test appended, 2639
transactional model for use of family rituals & stories & family adaptation & organization when dealing with childhood illness, case examples, 27242
understanding of distinction between physical & mental illness, 2.9–5.6 yr old preschoolers, 15228
validity & clinical use of Reaction to Diagnosis Interview using attachment theory framework, 14–54 mo olds with cerebral palsy & their primary caregivers, 14317

Physical Mobility—Serials

accelerometry as a means to quantify physical activities in studies with Lorazepam & other benzodiazepines, males aged 19–25 yrs, 34136
active vs passive mobility & choice training, memory for locations visited, children with vs without spina bifida or cerebral palsy (mean age 7.2 yrs), 42820
activities of daily living & index of mobility & performance tests, prediction of physical function, 77–98 yr olds, 24 yr followup, Sweden, 11514
electromagnetic therapy, rate & scale of healing & changes in self reported pain levels & degree of mobility, 42–87 yr olds with venous leg ulcers, UK, 9265
outdoor mobility needs & hindering factors & social relationships, elderly individuals in Italy & Finland & Germany, 29999
physical dimensions, coordination & detuning, male & female college students, 28814
physical entrapment & hiding places & dark spots in route, fear of crime during walk after dark, female college students, 33817
physical performance measures & instrumental activities of daily living disability, older community dwelling adults, meta analysis, 25954
predictors of pain disability & fear of movement & injury & reinjury & factor structure & validity of Tampa Scale for Kinesiophobia, chronic low back pain patients, 2668
quality of life & well being & mobility & degree of dependence & isolation & withdrawal & coping, adults with multiple sclerosis, New Zealand, 12618
shoulder pain & subluxation & range of motion & age & upper extremity motor impairment, 42–83 yr olds admitted to rehabilitation hospital after stroke, 12570
structural analysis of secondary conditions & relation to primary impairment, adults (mean age 55.4 yrs) with mobility impairment, 35994

Physical Restraint—Serials

attitudes toward restraint use with older patients, nurses, U K vs Greece, 20473
attitudes toward use of physical restraints in long term care, nursing staff, 9510
chronic restraint stress with vs without tianeptine pretreatment, spatial memory performance on Y maze, rats, implications for relevance of hippocampus in spatial tasks, 15017
diurnal & seasonal patterns of single vs repeated use of physical restraints during violence, inpatients with schizophrenia vs schizoaffective vs mood disorders, Israel, 5364
education vs education/consultation intervention & OBRA mandates, use of psychoactive drugs & physical restraints, nursing home residents (mean age 83.4 yrs), longitudinal study, 40128
educational program with workshop & consultations & regional meetings & written & audiovisual materials, reduction in use of physical restraints, staff at nursing homes, 17030
endogenous antipyretic peptide vasopressin vs V1 receptor antagonist, handling &/vs restraint stress-induced hyperthermia, male rats, 7095
ethanol & restraint stress schedule, adaptation & food intake, male rats, implications for cause of depression, 18103
formal restraint reduction program, attitudes toward restraint use & benefits of reduced use, staff & family members of residents of long term care facilities, 20262
immobilization stress, nitric oxide synthase messenger RNA expression in adrenal medulla vs adrenal cortex, male rats, 3141
immobilization stress, plasma amino acid correlates, 3 vs 24 mo old rats, 11080
limb immobilization after lesions of forelimb representation area of sensorimotor cortex, dendritic growth & neuronal injury & behavioral deficits, male rats, 3075
perceptions of treatment & care & restraint & seclusion experiences while in psychiatric facilities in New York State, former patients, 32845
physical restraint vs novel stimulus, social behavior, female rats, 10795
prevalence & patient characteristics related to use of physical restraints, elderly patients in geriatric care facilities, Sweden, 27740
psychometric properties of Imposed Mechanical Restraint Inventory, assessment for prevention of infliction of physical injuries to self or others, 12–78 yr olds with mental retardation, Netherlands, 34008
restraint education vs restraint education with consultation vs control condition, reduction of use of physical restraints in nursing homes, residents, 36756
restraint education vs restraint education with consultation vs control condition, reduction of use of physical restraints in nursing homes, residents, commentary, 36759
restraint stress, brain damage after hypoxic-ischemic insult, 7 day old rats, 29374
restraint stress, herpes simplex virus-specific memory cytotoxic T lymphocyte activation, male rats, implications for involvement of lymphokine availability, 11061
restraint vs no restraint method, maintenance of safety & therapist effort & quality of life, severely intellectually impaired 4 yr old female with pica, 43007

special care unit in nursing home, functional status & cognitive performance & behavioral symptoms & use of psychotropic drugs & physical restraints, 65–91 yr olds with dementia, Italy, 6 mo followup, 32970
state of confusion & ambulation & use of physical restraints, risk & recurrence of injurious falls, elderly nursing home residents, 13373
state of confusion & ambulation & use of physical restraints, risk & recurrence of injurious falls, elderly nursing home residents, commentary, 13378
5-HT nonselective agonist in dorsal hippocampus & restraint stress, effect of 5-HT-1A receptors on elevated plus maze exploration, male rats, 621

Physical Strength—Serials
efficacy of work hardening program, gains in physical strength & return to full-time work, 19–60 yr olds with chronic low-back pain, 2 mo followup, 5397
gender & upper extremity joint impairment & grip strength & comorbidity & psychological status, decline in manual performance, over 60 yr olds, 6-yr study, implications for long-term care needs, 41777
grip force & rough vs smooth surface texture, discrimination of hand-held load heaviness, 18–50 yr olds, England, 21231
hand preference vs skill vs strength as index of handedness, male vs female 20–28 yr olds, Ireland, 478
imagined muscle contractions, changes in maximal voluntary abduction force, 21–25 yr olds, 29495
immunosuppressive treatment, memory & attention & muscle strength & auditory vigilance, 16–76 yr olds with myasthenia gravis, 9257
isokinetic muscle strength & neuropsychological capacity, cirrhotics with vs without alcoholism, 31340
role of lower limb strength & visual contrast sensitivity & RT in predicting cognitive function, 60–86 yr old females, Australia, 22160

Physical Therapists—Serials
perception of professional status, occupational vs physical therapists, 13606

Physical Therapy—Serials
efficacy of work hardening program, gains in physical strength & return to full-time work, 19–60 yr olds with chronic low-back pain, 2 mo followup, 5397
electronic music program during physical occupational therapy, performance & promotion of self esteem & emotional expression & peer support, clients with spinal cord injury, 2089
lexion muscle rigidity due to neuroleptic malignant syndrome, mentally retarded 36 & 40 yr old males with schizophrenia or bipolar disorder, case report, letter, implications for physical therapy, 23872
maximum vs submaximum work & power efforts, perceived pain & test-retest reliability of simulator system, male vs female adults with work-related cumulative trauma disorders, Canada, 24345
music & hand massage, relaxation & decreasing aggressive behavior, female cognitive impaired elderly nursing home residents, 13137
orofacial physiotherapeutic treatment, facial mobility, patients with Parkinsons disease (mean age 69.94 yrs), Australia, 33021
pelvic floor rehabilitation, degree of control of ejaculatory reflex, male 20–52 yr olds with premature ejaculation, 9548
role of music therapy in physical rehabilitation programs, 16691
surgery & intensive orthopedic rehabilitation, pain & physical functioning & concomitant cognitive function, 47 yr old male with closed head injury, case report, 32691
training & skill acquisition & competency testing for use of physical agent modalities, occupational therapists, 43495

Physical Trauma [See Injuries]

Physical Treatment Methods [See Also Artificial Respiration, Blood Transfusion, Dental Treatment, Dialysis, Immunization, Surgery]—Serials
age & exposure to past painful experience & temperament & fears & female caregiver's child rearing practices, pain responses to venipucture, male vs female 8–12 yr olds, 36612
attitudes toward use of nasogastric feeding tubes for severely demented patients, geriatric nurses, Italy, 27022
characteristics & prevention of & antiviral & other therapy for HIV infection, 31676
diagnosis of & treatment strategies for constipation in anorexic or bulimic patients, 31513
formal restraint reduction program, attitudes toward restraint use & benefits of reduced use, staff & family members of residents of long term care facilities, 20262
integration of pharmacologic & behavioral treatment methods for reducing or preventing pain & distress associated with different phases of medical procedures, children, implications for practice, 42882
lancing & squeezing of heel during blood sampling, oxygen saturation & behavior, preterm infants, Scotland, 9273
massage therapy communication of positive regard, challenging & disturbed behavior, 23 yr old female with severe learning disability, case report, 5128
medical treatment, male 77 yr old with right hemispheric ischemic infarction, 13145
nasal continuous positive airway pressure treatment, alertness & neuropsychological functioning, patients with sleep apnea with vs without hypoxemia, 9289
oral morphine vs unilateral left-sided neurolytic celiac plexus block with 20 mL of 50% alcohol, pain management, terminal patients with upper abdominal malignancy, 24049
physiological & therapeutic effects of high frequency electrical pulse treatment, adults, 19998
process for dispensing information to reduce patient distress during health care procedures, 43233
prone positioning with vs without a positioning device, heart rate & respiratory rate & scapular position & behavioral state, premature infants, 32707
psychological & pharmacological intervention protocol for procedural distress, children with pediatric leukemia, 9264
reliability & validity of Behavioral Approach-Avoidance and Distress Scale, distress & coping style during painful medical procedures, 3–7 yr old patients, 6081
swaddling vs standard care following blood sampling, facial activity & state of arousal & heart rate & blood oxygen-saturation, infants at postconceptional age 26–30 vs 31–36 wks, Canada, 43255
vacuum constriction therapy, male patients with impotence, 68 wk followup, 24052
validity of WHO (Ten) Well-Being Index, assessment of positive & negative well being, diabetic 16–60 yr olds in insulin pump treatment vs injection therapy, Europe, commentary reply, letter, 25043
validity of WHO (Ten) Well-Being Index, assessment of positive & negative well being, diabetic 16–60 yr olds in insulin pump treatment vs injection therapy, 8 European countries, commentary, letter, 25049
validity of WHO Well-Being Questionnaire, assessment of positive & negative well-being, 16–60 yr old diabetic patients in insulin pump treatment vs injection therapy, 8 European countries, 21043

Physically Disabled [See Also Amputees, Health Impaired]—Serials
age & education level & SES & religion & daily hassles, active cognitive or behavioral vs avoidance coping strategies, male vs female 18–58 yr olds with physical or sensory disabilities, Australia, 1509
age, levels & determinants of perceived family support & conflict, noninstitutionalized physically disabled 18–91 yr olds, Canada, 8500
assistance prompting in learning to use video recorders & personal computers, 13–18 yr olds with intellectual & physical disabilities, 43429

athletic performance & physical training practices & specificity, swimmers (mean age 21 yrs) & throwers (mean age 23 yrs) & wheelchair racers (mean age 30 yrs) with disabilities, 16256
caring for demented vs physically disabled undemented spouse, caregiver burden & marital closeness & social contacts, elderly spouses, 13348
child disability, prediction of parental educational expectations, physically disabled 8th graders & their parents, 2231
client's own development of multimodal augmentative & alternative communication system, hearing impaired & physically & cognitively disabled adult female, 33117
cognitive bibliotherapy, depressed adults (mean age 71.8 yrs) with a disability, 6 mo followup, 32129
demographic & clinical & CT scan variables & positive family history, minor physical anomalies, 16–70 yr olds with functional psychoses, England, 1294
development & evaluation of service coordination program, low & very low income mobility impaired residents in public housing projects, 9440
development & reliability & validity of Self-Concept Questionnaire for Physically Disabled Hong Kong Chinese, adults with disabilities, Hong Kong, 28456
efficacy of home-based Portage Program, promotion of physical & social & academic development, handicapped infants with high vs low developmental quotients (mean age 41 mo), Israel, 5 yr study, 20666
evaluating patient motivation, fieldwork coordinators at physical rehabilitation settings, 33101
factors in involvement in service delivery & planning in day care centers, persons with physical disabilities or mental health problems or learning difficulties & their carers, UK, 1976
government policies & employment & educational & service opportunities & challenges for disabled people in newly industrialising Malaysia, 39374
humor, adaptation & coping with acquired physical disability, implications for rehabilitation counseling, 27765
identification & discussion of types of countertransference reactions toward patients with physical disabilities, analysts & other therapists, 33271
increases of indices of happiness, movement vs minimal movement, 25–47 yr olds with profound mental & physical disabilities, replication study, 26350
interobserver agreement & disagreement during continuous recording, behavior states, 21 & 26 & 30 yr old males with mental retardation & multiple physical disabilities, 39298
legal guidelines for special health care service delivery in schools, children with extensive health care needs, 2150
media use & needs & attitudes toward advertising, mobility-disabled vs nondisabled adults, 33760
patient's disabilities & handicaps, life satisfaction & caregiving stress, 33–84 yr old stroke patients & caregivers, 31730
perception of body & issues in friendship & role of experts, physically disabled elementary school age children, 4554
perceptions of group & individual processes & interactions, 26–44 yr old disabled athletes & 23–47 yr old able-bodied staff members of wheelchair expedition, Russia, 41979
post-structuralism & phenomenology in development of sociology of impairment vs social model of disability, 39373
pre- & post-transition experiences & adjustment to retirement, 22–53 yr old disabled athletes, 16269
premorbid vs postillness self rated health, recovery from major medical event & physical disability after event, 65–97 yr olds, 6 wk & 6 mo followups, 9294
pretraining computer self efficacy, learning outcomes & self concept changes in computer skills, 18–40 yr olds with physical disabilities, 2090
psychiatric morbidity & physical disability & financial costs of community services, 65–100 yr olds, England, 40085
psychosocial factors & low back pain related disability, literature review, 19519
Rational Emotive Behavior Therapy techniques, coping, 82 yr old male with disabilities, 19819
reactions & attitudes toward & coping behaviors in & effect of disability, 17–28 yr olds with mental or physical disability or hearing loss & their parents & siblings, Africa, 22646
societal attitudes & constraints, self perception of womanhood & gender roles, 17–22 yr old physically disabled females, Sweden, 31573
spouse's solicitous behaviors in response to patient pain behaviors, rate of nonverbal pain behavior & physical disability, chronic pain patients, 4560
stereotypic attitudes & behavioral intentions toward physically handicapped peer, 3rd–6th graders, 4553
structural analysis of secondary conditions & relation to primary impairment, adults (mean age 55.4 yrs) with mobility impairment, 35994
surgery & intensive orthopedic rehabilitation, pain & physical functioning & concomitant cognitive function, 47 yr old male with closed head injury, case report, 32691
systems approach to development of size-suitable clothing, physically disabled consumers, 16266
use of Alexander Technique with communication limited clients for organization & use of own body, relaxation & posture & anxiety & spasticity, learning & physically disabled, 9549
validity of bed rise difficulty scale, functional ability & disability, 59–93 yr old nursing home patients, 24997
views & experiences with health & social services, 22–64 yr olds with acquired physical impairments, England, 32841
5-phase model of adaptation, innovative rehabilitation counseling, clients with traumatic physically disabling conditions, 5399

Physically Handicapped [See Physically Disabled]

Physician Patient Interaction [See Therapeutic Processes]

Physicians [See Also Family Physicians, General Practitioners, Gynecologists, Internists, Neurologists, Obstetricians, Pathologists, Pediatricians, Psychiatrists, Surgeons] —Serials

acquisition of knowledge & skills & professional attitude & understanding role of doctor patient interaction, physicians during 1st yr of practice after residency, 13576
agency awareness acquiescence & age & acquiescence in other areas & social desirability, agency awareness estimates, physicians, 16838
alcoholism & substance misuse & addiction, professional impairment, medical doctors & lawyers, UK, 39199
assessment in primary health care setting, impact of relationships among doctor & client & counselor & time & money factors, 13219
attitudes about & practices of suicide assistance for patients with HIV/AIDS, physicians, 1990 vs 1995 data, 33161
attitudes about prolonged use of opioids for chronic pain, clinicians, 13177
attitudes toward & current practices regarding assisted suicide, physicians, 5266
attitudes toward & experience of computerized vs physician administered Present State Examination, assessment of current symptoms, 17–58 yr old psychiatric patients, 10440
attitudes toward legalization vs ban of physician assisted suicide & physician's attitudes toward participation, physicians vs members of general public, 5248
awareness of caregiver factitious disorder by proxy, mental health professionals vs primary care physicians, 5272
awareness of internal vs external hospital environment & personal commitment to organization, physicians vs nurses, India, 40309
barriers to physician & community health care system identification & treatment of family violence, health care & mental health & criminal justice practitioners, 24106
burnout & sociodemographics & depersonalization & personal accomplishment & emotional exhaustion, general hospital doctors, Spain, 33274
case load & family medicine & HMO affiliation & rural practice & age, gatekeeping for psychosocial problems & contact with social workers, primary care physicians, 9368
client & physician characteristics & client physical impairments & team approach & communication factors, physician & elderly patient encounters, 24133
consistency of verbal exchange structure of medical consultations, patients & physicians, 20019
consulting techniques & patient's understanding of self diagnosis of myalgic encephalomyelitis, clinician & patient, 32783

cultural consensus analysis of knowledge & power & experience, perceptions & discussions of breast cancer risk factors, university based vs private practice physicians, 13626
determinants of decisions to give information to cancer patients & components of attitudes toward information, physicians, Spain, 20476
differential diagnosis & treatment of panic disorder by physicians in general medical setting, 27514
DSM-IV & collaboration between physicians & mental health care providers, 24390
estimations of prevalence of organic & other mental disorders among long term care facility residents, psychiatrists vs primary care physicians vs nurses, implications for patient care, 22674
expectations of physicians in sexual health matters, discussion of sexual problems with physicians & physician reactions, male vs female patients, 24136
experiences with & perceptions of alcoholic patients, physicians, 24484
feedback intervention, behavior change in terms of clinical resource use, hospital physicians, 32 mo study, 5496
general knowledge of HIV issues, physicians from urban vs provincial vs rural areas, Vietnam, 36867
iatrogenic injury & decision to override advance directives, physicians, 43549
importance of effective communication by physicians with their cancer patients, 16741
interactive creation of climate conducive to patient participation, female physician & her patients, 20195
interactive educational & managerial intervention, prescribing practices for rhinopharyngitis, physicians, Mexico, followup, 17053
intrinsic rewards of teaching & receipt of low cost continuing medical education & discounted computer purchases, physicians who are preceptors for medical students, letter, 13574
involvement in & experiences with managed care organizations, African American physicians, 17080
knowledge & attitudes about depression, psychiatrists vs generalist physicians vs internists & obstetrician-gynecologists, 30905
knowledge & practice of cancer pain management, physicians, Denmark, implications for opioid & co-analgesic treatment use, 32719
knowledge of child sexual abuse, physicians, 9680
knowledge of opioid & analgesic use & administration & pain management & beliefs & attitudes toward cancer pain, physicians, Italy, 24044
legalization of physician assisted suicide, 24943
legislation, willingness to perform assisted suicide & euthanasia, physicians, commentary, letter, 17097
machiavellianism & physician reactions to uncertainty, 25–39 yr old surgical residents, 33263
mental illness & criminal behavior & expert testimony in history of legal medicine, physicians, US, 17511
objective structured clinical examination, cognitive knowledge & clinical skills, prospective physicians, Canada, conference presentation, 9718
paradigm for cancer pain education based on principles of adult learning & physician behavior theory, physicians, 27887
perceived legal defensiveness or risk or civil or criminal sanction, decisions regarding benefit vs medical futility of life sustaining treatment for terminally ill patients, physicians, 24151
perceived sexual harassment & discrimination & psychological humiliation, problem drinking outcomes, physicians in internship yr of training, application of stress/alienation paradigm, 24508
perceptions of & experience with breaches of confidentiality, therapists leading psychotherapy groups with chemically impaired physicians, implications for reform of confidentiality laws, 13654
physician & patient characteristics & satisfaction, communication patterns, 25–64 yr old primary care physicians & their 21–94 yr old patients, 24485
physician counseling, health care proxy appointments, physically ill elderly patients, 5269
physician's discussion of health education topics with client & type of HMO or managed care plan & insurance, satisfaction with physicians, patients, 1977
positive & negative collaborative experiences, social workers & physicians in internal medicine & surgery & related subspecialities, 13603
predicted vs actual prenatal appointment keeping behavior, family practice physicians, 13234
preferences for aspects of quality of care, 18–75 yr old outpatients with chronic diseases vs medical specialists, Netherlands, 20224
Project Trial for Early Alcohol Treatment, assessment of efficacy of brief physician advice in reducing alcohol use, 18–65 yr old problem drinkers, 33046
Project Trial for Early Alcohol Treatment, assessment of efficacy of brief physician advice in reduction of alcohol use, 18–65 yr old problem drinkers, commentary, 33067
promotion of continuous quality improvement & quality assurance methods with housestaff & graduate medical education in urban teaching hospital, chief residents, 13542
provider & patient characteristics & context, medical encounter outcomes & participant satisfaction & compliance & process issues, elderly & their physicians, literature review, 24099
psychogeriatric training, specialization in geriatrics & treatment & knowledge of dementia, general practitioners/internists & neurologists/psychiatrists, Germany, 20432
rates of physician reporting of possible abuse, 65 yr olds & older, 5275
reactions to state's legalization of assisted suicide, physicians, commentary reply, letter, 17091
responses & adherence to hospital policy permitting not offering CPR to patients unlikely to benefit, physicians, 24058
risk of HIV infection, attitudes toward practicing medicine & willingness to perform invasive procedures & choice of training location, resident physicians, 13568
risks for suicide mortality, male vs female physicians, research review & meta analysis, 4272
routine communication style & behavior, primary care physicians & surgeons with vs without history of malpractice claims, 33261
self reported experiences of trust in physician, 26–72 yr old medical patients, 32860
sex & speciality, death anxiety & locus of control & purpose in life & their influence on clinical behavior regarding death notification, attending & house staff physicians, 13635
social expectations & caretakers' perception of physicians' role, prescribing practices for treatment of childhood diarrhea, physicians, 16756
solidarity vs domination in power relations in satisfactory vs problematic health care encounter with physicians, lesbian 21–56 yr olds, 9388
specialist training, fact selection & ranking of importance in diagnosis of elderly patients, geriatricians vs geriatric psychiatrists vs internists, Netherlands, 20433
structure & function of medical interview, importance of patient education & communication among physicians & patients & families, 24127
success strategies in individual health counseling to affect patients' lifestyles & examination of theoretical constructs & models in health education, physicians, 20129
surprise & promise & fear of physician intimacy during palliative care, 16884
trend in managed care & HMO to contain costs, client access to psychiatric care & need for intensive training in psychiatry, primary care physicians, letter, 13554

Physicists—Serials

periodicity in birth year distribution, founders of quantum mechanics, commentary, 3867
preference to cooperate with others differing in age by 7 yr intervals & similar periodicity in birth years, physicists involved in development of quantum mechanics, 1876–1903, 18239

Physics—Serials
assessment of human machine interactions, theoretical model representing consciousness/environment interactions with quantum wave mechanics, application to human health, 29007
Bell's inequality & influence of mental activity on physical reality, 5924
collaborative action research to enhance normal teaching practices & teacher education & to reform science education, physics teachers, 20519
complexity theory & use of physics methods & qualitative & quantitative approaches within behavior analysis, 5916
conceptions of energy, primary school teachers in preservice training programs, 40361
development of reasoning about interaction of force & motion, 6–10 yr olds vs 19–37 yr olds, Germany, 25775
Jung's archetypal view in countertransference & juxtaposition with M. Gell-Mann's concept of frozen accidents, Jungian analysts & their patients, 22641
limitations of final theory of physics & inconsistency with interbehavioral psychology, 37348
operational knowledge of weight concept after introductory vs advanced physics courses, high school & college students, 5593
phenomenological implications of quantum mechanical model of consciousness & computational model of thinking processes, 14104
physics & depth psychology of transference as interactive field in psychoanalysis, 1776
quantum mechanical model of consciousness & emergence of self vs computationalist model of mental processes, 14109
readiness to change conceptions of motion & force, 6th vs 10th graders, Australia, 37076
relationship between out of body experience & dissociative behavior & interpretations suggested by new orientations in physics & New Science & Chaos Theory, 14692
sex & academic discipline, orienting of liquid surfaces & plumb lines & knowledge of simple physics, college students, Canada, 10641
student created portfolio vs traditional objective assessment procedures, science achievement & attitudes, undergraduate physics students, 43572
teaching of standard textbook physics, changes in qualitative understanding, college students, 37041
Physiological Aging—Serials
age, binding of major 2nd messengers in cerebellum vs cerebral cortex, 3 wk vs 6–24 mo old rats, implications for role of adenylate cyclase system, 29240
aging, hypothalamo pituitary adrenal function & plasma basal cortisol, healthy 60–90 yr olds, 3–6 yr study, 474
biological & cognitive criteria for mild cognitive impairment, older adults at risk for developing dementia, 31883
biological factors in old age depression, 30825
calorie restriction, learning in cued & spatial tasks, 2–4 vs 19–23 mo old male mice, animal model of cognitive deficits in aging, 6438
characteristics & frequency of attributing old age vs specific medical condition as etiology of functional limitation, community dwelling 60–89 yr olds, 22185
chronic nimodipine treatment, motor behavior & maze learning & hippocampal binding of [3H]CGS 19755 to NMDA receptors, aged male rats, 11155
chronic piperoxane administration, enhancement of spatial navigation ability in Morris water maze, 18 & 24 mo old male rats, 29525
chronic sensory stimulation of siphon-gill reflex, circulating & neural levels of AChE & gill behaviors, old Aplysia, 21689
clinicopathologic & neuropsychologic indicators of normal vs pathological aging vs vascular dementia vs Alzheimer's disease, 75-85 yr olds, longitudinal study, 4656
compound light & sound stimulus duration discrimination in temporal vs nontemporal symbolic matching-to-sample task, 6 & 12 vs 18 & 24 mo old male rats, 6446
definition & psychometric characteristics of Age-Associated Memory Impairment, adults aged 50 yrs old & older, 31812
diagnosis & pharmacologic & nonpharmacologic treatment of anxiety, comorbidity & cohort effects & ageism, elderly populations, conference presentation, 36185
effects of temperature on aging, implications for rate of living & free radical theories of aging, reappraisal of prominent studies, 18430
epidemiology & etiology & associated pschosocial risk factors, elderly with congestive heart failure, conference presentation, 31727
evidence for age-complexity effect as task dependent & process specific vs as reflection of reductions in general processing resources, older adults, conference presentation, 29979
hypertension &/vs aging, autoshaping learning & memory performance & spontaneous activity, food-deprived male 3–24 mo old spontaneously hypertensive vs Wistar-Kyoto rats, 6448
inclusion of mild neurocognitive disorder & Age-Related Cognitive Decline in DSM-IV, older adults, 31865
issues concerning Age-Associated Memory Impairment & Age-Related Cognitive Decline, elderly, 31771
level of education & biological aging, cognitive decline, 70 yr olds & older, Australia, 3 yr study, 29985
lexical vs nonlexical processing, age-related slowing, older adults (mean age 69.7 yrs) vs college students, 29987
melatonin as anti-aging drug, 3226
memory performance, brain damaged 40–64 yr olds vs healthy 20–39 vs 40–64 vs 65–79 yr olds, test of frontal lobe dysfunction hypothesis of age-related decline in memory, 4711
mild joint pathology & age, brief locomotor task performance, 18 wk old autoimmune MRL-lpr lupus-prone mice, replication, 11051
modulations of synaptic ultrastructure with aging, 14819
murine models of brain aging & age-related neurogenerative diseases, literature review, 29312
muscarinic acetylcholine & NMDA & protein kinase C & 5-HT & benzodiazepine receptor binding, senescence-accelerated mice, 21897
nimodipine, autoshaping learning task, normotensive vs hypertensive middle aged rats, 29593
norms for touch/pressure threshold & static & moving 2 point discrimination & tactile recognition & thumb kinesthesia, healthy 60–94 yr olds, 18650
odor-reward association task performance, aged rats, implications for neurobiology of aging, 487
overview of physical & cognitive age related declines that affect perception & language & memory & strategies for teaching older learners, 24584
physiological aging of olfactory cortex & mucous membrane, capacity to perceive olfactory stimuli, centenarians, Sicily, conference presentation, 30003
positron emission tomography study of neuroanatomical correlates involved & role of limbic system in emotion, 55–78 yr olds, 21686
precocious neuronal death in cerebellar cortex & olivocerebellar pathway, motor control of equilibrium on rota rod, staggerer mice of C57B16 strain assessed from 3 to 24 mo old, 454
reduction in taste functions for sweet vs sour vs salty vs bitter stimuli, centenarians, Sicily, conference presentation, 30002
research approaches & data analytic strategies in examining individual differences in age-related cognitive decline & neurobiological changes, aged, commentaries with reply, 10921
techniques for screening for presence of age-related pathology & impact of pathology on behavioral tests of learning & memory, Fischer 344 & Wistar rats, animal models, 25383
use of animal models in examining age-related changes in medial temporal lobe & frontal lobe systems & cognition, literature review, 29285
Physiological Arousal—Serials
adenosine, mediation of sleep inducing prolonged wakefulness, cats, 34614
anxiety sensitivity & perceived control, emotional responding to caffeine challenge, 17–31 yr olds, 25622

arousal & visuospatial attention, 19–49 yr old humans vs female monkeys, 21512
arousal manipulation by phentermine vs pentobarbital, choice behavior in probability learning task & payoff manipulated decision processes, 23–64 yr olds, 41539
augmented prenatal auditory stimulation, alteration of postnatal perception & arousal & survival, bobwhite quail chicks, 37810
avoidant vs decisional vs arousal procrastination, adults, 7719
behavioral & cognitive functions of coeruleo-cortical noradrenergic & mesolimbic and mesostriatal dopaminergic & cortical cholinergic & serotoninergic systems, conference presentation, 29352
behavioral arousal & verbal & nonverbal behavior, 5–37 yr old males with fragile X syndrome vs Down's syndrome, 4501
cellular recordings from multiple neocortical areas, synchronization of fast spontaneous cortical rhythms during arousal vs sleep induced brain activation, cats, 11037
cognitive behavioral therapy, anxiety & physiological arousal, adults with panic disorder, 8844
developmental psychophysiology & psychopathology & role of prefrontal cortex in regulation of sleep & arousal & affect & attention, 6771
electrical activity from interneurons within olfactory midbrain, crayfish, implications for arousal network, conference presentation, 14938
emotional moderation, physiological responses during interpersonal conflict, Chinese American vs European American dating couples, 41995
expectation, subjective effects & dextroamphetamine vs placebo self-administration, adults, 616
heart rate variability measured by power spectral analysis, assessment of sympathetic vs parasympathetic system contributions in autonomic hyperarousal, PTSD patients, 26553
immediate vs delayed vs residual sympathetic nervous system activation, sexual arousal, 18–45 yr old females, Canada, erratum, 7565
individual differences in excitation management, preterm & full term infants, implications for temperament development, 11450
infrared sensor in artificial egg as remote measure of heart rate & reactions to environment during incubation, penguins, 11082
insomniac nocturnal EEG patterns, hyperarousal & symptoms of primary insomnia, 18–50 yr old normal sleepers, 34307
intrauterine cocaine exposure vs CNS injury, preference for stimulation in less vs more aroused conditions, 4 mo olds, 19615
intrauterine cocaine, visual looking preferences during arousal conditions & organization of attention, normal neonates prior to hospital discharge & at 1 mo old, 11151
isoflurane dose, physiological responses to tactile vs auditory stimulation, male rats, 38170
m-chlorophenylpiperazine with vs without ondansetron pretreatment, behavioral & physiological & neuroendocrine responses, healthy Ss (mean age 34 yrs), 29513
menstrual phase & time pressure stress induced arousal, intelligence test scores, female 19–25 yr olds, 18232
negative & positive emotional suppression, expressive behavior & physiological activation, female college students, 18018
nicotine, selective attention & distraction on flanker & search tasks, human males, implications for arousing effect of nicotine, 3243
olfactory CS paired with shock UCS in retention interval & reinstatement of shock condition, heart rate & behavioral arousal, 16 day old rats, 41202
ovarian hormones, cardiovascular risk factors & BP & lipids & weight & physiological stress reaction, premenopausal 40–50 yr olds pre & post hysterectomy &/vs bilateral salpingo oophorectomy, followup, 39918
pain ameliorating vs sensitizing effects of exposure to emotionally engaging dramas differing in hedonic positivity & excitation, male college students, 11097
physical activation vs rest, physiological & subjective & attentional responses, patients (mean age 41 yrs) with major depression vs panic disorder, 30795
physiological & subjective responses during relaxation & stress, adults with alexithymia vs other clinical disorders, 26386
physiological arousal & attention distraction with secondary cognitive task, leaning, adults, 14578
physiological arousal, creation of halo effect in attitudes toward & behavior in blood donation, male college students, Germany, 3732
pleasant vs unpleasant & high vs low arousal pictorial stimuli, startle responses of eyeblink reflexes & skin conductance levels, adults, 14974
pleasure & arousal & demand characteristics, mood-congruent recall, 18–45 yr olds, replication, 37774
postsuckling behavioral arousal, weaning, 20 day old rat pups & their dams, 21548
presence of coactor vs audience others in neutral vs aversive situations, arousal measured by self-report & electrodermal responses, meta analysis, 38062
psychophysiological effects of night shift work & noise, arousal & stress reactions, 20–30 yr old males, 11063
psychophysiological methodology in research on emotional & arousal effects of alcohol, literature review, 3281
regulation of arousal in affect & attention responses to novelty, 3 mo olds prenatally exposed to cocaine & other drugs, 8267
relationship between electroencephalographic & electromyographic activity, 27–53 yr old female patients with anxiety disorder, 42371
relaxation vs hyperventilation, anxiety sensitivity & physiological arousal & interpersonal functioning in conflict situations, low vs high anxiety sensitive female 17–43 yr olds, 11647
restrictive environments & food reward size, arousal & expectation of daily food reward & feeding behavior, sows, 6439
ritanserin vs ketanserin, arousal-induced phase shifts of circadian system, male Syrian hamsters, 21921
sensory stimulation treatment, changes in vegetative state indicative of arousal profile, traumatic brain injury patients, 33026
sleep loss, task performance & RT distribution functions & spectral performance of EEG, 18–24 yr olds vs 62–73 yr olds, Netherlands, conference presentation, 29463
slow release caffeine, mood & alertness, male 18–26 yr olds, 7074
sociability & impulsivity in extraversion, effects of haloperidol on critical flicker fusion frequency & arousal, males (mean age 27.66 yrs), 34643
social competence & behavioral & physiological reactivity & CSF 5-HIAA level, Chinese-Indian hybrid vs Indian-origin infant rhesus macaques, 41402
social disadvantage, basal arousal & response habituation & adjustment, 18–22 yr old female institutionalized orphans vs deaf & dumb Ss living in hostels vs normal Ss living in hostels & at home, 30689
state anxiety & arousal & learning self efficacy, associative learning task performance, 20–33 vs 60–80 yr olds, 14641
strength of excitation & inhibition & mobility, resumption time for execution of interrupted computer task, 21–64 yr old female secretaries, Netherlands, 11759
stress conditions & reactivity, illness rates, children, commentary reply, letter, 12446
stress conditions & reactivity, illness rates, children, commentary, letter, 12479
structure of perceived bodily reactions in emotions, males vs female college students, 38059
subjective emotional experience & psychophysiological reactivity, depressed vs schizophrenic inpatient veterans with vs without flat affect, 11923
success vs failure auditory feedback during easy vs difficult target detection task, emotional arousal & GSR & RT, 17–50 yr old right vs left temporal lobectomy patients, 8579

swaddling vs standard care following blood sampling, facial activity & state of arousal & heart rate & blood oxygen-saturation, infants at postconceptional age 26–30 vs 31–36 wks, Canada, 43255
use of valence or arousal content of self-referent statements, development & validation Velten-like serenity & anxiety mood inductions, adults, 35354
verbal & physiological reactivity to imaginal & in vivo smoking, abstinent vs current adult smokers, evaluation of models of urge, 18816
viewing emotional videotapes with instructions to express vs inhibit crying, pre- vs postmovie mood & stress levels & continuous physiological arousal, 18–48 yr old female undergraduates, 14679
visual vigilance task with vs without 40 vs 60 db of white noise, functional reactivity of effort system (P300 amplitude) & arousal levels, introverted vs extroverted university students, 26245

Physiological Correlates—Serials

absence of metabolic & neuroendocrine & biologic abnormalities & starvation & compensatory behaviors, binge eating without purging, comparison with pathophysiology of bulimia & anorexia nervosa, 8427
adrenocortical stress response & heart rate & psychological parameters, 9–14 yr olds with atopic dermatitis, 40773
alexithymic characteristics, 28–69 yr old patients with peptic ulcer vs erosive gastritis, 42695
anesthesia with vs without oxymorphone, heart & respiration rate & temperature & blood pressure & plasma cortisol concentration & pain relief & stress, dogs having ovariohysterectomy, 18295
anxiety sensitivity & physiological reactivity & self reports of anxiety symptomatology across menstrual cycle, high vs low anxiety sensitivity female college students, 6799
apparitions & physical environment & physiological parameters, subjective vs objective reality, 24–50 yr olds, 18030
auditory startle responses & habituation of EMG & heart rate & skin conductance & anxiety before Persian Gulf war vs during missile alert vs 8 mo after war, healthy adults, Israel, 564
auditory word perception in single-trial presentation paradigm, funtional MRI correlates, 22 yr old native English speaking female, 34162
autistic behaviors & anxiety & neuroanatomical & molecular-genetic correlates, 6–16 yr old girls with fragile X syndrome, 42155
baroreflex stimulation & active vs passive stressors & hostility, bradycardia associated with cardiorespiratory fitness, 18–35 yr old White males, 3152
beliefs about location of anger & envy & fear & jealousy in body & body processes, college students, Germany vs Mexico vs Poland vs Russia vs US, 3155
biological & psychosocial contributions to sexual well-being & satisfaction, aging males, 3540
biological &/vs psychosocial contributions to incidence of acute brief psychosis, males vs females, Nigeria vs India, 26490
body size & schooling behavior & foraging activity & time of day, physiological color patterns, juvenile bullethead parrotfish, 38030
buspirone, alcohol dependence & associated psychopathological & physiological symptoms, ambulatory alcoholic 25–60 yr olds, 13439
cardiovascular & physiological profiles, hypertensive vs normotensive 19–30 yr old males, 8549
childhood sexual abuse, noradrenergic & serotonergic disturbances & development of borderline personality disorder, adults, literature review, 26583
chronic elevation of centrally circulating levels of corticotropin-releasing factor, behavior & physiology, male rats, 41440
cigarette smoking & related medical conditions, HIV-infected males, 1988–1992, 36012
clinical & biological aspects of bereavement & loss induced depression, humans & nonhuman primates, 30823
clinical & neurological correlates, violent outbursts, stroke patients with vs without aggressive behavior, 16293
clinical characteristics & pharmacologic treatment responses, patients with idiopathic vs secondary & familial vs sporadic restless legs syndrome, 19511
cognitive behavioral self help educational program, physical & psychosocial disability & psychological symptoms, 58–83 yr olds with chronic obstructive pulmonary disease, 27531
cognitive vs physiological model in etiology of chronic fatigue syndrome, literature review, 23254
conceptualization of developmental profiles of physiological & behavioral indicators of psychopathology, implications for research on children's temperaments, 38858
context & physiological & temperamental & socialization & attachment-related characteristics, consistency of inhibition, 2 yr olds & their 23–41 yr old mothers, Canada, 41732
CO2 inhalation & epinephrine, cerebral blood flow, patients with generalized anxiety disorder (mean age 38.9 yrs), 31098
detection & simple reference tasks, covariation of cardiovascular responses & cortical ERPs, 20–30 yr old students, 11092
detection of 6% vs 8% inhaled carbon dioxide & associated physiological sensations & mood correlates, healthy males (mean age 21.0 yrs), 18316
distressing stimuli, regulation & emotionality & physiological reactivity & problem behaviors, K–3rd graders, 7321
dynamic idiographic phenomenological model of panic, physiological & somatic & affect changes & catastrophic cognitions in panic, 12101
emotional processing & outcome of eye movement desensitization and reprocessing therapy, male veterans with chronic PTSD, 32171
emotional processing & outcome of imaginal flooding therapy, male veterans with chronic PTSD, 32170
emotional stress, correlation between arterial pressure & heart & respiration rate, rats & 17–38 yr old female workers, 11090
endothelin dosage levels, convulsive effects as indicated by behavioral & physiological & brain metabolic responses, rats, 18277
enzymatic activity of peripheral blood elements & skin vascular temperature response to cold, progress in learning, 6 yr olds, 11377
etiology & symptoms & age at onset & response to treatment of benign vs symptomatic headaches precipitated by cough vs exertion vs sexual excitement, 10–81 yr olds, 23275
focal subcortical lesions, clinical & motor & biological correlates of various depressive disorders, adults, 30875
food exposure, serum insulin & fatty acids & plasma glucose concentrations & salivation & hunger & desire to eat & consumption, obese binge-eating vs obese nonbinge-eating females, Finland, 31509
forms & behavior correlates of yawning & its phylogenetic & ontogenetic aspects & physiological mechanisms & environmental causes, 38027
frequency characteristics of EEG spectra in emotions, 18–25 yr olds, Russia, 29425
generation of humorous vs serious monolog to silent stressful film, heart rate & skin conductance level & temperature & mood & tension ratings, males high vs low in trait humor, 25543
housing regime & social pressure, time budgeting & pathophysiology, male vs female lab rats, 10848
housing transitions & norepinephrine & 5-HIAA & HVA & MHPG, mother vs peer raised infant rhesus monkeys, 29469
J. T. Lanzetta's emotion research on biological substrates of empathy & facial modulation, literature review, 14680
laying-on-of-hands, tactile & other physiological correlates, 18–84 yr old healers vs their patients vs healer simulators vs patient controls, Russia, 16673
menopause, health status & needs, African American females, implications for menopause research, 41622
methodological issues in pilot study of biobehavioral correlates of functional status, females with breast cancer, 23351

mixed serotonin agonist/antagonist m-chlorophenylpiperazine, psychological & physiological & neuroendocrine functioning, type I vs type II alcoholics vs healthy adults, 23053
neurochemical correlates of individual behavior, rats, 41324
neutral vs hot thermal environment, physiological & psychological responses, 24.6–34.10 yr old male firefighters, 29487
nicotine CS paired with alcohol or soft drink UCS, skin conductance & heart beat interval & subjective & behavioral CRs & discrimination performance, 21–44 yr olds, 3204
organic & psychological factors & sexual & micturition problems & desire, multiple sclerosis patients, 12494
passive vs active processing of hierarchical visual stimuli, cerebral artery mean flow velocities, 20–33 yr olds, 41359
physiological & metabolic determinants & response to opiate blockade in etiology of binge eating, implications for role of familial obesity, literature review, 8408
physiological & psychological & social factors & origin & treatment of sexual dysfunction, females with multiple sclerosis, 12468
physiological & psychological variables, functional status, 40–84 yr old patients with chronic obstructive pulmonary disease, test of explanatory model, 39402
physiological & psychomotor performance & subjective effects & abuse liability of flunitrazepam vs triazolam, 20–29 yr old males, 6882
physiological & psychophysical & psychological responses to firefighting training drills, male firefighters, 10143
physiological correlates in studies of anxiety & stress & depression, animals, literature review, 14802
physiological correlates of temperament, mature vs immature defense mechanisms, female adolescent psychiatric inpatients, 7867
physiological factors, CSF concentration of monoamine precursors & transmitters & metabolites, 22–45 yr old males, methodological implications, 3060
physiological mechanisms of generation of neural reactions in motor cortex during conditioned placing reflex, cats, 3080
physiological responses to cocaine cues & cravings in high vs withdrawal states, men with history of cocaine abuse, 39213
physiological vs agoraphobia & anxiety vs fear symptom clusters at onset of panic attack, patients with panic disorder, Japan, 22912
plasma d-amphetamine, drug effect time curves & subjective & physiologic & cardiovascular effects & development of tolerance, healthy male 22–31 yr olds, 6834
plasma MHPG & cortisol & heart rate & BP, prediction of treatment response, 20–50 yr olds with panic disorder & agoraphobia, 19976
population genetics vs physiological state dependent vs age based life histories, offspring quality & number of tradeoffs & maternal effects & phenotypic plasticity & reproductive decisions, 6585
psychiatric symptoms & psoriasis, adults with personality disorders, commentary reply, 42689
psychological & physiological changes in coping with cold, healthy males, 18253
psychological stressors, temperament & physiological stress responses, fully remitted & medication-free patients with panic disorder (mean age 37.1 yrs), 31093
psychopathology index of MMPI & electrodermal responses, 18–68 yr old patients with affective disorders, 26469
qualities & assessment of cognitive style & relation to behavior & physiological measures, 28880
relationship between self report & EEG measures of prefrontal brain asymmetry & positive & negative affect, 18–22 yr olds, 34628
reward vs extinction, heart rate & skin conductance levels during repetitive motor tasks, 8–13 yr old males with ADHD, 19442
rhythmical photostimulation, EEG & heart rate tension & breathing amplitude & tapping rate & subjective assessment of health, adult males, 11066
role of adenosine receptor antagonism & cyclic nucleotide phosphodiesterase inhibition in behavioral and physiological effects of xanthines in nonhuman primates, literature review, 18301
role of comparison questions in physiological detection of deception, guilty vs innocent 18–81 yr olds in mock crime experiment, 18252
role of physical & psychological factors in psychosomatic illness, 31638
salivary reactivity to high-risk binge food before vs after cognitive-behavioral therapy, females with bulimia (mean age 26 yrs), 31491
self reported physical & psychomotor alcohol reactions & lifetime consumption levels, symptoms & concordance of alcohol dependence, 27–46 yr old twins of European descent, 1979–81 vs 1990–92, 12265
self vs expert reported emotion inhibition, prediction of blood pressure reactivity, college students & clinical psychology graduate students, 18954
sensitivity to medical causes of presenting symptoms examined during psychological evaluations, psychologists, 33154
social defeat, behavioral & physiological stress responses, Roman high avoidance vs low avoidance rats, 34623
structure of perceived bodily reactions in emotions, males vs female college students, 38059
sudden environmental change, motor & vegetative indices, freshwater crayfish, 21775
task vs ego involvement goals during actual vs imagined forearm movements & negative vs positive feedback, effort inferences & heart rate & EMG, adults, 21800
temperament & arm restraint & toy removal frustration, heart period & cardiac vagal tone, infants evaluated at 5 & 10 & 18 mos, 709
test–retest interval & demographic characteristics & type of stressors, reproducibility of BP & heart rate reactivity, implications for coronary heart disease, meta analysis, 14995
theoretical analysis of association between nonright-handedness & neurodevelopmental disorders, 12659
theoretical basis for enhancing research to improve behaviorally based biometric computer security systems & effect of state anxiety on physiological & performance responses, computer users, 10189
time spent in slaughterhouse lairage & transport from farms vs markets, behavioral & biochemical measurements of feed restriction & dehydration, cattle, 10850
timing within cardiac cycle & heart rate response to respiratory change, young adults, 3157
vasomotor symptoms & well being & climacteric status determined by self report & by last menstrual bleeding, 45–60 yr old females, 14982
yarding & handling procedures, physiological & behavioral stress indicators, red deer stags, 18244
35% carbon dioxide challenge as laboratory-induced anxiety, panic disorder potentiation, nonclinical adults, 4 yr study, 42381
35% carbon dioxide challenge, heart & breathing rate & subjective distress, 40 yr old male with limited symptom panic disorder, case report, letter, 26549
4-day dieting &/vs 3-day unlimited food intake periods, physiological correlates & psychopathological symptoms of bulimia & anorexia nervosa, normal-weight female 18–24 yr old unrestrained eaters, 8417

Physiological Psychology [See Also Neuropsychology]—Serials
topics in physiological psychology & integration with Biblical truths, 5914
use of laboratory animal demonstrations of human conditions in teaching physiological psychology, college students, 20533

Physiological Stress—Serials
abecarnil, foot shock stress induced changes in brain cortical neuroactive steroid concentrations, rats, 15003
acute &/or chronic stress & sheep red blood cells, effects on plaque forming cell growth & antibody titers, male rats with vs without handling, 14970
acute emotional vs physical stress, morphine self administration, C57BL/6 vs DBA/2 mice, 11156

acute vs chronic immobilization vs cold water immersion vs foot shock stressor, masculine sexual behavior, male rats, 6748
alprazolam vs lorazepam, sympathetic adrenomedullary activity & sedation & cardiovascular responses during supine rest vs mental load vs orthostatic challenge, adult males, 15101
autonomic dysregulation & cerebral blood flow & cardiovascular reactivity during orthostatic challenge, adults with acute vs remitted panic disorder, 22889
BP reactivity to ergometric & mental stress, normoreactive vs hyperreactive males, 6790
chronic restraint stress with vs without tianeptine pretreatment, spatial memory performance on Y maze, rats, implications for relevance of hippocampus in spatial tasks, 15017
chronic stress, lever pressing for food & body weight & plasma ACTH & corticosterone & prolactin & estradiol & progesterone & estrous cycle length, female rats, 6729
cold swim stress, splenocyte & lymphocyte activity & serum testosterone, male Sprague-Dawley rats, 21790
cold water stress, role of substance P in secretion of interleukin-6 from peritoneal macrophages, male mice, 11056
concept analysis of the pediatric physiological stress response, children, implications for nursing research, 27655
daily shock, preference for ethanol consumption, rats, 11131
diaphragmatic breathing, physiological & psychological aspects of sports anxiety, athletes, 24808
diazepam, restraint stress induced plasma corticosterone levels, male rats, 41476
diurnal cycle & restraint handling & habituation & sex & weight manipulations, carbon dioxide induced antinociception, male rats, 3254
endogenous antipyretic peptide vasopressin vs V1 receptor antagonist, handling &/vs restraint stress-induced hyperthermia, male rats, 7095
environmental enrichment & group vs individual housing, spleen cell & other immune system responses to acute treadmill exercise stress, female mice, 6784
escapable stress & neurosteroids, memory for water maze learning, rats, 543
exams with vs without innoculations, shift in adrenocortical response & behavioral distress, 2 mo olds, 2 & 4 & 13 mo followups, 3326
exposure to simulated aircraft vs normal environment, hypoxic stress & visual acuity & Softperm contact lens movement & residual astigmatism, 21–39 yr olds, implications for US Air Force aviators, 16718
facial asymmetry & psychological & emotional & physiological distress, 18–23 yr olds, 18999
food sensitivities & plasma beta-endorphin as marker of response to physiological stress, elderly high vs low in self reported frequency of illness from environmental chemical odors, 1485
footshock stress, norepinephrine release in amygdala, male rats, implications for stress hormone involvement in memory storage modulation, 25471
footshock stress vs dopamine receptor specific antagonists vs naltrexone, relapse to heroin seeking behavior, male rats, 635
footshock stress vs heroin priming vs naloxone induced withdrawal, reinstatement of drug seeking & self administration, male rats maintained on heroin via minipump, 3274
heart rate & heart rate variability & BP autonomic responses to orthostatic vs mental stress, males, 6801
immobilization stress, effect of changes in neuroendocrine system on proliferating cell nuclear antigen ratio in epidermis, male hamsters, 6755
immobilization stress, nitric oxide synthase messenger RNA expression in adrenal medulla vs adrenal cortex, male rats, 3141
integration of psychological & physiological stress theories into formal motivational framework, implications for stress assessment, 34375
left ventricular structure & diastolic filling, BP during standard vs workplace stress, young adults without hypertension, 11072
linear model quantification of force & angle & frequency, biomechanical stress & subjective discomfort in repetitive exertion & motion, 19–25 yr olds, 28637
locus of control & sensation seeking & physical & psychological stress, college students, Belgium, 18955
low vs high effort with vs without noise, RT & BP & norepinephrine & cortisol levels & performance, adults, implications for worker health vs productivity, 25550
mediating vs moderating effects of physiological stress reactivity in lower paraspinal muscles, pain severity & depression, patients (mean age 41.9 yrs) with chronic lower back pain, 39357
mental or physical fatigue or tension, intensity & duration of taste responses to bitter vs sour vs sweet substances, adults, 21794
moclobemide & forced-swimming stress, brain levels of monoamines & their metabolites, male mice, 7003
muscimol, dorsomedial vs paraventricular hypothalamic nucleus suppression of cardiovascular reaction to air stress, rats, 11014
neurosteroidal modulation of GABA-A & mitochondrial diazepam binding inhibitor receptors, immobilization stress-induced antinociception & anxiety & ascorbic acid & motor activity & toxicity, male mice, 18328
neutral vs hot thermal environment, physiological & psychological responses, 24.6–34.10 yr old male firefighters, 29487
novel vs familiar laboratory circumstances, plasma beta endorphin level, shy vs outgoing older adults, 21782
olfactory bulbectomy & shock stress, acoustic startle reflex sensitization, male rats, animal model of depression, 21675
passive avoidance conditioning followed by immediate vs delayed stressful swim treatment, memory enhancement, male rats with vs without preexposure, 29451
physical vs mental stress, BP & heart rate & skin temperature, female African American 18–33 yr old worriers, 6795
practice & water temperature stress, evolution of individual & populational asymmetric spatial preference in water T-maze, male rats, 6453
prenatal noise & light stress throughout dams' pregnancies, exploration in maze vs open field vs dark hole box, adult rat offspring, 10786
prenatal stress & social support & stress related neuroendocrine parameters, 18–42 yr old pregnant females, 29494
reinforcing & subjective effects of opioid analgesic fentanyl in presence vs absence of cold water stressor, drug-free 21–30 yr olds, 21940
repeated swim stress, peripheral-type benzodiazepine receptors, rats, 6768
restraint stress, brain damage after hypoxic-ischemic insult, 7 day old rats, 29374
restraint stress, herpes simplex virus-specific memory cytotoxic T lymphocyte activation, male rats, implications for involvement of lymphokine availability, 11061
restraint stress, hypothalamic-pituitary-adrenal & adrenal beta-endorphin responses, fetal ethanol exposed rats, 11223
road type & transport distance, behavior & physiology & carcass quality, farmed red deer, 18254
specific alteration of rhythm of environmental temperature stress, histidine preference changes & ingestive behavior, male albino rats, implications for effects on central & peripheral nervous system, 10967
stress induced by footshock in chamber with metallic grid floor, conditioned suppression of motility & striatal dopamine release, male rats, 468
stress induced by high social density vs electric foot shock, estrus suppression, female mice, 545
stress severity & strain differences & propranolol, splenic plaque-forming cell response, male mice, 6738
systemic circadian variation of cardiovascular responses to mental & physical stress, 21–75 yr old males with vs without coronary artery disease, 4637
tail pinch & pimozide or naloxone, sexual behavior sensitization & its opioid & dopaminergic mechanisms, gonadectomized male rats, 6968
training & subsequent habituation to capture & venipuncture, cortisol responses, capuchin monkeys, 29449

upward vs downward social comparison, physical distress & subjective well being, adult cancer patients, 8546
35% carbon dioxide challenge, heart & breathing rate & subjective distress, 40 yr old male with limited symptom panic disorder, case report, letter, 26549
Physiology [See Also Absorption (Physiological), Appetite, Body Temperature, Electrophysiology, Homeostasis, Metabolism, Neurophysiology, Oxygenation, Psychophysiology, Reflexes, Secretion (Gland), Sexual Reproduction, Thermal Acclimatization]—Serials
calcium homeostasis & reactive oxygen species production, cellular mitocholdria from adults with vs without Alzheimer's disease, 36141
I. P. Pavlov's transition from study of digestive physiology to psychological study of conditional reflexes, 40766
increased hunger & increase in time since last performance of non-nutritive sucking & ingestion of milk, motivation to suck & physiological processes, calves, 34358
new environment & reduced space allowance & hunger & thirst, behavioral & physiological reactions, deer, 34329
physiological hemispheric brain changes during attention to 1 or 2 features in left vs right visual fields, 18–29 yr old males, 34587
possible pathophysiological processes of accelerated osteoporosis, psychiatric patients, 30758
propensity for & fear of & frequency of blushing & self-focused attention & private & public self-consciousness, 18–41 yr olds, 18943
relaxation training, physiological & postural measures & observations of behavior, 24–77 yr olds with severe/profound learning disability & additional handicaps, 43215
relevance of physiology & biological research to behavior analysis, commentary, 5908
relevance of physiology & biology to behavior analysis, commentary reply, 5921
relevance of physiology & biology to behavior analysis, commentary, 5912
relevance of physiology & neurobiology to behavior analysis, commentary, 5910
relevance of physiology to behavior analysis, 5919
relevance of physiology to behavior analysis, commentary, 5918
relevance of stressful life experiences to patient attitudes & physiological disturbances, implications for physicians & investigators, 38048
strategies for determining the genetics & pathophysiology of schizophrenia, conference presentation, 30985
Physiotherapy [See Physical Therapy]
Physique—Serials
anthropometric body dimensions, male farm workers, India, comparison with US & German & Japanese samples, implications for ergonomic design of agricultural tools, 20867
body fat distribution & body dissatisfaction & life satisfaction & self esteem, 21–80 yr old male vs female dieters, 42070
body shape & proportions of Ken & Barbie dolls at life size, implications for cultural ideals & body image, 7736
factorial measurement properties of Social Physique Anxiety Scale, assessment of social anxiety associated with physique, 13–35 yr old female students & athletes, 5976
gender & sexual orientation & SES & race & age, body shape ideals, 18–80 yr olds, 11723
photographic presentations of male executives vs businesswomen, ratings of perceived body image & weight, male vs female American vs non-American undergraduates, 18902
secondary sex characteristic asymmetry & size, egg laying, roosters & hens, 6776
social physique anxiety & upper body esteem & social anxiety & body dissatisfaction, 18–48 yr old anabolic steroid using male body builders & weight lifters, 8279
stereotyped perceptions of physique subtypes & corresponding personality traits, college students, 26215
testosterone levels & age & height & weight & body mass index, hunter-gatherer Ache males vs previously studied western vs other nonwestern males, Paraguay, 11039
validity & reliability of higher order factor model of Social Physique Anxiety Scale, assessment of body image anxiety, male vs female undergraduates (mean age 21.79 yrs), 14278
Physostigmine—Serials
centrally active cholinesterase inhibitor physostigmine, remission of acute mania, 46 yr old male with schizoaffective disorder, letter, 12989
cocaine vs physostigmine, memory storage, C57 vs DBA mice, 6849
controlled release physostigmine salicylate, cognitive ability & clinical global impressions & mental state & activities of daily living, patients with Alzheimers disease, 20105
physostigmine, clinical symptoms & brain glucose metabolism & cerebral blood flow, patients with progressive supranuclear palsy, 16618
physostigmine, hypothalamic pituitary adrenocortical axis responses, elderly with Alzheimer's disease, implications for hippocampal pyramidal neural survival, 4696
post-training memory enhancement induced by physostigmine or oxotremorine as state dependent or facilitatory effect on memory storage processes, male mice, 6819
Piaget (Jean)—Serials
application of Piaget's theory of child's developmental stages to study of mental development of primates, 18084
discourse of modernity & progress & universality & regularity of Piaget & B. Inhelder's work on adolescent cognitive development, 14184
historical perspective on life & theoretical contributions of J. Piaget, 14183
modern extensions of Piagetian & Vygotskian approaches to language acquisition, 15256
Piagetian vs modularity vs empirical generalizations vs theory theories in representation of cognitive science & dynamic features of constructivist theory change, 14187
Piaget's & Vygotsky's contributions to developmental psychology, 15185
Piaget's clinical method & Vygotskian perspectives & their continuities & contrasts with current methodological approaches in developmental psychology, commentary, 18432
Piaget's clinical method & Vygotskian perspectives & their continuities & contrasts with current methodological approaches in developmental psychology, 18422
Piaget's concepts of constructivism & essentialism & dynamism in childhood cognitive development theory, 14192
Piaget's contribution to infant development research & emphasis on infant's role as agent in constructing own reality, 14185
Piaget's contributions to cognitive development theory, 14186
Piaget's impact on American psychologists & psychological theory of cognitive development, 1950s & 1960s, 14188
Piaget's vs Vygotsky's view of individual & social processes in human development, 15175
Piaget's vs Vygotsky's view on causation in philosophy of mind, 14182
R. Goldman's application of Piagetian theory to interpretation of religious texts, 6–17 yr olds, 22020
racism & Piaget's vs Vygotsky's view on reproduction of society & cultural transformation in development of mind, 15181
role of social in theories of Vygotsky & Piaget, 14189
Vygotsky's & Piaget's criticisms of each other's ideas & reasons for delay in initial response by Piaget, 14193
Piagetian Tasks—Serials
AB & nonreaching AB & Barrier Detour & Means-End/Perseveration task performance development, pre- vs full-term 28 wk olds, 32 wk study, implications for roles of brain development & environment, 25766
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, commentary, 29901
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, 29817
divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, commentary reply, 29923

divergent validity, neo-Piagetian processing capacity measures, reanalysis of 2 factor-analytic studies, commentary, 29918
existence of implicit theory of gravity as source of individual differences in performance on Piaget's Water Level Task, 11–14 yr old students, 29816
Piagetian task measurement of cognitive developmental constructs, 8th–10th graders, Australia, 10522
Piano [See Musical Instruments]
Pica—Serials
assessment & treatment & functional analysis & stimulus control of pica for cigarettes, 17 yr old male with severe mental retardation & autism, 16436
assessment of effects of level of behavioral treatment of pica & aggression, adults & child with developmental disabilities, 43009
breed & age & sex & age of onset & rehoming & neutering & materials involved & presence of infantile behavior, development of pica, cats, 34408
habit reversal intervention, pica, 6 yr old male with normal intelligence, 19838
restraint vs no restraint method, maintenance of safety & therapist effort & quality of life, severely intellectually impaired 4 yr old female with pica, 43007
safety & control measures, lead exposure levels & pica, people with developmental disabilities, 1977 vs 1994, 1658
Picketing [See Social Demonstrations]
Picks Disease—Serials
biopsy confirmed Pick's disease based on frontotemporal neuropathology associated with increasing affectivity & cognitive deficits, female with initial schizophrenia-like psychosis, case report, 1631
distribution of Pick's pathology, apraxic impairments, 62 yr old male patient, case report, 19610
early predictors for & accuracy of diagnosis of Pick's disease, neurologists, 39522
Picrotoxin—Serials
enhanced training with high level of foot shock, effect of picrotoxin or bicuculline in substantia nigra vs zona incerta on amnesia & memory consolidation, male rats, 3205
high calcium artificial CSF with vs without picrotoxin, long term changes in neuronal excitability in olfactory bulb, rats, role of calcium ion & NMDA receptors in bulb plasticity, 21633
immediate vs delayed administration & dosage of picrotoxin with prior or post vasopressin receptor antagonist administration, avoidance task retention performance, male mice, 572
nitric oxide synthase inhibitor N-omega-nitro-L-arginine, suppression of tonic or clonic seizures induced by NMDLA vs pentylenetetrazol vs bicuculline vs picrotoxin, male mice, 11145
picrotoxin, effects of pentobarbital vs diazepam vs phencyclidine in matching performance, male pigeons & squirrel monkeys, 7108
Pictorial Stimuli—Serials
ability to discriminate between stimuli & between real stimuli & video images of stimuli, hens, 34385
airpuff probes presented to left vs right side of face during viewing of pleasant vs unpleasant pictures, startle responses, right handed 18–35 yr olds, 18251
category superiority effect in recall of verbal vs pictorial stimuli, 18–24 vs 65–84 yr olds, 34829
characteristics of pictures & names & demographics & misnamings & target associates & nondominant responses, picture confrontation oral naming, aphasic vs non aphasic 20–76 yr olds, 8581
close-up or prototypic or wide-angle or inverted-close-up slides of scenes, boundary extension, adults, 17827
cognitive processing deficits & picture-word vs word-word lexical decision priming, 51–81 yr olds with mild vs very mild dementia of Alzheimer's type, 1597
cognitive vs somatic anxiety, visual perception of small & gradual changes in perceptual field, college students, Czechoslovakia, application of catastrophe model of bistable figures, 29002
deficits in picture-naming task & on phonological battery at syllable & onset-rime & phoneme linguistic levels, developmentally dyslexic 9–11 yr olds, test of phonological representations hypothesis, 39271
detecting high-level vs low-level properties in visual images vs percepts, college students, 37725
development of standardized & normed picture set with names in English & Dutch for use in cognitive processing & memory functioning research, college students, 6329
emotionally negative vs positive vs distractor pictorial stimuli, ERP P3 & slow wave amplitudes, college students, 29409
face-name mnemonic strategy, delayed vs immediate name matching & recall of caricatures vs photographs, college students, 37766
generalization & accuracy of quantitative evaluations in 1–12 vs 10–20 element range, gray crows, 29080
habituation & dishabituation to recognition of intact &/vs contour-deleted line figure exemplars & variants, 12 mo olds, 38334
horizon-ratio relations as reliable source of information in pictorial size perception, adults, 6243
iconic vs text highway signs & driving velocity, visual threshold sizes for accurate sign identification, adults, 24898
implicit vs explicit memory of pictorial stimuli, 3rd graders vs college students, 34806
live birds vs photographs as social stimuli, recognition of flock-mates vs unfamiliar birds, Brown hens, 29104
local vs global representation & encoding processes in visual mental rotation of possible vs impossible object shapes, college students, 37703
logos of leading cosmetics makers & brand logos & photos of packages of skin care products, image integration & brand loyalty, female 19–24 yr olds, Japan, 5820
matching photo-credit card to customer, utility of photo-credit cards for possible prevention of fraudulent use, supermarket cashiers, England, 38706
multiple repetition priming with pictures, ERPs & RT during indirect memory task, patients with probable Alzheimer's disease (mean age 67.8 yrs), 16337
neutral vs combat-related visual stimuli, ERPs, Israeli combat veterans (mean age 34 yrs) with vs without PTSD, 31058
norms for & agreement & picture familiarity & visual complexity & word frequency & length in picture naming, 5.1–7.6 vs 19–35 yr olds, 29775
object pose, psychophysical determination of image correspondence in perception of photographs of 3-D objects, Os, 41025
oral vs written picture descriptions, patients with Alzheimer's disease (mean age 70.7 yrs) vs healthy elderly, 8578
perceived vs imagined vs new memory source attribution bias in reality monitoring of decisions about verbal vs pictorial stimuli, college students, application of strength model of recognition memory, 21422
perceptibility of categorically vs noncategorically related pictures vs words, 18–40 yr old college students, implications for semantic memory access, 41089
perception & description & adaptation of pictorial instructional material, 13–20 yr old secondary school students, Nigeria, 33374
pictographs used to express emotion & quoting from original message as part of responding message, perception of flaming or hostile verbal behavior in electronic mail, adults, 11245
pictorial presentation & visual search of White vs Black faces, multidimensional space vs interference vs race-feature hypotheses of cross-race face classification advantage, college students, 6323
pictorial vs conventional line drawing, written expression, 13–46 yr olds, 14590
pictorial vs semantic association, implicit vs explicit memory in cued recall, college students, France, 14656
pictorial vs verbal presentation of semantically related vs unrelated items, recall, young vs older adults, 41663
picture & word naming performance, 8.8–12.9 yr olds with developmental dyslexia vs poor reading skills, 23190

picture activity schedules, engagement & maladaptive behaviors, 21 & 22 & 37 yr old with moderate or severe mental retardation living in group homes, 43317
picture interpretation & developmental trajectories in interpretation strategies, school age children, South Africa vs England, implications for literacy development, 7251
picture naming deficits, 52–80 yr olds with vascular dementia vs Alzheimer's disease, Finland, 23429
picture vs color vs multiple cues, perception & learning of brand names, 3–5 vs 7–8 yr olds, 22028
pictures &/or titles, reading comprehension &/or accuracy of running text, research review, 1973–95, 22005
pictures &/vs words vs acronyms of company logos, speed of categorization, 18–40 yr olds, 249
pictures representing new & moderately old & old information, phonological accuracy in production of nouns, 22–28 mo olds, 11351
picture–word format & onset of verbatim vs inference test sentence, problem solving RT, college students, 21341
pleasant vs unpleasant & high vs low arousal pictorial stimuli, startle responses of eyeblink reflexes & skin conductance levels, adults, 14974
point light stimuli in which object features must be construed, evocation of conceptual functions, 8 & 11 yr olds & adults, England, 18507
positive vs negative vs neutral picture series, eyeblink reflex magnitude vs corrugator supercilii muscle region EMG activity vs self-report measure of affective state, 18–22 yr olds, 25549
poststimulus rehearsal interval, picture recognition, younger adults vs 57–83 yr olds, 41790
priming in picture naming vs picture fragment completion task, patients with Korsakoff vs non-Korsakoff amnesia, 8654
progressive time delay, learning of target vs nontarget pictorial stimuli, 7–9 yr old students with moderate mental retardation, 13824
recollection & conscious retrieval vs familiarity & unconscious retrieval, picture recognition, male vs female adults vs preschool age children, 3344
recombining vs intact pictorial item pairings, representations underlying repetition priming effect, adults, 2864
reliability & validity & factor analysis of Pictorial Scale of Perceived Competence & Social Acceptance for Young Children, measurement of self concept, learning disabled 1st–3rd graders, Canada, 6018
repetition of drawings of novel objects, ERPs, adults, England, 3127
role of brain regions & ectostriatum in picture & object discrimination, pigeons, 34591
saccadic eye movements, vividness of & emotional responses to images of neutral & negative pictures, college students, Australia, applications to treatment of PTSD, 31057
sentence comprehension in sentence-picture matching & enactment tasks, 29–85 yr olds with aphasia, 39335
sex & color coding & level of detail & label placement of maps, wayfinding ability, Ss under 10 to over 60 yrs old, 41638
sex, shifting vs exchange of objects in location memory task, 18–27 yr old undergraduates, Canada, 41137
simple verbal label with vs without detailed explanatory statement, comprehension & retention of safety pictorials, college students, 28897
simultaneous &/vs delayed auditory & pictorial stimulus presentation, oral picture naming & matching to sample performance, male 40 yr old with head injury, 39506
slant & shear parameter values in deformed shape viewing, relatedness of perspective & projective transformations in shape pattern discrimination, college students, Belgium, 37637
spatial position of adjunct pictures, processing of accompanying text, college students, 14647
speed of naming, 4–9.5 yr olds with vs without specific language impairment, 23224
standardization of Snodgrass & Vanderwart pictoral stimuli, Spanish-speaking adults, Spain, comparison with US data, 14475
structural vs functional explanations with vs without pictures, facilitation of learning & retention & transfer of procedural assembly task, Navy personnel, 6375
study of pictures with vs without verbal intervention, recall of black & white line drawings, 6–10 yr olds with low vision, 16409
tachistoscopic presentation of landscape vs scrambled pictures, stimulus identification & ERP changes, healthy 20–36 yr old college students, 14939
transfer across form & modality in written & auditory word & pictorial implicit memory tests & free recall, college students, UK, 21396
verbal & pictorial elaborations, recall of verbal material, undergraduates vs older adults, 25741
visual & inferential complexity, pictured scene descriptions, 41–88 yr olds with vs without unilateral right hemisphere damage, 1605
visual & verbal tangible cues, print advertising effectiveness, service businesses, 33775
visual perceptual deficit, lexical comprehension in word-to-picture matching tasks, patients with early Alzheimer's disease, 1625
vocal vs typed response & age of English language acquisition, naming times of Snodgrass & Vanderwart pictures, native & nonnative English speaking adults, 14664

Pigments [See Also Hemoglobin, Melanin]—Serials
visual system EPs & picrotoxin induced blockade of ectostriatal inhibitory synapses, normal wild type vs white zebra finches with normal retinal pigmentation & retinofugal projections, 3051

Pilocarpine—Serials
chronic lithium, basal & stress- & muscarinic- & pilocarpine- & haloperidol-induced c-†i fos †n mRNA expression, male rats, 34685
myo-inositol vs epi-inositol, reversal of lithium-pilocarpine induced seizures, rats, 11184
pilocarpine in increasing concentrations, muscarinic receptor sensitivity & pupil dilation, male patients with depression, test of cholinergic-adrenergic imbalance theory, 4125
pilocarpine with methylscopolamine, retention of leverpressing response & acquisition & reversal of visual discrimination task, rats with lesions of nucleus basalis magnocellularis, 29392

Pilots (Aircraft) [See Aircraft Pilots]

Pimozide—Serials
d-amphetamine with vs without pretreatment with dopamine antagonist pimozide, subjective euphoria & behavioral & physiological responses, healthy 21–33 yr olds, 573
fluoxetine addition to pimozide & benztropine treatment, development of galactorrhoea, 15 yr old female with psychotic symptoms & convulsions, letter, 12928
haloperidol vs pimozide, plasma prolactin & tic severity & extrapyramidal symptoms, children & adolescents with Tourette's syndrome, 13170
pimozide, ethanol preference & intake, male Maudsley Reactive vs Wistar rats differing in amount of ethanol consumption, 11139
pimozide induced dopamine depletion & continuous vs FI schedules of reinforcement, self-administered brain stimulation, male rats with intracranial electrode implants, 29246
pimozide treatment, 26 yr old female patient with factitious disorder, case report, 39831
pimozide, 23-yr-old male with learning disability & gender dysphoria, case report, 32504
treatment efficacy of haloperidol vs pimozide, 7–16 yr olds with Tourette's syndrome, 43181

Pineal Body—Serials
acute nocturnal exposure to magnetic fields, serum melatonin & urinary melatonin secretion & circadian rhythms, 20–30 yr old males, 6750
pineal beta-adrenergic receptor alterations, suicide victims with major depression, 31235
pinealectomy following normal hibernation & continued courting, subsequent courtship behavior, adult male red-sided garter snakes, 18234

Pinealectomy—Serials
pinealectomy &/vs melatonin, locomotor activity rhythms, male rats maintained under constant bright vs dim light, 11166
pinealectomy following normal hibernation & continued courting, subsequent courtship behavior, adult male red-sided garter snakes, 18234
Piperazines [See Also Trazodone]—Serials
castration with vs without hormone replacement, prolactin response to m-chlorophenylpiperazine, male rats on low vs normal tryptophan diet, 6891
clozapine vs fluphenazine, stimulus effects of serotonin agonist m-chlorophenylpiperazine in vivo vs in vitro, rats, animal model for subjective effects of psychotropic agents, 15030
daily m-chlorophenylpiperazine, development of tolerance to its panic & other behavioral & hormonal & cardiovascular & temperature effects, healthy adults (mean age 32.4 yrs), 15007
effectiveness of nefazodone in relief of anxiety, patients with depressive disorders, meta analysis, 9133
efficacy & dosage levels of nefazodone in treatment of spectrum of depressive disorders & anxiety & sleep disorders associated with depression, 9125
hormonal & psychological responses to meta-chlorophenylpiperazine challenge, cocaine addicted males with vs without aggressive tendencies, 35799
m-chlorophenylpiperazine, plasma corticosterone & 5-HT 2C receptor protein levels & elevated plus maze behavior, male rats reared in isolation, animal model of anxiety, 6889
mediation of discriminative cue for meta-chlorophenylpiperazine by 5-HT receptors, male rats, 3196
methylphenidate & m-chlorophenylpiperazine, psychotogenic effects, 14–40 yr old inpatients with 1st episode schizophrenia, 36465
mode of action & antidepressant effect & metabolism & bioavailability & dosing of nefazodone, 6978
nefazodone &/vs lithium, sleep architecture, healthy male adults, 7069
nefazodone, sexual dysfunction, depressed patients, meta analysis, 9031
opioid & stimulant & sedative abuse liability of zipeprol, monkeys & mice & rats, 21809
perazin, development of blepharospasm & oral hyperkinesia, 43 yr old female patient, case report, 5057
safety of nefazodone in long term use & interactions with other drugs & side effects & overdose complications, elderly or patients with hepatic or renal impairments, 9272
simulated ultrasonic vocalization intensity & diazepam vs piperazine vs yohimbine, defensive locomotor behavior, male rats, 18269
single oral dose of trazodone & m-chlorophenylpiperazine, plasma levels of m-chlorophenylpiperazine, healthy adults (mean age 62.6 yrs), 38123
tricyclic antidepressants vs selective serotonin reuptake inhibitors vs nefazodone, REM & slow wave & nonrestorative sleep, depressed patients, literature review, 9027
yohimbine vs m-chlorophenylpiperazine, acoustic startle response magnitude & latency, recently detoxified male alcoholic patients, 39207
5-HT 2C subtypes, m-chlorophenylpiperazine-induced hyperthermia, male rats, 6990
Piracetam—Serials
piracetam & aniracetam, antinociception induced by baclofen & bicuculline & picrotoxin & baclofen induced muscle relaxation, mice, implications for inhibition of GABA B receptors, 6899
piracetam & fipexide, pentylenetetrazole-kindling induced memory deficits & learning, male rats, 29547
piracetam & tacrine, learning & memory in open field & passive avoidance & water-maze & neurotransmitter & corticosterone & white cell levels, thymectomized male rats, 41524
Pitch (Frequency) [See Also Speech Pitch, Ultrasound]—Serials
acoustic characteristics & perception of synthetic vs field-recorded smooth early high vs late high coo calls, monkeys, 37808
amplitude & bandwidth & frequency of signal added in phase to maskers, estimation of threshold signal levels, adults, 17866
artificial pitch change in auditory feedback, fundamental frequency & reading & speaking pitch, normal hearing adults with vs without nonoptimal phonatory habits, 40202
auditory beats induced by frequency modulation & polyperiodicity, perception of spectrally embedded target sounds, 18–36 yr olds, 14566
auditory intensity & tone frequency in oddball vs single-stimulus paradigms, P300 amplitude & latency, college students, 41389
auditory stimuli sequence interpolated between initial & comparison tones, short-term tone recognition memory, college students, test of streaming vs interference disruption hypotheses, 37712
auditory stream biasing through sequence of repeated tones & silent interval & short segregated tones, time delay & perception of coherent vs segregated tone streams, 19–30 yr olds, 21299
aural laterality in forced-choice judgments of melodic contour, college students, 41044
categorical perception of sound frequency, crickets, 18089
complete vs unfiltered fundamental acoustic frequency, communication accommodation in dyadic conversation, college students, 38231
complexity & frequency range of complex tones, same/different judgments of tone sequences, college students, 17844
constant vs varied frequency ratio of S+ note pairs, operant auditory discrimination learning, field- vs isolation-reared male black-capped chickadees, 37840
delay time & spectral bandpass filter condition & pitch strength of iterated rippled noise stimuli, tone discrimination & processing by peripheral auditory system, listeners, 10674
detection & discrimination of gliding tones as function of frequency transition & center frequency, adults, 17855
discrimination of intracranial movement based on time varying interaural temporal disparities conveyed by envelopes of high frequency 2-tone complexes, adults, 17845
envelope parameters & signal frequencies, discrimination & detection of modulation frequencies & complex envelopes, adults, 25229
event-related potentials to pitch change, newborns during quiet sleep, 34810
experimental variations of intonation & speech rate using reproduction of acoustically presented interrogative sentences, speech rate & fundamental frequency, adult stutterers vs nonstutterers, 39333
explanation & empirical test of leaky integrator model for comodulation masking release with feature of single envelope extraction from broad range of frequencies, adults, 21300
FO dependence & number of alterations of formants, identification of vocalizations of German vowels, children & adults, 3376
formant synchrony & coherence masking protection in vowel identification thresholds, listeners, 21302
frequency changes in simple vs complex sounds, magnetic mismatch negativity responses in auditory cortex, healthy 21–35 yr olds, 18197
frequency discrimination & speech recognition at various formants, patients using Ineraid cochlear implants, 13149
frequency following response participant & word probability & category cues with words, evaluation of speech evoked frequency following responses, female 21–22 yr olds, 14928
frequency importance functions for words & sentences & continuous discourse in low & high pass filtering & signal-to-ratio conditions, 18–35 yr olds with normal hearing, 222
frequency preferences & listening strategies, discrimination of multitone complexes of 6 octave frequencies, normal hearing 22–36 yr olds vs hearing impaired 62–79 yr olds, 12706

harmonic function & sensory dissonance & musical training & horizontal motion, perceived musical tension, musicians vs nonmusicians, France, 6267
high frequency sinusoidally amplitude modulated target tones with vs without 2nd spectrally remote tone & interaural time delays, laterality in discrimination & threshold tasks, adults, 25220
involuntary orientation of attention to stimulus frequency of cue with fixed vs varied intensity, auditory tone discrimination, college students, Canada, 28811
keyword tone & intonation & sentence position, fundamental frequency contours, young vs older right or left brain damaged nonaphasic vs fluent aphasic vs nonfluent aphasic Thai speakers, 34161
magnetic responses to pitch change as indications of detection of pitch deviation in auditory cortex, normal hearing adults, implications for pitch memory location, 14892
melodic & rhythmic & tonal features, perceived musical stability profiles of stable & less stable tones in melody, musicians vs nonmusicians, 28783
models of tonality & musical training, accuracy & RT, nonmusicans vs low vs high trained musicians, 25218
normalized correlation as index of interaural envelope correlation to account for sensitivity to binaural information conveyed by high frequency stimuli, listeners, 14552
novelty & word phrase vs tone sequence, basic-level object categorization, 9 mo olds, 21994
perceived pitch of tones with vs without vibrato, nonprofessional musicians vs graduate student & professional violinists, 14554
perceptual compensation of formants with linear vs quadratic frequency trajectories, college students, 28798
pitch & key distance, perceptual similarity of strong tonal melody & its transpositions, listeners, 10672
pitch disparity in simple vs difficult auditory oddball stimulus discriminability tasks, left temporal P300 amplitudes, schizophrenic patients, 26524
pitch-structure variations &/vs rhythmic patterns, long-term memory for music, 18–51 yr olds, Canada, 41132
psychoacoustical evaluation of pitch-synchronous overlap-and-add speech-waveform manipulation technique using single-formant stimuli, 25 & 27 & 35 yr olds, 37674
pure tone signals, auditory sensitivity thresholds in terms of EPs in field L of caudal neostriatum & time course of auditory sensitivity & development of vision, 6–11 day old flycatchers, translation, 29402
relative alpha desynchronization & synchronization during speech perception, 21–36 yr olds, 38019
self rating & voice pitch & variation in pretreatment activation, prediction of acute vs late responses to light therapy, individuals with seasonal affective disorder (mean age 36.7 yrs), 36543
sequential vs pitch-based electrode ordering, electrode discrimination & pitch ranking & pitch scaling in speech perception, postlingually deaf adults with cochlear implants, 33118
signal & masker bandwidth, masking level difference, 5–10 vs 23–45 yr olds with normal hearing, 41642
signal frequency & duration, thresholds for detection of tonal signals in continuous noise, college students, implications for energy detector model, 10653
similarity of modulation patterns across frequency, effect of envelope similarity on comodulation masking release, college students, 25213
simple vs complex frequency ratios, discrimination of patterns of pure tones, 6 yr olds vs adults, 7274
spatial tactile presentation of voice fundamental frequency F/0, speechreading enhancement, postlingually deafened vs normal hearing 20–61 yr olds, 13497
speaker rate & pitch, recall of information & perception of benevolence & competence, college students, 11278
spectral balance vs intensity in reverberant vs nonreverberant speech, perception of linguistic stress, adults, Netherlands, 28807
stimulus level & relative frequency region, recovery of threshold overshoot for signal near masker onset, Ss, 10668
time interval between vowel onsets & subsequent interval between pitch levels, attention to prominent pitch level as test of pitch level difference model, adults, 21311
type of network, matched pitch of iterated rippled noise, musically trained listeners, 10673
unit pitch & unit duration variations in homotype series of bird songs, nightingales, implications for "sollwert" significance, 29130
use of normalized correlation to account for binaural detection across center frequency, adults, 17846
variation in carrier frequency, steady intensity tone experienced as increasing vs decreasing vs remaining steady, 24–28 yr old males, 18237
variations in harmonics remote from formant frequencies, discrimination of formant 1 & formant 2 center frequency, listeners, application of excitation pattern model, 25228

Pitch Discrimination—Serials
alertness vs encoding effects, facilitation of imagined pitch of tone prior to presentation & subsequent improved pitch processing, college students, 2835
amplitude modulation & segregation of formant harmonics, identification of vowel-like complex harmonics, listeners, 10667
delay time & spectral bandpass filter condition & pitch strength of iterated rippled noise stimuli, tone discrimination & processing by peripheral auditory system, listeners, 10674
frequency discrimination & speech recognition at various formants, patients using Ineraid cochlear implants, 13149
frequency preferences & listening strategies, discrimination of multitone complexes of 6 octave frequencies, normal hearing 22–36 yr olds vs hearing impaired 62–79 yr olds, 12706
intonation training through regular methods with vs without Intonation Meter, improvement of production of intonation patterns, prelingually & profoundly deaf 6–7 vs 9–11 yr olds, Netherlands, 37683
melodic & rhythmic discrimination & classification & development of representations of tonality & meter, 7 vs 9 yr olds, 22056
models of tonality & musical training, accuracy & RT, nonmusicans vs low vs high trained musicians, 25218
musical performance expression, perceived key movement, college students, Canada, 14571
perceived pitch of tones with vs without vibrato, nonprofessional musicians vs graduate student & professional violinists, 14554
perceptual identity & spectral differences of German high-pitched vowels in isolated vocalizations, males & females & children, 37677
pitch deviant tones in series of standard tones vs alone, ERPs in cerebellum vs hippocampus vs visual cortex, rabbits, implications for human mismatch negativity, 29355
pitch memory for speech vs nonspeech sounds, brain regions activated by pitch comparisons, French speaking adults, 21313
variations in harmonics remote from formant frequencies, discrimination of formant 1 & formant 2 center frequency, listeners, application of excitation pattern model, 25228
2 dimensional neural network model of auditory stream segregation based on shifting synchronization, 14573

Pitch Perception [See Also Pitch Discrimination]—Serials
chords inducing key or tonality followed by single tone within octave, expectation of next tone as random vs fifth vs tonal, adults, 28802
interaural intensitive disparities, intracranial position of dichotic pitches, adults, 14559
synesthesia-like mappings of various visual lightness stimuli & auditory pitches & melodic intervals, college students, 184
time interval between vowel onsets & subsequent interval between pitch levels, attention to prominent pitch level as test of pitch level difference model, adults, 21311
tone recognition task performance levels & PET scan regional cerebral glucose utilization patterns, 25–35 yr olds, 29301
varied pitch & amplitude in utterances, perception of glottal stops, college students, 14561

Pituitary Disorders [See Also Hypopituitarism]—Serials
cognitive & memory impairments & emotional well being & serum testosterone, male 19–37 yr olds with multiple pituitary vs isolated growth hormone deficiencies, 4511
neuropsychological status & mood, patients treated surgically for pituitary tumor, UK, 23277
presentation with psychotic depression, female 44 yr old with acromegaly, case report, 1518
Pituitary Dwarfism [See Hypopituitarism]
Pituitary Gland [See Also Hypothalamo Hypophyseal System, Hypothalamo Pituitary Adrenal System]—Serials
hypothalamic-pituitary axis function, 13–17 yr olds with Kleine-Levin Syndrome, case reports, 42702
metyrapone stimulation test & enhanced negative feedback inhibition, ACTH release from pituitary gland, 42–48 yr old combat Vietnam veteran outpatients with PTSD, 8056
noncontingent food delivery, nociceptive thresholds, rats with hypophysectomy vs adrenalectomy, implications for hormonally mediated hypoalgesia, 21659
responses to dexamethasone corticotropin releasing hormone challenge test, functioning of hypothalamic pituitary adrenocortical system, patients with panic disorder, 8042
stress, volume of nucleoli of oxytocinergic cells of paraventricular & supraoptic nuclei of hypothalamus & oxytocin immunopositive material in hypophysis, KHA vs KLA rats, 6809
Pituitary Hormones [See Also Corticotropin, Dynorphins, Oxytocin, Somatotropin, Thyrotropin, Vasopressin]—Serials
flumazenil & midazolam, levels of adrenocorticotropic hormone & cortisol & pituitary responses, 22–30 yr old males, 29623
pituitary–adrenal cortical axis measures, patients with major depression who required continuing treatment vs those who had been successfully tapered off medication, 39827
tetrahydroprogesterone vs progesterone vs dexamethasone vs corticosterone, pituitary response to acute emotional stress & vasopressin gene transcription in hypothalamus, male rats, 11182
PKU (Hereditary Disorder) [See Phenylketonuria]
Place Conditioning—Serials
amphetamine dosage, aversive & rewarding effects on place conditioning, mice, 6843
beacon homing, piloting to platform submerged in swimming pool, rats, 34389
buprenorphine, place preference & taste aversion conditioning, male rats, 29544
cathodal sections of fimbria-fornix vs ibotenic lesions of hippocampal cells, place & spatial learning in swimming task & circadian activity, rats, 11021
central cholinergic blockage & spatial mapping vs nonplace strategies, acquisition of place learning in Morris water task, male rats, 10939
chronic mild stress & endogenous CCK & morphine, place preference, male rats, 34720
cocaine, classical conditioning & behavioral sensitization of motor activity in unbiased conditioned place preference procedure, male rats, 6986
cocaine place preference conditioning & iv self administration of amphetamine, male rats showing high vs low locomotor response to novelty, 3218
conditioned reinforcement & terminal link stimuli in cued vs uncued conditions, preference in concurrent chains, pigeons, 21488
context place cues, blocking contextual conditioning, rats, 34397
dimethocaine vs procaine, locomotor activity & conditioned place preference & elevated plus-maze anxiety, male mice, test of local anesthetic vs dopaminergic action hypotheses of cocaine-like effects, 18332
disruption of 1 or both alleles of D1 dopamine receptor gene, locomotor stimulant effects of cocaine & conditioned place preferences, mice, 14809
distinctive floor CS with vs without saline paired with ethanol UCS & interstimulus interval, conditioned place preference vs aversion, male DBA/2J mice, 18051
dizocilpine, morphine induced place preference, female mice, 583
ethanol withdrawal, conditioned place & taste aversion, rats, 34657
food deprivation, cocaine-induced conditioned place preference, rats, 34637
ginseng total saponin, cocaine induced hyperactivity & conditioned place preference as reinforcement index & apomorphine induced climbing behavior, male mice, 3233
hippocampal kindling, acquisition of place task vs retention of cue task on radial arm maze, male rats, 10971
ibogaine, amphetamine induced place preference learning, rats, 29594
individual differences in conditioned taste avoidance, prediction of place conditioning strength, male rats conditioned with morphine or amphetamine or lithium or fenfluramine, 11218
isolated vs social rearing, morphine-conditioned place preference, male rats, 11227
isolation & morphine injection, place preference conditioning & avoidance & escape learning, 4–5 wk old male mice, 29050
lateral parabrachial nucleus lesions, morphine & morphine withdrawal aversive & discriminative properties in taste aversion & place conditioning, male rats, 15065
low vs high ethanol dosages, conditioned place preferences, male rats pre-exposed to ethanol vs saline, 21484
MDMA vs fenfluramine vs 5-methoxy-6-methyl-2-aminoindan, activation of extracellular dopamine in nucleus accumbens & rewarding vs aversive responses in conditioned place preference, rats, 3248
methylphenidate & 2 derivatives, conditioned place preference & extracellular dopamine & locomotor activity, male rats, 15033
mianserin, acquisition of ethanol induced conditioned place preference, male mice, 626
MK-801, hippocampus-based learning during preexposure & subsequent food conditioned cue preferences, female rats, 38160
morphine & MDMA & 3,4-methylenedioxyamphetamine & Nexus, conditioned place preference, newly hatched chickens, 6839
nimodipine, cocaine induced conditioned place preference & aversion, male rats, implications for confounding effects of locomotor activity, 29580
nitric oxide inhibitor L NOARG, morphine induced place preference, male rats, 6950
NMDA vs AMPA receptor antagonists, morphine & amphetamine induced place conditioning & behavioral sensitization, male rats, implications for glutaminergic mechanisms, 25623
opioid receptor antagonist naloxone, cocaine-induced hyperactivity & reverse tolerance & conditioned place preference & dopamine receptor supersensitivity, male mice, 29569
ovariectomy with estradiol & progesterone, coital interaction intensity & duration as reward in conditioned place preference paradigm, freely moving female rats with access to confined males, 21902
physiological mechanisms of generation of neural reactions in motor cortex during conditioned placing reflex, cats, 3080
precocious vs regular weaning & changes in social variables, cocaine conditioned place preference, male vs female mice, 38122
priming stimulation of grafted dopaminergic neurons by amphetamine injection in paired vs unpaired environment, rotational response to tail-pinch stress, male rats, 10917
repeated hippocampal afterdischarges, acquisition & retention of place navigation, rats, 38001
rewarding properties of putative neurotransmitter gamma-hydroxybutyric acid in conditioned place preference paradigm, male rats, 41490
role of A1 vs A2 adenosine receptor subtypes in motor activation & reward in place-conditioning, rats, 6837
sensitivity to ethanol aversion or reward in place conditioning, male rats selectively bred for alcohol preference vs nonpreference, 11210
short- vs long-term haloperidol, cocaine place conditioning, male rats, implications for cocaine abuse treatment among schizophrenic patients, 18308

spatial relational vs stimulus-reward cued solutions & age, performance on place learning tasks, children of different developmental stages & adults, 15241
synthetic cannabinoid CP 55,940, locomotor activity & body temperature & food & water ingestion & conditioned taste avoidance & place preference, male rats, 11171
telencephalic ablation, spatial learning & memory deficits in pre-trained place & turn maze procedures, goldfish, 11002
telencephalic lesion, spatial constancy vs cued learning & spatial memory, goldfish, 6666
testosterone in nucleus accumbens, affective reward in conditioned place preference, male rats, 21901
tropisetron, ethanol vs morphine induced conditioned taste aversion & ethanol induced conditioned place aversion, male rats, 29509
use of proximal & distal cues, place navigation & spatial learning in water maze tasks during ontogeny, 22 day old mice, 10760

Place Disorientation—Serials
acute onset of spatial & temporal disorientation & memory loss & associated episodic dyscontrol manifesting as rage & aggression, male 67 yr old with bilateral caudate nucleus infarction, case report, 4697
place disorientation & prosopagnosia & inability to name famous buildings or landmarks, 60 yr old male with right temporal lobe damage from encephalitis, case report, 31834
zolpidem induced agitation & disorientation, 61 yr old female with hypothyroidism & mild vascular dementia, case report, letter, 20080

Placebo—Serials
baseline pathology & placebo response rate & methodological issues in therapeutic trials, patients with panic disorder treated with placebo vs alprazolam vs imipramine, conference presentation, 28681
dothiepin vs placebo, symptoms of benzodiazepine withdrawal, psychiatric outpatients, 5114
efficacy & safety of low vs high dose of gepirone-extended release vs placebo, 17–77 yr old outpatients with major depressive disorder, 32587
ethical issues pertaining to use of placebos & informed consent & effect of deception on doctor–patient relationship & provocative testing in diagnosis of nonepileptic seizures, 27924
ethically justifiable guidelines for use of placebo controls in clinical trials of psychopharmacologic agents, 25149
factors in outcome of placebo-controlled antidepressant clinical trials, 18–70 yr olds with major depression, Europe, conference presentation, 28673
history of placebo effect & role in alternative medicine & change in terminology to "remembered wellness", 16423
hospitalization & placebo treatment, aggressiveness, 9.8–17.4 yr olds with conduct disorder & chronic & severe aggression, 31969
naloxone vs proglumide, placebo analgesia, healthy 19–51 yr olds with induced ischemic pain, 29507
placebo effect & variation in response rates in clinical trials in psychiatry & medicine, 1912–94, literature review, 12731
placebo effect in clinical trials vs expectations based on natural history & pretrial evolution of disease, multiple sclerosis patients, 16254
placebo response & drug side effects & nonresponse to fluoxetine after 2 vs 4 vs 6 wks, prediction of nonresponse after 8 wks, patients with major depressive disorder, commentary reply, letter, 13024
role of placebo effects in pain management, literature review, 32714
saline injection close to area of maximal pain, placebo response, 12–82 yr olds with chronic neuropathic pain, 32723

Placement (Educational) [See Educational Placement]
Placement (Personnel) [See Personnel Placement]

Placenta—Serials
handedness according to zygosity & chorion type, 6–28 yr old twin pairs, Belgium, 18476
manual performance & direction & degree of laterality, 8.3–12.5 yr old monochorionic vs dichorionic monozygotic vs dizygotic twin pairs, France, 18469
temporal change in attractiveness towards donor placenta & amniotic fluid, periparturient cows, 34444

Planned Behavior—Serials
conceptualization & operationalization of internal & external constraining factors in perceived behavioral control construct, health behavior intentions & behavior change, adults, England, 30543
dialogical analysis of planned social activities & situated actions, 18892
formation of implementation intentions for time & location of behavior, performance of breast self-examination, female students & staff, 42025
indirect vs direct measurement of alternative choice processes preceding behavior, college students, Netherlands, 269
intention to become pregnant & contraceptive use, 15–18 vs 20–33 yr old mothers, implications for intervention & service provision, 7563
intention to vote for cigarette tax increases & subsequent voting, legislators (mean age 51 yrs), application of theory of planned behavior, 38583
model of grassroots activism based on intergroup relations & planned behavior, 987
planning & problem solving in complex puzzle task, adults, UK, 21374
reasoned action/planned behavior model of church attending behavior, Catholics vs Protestants (average age 22.4 yrs), Northern Ireland, 18696
theory of reasoned action vs planned behavior for explanation & prediction of exercise behavior, meta analysis, 24074

Planning (Management) [See Management Planning]
Plasma (Blood) [See Blood Plasma]

Plastic Surgery—Serials
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, 36587
psychological & sociological factors underlying decision to have augmentation mammoplasty despite known risks & complications, females, research review, 24008

Platelets (Blood) [See Blood Platelets]
Play [See Recreation]
Play (Animal) [See Animal Play]
Play Behavior (Childhood) [See Childhood Play Behavior]
Play Development (Childhood) [See Childhood Play Development]

Play Therapy—Serials
child-centered play in family therapy, 27236
dynamics & process of play & peer interaction based group therapy, developmentally delayed & emotional traumatized Latino inner city prelatency age children, 8 mo study, 4909
interactive play in psychotherapeutic treatment, adolescents, 32291
multi-family play groups, families with a parent in addiction recovery, 33039
multigenerational patterns & trauma & parental grandiosity in child abuse & neglect & development of self, role of psychoanalytically based play therapy, 10 yr old male, 23834
play therapy, emotional & social problems, children of alcoholics, 32008
psychoanalytic perspective on farting as defense against fear of personality disintegration, severely disturbed adopted 7 yr old male, case report, 1221
rebuilding self esteem through social skills education & play & modeling with children with ADHD, 32627
structured play group approach for psychoeducation, young children with parents in addiction recovery, 27111
therapeutic benefits of play in therapy, facilitation of development & exploration of troublesome feelings, child psychiatry patients, commentary, letter, 32016
therapeutic benefits of play in therapy, facilitation of development & exploration of troublesome feelings, child psychiatry patients, 4759

therapeutic play group, psychosocial development through peer group relations & school & home & community adjustments, latency age males with hearing impairments, 2 yr followup, 9237
Pleasure—Serials
addition of audience laughter to humorous material, emotional response & ratings of funniness & enjoyment, college students, UK, 7672
associative network model to explain enjoyment of music evoking negative emotions, 320
conscious experiences of fun & stress & managing stress, clinicians' treatment methods, 1st–6th graders functioning adequately in public school, 12777
development of questionnaire for assessment of happiness based on just perceivable increments of pleasure/pain, interpersonal comparability with other questionnaires, adults, 14274
enjoyment in sport & exercise defined as optimal psychological state of flow vs related constructs of affect & attitude & pleasure & intrinsic motivation, commentary, 24813
enjoyment in sport & exercise defined as optimal psychological state of flow vs related constructs of affect & attitude & pleasure & intrinsic motivation, 10151
knowledge-seeking vs pleasure-seeking as motivations to read, 37023
low vs high saltiness preference & soups with vs without umami additives, changes in soup pleasantness ratings, 19–47 yr olds, 10615
parental support vs pressure, tennis related enjoyment & performance & self-esteem, 9–17 yr old tournament tennis players, 25876
pleasure & arousal & demand characteristics, mood-congruent recall, 18–45 yr olds, replication, 37774
process of disillusionment of infantile wishes of pleasure in psychoanalysis, 27345
role of protection & focus & balance & gratitude & pleasure as key factors in successful relationships, couples together for 9 or more yrs, UK, 41878
sex & school & subject enjoyment & attributions of academic success, yr 7–15 students, England, 24615
sexual sensation seeking & self-control & pleasure ratings for sexual behavior, gay & bisexual males, implications for HIV prevention, 41948
use of Pleasure Arousability Dominance Temperament model as framework for analysis of anxiety & depression, adults, 30780
Plethysmography—Serials
palate vs finger pulse amplitude to measure vasomotor activity during mental arithmetic & imagery tasks, adults, 18247
PMS [See Premenstrual Tension]
Pneumonia—Serials
clozapine, sialorrhea & aspiration pneumonia, 50 yr old inpatient female with schizophrenia, case report, 27423
Poetry—Serials
comparison of analytic & poetic reverie, 45 yr old male, implications for exploration of nature of analytic relationship & creative linguistic part of psychoanalyst's role, 26328
cultural imagination & individual creativity as expressed in myths & poetry & science fiction motion picture "Aliens", 38524
deconstruction of obsession with maternity in Federico Garcia Lorca's poem "Yerma", 18370
expert's eye movements during poetry reading & assessment, acquisition of implicit knowledge, poetry expert & college students, Belgium, 6206
pets & poetry in relationship between Anna & Sigmund Freud, 15774
poems of person with Aspergers Syndrome, 45-yr-old female with Aspergers Syndrome & semi professional poet, 22940
poetry-related divergent-thinking training, poetry vs story writing creativity, 7th grade students, 24547
psychoanalytic & feminist & historical analysis of fetishism in 17th century English Cavalier poetry, 18369
psychoanalytic perspective on T. S. Eliot's religion & poetry & roles & marriage, 30627
psychoanalytic views of lesbianism & dynamics of transition from heterosexuality to lesbianism, poet Minnie Bruce Pratt, 7567
theme of nothingness in modern poetry, psychoanalytic interpretations from perspective of D. W. Winnicott's "Playing & Reality", 29649
use of Chinese vs Western literature & poetry to determine models of learning to read & write & child rearing, 22305
Poetry Therapy—Serials
interactive bibliotherapy using Nuyorican poetry, ethnic identity & self esteem, 16 yr old Puerto Rican male, 27127
parallels & distinctions between narratives & poetry as metaphors in therapy, married adults, 27510
use of creative writing in psychotherapy & therapeutic power & parallels between poetry & therapeutic settings, commentary, 27505
Poisoning [See Toxic Disorders]
Poisons [See Also Neurotoxins]—Serials
nontoxic modern domestic gas & risk to other if accumulated gas explodes, male 72 & 83 yr olds who attempted suicide by gas poisoning, case reports, letter, 12166
peripheral immune activation from endotoxin, social behavior & adrenocortical activity, male low vs high aggressive lines of mice, 29551
saporin injection into basal forebrain, spatial learning & performance on water & radial arm maze, male rats, 21490
sodium arsenite & concurrent restraint stress, development & neurobehavior of offspring, pregnant female mice, 21787
Poisson Distribution [See Skewed Distribution]
Poland—Serials
behavioral responses to stress, 5–15 yr olds, US vs Poland, 22091
evolution of sociopolitical system & changes in theory & substance of research about families, Poland, 26045
formation & functions of Polish Psychological Association, 33162
mood bias, 19–24 yr old college students, Poland, 22417
perceived national stereotypes & identifications & level of inclusiveness, adults, Poland vs Netherlands, 7623
T. Tomaszewski's theory of action & contributions to Polish scientific psychology, 2460
2 stage study of abnormal eating attitudes & risk factors, 14–16 yr old females, Poland, 23215
Police Interrogation [See Legal Interrogation]
Police Personnel—Serials
alcohol consumption, male police officers vs general population drivers vs high risk drivers recruited at roadside during weekend late night hrs, 5902
assessment & opinion of police, general public, Great Britain, 5892
attitudes toward civil & involuntary commitment for mentally ill persons & knowledge of related laws, family members vs police vs emergency room staff, 5879
attitudes toward perpetrators of child sexual abuse & toward victim vs perpetrator treatment, police officers vs child welfare vs community mental health workers, Canada, 8173
beliefs about deceptive behavior, 18–80 yr olds vs police officers, 18937
burnout, police managers, Canada, 33907
career progress & unequal access to organizational benefits & experience of sexual harassment, psychological & physical health impacts, male vs female police officers, 24897
causal attributions & judgments about offenders, nonexperienced vs experienced police officers, test of attributional model by J. S. Carroll & J. W. Payne, Australia, 33909
comparison of scent identification lineup designs, police tracker dogs & their handlers, Netherlands, forensic applications, 6170
criterion related validation of National Police Officer Selection Test for pre-employment screening, law enforcement agencies & applicants, 17731
determinants of job & life dissatisfaction, police officers, Nigeria, 24955
development & current status & future trends in police psychology, 14170

development & outcome of interprofessional collaboration within community mental health partial hospital program, city police officers, 27758
exercise, shooting behavior & perceptions of criminals in simulated dangerous situations, police patrols, 15644
extent & nature of state police academy training on subject of disabilities & mental retardation, information about retarded, new police officers, 17532
eyewitness account accuracy examined from signal detection theory framework, male police cadets vs civilian college students, South Korea, 14151
federal district court & US Court of Appeals decisions on police assistance in detaining persons for involuntary psychiatric commitment, 33864
hassles & personality hardiness, absenteeism from injury or illness, full time police employees, 3 yr study, 33905
internal & external risk factors for posttraumatic stress symptomatology, 22–39 yr old police officers interviewed 3 & 12 mo after traumatic incident, Netherlands, 42361
occupational experiences, police officers with vs without parent or close relative in police work, 43991
organizational models of investigation & management of child sexual abuse & perceptions of policy & practice issues, police & social workers in national survey, Great Britain, 5308
own vs public perceptions of attitudes toward law & police & stereotypes, 18–60 yr old police & members of public, Scotland, 1029
personality dispositions attributed to team members, all male & male-female & all female police officer dyads, 22468
police culture & reform & minority relations, Australia, 5899
PTSD symptomatology & coping strategies & perceptions of police department role, police officers assigned to 1992 Los Angeles riot, 35661
reputation & isolation & behavior of officers in drug transaction as conceptualized through notion of cognitive bridge, high school undercover officers, 17531
strain & frustration & agency commitment & perceived administrative support, attitudes toward community policing, police officers, application of causal model, 5903
task clarification & positive reinforcement & corrective feedback, behavior change in service delivery, 16–61 yr olds & 25–46 yr old public servants & police officers, Australia, 24957
the use of police paramilitary units, law enforcement agencies, 33906
unions & role outcomes & department & demographic characteristics & external environment & duty assignments, police officers from urban departments, 10328

Policy Making [See Also Government Policy Making, Health Care Policy]—Serials

alcohol policy change & enforcement, campus climate, college students, 37061
analysis of gap between majority of research findings & school practices of student retention, school age children, 33512
application of state & territory policy statements & interpretation of inclusion & integration & mainstreaming for schooling, schools as exclusive institutions, Australia, 13858
attitudes toward worksite smoke-free policy, university faculty & staff smokers vs ex-smokers vs nonsmokers, implications & recommendations for health education intervention, 5795
biases in quantitative assessment of personal values & effects on public policy decisions, 33974
case management & hormone therapy & placement based on genital status & sexual assault risk relating to transsexual inmates, correctional facilities, Europe & Australia & Canada & US, 13509
constructivist principles of public interest science & social development programs in promotion of global community & sustainability, implications for peace psychology, 18669
development of policy on sexuality & sexual rights, adult chronically hospitalized psychiatric patients, Canada, 2049
difficulties in implementing inclusive special education policies, Australia & New Zealand & UK, 33542
empowerment concept in community & organizational & societal level social intervention & policy, 5309
engagement in policy making activities in planning cancer care system, cancer survivors & family members & community representatives, 16750
erotetic rationality approach, unbounded ignorance in policy analysis problem structuring & solving, extension of C. E. Lindblom's social change critique, 22198
factors in smoking policy & success of smoking cessation programs at inner city hospital, hospital employees, 16923
fiscal frameworks & equality policy, organizational quality & level of expenditure on special education, 7th–9th graders, Norway, 13863
harm reduction approach to drug policy, conference presentation, 43451
historical trends & assumptions & proposals for implementing Public Law 94–142 to accommodate students with disabilities, 40474
history & social context of Project Head Start & changes in administration & public policy & parental involvement & staff development, 40395
history of & effect of public & private policies & educational & social & economic factors on participation in higher education, African Americans, 3568
HIV home testing & technical performance & policies regarding licensing & potential benefits & pitfalls, letter, commentary, 42737
HIV home testing & technical performance & policies regarding licensing & potential benefits & pitfalls, 26919
identification of obstacles to safe behavior & discussion of policy options & specific strategies for ameliorating risk of AIDS, injecting drug users, implications for service delivery, 36641
implementation of designated smoking area policy & cartoon poster social marketing strategy, policy attitudes & smoking behavior, male vs female adult smokers vs nonsmokers, Germany, 41953
implications of school-linked services integration reform movement for professional practice & discourse in special & remedial education, 2238
information regarding policies & procedures & answers to commonly asked questions of American Board of Clinical Neuropsychology, 36856
informational & registration approaches to issues regarding policies & regulations in improvement of use of tests, Dutch Committee on Testing Affairs, 20946
legal & policy developments for special education, emotionally & behaviorally disordered students, 13857
marital status discrimination & challenges to legality of no spouse rules in the workplace, employees, implications for personnel management, 28204
overemphasis on parental rights & deficiencies of child welfare law vs need for policies emphasizing children's developmental needs & preventing abuse & neglect by making competent parenting priority, 22303
overview of Third International Mathematics & Science Study & role in educational policy, 9 & 13 yr olds & students in last yr of secondary education, 27956
Pattern of Care Model, planning outcomes of service innovation & reduction decisions in community mental health care, Australia, 32915
perceptions of formal organizational policies & procedures vs supervisors as responsible for procedural fairness in performance evaluations, 17–67 yr old exempt vs nonexempt employees, 43786
policies in higher education institutions & sexual discrimination, faculty & their families, research review, 9837
policy & staff training & services for older people with intellectual disabilities, social & health service providers, UK, 16816
power & conventions & organization context & links between bureaucratic & legislative sites, creation of a program from statute, adults, 43630
regulation of young people's sexual practices with current sex education policies, maneuvering by New Right in policy formation, 13709

reliability & validity of Individual Discretion Questionnaire, assessment of managerial discretion in individual policy decisions, 26–76 yr old managers, 40944
role of research on international adoption, implications for study of human development & social policy, 29726
self determination vs common good in end of life decision making & professional ethics for social work practice & policy based on National Association of Social Workers Code of Ethics, 9450
social policy perspective on spousal benefits for gay & lesbian couples, approaches to advocacy for same sex benefits, 22382
structure of work & career guidance theory & research & practice & social policy in response to changes in social-political-economic context, commentary, 10041
structured interviews on aspects of government policy in education, parents, 40401
technical & policy aspects & validity of school readiness testing, local school districts, 33333
treatment vs prevention of & policy for eating disorders & obesity, 8406
United Nations Convention on Rights of Child & policy challenges from philosophical & legal & political & constitutional & methodological & cross-cultural perspectives, 14135
variety of perspectives on inclusive schooling, England, 13814
workplace stress management & policy/program recommendations, human resource managers, Canada, 24793

Policy Making (Foreign) [See Foreign Policy Making]

Policy Making (Government) [See Government Policy Making]

Political Assassination—Serials

reactions in psychotherapy following assassination of Prime Minister Yitzhak Rabin, 15–60 yr old patients, Israel, 36228

Political Attitudes [See Also Nationalism, Political Conservatism, Political Liberalism]—Serials

clonidine vs mianserin, polydipsia, 51–59 yr olds with schizophrenia, 32430
clozapine, sodium metabolism & water regulation, 31–49 yr olds with treatment resistant schizophrenia or schizoaffective disorder with polydipsia & intermittent hyponatremia, 1860
clozapine, water drinking behavior, treatment nonresponding male 37–49 yr olds with chronic schizophrenia & polydipsia, case reports, 12968

daily urine volume & norepinephrine & histamine concentrations in CSF, 21–45 yr old inpatients with schizophrenia with vs without polyuria, 7986
delusional pregnancy & polydipsia, 37 yr old female with 15 yr history of paranoid schizophrenia, case report, 35632
drinking & voiding behaviors, adult male polydipsic patients with chronic schizophrenia or schizoaffective disorder, 39058
fatal polydipsia, 55 yr old male with obsession & mild intellectual disability, case report, 12317
LAPIDES vesicostomy, reduction of hyponatremia, 33 yr old male chronic schizophrenic with polydipsia–hyponatremia syndrome, case report, 39040
methylphenidate induced psychotic exacerbations & vasopressin secretion, polydipsic schizophrenic 21–55 yr olds with vs without hyponatremia, implications for water intoxication, 30975
naloxone, drinking behavior, schizophrenic 43–68 yr olds with psychosis & intermittent hyponatremia & polydipsia, 19959
NMDA-induced lesions of nucleus accumbens, dopamine efflux during acquisition of schedule-induced polydipsia, male rats, 6690
presence of schizophrenia & extended duration of hospitalization & heavy smoking, prevalence of polydipsia & water intoxication & hyponatremia, chronic psychiatric state hospital inpatients, 5355
problems & progress in diagnosis of & behavioral management & pharmacological interventions for treatment of polydipsia & hyponatremia, patients with schizophrenia, 31988
reliability of screening measure for & etiology & clinical manifestation & care of polydipsia & water intoxication, adults with mental retardation, Canada, 28480
risperidone, self induced water intoxication & clinical status, males with chronic schizophrenia, Canada, 27436
sex & age & level of mental retardation & prevalence of polydipsia, intellectually disabled institutionalized adults (mean age 37.6), Canada, 31472
within-session patterns of polydipsia & wheel running during operant conditioning, male rats, 18074

Polydrug Abuse—Serials

abuse & dependence potential of zopiclone, polydrug using patients attending a methadone maintenance program, 19392
childhood behavior disorders & attentional difficulties & antisocial personality disorder, males vs female alcoholics vs polysubstance abusers, 35798
family relations & autonomy & attachment, polydrug abusing vs bulimic adolescent females & their parents, application of structural analysis of social behavior, 15823
likelihood of screening for & detection of alcohol & drug use & extent of polydrug use, 12 yr old & older trauma center patients, 5351
maternal polydrug abuse & postnatal sleep architecture & efficiency, newborn infants with prenatal exposure to cocaine & other drugs, 1391
Millon Adolescent Personality Inventory correlates of alcohol vs marihuana vs other vs comorbid substance abuse, 12.8–18.6 yr old psychiatric inpatients, 4334
parenting beliefs & stress & parent child interactions, polydrug addicted mothers, 20229
patterns & correlates of polydrug use, 13–19 yr old drinkers with DSM-IV alcohol dependence vs alcohol abuse, 31323
patterns of simultaneous polydrug use, 19–23 yr old problem drinkers, implications for assessment & intervention in alcohol treatment programs, 8265
places & patterns & types of drug use in rave dance scene, 14–44 yr olds, Scotland, 8240
presence of D2 dopamine receptor gene variant & vulnerability to substance abuse, psychostimulant- vs opiate-preferring drug users vs substance abusers with no preference vs heavy polysubstance users, 31331
spousal violence & cognitive functioning measured by brief neuropsychological test battery, married males recovering from multiple substance abuse, 26683

Polygamy—Serials

desires for additional wives vs additional children, fertility & nuptial decision making, monogamous males, Cameroon, 11560
educational level & SES & religious affiliation, rural vs urban women in polygynous vs monogamous marriages, Ghana, 35080
egg substitution & hatching order across clutches, paternal egg incubation & nestling feeding in primary vs secondary broods, bigynous male European starlings, 41216
male mating status & morphology, female fidelity & extra pair paternity, Savannah sparrows, 25407
male parental care, monogamous vs primary vs secondary female reproductive success, chiffchaffs, 29172
pairing status & reproductive success, polygynous vs monogamous vs unpaired male willow ptarmigan, Canada, 25410
perceptions of sexual attractiveness & attitudes about polygamy & sexual behavior, 18–21 yr old college students, 30289
polyandry & male quality & female mating behavior, reproductive success, harlequin-beetle-riding pseudoscorpions, 25413
polygyny, marital & life satisfaction & SES, 16–56 yr old mothers from rural villages, Cameroon, 35077
sources of stress in & causes of dissolution of fraternal polyandrous marriages, Nyinba people of Nepal, commentaries & reply appended, 35082

Polygraphs—Serials

logico-ethical considerations in use of "control" question "test" polygraph, psychophysiological practitioners & researchers, commentary, 3154
polygraph examiner knowledge level of crime relevant items, efficiency of Guilty Knowledge Test, 19–51 yr old males, Israel, 24933
role of comparison questions in physiological detection of deception, guilty vs innocent 18–81 yr olds in mock crime experiment, 18252
validity of polygraph testing in assessment of child sexual abuse, perpetrators, commentary, 28527
validity of the lie detector, members of the Society for Psychophysiological Research & Fellows of the APA's Division 1 (General Psychology), 33897

Polyphagia [See Hyperphagia]

Pons [See Also Raphe Nuclei]—Serials

age, atrophic changes in corpus callosum compared with cerebellum & pons & relationship to cognitive function, 52–91 yr olds with Alzheimer's disease vs incipient dementia, 23419
auditory abnormalities, 26–61 yr old patients with acute pontine hemorrhages, 26958
inactivation of interpositus nucleus of cerebellum, learning-related activity of pontine nucleus during classical eye blink conditioning, rabbits, 38015
reversible inactivation of red nucleus, learning-related & auditory-evoked activity in pontine nucleus, classically conditioned rabbits, 38014
solitary tract vs pontine parabrachial nucleic lesions, conditioned taste aversion to alanine & zinc sulfate, male rats, 21646
taste-receptive neurons in nucleus of solitary tract, stimulus selectivity of parabrachial nucleus of pons, rats, 41315

Popularity—Serials

humor & social distances & social status within peer groups, male vs female 8.6–10.7 vs 11.7–12.5 vs 14.8–17.1 yr olds, 15330
nuclear vs lower social network centrality & peer-assessed prosocial vs antisocial characteristics, general education vs emotionally-behaviorally disturbed vs gifted vs learning disabled students, 9945
peer-nominated romantic & date popularity,male vs female 19–25 yr old members of sororities & fraternities, 41993
perceived correlates of adolescent popularity & stress level, low vs high SES parents of male vs female 12–17 yr olds, 3485
prevalence of friendship & characteristics of friendship networks, unpopular vs average vs popular 5th & 6th graders, 18566

SES & academic & athletic status & perceived peer status, male vs female Asian vs Black vs Hispanic vs White 8th graders, 17199
social acceptance vs rejection vs preference vs liking, friendship & popularity, 3rd vs 4th vs 5th vs 6th graders, 9944
social skills training, self concept & perceptions of support from close friends & classmates & loneliness, withdrawn & unpopular 8.6–14.6 yr olds with cerebral palsy or spina bifida, 6 mo followup, 37104
Population [See Also Overpopulation, Population (Statistics)]—Serials
environmental & social variables & deaths & migration, sex ratios, Alaska Natives, 22200
individual & population characteristics, mental health & minor psychiatric morbidity, participants in Health & Lifestyles Survey, commentary, 1227
log linear model of effect of participation rates & size of participating population on highest expected achievement, application to analysis of national & sex differences in chess performance, 17737
news coverage & public indifference & avoidance of population growth–environmental problem stories, journalists, 28317
population levels of alcohol consumption & mortality rate, Europe, 18812
population size & density & suicide & homicide rates, 1980, 57 countries, 4267
population size & density, mating tactic, simultaneously hermaphroditic seabass, 37903
reducing fertility to attain sustainable population development, population age & family structure & well-being, elderly females in developing countries, Asia, 11604
regional suicide rate & Muslim population concentration, India, 4268
urban size & simulated lost letter addressee affiliation & urgency & return cost, community attitudes toward political organizations measured by lost letter return rate, cities vs suburbs, 15403
Population (Statistics) [See Also Statistical Samples]—Serials
conceptual definition & operational identification of homosexual & bisexual & gay & lesbian population & setting of sample selection & use of probability sampling in public health research, 13265
confidence intervals in estimation of population parameters, 34101
cycle period from 1 to several host generations, population dynamics of simple predator-prey system of parasitoid & host moth vs 3-species system including viral pathogen, letter, 10805
self-weighting random sampling technique using electoral registers to provide sampling frame for general population, reprint, 14462
technique for matching population samples & selection of predictors on principal of biological classification, applications for marketing research, 14461
use of multiservice census & stratified random sample survey to gather information for dementia service planning, 65+ yr olds with dementia, Scotland, 43333
use of multiservice census data to identify persons with dementia, 65 yr olds & older, Scotland, implications for needs assessment, 39509
Population Characteristics [See Demographic Characteristics]
Population Control [See Birth Control]
Population Density [See Social Density]
Population Genetics—Serials
apolipoprotein E allele & age & sex, risk of dementia with stroke, White vs Black vs Hispanic vs Asian 55+ yr olds, US vs Netherlands, 31882
apolipoprotein E allele, incidence of Alzheimers disease, defined community population of 65+ yr olds, 31766
population genetics model to explain advantages & disadvantages & adaptive strategies of infants resembling their parents, 34504
population genetics vs physiological state dependent vs age based life histories, offspring quality & number of tradeoffs & maternal effects & phenotypic plasticity & reproductive decisions, 6585
presenelin-1 gene mutation in family pedigree, incidence of early-onset Alzheimer's disease, 48–65 yr olds in extended families, Colombia, 31824
Population Shifts [See Human Migration]
Pornography—Serials
attitudes toward educational vs soft vs hard core vs violent vs bizarre or paraphiliac sexually explicit materials, mental health & health professionals, US vs Czech Republic vs Slovak Republic, 11631
cognitive structure of religious & moral opposition to pornography, conservative Protestants, 35046
constitutional protection & Internet features controlling access by children & First Amendment rights & regulation of sexually explicit expression on Internet, 14127
erotic film segments, self reported sexual arousal & attention & emotional responses, males &/vs females (mean age 23.4 yrs), Australia, 22369
exposure to pornography, cognitive constructions of gender, 16–76 yr olds, 35161
gender specific legitimation vs condemnation of eroticism & attitudes toward pornography, enjoyment of viewing erotic slides alone vs with male vs female co-participant, males, 18795
interactive computer erotica, attitudes toward women & affective disposition toward sexuality, male college students, 38591
media pornography, sexual behavior, 15–20 yr old males vs females, Nigeria, 30261
rape rates & pornography consumption, comparison of data from 6 US cities, 22367
role of pornography in sex offenses, literature review, 8299
sociodemographics & consumption history & viewing habits & uses of X-rated videotapes, 18–78 yr old mail-order & adult shop consumers, Australia, 11629
stereotyped perceptions of female pornography stars vs female movie stars vs prostitutes, college students (mean age 28.34 yrs), 30279
threats of body harm & physical & sexual & weapon assault & pornography exposure, 4th yr medical students, 1 yr study, Canada, 33203
Porphyria—Serials
psychiatric manifestations of acute intermittent porphyria & related difficulties in diagnosis & treatment, 16236
Portugal—Serials
biases favoring color white vs color black & favoring light-skinned vs dark-skinned human figures, 5 vs 8 yr old students, Portugal, 34938
social correlates of suicide rates, Portugal, 1980–1982, 42470
symptom appraisal & attitudes toward & beliefs about menopause, 45–55 yr old females, Portugal vs UK, 7536
Positive and Negative Symptoms—Serials
age & illness duration, executive system dysfunction & positive & negative symptoms, 36–89 yr old male vs female patients with schizophrenia, Ireland, 42346
amantadine hydrochloride, frontal lobe syndrome symptoms, brain-injured 27–50 yr olds, implications for dopaminergic use, 32447
amplitude & frequency of delta wave counts during slow wave & all night sleep, negative symptoms, schizophrenic 22–39 yr old outpatients, 7969
auditory ERP amplitude & latency, neuropsychological performance & negative & positive symptoms, schizophrenic males, Iceland, 4185
behavioral neuroanatomy & positive neuropsychiatric symptoms of temporolimbic lobes, 42169
bromperidol, plasma HVA & negative symptoms, schizophrenic patients with deficit vs nondeficit syndrome, 13058
clozapine with bromocriptine, positive and negative symptomatology, female 42 yr old with schizophrenia & pituitary adenoma, case report, letter, 27388
cognitive function & positive & negative symptoms & diagnosis, schizophrenic vs bipolar adults (mean age 43.8 & 41.9 yrs), 19120
Community Re-Entry Program, skill levels & positive & negative symptoms, acutely mentally ill inpatients (mean age 33.9 yrs), 33011

concepts of & methodologies for evaluation of negative symptoms in schizophrenia, 42311
construct validity & psychological & physiological symptomatology, negative symptom construct, implications for schizophrenia research, 30965
correlation between neurological soft signs & response to risperidone, patients with chronic schizophrenia, 13050
course of hospitalization from acute illness to stabilization, negative symptomatology, schizophrenic inpatients, 16917
degree of frontal lobe atrophy, negative symptoms, 18–60 yr old alcoholic male inpatients, 31334
diagnosis & treatment & prognosis of negative symptoms, patients with schizophrenia, conference presentation, 4736
dietary intake of eicosapentanoic acid & other fatty acids, symptomatology & tardive dyskinesia, schizophrenic inpatients, 1295
DST nonsuppression & REM latency & positive & negative & depressive symptoms, schizophrenic inpatients, 26517
efficacy & safety of opiate antagonist SL 82.0715, negative symptoms, schizophrenic 19–49 yr olds, 9122
efficacy & tolerability of multiple fixed doses of quetiapine vs haloperidol, positive & negative symptoms, 18–64 yr olds with schizophrenia, 6 wk study, 43113
efficacy of atypical antipsychotic olanzapine, positive & negative symptoms, schizophrenic patients on maintenance therapy, 32352
evaluation of effectiveness of neuroleptics that act on different neurotransmitters & atypical antipsychotics, negative symptoms & deficit psychopathology, schizophrenic patients, 9049
frontal cortex blood flow & negative symptoms, 24–40 yr old unmedicated schizophrenic patients, 19221
haloperidol vs remoxipride, quality of life & negative symptoms, 18–65 yr olds with schizophrenia, 43115
individual & group cognitive therapy, recovery & residual & positive symptoms, 19–55 yr old psychiatric inpatients with acute psychosis, 9 mo follow-up, 32123
insight into past symptoms vs current illness, positive vs negative symptomatology, schizophrenic 16–45 yr olds, Australia, 1289
intake of n3 & other dietary fatty acids, schizophrenic symptoms & tardive dyskinesia, schizophrenic patients, 4169
items representative of negative symptoms in Comprehensive Psychopathological Rating Scale as compared with Schedule for Assessment of Negative Symptoms, schizophrenic patients, 14316
methylphenidate, negative symptoms & depression & cognitive deficits, 62–92 yr olds with dementia, 32418
naltrexone, positive & negative symptoms, chronic schizophrenic patients, 5063
negative & positive symptom dimension structure as seen in Scales for Assessment of Positive & Negative Symptoms for Schizophrenia, patients with 1st episode schizophrenia, 10464
negative symptomatology, anhedonia, schizophrenic inpatients, France, 1291
negative symptoms & EEG alpha power & coherence, 22–53 yr old nonmedicated male veterans with schizophrenia, implications for neurodevelopmental & genetic & attentional aspects, replication, 7979
negative symptoms & poor prognosis associated with left temporal lobe atrophy, paranoid schizophrenic 40 yr old female, case report, 15944
negative vs positive symptoms, repetition & semantic priming with attended vs ignored prime stimulus, schizophrenic 18–41 yr olds, Australia & England, 1307
nemonapride treatment, negative symptoms, 16–71 yr old patients with schizophrenia, 23925
neurocognitive deficits & positive or negative symptoms, quality of life, 21–54 yr olds with schizophrenia, Canada, 42323
neurological soft signs, negative & positive psychopathology & neuropsychological performance & brain morphology, chronic vs nonchronic schizophrenic patients, Germany, 7981
neuropeptides & cytokines & insulin, development of positive & negative symptoms of schizophrenia & major depression, literature review, 38920
neuropsychological correlates of psychomotor poverty & disorganization & reality distortion syndromes, 17–60 yr olds with schizophrenia, Canada, 35619
olanzapine vs haloperidol, responsiveness to or continuance of primary negative symptoms, inpatients with schizophrenia, 32566
paid vs unpaid work & participation in work related support group, positive & negative symptoms & rehospitalization, adults with schizophrenia or schizoaffective disorder, 5 mo followup, 2085
paranoid delusions vs behavioral signs vs passivity vs remission, ability to infer mental states of characters & answer memory/reality questions, schizophrenic patients, 12033
performance on Wisconsin Card Sorting Test, temporal stability of negative symptoms, adults with schizophrenia or schizoaffective disorder & history of substance abuse, 19209
positive or negative symptoms & illness subtype & suicidal behavior & ideation, patients with schizophrenia or schizoaffective or schizophreniform or schizotypal personality disorder, 6–32 yr followup, 22834
positive thought disorder & excessive interactive behavior, patients with bipolar disorder vs schizophrenia, 11893
predominant negative vs positive symptoms, cognitive functioning & perseverative errors, schizophrenic 24–53 yr olds, implications for frontal lobe dysfunction hypotheses, 19190
presence of hallucinations & delusional thoughts & other positive symptoms of psychosis, combat veterans with PTSD, 8018
principal-component analysis & factor structure & global ratings of negative & positive symptoms in schizophrenia, VA patients with various psychopathologies, 22862
relationships between age & tardive dyskinesia & positive & negative symptoms, female schizophrenic patients, 12079
reliability & validity & factor structure of High Royds Evaluation of Negativity Scale, symptoms & neurological signs & neuropsychological impairment, Chinese schizophrenic 16–65 yr olds, Hong Kong, 2584
risperidone augmentation of clobazam, severe social withdrawal & other negative & positive symptoms & sickness phobia, female 14.8 yr old with childhood onset schizophrenia, case report, 9054
risperidone, positive & negative & other symptoms, drug naive 17–40 yr olds with 1st episode schizophrenia, 16638
risperidone, positive & negative symptoms, nonresponsive patients with schizophrenia or schizoaffective psychosis, 23931
risperidone vs clozapine, positive & negative & extrapyramidal symptoms & adverse effects, treatment resistant schizophrenic patients, 12942
self medication of negative symptoms & depression with cocaine, female schizophrenic 46 yr old presenting to emergency twice in same yr, case report, 12068
sex, information processing & social skills & negative symptoms, patients with schizophrenia or schizoaffective disorder, 4177
similarities of medial temporal pathology & biochemical dysfunction & positive & negative & other psychotic symptomatology between schizophrenia & Alzheimer's disease, 7813
symptom subtypes & life skills & olfactory identification & neuropsychological ability & relation to poor personal hygiene & orbitofrontal integrity, male 19–59 yr olds with schizophrenia, Australia, 12026

Positive Reinforcement [See Also Praise]—Serials

combined medical & positive reinforcement & response cost treatment approach, encopresis, 4 yr old female & 5 yr old male, 13134
constant time delay & instructive feedback, independent seat work, 8–12 yr olds with mild learning disabilities, 17219
excitotoxic lesions of central amygdaloid nucleus, potentiation of reward related stimuli by intra-accumbens amphetamine infusions, male rats, 10998
flavor distinctiveness & sucrose concentration, positive reinforcement vs anticipated satiety effects in preferential consumption of isocaloric solutions, male rats, 10757

flavor preference conditioning, postlunch caffeine-paired target drink consumption & mood dip alleviation, 18–23 yr old caffeine users vs nonusers, 7046
food reward, physical dimensions of vocalization response, male budgerigars, 21499
grooming as positive reinforcement in visual discrimination task, 2.5 yr old male rhesus monkey, 21510
lesions of basolateral amygdala vs central nucleus, acquisition of positive incentive value in 2nd order conditioning & associative learning contexts, rats, 14839
mother's inconsistent vs consistent discipline & positive vs negative feedback, misbehavior, 18–32 mo olds, 22080
opioids & rate of positively reinforced behavior, antagonism by kappa antagonist norbinaltorphimine, male rats, 21904
positive reinforcement, decreased running away from institution, 45 yr old male with Down's syndrome dementia, case report, 24244
preference for clinic privileges vs retail items vs social activities as reinforcers, opioid dependent patients treated with buprenorphine, 9565
presentation of video vignette of aggressive individual, acceptability of positive reinforcement vs negative consequences, adults working with persons with developmental disabilities, 19831
public school program of scheduled toileting opportunity at time of increased likelihood of urination & positive reinforcement, toileting skills, 8 yr old male with pervasive developmental disorder, 37107
task clarification & positive reinforcement & corrective feedback, behavior change in service delivery, 16–61 yr olds & 25–46 yr old public servants & police officers, Australia, 24957

Positivism—Serials

anticipation of & affective & actual experiences in & subsequent recollection of meaningful life events, travelers & undergraduates, examination of rosy view effect, 38779
correlation of the attention paid to & the organization & selective retrieval of positive vs negative life events & subjective well-being, happy vs unhappy college students, 35352
criticism of creative self-deception hypothesis of mental health & well being, 26255
highlight intervention program, development of positive perspectives, 4th graders, Canada, 33434
mental & life skills training program delivered by teacher, self-relaxation & implementation of stress control strategies & frequency of highlights, Grade 2 students, Canada, 33572
positivist base of & move from positivism to constructivism in psychoanalytic theory, conference presentation, 30625
positivity of self concept & positive vs negative results of inconsistent behavior, cognitive dissonance, college students, 7740
sex, structure of positive & negative automatic cognitions & validity of multidimensional models of Negative & Positive Automatic Thoughts Questionnaires, 17–23 yr old undergraduates, 33976

Positivism (Philosophy)—Serials

current conceptions of development of positivist-postmodern debate in science education, 43570

Positron Emission Tomography [See Tomography]

Possession [See Ownership]

Postactivation Potentials—Serials

activation of NMDA receptors on neighboring cells & subsequent plasticity, role of hippocampal synaptic long term depression in neural development & information storage, letter, 6668
associative form of long-term potentiation, transformation of NMDA receptor based synapses & early development of hippocampal glutamatergic synapses, postnatal rats, 29272
atropine, associative long-term potentiation in CA1 region of hippocampus, rats, 34713
back-propagating dendritic action potentials, induction of long-term potentiation, CA1 neurons, implications for Hebbian modifications of synaptic strength, 29428
bidirectional modification of CA1 synapses & postsynaptic potentials & long term depression & potentiation in hippocampus, male rats, implications for in vivo research, letter, 11031
biochemical perspective on molecular mechanisms of long term potentiation, 21693
CA1 vs CA3 long term potentiation during spatial learning & memory, mice bred without metabotropic glutamate receptor 5, 41395
cognitive enhancers & somatostatin & 5-HT3 receptor & muscarinic receptor subtypes, hippocampal long term potentiation, guinea pigs, literature review, 21865
coincidence of postsynaptic action potentials & unitary excitatory postsynaptic potentials, neuronal plasticity, implications for synaptic connection modifications during development & learning, 29429
cyclic adenosine monophosphate vs RNA vs protein synthesis dependent short vs late phase of long term potentiation in medial perforant pathway of hippocampus, rats, 18181
developmental effects of prenatal cocaine exposure, hippocampal synaptic plasticity & long term potentiation, 30–40 day old rabbits, implications for learning & memory, 6970
ethanol, induction of long term potentiation in hippocampal slices, 15–25 vs 70–100 day old male rats, 7089
ethanol, inhibition of long term potentiation in CA1 region of hippocampus, male rats, 34705
expression of short-term potentiation, alpha-amino-3-hydroxy-5-methyl-4-isoxazole propionate vs NMDA glutamatergic receptor subtypes in dentate granule cells of hippocampus, male white rabbits, 21754
extracellular field & whole-cell voltage-clamp & whole-cell current clamp recordings, developmental changes of long-term potentiation in hippocampal CA1 region, postnatal day 4 & 14 rats, 21741
hippocampal long-term potentiation in vivo, expression of specific glutamate receptor subunits, male rats, 21752
hippocampal NMDA dependent synaptic & long-term potentiation, instrumental learning under continuous reinforcement schedule, old male rats, 34387
in vitro exposure to aluminum, long term potentiation & glutamate release in hippocampus, male rats, 38102
inducement of long term potentiation by stimulation of lateral olfactory tract, adenosine triphosphatase activities in neurons & glial satellite cells in olfactory cortex, rats, translated article, 29419
late phase of long-term potentiation & its underlying mechanisms in mammalian hippocampus & contribution to long-term memory storage, literature review, 21755
learning tasks, behavioral long term potentiation in hippocampal mossy fiber-CA3 synapses, male rats, 21738
light deprivation, long term potentiation & depression as measures of synaptic plasticity in visual cortex, rats, letter, 10964
limitations of recent attempts to support connections between long-term potentiation & memory & future directions for research, 21734
long term potentiation & kindling & mossy fiber sprouting, membrane currents evoked in dentate gyrus by stimulation of perforant path, rats, 21736
long term potentiation & learning & memory, literature review, 14652
long-term potentiation & spatial learning, awake mice lacking cell-adhesion molecule Thy-1, 38016
long-term potentiation, dimensions & density & distribution of dendritic spines, rats, 21713
low frequency stimulation, activation of synaptic transmission in hippocampus through long term potentiation, guinea pigs, 6655
membrane metabolic parameters in living cortex slices during long-term potentiation, rats, 34599
metabotropic glutamate receptor agonist 1S,3S-ACPD injected into hippocampus, spatial & nonspatial discrimination & transference & excitatory postsynaptic potentials, male rats, 29058
metalloporphyrins with vs without hypoxia, neuroprotection against injury to CA1 neurons in hippocampal slice & induction of long term potentiation, male rats, commentary, 29619

metalloporphyrins with vs without hypoxia, neuroprotection against injury to CA1 neurons in hippocampal slice & induction of long term potentiation, male rats, 29595
mild naturalistic stress, induction of stable homosynaptic long-term depression of CA1 area of hippocampus & synaptic plasticity, adult male rats, 34594
MK801 dose, hippocampal wave frequency & amplitude & synaptic transmission & plasticity measured by primed burst potentiation in dentate gyrus, female rats, implications for spatial learning, 21853
nitric oxide donors vs inhibitors, effect of stimulus frequency & train duration on plasticity & long term potentiation in CA1 region of hippocampal slices, rats, 34558
NMDA receptor antagonists, hippocampal long term potentiation & spatial learning & sensorimotor processes & visual discrimination, male rats, 25562
patterns of long term potentiation, model of hippocampal spatial navigational map of environment, rats, 21728
pentylenetetrazol kindling, perforant pathway dentate granual cell synapse function, male rats, animal model of convulsant drug vs kindling effects in neuronal plasticity, 7055
phosphoinositide signal system responses & phosphatidylethanolamine methylation in long term posttetanic potentiation in cortex, rats, 34604
postsynaptic processes & signals, input specificity of cerebral long term depression, mice, 6646
properties of long-term potentiation induction in CA3 region of hippocampus, male cynomolgus monkeys vs rodents, 21753
protein phosphatases & NMDA & A1 receptors, proactive & retrograde interactions between long-term potentiation & theta pulse stimulation in hippocampal slices, male rats, 21751
rapid rate transcranial magnetic stimulation in auditory cortex, neuronal activity & plasticity & long term potentiation & depression like changes, gerbils, 29386
regional inhibition of long term potentiation, spatial learning, mice lacking Thy-1 gene, 10912
role of long term potentiation & retrograde messengers in learning & memory, literature review, 21743
role of long term potentiation in synaptic modification in nervous system & relation to learning & memory, 29329
step & ceiling long term potentiation parameters, behavior of simulated olfactory cortex target cells in response to range of inputs, 3072
stimulation of mesocerebrum neurons in isolated CNS, postactivation potentials in command neurons of defense behavior & activation of sexual behavior, snails, translated article, 11032
studies of long term potentiation & depression & behavioral learning, role of immediate early genes in learning & memory, literature review, 3028
tetanic stimulation & cGMP in presence of NMDA receptor antagonist, long term potentiation in CA1 region of hippocampus, rats & guinea pigs, 21701
tetanic stimulation, Ca2+ & long-term potentiation & long-term depression in hippocampal slices, rats, 21731
tetanic stimulation of intracortical vertical & horizontal inputs, long term potentiation in intrinsic connections in barrel cortex, rats, 14923
tetanization of thalamic nuclei & red nucleus & sensory cortex, long term changes in efficiency of excitatory & inhibitory micronetworks of motor cortex, cats, translated article, 29367
time of day & phase of estrous cycle, hippocampal plasticity as measured by long term potentiation, male vs female rats, implications for memory & learning, 3098
translational suppression of calpain by transfection with antisense oligonucleotides, capacity of hippocampal synapses to express stable long-term potentiation, 10 to 12 day old rats, 21714
weak orthodromic stimulation & intracellularly applied current pulses, functional integrity of NMDA-dependent long-term potentiation induction, 21–35 day old vs 9 vs 24–28 mo old F-344 male rats, 21727
Z-321 & arginine vasopressin, potentiation of synaptic transmission evoked by weak tetanus, CA1 region of rat hippocampus, 21745

Postgraduate Students—Serials
development & validation of Quantitative Attitudes Questionnaire, measure of attitudes toward quanitative research methodology, doctoral vs master's students in research vs teaching oriented schools, 10525

Postgraduate Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Medical Internship, Medical Residency]—Serials
behavioral social work course design & evaluation & progress, postgraduate students, 33187
community hospital model of postdoctoral training in clinical psychopharmacology, psychologists, 24429
course & practicum requirements & content of training in graduate programs, educational measurement specialists, 33191
culturally integrated postdoctoral professional development experiences, ethnic minority postdoctoral research fellows in nursing & White non-Hispanic nurse-scientist mentors, 9737
tips for preparing for internship, psychology graduate students, 24441

Posthypnotic Suggestions—Serials
action vs desire suggestions & test type, posthypnotic responding, highly hypnotizable adults, Australia, 6408
positive intrasurgical suggestion during anesthetic state, postsurgical pain, 24–73 yr old cholecystectomy or hysterectomy patients, 24043

Postmodernism—Serials
analysis of postmodern impulse within modern discipline of social psychology in relation to ways in which discourse & qualitative research is accounted for within student practical reports, 37578
application of postmodern thought to clinical practice of psychoanalytic psychotherapy, 27108
changing form & content of psychiatric case histories in practice over past century & postmodern psychiatric case histories, South Africa, 38878
comparison of the theory & practice of postmodern family therapy & psychoanalysis, 42944
critique of essentialist Jungian theory of & advancement of postmodern Jungian framework for Self, psychotherapists & patients, 22640
current conceptions of development of positivist-postmodern debate in science education, 43570
development of postmodern spaces in psychology & use of discourse analysis & psychoanalysis to comprehend changes in culture that are anticipated & expressed in science fiction, 38185
ethical issues regarding power & authority in postmodern ear & relation to feminist & multicultural therapy, 42952
feminist & postmodern perspective on client–therapist relationship in narrative therapy, couples, 27249
history of Durban Aquarium & its significance for psychology as human condition evolves from modern to postmodern, South Africa, 37805
identification of decentering agendas through textual analysis of language & discourse used in couples therapy session run by postmodern narrative therapist, 43033
identification of decentering agendas through textual analysis of language & discourse used in couples therapy session run by postmodern narrative therapist, commentary, 43019
influence of F. Nietzsche's philosophy on social construction & postmodern historiography, 21955
issues in postmodern pluralism & self & rethinking importance of personal identity, 42110
modernist vs postmodernist social constructivist approach to organization science, 17371
narrative & contextual & postmodern approaches to vs L. Kohlberg's justice-based theory of moral development, 18588
obsolescence of concept of object in psychoanalytic theory & replacement with persons or subjects as terms that reflect adjustment to postmodern emphasis on ineffability of Other, 22613
post modernist political power positioning in debate on role of social contextualization in psychology, 2457

postmodern & constructionist aspects of rational emotive behavior therapy & application to active directive methods, commentary, 42998
postmodern & constructionist aspects of rational emotive behavior therapy & application to active directive methods, 42997
postmodern feminist perspective of quantitative vs qualitative art therapy research & lack of attention to gender, 16685
postmodern perspectives in psychoanalysis, 15778
postmodern revision of K. Horney's theory of language in & indeterminacy of words in analytic psychotherapy, 27344
postmodern social psychology, relationship to traditional social psychology & political & technological issues, implications of actor-network theory, commentary, 22407
postmodern social psychology, relationship to traditional social psychology & political & technological issues & inherent problems, 22408
postmodern social psychology, relationship to traditional social psychology & political & technological issues, implications of actor-network theory, commentary reply, 22410
postmodern thought & psychology's conception of self & personality in contemporary culture, 11240
postmodern vs modern theories & their impact on theories of self & knowledge, 42112
postmodernism & adoption of 3rd party standpoint for analysis of social processes & structure, 25970
poststructuralist lifestyle analysis perspective to conceptualize social patterning of consumption in postmodernity, 33744
practice & research & theory & professionalism issues in postmodern counseling, 19732
representation in retiree based economic development literature & identity formation & position of bodies & identities in consumer culture of postmodernism, elderly, 15374
trends in theory of psychoanalytic technique in postmodern world, 35389
understanding in family therapy & aspects of postmodernism & psychoanalysis, 43041
use of Lacanian postmodern framework approach to overlapping effects of law & psychiatry within the context of guilty but mentally ill verdicts, defendants, 20918

Postnatal Dysphoria [See Postpartum Depression]

Postnatal Period—Serials

application of R. Rubin's model of taking-in & taking-hold to psychosocial development after several days of postpartum hospitalization & as basis of postpartum nursing, contemporary mothers, 22300
bilateral icv 6-OHDA following desmethylimipramine treatment on days 2 & 4 after birth, performance on active shuttle & 1-way & rearing vs passive avoidance learning tasks, rats, 7091
binge-like alcohol exposure, total Purkinje cell count, male rat pups at postnatal day 4 vs 9, 38104
characteristics of severe disorders of maternal affection & bonding behavior with infants after birth, females with history of postnatal mental illness, 42208
concept analysis of panic, adult females with postpartum panic disorder, implications for nursing practice, 26550
cultural practices of self-care during 1st mo after 1st childbirth, 24–37 yr old Chinese mothers, Hong Kong, 41898
degree of agreement between 4 self report depression questionnaires, assessment of postnatal depression, postpartum females, 40861
early postnatal alcohol exposure, maternal behavior toward pups & estradiol & progesterone blood levels, 25–29 day old rats, 15106
experiences around time of natal emergence, development of litter-mate preferences, juvenile Belding's ground squirrels, 37881
extracellular field & whole-cell voltage-clamp & whole-cell current clamp recordings, developmental changes of long-term potentiation in hippocampal CA1 region, postnatal day 4 & 14 rats, 21741
interdependence of parental post-partum experiences on psychological tasks, women vs men, England, 38580
lactation disruption by male infanticide & litter removal, lactational pregnancy block, house mice, 29102
neonatal cocaine by artificial rearing, activity rhythms over 48-hr period, 38 day old rats, 6821
neonatal exposure to cocaine &/vs ethanol, performance on digging maze, rat pups, model of behavioral teratogenesis, 3193
neonatal infection with lymphocytic choriomeningtis virus, EPs & EEG activity in dentate gyrus & hippocampal CA1 & CA3 subfields, rats studied 84–107 days postinfection, 10993
neonatal interleukin-1, development & plasma ACTH & corticosterone & cold & restraint stress-induced ACTH-like immunoreactivity, adult mice, 15020
neonatal male castration vs female testosterone & other androgens & progesterone & estrogens, mating & lordosis & marking & size of sexually dimorphic area of hypothalamus, gerbils, 18238
physical & social environmental factors, postpartum fatigue & differentiation from depression & tiredness, new mothers, 26357
post-partum blues & mild depressive symptomatology at 3 & 5 days post-delivery, 15–42 yr old women, 35571
postnatal grooming syntax development, rat vs guinea pig pups, 29100
prednisolone, prenatal & postnatal hypomania, 31 yr old pregnant female, case report, letter, 30994
prenatal &/vs postnatal ethanol, heart rate & motor & behavioral reactivity to ethanol odor, 16 day old rats, 580
prepartum vs postpartum response to social separation, pregnant ewes, 34459
problem solving confidence, prediction of depression during pregnancy & postpartum period, 15–40 yr old females, 4090
providers of support & satisfaction with enacted support & closeness to husband & baby, postpartum females, 26038
psychosocial outcomes of midwife-managed vs traditional postnatal care, females with normal healthy pregancies, Scotland, 39998
psychotherapeutic & psychopharmacological management of postpartum psychiatric disorders, 42881
puerperal obsessional thoughts of sexually abusing their children, female 23 & 28 yr olds, England, 4042
recognition of newborn infant odor & postpartum experiences & responsiveness, new mothers vs nulliparous males or females, 7505
recurrent periparturient obsessive-compulsive disorder, 28 yr old school teacher, case report, 39081
terminal & instrumental values after birth of child, comparison to national sample, single inner city mothers, 38572
uni- vs bilateral vestibular deprivation on 5th vs 16th postnatal day, postural development & motor behavior, rats, 34487
urine phenylethylamine & cortisol & self rated mood, postpartum vs nonpregnant females, 4128
usefulness of translated versions of Diagnostic Interview Schedule in determining rates of major depression, postnatal Vietnamese vs Arabic females, Australia, 42275
8-hydroxy-2(di-n-propylamino)tetralin, sexual behavior, male rats castrated at adulthood or during early postnatal critical period, 25601

Postpartum Depression—Serials

anger attacks & treatment nonadherence, pregnant or postpartum females (mean age 30.6 yrs) with depression or anxiety or adjustment disorders, conference presentation, 31970
antenatal & postnatal incidence of depression, 1st time mothers & husbands/partners, Portugal, 22742
characteristics of a good mother, 19–41 yr old depressed vs nondepressed post partum females, Australia, 38562
childhood sexual abuse, 24–33 yr old females with postpartum depression, Australia, 11946
classification & diagnosis & psychotherapy & drug therapy treatment of postpartum depressive disorders, 19173
degree of agreement between 4 self report depression questionnaires, assessment of postnatal depression, postpartum females, 40861
depression & life & child care stress & social support & marital satisfaction & prenatal anxiety, postpartum depression, meta analysis, 11944

detection of dysphoria & postpartum-related affects, Beck Depression Inventory vs Edinburgh Postnatal Depression Scale, adult mothers at 2 & 6 mo postpartum, 26460
development & predictive validity of Edinburgh Postnatal Depression Scale, females in 3rd trimester of pregnancy, 10439
development of Bethlem Mother-Infant Interaction Scale, assessment of interactions with baby & capacity for care & risk to child, mentally ill postpartum mothers in mother baby unit, 21058
dopamine agonist apomorphine, growth hormone response during 4 days postpartum, depressed pregnant females at risk for recurrence of illness, 9117
group treatment with educational & social support & cognitive behavioral components, mothers with postpartum depression, Australia, 32234
high dose estrogen immediately following delivery, relapse prevention, pregnant females with histories of puerperal psychosis vs major depression & no nonpuerperal affective disorder, 1856
history of depression or depression during pregnancy, correlates of postnatal depression, 1st time mothers & husbands/partners, Portugal, longitudinal study, 22743
infant behavior & motor functioning, postpartum depression & interactions, high vs low risk mothers & their infants at 2 & 4 mo postpartum, England, 4117
maternal postnatal depression & mother-child interaction & early experience, cognitive functioning, 2 mo olds, 5 yr study, England, 11375
modification & psychometric properties of Work Leisure & Family Life Questionnaire, assessment of adjustment to baby, postnatally depressed mothers, UK, 6015
peripartum saliva cortisol & progesterone, mood, primiparous females, implications for progesterone augmentation as prophylactic against postnatal depression, 11966
phenomenological study of themes in emotional & caring interactions, mothers with postpartum depression & their infants & older children, nursing intervention implications, 7893
physical & social environmental factors, postpartum fatigue & differentiation from depression & tiredness, new mothers, 26357
physical exhaustion & postnatal depression, 17–47 yr old mothers, Australia, 4083
post-partum blues & mild depressive symptomatology at 3 & 5 days post-delivery, 15–42 yr old women, 35571
postnatal depression & associated adversity, early mother-infant interactions at 2 mo & later outcome, 20–40 yr old mothers & their 18 mo olds, England, 19163
postpartum depression & early & later infancy & early childhood development & mediating factors, literature review, 35546
postpartum depression, infant temperament, mothers & their 0–1 yr olds, meta analysis, 18542
prenatal maternal attachment vs maternal role attainment vs postpartum depressive symptoms, primiparous women, 26060
prevalence & management strategies in primary care services, postnatally depressed females, Sweden, 9393
prevalence of postnatal depression, Japanese females giving birth in UK, 39022
prevalence of postpartum psychiatric disorder & sociocultural correlates, females, United Arab Emirates, 38979
psychiatric history & marital attitudes & personality characteristics & postpartum relapse, women with history of affective disorder & their husbands, England, 15923
psychiatric presentation & comorbidity, 32 yr old mother with postpartum depression & bereavement, case report, implications for treatment, 22804
psychometrics of 30-item General Health Questionnaire & Edinburgh Postnatal Depression Scale & utility in psychiatric morbidity screening after miscarriage, 16–44 yr old females, China, 40879
self esteem & social support & relationship with significant other as predictors of depression, mothers of preterm infants, 26459
self esteem as mediator of effects of stressors & social resources, postpartum depressive symptoms, postpartum women, 19155
self esteem vs dispositional optimism, prediction of postpartum depression, 20–43 yr old pregnant females, England, 19151
severity of self-reported symptoms, post-partum mothers (mean age 27.59) probable for postnatal depression, England, checklist appended, 26463
size & weight & growth, 12–14 mo olds & their mothers with eating disorders vs postnatal depression, England, 11864
sociodemographic variables & unplanned pregnancy & not breast feeding & unemployment & other risk factors, screening for & incidence of postnatal depression, 15–46 yr olds 6–8 wks postdelivery, 7940
structure & benefits of open ended no fee professionally facilitated support group, females with postpartum psychiatric illness, 9201
switching pause duration in face-to-face interaction, depressed vs nondepressed 18–35 yr old mothers & their 4 mo olds, 11481
symptomatology & clinical features of puerperal mental disorder, patients with symptoms of postpartum psychoses, 22848
urine phenylethylamine & cortisol & self rated mood, postpartum vs nonpregnant females, 4128

Postpartum Psychosis [See Postpartum Depression]

Postsurgical Complications—Serials

carotid endarterectomy, postsurgical complications & neuropsychological impairment, surgery patients (mean age 64.8 yrs) without preoperative stroke, 42809
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, 36587

Posttraumatic Stress Disorder—Serials

a cognitive-contectual approach to posttraumatic stress disorder in a female traffic accident victim, 39657
ability to disclose traumatic events in writing during brief period & effect of written disclosure on self-reported mental & physical health, trauma survivors with PTSD, Israel, 4204
acoustic startle response, female patients (mean age 38.1 yrs) with sexual assault-related PTSD, 42379
acute psychiatric responses to 1993 terrorist explosion at World Trade Center, 25–45 yr old survivors diagnosed with or without PTSD, 42365
antecedents & outcomes, motor vehicle accident victims with PTSD vs acute stress disorder, 22883
antidepressant medication, 32–71 yr old military veterans with comorbid PTSD & major depression, 36433
anxiety & depression & PTSD & association with pre-migration trauma & post-migrations stressors, political asylum-seekers, Australia, 35495
art therapy interventions, PTSD, 4–11 yr old victims of earthquake, 13117
aspects of participation in mustard gas testing during WWII, lifetime PTSD & psychiatric & physical health outcomes, male military veterans, 12442
attitudes toward emotional expression, PTSD symptoms & social support, 17–55 yr old accident survivors, 31130
attitudinal assessments made 3 vs 5 yrs postdisaster, correlates of emotional expression & post-traumatic symptoms, ferry boat accident survivors, Belgium, 22898
auditory startle response, unmedicated help-seeking trauma survivors with vs without PTSD (mean ages 38.29 & 33.14 yrs), Israel, experimental replication, 42388
background noise, sustained attention through information processing for neutral stimuli, male Vietnam combat veterans with PTSD, 31077
basal arterialized plasma norepinephrine & epinephrine kinetics & rates of norepinephrine appearance, assessment of sympathetic nervous system activity, male combat Vietnam veterans with PTSD, 1316
battlefield experience vs civilian terrorism vs work or traffic accidents, psychological state & PTSD core symptoms & associated features, 19–59 yr old patients, Israel, 19222
biological & psychological based treatment of PTSD, literature review, 4750

brief trauma/grief focused psychotherapy, posttraumatic stress & depression symptoms, early adolescents exposed to earthquake, Armenia, 32026
cerebral metabolism in neocortex & caudate nucleus & anxiety & panic & PTSD symptoms after yohimbine vs placebo, male Vietnam combat veterans with PTSD, 35650
characteristics & interpersonal problems associated with & reasons for & treatment of PTSD, female partners of veterans with PTSD, 31105
childhood physical &/or sexual abuse, externalizing & internalizing & PTSD, male vs female Black vs White 8–12 yr olds, 31072
chronic dissociative symptoms, police officers with PTSD vs partial PTSD, Netherlands, 1 yr study, 12082
clinical boundary issues in PTSD & normal psychology & psychopathology & psychotherapy, 4211
clinical experience concerning psychotraumatology, medical directors of psychiatric institutions, Switzerland, 42387
clinical outcome & effectiveness & cost of models of inpatient treatment, male veterans (mean age 45.2 yrs) with posttraumatic stress disorder, 43328
clinically-based typology of PTSD, comment on literature review, 1923–95, 39092
clinically-based typology of PTSD, comment on literature review, 1923–95, 39094
clinically-based typology of PTSD, literature review, 1923–95, 39074
clonazepam & alprazolam, course & symptoms of PTSD, recent trauma survivors, 19935
clonidine, PTSD symptoms, physically or sexually abused 3–6 yr olds, 9076
cognitive impairments, 33 yr old patient who experienced PTSD & minor head injury following traffic accident, case report, 38862
cognitive processing therapy, female with PTSD & history of childhood sexual abuse, case report, 19820
community psychiatric & posttraumatic responses to disaster & role in consultation & prevention & community outreach, psychiatrists, literature review, 1982
conscious & preconscious processing of threatening words in masked modified Stroop paradigm, 17–60 yr olds with vs without motor vehicle accident experiences with vs without PTSD, 19234
construct validity of subscales of Structured Interview for Disorders of Extreme Stress, survivors of childhood sexual abuse with PTSD, 40912
constructivism & narrative conceptualizations of problems in living & PTSD, implications for clinical assessment & psychotherapy, 16492
crisis support, development of PTSD following trauma, implications for intervention, 31087
criteria for differential diagnosis of PTSD vs ADHD & multimodal treatment, 36 mo old with PTSD, 8049
critical interaction couples therapy, combat related traumatic memories & related violence & flashbacks & dissociative events, male Vietnam veterans with PTSD & their wives, 4898
CSF concentrations of corticotropin-releasing factor & somatostatin, Vietnam combat veterans with PTSD, 31066
current health & mental health status, PTSD, Vietnam veterans, New Zealand, 31097
deceptive portrayals of PTSD in pulp fiction & press, abuse of PTSD diagnosis in forensic settings, 12096
deceptive portrayals of PTSD in pulp fiction & press, abuse of PTSD diagnosis in forensic settings, commentary, implications for Vietnam War veterans, 26573
deceptive portrayals of PTSD in pulp fiction & press, abuse of PTSD diagnosis in forensic settings, commentary reply, 26574
demographic characteristics & exposure level & grief symptoms & retrospective reaction reports & coping strategies, posttraumatic stress symptoms, 21–84 yr old Oklahoma City residents, 42392
development of PTSD & self blame, female 17–34 yr olds who had coercive sexual experiences, 22957
diagnosis & assessment of traumatic experiences & PTSD, multicultural refugee or immigrant psychiatric patients, Sweden, 1 yr study, 22887
differential diagnoses of PTSD vs major depression vs generalized anxiety disorder, experienced psychiatrists & psychologists, 38927
dissociation & trauma, 55–79 yr old Holocaust survivors with vs without PTSD, commentary reply, letter, 31131
dissociation & trauma, 55–79 yr old Holocaust survivors with vs without PTSD, commentary, letter, 31121
distress & self medication hypothesis of substance use disorders & application to nicotine dependence & to schizophrenia & PTSD comorbid with substance use disorders, 23067
distress & self medication hypothesis of substance use disorders & application to nicotine dependence & to schizophrenia & PTSD comorbid with substance use disorders, commentary, 23049
distress measured by PTSD on Impact of Event Scale & abnormal illness behavior correlates, asymptomatic HIV seropositive 20–44 yr olds, South Africa, 16274
drawing vs writing task interventions, nightmares, 42 & 44 yr old Vietnam veterans with combat-related PTSD, 13116
dual representation cognitive theory of phenomenology & outcomes of emotional processing of trauma in PTSD, 4196
effectiveness of Pavlovian & Darwinian theoretical approaches in eye movement desensitization therapy, patients with PTSD, literature review, 31096
efficacy & limitations & enhancements of exposure therapy for PTSD, 39718
elaboration of dormant traumatically induced intrapsychic conflict labelled Personal Sensitization Factor, implications for posttraumatic psychiatric & somatic disease, 15978
elevated levels of serum interleukin-1β & changes in immune function, male veterans with combat-related PTSD (mean age 25.6 yrs), 42389
emotional processing & outcome of eye movement desensitization and reprocessing therapy, male veterans with chronic PTSD, 32171
emotional processing & outcome of imaginal flooding therapy, male veterans with chronic PTSD, 32170
enhanced implicit memory for trauma-related material, male Vietnam combat veterans with vs without PTSD, 12092
evaluation of coping styles & intrusion & avoidance, patients with posttraumatic stress disorder vs other anxiety disorders, Israel, 42355
evaluation of efficiency of outpatient psychiatric treatment for PTSD at current intensity levels, service utilization, male veterans, 24267
exacerbation of symptoms following 1995 bombing in Oklahoma City, veterans of WWII & Korean & Vietnam wars with PTSD, 8035
exposure to earthquake & relocation from disaster zone, development of PTSD & depression & behavioral difficulties, 11–13 yr olds, Armenia, 2.5 yr followup, 11907
exposure to Hurricane Andrew, posttraumatic stress symptomatology & psychological morbidity, 7–13 yr olds, 21 mo followup, 11921
exposure to hurricane Andrew, posttraumatic stress symptoms & immune measures, adult volunteers, 42374
eye movement desensitization & reprocessing vs thumb tapping, autonomic measures, 21–52 yr olds distressed by traumatic memories, 12 mo study, 19762
eye movement desensitization & reprocessing, patients with PTSD, literature review, 19753
eye movement desensitization & reprocessing, PTSD, adult female rape victims, 43010
factor structure of Diagnostic Interview for Children & Adolescents PTSD module, 13–25 yr old Cambodian refugees, 28517
family history of personality or other psychopathology, prediction of combat exposure & predisposition to PTSD, male military veteran with PTSD vs anxiety &/vs depressive disorder, 22908
flashbacks of nonexistent events, 52 yr old male Vietnam veteran with chronic PTSD, case report, letter, 31100
flumazenil, provocation of panic attack & symptom change, patients with PTSD (mean age 36 yrs), implications for behavioral sensitization by benzodiazepine inverse agonists, 32384

fluoxetine, 22–55 yr olds with PTSD, commentary, letter, 5023
fluvoxamine, symptoms, 45–57 yr old Vietnam combat veterans with PTSD, 27435
frequency of PTSD, active-duty service members (mean age 27 yrs) with moderate traumatic brain injury and neurogenic amnesia, 24-mo follow-up, 19662
frequency of substance abuse & depression & anxiety & phobic & panic & somatization & psychotic & personality disorders comorbid with non-combat PTSD, literature review, 31070
Freudian dream formation & psychoanalytic trauma psychology perspective on phenomenology of chronic PTSD symptoms & DSM-IV diagnostic criteria, 22888
genetics & sensitization & conditioned stimuli & etiology of PTSD based on findings of sensitivity to loud sounds, 31071
guanfacine, nightmares, 41 yr old Black female with major depression & mixed substance abuse & PTSD, case report, letter, 5031
heart rate during group trauma re-exposure therapy & vicarious flooding & substantial physiological arousal, extinction, Vietnam combat-related PTSD inpatients, 32257
heart rate variability measured by power spectral analysis, assessment of sympathetic vs parasympathetic system contributions in autonomic hyperarousal, PTSD patients, 26553
hierarchical elaboration in conceptual structures of life events before vs after war & negative combat events, male Vietnam combat veterans with vs without PTSD or other psychiatric disorders, 15989
hippocampal volume & short term memory, Vietnam veterans with combat related PTSD, commentary, letter, 19246
hippocampal volume & short term memory, Vietnam veterans with combat related PTSD, commentary, letter, 19245
hippocampal volume & short term memory, Vietnam veterans with combat related PTSD, commentary reply, letter, 19228
historical & current & Pavlovian perspectives on PTSD, introduction to special edition, 31108
historical perspective on conceptual basis of trauma & relationship to PTSD, commentary, 22891
history of stressful life events & illness severity, prevalence of PTSD, female cancer survivors receiving no active treatment 3 yrs postdiagnosis, 1545
history of stressful life events & social support & severity of child's illness, prevalence of reexperience & avoidance & arousal symptoms of PTSD, 40–48.5 yr old mothers of pediatric cancer survivors, 1551
Holocaust & effects on survivors & their families & society, 25968
identification & group counseling of elementary school student victims of violence who may have developed PTSD, school counselors, 10007
identification & processing of flashback from childhood sexual abuse, posttraumatic symptoms, female patient, case report, 4793
in vivo desensitization & self-modeling, reduction of fear & physiological arousal, 29 yr old female with PTSD & child phobia, 23749
incidence & severity of PTSD, 3–16 yr old cancer patients vs off treatment cancer survivors, 1546
incidence of PTSD after surviving a major accident involving fatalities, 26–75 yr old mental health patients with preexisting anxiety or depression vs chronic schizophrenia, 4–8 wk followup, 30742
inhibited vs sensitive personality styles, combat & aging & other PTSD stressor intensity, male 60–70 yr old & older combat veterans, 15983
intellectual resources, development of PTSD, PTSD-diagnosed vs psychopathology-free Persian Gulf War veterans (mean age 35.17 yrs), 39098
interference for supraliminal vs subliminal trauma material on card vs single item computerized version of Stroop color naming task, combat veterans with PTSD, 12091
internal & external risk factors for posttraumatic stress symptomatology, 22–39 yr old police officers interviewed 3 & 12 mo after traumatic incident, Netherlands, 42361
level of exposure & history of trauma response & pretrauma anxiety & social support & processing of trauma, symptomatic response to trauma, persons exposed to mass shooting incident, 15988
level of self-reported childhood sexual abuse, help-seeking adults with PTSD, 16036
lifetime physical or sexual assault & PTSD & depression history, cigarette use, adult females (mean age 46.1 yrs), 11826
loss induced trauma & grief & depression & PTSD & subsequent treatment, female 59 yr old, case report, 38868
manual based symptom treatment, 30–63 yr olds with PTSD secondary to having motor vehicle accidents, 3 mo followup, implications for treatment planning & managed care, 23531
manual based symptom treatment, 30–63 yr olds with PTSD secondary to having motor vehicle accidents, 3 mo followup, implications for managed care & treatment planning, commentary, 23558
maternal posttraumatic symptoms & childhood adaptation, mothers & preschool children exposed to missile attacks, Israel, 30 mo followup, 29714
memories of alien abduction & sexual abuse & treatment, 15 yr old male with dissociative symptoms & PTSD, case report, commentary, letter, 7869
memories of alien abduction & sexual abuse & treatment, 15 yr old male with dissociative symptoms & PTSD, case report, commentary reply, letter, 8021
memory of traumatic experience as flashback vs in narrative form, patients with PTSD, implications for therapy & for childhood memories of abuse, 8016
metyrapone stimulation test & enhanced negative feedback inhibition, ACTH release from pituitary gland, 42–48 yr old combat Vietnam veteran outpatients with PTSD, 8056
Mississippi PTSD scale vs G. Watson et al's interview, 18–50 yr old & older Bosnian & Herzegovinan refugees, Croatia, 10452
Mississippi Scale for Combat-Related PTSD vs MMPI-2 Pk PTSD scale vs Impact of Event Scale, prediction of PTSD, WWII prisoners of war & combat veterans (mean age 71 yrs), 14301
model of group cognitive behavioral therapy, coexisting PTSD & substance use disorder, females, 8787
model of severe & chronic combat-related PTSD, Vietnam veterans, 22917
monitoring, frequency & duration & symptomology of intrusions, 28–50 yr old patients with PTSD, 15986
MRI hippocampal volume in combat-related PTSD, male Vietnam Veterans with vs without PTSD, 22893
multiple regression analysis of General Health Questionnaire & GHQ-28 & Impact of Events Scale for PTSD screening, survivors of fire (mean age 37.5 yrs), England, 28524
neutral vs combat-related visual stimuli, ERPs, Israeli combat veterans (mean age 34 yrs) with vs without PTSD, 31058
neutral vs combat-relevant sentences, implicit memory bias for threat during noise judgment task, Vietnam War combat veterans with PTSD (mean age 47.3 yrs), 19223
object relations, inpatient psychiatric treatment outcome, 28–67 yr old males with war trauma & posttraumatic stress disorder, 40137
parental support & age & temperament & gender as predictors of posttraumatic symptomatology & adaptive functioning, 4–9 yr olds exposed to normative stress vs dog attack vs parental violence, 42385
pediatric cancer treatment, PTSD assessment, 7–19 yr old leukemia survivors & their parents, 16761
peritraumatic dissociation & posttraumatic stress symptoms, female Vietnam theater veterans, 8050
plasma norepinephrine in supine & upright postures & growth hormone responses to challenge with desmethylimipramine, 15–58 yr olds with noncombat related PTSD, 15992
platelet peripheral-type benzodiazepine receptors, 25–69 yr old post-Persian Gulf War outpatients with PTSD, Israel, 8023
post-accident disorders & PTSD symptoms, uninjured railway passengers, Victorian era, 12087

posttraumatic stress & anxiety & family functioning & social support, 8–20 yr old survivors of leukemia vs peers without chronic illness & their parents, 19569
posttraumatic stress disorder symptomatology, 16–65 yr olds hospitalized for a psychotic episode, 42347
posttraumatic symptomatology after an industrial fire, 10–16 yr olds, 42377
presence of hallucinations & delusional thoughts & other positive symptoms of psychosis, combat veterans with PTSD, 8018
prevalence & course & treatment of combat-related PTSD, World War II veterans, Australia, research review, 26552
prevalence & diagnostic criteria & assessment & psychosocial treatment outcomes of trauma & PTSD, military & nonmilitary personnel, literature review, 32022
prevalence & functional interference, 18–65+ yr olds with full vs partial PTSD from community sample, Canada, 42391
prevalence & predictors of depression & anxiety related disorders 1 yr after heart transplant, heart recipients, 27556
prevalence & risk factors for posttraumatic stress disorder, chemically dependent 15–19 yr olds, 42518
prevalence of current & lifetime PTSD, Dutch veterans of civilian resistance against Nazi occupation during WWII, Netherlands & US, 8036
prevalence of PTSD & associated personality characteristics, 13–20 yr old incarcerated males, 31122
prevalence of PTSD &/or depression &/or anxiety, Vietnam War veterans, New Zealand, 4054
prevalence of PTSD, motor vehicle accident victims, 1 yr followup, 22885
prevalence of PTSD, 16–67 yr old outpatients with traumatic brain injury, 31848
prevalence of trauma & PTSD, 18–70 yr olds with irritable bowel syndrome, 31598
prior psychological symptoms & parent child relationship, PTSD & depression symptoms, 10–16 yr olds with vs without physical or sexual victimization experiences, 15 mo followup, 16006
prolactin & cortisol response to dexamethasone, combat veterans with vs without PTSD, 22892
psychiatric comorbidity in PTSD, severely maltreated 6–12 yr olds, 16015
psychiatric morbidity & etiological factors of PTSD, 19–68 yr old survivors of major air crash, 1 yr followup, England, 7844
psychobiology & pharmacotherapy of PTSD, 16634
psychodynamic-interpersonal style psychotherapy, recurrent nightmares, adult female with PTSD, 6 mo followup, 27132
psychological purposes served by war & relationship of PTSD to moral values & psychological consequences of breaking down resistance to killing, 11523
psychometric properties of PTSD Checklist, severe automobile accident vs sexual abuse victims, 6014
psychophysiological indicators of peritraumatic dissociation & relation to PTSD symptoms, 18–54 yr old female victims of rape, 42370
psychosomatic issues & Posttraumatic Stress Disorder & psychiatric diagnoses & medical patients, 42703
PTSD & depression prevalence rates, 18–25 yr old Cambodians living in refugee camps, Thailand vs US, 11919
PTSD & depression symptoms, general vs trauma counselors of airline disaster victims, 12 wk followup, 11901
PTSD & depression, 23–45 yr old male veterans seeking psychiatric treatment 4–6 yrs after war trauma exposure, Israel, 39076
PTSD & depressive disorders & war trauma & resettlement stress & recent stressful events, adolescent Cambodian refugees & their mothers, 7862
PTSD & dopamine D2 receptors gene, 35–66 yr old Vietnam veterans exposed to severe combat conditions, replication, 31416
PTSD & ego defense mechanisms & empathy, paramedics, 12086
PTSD & long term changes in psychological distress & self concept & occupational & social functioning, 17–86 yr olds with minor head injury, 6 mo & 3 yr followups, 12694
PTSD & other stress & psychological symptoms after road traffic accidents, 5–18 yr old victims, Scotland, 15 wk followup, 35463
PTSD & peacekeeping duty in Somalia, active duty personnel (mean age 26 yrs), erratum, 31094
PTSD & peacekeeping duty in Somalia, active duty personnel (mean age 26 yrs), 22902
PTSD & prevalence of previous & subsequent depression & other psychiatric disorders, mothers (mean age 33.1 yrs) of children from study of cognitive & psychiatric outcomes by birth weight level, 35651
PTSD & scores on Impulsivity questionnaire, survivors of Herald of Free Enterprise disaster, implications for compulsive re-exposure hypothesis, 22897
PTSD &œr depression &œr anxiety &œr substance abuse & cognitive functioning, 30 yr old & older Vietnam veterans, 11880
PTSD, adult females in outpatient treatment for childhood sexual abuse with vs without physical abuse vs relationship distress, 19242
PTSD based counseling model, adult survivors of childhood sexual abuse, 16476
PTSD diagnosis & treatment approaches & therapist issues & current controversies, 8022
PTSD diagnosis & treatment approaches & therapist issues & current controversies, 8038
PTSD, intractable disabilities, survivors of motor vehicle accidents, literature review, 26352
PTSD, intractable disabilities, survivors of motor vehicle accidents, literature review, commentary, letter, 30709
PTSD, intractable disabilities, survivors of motor vehicle accidents, literature review, commentary, letter, 30706
PTSD reactions after aircraft hijacking & subsequent psychological debriefing, airline passengers, 35654
PTSD symptomatology & coping strategies & perceptions of police department role, police officers assigned to 1992 Los Angeles riot, 35661
PTSD symptoms & depression & anxiety & clinical assessment, Black vs White male outpatient veterans mean age 46.78 yrs, experimental replication, 35658
PTSD symptoms of avoidance & emotional numbing & alexithymia, patients with burn injury or digit amputation in rehabilitation, Japan, 4521
quantitative research on activity levels & circadian rhythms, abused children & adolescents with vs without PTSD vs seasonal vs nonseasonal depression, 30670
rapid eye movement desensitization & reprocessing treatment, PTSD, 42–55 yr old combat Vietnam War veterans, 1737
rapid eye movement desensitization & reprocessing treatment, PTSD, 42–55 yr old combat Vietnam War veterans, commentary, 36309
rapid eye movement desensitization & reprocessing treatment, PTSD, 42–55 yr old combat Vietnam War veterans, commentary reply, 36297
regional cerebral blood flow in limbic & paralimbic regions during perception vs visual imagery of neutral vs negative vs combat related stimuli, male Vietnam combat veterans with vs without PTSD, 35679
rehabilitation & psychological interventions, physical injury & posttraumatic stress symptoms & pathology, 33 yr old female & 33 yr old male, 33025
reliability & validity of revised Purdue Posttraumatic Stress Disorder scale, assessment of traumatic events & resulting psychological symptoms, college students, 2604
religion & nationality & suicidal behavior, asylum applicants & refugees with PTSD, Sweden, 39080
repression & recovery of traumatic World War II memories & PTSD symptoms, 35665
resting vs stimulation with acoustic startle tones, ERP activity, abused 6–13 yr olds with PTSD vs PTSD symptoms, 31101
robustness of MMPI-PK scale, determination of PTSD, police candidates, 2629
role constriction & treatment of trauma responses & PTSD, Vietnam combat veterans, 16429

role of cholecystokinin A & B receptors in anxiety-like behavior after predator exposure, rats, implications for anxiety from PTSD, 29446
routine clinical care vs cognitive-behavioral treatment for extreme anger, male Vietnam veterans with combat-related PTSD, 18 mo follow-up, 19713
saccadic eye movements, vividness of & emotional responses to images of neutral & negative pictures, college students, Australia, applications to treatment of PTSD, 31057
seasonal factors, symptom severity, VA patients with PTSD, commentary, letter, 12094
seasonal patterns of admissions, male Vietnam veteran inpatients with PTSD, 1323
self injury as possible response to sexual abuse or as reflection of PTSD from abuse, developmentally handicapped, 23150
self report vs actigraphic recordings of sleep, adult males with PTSD, 39078
serum triiodothyronine & other indicators of thyroid hormone function, combat veterans with PTSD, Israel, 8033
sex & age & chronicity & experience of trauma & occurrence of injury & threat to caregiver, severity & expression of PTSD symptoms, severely traumatized 3–48 mo olds, 8040
sex & race, sexual &/or physical victimization experiences & crime related PTSD, 18–68 yr old inpatients receiving treatment for substance use disorders, 23042
sexual assault & PTSD, 82 yr old demented female, case report, 35671
sexual assault victimization &/or PTSD, bulimia nervosa, adult females, 35935
sexual problems & PTSD, female crime victims with vs without mental problems, 19092
short term 1 hr sessions in cognitive restructuring & coping skills training vs progressive relaxation, female 15–45 yr old rape victims with PTSD, 1–12 mo followups, Spain, 12775
single effects vs comorbidity, 60+ yr old combat veterans with vs without PTSD & major depression, 42206
sleep parameters & dream recall & content, male 39–56 yr old veterans with PTSD &/vs major depression, 1201
sodium lactate, flashbacks or other intrusive PTSD symptoms, patients with PTSD vs panic disorder, 22895
specificity of state of mind model for disorder differentiation, male Vietnam War veterans with vs without PTSD, 31104
stress & coping & attributions of responsibility for traumatic event, PTSD symptoms, 18–65 yr old victims of serious motor vehicle accidents, 39079
Stroop interference effects & RT & P3 latencies & amplitudes in color of word identification, adults with vs without PTSD, 31102
subclinical stress responses, 43 & 62 yr old noncombat veterans, Australia, implications for PTSD, 1313
substance related & psychosocial outcomes after inpatient treatment, male substance abuse patients with vs without PTSD vs other Axis I psychiatric diagnoses, 20332
suicide after PTSD & experiences of guilt & despair, 34-yr-old Vietnam veteran, case report, 31236
symptom overreporting, combat veterans seeking compensation for PTSD from VA Medical Center, 26557
symptom severity & caregiver psychological & financial distress & dysphoria & anxiety & burden, 31–68 yr old partners of Vietnam War veterans, 8012
symptoms of complicated grief associated with to posttraumatic distress vs depression, sleep, bereaved 60+ yr olds, 38467
systematic desensitization & sensory awareness relaxation & ego-enhancing suggestions & hypnosis, phobic anxiety, 39-yr-old female with PTSD, 32635
systematic desensitization, 34 yr old Black male veteran with history of PTSD, case report, 23741
tenderness & prevalence & symptoms of fibromyalgia syndrome & quality of life & functional impairment, PTSD patients with vs without fibromyalgia syndrome, Israel, 39353
theoretical & pragmatic model of PTSD, 31103
therapeutic principles & techniques of psychotherapy, 20 mo old male with PTSD, 8764
threat vs neutral word stimuli, initial eye fixations & orienting & electrodermal responses, patients with PTSD, 4197
tomography assessment of blood flow in right frontal & parietal cortex, attention on auditory continuous vs repeat tasks, male 42–46 yr old combat veterans with PTSD & comorbid substance abuse, 8043
trauma consultation in Los Angeles Head Start program after 1992 civil disturbance, self reported posttraumatic stress & student aggression & noise level & peer relations & academic progress, teachers, 40454
trauma management therapy, chronic combat-related PTSD, 44–52 yr old male Vietnam veterans, 1738
trauma-related anxiety, smoking withdrawal symptoms, cigarette smoking male Vietnam combat veterans with PTSD, 8013
traumatic combat related experience & development of PTSD, disease severity, 27 yr old male with Tourette's syndrome, Israel, case report, 27021
traumatic stress & related risk factors, male vs female peripheral victims of the M/S Estonia disaster & on-board vs not-on-board rescue ferry workers, Finland, 22901
trazodone, sleep, military veterans with PTSD & sleep disorder, 23856
trazodone, symptom cluster improvement, male 43–48 yr olds with PTSD, 12978
unipolar depression comorbidity, REM sleep densities & latencies & percents of sleep & facial EMG activity, inpatients with Vietnam combat related PTSD, 1326
validity of MCMI-III PTSD scale, Vietnam combat veterans with vs without PTSD treatment (mean age 46.6 yrs), 40876
vigabatrin, startle response, 60 yr old female with PTSD, case report, letter, 13008
24-hr pattern of cortisol regulation, male combat veterans with PTSD vs major depression, implications for dysregulation of hypothalamic-pituitary adrenal axis, 1228

Posttreatment Followup—Serials

attentional focus vs distraction during in vivo exposure to snake, post-treatment return of fear, females with fear of snakes, 39719
detection & estimation of suicide risk, application of crisis intervention techniques to suicide situations & need for followup & referral of adolescents to clinical setting, 20176
increased access to care before & after discharge, number & days of rehospitalization, veterans with diabetes vs chronic obstructive pulmonary disease vs congestive heart failure, 6 mo followup, 2048
parent & family variables, posthospitalization treatment compliance with psychotropic medication vs individual therapy vs parent guidance & family therapy, suicidal 13–17 yr olds, 31965
postshelter follow up programs, social support & self esteem & perceived stress, 18–60 yr old female victims of partner abuse, 3 mo follow up, 16871
telephone follow-up method, achievement of closure in brief psychotherapy interventions, college students who fail to keep appointments, 4748
therapeutic alliance with inpatient therapist, outpatient followup, substance abusing schizophrenic inpatients, 2078

Posture—Serials

additional cognitive demands, postural stability, 53.9–59.9 vs 74.3–81.6 yr olds, 3531
development & testing of postural stability measurement, detection of motion sickness following use of virtual environment systems, adults & pilots & adults walking heel-to-toe, 10611
development of postural control & automatic postural response elicited during stance following perturbation of support surface, 23–47 wk olds, 24–35 wk study, 3384
developmental changes in associations among components of postural communication, hand reared timber wolf pups, 29153
EMG vs accelerometric vs hydrostatic ambulatory measurement, discrimination of changes in motor activity & posture & prediction of heart rate, healthy sedentary male adults, 18218
facial expressions & posture & gestures & teacher-rated social behaviors & perception, 7–11 yr olds, China vs US, 13778

factor structure & psychophysical analysis of sitting comfort vs discomfort, 20–60 yr old office workers & students, 28304
head movement & position of body relative to center of rotation during constant speed rotation of body, motion sickness, college students, 23304
human posture & movement, approach & escape behavior, weanling pigs, 6513
idazoxan infusion & posture change, basal noradrenergic function & norepinephrine levels, adult males (mean age 26.8 yrs) & females (mean age 40.6 yrs), 34704
kyphotic nursing posture & aggression, lactating rats with vs without periaqueductal gray lesions, 34556
level of tonic readiness & bilateral vibration of tensor fasciae latae muscles, neck influences on upright posture, adults, 14952
mefenorex vs d-amphetamine, amphetamine like EEG profile & body sway & memory performance, healthy males, 15075
photographic method & computerized visualization scheme & posture complexity, human posture perception & specification, college students, 40692
physiological arousal & attention distraction with secondary cognitive task, leaning, adults, 14578
plasma norepinephrine in supine & upright postures & growth hormone responses to challenge with desmethylimipramine, 15–58 yr olds with noncombat related PTSD, 15992
prior posture & target location & contribution of joints & anticipation, repetitive sagittal plane reaches at low vs high speeds, 20–29 yr old males, test of knowledge model of movement, 25236
relaxation training, physiological & postural measures & observations of behavior, 24–77 yr olds with severe/profound learning disability & additional handicaps, 43215
servocontrol vs dynamical theory of human upright stance control, 230
skilled forelimb reaching for food task performance & movement & posture, female rats vs mice, 29194
task & organismic constraints on coordination system, joint freezing & postural contributions to performing prehension task combining reach & grasp skills, 23–28 yr olds, 10682
technique for recording & analyzing postural changes associated with thermal comfort in workplace, adults, 40637
torus longitudinalis ablation & luminance response, dorsal light reflex measured by body tilt angle & duration, goldfish, 29289
trunk rotation, latencies of visual EPs, 45–74 yr olds with right brain damage with vs left brain damage without visuospatial neglect, 31891
uni- vs bilateral vestibular deprivation on 5th vs 16th postnatal day, postural development & motor behavior, rats, 34487
visual cuing vs postural destabilization, temporal characteristics of preplanned stepping response, 21–32 yr olds, 2791
visual information specifying low & high speeds of self-motion, frequency & amplitude & timing components of postural sway, 3–6 yr olds, 25784
visually & posturally mediated tilt illusion, 24–80 yr old Parkinson's disease vs bilateral labyrinthine defective patients, 26856

Potassium—Serials
chorda tympani nerve transection, potassium vs sodium chloride taste aversion conditioning, male rats, 21708
fungiform taste bud denervation, long-term taste preferences for NaCl vs KCl concentrations, male hamsters, 6600
potassium channel dysfunction, PHA-induced calcium signal in lymphocytes, 39–82 yr old Alzheimer's disease vs depressed patients, 4649
salivary sodium & potassium & cortisol & perceived coping incapacity, occupational stress, 19–60 yr old electronics factory employees, questionnaires appended, UK, 11064
transfer of auditory information by neuron potassium conductances across medial nucleus of trapezoid body, rats, 25457

Potential (Achievement) [See Achievement Potential]

Potential Dropouts—Serials
locus of control & self concept & self-esteem, academically underachieving African American adolescents at-risk for school dropout, 5661

Potentiation (Drugs) [See Drug Interactions]

Poverty—Serials
acting from cultural models influenced by ethnic group in choice of child care & reactions to care providers, return to work & departure from welfare, working poor mothers, 11575
Black vs other racial background & poverty, dental health attitudes & dental care seeking, 45 yr olds & older, 43281
conceptions of poverty, adults & children, literature review, 35030
critique of attributional theory & methodology in poverty research, implications for discourse analysis alternative, 17557
cultural differences & poverty, health care delivery & coping & adaptation styles, 29 yr old Central American mother & her disabled daughter referred for occupational therapy, 16986
culturally adapted corrective object relationships for psychoanalysis, impoverished maternally deprived children, 16570
deforestation & rural poverty & role of social workers, developing countries, 11525
Democrat vs Republican political orientation & causal perceptions of poverty & attitudes toward government programs for poor, college students, 42027
development of adult identity, poor urban pregnant vs nonpregnant Black 17–19 yr olds, 22141
dominant ideology thesis & public arenas theory concerning causal beliefs about types of poverty, public opinion, 15406
economic inequality & poverty, homicide rate, Latinos, 1980, 8311
family poverty history, mental health development trajectories & depression & antisocial behavior, 4–5 yr olds, 29716
health seeking by parents & barriers to health care & provider practices, immunization rates, poor urban African American preschoolers, implications for role of social workers in improving immunization access, 9353
historical & social & perceptual parameters of welfare, poor females, 13324
increasing heterogeneity & inequality expressed as cumulative advantage & disadvantage, aging cohorts, conference presentation, 3532
interaction of polarity & aggression & anxiety & wishes in psychoanalytic understanding of poverty, 18688
lifecourse SES & health behaviors & psychosocial characteristics, adult males, Finland, 43239
low income, psychosocial morbidity, 6–16 yr olds, Canada, 22986
material & cultural & service-delivery poverty as risk factors for mental illness, literature review, 30799
maternal mental retardation & poverty, intellectual & academic & behavioral status, 6–12 yr olds, Canada, 35918
moral values of individuality vs community, child poverty & origins & costs & benefits of welfare policies, US vs Sweden, 22218
neighborhood & SES & other characteristics, likelihood of high school graduation, poor African American children, 27 yr study, 20589
organizational structure & cultural features of a neighborhood, poverty's effect on adolescent development and behavior, 10–18 yr olds, 22097
own &/vs peer family poverty & social status, academic achievement, Black & White 10th graders, 37028
personal problems & public assistance, chronic vs nonchronic working-age adults, 30050
poverty & education & employment training & social organization of the workplace & work practices & attitudes, welfare poor to working poor transition, adult case examples, 18 mo study, 30051
poverty & education, temporoparietal blood perfusion, patients (mean age 74 yrs) with Alzheimer's disease, application of cerebral reserve hypothesis, 26957

poverty & work & community & diminished federal role, role of social workers & practitioners, implications for research, 7432
poverty level & suicide & homicide rates, US Indian Health Service areas, test of income inequality hypothesis, 16050
prevalence of nutritional risk & underlying factors, inner city Black 50 yr olds & older living in poverty, 19509
self-assessments of health & accessing healthcare & impact on health status & attitudes toward future health, impoverished adults, 27088
SES, manual dexterity, 6–17 yr old poor vs middle class students, South Africa, 25691
social class & poverty, educational opportunity & social allocation in schools & educational attainment, African Americans, 1965–95, literature review, 24512
societal views & plight of orphans & boarding home residents & street children, urban Russia, WWII–present, 41697
storytelling in clinical training, reconceptualization of client poverty/class issues & knowledge integration into practice, clinicians, 13572
transition to high school, self esteem & efficacy & perceived school & peer social contexts, Black vs Latino vs Asian American vs White economically poor students, 17205
typology of parent & child behavior & characteristics & poverty, family problems & service needs, child welfare cases with documented maltreatment, 16842

Poverty Areas—Serials

evaluation of governmental health & social & educational service, children & their mothers living in slum or rural or tribal areas, India, 24123

Power [See Also Abuse of Power]—Serials

application of metaphor "gaze of power" to term "hidden population" of illicit drug users, 23048
argumentativeness, self reports of use of power in classroom, teaching assistants, 20623
awareness of social/cultural difference & power & need for empowerment, African American families, implications for intervention, 41814
balance of power, emotional closeness & satisfaction & liking & self-disclosure & rewards in same-sex friendships, male vs female undergraduates, 35219
behaviors experienced as sexual harassment & power differentials involved, 17–55 yr old & older male vs female college students & public utility employees, 16005
childhood sexuality & power & social order, implications for contemporary society, 7436
class & gender constuction inequalities & interpersonal power, divorced & remarried adults, 25981
class differences & power & negotiations in construction of gender ideals, female customers vs beauticians, 26095
closeness & rivalry & power in sibling relationship, loneliness in late adolescence, college students, 25898
coach power & resistance & morality in sports, male vs female middle vs high school vs college students, 24799
concerns about rejection & powerlessness & death in counseling process, clients with HIV/AIDS, 13125
conversational power & rate of being interrupted in marriage & family therapy, male vs female clients, 43050
declarative & procedural knowledge & impact of maternal power assertion, moral action tendencies, 26–41 mo olds, longitudinal study, 11448
dependence power & legitimate authority, tactics choice in subordinate vs superior conflict, adults, 988
dimensionality & possession of power bases, compliance & satisfaction with supervision, managers, US vs South Korea, 33626
director reputation & intraorganizational dynamics of power, retention & selection of director & formation & dissolution of interorganizational ties, corporate CEOs & boards of directors, 1985–92, 13991
ecological perspective on empowerment & power in community organizations, 5313
empathy & concept of voice & power imbalances & assessment in therapy, couples, 27275
empowerment & perceptions of principals' use of power, elementary & middle & high school teachers, 20521
empowerment & power & oppression in community mental health, 24199
episodic model for planning use of power reserves, application to conflict management, 30376
expectations of power hierarchy & persistence of bureaucratic rule, feelings of injustice after violation of succession rule, 18–25 yr olds, Netherlands, 10090
factor analysis of T. R. Hinkin & C. A. Schriesheim's measures of interpersonal power, 20–60 yr old & older supervisees, 28615
family cohesion & power & bully/victim problems at school, 8–11 yr olds, Italy, replication, 3407
females' instrumental & expressive power in corporate & government networks, male vs female corporate & government relations managers, 13944
gender, leadership on power & prestige orders in single-gender & mixed-gender groups, implications for gender-role socialization & status characteristic & legitimation arguments, 15604
group intervention program, reduction of vulnerability & domestic violence & balance of power in relationship, female victims, 3 mo followup, 8919
group intervention program, reduction of vulnerability & domestic violent behavior & balance of power in relationship, female victims, 3 mo followup, commentary reply, 8920
group intervention program, reduction of vulnerability & domestic violent behavior & balance of power in relationship, female victims, 3 mo followup, commentary, 8913
high vs low perceived power schemas, organization of caregiver responses & cognitive processing capacity in challenging encounters with children, mothers & female college students, 15476
ideology & power in perceptions of current & desired relationships, consumer & survivor & family self-help group members & mental health professionals, 17073
ideology & power, origins & evolution of urban society, pre-Hispanic Mexico, 500 BC–800 AD, commentaries & reply included, 30021
impact of power asymmetry on dynamics of conflict, goals of unofficial 3rd party intervention in protracted intergroup conflict, Arab & Jewish educators, 20928
intentionality vs expected future interaction vs consequences vs power differences, dispute resolution procedure preferences, college students, 30349
J. R. French & B. H. Raven's bases of social power model & application to school consultation, 35202
Kleinian vs Jungian concepts of envy as hatred against goodness vs will to power & defense against otherness, 38809
load vs no load & social vs nonsocial judgement conditions, accessibility of dominance ideation in parent-child relationships, parents (mean age 40.77 yrs) with high vs low-perceived power, 35263
locus of control, evaluation of powerful vs powerless speech styles, adults (mean age 20.9 yrs), 38235
M. Foucault's thesis of social control & power relations in prison, sociological conceptions of institutional regulation of life, 11595
M. Mann's theory of military & economic & political & ideological sources of social power & the role of the state vs the individual, 41830
masculine vs feminine topic discussion, power displays, adult males vs females in mixed sex dyads, commentary & reanalysis of data, 15567
materialization of ideology & culture & power strategies, sociopolitical systems, archaeological cases of Neolithic & Bronze Age chiefdoms in Denmark & Moche in Peru & Andean Inka, commentaries & reply included, 30013
meaning of power & powerlessness in lived experiences using Heideggerian phenomenology & hermeneutical philosophical framework, psychiatric nurses, 40302
metacommunicative behavior &/or depth of relationship, perceptions of power, college students, 997
monetary contributions & voluntary labor & family & friendship ties & congregation size, member power, members & ministers of Anglo American & Korean ethnic churches, 35042

nature & extent of empowerment & consumer/survivor participation in community mental health agencies & programs, Canada, 24212
nonstandard measures for social field concept, fundamental interpersonal own vs other judgment processes in face to face bargaining & conflicts & power, male vs female group members, 15592
omnipotence as delusional aspect of ideology & relation to love & power in social and interpersonal dynamics, 22622
parent responsibility vs infant power balance in adaptational vs clinical view of parenthood, 26066
participatory research model on equalization of power between research & community on mental health issues, 24200
path models of organizational relations & member participation & perceived organizational power & psychological empowerment, members of power-based community organizations, 10125
patriarchal society & internalization of masculine power dynamics vs feminine principles & complexities of social class & socially conscious psychotherapy, 32032
perceived power & gender harassment, resistance to military women, male vs female active army soldiers, 33728
perceived power & gender harassment, resistance to military women, male vs female active army soldiers, erratum, 40650
perceptions of power & political behavior & conflict resolution processes & policy goals addressing forest conflict, 1992–94, Canada, 33819
perceptions of power in own & counterparts' jobs during time of program transition, nurse managers vs staff nurses, 17077
perceptions of powerlessness & powerfulness, female child care workers, 26067
power & control in hypnotic relationship, implications for psychotherapeutic uses of hypnotism, 23974
power & conventions & organization context & links between bureaucratic & legislative sites, creation of a program from statute, adults, 43630
power & distribution norms & type of need & scope of future interaction, small group negotiation to receive resources, college students, 17527
power & knowledge & trust, income disclosure in surveys, 18–90 yr olds, 30532
power & other problems in cotherapy analytic groups, supervisors & students, commentary, 23802
power & power imbalance in interpersonal relationships & conditions for potential unequal power in mediation, implications for empowering mediator interventions, 24953
power issues within family & treatment setting, 24–43 yr old female survivors of child sexual abuse, 23639
power perspective on racial impact of science & technology, African Americans, 3571
power relations & transmission of HIV, homeless heroin addicts in San Francisco, 39438
power relationships in dyads, obese 9–12 yr olds & their mothers, Italy, 4478
problems in sustained product innovation & need for reconfiguration of power in large & mature organizations, innovators, 2 yr followup, 17366
psychiatric power & levels of concealment, clients & professionals, 33146
psychoanalytic perspective on power & origins of unhappiness, implications for psychotherapy, 1693
queer theory & power relations in social constructions of sexuality & mass media representations of homosexual community & analysis of film "Philadelphia", 15168
reassessment of power-transition theory using Correlates of War & Gross Domestic Product as measures of national capabilities, replication, 38476
risk & fear of loss, coercive power in nonnegotiated social exchange relations, adults, 25994
sex & power, use of threats as verbal strategy in bargaining context, college students, 18864
social & cultural backgrounds & power relationships & interaction location & uncertainty & participants' health, physician & elderly patient relationship, 24120
social exclusion vs inclusion, power in social network exchanges, adults, 35217
solidarity vs domination in power relations in satisfactory vs problematic health care encounter with physicians, lesbian 21–56 yr olds, 9388
structural vs ownership vs prestige vs expert power, firm financial performance, CEOs of Fortune 500 firms between 1987–1990, 28185
therapeutic failure & institutional dynamics & abuse of power in analytic setting, 27360
traditional authority concept & ethical & cultural implications of power knowledge framework in Foucault inspired organization theory, commentary, 43728
traditional authority concept & ethical & cultural implications of power knowledge framework in Foucault inspired organization theory, 43726
use of creative writing in psychotherapy & therapeutic power & parallels between poetry & therapeutic settings, commentary, 27505
visitor hedgehog as American personality type & relation to ideas of power, 38783
Practical Knowledge [See Procedural Knowledge]
Practice [See Also Distributed Practice, Massed Practice]—Serials
age & practice & diet, interindividual variability in heat-conditioned visual pattern discrimination learning, Drosophila melanogaster flies, 21497
augmented feedback focusing attention on minimum set of movement details presented in virtual environment vs coaching vs practice, learning & performance of table tennis multijoint movement, students, 37237
coaching & practice, predictive validity of Armed Services Vocational Aptitude Battery, new Army recruits, 14393
cognitive factors & guided practice, prediction problem solving, 10th grade biology students, 20594
condition of training & stability of existing motor patterns, treadmill stepping performance, 3 vs 7 mo old infants, 1 mo followup, 29833
constant vs variable practice conditions & practice distance, acquisition & retention of tossing skill, patients with Alzheimer's disease, 1 wk & 1 mo followups, 8583
contextual interference vs schema enhancement related to amount of variability in practice session, benefits in multiple motor task learning, college students, 10676
deliberate practice, cognitive motor skill maintenance, 19–31 vs 52–81 yr old accomplished pianists, 7247
direct & indirect experience, affective & cognitive responses & attitude-behavior relation, undergraduates, 14605
feedback & relevant experience, learning to avoid winner's curse in auctions & acquisition problems, graduate students, 2808
goal setting & self monitoring during self regulated practice, acquisition of dart throwing skill, 14–16 yr old females, 22059
information processing model as explanation for response bias & repetition priming effects in implicit memory tasks, adults, 6392
innate predisposition & motivation to study & problem solving outside of conscious awareness & Neurological Positivism algorithmic model of performance, calendar calculating idiot savants, commentary, 23202
instruction vs practice, learning use of device, Ss, test of J. Anderson's theory of knowledge compilation, 21326
long term memory & rehearsal rate, memory span performance & speech rate, older vs younger adults, 6390
meaning change of questions & retest improvement on versions of Manifest Anxiety Scale, college students, 3920
models of change, 1992 Wherrett Lecture Series as exploratory dialog between theory & practice, 22196
paw preference & performance during early vs late practice, adult cats, 3079
perceived competence & initial skill level at entry & practice in class & cognitive & learning strategies, achievement during motor skill instruction in volleyball, 6th graders, 9938
poststimulus rehearsal interval, picture recognition, younger adults vs 57–83 yr olds, 41790

practice & perfomance, Matching Familiar Figures test, 18–75 yr olds, 25742
practice & transfer effects, coordination processes of mental transformations of patterns in visual working memory, college students, Germany, 21415
practice & water temperature stress, evolution of individual & populational asymmetric spatial preference in water T-maze, male rats, 6453
practice, auditory temporal-interval discrimination of 100 msec intervals & generalizability to different tonal frequencies or temporal intervals, 21–46 yr olds, 34167
practice effects in structured vs unstructured continuous key pressing task & longer vs shorter response groups, college students, Netherlands, 2797
practice, improvements in planning vs visual feedback & subsequent changes in pattern of submovements, college students, 10679
practice on implicit vs explicit tasks, performance on computerized neuropsychological test battery, cognitively normal elderly, 3534
practice, paper & pencil vs dynamic spatial tasks, males vs females, 17943
practice, rate of search for target defined by conjunction of movement & form, 18–25 vs 60–75 yr olds, 11358
practice schedules & demands, problem solving fluency, college students, 6296
practice vs no practice of difficult vs not difficult mental arithmetic problems, RT & ERPs, 20–28 yr olds, Germany, 3125
predisposition & motivation to study & problem solving outside of conscious awareness & Neurological Positivism algorithmic model of performance, calendar calculating idiot savants, commentary reply, 23200
prepractice, automatic attention response development to perceptual skill, 19–29 vs 65–80 yr olds, 25748
prior processing episodes, preference for categorizing objects at basic level, adults, 21348
rehearsal of positive & restructured negative self statements, self esteem & depression, college students with low self esteem, 3936
relaxation of practice session guidelines, validity of cognitive & psychomotor tests, 18–25 yr olds, data reanalysis, 14207
retest practice, memory & attention & general cognitive function, 20–40 vs 60–70 yr olds, 3536
role of practice in performance development, 8–18 yr olds with musical instrument training, 7275
short & long term specific facilitation & general practice effect in repeated trait judgments, adults, implications for cognitive representation of trait concepts, 22491
task difficulty & practice, specificity of visual perceptual learning & task performance, adults, 34149
teaching presentation techniques & teacher-guided practice & instructional sequence, acquisition & retention of social studies lecture content, 6th–7th graders with learning disabilities, 24671
test retest relibility & practice effects of Enhanced Computer Administered Test battery, assessment of working memory & psychomotor ability & spatial perception, high school & junior college students, 17570
visuomotor behavior imagery rehearsal with vs without physical practice, shooting performance, 19–22 yr old beginning archers, 40648

Practice Effects [See Practice]

Practicum Supervision—Serials

evaluation of self-rated development, counseling & clinical psychology practicum supervisees, test of integrated developmental model, 9734
impact of shorter inpatient lengths of stay on training & supervision, psychiatric residents, 13550
issues in training & supervision of sexology researchers, sex research supervisors & graduate students, 24415
practicum guide to facilitate independence in development of competence in clinical skills, novice clinicians, 5491
preinternship practicum requirements & definitions of practicum experience & supervision practices, directors of APA accredited clinical psychology graduate training programs, commentary, 17046
supervision in sport psychology practicum, 13533
update of E. Halloway & R. Johnston's review on group supervision, counselor trainees, 1960–83, literature review, 9715

Prader Willi Syndrome—Serials

behavioral features & treatment implications, patients with fragile X or Prader-Willi or Williams syndrome, 31585
eating & sleeping problems, children with Prader Willi vs Williams Beuren syndrome, 8398
family stress & support & child behavior characteristics, 3–18-yr-olds with Prader-Willi syndrome vs mixed etiologies of mental retardation, 19441
food vs nonfood related differential vs nondifferential outcomes in equivalence learning, 22–39 yr olds with Prader-Willi syndrome, 35982
nonfood obsessive-compulsive symptoms, 5–17 vs 18–47 yr olds with Prader-Willi syndrome vs 18–47 yr olds with obsessive-compulsive disorder, 11836
physiological vs motivational basis of hyperphagia in Prader-Willi syndrome, 42694
plasma GABA levels, 2–21 yr olds with Prader-Willi syndrome or Angelman syndrome, 19438
syndrome-associated behavioral characteristics & family stress, 1–12 yr olds with fragile X vs Prader Willi vs Williams Beuren syndrome & their parents, Germany, 35925

Pragmatics—Serials

dynamic vs summary features of vocal fundamental frequency, statistical discrimination of pragmatic categories of infant directed speech, 4 mo olds & their mothers, 7245
earlier closed head injury, language functioning in areas of syntax & semantics & pragmatics, 9–17 yr olds, 31802
evaluation of pragmatic reasoning schema theory predictions, college students, 2822
graphic media & pragmatic paradigm & attention & Cartesian dualism in cognitive development, 741
indirectness & interchangeability in 1st- & 2nd- & 3rd-person pronoun & reference index usage, pragmatic values & meanings in context-dependent social discourse, speakers of Akan, Ghana, 38237
internal motivation & external speech in contrary-to-face value communication in Chinese discourse, 21964
linguistic forms in direction giving & perceived politeness, working vs middle class 15–50 yr olds & older, 15632
neuropsychological constraints on cognitive theory of human communication, 41557
number & intelligibility of communicative act repertoires & intent in social interaction with parents, 14 mo olds, 18 mo study, 7278
picture theory of meaning of sentences & role of coherence & pragmatics, implications for theory of truth & its discrimination in linguistic behaviorism, 11275
politness strategies in conversational argument, college students, 38234
pragmatic & communicative performance with peers, 5 yr old male with socio-emotional problems, case study, 16046
pragmatic importance vs adaptation, analogical problem solving, college students, Wales & Ireland, story examples appended, 17919
pragmatic properties of verbal hallucinations, 19–55 yr olds with vs without schizophrenia, England, 39046
pragmatic understanding & ability to draw inferences in false belief theory of mind tasks, right vs left hemisphere brain damaged 41–83 yr olds, 8646
relative timing of syntactic & pragmatic anomaly detection in sentence processing, college students, 6303
role of pragmatic factors in analogical mapping inferences, college students, 14613
role of pragmatics in determining what speakers say vs what speakers implicate, 25258
self quotation & self representation of thought & quotative explanation & juxtaposition of semiotic contexts, manipulation of multiple voices in Japanese discourse & speech acts, 21965
structural & functional properties of cleft constructions & their discourse contexts in task related dialogs & spontaneous conversation, 21968

top- & bottom-down use of global vs local knowledge & interaction & organization of discourse, redressive strategies in conflict management, preservice teacher & supervisor, 21963
truth-value judgment task measurement of knowledge of grammatical & pragmatic principles of pronoun interpretation, 3–7 yr olds & adults, 25745
vocabulary & comprehension & pragmatics, 5–15 yr old males with deficits in attention & motor control & perception vs speech or language disorder vs Asperger syndrome vs high-functioning autism, 22675
3 part sequences & role of E. Goffman's concept of footing & suffix at end of completion, completion of speaker's utterance by another speaker, 21959
Pragmatism—Serials
consequentialist vs relativist pragmatist theory of knowledge in principle vs adequate concept of justification of beliefs, 11243
contemporary cognitive & neural sciences & traditional pragmatism, 5922
role of pragmatical apprentice within various beliefs of psychoanalysis, 26321
Praise—Serials
behavioral teaching procedures to teach name printing skills, 6–14.2 yr olds with mental retardation, 9981
delivery time of verbal & graphic feedback &/or praise, recording of reinforcer delivery & client's problem behavior, direct care trainers working with mentally retarded persons, 33207
praise as critical element in pause & prompt & praise reading tutoring procedure, 11–12 yr olds, England, 5607
report-do-report correspondence training, academic setting & setting-time generalization of praise-prompting behaviors, 3rd graders, 27972
responses to sincere praise vs flattery vs generic feedback from computer, undergraduates, 37255
use of praise & other types of reinforcement in regular vs integrated vs self contained special classrooms, elementary school teachers, Canada, 37096
Prayer—Serials
ability of Eysenck Personality Questionnaire personality traits to predict individual differences in practice of prayer, adult churchgoers, replication, 14265
Christian prayers, major depressive episode with melancholia, male 78 yr old diagnosed with prostate cancer, case report, 13130
personal prayer, school attitudes, female Catholic secondary school students, 2201
personal prayer, self esteem, Christian vs non-Christian 8–11 yr olds, UK, 18560
scores on Eysenck Personality Questionnaire, frequency of personal prayer & church attendance, male college students, 893
Precocious Development—Serials
relationship between lexical & grammatical development, early talking 17 & 21 mo olds, 11396
Precognition—Serials
near death like experience during ECT & recovery from suicidal depression & precognitive vision, female patient, 16671
Preconditioning—Serials
backward sensory preconditioning, female rats, 367
backward vs forward 1st order training of CS & UCS, magnitude of 2nd order conditioning vs sensory preconditioning, rats, 34348
exposure to similar flavors & number of CS preexposures & different training to test & preexposure to conditioning intervals, nontarget CS effect in conditioned taste aversion paradigm, rats, 34353
forward &/vs backward pairing of preexposed stimuli, affective-evaluative sensory learning, 19–34 yr olds, Germany, 299
Predatory Behavior (Animal) [See Animal Predatory Behavior]
Predictability (Measurement)—Serials
behavior analysis with fixed time extinction schedule, pigeons, application of linear analysis in determination of transfer function & predictability of behavior, 14440
cognitive predictors of incident Alzheimer's disease, older non-dementia adults vs adults with incident Alzheimer's disease, 3 yr study, Sweden, 36146
distress & restraint in personal narratives, predicting criminal recidivism, male 13–21 yr olds convicted of sexual & physical assault, 8327
DSM-III-R vs ICD-10 vs CAMDEX diagnoses of delirium as predictors of reversible cognitive dysfunction, 65+ yr old acute geriatric inpatients, 39062
larger effect sizes & contrasts of means, illusion of control, meta analysis, 15638
non-linear analyses of periodicity vs randomness vs chaos in & mathematical model of vigilance during feeding, purple sandpiper & doves & choughs, 10826
perinatal & demographic & 1-yr & 3-yr & 7–8 yr measures, development of learning disabilities, very low birth weight birth infants with normal IQ & neurological status, 8 yr study, 23187
predictors of recidivistic violence, 19–49 yr old criminally insane vs civilly committed psychiatric inpatients, 2 yr study, 35858
Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]—Serials
abuse features vs parental support vs coping strategy vs cognitive appraisal, predicting externalizing vs internalizing symptoms, 11–18 yr old sexually abused females & nonoffending guardian, 23002
accessible memories of trait related behavior & specificity of situation & time frame of prediction, confidence predicting display of personality traits in self vs friend, college students, 28861
accuracy of human vs operational vs linear regression model judgmental forecasts of temperature & precipitation, expert forecasters, 34241
activities of daily living & index of mobility & performance tests, prediction of physical function, 77–98 yr olds, 24 yr followup, Sweden, 11514
actuarial & clinical approaches & empathy & degree of isolation & predicting risk, serious sex offenders, 35469
adaptive behavior scores by informants, prediction of IQ scores, 50+ yr olds with moderate or severe or profound intellectual disabilities, England, 35922
age & gender & regional differences, responses to Dutch version of Prediction of Future Events Scale, adults, Netherlands, 7702
age & sex & marital status & acuteness of onset & length of untreated illness, prediction of long-term outcome, schizophrenic patients, UK, 13 yr study, 1284
Age & working memory capacity, predictions of calibration of comprehension based on processing ease heuristics vs direct assessments of comprehension, 18–82 yr olds, 41657
age, accuracy of immediate vs delayed global vs item-by-item memory predictions, adult & elderly Ss, 22000
assaults, Nurses' Observational Scale for Inpatient Evaluation score, psychiatric inpatients, 42495
attitudes & characteristics predictive of responsible environmental behavior, adults, Canada, 2399
averaging vs adding integration rule, prediction of life satisfaction, 18–61 yr old college students & public employees, India, support of cultural difference hypothesis, 1047
behavioral & physiological & immunological stress reactions, dogs, application as indicators of poor dog welfare, 34405
birth weight & development & biological vs social risks of developmental delays & later IQ prediction, preterm vs full term infants, Italy, 5 yr study, 23175
bootstrapping with noise, prediction of linear vs nonlinear data, application of general additive modelling, 33855
chaotic & random iteration sequences, prediction of next value in sequence, college students in persistent vs antipersistent condition, implications for judgment under stochastic uncertainty, 21368
child disability, prediction of parental educational expectations, physically disabled 8th graders & their parents, 2231
cognitive & motivational processes, task completion time prediction, high school & college students, 41058
cognitive factors & guided practice, prediction problem solving, 10th grade biology students, 20594

cognitive styles as predictor of school & other kinds of performance, 34240
concurrent validity of MMPI & MMPI-2, prediction of DSM-III-R psychopathology, college students, 99
context & predictions of self & well known other & protoypic other, declarative knowledge & transformation rule hierarchy use, college students, 35273
critique of possibility theorem, effect of self alteration on accuracy of social & economic predictions, 11522
demographic characteristics & exposure level & grief symptoms & retrospective reaction reports & coping strategies, posttraumatic stress symptoms, 21–84 yr old Oklahoma City residents, 42392
depression at time of treatment, prediction of relapse, 19–66 yr old alcohol dependent males, 6 mo followup, New Zealand, 31338
depression vs anxiety vs neuroticism vs cognitive deficits, prediction of ICD-10 mild cognitive disorder, elderly with dementia, 3.6 yr followup, Australia, 36068
desirability bias, forecast of real world economic events, US vs Taiwanese investment managers, 37187
disorder type & severity & IQ & functional status, vocational prediction, adults with cerebral palsy, 13–36 yr followup, 1611
dispositional & situational & demographic predictors of reuse & recycling, housewives, Mexico, 2397
dopamine neurons as reporters of prediction of changes or errors for future rewards in animals, 29361
elementary statements, coherent vs incoherent probability judgments, college students, test of bootstrapping method for probability prediction, 21358
epidemiology & predictors of mental health service use, 15–64 yr olds, Canada, 32819
future for interface between social & counseling psychology, implications for practitioners, 27851
grade level & subject area & timing of judgment, accuracy of test score prediction, 2nd vs 4th vs 6th graders, 33446
hierarchical models for confirmatory factor analysis of Alcohol Expectancy Questionnaire, college students, 1 yr followup, 33953
home environment & prediction of scholastic ability & achievement, 9th grade students, 4 yr followup, 5660
human judgment based vs mechanical evaluation of psychological data, prediction success, meta analysis, 17556
individual differences in adolescent risk factors predictive of alternative alcohol & drug use trajectories,18 yr olds, longitudinal study, 41682
Individualism-Collectivism & power & masculinity-femininity & uncertainty avoidance national culture dimensions,cross-national difference prediction in subjective well being, adults from 36 nations, 38508
integration of R. Plutchik's & R. Lazarus & S. Folkman's & S. Bem's theories into model, prediction of typical & stereotypical sex differences in emotion & personality measures, adults, 953
intellectual ability & rationality & intuitiveness, warranted & unwarranted optimism for future desirable & undesirable events, 17.8–21.2 yr olds with vs without high need for cognition, 18581
intelligence theories & IQ tests & issues in genetic & environmental factors & sex & ethnic differences & methodological errors in prediction of ability, commentary, 18925
interrater reliability of Scale for Prediction & Dangerousness in Psychotic Patients, prediction of occurrence & severity of aggressive behavior, 23–58 yr old psychiatric nurses, 14291
interrelationship of cognitive processes & use as predictor of word recognition & reading comprehension, learning disabled 8–12 yr olds, Canada, 23191
interrelationship of sex & love & marriage as predictors of extramarital affairs, 23–36 yr old married adults, 22277
intracarotid amobarbital procedure methods, postoperative verbal memory loss prediction, epilepsy surgery patients, 21839
intracartoid sodium amobarbital memory test performance, epileptic adults with left or right temporal lobe resection, implications for predicting postoperative amnesia risk, 23383
issues in psychiatric prediction of & public concern for dangerous & violent patients with psychosis, 26493
issues in violence prediction in legal system, 1974–94, 12160
judgment bias & conversational convention, dilution effect in prediction tasks, college students, 22494
limitations of S. M. McGlynn & A. W. Kaszniak's predicted performance experiment & proposed new measure of deficit unawareness, Alzheimer's disease patients, reanalysis, 31898
motivation, misconceptions about random sequences of heads & tails, undergraduates (mean age 22.1 yrs), Canada, implications for gambling behavior & principle of independence of events, 17928
narrative performance, prediction of psychopathology, 16–26 yr old substance abuse patients, 31309
negative vs positive outcomes with vs without monetary incentive, prediction of self vs abstract vs vivid others risk preference, college students, 18887
onset age & cognitive status & illness duration & extrapyramidal signs & psychotic symptoms, predicting time course to nursing home care & death, elderly with Alzheimers disease, 31893
optimism vs neuroticism, prediction of coping & adaptability, females (average age 72.6 yrs), 35307
overconfidence & base rates of behavior & positively vs negatively predicted outcomes, 18–43 yr olds, 10702
patient characteristics & early response to 3 types of therapies, prediction of symptom improvement vs relapse after 12 mo follow-up, 18–65 yr olds with generalized anxiety disorder, Scotland, 23605
personal characteristics & work design & current appraisal context, 360 degree appraisal & group level performance management preference prediction, employees, Canada, 37185
personality dimensions & behaviors during kindergarten, prediction of adolescent smoking & alcohol & drug use, 6 yr old males, 9 yr study, Canada, 34933
phenemonology & predicting violent behavior, patients with delusional behavior, implications for psychiatric assessment, 35457
physical restraints & catheter & malnutrition & medications & iatrogenic events, precipitation of vs predisposition to delirium during hospitalization, 70+ yr old medical patients, 13396
poor social support & alexithymia, prediction of severity of ulcerative changes on gastrofiberscopy, 30–65 yr olds, Japan, 23256
post high school creativity & number of post high school creative achievements & quality of highest creative achievement & future career image, adult creative achievement, adults, reanalysis, 25913
prediciting outcomes for home based thermal biofeedback treatment, 8–16 yr olds with pediatric migraine, 39861
predictability of desipramine levels, 4–18 yr old psychiatric patients, 32357
predicted vs actual length of outpatient psychotherapy, community mental health center therapists & psychotherapy clients, 32061
prediction & management & treatment of violent people, literature review, 42459
prediction of market share of new & established brands after major promotional activity, consumer panels, reprint, 17422
prediction of quality of life after coronary artery bypass graft surgery, adults, MEDLINE & PsycLit databases, 1986–1996, literature review, 36616
prediction of social system trends, reprint, postscript by author, 41806
predictors and nonurgent use of emergency rooms, patients, Kuwait, 5376
predictors of educational & career aspirations, 17–19 yr old Black college freshmen, 28051
predictors of nonresponse to pemoline, 18–48 yr olds with ADHD, 43140

predictors of outcome at 1 wk vs 1 yr after behavior therapy, 18–60 yr olds with spider vs injection vs blood phobia, 4883
predictors of outwardly directed aggressive behavior, mentally retarded 6–21 yr olds with vs without aggression, implications for prediction by concurrent self-injurious behavior, 12386
predictors of psychiatric aftercare noncompliance, 16.7–80.6 yr old discharged patients, Australia, 6 mo follow-up, 31973
predictors of psychiatric rehospitalization, 16.7–80.6 yr old discharged inpatients, 6 mo follow-up, Australia, 33004
predisposing & enabling factors, participation in breast self examination, underinsured & at risk low income 40 yr old & older females, application of PRECEDE correlational analysis framework, 9321
pretest with vs without learning assessment, prediction of posttest performance in verbal & spatial tasks, preschool children, 33450
psychiatric & personality & social environmental & demographic & pregnancy-related risk factors for prediction of grief intensity, 19–41 women experiencing involuntary pregnancy loss, Netherlands, 35981
quality of life & work related disability & independent predictors, adults with panic disorder vs infrequent panic, 35666
range of acceptable stimulus intensities as estimators of dynamic range, prediction of power law exponents, adults, 41012
refuge between vs not between predator & prey, prey flight initiation distance, woodchucks, model to predict flight initiation distance, 41253
regression equation technique, predicting group trends using measures of individual differences, implications for applied problem solving, 17752
representation of predictor & outcome, reliance on representativeness vs anchoring & adjustment & extremity of predictions, adults, 6298
role of cerebellum in prediction of internal conditions necessary for & preparation for learning & memory & motor operations, 37769
role of lower limb strength & visual contrast sensitivity & RT in predicting cognitive function, 60–86 yr old females, Australia, 22160
scores on Level of Supervision Inventory based on social learning theory, prediction of chances for recidivism, provincially incarcerated offenders, 17009
self monitoring & prediction of self & other neuroticism & extraversion scores, college students, 11752
self vs expert reported emotion inhibition, prediction of blood pressure reactivity, college students & clinical psychology graduate students, 18954
semantic space model vs self concept differentiation perspective vs self concept compartmentalization, predicting self evaluation & mood & emotion, college students, 30496
sex & race & ethnicity, attitudes toward & predictors of & predictive model of satisfaction with medical school learning environment, 1st yr medical students, 33214
sleep states & psychological & neurological development & social environment, prediction of developmental disabilities, preterm vs fullterm infants, Czech Republic, 9 yr study, 21976
smoking patterns & predictors of risk of smoking, Black vs White 7th graders, 38281
social-cognitive predictors of fruit & vegetable intake, 7–11 yr olds, 29724
speech & prosody-voice & risk-factor characteristics, prediction of short & long-term speech-sound normalization in developmental phonological disorders, 3–6 yr olds with speech delays, 1 yr followup, 8438
Stages of Change Scale, prediction of adinazolam treatment outcome, outpatients with generalized anxiety disorder, 40909
state & trait anxiety scores in models, prediction of treatment outcome in form of benefit to client, substance abusing patients, 36790
stimulus comparator model as explanation for asymmetries between under- vs overpredictions of pain, 181
subscales of Brief Psychiatric Rating Scale, treatment outcome prediction, psychosocial day program clients (mean age 37.6 yrs), 43338
suicidality & psychosocial adjustment predictors of comorbid alcohol & substance abuse, identification of at risk cases, male vs female adolescents with major depression, 7912
syndromes of initial problems, later mental health syndromes, male vs female 4–18 yr olds, 6 yr followup, 19099
technique for matching population samples & selection of predictors on principal of biological classification, applications for marketing research, 14461
temporal stability & predictive utility of bulimic symptoms, 18–22 yr old females, 10 yr study, 42664
theoretical model of predictors of subjective well being, community dwelling adults (mean age 63 yrs) with schizophrenia, 30952
theory of unconscious mental life & predictions for 2nd century of psychoanalysis, 1123
use of biodata instrument to predict vocational interests in managers, postgraduate & undergraduate students & managers, 28191
use of Expertal knowledge based system, prediction of future violent behavior, mentally ill, 10264
utility of desire-then-belief interpretation of children's belief reasoning successes & failures, 2.9–4.8 yr olds, 11328
working memory & inhibitory efficiency & attentional flexibility, predicting planning task performance, 65–97 yr olds, Germany, 29995

Prediction Errors [See Also Type I Errors, Type II Errors]—Serials

calculation of & statistical power & Type III error risk & sample size for directional 2-tailed test & comparison with conventional 1- & 2-tailed tests, 146
power of U3 statistic vs sum of number of Guttman errors, ability to determine unexpected item score patterns or person fit, 10577

Predictive Validity—Serials

ability of career maturity indicatory to predict interest score differentition & consistency & elevation, 17–28 yr old males vs females, 34079
ability of Dot Counting Test & Memory for 15 Items Test & M-Test to predict malingering, offenders with mental retardation, 40873
ability of measures of locus of control & job hazards, prediction of involvement in workplace accidents, employees, 17722
addition of ability constructs of Enhanced Computer Administered Test to Armed Services Vocational Aptitude Battery, predictive validity, armed forces recruits, 17734
certainty for diagnosis of schizophrenia & prediction of outcome, male VA psychiatric inpatients, 19130
chlordiazepoxide vs oxazepam vs flesinoxan vs fluvoxamine, predictive validity & inter-laboratory reliability of fear vs strychnine-potentiated startle response, male rats, 604
classification & validity of bulimic eating disorders subgroups & comparison with predictive validity of DSM-IV scheme, 16–35 yr old females with recurrent binge eating, UK, 1 yr followup, 1469
classification by combined Verbal & Quantitative GRE scores, prediction of completion of PhD in psychology, graduates of master's level psychology program, 14370
client characteristics at admission, prediction of placement vs death vs readmission, medical patients, 2039
coaching & practice, predictive validity of Armed Services Vocational Aptitude Battery, new Army recruits, 14393
cognitive predictors of incident Alzheimer's disease, older non-dementia adults vs adults with incident Alzheimer's disease, 3 yr study, Sweden, 36146
concurrent & predictive validity of MacArthur Communicative Development Inventories Short Form & direct observational measure of lexical production & WPPSI-R, 1.5 vs 2 vs 4 yr olds, 2.5 yr study, 25001
consistency & 1 yr stability & predictive power of scales assessing left-right & libertarian-authoritarian political positions, electorate, England, 5940

construct & predictive validity of quantitative performance profile technique assessment of relationship between profile ratings & athletic performance, 17–26 yr old college track & field athletes, 14031
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience research, 25464
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience, commentary, 25468
criteria for face & construct & predictive validity of brain microdialysis, estimation of in-vivo neurotransmitter release, implications for psychopharmacology & behavioral neuroscience, commentary, 25479
criterion related validation of use of performance in interview & role play simulation & verbal & quantitative ability measures, prediction of job performance, federal investigative agents, 17759
development & predictive validity of Edinburgh Postnatal Depression Scale, females in 3rd trimester of pregnancy, 10439
discriminant & predictive validity of global vs domain-specific academic self-concept & self-efficacy beliefs, college students, implications for academic achievement, 34064
epistemic beliefs & preference for rationalist vs constructivist therapies & factor structure & validity of Therapist Attitude Questionnaire-Short Form, college students & 26–67 yr old therapists, 28449
evaluation of therapeutic approach & factors predictive of change & therapeutic outcomes, patients (mean age 38 yrs) in psychiatric day-treatment, 32879
factor analysis & concurrent & predictive validity of Missouri Addressing Resistance Scale, 21–46 yr olds with relationship difficulties, 21057
family & personal psychopathology, unwanted sexual experiences as predictor of bulimia nervosa, 16–54 yr old females, 35933
incremental predictability of Role Hassles Index, measurement of job demands & role conflict & ambiguity & overload & prediction of burnout, 22–61 yr old hospital nurses & their partners, Canada, 28619
incremental validity of WISC-III Full Scale IQ factor scores, prediction of academic achievement measured by Wechsler Individual Achievement Test, children (mean age 12 yrs), 40803
Intimate Bond Measure sensitivity to disorder severity & personality & depressive subtype & treatment outcome, depressed 18–60 yr olds with vs without melancholia, 7922
long term stability & predictive validity of trait measures of self rated affect, college students, 56–99 mo study, 2564
long-term validity of habituation measures for prediction of temperament, 5 mo olds, 16 mo study, 34952
Mississippi Scale for Combat-Related PTSD vs MMPI-2 Pk PTSD scale vs Impact of Event Scale, prediction of PTSD, WWII prisoners of war & combat veterans (mean age 71 yrs), 14301
perceptions of predictive validity of NEO Five Factor Inventory & Wonderlic Personnel Test, Black vs White college students, US, 20993
predictability of infradian mood fluctuations, patients (mean age 56.6 yrs) with major depression or bipolar disorder hospitalized during acute depressive episode, 26439
prediction of short vs long line comparison on generalization test performances, emergence of equivalence & perceptual classes, college students, 41064
predictive & concurrent validity of Learning Efficiency Test-II, assessment of memory processing, 8.0–10.9 yr olds, 5962
predictive & concurrent validity of Suicidal Ideation Questionnaire Junior High School Version, 13–20 yr old American Indians, 21056
predictive & postdictive validity of Criminal Sentiments Scale, 18–60 yr old violent vs sexual offenders, Canada, 33985
predictive power of CAGE questionnaire, detection of problem drinking, male vs female college students, 25063
predictive validity & distinctiveness & state vs trait properties, Interpersonal & Self-Criticism subscales of Depressive Experiences Questionnaire-Adolescent, 11–17 yr old inpatients, 2 yr study, 40865
predictive validity of application of diagnostic criteria for threshold & subthreshold categories of depression, 18–19 yr olds, Switzerland, 15 yr study, 42249
predictive validity of cognitive plasticity in structural equation model, diagnosis of mental status, elderly, implications for dementia of Alzheimer's type, Germany, 2 yr followup, 8567
predictive validity of DSM-III-R vs ICD-9 vs ICD-10 vs CATEGO S+, prediction of 13 yr outcome, schizophrenic 15–54 yr olds, England, 35611
predictive validity of Fagan Test of Infant Intelligence, 7–9 mo olds, Finland, 5 yr followup, 41
predictive validity of General Health Questionnaire & Beck Depression Inventory vs DSM-III-R criterion, screening for depression & psychiatric morbidity, unemployed workers given notice, Finland, 2637
predictive validity of Manitoba Risk-Needs Scale & prediction of recidivism, aboriginal vs non aboriginal probationers, Canada, 40779
predictive validity of Occupational Personality Questionnaire, job competence & performance above & beyond ability measures, managers, UK, 58
predictive validity of optimism vs pessimism index of the Chinese version of the Life Orientation Test, undergraduates & working adults, Hong Kong, 37405
predictive validity of perceptual & psychomotor & cognitive tasks in computer aided aptitude test, flight training success, 22–24 yr old male senior air force cadets, Korea, commentary, 28604
predictive validity of pilot selection batteries, military personnel, 6114
predictive validity of prenatal biomedical risk vs biopsychosocial risk assessments of low birth weight, mother–infant pairs, Argentina & Columbia & Honduras & Uruguay, 37441
predictive validity of pretransplant psychological assessment battery, posttransplant quality of life, cardiac transplant recipients (mean age 55.9 yrs), 28576
predictive validity of Psychological Inventory of Criminal Thinking Styles, prediction of subsequent disciplinary adjustment, prison inmates, 2 yr follow up, 17621
predictive validity of screening measure for identifying smoking initiation susceptibility risk, nonsmoking 7th graders, 1–2 yr study, implications for prevention, 25100
predictive validity of screening tests of production & comprehension, development of First Words & First Sentences tests, 18-36 mo olds, 5957
predictive validity of standardized-patient examination using faculty members' ratings of performance, medical students, conference presentation, 6094
predictive validity of stratified normative data for Dutch version of Rivermead Behavioural Memory Test, elderly patients, Netherlands, implications for clinical neuropsychological rehabilitation, 28562
predictive validity of WPPSI-R, assessment of academic achievement & IQ progress, 4.5–6 yr olds, 4 yr study, 6102
predictive value of J. S. Strauss & W. T. Carpenter's Prognostic Scale, prediction of symptomatology & premorbid adjustment & social disability, schizophrenic patients, 14308
predictive value of Nonverbal & Minnesota Paper Form Board & D. A. Pidgeon Nonverbal Test, academic achievement in Hindi & English & Sanskrit, high school students, India, 28421
psychometric properties & predictive validity of Dieting Readiness Test, prediction of attendance at & weight loss during weight management program, 21–70 yr olds with obesity, 17697
psychometric properties & predictive value & clinical applications of phallometry, measurement of sexual interest, male sex offenders & aggressors, 18250
public self-presentational bias in couples interaction, predictive validity of observed behavior, unemployed adult volunteers, 40783

receiver operating characteristic curve & Wechsler Memory Scale–Revised, classification of left or right temporal lobe seizure onset, epilepsy surgery candidates (mean age 33.1 yrs), 40914
relations among C & Kwak-Pulvino & Hexagon Congruence Indices, assessment of work environment & occupational mobility in prediction of job satisfaction, employees, 6119
reliability & concurrent & predictive validity of self report measures of health & well being & number of prescription medications & medical symptoms, females aged 70 yrs & older, 40922
reliability & concurrent & predictive validity of Child Behavior Scale, assessment of aggressive & withdrawn & prosocial behaviors among peers in school environments, kindergarten teachers, 5963
reliability & predictive validity of difference scores in applied testing situations, commentary reply, 21200
reliability & predictive validity of difference scores in applied testing situations, commentary, 21167
reliability & predictive validity of difference scores in applied testing situations, commentary, 21159
reliability & predictive validity of difference scores in applied testing situations, 163
reliability & predictive validity of Excessive Drinker Outcome Expectations Scale, assessment of valence of outcomes of reduced vs usual drinking, 17–69 yr old excessive drinkers, 28515
reliability & predictive validity of Modern Sexism scale vs Neosexism scale, measurement of political attitudes related to sex discrimination, male vs female college students, Canada, 20956
research paradigms & validity of performance predictors in military context, implications of differential assignment theory, 28617
self explicated preference structure measures vs customized conjoint analysis, job choice prediction, college students who have not chosen a job, 33754
sensitivity & specificity & positive predictive value of Quantity-Frequency Index & retrospective diary & binge drinking index, 18–26 yr old 1st time college drinking offenders, 40840
sensitivity & specificity & predictive value of Beck Depression Inventory, identification of major depression, 18–65 yr old diabetic outpatients, 37447
sex, predictive validity of academic grades vs college entrance examination scores in college mathematics achievement, high school & college students, 28592
simulation of effect of differential component weights, predictive validity & adverse impact of personnel selection battery, 10547
social & ecological validity of functional analog assessment vs direct classroom observation, prediction of challenging behaviors, 5–12 yr old males with developmental disabilities, 13819
type of errors made on test prior to diagnosis & predictive validity of Clock Test, early identification of dementia, adults with vs without dementia, Canada, longitudinal study, 28556
utility of theory of reasoned action vs planned behavior to predict behavior regarding delivery of preventive services for sexually transmitted diseases to adolescents, physicians, 2129
validity of Academic Performance Scale, prediction of college GPA & enrollment status after 2 yrs, college students, 2680
validity of ACT assessment scores, prediction of cumulative GPA, male vs female American Indian college students, 43632
validity of animal models of addiction & drug self-administration, 42548
validity of cognitive constructs from Cattell-Horn's Gf-Gc Model, prediction of achievement based on comprehension-knowledge & fluid reasoning & processing speed, 1st–8th & 10th graders, 2688
validity of diathesis model based on A. Ellis' rational emotive therapy theory, prediction of depressive symptoms, 18–43 yr olds, 22750
validity of graphoanalysis method, prediction of correlation between personality traits & handwriting elements, college students, 22578
validity of neuropsychological & demographic & medical & emotional predictors of occupational functioning & psychosocial activity & pension impairment, 15–73 yr old head injured workers, Canada, 24789
validity of personality testing & assessment center, prediction of managerial performance, 23–57 yr old managers, 10549
validity of Personnel Selection Inventory preemployment integrity test, prediction of admissions of theft related & other counterproductive behavior at work, drug store applicants, 1 yr followup, 2701
validity of preverbal communication skills in prediction of later cognitive & language competencies, low birth weight infants, 4 yr study, Norway, 22051
validity of Psychopathy Checklist & Psychopathy Checklist-Revised, prediction of violent & nonviolent recidivism, meta analysis, 2626
validity of smoking susceptibility to predict smoking onset, nonsmoking 12–18 yr olds, 4 yr study, 792
validity of Suicide Probability Scale, prediction of subsequent suicide attempts & verbalizations & minor self destructive behaviors, 8–18 yr olds in group homes, 6039
validity of Suicide Probability Scale, prediction of suicide attempts & ideation, nonpatient populations, commentary, 6059
validity of Temperament Structure Scales, prediction of job performance, airline pilots, Europe, 6117
validity of using subtest performance & demographic data in best performance fashion, estimation of WAIS-R premorbid intellectual functioning, 16–74 yr olds with vs without brain injuries, 14334
validity of WISC-III vs Kaufman Adolescent & Adult Intelligence Test, assessment of verbal vs performance IQ discrepancy, 14–16 yr old male juvenile delinquents, 10449
Vanderbilt Multidimensional Pain Coping Inventory vs Vanderbilt Pain Management Inventory, assessment of patients with rheumatoid arthritis, 40798

Predisposition—Serials

anticipation effect & estimation of age at onset according to age at interview, parents & offspring with schizophrenia, 12034
anticipation effect & estimation of age at onset according to age at interview, parents & offspring with schizophrenia, erratum, 30977
anxiety sensitivity & physiological reactivity & self reports of anxiety symptomatology across menstrual cycle, high vs low anxiety sensitivity female college students, 6799
bias in interpretation of ambiguous homophones, chronic pain patients, 19514
biological risk factors during pregnancy & delivery & neonatal period & social adversity during pregnancy, prediction of mildly impaired or borderline scores on PPVT, 5 yr olds, 23169
body language of women, judgments of target's confidence vs vulnerability to sexual assault by strangers, 18–35 yr old college students & 27–52 yr old police officers, 12300
environment vs personal characteristics vs parental characteristics as factors in children's development & socialization & overall outcome, 18437
ethanol consumption & predisposing polygenes in congenic animal models, mice, 29040
exposure to 1957 A2 influenza epidemic during gestation, increased risk of schizophrenia, adults, Ireland, retrospective cohort study, 4144
exposure to 1957 A2 influenza epidemic during gestation, increased risk of schizophrenia, adults, Ireland, retrospective cohort study, 22818
family history of personality or other psychopathology, prediction of combat exposure & predisposition to PTSD, male military veteran with PTSD vs anxiety &/vs depressive disorder, 22908
genetic & environmental factors in discrimination of 2 types of alcoholism, adopted alcoholic 28–47 yr olds, Sweden, replication, 1401
immunological & behavioral research on alcohol drinking as cofactor of HIV & AIDS, literature review, 36014

inhalant use at age 16, subsequent heroin use, 32 yr old African Americans, prospective study, implications for vulnerability marker of serious drug use, 19372
intragenic polymorphisms in MAO-A & MAO-B genes, allelic frequencies & genetic predisposition, schizophrenic patients, 12029
magical ideation & social anhedonia as predictors of psychosis proneness, undergraduates, 38859
predisposing & enabling & reinforcing factors & smoking behavior, 7th–9th graders in rural vs suburban vs city areas, Shanghai, 41739
predisposing & precipitating factors of acute confusional state, patients in acute medical unit with diagnosis of confusion/anxiety, retrospective study, 31764
predisposing & psychosocial factors, psychological distress during first-year posttransplant, family caregivers to heart transplant recipients, 24180
predisposition & pathoplasty & complication & spectrum & tridimesional personality models of personality dimensions & depression, literature review, 30837
risk for speech disorders, adopted vs nonadopted children with speech disordered biological vs adopted parent, 42678
sex & ethnicity, role of genetic factors in prevalence of migraine, Caucasian- vs African- vs Asian-American adults, 12488
subjective memory complaints in absence of objective memory decline, prediction of future dementia, 65–84 yr olds, Netherlands, 3 yr followup, 19647

Prednisolone—Serials

lithium therapy, prednisolone induced depression, female 24 yr old with systemic lupus erythematosus & female 66 yr old with polyarteritis nodosa, 36520
prednisolone, prenatal & postnatal hypomania, 31 yr old pregnant female, case report, letter, 30994
withdrawal of oral prednisolone for asthma, onset of anorexia nervosa, female 14 yr old, case report, implications for physiological & psychological impact of steroid withdrawal, 5205

Preference Measures—Serials

cross cultural & gender examination of preference for places, 18–45 yr old college students, Ireland vs US vs Senegal, 40700
paired vs multiple stimulus with vs without replacement, assessment of reinforcer preference, 25–45 yr olds with developmental disabilities, 16127
self explicated preference structure measures vs customized conjoint analysis, job choice prediction, college students who have not chosen a job, 33754

Preferences [See Also Aesthetic Preferences, Brand Preferences, Food Preferences, Occupational Preference]—Serials

adrenalectomy, development of alcohol preference & role of hypothalamo-pituitary-adrenal axis in alcohol intoxication, male rats, 11159
alcohol exposure during 3–8 wks of age in adolescence, cross maze anxiety & response to stress in inescapable situation during 10th wk of age, alcohol preferring rats, 11199
alcoholic beverage preferences, alcohol-related behavioral & social problems, literature review, 15558
analysis of maintaining face & preference organization in conversational interaction, adults, 22430
applicability of attraction & repulsion hypotheses in multicultural counseling process, literature review, implications for social & counseling psychologists, 27152
attitudes to consulting pharmacists & preferences on sources of information on health & drug matters, 65+ yr olds, Wales, 39943
attractiveness of gambles & preference inferred from pricing & rating vs choice, preference reversals for equal probability gambles, adults, 6306
attribute task compatibility & consumer preference reversals, 18–80 yr olds, 33749
beverage preferences & alcohol use patterns, 16 yr olds & older, Spain, 7576
biases favoring color white vs color black & favoring light-skinned vs dark-skinned human figures, 5 vs 8 yr old students, Portugal, 34938
body image & ideal, low income African American mothers & their preadolescent daughters, 7324
body type preferences, Euro-American vs African-American males, 11727
brain nitric oxide inhibition, ethanol self-administration & preference, male rats, 577
brief vs easy vs additional interspersed mathematical problems & time to complete, assignment preference & reinforcement, undergraduates, 17155
calcium channel antagonists, ethanol preference & intake & food & total fluid intake, alcohol preferring rats, 11124
candidate viability, candidate preference during early vs middle vs late stages of campaign, citizens, 3659
carpool priority lane, judgment & preferences to commute alone or carpool, solo drivers vs carpoolers, Netherlands, test of structural solution to social dilemma, 22495
choice of old vs recommended vs self-chosen workplace, 19–63 yr old employees with vs without participation in naturalistic setting, 5 mo followup, Netherlands, implications for ergonomics, 33804
choice vs assignment of preferred vs nonpreferred tasks, work performance in a vocational classroom setting, male 11–13 yr olds with developmental disorders & behavior problems, 31415
choices & ratings of strength of preference between gambles, college students, test of interval independence vs configural weighting in utility theory, 37694
client functioning & characteristics, preferences for housing accommodations provided through community mental health service, severely mentally ill, Australia, 9433
component analysis of preferred-stimulus presentation & contingent withdrawal program for increasing indices of happiness, 28–41 yr olds with profound mental & physical disabilities, replication, 38853
constant vs alternating food delivery schedule, preference for partial vs 100% reinforcement, pigeons, 2931
consumption vocabulary, development of stable & well defined preferences for quilt patterns, college students, 10177
context induced violations of invariance in preference & similarity judgments in consumer choice behavior, adults, 6300
demographic & associated clinical factors & surrogate & physician perceptions of patient willingness to live permanently in nursing homes, seriously ill hospitalized patients (mean age 61.8 yrs), 40124
demographic & health status characteristics, spending preferences, 65–84 yr olds & older, Canada, 2372
development & psychometric evaluation of Inventory of Dyadic Heterosexual Preferences, 17–59 yr old college students, 56
dietary flavor, preferences for medium-chain vs long-chain triacylglycerol diets, chickens, 6420
differences in health promotion program preference by gender & health risk, adults, 39939
domain-specific choice preferences in life–death decision paradigm & violations of stochastic dominance axiom in large vs small vs family group contexts, adults, US vs China, 11663
experiences around time of natal emergence, development of litter-mate preferences, juvenile Belding's ground squirrels, 37881
experimenter's instructions & basic vs superordinate hierarchical level & picture vs object stimulus medium, conceptual preference for thematic vs taxonomic relations, 2–5 yr olds, 29834
exposure to results of political polls, expectations & preferences & voting behavior in 1992 presidential & 1993 New York City mayoral elections, voters, 945
factor analysis of behavioral differences & similarities, alcohol preferring vs nonpreferring rat strains, 41265
factor analysis of Privacy Preference Scale vs Privacy Questionnaire, college students, 14276
fear expectancy & disgust & desire for comfort, preference for wildland environments for recreation activities & occupational environments & school activities, rural vs suburban vs urban 8th graders, 40680
feature matching & canceling, successive ratings of apartments with shared vs unique features, college students, 34213

financial motivation for response consistency & choice of preferred gamble with higher attractiveness rating vs selling price, awareness of reversals & consistency of responses, college students, 2823
flavor distinctiveness & sucrose concentration, positive reinforcement vs anticipated satiety effects in preferential consumption of isocaloric solutions, male rats, 10757
free-operant preferred-stimulus manipulation as environmental enrichment, stereotypic self-injurious behavior, 3–5 yr olds with developmental disabilities, 39169
geographical location & public consensus & sensation seeking & architectural style, design review & public preferences, adults, 37265
hand preference vs skill vs strength as index of handedness, male vs female 20–28 yr olds, Ireland, 478
high-preference single-digit mathematics problem completion, multiple-digit mathematics problem performance, female 14–15 yr olds in alternative school for academic & social noncompliance, 39131
host nest preference & choice of nests for parasitism, female cuckoo paper wasps, Italy, 2 yr study, 6481
housing recommendations vs preferences, clinicians vs mentally ill homeless adults, 13239
ideology & preferences for educational & school structures, educated middle class mothers who perceived themselves as being liberal on education issues, 17119
influence strategy mix in resolving preference discrepancies in home purchase, husband-wife dyads, 3620
informative vs uninformative feedback, agent decision making & preference prediction, adults buying gift for others, 2371
innate color preferences & color learning ability in choice of flowers for nectar, pipevine swallowtail butterflies, 34344
instance based algorithm approaches vs decision tree induction or perceptrons, preference prediction, astronomers, 24904
intrauterine cocaine exposure vs CNS injury, preference for stimulation in less vs more aroused conditions, 4 mo olds, 19615
joint vs separate evaluation mode, alternative preference reversal effect, adults, test of evaluability hypothesis, 6313
large vs small group vs family context, risk preferences & framing of choice outcomes in life/death decision problem, adults, 2839
left–right orientation & size & color stimulus transformations, role of explicit vs implicit memory in recognition & affective preference measures, college students, 34285
life rhythms & TV viewing habits & TV ratings & interest in different types of programming, 5–14 yr old TV viewers, Slovak Republic, 25689
localization of mating behavior on host fruit in orchard, polyphagous oriental fruit flies, 6522
matrix-relative ambiguity of clauses & phrases & pronouns & strength of local attachment preference between sentences describing temporal vs nontemporal relations, English speakers, 34231
mental health educational program preferences, family members (average age 56 yrs) of patients in psychiatric hospital or community center mental health treatment, 42876
mental representations about sex of future child, 20–40 yr old nulliparous pregnant females declaring no sex preference for 1st child, Canada, 10695
model of consumer satisfaction formation, assessment of perceived performance & desires & expectations congruency & attribute & information & overall satisfaction, 18–65 yr olds & older, 2367
mu & delta opioid receptor distribution & density in limbic system & ventral tegmental area & nucleus accumbens & other brain regions, alcohol-preferring C57BL/6 vs alcohol-aversive DBA/2 male mice, 37963
musical taste & racism & democratic liberalism & social status & education level & symbolic cultural exclusion, adults, conference presentation, 30420
negative vs positive outcomes with vs without monetary incentive, prediction of self vs abstract vs vivid others risk preference, college students, 18887
neoclassical concept of utility maximization & therapy & art therapy as means of changing behavior & process of preference change, commentary, 39607
nonalcoholic beer with vs without 10% added ethanol, alcohol intake & preferences & operant reinforcement, male rats, 631
object preferences, counting task performance & stereotypy, 5 yr old male with autism, implications for teaching, 35885
opposite-sex ideal & individualistic vs collectivistic values preferred in potential mate, 11–16 yr olds, Guatemala vs US vs Iceland vs Mexico, 15286
personal concerns vs social value orientations vs trust, commuting decisions, adults, Netherlands, interdependence analysis of given vs effective matrixes, 41975
personal involvement/interpersonal preferences, 7th & 9th graders, 22115
personality characteristics & individual differences in listening style preferences, college students, 7755
personality traits & preference for violent vs scary vs romantic story, 2–4 yr old males vs females, 29859
phylogenetic analysis of female preference for multiple songs & male single-song repertoires, common grackles, 14807
pimozide, ethanol preference & intake, male Maudsley Reactive vs Wistar rats differing in amount of ethanol consumption, 11139
postexposure of sucrose solution after flavor-sucrose pairing, conditioned flavor preference, male rats, 37831
preference & choice-making & choice availability in service delivery & assessment methods for developmentally disabled adults, literature review, 32907
preference for certain personal & physical traits in potential mate, male vs female undergraduate students, test of sexual strategies theory, 11650
preference for clear message & no reward vs ambiguous message & possibility of hope vs bad news, uncertainty, college students, Scotland, 21467
preference for electronic vs voice mail, employees, implications for media richness theory, 29701
preference for familiar human handlers, rats, 25402
preference for high concentration sucrose solution, alcoholic vs nonalcoholic White males, 23065
preference for immediate vs delayed verbal feedback, paraprofessional staff training to teach adaptive skills to developmentally disabled clients, 5492
preference reversals for equal probability gambles, adults, commentary reply, 6307
preference reversals for equal probability gambles, adults, commentary, 5911
preferences & dislikes for various teaching styles, college students, 37058
preferences & tolerance for different theoretical & psychotherapeutic orientations, psychotherapists, Israel, 39656
preferences &/vs perceived characteristics of mentally retarded children, 18–42 yr old caregivers at residential facility, 9513
preferences for & choice of dispute resolution procedure, complainants vs respondents, college students, 7626
preferences for aspects of quality of care, 18–75 yr old outpatients with chronic diseases vs medical specialists, Netherlands, 20224
preferences for hypothetical & current health states, 20–69 yr olds with schizophrenia vs caregiver vs psychiatrist, 19214
preferential looking technique & stimulus structure & superior colliculus, face preference, healthy newborns (aged 24–155 hrs postnatal), 29729
prior preferences & need for closure, selection of job content vs context information, 20–45 yr old female job applicants, 10093
priority evaluator research method, evaluating community preferences, reprint, 15391
pro-environmental habits & attitudes & beliefs about & choice criteria for purchasing products, change in purchasing habits, 20–70 yr olds, 33814
provision vs denial of choices & preferences of workstation lighting, mood & cognitive task performance & perceived control, 17–36 yr old college students, Canada, 17463

regional brain distribution of 6R-L-erythro-5,6,7,8-tetrahydrobiopterin, rat & mice strains inbred for different alcohol preferences, animal model, 25508
reintroduction into mountain steppe reserve, grazing & habitat preferences & reproductive behavior, Przewalski horses, Mongolia, 10889
residential plans & placement preferences & family characteristics & functioning & well-being & formal support systems, 58–87 yr old mothers of 18–69 yr olds with mental retardation, 3 yr followup, 31470
resistance to change in multiple schedules & preference within conditions & subjects in concurrent chains, pigeons, 18059
risky vs risk-free foraging, preference for fixed vs variable delay option to food, starlings, 37855
saturation & loudness discomfort levels of new hearing aids, preference for old vs new aids, 11–16 yr olds, 16946
self & partner & independent interviewer report of own personality & mate personality preferences & sex, mate selection & marital satisfaction, dating & newlywed couples, 30352
self reported English vs Panjabi use, British-Asian 15–16 yr olds, England, 18438
sensation seeking, TV viewing motives & preferences, college students, 22561
sex preferences for prospective children, 18–37 yr old newlywed couples, US, conference presentation, 41880
sex-selection technology status & use & preference for male vs female firstborn, literature review, 15460
short-term selective breeding as resource for quantitative trait locus mapping, B6D2F2 mice with high vs low ethanol drinking preference, 29213
skin color preferences & body satisfaction, 18–24 yr old female South-Asian vs European university students, Canada, 30538
social preferences toward peers with special needs, typically developing 3.1–5.8 yr olds, 30690
song tutoring, song preferences, female domesticated canaries, 29066
speaker vs listener-oriented perspective of lexical preferences in "end-weight" word ordering of sentences, 34247
stereotyped attitudes about domestic violence & preferences for police disposition by informal methods vs arrest, adults, 5893
stimulus sequence, judgments of pleasantness of taste stimuli, 18–49 yr olds, Netherlands, 41010
telephone vs adding machine numeric keypad layout, user preference & performance, 17–31 yr olds, Canada, 10204
temporal change in attractiveness towards donor placenta & amniotic fluid, periparturient cows, 34444
temporal relationship between visual vs auditory imprinting stimuli, acquisition of visual preference, chicks, 37829
theoretical models of reproductive potential & partner similarity & age preferences & UK marriage statistics, mate selection, male vs female adults, commentary, 35160
theoretical models of reproductive potential & partner similarity & age preferences & comparison data on homosexual males & lesbians, mate selection, male vs female adults, commentary, 35164
theory encompassing stochastic models concerning evolution of subjective preferences under influence of stream of elementary events, 37555
therapy & art therapy as means of changing behavior & process of preference change, 39604
unidimensional choice of shorter vs longer life in good health & reversal of preference for living 10 vs 20 yrs with migraine, female 20 yr olds & older, Netherlands, test of weighted additive model, 37729
valence & extremity of "good" vs "bad" news, preference for extreme vs moderate information transmission, college students, 14598
variation of sweetness, choice & preference of object, male rats, 29185
verbal vs numeric responses as predictors, measurement of uncertainty & preferences & behavior intentions, college students, 15669
VI terminal links & modified concurrent chain schedules, preference, pigeons, 2937
wishes & preferences, state school vs nursing facility vs ICF-MR vs group home residents (mean age 41.97 yrs) with developmental disabilities, 35882

Preferred Rewards—Serials

preference for clinic privileges vs retail items vs social activities as reinforcers, opioid dependent patients treated with buprenorphine, 9565
smaller vs larger amount of sucrose, odor preference as a function of proboscis extension conditioning, honeybees, 6494

Prefrontal Cortex—Serials

activation of temporal & prefrontal right hemisphere regions in processing of moral & grammatical & semantic aspects of fables, adults, 14865
age, role of anterior attention system in Stroop color–word task interference & EEG activity, 18–28 vs 62–78 yr olds, 34593
amphetamine, postnatal locomotor behaviors & expression of DA D2 receptors, postpubertal rats with neonatal medial prefrontal cortex lesions, 18289
bilateral lesion to prelimbic area of prefrontal cortex, passive avoidance & open field & anxiety-induced activities, male rats, 6648
bilateral lesions in medial prefrontal cortex, serotonin system monoamines in medial prefrontal cortex & nucleus accumbens & raphe nucleus & sucrose-ethanol solution consumption, male rats, 39493
brief oxygen deprivation, impulse activity of visual & prefrontal cortex neurons & behavioral reactions & motor action during delayed visual spatial choice, monkeys, translated article, 10944
cerebral blood flow & rate of glucose metabolism as evidence for abnormalities in subgenual prefrontal cortex, adults with bipolar & unipolar depression, commentary, 35520
cerebral blood flow & rate of glucose metabolism as evidence for abnormalities in subgenual prefrontal cortex, adults with bipolar & unipolar depression, 35523
chronic alcoholization, neuronal nitric oxide synthase activity in prefrontal cortex vs basal ganglia vs cerebellum vs hippocampus, male rats, 29338
chronic desipramine or fluoxetine, extracellular noradrenaline & serotonin & dopamine in prefrontal cortex, male rats, 15098
chronic nicotine, postsynaptic effects in dorsolateral striatum & nucleus accumbens & medial prefrontal & ventrolateral orbital cortex Fos & Jun-B immunoreactivity, rats, 41498
chronic social stress & social rank, 5-HIAA & 5-HT & other monoamines in prefrontal cortex, male monkeys, 29282
clozapine, spatial working memory deficits induced by FG7142, female monkeys, implications for schizphrenia treatment, 34687
contribution of subcortical structures & prefrontal cortex in behavioral adaptation, patients with Parkinson's disease or progressive supranuclear palsy or prefrontal lesions, 1613
cortical EPs in saccades vs antisaccades, 36–42 yr olds, 530
delayed alternation performance on Y-maze & visual discrimination, 2–3 mo old pigeons with prefrontal cortex ablations, implications for comparison with mammalian function, 29284
developmental psychophysiology & psychopathology & role of prefrontal cortex in regulation of sleep & arousal & affect & attention, 6771
dimensional complexity of EEG waveforms specific to prefrontal & parietal areas, neuroleptic-free schizophrenic patients (mean age 33.9 yrs), 15939
divided vs focused attention deficits, patients with prefrontal damage, 12615
dopamine D1 vs D2 receptor stimulation of pyramidal prefrontal cortex neurons, receptor activation & membrane excitability in response to depolarizing current pulses, rats, 3134
dorsomedial prefrontal cortex lesions, timing ability & nondeclarative vs declarative memory & discrimination learning in olfactory association task, male rats, 21624
duration of illness, prefrontal neuropsychological function & other cognitive performance, schizophrenic 16–65 yr olds, 22829

electrolyte lesions of medial prefrontal cortex, conditioned inhibition & extinction of freezing & fear potentiated startle, male rats, 37966
electrolytic lesions to medial prefrontal cortex, Wisconsin Card Sorting Test performance & latent inhibition, rats, implications for animal models of schizophrenia, 29309
electrophysiological & morphological characteristics of pyramidal prefrontal cortex efferents to nucleus accumbens in brain slices, male rats, 3133
encoding of preestablished sequences & boundaries & distractors, selection & organization of relevant actions within different scripts, adults with prefrontal vs posterior cortical lesions, 16376
encoding of spatial with temporal cue information during delayed sequential vs conventional reaching task, single neuron activity in prefrontal cortex, male monkeys, 25524
evidence for brain lateralization, toads, commentary, letter, 6653
frontal cortical dopamine D1 receptors, postmortem schizophrenics, 31002
frontostriatal structures & response inhibition deficits, 5–12 yr old males with ADHD, 31414
functional lateralization of regional cerebral blood flow during cognitive tasks sensitive to prefrontal cortex integrity, healthy 20–35 yr olds, 6686
functional modular organization of prefrontal cortex for representing working memory process, primates, 29359
ibotenic acid lesions of prefrontal cortex after established amphetamine behavioral sensitization, expression of stereotypy & locomotor hyperactivity, male rats, 25483
initial &/vs repeated semantic &/vs perceptual encoding & functional MRI correlates in left inferior prefrontal cortex, priming effects on implicit & explicit memory processes, 18–32 yr olds, 2869
integration of object form & color perception & spatial location in working memory in prefrontal cortex, monkeys, 29349
ketamine-induced NMDA receptor-mediated psychosis with focal activation of prefrontal cortex, adults (mean age 30.4 yrs), 41438
learning of spatial response vs place task in Morris water maze, male rats with vs without medial prefrontal cortex damage, 29266
left hemisphere prefrontal or basal ganglia vs other left & right hemisphere lesions & poststroke depression, 1st-ever stroke patients with single lesion (mean age 70 yrs), 16292
left medial agranular area ablation, SCH 23390 reinstatement of severe neglect of contralateral stimuli of each modality & D1 dopamine receptor numbers & affinities in caudate putamen, rats, 497
lesion of medial prefrontal cortex, neuroanatomical development & behavioral function recovery, 3–30 day old rats, 6638
local application of apomorphine vs flupenthixol into medial prefrontal cortex as measure of dopamine innervation, conditioned emotional responses & leverpressing for food, rats, 21822
maintenance of task-specific stimulus–response channels, 25–76 yr olds with lesions of inferior lateral prefrontal cortex, 12662
metabolite signal intensity & tissue volume & other neurochemical pathology of hippocampal region vs dorsolateral prefrontal cortex vs other brain structures, 22–51 yr olds with schizophrenia, 19186
microinjections of GBR-12909 vs dopamine D1 vs D2 receptor antagonists vs neurotensin in medial prefrontal cortex, locomotor activity, mice, 7039
microtubule associated protein-2, quantification of density & distribution of interstitial neurons in prefrontal cortex white matter, deceased 24–64 yr olds with schizophrenia, 7946
MRI volumetric & phosphorus 31 magnetic resonance spectroscopy of left prefrontal region, adult schizophrenic patients, 26495
neural activity & perceptual & mnemonic cortical roles in visual working memory, adults, 29263
neurochemistry & receptor autoradiography & neuroanatomy of prefrontal system, male rats infected with neurotropic RNA Borna disease virus, rat model of human psychotic state, 25496
neuropsychological correlates of psychomotor poverty & disorganization & reality distortion syndromes, 17–60 yr olds with schizophrenia, Canada, 35619
new vs old category vs exemplar, prefrontal & hippocampal involvement in episodic memory encoding, males, 41316
NMDA lesions of dorsal anterior cingulate area of medial prefrontal cortex, spatial delayed alternation & working memory, male rats, 25492
NMDA receptor antagonists, effect of dopamine on prefrontal cortex function assessed during spatial delayed alternation, rats, 11220
number & affinity of 5-HT receptors in postmortem prefrontal cortex, 23–53 yr olds with schizophrenia, 12071
object & spatial memory, monkeys with orbital frontal vs anterior cingulate brain lesions, 37986
PCP vs D-amphetamine, extracellular neurotensin-like immunoreactivity & dopamine in ventral striatum & medial prefrontal cortex & spatial organization of & activation of open field behavior, rats, 595
performance on alternation learning task & orbitofrontal cortex dysfunction, 21–45 yr old females with obsessive compulsive disorder, Israel, 15982
performance on cognitive tasks related to prefrontal lobe functioning, healthy elderly vs college students vs patients with neuropsychological impairment with vs without prefrontal impairment, 4704
phencyclidine, neurochemistry & function of prefrontal cortex & cognitive functioning, vervet monkeys, 41474
picrotoxin & pentylenetetrazol & FG 7142 & morphine & ethanol & nicotine, extracellular dopamine in prefrontal cortex vs nucleus accumbens, rats, erratum, 18267
picrotoxin & pentylenetetrazol & FG 7142 & morphine & ethanol & nicotine, extracellular dopamine in medial prefrontal cortex vs medial nucleus accumbens, male rats, 3194
piriform cortex ablations, navigational map learning, homing pigeons, 34535
positional or directional correlates of firing patterns in prelimbic frontal cells, freely moving rats, 25527
postmortem methodology & prefrontal cortical morphology in neuropathological investigations of neurodevelopment in schizophrenia, literature review, 42310
prefrontal activity during complex planning task, depressed patients, England, 38975
prefrontal cortex cells & inferior temporal cortex mechanisms, visual working memory in delayed matching to sample task, macaques, 14860
prefrontal cortex development in adolescence & late adulthood & schizophrenia, literature review, 1971–1996, 35608
prefrontal cortex inferior convexity lesion size, visual pattern association & color matching task performance, monkeys, 34573
prefrontal cortex lesions, attentional set shifting & visual discrimination reversal & object retrieval & spatial delayed response in analog of Wisconsin Card Sorting Test, female marmosets, 10941
prefrontal cortex regions providing inhibitory control in attentional selection & affective processing, monkeys, letter, 6618
prefrontal repetitive transcranial magnetic stimulation, symptoms, adults (mean age 36.9 yrs) with obsessive-compulsive disorder, 42369
protein kinase C activity & redistribution in frontal cortices of postmortem brains, 48–93 yr olds with bipolar affective disorder, 26468
reference & working spatial memory, BXSB mice with vs without ectopias in prefrontal/motor cortex, 25504
regional brain & prefrontal cortex activity & autonomic responses during motor imagery, normal Ss & brain damaged patients, literature review, 1570
reward type & presentation, activity of prefrontal neurons during spatial delayed response tasks, monkeys, implications for role of prefrontal cortex in goal directed behavior, letter, 14888

risperidone vs haloperidol, dopaminergic & serotonergic activity in prefrontal cortex, male rats, 18343
role of prefrontal cortex in higher cognitive functions, 29283
role of ventral striatum & right prefrontal area in response to novelty without awareness, adults, 34523
scopolamine & receptor specific muscarinic antagonists in dorsal medial prefrontal cortex, delayed conditional discrimination measure of short term memory, male rats, 25582
sex & prefrontal brain systems, contributions to olfactory identification & executive functions, 26–60 yr old chronic schizophrenic patients, 39056
spatial exploration & habituation & reaction to task complexity, male rats with medial prefrontal cortex lesions, 29292
subchronic PCP, mesoprefrontal dopamine use & prefrontal cortical-dependent cognition, male rats, implications for schizophrenia, 41475
tactile discrimination learning, acetylcholine release in frontal vs somatosensory cortex, male rats, 29251
task difficulty, attention & subsequent tonic prefrontal neuron activity during visual detection task, macaques, 14852
temporal vs nontemporal visual tasks, attention & prefrontal slow cortical potentials, 18–25 yr olds, 29407
test of hypothesized relationship between abnormalities in parvalbumin-containing subclass of neurons & altered GABA neurotransmission in prefrontal cortex, patients with schizophrenia, 39068
transcranial magnetic stimulation, contribution of superior prefrontal cortex & superior parietal lobule in generation of voluntary endogenous & reflexive visually guided saccades, adults, 41353
traumatic brain injury & removal of left prefrontal cortex & lesion in left temporal lobe, transformation from bipolar affective disorder to paranoid schizophrenia, adult male, case report, 7858
typical vs atypical neuroleptics, interstitial levels of DOPAC in dorsolateral striatum vs nucleus accumbens vs medial prefrontal cortex, male rats, 6885
values of phosphodiesters vs phosphomonoesters in dorsolateral prefrontal cortex using 32 phosphorous magnetic resonance spectroscopy, schizophrenic patients (mean age 29.6 yrs), replication, 39067
5-HT releaser & reuptake inhibitor d-fenfluramine, open field stress & ACTH & corticosterone levels & dopamine & norepinephrine turnover in medial frontal cortex, 4 vs 21 mo old female F344 rats, 11144
5-HT 1A & 5-HT 2A receptor binding in prefrontal cortex, 22–83 yr old suicide victims with major depression, 26633
6-OHDA lesions of medial prefrontal cortex, self administration of cocaine at higher vs lower doses under progressive ratio reinforcement schedule, male rats, 3251

Pregnancy [See Also Adolescent Pregnancy]—Serials

alcoholic beverage label implementation in 1989, alcohol consumption adjusted for wks gestation & age & periconceptional drinking, multiparae vs nulliparae Black pregnant females, 1986–93, 4333
amenorrhea & delayed detection of pregnancy, 23 & 32 yr old anorexia nervosa patients, case reports, 26815
antenatal & postnatal incidence of depression, 1st time mothers & husbands/partners, Portugal, 22742
anxiety & depression & hostility & stress, glycemic control & treatment compliance & pregnancy complaints, pregnant females with pregestational vs gestational diabetes, longitudinal study, 1523
anxiety & depression & physical symptoms of planned pregnancies at pregnancy vs 1st vs 2nd vs 3rd trimesters, healthy females, 9 mo study, 11589
assessment of neonatal behavior, neonates born to mothers with gestational diabetes vs diabetes mellitus type I, 8453
attitudes & normative beliefs & behavioral control beliefs about avoiding unplanned pregnancy & using contraceptives, 19–44 yr old married Muslim females, Jordan, 41943
attitudes toward & feelings about pregnancy & impact of norms & expectations & congruence with stereotypes, 18–31 yr old drug using females, England, 8263
attitudes toward identification & reduction of patients' risk for sexually transmitted diseases & unwanted pregnancies, 20–50+ yr old mental health professionals, 40297
behavior after conception & during & after birth, female proboscis monkeys, 21550
biological risk factors during pregnancy & delivery & neonatal period & social adversity during pregnancy, prediction of mildly impaired or borderline scores on PPVT, 5 yr olds, 23169
body satisfaction & maternal fetal attachment & breast vs bottle feeding plans, females 32–38 wks pregnant, 22294
carbohydrate deficient transferrin & sex steroids & iron status, pregnant females, implications for fetal alcohol syndrome, 11053
characteristics of perceived need for treatment, pregnant vs nonpregnant drug abusing female arrestees, 2058
chronic gestational cocaine exposure, maternal & infant outcomes, rhesus monkeys, 38135
clozapine treatment during full-term pregnancy, 30 & 32 yr old females with treatment resistant schizophrenia, 43188
constructions of choice in aftermath of positive prenatal diagnosis of fetal anomalies, pregnant females & their partners, 20193
course & assessment & psychosocial & pharmacologic treatment of anxiety disorders, pregnant & postpartum females, 1322
course of symptoms & drug treatment context across pregnancy & postpartum, 30–40 yr olds with panic disorder, 5001
daylength during mothers' pregnancy, shyness, 2–7 yr olds, US vs New Zealand, 41404
denied pregnancy, 21 yr old female, case report, 30769
depression & anxiety about pregnancy or delivery & acceptance of maternal role & feelings for baby during pregnancy & postpartum period, 17–42 yr olds with vs without premenstrual irritability, Japan, 23294
ECT, female 53 yr old with psychotic depression & delusion of pregnancy, case report, letter, 9175
effectiveness of multi-component smoking relapse intervention, pregnant females, followup, 43452
empirically derived social support intervention, low birthweight, pregnant African American females, 36653
ethical & clinical implications of respecting autonomy in treatment, pregnant 28 & 30 & 33 yr olds with major depression, 30831
failure to return for posttest HIV serostatus & counseling, HIV seronegative vs seropositive pregnant females, Rwanda, 5235
fluoxetine, birth outcomes, pregnant females with depression & anxiety & other conditions, prospective study, commentary, 27445
fluoxetine, birth outcomes, pregnant females with depression & anxiety & other conditions, prospective study, 27398
frequency of protected vs unprotected heterosexual behavior during pregnancy, incidence of perinatal transmission of HIV-1, HIV-1-infected females & their infants, 31678
health care utilization & attitudes during pregnancy & birth, South Africa vs Western society, 26010
history of childhood physical or sexual abuse, suicidal ideation, pregnant 14–40 yr old psychiatric patients evaluated in psychiatric obstetrics consultation service, retrospective study, 4255
history of depression or depression during pregnancy, correlates of postnatal depression, 1st time mothers & husbands/partners, Portugal, longitudinal study, 22743
hypnosis in smoking cessation, quitting or smoking reduction, pregnant female smokers, Norway, 9620
incidence of battering during pregnancy, delay in seeking prenatal care, White & Hispanic & African American females in public health & low income clinics, 24088
indoor vs outdoor behavior, pork production system, PIC Camborough-15 vs PIC Camborough-Blue vs York Landrace pregnant pigs, 34415
influenza or infection during pregnancy & obstetrical complications, patients with schizophrenia & their mothers, Germany & England, commentary reply, 22868

influenza or infection during pregnancy & obstetrical complications, patients with schizophrenia & their mothers, Germany & England, commentary, 22861
intention to become pregnant & contraceptive use, 15–18 vs 20–33 yr old mothers, implications for intervention & service provision, 7563
interbirth intervals & infant carriage, captive titi monkeys, Germany, 37886
interpersonal psychotherapy, antenatal depression, females, 16 wk study, 39658
interpersonal psychotherapy, symptoms, pregnant 38 yr old HIV positive female with depression, 23815
knowledge & attitudes & anxieties & experiences of pregnant women, England, 38566
lactation disruption by male infanticide & litter removal, lactational pregnancy block, house mice, 29102
male's underestimation of stress that their pregnant partners reported, females' psychological distress & sense of being supported, pregnant inner-city females & their male partners, 38531
maternal ethnicity & age & education & parity & marital status & medical risk factors during pregnancy, prenatal care adequacy, 1989 birth cohort data, 16772
maternal exposure to influenza & cold in pregnancy, electrodermal activity of 3 yr olds whose mothers were exposed vs not exposed to influenza & cold in pregnancy, 41408
maternal infections during pregnancy as assessed through maternal recall & obstetric complications & familial loading, subtypes of schizophrenia, maternity patients, 22836
maternal stress or anxiety during pregnancy, emotional development, children, 41709
mental representations about sex of future child, 20–40 yr old nulliparous pregnant females declaring no sex preference for 1st child, Canada, 10695
mental representations of sex of baby, nulliparous females who wished a boy or girl, 26039
midwife vs self-reported vs cotinine analysis classification of smoking status, pregnant females, Australia, 3723
model of therapist pregnancy & positive coping, role conflicts & deepening of understanding of self & clients & personal & professional growth, female therapist, 5530
monetary incentives & peer support groups, prevention of repeat pregnancy, adolescent mothers, 27660
nortriptyline during pregnancy instead of benzodiazepines, breakthrough symptoms, 35-yr-old female with panic disorder, 36459
partner smoking & type of social support & stress, postpartum smoking, married females who quit smoking during pregnancy, 41961
past behavior & psychological factors, cigarette & alcohol use during pregnancy, 16–43 yr old smokers vs nonsmokers, 6 mo followup, 3722
perceptions of unique social support needs of lower income African American females during their pregnancy, lay & professional African American females, 25967
perceptions on risks associated with alcohol consumption during pregnancy, 16–38 yr old Hispanic & Anglo females, 38644
peripartum saliva cortisol & progesterone, mood, primiparous females, implications for progesterone augmentation as prophylactic against postnatal depression, 11966
pharmacokinetics & plasma levels of tricyclic antidepressants, 28 & 41 yr old pregnant females with recurrent major depression, case reports, letter, 9025
physiological & psychological theories of symptoms of hyperemesis gravidarum, females with eating disorders, 4458
pre- and postpartum home visitation, 14.21–42.28 yr old females at-risk for out-of-home placement of their newborns, 32913
prednisolone, prenatal & postnatal hypomania, 31 yr old pregnant female, case report, letter, 30994
pregnancy & birth complications, rate of psychosis, White vs 1st or 2nd generation African Caribbeans living in Britain, 42325
pregnancy & birth complications, 19–59 yr olds with intellectual disability & schizophrenia vs 18–61 yr olds with intellectual disabilities, 39055
pregnancy & puerperium & premenstruum, females with obsessive-compulsive disorder (mean age 41.9 yrs), retrospective studies, 42394
prepartum vs postpartum response to social separation, pregnant ewes, 34459
problem solving confidence, prediction of depression during pregnancy & postpartum period, 15–40 yr old females, 4090
provision of health care for childbirth & delivery & postpartum concerns for pregnant women with history of sexual abuse, advance practice psychiatric nurses & midwives, 16800
psychiatric & personality & social environmental & demographic & pregnancy-related risk factors for prediction of grief intensity, 19–41 women experiencing involuntary pregnancy loss, Netherlands, 35981
psychodynamic perspectives on emotional experiences & conscious & unconscious responses, females who underwent multifetal pregnancy reductions, 27566
psychological benefits of singing lullabies to their unborn infants, pregnant females participating in maternal education groups, Spain, 27609
psychosocial correlates of depression, pregnant females, 11972
psychosocial factors, depressive symptoms & ambivalence & fears related to pregnancy, females in 2nd trimester of pregnancy, test of multifactorial model, 30736
psychosocial outcomes of midwife-managed vs traditional postnatal care, females with normal healthy pregancies, Scotland, 39998
psychotic couvade, 30-yr-old male with delusional disorder & 26-yr-old female with schizophreniform psychosis, case reports, 4188
psychotropic medications, fetal outcome, pregnant females with psychiatric disorders, commentary on meta analysis, letter, 32496
reproductive phase, daily rhythms of core body temperature & nest attendance & activity & wheel running, female cold adapted hamsters, 547
Resource Sisters/Companeras peer counseling & support group health empowerment program, pregnancy outcomes, at risk pregnant females, case report, 20136
Resource Sisters/Companeras peer counseling & support group health empowerment program, pregnancy outcomes, at risk pregnant females, case report, commentary, 20141
roles of constructive thinking & optimism & stress in psychological & behavioral adjustment, 16–43 yr old pregnant females, 41903
selective serotonin-reuptake inhibitors in pregnancy & lactation, developing fetus & neonate of mothers with psychiatric disorders, literature review, 1976–96, 23861
self esteem, risk behavior & perceived vulnerability to unplanned pregnancy, female college students, 22383
self esteem vs dispositional optimism, prediction of postpartum depression, 20–43 yr old pregnant females, England, 19151
sequelae of illness & patient perspectives & management, females with maternity blues or postnatal depression or perinatal psychosis, implications for perinatal psychiatry, literature review, 30694
serum concentrations of inhibin A at 7–18 wks gestation with fetuses known to be affected by Down's syndrome vs trisomy 18, women, 16168
SES based on education & poverty & Medicaid payment & use of supplemental food program during pregnancy & residential crowding, health behaviors, females who delivered infants in 1990–91, 24111
sexual activity & sexuality during pregnancy, female Chinese 17–38 yr olds, Hong Kong, 3696
smoking cessation intervention vs usual prenatal care, stages of smoking change at 1st & 2nd & 36th -wk prenatal visits, low income pregnant females, 5422
social & communal aspects of significant other's coping, depression, inner city pregnant women (mean age 23 yrs) & their significant others (mean age 32 yrs) during 3rd trimester & postpartum followup, 39001

social support intervention by midwives during pregnancy, health outcomes, expectant mothers, 7-yr followup, England, 9323
sociodemographic factors & contraception beliefs & attitudes & experiences, 16–37 yr olds with planned vs unplanned pregnancy, 968
sociodemographic variables & unplanned pregnancy & not breast feeding & unemployment & other risk factors, screening for & incidence of postnatal depression, 15–46 yr olds 6–8 wks postdelivery, 7940
substance abuse treatment & dimensions of temperance, 22–41 yr old perinatal female crack cocaine users, 16977
suicide rates, pregnant 10–44 yr olds, 1990–93, 22988
thiamine deficiency in 1st vs 2nd trimester of pregnancy, development of schizophrenia & other developmental defects in fetus, 4148
trait anxiety & adaptation to infant born subsequent to loss of late pregnancy, 26–40 yr old females after birth of their infant, 26055
transgenerational conceptualization of psychosomatic distress during pregnancy, mothers, 8493
upper limit of awareness of alcoholic beverage warning labels, pregnant inner city African American women, 1989–93, 9582
urine phenylethylamine & cortisol & self rated mood, postpartum vs nonpregnant females, 4128
violence victimization & substance use patterns, 20–39 yr old prenatal patients, 31324
Pregnancy (False) [See Pseudocyesis]
Prejudice [See Also Religious Prejudices]—Serials
anti-Hispanic & anti-Asian attitudes, African Americans, 41851
attitudes toward ethnic minorities, White 13–14 yr olds, England, 11424
blame & cultural ideology, antifat prejudice, college students, US vs Mexico, 11542
clinical manifestations of & methods to assess racial &/or ethnic prejudice, psychotherapy patients, case reports, 19757
collective self-esteem & involvement in religious & ethnic organizations, prejudice toward other groups, 18–24 yr old Arab vs Jewish college students, 7468
cultural stereotype & category activation, high & low prejudiced White college students, 18891
development & factor structure & predictive validity of Motivation to Control Prejudiced Reactions Scale, adults, 40822
development & prevention of prejudice, children, 41693
disclosure of teacher's lesbian sexual orientation, end of term teaching evaluations & bias, counseling psychology college students, 24652
distinctiveness of prejudice-related conflict with Blacks, White college students, 3596
European policy of closed vs open frontiers & immigrant status, prejudices, natives & immigrants, Spain, 7459
exposure to negative stereotype-related behavior of single Black confederate, perceptions & avoidance of subsequently encountered Black confederate, college students, 3592
expressions of racial prejudice in private vs public context, 18–24 yr old college students, 22429
factors involved in enhancing TV programs aimed at reducing prejudice toward ethnic minorities, White adults, Netherlands, 3320
identity status & religious orientation & anti-Black & homosexual prejudice, Christian college students, 26250
impact of stereotypes & prejudice on judgments of public policy & consequences for individual members of stereotyped groups, adults, 22481
interethnic contact & background variables as predictors of prejudice toward Turks & North Africans & Asians & Surinamese & West Indians, Ss, Western Europe, test of contact hypothesis model, 35057
intergroup contact, blatant & subtle & affective prejudice & feelings toward wide range of groups, adults, France & Netherlands & Great Britain & West Germany, 22486
intergroup relations & tolerance & prejudices in verzuiling system of separate equalities, Netherlands, 11655
issues of prejudice & invisibility & aging, older patients in psychotherapy or psychoanalysis, 12810
knowledge of sexual abuse charges, prejudices & perceptions & impartiality & verdicts, prospective jurors, Canada, 24947
prejudice & contributing psychological & social & political factors & counseling theories & techniques for preventing & combating & eliminating prejudice, 19746
prejudice level & attitude similarity & dissimilarity of heterosexual & homosexual targets, interpersonal attraction, heterosexual male undergraduates, 22436
psychological health & psychosocial functioning & personality style & childhood background, subtle vs blatantly racist vs racially tolerant White 25–40 yr olds, 35058
racial identity & prejudice & attitudes toward Blacks, White Mormon college students, replication, 15414
realistic conflict theory & social identity theory of stereotyping & prejudice, implications for in-school intervention programs, 30031
reliability & validity of Universal Orientation Scale, measure of nonprejudice, college students, 17574
scores on MMPI-2 dependency & prejudice & social status & control & low back pain scales, adults from MMPI vs MMPI-2 normative samples, 1049
Situational Attitude Scale & Noncognitive Questionnaire, assessment of prejudice & definition of nontraditional group status for use in research & diversity programs, minority group members, 5946
social norm activation, expression of prejudiced opinions regarding gay males & Blacks, college students, 1022
sociohistorical perspective on intergroup conflict & ingroup/outgroup biases in Whites vs Blacks vs other minority groups, 38520
speed of racial categorizations of ambiguous vs unambiguous targets, racially prejudiced vs nonracially prejudiced undergraduates, 35261
stereotyped & prejudiced evaluation of others, self-image maintenance & self affirmation, adults, 35268
stereotypical attributes for Whites & African Americans, questionnaire measures & stereotyping & prejudice affects, White college students, 18714
Preliminary Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
Premarital Counseling—Serials
participation vs nonparticipation in premarital counseling programs, marital outcomes & risk for marital problems, 18–35 yr old newlywed couples, 18 mo followup, 19848
Program Box Ritual technique, pre-marital & second marriage family counseling, case example, 27266
Premarital Intercourse—Serials
characteristics of dates leading to wanted vs unwanted sex & precise meaning of unwanted sex, male vs female community college students, 7561
demographic markers & sexual behavior & identification of individuals at risk for premarital sexual activity, 9th–12th graders, Canada, 29904
formal education & leaving school & nonfamilial work & living experiences, premarital sex, females, Taiwan, 11618
level of prior intimacy & knowing rape victim, judgments of acceptability of hypothetical nonconsensual intercourse, female vs male college students, 7557
secularization & religious affiliation & beliefs about premarital sex, regular vs infrequent church-going conservative Protestants vs mainline Protestants & Catholics, 1972–93, 35044
sex, attitudes toward premarital sex & sexual permissiveness & endorsement of sexual double standards, college students, US vs Japan vs Russia, 3702
Premature Birth—Serials
AB & nonreaching AB & Barrier Detour & Means-End/Perseveration task performance development, pre- vs full-term 28 wk olds, 32 wk study, implications for roles of brain development & environment, 25766
aluminum-depleted vs standard iv feeding solutions, neurologic development, preterm infants with gestational age
attachment relationships in home vs Strange Situation, avoidant vs secure vs ambivalent mothers & their pre- vs full-term infants observed at 8 & 12 & 18 mo of age, 3464

Brazelton Scale measured behavior & cardiorespiratory reactivity at 40 wks gestational age, term vs preterm infants, 18429
characteristics & developmental trends of rhythmical leg movements, low-risk vs brain-damaged 31–39 wk old preterm infants, longitudinal study, Italy, 8585
cognitive memory & processing speed, 11 yr olds born prematurely, 18510
crying patterns, preterm infants (aged 27–34 wks gestational age), longitudinal study, 31572
early intervention of 3-yr Infant Health & Development Program for low-birthweight premature infants, cognitive functioning & academic achievement & behavior problems, 8-yr-olds, 24132
effectiveness of Infant Health & Development Program & other interventions to reduce developmental & behavioral & health problems, low birth weight premature infants, 5 yr study, 16812
evaluation of protocol for structured observation of motor performance, preterm vs full term infants needing neonatal intensive care, Sweden, 1512
experiences & perceptions of preterm infants who did vs who did not require special care, 20–40 yr old mothers, England, 38575
father involvement with child from birth, intellectual & behavioral outcomes, 13–54 yr old fathers & their low birth weight preterm infants, 3 yr study, commentary reply, letter, 8503
father involvement with child from birth, intellectual & behavioral outcomes, 13–54 yr old fathers & their low birth weight preterm infants, 3 yr study, commentary, letter, 8472
health & neurobehavioral organization & cognitive development & maternal responsiveness & self perception & behavior & school achievement, 12 yr olds born premature, 12 yr study, 20586
hypothyroxinemia, neurologic & developmental outcomes, preterm infants, commentary, implications for prevention, 23299
hypothyroxinemia, risk of disabling cerebral palsy, preterm 2 yr olds, 23172
interactions with professional caregivers & feelings & perceptions of & psychological adaptation to preterm birth & neonatal intensive care, 20–39 yr old mothers & their 7–34 wk old children, England, 39995
intraoral sucrose vs glucose vs water stimulation, pain perception & crying & calming, premature vs preterm vs fullterm infants, 7189
lancing & squeezing of heel during blood sampling, oxygen saturation & behavior, preterm infants, Scotland, 9273
location memory & attention behaviors, preterm vs full term 2.5–6.5 mo olds, longitudinal study, 11400
maternal attention & stimulation, cognitive & language & daily living skills, high vs low-risk preterm 6 mo olds & their mothers, 6 mo study, 11392
mild to severe cerebral lesions at premature birth, sustained attention & monitoring, 6–8 yr olds, England, followup study, 19616
motor coordination & reading problems, perception of own competence levels, premature 6 yr olds with specific learning difficulties, England, 8371
nasogastric feeding, non-nutritive sucking, mean age 34 & 35 week preterm infants requiring respiratory support, conference presentation, 24051
nonnutritive sucking, oxygen saturation & behavior state & initiation & duration of 1st nutritive suck, preterm infants, 7186
patterns of occurrence in motor behavioral cues to levels of engagement, healthy full term vs preterm vs sick vs neurologically involved preterm 3 mo olds, 11331
perinatal & developmental & environmental factors, cognitive abilites, preterm 5 yr olds observed since birth, Switzerland, 29708
prefeeding stroking with vs without peri- & intra-oral stimulation, feeding & hospital discharge & nutritive intake & oral motor behaviors, preterm infants, implications for occupational therapy, 13472
prematurity & home environment & perinatal biomedical factors, IQ development, low to moderate risk preterm vs full term 3–8 yr olds, Hungary, 5 yr study, 22018
prematurity, maternal responsiveness & interactive style & toddlers' developmental outcomes, mothers & preterm vs full term 12–20 mo olds, 8 mo study, 22084
preterm birth & serious neonatal complications, subsequent competence & prevalence of behavior problems, nonhandicapped children assessed at 5–7 vs 7–9 vs 10–12 yrs old, 8489
prone positioning with vs without a positioning device, heart rate & respiratory rate & scapular position & behavioral state, premature infants, 32707
quiet vs active sleep state & health status & heart rate variables & 3-yr developmental outcome, healthy vs high risk very low birth weight infants, 19498
role in assessment & treatment of premature &/or medically compromised infants, psychiatrists, 32825
school & behavioral adjustment, prematurely born 7–8 yr olds of very low birth weight, Northern Ireland, 31444
self esteem & social support & relationship with significant other as predictors of depression, mothers of preterm infants, 26459
sleep states & psychological & neurological development & social environment, prediction of developmental disabilities, preterm vs fullterm infants, Czech Republic, 9 yr study, 21976
speech discrimination, auditory ERPs & mismatch negativity, healthy preterm infants, Finland, 18471
supplemental vestibular & tactile/kinesthetic & auditory & oral stimulation & intra- or extrauterine environment, behavioral organization, premature infants, literature review, 34756
swaddling vs standard care following blood sampling, facial activity & state of arousal & heart rate & blood oxygen-saturation, infants at postconceptional age 26–30 vs 31–36 wks, Canada, 43255
use of Bayley Scales of Infant Development-II with premature infants & related concerns, implications for state funding & neonatal intensive care early intervention, commentary, 28418
use of Bayley Scales of Infant Development-II with premature infants & related concerns, implications for state funding & neonatal intensive care early intervention, 28419
visual attention & memory for location & ability to change response set in object discrimination reversal task, premature 2 yr olds with vs without subependymal & mild intraventricular hemorrhages, 12672
visual search & visual motor perception & skill, healthy school age children born at 27–32 wks gestation, 22008

Premature Ejaculation—Serials

antidepressant drugs in treatment of premature ejaculation, 16612
definition & etiology & pharmacological & behavioral/psychological treatment of premature ejaculation, conference presentation, 31957
fluoxetine, male 24–62 yr olds with premature ejaculation, 32703
pelvic floor rehabilitation, degree of control of ejaculatory reflex, male 20–52 yr olds with premature ejaculation, 9548

Premenstrual Syndrome [See Premenstrual Tension]

Premenstrual Tension—Serials

content analysis of abstracts from "Psychological Abstracts" of studies on PMS or tension, 19525
cyclic dysfunction & workplace problems & PMS, perimenstrual vs postmenstrual vs non-menstruating female employees, 28200
depression & anxiety about pregnancy or delivery & acceptance of maternal role & feelings for baby during pregnancy & postpartum period, 17–42 yr olds with vs without premenstrual irritability, Japan, 23294
diagnostic criteria for & treatment of premenstrual dysphoric disorder, 4127
fenfluramine & serotonin deficiency, female with premenstrual dysphoric disorder, 30842

fluoxetine vs m-chlorophenylpiperazine, emotional & physical aspects of symptom response, female 28–44 yr olds with PMS and premenstrual dysphoric disorder, 32559
fluvoxamine, symptoms, 18–45 yr olds with premenstrual dysphoric disorder, 27408
hormones & sexuality & mood, 24–40 yr old females with vs without premenstrual complaints, 42713
nefazodone &/or sodium tetradecyl sulfate & leukopenia & fever & shaking chills, 45-yr-old female with premenstrual dysphoric disorder, case report, 36440
negative portrayal of PMS in popular magazines & self help materials, subsequent legitimization of PMS as medical phenomenon, implications for changes in gender ideology & role of feminism, 8476
optimism & social support & premenstrual dysphoria & dysfunction symptoms, 19–45 yr olds, 23252
paroxetine, females with premenstrual dysphoric disorder, 9169
PMS symptoms & frequency & quantity of over-the-counter analgesic use, persistence of analgesic use beyond premenstrual phase of menstrual cycle, college students, 24031
positive reframing & social support intervention, perceptions of perimenstrual changes & moods & personal resources & marital satisfaction, adult females, 18-wk study, 43293
premenstrual dysphoric disorder, perceptions of premenstrual females & self ratings of menstrual cycle-related symptoms, male vs female college students, conference presentation, 35548
prevalence of & contributions to cyclic & wk to wk affective change & premenstrual dysphoric disorder over 2 consecutive menstrual cycles, 20–64 yr old females, prospective study, conference paper, 35529
reduced GABA/benzodiazepine receptor sensitivity to benzodiazepines, 30–45 yr olds with PMS, 31633
reliability & validity & factor structure of Daily Symptom Report, assessment of mood & pain & behavioral & physical symptoms, 18–45 yr old females with PMS, 21048
sertraline vs desipramine, daily symptoms & depressive symptoms, female 18–45 yr olds with PMS, 5184
severity of menstrual cycle symptoms & laboratory measure of aggression, healthy females, 23249
side effects & efficacy of paroxetine treatment, females with severe PMS, 43265
symptoms & drug treatment strategies, premenstrual dysphoric disorder & anxiety disorders, literature review, conference presentation, 36000

Premorbidity—Serials

Barona modification of regression equations for Wechsler IQ scales, prediction of premorbid intelligence from demographic characteristics, 65–103 yr olds, Canada, 110
childhood behavior precursors of schizotypal personality disorder diagnosed in adolescence or adulthood, male vs female 9–20 yr olds, longitudinal study, Denmark, 19262
clinical & demographic & premorbid prognostic factors, schizophrenic patients, 5 yr prospective outcome study, 31052
dementia severity, premorbid intelligence estimation, elderly patients with Alzheimer's disease, 12639
estimation of premorbid intelligence & application to diagnosis of dementia, Word Accentuation Test, inpatients of geriatric ward (mean age 72.2 yrs), Spain, 28541
evaluation of Oklahoma Premorbid Intelligence Estimation, of patients with dementia vs traumatic brain injury vs cerebral vascular accident vs neoplasm vs epilepsy, 34026
existence & significance of prodromal symptoms of psychosis in schizophrenia, literature review, 4175
measurement of premorbid intellectual ability following brain injury, patients, 16361
monitoring prodromal symptoms as predictor of relapse, schizophrenic patients, literature review, 4158
pre-disorder personality, vocally disruptive behavior, institutionalized severely demented patients (mean age 85 yrs), Sweden, implications for provision of nursing care, 40139
premorbid adjustment & clinical symptoms & cerebral & ventricular volume & maternal obstetrical complications, 10–19 yr old males vs females with early vs late childhood-onset schizophrenia, 22820
premorbid functioning at developmental periods & over time, duration of untreated psychosis & related outcome, male vs female patients with 1st episode schizophrenia, Norway, 12047
premorbid history of depression, elderly patients with primary degenerative dementia of Alzheimer type with vs without depressive syndrome, 12698
premorbid intellectual functioning & cerebral metabolism, patients with Alzheimer's disease (mean age 67.8 yrs), implications for cognitive reserve hypothesis, 23362
premorbid personality characteristics, adults with Alzheimer's disease, 42818
premorbid personality, symbolic aspects of confabulation, brain injured patients, 12691
premorbid risk markers related to early etiological factors & latent mental illness, identification of vulnerability to schizophrenia & other psychoses, 12063
prewar characteristics & combat exposure & rank & theatre of engagement, postwar mental & physical health, male WWII veterans from Stanford-Terman data archives, 69 yr study, 22652
prior psychological symptoms & parent child relationship, PTSD & depression symptoms, 10–16 yr olds with vs without physical or sexual victimization experiences, 15 mo followup, 16006
self vs family reported premorbid personality traits, unipolar depressed vs bipolar vs schizophrenic inpatients, 30762
use & confusion in terms of early warning signs of impending relapse vs prodromal symptoms, patients with schizophrenia, 4143
validity of using subtest performance & demographic data in best performance fashion, estimation of WAIS-R premorbid intellectual functioning, 16–74 yr olds with vs without brain injuries, 14334
Wide Range Achievement Test-Revised reading scores & demographic variables & drug use severity, prediction & estimation of premorbid ability, cocaine abusers, 19382
Wide Range Achievement Test vs North American Adult Reading Test as estimates of premorbid intelligence, neurologically impaired adults, 14344

Prenatal Care—Serials

challenges experienced by nurses in prenatal & early childhood home visitation program, 28–50 yr old nurses & 13–26 yr old African-American mothers, 20252
clinical application of prenatal & early childhood home visitation program, 14 yr old expectant mother & 29 yr old nurse, 20253
demographic & locus of control characteristics & perceived social support & affect & prenatal care, female clients of nurse-midwives vs obstetricians, 5172
incidence of battering during pregnancy, delay in seeking prenatal care, White & Hispanic & African American females in public health & low income clinics, 24088
maternal ethnicity & age & education & parity & marital status & medical risk factors during pregnancy, prenatal care adequacy, 1989 birth cohort data, 16772
paraprofessional participation in prenatal & early childhood home visitation program designed for nurses, 23–54 yr old home visitors, 20250
predicted vs actual prenatal appointment keeping behavior, family practice physicians, 13234
prenatal & early childhood home visitation, emotion regulation & emotional availability in mother–infant dyad, 20259
provision of health care for childbirth & delivery & postpartum concerns for pregnant women with history of sexual abuse, advance practice psychiatric nurses & midwives, 16800
psychological benefits of singing lullabies to their unborn infants, pregnant females participating in maternal education groups, Spain, 27609
self-esteem & use of prenatal care services, African American adolescent females, 38410
smoking cessation intervention vs usual prenatal care, stages of smoking change at 1st & 2nd & 36th -wk prenatal visits, low income pregnant females, 5422

social support intervention by midwives during pregnancy, health outcomes, expectant mothers, 7-yr followup, England, 9323
Prenatal Development—Serials
adrenalectomy blockage of maternal stress induced corticosterone secretion, offspring stress induced corticosterone secretion & function of hippocampal corticosteroid receptors, male rats, 18143
alcohol, fetal development & pre-ovulatory oocytes, human females, 35811
augmented prenatal auditory stimulation, alteration of postnatal perception & arousal & survival, bobwhite quail chicks, 37810
conditions & effects of pre- & perinatal traumatization & need for early treatment, 1139
dermatoglyphic abnormalities & psychosis, adult monozygotic twin pairs concordant vs discordant for schizophrenia, implications for prenatal markers of etiology of schizophrenia, 26520
dietary prenatal alcohol exposure, development of blood brain barrier, pregnant female rats, 38148
dimethoxyidophenyl/aminopropane &/vs ritanserin, embryonic motility & viability & hatchability & umbilical herniation, fertile chicken eggs in early vs middle vs late embryogenesis, 11208
ethanol, development of vitreous humor & retina, chick embryos, 38085
fetal memory & correlation of & healing process for prenatal trauma & social violence, commentary, 15172
fetal memory & correlation of prenatal trauma & social violence, 15178
in utero & lactational exposure to coplanar PCBs or 2,3,7,8-tetrachlorodibenzo-p-dioxin, spatial learning & memory, rats, 38156
individual differences in neurobehavior functioning prior to birth, infant temperament, fetuses followed for 6 mos, longitudinal study, 18424
maternal emotional activation vs relaxation & heart beat of own vs other mother, heart rate & movement, infants in prenatal vs neonatal stage, 25687
memory & maternal reports of fetal activity, fetal hyperactivity & hypoactivity in later childhood, 41611
parity & prenatal effects, motor & sensorial development & body weight, fostered mice pups from 2nd vs 3rd litters, 21602
prenatal anxiety of mothers, personality & achievement motivation, music entrepreneurs born during World War II & junior high school students, US vs England, 22555
prenatal dermatoglyphic markers, monozygotic twins concordant vs discordant for schizophrenia, 12032
prenatal noise & light stress throughout dams' pregnancies, exploration in maze vs open field vs dark hole box, adult rat offspring, 10786
prenatal protein deficiency, inhibitory avoidance & escape behavior & anxiety, male vs female rat pups, 6571
prenatal protein malnutrition, playful & nonplayful social behaviors & nonsocial rearing, male vs female juvenile rats, 6473
prenatal themes in rock music, conference presentation, 3300
prevalence of antenatal depression & relation to thyroid antibody status, pregnant females, 35551
research in fetal sensory & motor capacities & behavior & role in developmental psychobiology, letter, 7163
role of selenium & iodine deficiency in fetal T3 & T4 thyroid hormone imbalances, development of neurological cretinism & dwarfism & mental retardation in Kaschin-Beck disease, 23397
use of telephone for hypnosis, reversing preterm labor, pregnant female at 26 wks, 15478
Prenatal Developmental Stages [See Embryo, Fetus]
Prenatal Diagnosis—Serials
constructions of choice in aftermath of positive prenatal diagnosis of fetal anomalies, pregnant females & their partners, 20193
education about maternal serum multiple marker screening delivered by genetic counselor vs pamphlet vs primary physician, anxiety & knowledge, pregnant females, 9324
informational booklet with vs without video on prenatal screening for genetic disease & developmental disabilities, information retention, pregnant women, 9302
predictive validity of prenatal biomedical risk vs biopsychosocial risk assessments of low birth weight, mother–infant pairs, Argentina & Columbia & Honduras & Uruguay, 37441
prenatal screening for & diagnosis of Down's syndrome, letter, 8394
Prenatal Exposure—Serials
acute & chronic in vivo & in vitro prenatal ethanol, heme oxygenase activity in hippocampus & frontal cerebral cortex & cerebellum, near-term fetal guinea pigs, 38088
acute ethanol intoxication on gestational day 8, spatial learning, 45 vs 90 day old male vs female rats, 7002
alcohol, fetal development & pre-ovulatory oocytes, human females, 35811
alcohol supplementation to high saturated fat vs high polyunsaturated fat with reduced vitamin E & zinc diets during pregnancy, offspring activity & head dipping, rats, 29498
aromatase inhibition of estrogen production, activation & sexual differentiation of male appetitive sexual behavior, male vs female Japanese quail deprived of steroids as embryos, 29504
behavior & mother's support of play, advancement of play, substance-exposed vs nonexposed 2–2.5 yr olds & their mothers, 39202
chronic gestational cocaine exposure, acquisition of operant behaviors, rhesus monkeys, 38136
chronic gestational cocaine exposure, maternal & infant outcomes, rhesus monkeys, 38135
chronic maternal ethanol exposure, brain development & hippocampal glutamate & NMDA binding sites, near-term fetal guinea pigs, erratum, 6810
chronic prenatal ethanol with vs without supplementary thiamine hydrochloride, neurobehavioral development & hippocampal histology, 1–45 day old rat pups, implications for deficiency mechanisms, 6814
cognitive & behavioral deficits, children of alcoholic parents or exposed prenatally to alcohol, literature review, 42547
cognitive & social & language & behavioral developmental outcomes, 3–6 yr olds with prenatal cocaine/polydrug exposure, 35817
cry analysis to detect subclinical effects of prenatal alcohol exposure, neonates, 22058
CSF spaces & risk of maternal exposure to influenza, schizophrenia patients, England, 31043
developmental effects of prenatal cocaine exposure, hippocampal synaptic plasticity & long term potentiation, 30–40 day old rabbits, implications for learning & memory, 6970
developmental lead exposure, cholinergic & catecholaminergic markers in septohippocampal pathway, rats, 4 mo study, 11109
dietary prenatal alcohol exposure, development of blood brain barrier, pregnant female rats, 38148
ethanol, development of vitreous humor & retina, chick embryos, 38085
exposure to influenza during second trimester of gestation, risk for adult major affective disorder, adults born in 1957, Finland, 35542
exposure to 1957 A2 influenza epidemic during gestation, increased risk of schizophrenia, adults, Ireland, retrospective cohort study, 4144
exposure to 1957 A2 influenza epidemic during gestation, increased risk of schizophrenia, adults, Ireland, retrospective cohort study, 22818
fetal alcohol exposure, performance of alternation task & expression of immediate early gene RNA in brain areas, female rats, 7010
fetal ethanol, corticosterone & ACTH stress responses to DST, rats, role of hypothalamic-pituitary-adrenal axis in hormonal hyperresponsiveness in fetal alcohol exposure, 7021
fluoxetine vs tricyclic antidepressants, IQ & language development, mothers & their 1.3–7.2 yr olds exposed in utero, 29809
fostering vs handling, hypothalamic-pituitary-adrenal axis development, alcohol exposed rat pups, 34625

functional analysis of positive vs negative behaviors, 3–4.5 yr old African-American prenatally drug exposed preschoolers & their 27–34 yr old mothers, 12226
g-irradiation, axial tail assymmetry, low birth weight pups, 34488
gestational PCB exposure, developmental neurotoxicity, children, literature review, 39351
in utero & lactational exposure to coplanar PCBs or 2,3,7,8-tetrachlorodibenzo-p-dioxin, spatial learning & memory, rats, 38156
in utero cocaine, nictitating membrane reflex parameters, 90–144 day old rabbits, 7049
in-utero exposure to heroin & home environment, long-term developmental problems, 0–6 yr olds born to heroin-dependent parents, Israel, 16087
intra-amniotic vasopressin, brain asymmetry during T-maze movements, rats, 34672
intrauterine cocaine exposure vs CNS injury, preference for stimulation in less vs more aroused conditions, 4 mo olds, 19615
intrauterine cocaine, visual looking preferences during arousal conditions & organization of attention, normal neonates prior to hospital discharge & at 1 mo old, 11151
left &/vs right hemisphere visual attention, 8–40 mo olds exposed vs not exposed to prenatal cocaine, 31312
massage therapy, weight gain & cognitive & developmental performance & stress, HIV exposed neonates, 20002
maternal gestational stress, adaptive & social behavior, 36–50 mo old adolescent rhesus monkeys, 21786
maternal glucose & lipid metabolism during 2nd & 3rd trimester, child's neuropsychological functioning, pregnant women with diabetes & those offspring at ages 7–11 yrs, 31623
maternal polydrug abuse & postnatal sleep architecture & efficiency, newborn infants with prenatal exposure to cocaine & other drugs, 1391
maternal prenatal alcohol consumption & cigarette smoking, cry characteristics, 3 day old infants, Ireland, 11459
maternal smoking during pregnancy, ADHD risk & IQ, 6–17 yr old males & their siblings, 12328
maternal smoking during pregnancy, ADHD risk & IQ, 6–17 yr old males & their siblings, commentary & reply, 42595
neonatal nonhandling & in utero prenatal stress, density of NADPH-diaphorase-reactive neurons in fascia dentata & Ammon's horn, rats, 41367
neonatal 6-OHDA, dopamine levels in striatum & nucleus accumbens & substantia nigra & ventral segmental regions & disruption of auditory gating with apomorphine vs amphetamine, rats, 7086
parental characteristics & perinatal & prenatal risk factors, specific language impairment, parents & their kindergarten children, 39349
play behavior, 1.5 yr olds with in utero cocaine exposure, 6 mo followup, 16080
pre- vs postnatal methadone & subsequent naloxone, physical dependence & behavioral development, rats, implications for management of pregnant opioid addicted females, 6959
prenatal &/vs postnatal ethanol, heart rate & motor & behavioral reactivity to ethanol odor, 16 day old rats, 580
prenatal alcohol & aging, brain stem auditory ERP assessed peripheral & central auditory dysfunction, rats at 6 vs 12 vs 18 mo old, model of fetal alcohol syndrome, 11115
prenatal alcohol & cigarette exposure, salivary cortisol adrenocortical reactivity to stress, 6 mo olds, 4 mo followup, 19384
prenatal alcohol, ACTH response of hypothalamic-pituitary-adrenal system to interleukins vs endotoxin vs turpentine & mediation by sexual maturation level, male vs female rats, 6965
prenatal alcohol during gestational days 17–20, motor responsiveness to alcohol odor, neonate rats, 6872
prenatal alcohol exposure, behavior & learning problems, 14 yr olds, longitudinal study, 42536
prenatal alcohol exposure in particular trimesters & child's IQ & nature & shape of relationship between exposure & achievement, 18–42 yr old mothers & their offspring, 72 mo study, 23055
prenatal anandamide vs stress, open field activity & catalepsy & hypothermia & analgesia & immune responses to anandamide vs delta9-THC vs no challenge, mice from day 13 to adulthood, 6893
prenatal cocaine, astroglial maturation, rats, 6853
prenatal cocaine, developmental status & mother child interactions, African American 2–5 yr olds, 23057
prenatal cocaine, discrimination learning as measured by responses to positive visual vs auditory cues, adult rabbits, 11197
prenatal cocaine exposure & genotype, intermale agonistic behavior, male mice, 34498
prenatal cocaine exposure & malnutrition, orientation to home nest material, rat pups, 11215
prenatal cocaine exposure, acoustic startle reflex excitability, rats, 6929
prenatal cocaine, increased motor activity patterns & decreased adaptive response, rat fetuses, dimensional conservation-variational relation theorem for chaotic dynamical systems, 7077
prenatal coexposure to metallic mercury vapor & methylmercury, motor & learned behavior, male rats, Sweden, 38100
prenatal d-methamphetamine exposure, behavioral & eye development, rats, 38071
prenatal ethanol & restraint stress, adult ejaculation & testosterone & LH, male rats, 15104
prenatal ethanol & stress in adulthood, lymphocyte populations, male vs female rats, erratum, 6906
prenatal ethanol, auditory discrimination & reversal learning assessment procedure, adult rats, animal model of fetal alcohol syndrome, 11128
prenatal ethanol exposure & early experience, home-cage & open-field activity, male & female mice, 38137
prenatal ethanol exposure, hippocampal theta activity, adult rats, 34644
prenatal ethanol exposure, memory in delayed alternation task, juvenile vs young adult vs adult male rats, 38140
prenatal ethanol exposure, parvalbumin-expressing GABAergic neurons of medial septum, adult rats, implications for fetal alcohol syndrome, 41497
prenatal ethanol expsoure, expression of cellular retinol binding protein & nuclear retinoic acid receptors, rat embryo or fetal brain tissue, 6913
prenatal ethanol, interleukin-induced fever & motor activity & plasma ACTH & corticosterone & food intake, male rats, 15108
prenatal ethanol supplemented with linolenic acid vs gamma linolenic acid, 20 & 22 carbon n-6 & n-3 fatty acids & adult brain & body weight & circadian activity & birth weight, mice, 7105
prenatal exposure to alcohol & marihuana, gross motor development, 3 yr olds, 8230
prenatal exposure to cocaine & interaction & attachment, mothers & their infants, literature review, 1997–1995, 26676
prenatal exposure to distress vs contentment calls, auditory learning, socially- vs isolation-incubated bobwhite embryos, 2940
prenatal exposure to influenza 3 mo before birth between 1947–69, typical vs atypical schizophrenic patients, Netherlands, 4186
prenatal exposure to magnesium sulfate, risk for cerebral palsy & mental retardation & infant mortality, 3–5 yr old very low birth weight cohort, 26360
prenatal exposure to multiple drugs & cocaine, language skills, male vs female 14–50 mo olds living in drug-free environment, 23063
prenatal famine, risk of schizoid personality disorder, adult males, Netherlands, 19198
prenatal lead exposure, motor behavior in schedule controlled task, squirrel monkeys 3 yrs old & older, 38142
prenatal low vs high dose alcohol, birth weight & passive avoidance learning & ambulation, rats, 6811
prenatal naltrexone, sexual behavior, male rats, 15016
prenatal nutritional deficiency, risk for schizophrenia, 24–48 yr olds, Netherlands, commentary, 35637

prenatal protein malnourishment, spatial navigation, male rats, 644
prenatal stress & social support & stress related neuroendocrine parameters, 18–42 yr old pregnant females, 29494
prenatal vs postnatal stress, behavioral reactivity to novelty & corticosterone secretion & spatial learning & memory, adult rats, 34630
programing & planning & self-regulatory behavior & verification & use of feedback, 9.7–18.7 yr olds with fetal alcohol syndrome or fetal alcohol effects, 8258
psychotropic medications, fetal outcome, pregnant females with psychiatric disorders, commentary on meta analysis, letter, 32496
rate of developmental delay in children with & without prenatal drug exposure & need for research to address other factors affecting child development, implications for foster care, 23155
regulation of arousal in affect & attention responses to novelty, 3 mo olds prenatally exposed to cocaine & other drugs, 8267
restraint stress, hypothalamic-pituitary-adrenal & adrenal beta-endorphin responses, fetal ethanol exposed rats, 11223
sodium arsenite & concurrent restraint stress, development & neurobehavior of offspring, pregnant female mice, 21787
stable vs unstable maternal social environment & stress in pregnancy &/vs lactation, female offspring courtship & play & social orientation & behavior masculinization & body weight, guinea pigs, 6527

Preoptic Area—Serials

androgenic neurosteroid interaction at GABA receptor complexes in medial basal hypothalamus vs preoptic area, lordosis & aggressive behavior, ovariectomized rats, 6894
beta-adrenergic mechanisms of norepinephrine & phenoxybenzamine & propranolol in medial preoptic area, sexual arousal & copulatory performance, male rats, 6979
dosage level of neurotension in preoptic area, pain sensitivity & thermic effects in hypothalamus & nucleus accumbens, female rats, 21614
electrolyte vs ibotenic acid lesion of lateral preoptic area, water drinking behavior, rats, 29356
environmental & social factors & hormonal condition & interactions with females, cage behavior & brain aromatase activity, male ring doves, 10849
galanin microinjected within medial preoptic nucleus, lordosis & mount behaviors, estrogen- vs testosterone-primed female rats, 21820
lesions to medial preoptic area vs bed nucleus of stria terminalis, copulatory behavior & noncontact erection, rats, 41340
maternal aggression & behavior, medial preoptic area lesioned male rats, 25490
testosterone, ultrastructure of dorsolateral neurons of medial preoptic nucleus, castrated male quail, 21685

Prepulse Inhibition—Serials

alpha-ethyltryptamine with vs without fluoxetine pretreatment, startle plasticity measured by prepulse inhibition & habituation, male rats, 21885
cigarette smoking, prepulse inhibition of acoustic startle reflex, 18–45 yr old male smokers, England, 15052
eyeblink startle inhibition & prepulse selective attention processing, 18.3–31.3 yr olds, 561
genetic differences, acoustic & tactile startle responses in a prepulse inhibition paradigm, male mice from 13 inbred strains, animal model of schizophrenia, 41295
glycine/NMDA receptor antagonist, reversal of deficit in prepulse inhibition, rats, implications for development of novel antipsychotic agents, 6835
nitric oxide inhibitor L-NAME & PCP & amphetamine, locomotor activity & prepulse inhibition of acoustic startle, male rats, animal model of schizophrenia, 38116
PCP analog dizocilpine, prepulse inhibition & facilitation of acoustic startle response, male rats, animal model of sensory gating in schizophrenia, 29500
prepulse effects, startle blink reflex & magnitude estimates of startle eliciting stimuli, 17.5–20.5 yr olds, 6764
prepulse inhibition, cortical excitability & response bias in auditory 2-tone discrimination task, 17–33 yr olds, Australia, 29436
prepulse inhibition magnitude & deficits in sensorimotor gating, male 7–15 yr olds with ADHD with vs without Tourette's syndrome, 1419
prepulse inhibition of acoustic startle response indicating sensory gating, vigilance & distractibility & attention, medicated patients with chronic schizophrenia or schizoaffective disorder, 4161
relation between abnormal prepulse inhibition & schizotypy, healthy 18–60 yr olds, 22945
serotonin antagonist MDL 100,907, serotonin receptor agonist-induced auditory & visual prepulse inhibition, male rats, 3263
serotonin receptor, startle reactivity & habituation & prepulse inhibition, serotonin receptor gene knockout vs wild-type mice, 41449
serotonin releasers, auditory & visual prepulse inhibition, male rats, 3230
startle stimuli presented alone vs preceded by tone prepulses vs prepulses presented alone, startle eyeblink reflex inhibition, college students, 41401
strychnine-insensitive glycine binding site of NMDA receptor in nucleus accumbens & anterodorsal striatum, prepulse inhibition of acoustic startle response, male rats, 29319
5-HT type 1B vs type 1D receptors, prepulse inhibition of startle response & locomotor activity, rats vs guinea pigs, 638

Presbyterians [See Protestants]

Preschool Education—Serials

child & family & environment variables & choice of assessments for evaluation of early childhood enrichment programs, 17131
child care & early childhood education systems & their changing economic & sociopolitical contexts, Sweden, 38569
cognitive readiness at kindergarten entry & parent involvement in preschool intervention program, academic achievement & grade retention, low income Black & Hispanic 6th graders, 5653
concensus on educational objectives for children as prerequisite for quality early childhood care and education, parents vs staff, Netherlands, 5621
critical issues in & significance & academic profiles of early childhood education institutions, Middle East & North Africa, implications for program planning, 33404
critical thinking in childhood & use of community of inquiry process in early childhood education & development of autonomous democratic personality, 15230
perceptions of role of outdoor environment in early childhood education & development, teachers, 20514
placement policy & identification procedures & placement options for community based child care, preschoolers with special needs, 5699
political & economic changes & past & present & future of early childhood education, Peoples Republic of China, 40335
social & economic change, child rearing & early education & community mobilization, local stakeholders, Kenya, 1 yr study, 38578
sociocultural & educaring approach to early childhood education, 20569
special education service issues, preschoolers with disability, People's Republic of China, 13830
status of early childhood care & education in rural vs urban areas, family & community members of 0–6 yr olds, South Africa, 38565
transitional prekindergarten intervention program, academic achievement, 4th–5th graders who were developmentally immature at kindergarten screening, 17120
trends in early childhood teacher education & educational beliefs, parents & teachers & primary school headmasters, Zimbabwe, 40387

Preschool Students—Serials

social skills & problem behaviors, prediction of academic success & promotion or retention, 60–93 mo old kindergartners at end of school year, 37022

Preschool Teachers—Serials
completion of coursework on childhood education & development, responsive vs restrictive verbalizations with young children, preschool classroom teachers, 17107
conceptions of professional development, early childhood education teachers, 20529
teacher control beliefs & child development knowledge & beliefs, educational action, 21–43 yr old female nursery school teachers & 2.6–4.3 yr old students, Belgium, strategy ratings appended, 13684
Prescribing (Drugs)—Serials
application of principles of Canadian Code of Ethics for Psychologists to key arguments in prescription privileges debate, Canada, 27934
attitudes to consulting pharmacists & preferences on sources of information on health & drug matters, 65+ yr olds, Wales, 39943
attitudes toward predoctoral prescription training for psychologists, directors of clinical training, 24425
attitudes toward training & credentialing in psychopharmacology & prescription privileges, clinicians, 9714
benzodiazepine prescribing patterns, general practitioners, Spain, 9041
case against prescription privileges, psychologists, commentary reply, 24497
case against prescription privileges, psychologists, commentary reply, 24494
child age & prescription of antidepressants with 0–12 yr olds, American Academy of Child & Adolescent Psychiatry members, 43152
choice of pharmacotherapy for treating major depressive disorder in 8 or 14 yr olds, clinicians, 4979
clinical judgment analysis of tacit & explicit policies in prescribing decisions for computer presented hypothetical cases, 31–55 yr old general practitioners, UK, 13519
common & public interest issues in prescription privileges for psychologists, commentary, 24495
competence & training criteria for & feasibility of psychopharmacology prescription privileges, psychologists, commentary on APA Task Force on Psychopharmacology, 24498
deletion of triazolam from drug formulary, changes in prescriptions for & use of triazolam, HMO providers & patients, 43339
Department of Defense Psychopharmacology Demonstration Project, training in prescription of psychotropic medications, doctoral level psychologists, 24446
development of guidelines & involvement of participation of medication recipient, prescribing according to exemplar guideline for hypertension in elderly, primary care clinicians, UK, 32710
hypnotic drug prescription patterns, adults, Italy, implications for general practice, 36411
implications of prescription priveleges for clinical psychologists, 27854
information about parameters & scope & rationale of prescriptive authority option, attitudes, psychologists, 24397
interactive educational & managerial intervention, prescribing practices for rhinopharyngitis, physicians, Mexico, followup, 17053
issues in prescription privileges, psychologists, commentary, 24496
legislated shift from mental hospitals to community services, neuroleptic prescribing practices in mental health services, psychiatric patients, Italy, 32861
patient preferences & scientific uncertainty & physicians' recommendations, prescribing patterns of postmenopausal hormone replacement therapy & collaborative decision making in primary care, 13163
patterns of prescribing antidepressants for depressed patients, general practitioners in primary care, UK, 5010
patterns of prescribing mirtazapine or sertraline or venlafaxine 1 yr after introduction, Netherlands, 36435
pharmacokinetic considerations in prescription of psychotropic drugs metabolized by genetically polymorphic cytochrome P450 2D6 isozyme, elderly patients, literature review, 39838
pharmacy & client & regulatory factors & physician practice, retail pharmacy prescribing, developing countries, implications for change in prescribing behavior, 16749
practical & conceptual arguments for & against prescription privileges & American perspective, psychologists, Canada, commentary, 9782
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, 9784
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, commentary reply, 9785
practical & conceptual arguments for & against prescription privileges, psychologists, Canada, commentary, 9796
preferred psychopharmacological treatment strategies for bipolar depression, psychiatrists, Canada, 32539
prescribing antipsychotic medications & quality of care, Black patients in psychiatric emergency services, 13406
prescribing of antipsychotic drugs, adults with learning disabilities, UK, 16620
prescription & administration of hypnotic medication, hospital residents with developmental disabilities, 12 mo study, Scotland, 1859
prescription privilege issues in combination of psychotherapy & psychopharmacology, 19717
prescription privileges & issues concerning ethics & training & psychology as science in its own right, psychologists, Canada, commentary, 9788
prescription privileges, psychologists, 24386
prevalence of stat vs prn prescribing practices & classes of pharmacological agents used, 6–17 yr old psychiatric patients at state vs private vs county-university hospitals, conference presentation, 32438
psychologists seeking prescription privileges & organic factors in functional mental disorders, 13523
psychotropic drug prescription in rehabilitation, chronic psychiatric patients, Hong Kong, 23938
psychotropic drug use & clinically relevant concurrent nonpsychotropic use, 65–109 yr old residents of board & care homes, commentary & implications for computer assisted therapy, 23895
restrictions & regulations by public health authorities & introduction of new medications, prevalence of psychopharmacological use & dispension, non-hospitalized Reykjavik residents, Iceland, 36457
role development & practice issues & outcomes measurement, psychiatric advanced practice nurses with prescriptive authority, 33286
sense of burden & financial constraints & incentives & use of prescription to cope with workload & perception of demanding patients, prescribing behavior, general practitioners, 13636
small group intervention vs formal seminar, knowledge about appropriate management of acute childhood diarrhea & prescribing practices, prescribers, 17059
sociodemographic variables & SES & social network & health & physician visits & psychiatric symptoms, use of prescribed & nonprescribed psychotropic drugs, 75 yr olds & older living at home, 13152
1987 OBRA regulations of & quality assurance for prescribing of psychotropics & responsibilities of physician & facility medical director & consulting pharmacist, long term care facility residents, 5345
Prescription Drugs—Serials
ambient sounds, accuracy of prescription filling, pharmacists, 24790
chronic antidepressant & concomitant use of & other prescription drugs, 15–84 yr old ambulatory care patients, longitudinal study, Sweden, 39197
dependency on benzodiazepines & other prescribed drugs, misuse & usage patterns, elderly, 20066
prescription drug insurance coverage & health status, prescription drug use, 55–75 yr olds, Canada, 43334
prevalence of stat vs prn prescribing practices & classes of pharmacological agents used, 6–17 yr old psychiatric patients at state vs private vs county-university hospitals, conference presentation, 32438

sociodemographic variables & SES & social network & health & physician visits & psychiatric symptoms, use of prescribed & nonprescribed psychotropic drugs, 75 yr olds & older living at home, 13152
use of nonpsychotropic & psychotropic prescription drugs, 1st time users of antidepressants, Sweden, 6 yr study, implications for excess drug use, 4990
use of prescription antidepressants or neuroleptics at time of death & incidence of suicide by poisoning, suicide victims, commentary, letter, 19290
use of prescription antidepressants or neuroleptics at time of death & incidence of suicide by poisoning, suicide victims, commentary reply, letter, 19301
verbal vs numerical mode of expression of medical labels, judgment of & choice for consumption of & perception of side effects for medical drugs, college students, Germany, 24027
Presenile Dementia [See Also Alzheimers Disease, Creutzfeldt Jakob Syndrome, Picks Disease]—Serials
clinical & neuropathological features of autosomal dominant inheritance of presenile dementia & hypokinesis & presence of prion protein abnormalities, family members, 16387
dementia vs other diagnoses & precipitants to referral & outcome & placement at discharge, 14–83 yr old memory clinic attenders, implications for non-geriatric neuropsychiatric services, 31809
idazoxan, executive function measured by SPECT & RT & verbal fluency & spatial working memory & category fluency & anxiety, adults (mean age 68 yrs) with probable Alzheimer-type dementia, 39809
multigenerational history & age at onset & neuropathological features, families with autosomal dominant non-Alzheimer's presenile dementia, case reports, 30954
presenile dementia & Alzheimer's diagnosis, 56 yr old female with Down's syndrome & unbalanced Robertsonian 21/21 translocation, case report, 4011
risperidone induced jaundice, male 54 yr old with presenile dementia & worsening aggression, case report, letter, 13165
Preservice Teachers—Serials
approaches to & role & value of teaching portfolios, university science preservice student-teachers, Australia, 20552
assessment of capability to teach students critical & analytical thinking skills applicable in major courses of achievement, 19–42 yr old preservice teachers at midpoint of education, 13685
attitudes toward & perceptions & understanding of cooperative learning, preservice teachers in senior yr, 36945
conceptions of energy, primary school teachers in preservice training programs, 40361
early field experience & methods course, concept of teaching-learning process & use of sports & games & other teaching techniques, preservice physical education teachers, 9833
literary text-based course in emotional & behavioral disorders vs professional text approach, attitudes toward teaching children with emotional or behavioral disorders, preservice teachers, 40354
mediated peer coaching, planning & organization & instruction & classroom management, preservice special education teachers, 43687
perceived problem solving ability & success vs failure feedback, attributions, teacher trainees, 40353
positive video portrayals of disabled persons & disability characteristics of professor, attitudes toward & integration of disabled students in regular classrooms, 18–60 yr old prospective educators, 33487
selection & use of vocabulary & comprehension teaching strategies, preservice teachers of secondary education content areas, 33377
teaching assessment course using portfolios & authentic performances, preservice college teachers, 36891
types & frequency of alternative conceptions of causes of seasons, preservice elementary teachers, 20510
values & beliefs concerning minority education & culturally responsive pedagogy, preservice teachers in multicultural classrooms, 1991–93, 20515
Presidential Debates [See Debates]
Pressoreceptors [See Baroreceptors]
Pressors (Drugs) [See Vasoconstrictor Drugs]
Pressure Sensation—Serials
lesions to postcentral face area, somatosensory thresholds, 11–55 yr olds with left vs right temporal vs frontal vs parietal lobe excisions to relieve cerebral seizures, 39919
Prestige (Occupational) [See Occupational Status]
Pretesting—Serials
Advertising Response Model in linking tracking to pretesting of attitudes toward commercial advertisements, 43882
pretraining & expansion of class size, learning new equivalence class formation using simple-to-complex protocol, college students, 21400
Pretraining (Therapy) [See Client Education]
Prevention [See Also Accident Prevention, AIDS Prevention, Crime Prevention, Drug Abuse Prevention, Fire Prevention, Preventive Medicine, Primary Mental Health Prevention, Relapse Prevention, Suicide Prevention]—Serials
additional cost of skills training vs offset medical costs, HIV intervention program, homosexual & bisexual male adults, 32169
age & smoking status & participation in out of school activities, young people, Great Britain vs Netherlands vs Spain, implications for smoking prevention, 13698
alcohol related outcome expectancies & drinking behavior, primary & secondary prevention of problem drinking, 43284
altering food texture, prevention of precipitous weight loss, 74–93 yr olds with behavioral intolerance to food texture & dementia, 19592
assessment & intervention of awareness deficits in Alzheimers disease, 31751
attitudes toward need for & development & content & delivery of programs to educate adolescents about drinking & driving, 15–24 yr olds in focus groups, 27784
audio/visual production techniques & guided participation with adult co-viewer, attention to & comprehension & learning of video-based sexual abuse prevention programs, 42–60-mo-old preschoolers, 33397
beliefs & behaviors & theory development for health promotion & illness prevention, Chinese 60–90 yr olds, 20132
causes of & cognitive & behavioral interventions for treating & preventing violence, youth offenders & victims & witnesses, 26728
changes in medical education structure model to include health care system contribution to intimate partner abuse prevention, 24451
characteristics & effectiveness of paracetamol overdoses & potential deterring factors, 13 yr olds & older, England, commentary, 4329
characteristics of preventive interventions in infancy, literature review, 31942
chronic nonsteroidal anti-inflammatory drugs, cognitive status, elderly inpatients, implications for prevention of cognitive decline, 9249
cognitive behavioral vs brief counseling, reduction in sexually transmitted disease risk behaviors, 18–35 yr old heterosexual public health clinic patients, 3 mo followup, 32119
community based youth violence prevention project, knowledge of & attitudes toward violence, adolescents, 1 yr followup, 20230
comprehensive prevention program vs information only, skin cancer knowledge & sun-safe attitudes & beliefs & behaviors about sun exposure, mothers of 6 mo–10 yr olds, 12 wk followup, 16791
conceptual themes of research on prevention of mental disorders, National Institute of Mental Health report, 1994, 9329
consideration of risk & social competence & multiculturalism, enhancement of health promotion & primary prevention programs, special education students, 16777
crisis stages & prevention & treatment, 32737
critical role of behavioral & social sciences in mission of Centers for Disease Control & Prevention, 20196
curriculum outline for education in psychiatric residency programs, prevention of physician-patient sexual misconduct, 33216

debriefing, stress reactions after sinking of Estonia, ferry personnel, Finland, 31114
decision balance, assessment of implementation of comprehensive secondary mental health prevention programs, general practitioners, 13224
definition & concepts of prevention & research recommendations, Institute of Medicine report on prevention of mental disorders, 1994, 9322
definition of health & disease promotion & protection behavior & health & healthy lifestyle, health promotion researchers, 43289
demographic characteristics & degree of acculturation, perception of causality & preventability of injury, acutely injured Hispanics, 1521
development & emergence & Dutch & UK models of & methods in harm reduction, implications for treatment of addictive behaviors, 8133
development of "Care for Kids" sexual education & abuse prevention & adult responsibility program, Canada, 29895
developmental principles of conflict resolution & peer mediation in violence prevention programs in elementary & middle schools, 10023
diagnosis & differential diagnosis & treatment & prevention of tardive dyskinesia, 36494
early detection & prevention in school-based service systems, children with or at risk for emotional & behavioral disorders, 1204
Early Psychosis Prevention & Intervention Centre 2nd generation model of prevention of delay in treatment of early psychosis, 13255
eating disorders prevention program designed to improve nutrition & exercise behavior & to promote self-acceptance & body esteem, promotion of media analysis & resistance skills, 9–11 yr old students, 33405
educational & service delivery factors in Health Resources & Services Administration family violence prevention strategy, 24118
empirically derived social support intervention, low birthweight, pregnant African American females, 36653
environmental psychology approach to disease prevention & health promotion, adults, 9327
ethnographic methods for developing diabetes prevention program for isolated Indian community based on sociocultural context & underlying belief systems, 20077
evaluation of eating disorder prevention program on campus, 17–20 yr old female college students, 32821
evaluation of educational program for primary prevention of low back injury, postal workers & supervisors, 43279
evaluation of parent education program for prevention of child maltreatment, 11–20 yr old mothers & their 3–5 yr old children, 3–5 yr followup, 40076
fear & visualization of invisible in health screening, management of blood cholesterol levels, 40 yr old males at risk for heart disease, Sweden, 9332
feminist informed prevention program, prevention of body weight & shape preoccupation among in schools, young female students, 33419
framework for community-based youth violence prevention program planning, 36712
function of epidemiology in the construction & evaluation of prevention programming & prevention of communication disorders, 37661
generalized estimating equations method, analysis of within-cluster correlation in regression models with continuous & binary outcomes, application to prevention program effectiveness evaluation, 6146
healthy adolescent development & disease & violence & drug abuse prevention & health education & responsible sexuality & preparation for parenthood & health services, 34910
highlights of behavioral research & surveillance activities in domestic violence & tuberculosis & HIV prevention & occupational health at Centers for Disease Control & Prevention, 20171
history & current activities & effectiveness of child abuse prevention programs in Alaska & Vermont, 36711
hypothyroxinemia, neurologic & developmental outcomes, preterm infants, commentary, implications for prevention, 23299
income tax checkoffs for funding child abuse prevention programs & patterns of donations, 1991–92, 5234
interrater reliability & concurrent validity of typology of prevention activities & applications in community coalition prevention plans, 16785
intraclass correlation among tobacco use measures & application to intervention studies, 8th–10th graders, 25132
knowledge- & cognitive-behavioral skills-building prevention intervention, sexually transmitted disease & HIV knowledge & prevention of risky sexual & substance use behavior, 13–17 yr olds, 27957
knowledge & attitudes & subjective norms & thoughts about mental illness prevention, male vs female 8th vs 11th graders, Canada, 16795
modular antitobacco community intervention approach with antitobacco & family communication activities, youth & parent tobacco knowledge & youth tobacco related attitudes, 6th & 8th graders & parents, 9300
need for inclusion of parents in programs for prevention of eating problems & disorders, child & adolescent daughters, 32748
noncoital sex as educational strategy for prevention of sexually transmitted diseases & pregnancy, adolescents, 36644
operation & effectiveness of Hana Like family centered child abuse prevention program & universal home visiting program model, 36716
overall health & efficacy of practical interventions in preventing major causes of morbidity & mortality, postmenopausal females, discussion of Women's Health Initiative, 20180
parental tobacco smoking & antismoking socialization, offspring smoking onset risk, 3rd & 5th graders & their parents, implications for preventive intervention, 26063
parenting skills & child abuse prevention community based programs, Boulder County, Colorado, 36717
patterns of alcohol use & related problems, 7th–12th graders, 11 yr study, implications for drinking prevention, 41955
perceptions of policy for prevention of child sexual abuse, children's charities vs survivors & survivors' organizations, implication for social workers & need for interagency collaboration, 9403
perspectives on biological & psychosocial directions in prevention & treatment of schizophrenia, 26526
predictors of osteoporosis prevention behaviors of calcium intake & exercise participation, female college students, 24063
prevalence & effectiveness of self regulatory techniques to avoid drunk driving, adults (mean age 39.73 yrs), 24068
prevention of eating disorders among athletes, 31519
prevention of family & intimate violence, medical & public health professionals, 24145
preventive approach to relationship distress & dissolution, married couples, 43025
primary & secondary & tertiary intervention strategies to reduce workplace stress & promote stress management & provide employee support programs, 39875
primary prevention & screening test rates & patient characteristics, 52–77 yr old primary care patients, 43291
prophylactic treatment & indications for & efficacy of antidepressant & psychotherapy maintenance treatment of recurrent & nonrecurrent major depressive disorder, 23518
protective vs risky motorcycling opinions & behaviors, licensed vs unlicensed 18 yr old motorcyclists, New Zealand, 5850
provision of comprehensive & integrated education in prevention of & intervention in family & intimate violence in medical school curricula, medical students, 24421
psychometric properties of Imposed Mechanical Restraint Inventory, assessment for prevention of infliction of physical injuries to self or others, 12–78 yr olds with mental retardation, Netherlands, 34008
psychosocial impact of infertility & its treatment on couples' sexual lives & primary & secondary preventative measures in context of infertility clinic, 24030
public health perspective on prevention of anxiety & depression, 38947

reasons for smoking & perceptions of effective smoking prevention strategies, African American vs Latino vs other 7th graders, 5418
regulatory focus &/vs valence, promotion vs prevention, strategic inclinations in task performance & problem solving & decision making, undergraduates, 25251
replication of community initiative to prevent adolescent pregnancy, 9434
research agenda for prevention of mental disorders, implications of National Institute of Mental Health & Institute of Medicine prevention reports, 1994, 9313
research on prevention of mental disorders, Institute of Medicine & National Institute of Mental Health reports, 1994, 9296
resilience, successful implementation of prevention programs, schools at risk for program failure, 40500
risk factors & preventions for anxiety disorders, children, 15990
risk factors for & treatment & prevention of physical child abuse, 8089
role of nations & nongovernmental organizations & individuals as active bystanders in help & care & prevention of violence & mass killings & genocide, 22208
role of parents as protectors & prevention guidelines for child sexual abuse, 19310
role of psychological theories & methods & behavioral scientists in public health efforts of Centers for Disease Control & Prevention, 20190
role of workplace in development & successful rehabilitation & prevention of musculoskeletal disorders, female 20–55 yr old industrial workers, 5430
school-based child protection program effectiveness, children with vs without low SES, 1 yr followup, New Zealand, 27958
school-based model for prevention of eating disorders, adolescents, Norway, 42669
school-based prevention programs & Head Start, interaction & social behavior, 4–5 yr olds at risk for antisocial behavior, 28086
school based primary prevention programs, normally functioning primary & secondary school students, literature review, 20686
school exclusion vs in-school suspension & prevention model for development of school based social skills, behaviorally disturbed students, literature review, 1975–95, 20671
self reflective & evaluative understanding of preventive health behaviors & attitudes & well roles, adults, 1957
sex & likelihood of burning, knowledge & beliefs & attitudes & behavior relevant to sun protection & suntanning, 12-17 yr olds, 5221
sex, implementation & evaluation of violence prevention program, elementary school students, Canada, 40385
short term preventive intervention, parental sensitivity & representation of attachment & security of infant–parent attachment, 29 yr old mother of 11 mo old girl, 32265
small group school based program, school performance & hyperactive & withdrawal behavior, 6–7 yr olds with family history of alcohol abuse & risk of school failure, 36955
smoking-related beliefs & attitudes, smoking status & experimental smoking, 12–18 yr old regular vs experimental vs nonsmokers, implications for smoking prevention, 30318
social support provided by court referred program for prevention of delinquency, recidivism, adolescents, 20377
staff use of intervention strategies for preventing aggressive episodes, inpatients in closed psychiatric admissions ward, Netherlands, 33002
stress management program, injury prevention & stress levels, 14–25 yr old gymnasts, 13129
suggestions & reasons for school-based eating disorders prevention, 33436
sustained effects of clinician facilitated vs lecture psychoeducational preventive interventions, 8–15 yr olds & their parent with affective disorder, 32734
titled peer collaboration structured dialogue method as means of developing alternative classroom interventions, teachers of students at risk for academic failure, 5575
treatment & prevention of soft tissue & joint dysfunctions caused by working conditions, health & human service workers, 10142
treatment vs prevention of & policy for eating disorders & obesity, 8406
updated conception of response expectancy theory & its applications in treatment & prevention, research review, 25345
views on prevention of mental disorders, 9325
violence prevention curriculum, knowledge & attitudes toward abuse of women, male vs female 7th grade health education students, 9873

Preventive Medicine—Serials

amount of sun exposure & practice of sun protection & cognitive & psychosocial correlates of sun exposure, tanners vs recreators, 20139
barriers & motivating factors to adoption of mammography screening, 45–65 yr old Chinese females, Singapore, 16770
factors affecting rates of participation in stroke prevention clinical trials, African Americans, 13192
health prevention goals & amenability to intervention, chief local health officers of most vs least economically stressed cities, 16778
introduction to special feature in "Health Psychology" on psychological & behavioral studies in cancer prevention & control, 13181
model-informed approach to promotion of adherence to piroxicam cancer prevention, 47–73 yr olds with history of adenomatous colon polyp, 16726
psychosocial & cognitive–affective variables as barriers to early diagnosis & treatment of human papillomavirus infection & cervical cancer treatments, 31704
resources & information available for career options in primary prevention of mental disorders & promotion of mental health, college & graduate students & mid-career medical professionals, 17054
role of sociocultural & behavioral factors in transmission of mosquito borne lymphatic filariasis, Thailand, implications for risky behavior & prevention & treatment, 8484
utility of theory of reasoned action vs planned behavior to predict behavior regarding delivery of preventive services for sexually transmitted diseases to adolescents, physicians, 2129

Price [See Costs and Cost Analysis]

Pride—Serials

hubris in biblical myth & psychoanalytic practice, conference presentation, 30628
maternal positive vs negative feedback & pride & shame, maltreated vs nonmaltreated male vs female 4–5 yr olds, 12138
organizational climate perceptions vs biographical factors, prediction of job satisfaction & pride in organization, public sector employees, 5774
pride & respect, self esteem & group behavior, college students & sorority members, 22492
psychometric properties & construct validity of Criminal Sentiments Scale-Modified & Pride in Delinquency scale, measurement of criminal attitudes, 19–59 yr old incarcerated male offenders, Canada, 28455
role of pride in economic situations, 37245
social regulation processes in felt vs verbally communicated emotions in response to pride events, college students, Italy, 3775
temperament & parenting antecedents, individual differences in pride & shame reactions following success or failure, 10-mo-old boys, 27-mo study, 41684

Priests—Serials

child sexual abuse treatment program integrating spirituality & role of female therapists, male Roman Catholic priests or brothers, 36563
contact with psychiatric patients & community mental health services, priests, Norway, 23555
expectations & perceptions of personality traits of Roman Catholic priests, college students (mean age 19.25 yrs) vs applicants to priesthood (mean age 29.0 yrs), 41844
personality & cognitive functions, hospitalized 22–74 yr old Roman Catholic priests who sexually abused minors, 31247

religiosity & help seeking behavior for emotional problems addressed to priests vs to general practitioners or psychologists or psychiatrists, rural vs urban residents, Norway, 31983

Primacy Effect—Serials

atropine sulfate, primacy & recency effects in serial probe recognition task, rhesus monkeys, 38084

history of lung cancer presented at beginning vs end of clinical vignette, diagnosis of transient ischemic attack vs brain tumor, 32–80 yr old family physicians, test of belief-adjustment model, 23241

item associations strengthened by time exposure &/vs confounded by output-order bias in categorizable item lists, cued item recall, college students, Germany, test of list-strength effect, 37763

primacy & recency of evidence & reasoning, burden of proof in argument, adults, 21324

right vs left & early vs late changes in orientation or size of repeated object, later memory of attribute, young adults, 25295

serial position vs word frequency, primacy effect in free recall & word stem completion & implicit memory, college students, activation-elaboration role in dissociation effects in connectionist models, 28972

verbal vs auditory vs visual stimulation, primacy effect in free recall for stimulus materials, college students, 2884

Primary Health Care—Serials

acceptance of psychosocial therapies for depression vs stress vs medical problems, primary care patients, 5247

adequacy of physicians' screening for HIV risk & general preventive health care, primary care patients, 24153

age & history of back or neck or abdominal complaints & frequency of consultation, somatization vs symptoms of psychiatric disorder, 20–44 yr old general practice patients, Netherlands, 5274

age & sex & somatization, illness behavior, primary care patients presenting with new vs continuing physical vs psychiatric illnesses, 23284

alexithymia & psychological distress, 18–64 yr old frequently attending primary health care patients, Finland, 24121

alternative approach to reattribution techniques in primary care, somatizing patients, 32802

assessment & treatment of major depression in primary care settings, literature review, 19169

assessment in primary health care setting, impact of relationships among doctor & client & counselor & time & money factors, 13219

attitudes toward health & mental health collaboration between social work psychosocial services & rural primary care practice, rural primary care physicians, 32775

barriers to diagnosis & treatment in primary care settings, elderly patients with depression, conference presentation, 32871

BATHE interview technique for inquiry & treatment of psychosocial problems by primary care physicians, conference presentation, 36678

brief trauma questionnaire as nonobtrusive screening method for identification of problem drinking & effectiveness of brief behavioral counseling, 30–60 yr old primary care patients, Canada, 27669

case load & family medicine & HMO affiliation & rural practice & age, gatekeeping for psychosocial problems & contact with social workers, primary care physicians, 9368

causes of job satisfaction & occupational stress in primary health care centers, physicians, Saudi Arabia, 2124

clinical characterization of depressive & anxiety disorders & prevalence & diagnosis of bipolar II disorder & related subtypes, patients seen in family practice setting, 32822

clinical effectiveness & cost-benefit of problem-solving treatment from community nurses, primary care patients with emotional disorder, 36547

communicative competence during primary care medical interview, patients & family practice residents & physicians, 20163

comorbidity with major depression & health care treatment & cost considerations, generalized anxiety disorder in primary health care, literature review, conference presentation, 35678

competing demands & identification & management of depression in primary care settings, clinicians, 36673

composition of consultations with government primary health care physicians & satisfaction ratings, patients, United Arab Emirates, 32803

computerized interview instrument, assessment of perceptions of general practice care, patients & general practitioners, Australia, 6082

cost & effectiveness in stimulating change of patient opinion surveys in general practice & patient care, medical audit advisory groups & family health services authorities, England & Wales, 32804

cross cultural perspectives on somatization, primary care patients, 14 countries, conference presentation, 39370

current working relationships with mental health professionals & attitudes toward developing closer working practices with psychiatrists in primary care settings, general practitioners, Australia, 5249

demographic & clinical & interaction predictors of missed appointments for psychiatric consultations in primary care clinic, patients & referring physician or clinician, retrospective study, 20172

development & initial evaluation of community oriented primary adolescent care program in family practice setting, 12–18 yr old boarding school students, Israel, 16808

development of abridged threshold of somatization to screen for psychopathology in primary care settings, 32797

development of consultation liaison psychiatry fellowship program in outpatient primary care, fellows, 33223

development of guidelines & involvement of participation of medication recipient, prescribing according to exemplar guideline for hypertension in elderly, primary care clinicians, UK, 32710

development of program in primary care psychiatry, 32839

developmental process for DSM for Primary Care Child & Adolescent Version, commentary, 38880

diagnosis & treatment of primary care depression, 37–61 yr old general practitioners, England, 7930

diagnosis in primary care settings, late life depression patients & elderly suicide victims, conference presentation, 32784

diagnosis of mental disorders with Composite International Diagnostic Interview in primary care settings, Europe & Middle East & North & South America & Asia & developing countries, 4000

discrimination of dementia in elderly from other psychogeriatric disorders, primary health care nurses, 19650

education about maternal serum multiple marker screening delivered by genetic counselor vs pamphlet vs primary physician, anxiety & knowledge, pregnant females, 9324

epidemiological research in primary care, 42714

epidemiology & health care costs & screening methods & diagnosis of anxiety disorders, drug treatment algorithm for primary care physicians, 36456

evaluation of the Components of Primary Care Index & its association with satisfaction, patients of family physicians, 37517

evolution of primary care geriatric psychiatry program with clinical activity based on consultation-liaison work, fellows, 33210

experience based assessment of DSM for Primary Care Child & Adolescent Version, commentary, 38861

exploration of behavior exhibiting gender identity issues in visit to primary care pediatrician, 6 yr old male, commentaries, 38411

factors in decision to choose consulting biomedical vs traditional primary mental health care providers, 15–70 yr olds with conspicuous psychiatric morbidity, Zimbabwe, 32922

family systems theory approach to treatment by pediatric clinicians in primary care medicine, 9-yr-old male with attention deficit disorder, case report, commentaries included, 32246

feasibility of dietary & physical activity assessment tools for use in general practice, 10510

features of language concerning aggression & violence at work, primary health care staff, England, 36900

form & frequency & course & outcome of common psychological problems & role of comorbidity in disorder recognition & likelihood of receiving treatment, adult primary care patients, 13264
frequency of suicidal ideation, 60 yr old & older primary care patients, 22963
general practitioners' referral behavior & specialists' attention to dysfunctional cognitions, health care seeking in primary care, patients with irritable bowel syndrome, Netherlands, 32866
guidelines for & example of design & curricular content for psychiatric-primary care nurse practitioner program, 27863
health care & quality of life issues & psychological assessment in relation to primary care & support group services, individuals with Turner's syndrome, 26885
health care utilization before vs after participation in trauma research study, female primary care patients, 39616
health status & perceived loneliness & morale & physical & mental disability & use of primary care & social services, acceptance of home visit, 75 yr olds & older, 2 yr follow-up, 32814
hypnotherapeutic methods in pediatric primary care, 5–18 yr olds, 13106
identification & prevalence & treatment of mental health problems by primary care providers, children & adolescents, literature review, 1979–94, 27653
identification & treatment of depression in primary care, 36684
illness recognition & resistance to psychiatric intervention, patients with obsessive-compulsive spectrum disorders, implications for primary care physicians, 26559
increased access to care before & after discharge, number & days of rehospitalization, veterans with diabetes vs chronic obstructive pulmonary disease vs congestive heart failure, 6 mo followup, 2048
job security & economic factors in health care environment, speciality preference & choice, senior medical students, letter, 13560
knowledge about upper respiratory tract infections & expectations from consultation, adults & guardians of child & adolescent patients, Hong Kong, 8455
Knowledge-Attitudes-Practice information transfer model of patient management, community primary care workers, Sweden, 40248
leadership training in Community Oriented Primary Care model, self efficacy in initiation of activities, 61–87 yr old senior center members, 13191
managed care health care delivery, development of primary care psychiatry programs in departments of psychiatry, 1983
managed care strategies & quality & cost-effectiveness of treatment & patient outcome & treatment of depression in primary care settings, 31991
mastery oriented course on nursing in primary health care, self directed learning readiness, 21–56 yr old nursing students, 17029
mental health consultative linkages & rurality & availability of mental health specialty care, use of ambulatory & mental health care by HMO providers & mental health hospitalizations, patients, 5282
methodological issues in evaluation of screening instruments for mental disorders, primary care patients, 28493
methods for evaluating shifted outpatient vs consultation–liaison vs other models of working at primary care & secondary mental health services interface, literature review, commentary, 40003
methods for evaluating shifted outpatient vs consultation–liaison vs other models of working at primary care & secondary mental health services interface, literature review, 36670
optimal primary care at regular place of care, perceptions of access to care, 18–64 yr olds, 32858
outcomes of depressive disorders in elderly patients in primary care & specialty medical services, literature review, conference presentation, 32789
outpatient geriatric evaluation & management vs usual outpatient primary care, health care utilization & cost, outpatients aged 55 yrs and older, 24 mo study, 40073
patient & clinician obstacles, diagnosis of anxiety disorders & comorbidity in primary care, conference presentation, 35683
patient & physician barriers to the recognition & understanding & treatment of depression in primary care settings, 30834
patient education & adherence to treatment & models of collaborative management among psychiatrists & psychologists & primary care physicians, depressed patients, 31962
patient factors, use of preventive interventions for alcohol abuse by primary care physicians, male vs female White vs Black vs Mexican American 18–86 yr olds, 5425
patient preferences & scientific uncertainty & physicians' recommendations, prescribing patterns of postmenopausal hormone replacement therapy & collaborative decision making in primary care, 13163
patterns of prescribing antidepressants for depressed patients, general practitioners in primary care, UK, 5010
perceived causes & procedures & reasons for improvement, satisfaction with family physicians' medical care, 18–65+ yr old dyspepsia patients, 39381
personal health care needs & problem solving & diagnostic uncertainty in context of sustained partnership with patients & families & communities, family physician vs specialist, 13263
physician & patient characteristics & satisfaction, communication patterns, 25–64 yr old primary care physicians & their 21–94 yr old patients, 24485
prevalence & clinical characteristics of somatization, primary care patients, Spain, 5268
prevalence & criteria & diagnosis & treatment of panic disorder, implications for primary care physicians, 8027
prevalence & distribution & treatment & functional impairment associated with psychotic symptoms, 18–70 yr old primary care patients, 27089
prevalence & management strategies in primary care services, postnatally depressed females, Sweden, 9393
prevalence & recognition of panic states & treatment & costs, patients presenting with chest pain in primary care settings, 39082
prevalence & treatment issues raised by epidemiologic studies, persons with mental & addictive disorders, US, implications for primary care, 16434
prevalence of social phobia, primary care patients, 4215
primary care & patient education for treatment of acute & major depression, conference presentation, reprint, 5108
primary care physician recognition of hypochondriasis & somatizing characteristics, medical clinic outpatients, 5257
primary health care & psychiatry & mental health programs, 36687
primary health care benefits from cooperation between religious & psychiatric fields, commentary, letter, 42890
primary health care benefits from cooperation between religious & psychiatric fields, 39605
primary health care delivery & interrelationship between primary & social care, people with learning disabilities, implications for quality of services, 5233
primary physician & psychiatrist detection of problem drinking, females, 31300
primary prevention & screening test rates & patient characteristics, 52–77 yr old primary care patients, 43291
principles of collaboration, health & mental health providers in primary care, 32826
professional identities & roles & relationships, case managers in demonstration projects focusing on use of primary care physicians with elderly patients, 16858
provision of primary health care for adults with learning disabilities, general practitioners & nurses & optometrists, England, 24143
psychiatric consultation intervention, patient's subjective well being & general practitioner's satisfaction with relationship with neurologists, 18–65 yr olds with low back pain, 20094
psychiatric diagnoses & service satisfaction, patients referred to consultation-liaison psychiatry service provided by general practices (mean age 39.76 yrs), 32787

psychiatric interventions to improve primary care diagnosis & treatment of depression, implications for geriatric depression, conference presentation, 32830
psychiatrists' role as primary care providers in state & Veteran's Affairs facilities & current policies, commissioners of mental health & chiefs of psychiatry, 40249
psychiatry's changing role in primary health care, implications for psychiatry training programs' curricula, 12729
psychologists' role in integrated primary medical care delivery systems, 9678
psychosocial talk & barriers in 1st-time primary care medical encounters, physicians & elderly patients, 24117
public health psychiatry & clinical neuroscience & primary care models for future of psychiatry, 19685
purpose & development of DSM for Primary Care Child & Adolescent Version, commentary, 38856
quality indicators to establish guidelines for managed primary mental health care within public health perspective & issues of concern for consumers & families & providers & payers, 43324
quality of life & goal attainment as measures of counseling outcomes & perceptions of significant events in counseling, 15–65 yr old clients in primary care, 39643
recognition & treatment of late-life depression in primary care, literature review, 32785
reimbursement implications of using DSM for Primary Care Child & Adolescent Version, commentary, 38869
research & methodological issues in evaluation of counseling in primary care, literature review, 31945
role of primary care physician in mental health treatment of panic disorder in managed care environment, 27651
satisfaction with & perceived need for & level of psychiatric training in internal medicine residencies, primary care & categorical training directors, 5499
screening for anxiety disorders & drug abuse & depression, prevalence & identification of suicidal ideation in primary care setting, patients, 16031
Social Problem Questionnaire test–retest reliability, primary care patients, Italy, 28409
sociodemographics & severity of illness & diagnostic distribution & psychopathology, primary care patients classified as somatizers vs psychologizers, Spain, 5256
solution-focused approach to primary health care education, female Pakistani immigrants, Norway, 43273
somatic symptoms & psychological distress, 18–65 yr old primary care patients, Europe vs Asia vs South America vs Nigeria vs United States, 29486
standards for monitoring therapeutic levels of lithium in general practice vs psychiatric outpatient settings, psychiatric patients, England, letter, 5281
structures & problems & values of teamwork in primary health care & ways to encourage team working, counselors, 23557
sustained partnership in clinician patient relationship, quality of primary care, 13250
teaching psychiatry in primary care using J. J. Strain's 6 educational models, 27877
test validity of Arabic version of General Health Questionnaire-30 & General Health Questionnaire-12, 16–65 yr old primary health care patients, United Arab Emirates, 28570
therapeutic process in primary care & satisfaction of aims of health care, 13245
training in use of Physician-based Assessment & Counseling for Exercise materials, counseling patients about physical activity, primary care providers & office staff, 24439
transitional experiences during 1st yr of primary care practice after graduation based on "From Limbo to Legitimacy" theoretical model, 29–48 yr old nurse practitioners, 1 yr study, 40294
treatment of psychosocial or mental health problems in primary care medical practice & issues affecting compliance, 9379
trend in managed care & HMO to contain costs, client access to psychiatric care & need for intensive training in psychiatry, primary care physicians, letter, 13554
underdiagnosis & undertreatment of geriatric depression in primary care settings, 1960
use of & attitudes toward complementary medicine, primary care physicians, England, 43545
use of antidepressant therapy & brief cognitive behavior therapy & self help manuals with vs without supervision from nonspecialist therapist, treatment of binge eating problems in primary care, 9350
utility of medication booklet vs behavioral health booklet vs video, primary care intervention strategies, depressed 20–79 yr olds, 35562
utilization of mental health care services & expenditures for treatment, 19–64 yr olds with panic disorder, 36676
validity & diagnostic efficacy of CAGE & Alcohol Clinical Index & various laboratory markers, diagnosis of alcoholism, primary care patients, Spain, 17640
validity of Children's Behaviour Questionnaire vs Reporting Questionnaire for Children, assessment of psychiatric morbidity, 7–14 yr old pediatric primary care clinic attendees & their mothers, Nigeria, 28502

Primary Mental Health Prevention—Serials

application & efficacy of Solomon Four Experimental Design meta analysis approach in intervention for depression prevention, elderly & newly relocated nursing home residents, 21179
attitudes toward prevention in counseling, counselor educators & community psychologist educators, 36907
characteristics of & intervention & prevention strategies, families with environmental &/or social &/or interpersonal &/or economic problems, implications for social workers, 4907
clinician-facilitated intervention vs lecture discussion group, family understanding of parental affective disorder & prevention of depression, parents experiencing affective disorder & their 8–15 yr olds, 30818
clinician facilitated vs lecture group discussion intervention, prevention of childhood depression, depressed parent & their 8–15 yr old children, 36314
conceptual themes of research on prevention of mental disorders, National Institute of Mental Health report, 1994, 9329
contemporary theories of female development & social & self perception, eating disorder prevention program, preadolescent girls, 27244
definition & concepts of prevention & research recommendations, Institute of Medicine report on prevention of mental disorders, 1994, 9322
development & implementation of community psychiatric model for mental health promotion, Norway, 24086
early-based intervention & counseling, quantity & quality of psychiatric symptoms, families with new-born, 15-yr study, Finland, 32191
ecological psychology perspective on impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, 39961
evaluation of community based parent education & support program for physical child abuse prevention, at risk parents & their children, 5317
impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, commentary, 39950
impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, commentary, 39935
impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, commentary, 39956
impact & outcome of primary mental health prevention programs for children & adolescents & related policy & federal legislation issues, meta-analysis, commentary, 39953
impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, 39938
impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, commentary, 39962
impact & outcome of primary mental health prevention programs for children & adolescents & future research issues, meta-analysis, commentary, 39946

impact & outcome of primary mental health prevention programs for children & adolescents & developmental epidemiology based prevention research, meta-analysis, commentary, 39944
impact & outcome of primary mental health prevention programs for children & adolescents & future research issues, meta-analysis, commentary, 39960
impact & outcome of primary mental health prevention programs for children & adolescents, meta-analysis, commentary reply, 39937
incorporation of prevention services as component of child mental health service system, 20231
issues in barriers to & model of school-based primary mental health care prevention programs, 28115
issues in psychiatric care of Hispanics, 31979
national prevention & treatment educational program for general practitioners, detection & treatment of depression & suicidality, males vs females, Sweden, 22676
ontogenesis of primary prevention, 1654
policy shift from treatment to prevention of major mental disorders, 1657
research agenda for prevention of mental disorders, implications of National Institute of Mental Health & Institute of Medicine prevention reports, 1994, 9313
research on prevention of mental disorders, Institute of Medicine & National Institute of Mental Health reports, 1994, 9296
resources & information available for career options in primary prevention of mental disorders & promotion of mental health, college & graduate students & mid-career medical professionals, 17054
role of early childhood intervention, prevention of behavior disorders, at risk children, 16428
school based eating disorder prevention program, 13–14 yr old females, 43714
survey of provincial policies & structures & programs in profile of mental health prevention, Canada, 24139
techniques & programs & strategies for primary prevention, people at risk for eating disorders, literature review, 23207
views on prevention of mental disorders, 9325

Primary School Students—Serials

differentiation between playful & real fighting in videotape of 5–8 yr olds, primary school teachers vs 5–7 yr old students, England, 2205
primary school suspensions & expulsions & students' levels of unmet educational &/or social needs, local education authorities, Great Britain, 2198
social adjustment & peer relationships & academic achievement, 9–12 yr old primary & junior high school students, 2 yr followup, China, 29857
taxonomy of constructs & vocabulary used in assessment of students' work in structured vs unstructured visual art & music & creative writing activities, primary school teachers, 2183

Primary Schools [See Elementary Schools]

Priming [See Also Semantic Priming]—Serials

ability to inhibit irrelevant information & negative priming effect, non-clinical high vs low schizotypal college students, 3897
access to orthographic knowledge during masked & brief priming in letter-by-letter surface alexia, 45 yr old male with subarachnoid hemorrhage, 4651
affective evaluation of emotionally negative vs neutral vs positive words & faces primed by negative vs neutral vs positive faces & words, college students, Netherlands, 29000
age & demographic & intellectual & biological factors, episodic & semantic memory & priming, 35–80 yr olds, 11379
age related deficits in implicit memory & performance on repetition priming tasks, literature review, 3539
ambisyllabic consonants vs unambiguous initial syllables in masked priming, word naming & lexical decision performance, college students, England, application of phonological & phonetic encoding model, 41563
ambivalence & positive vs negative emotional priming, amplification of attitude responses to Native peoples vs Canadians, 17–38 yr old college students, Canada, 41849
anatomy & circuitry of & influence of priming on computations specific to given cognitive domain & computations general to many domains, conference presentation, 29348
associative priming during rapid serial visual presentation, word meaning, college students, 37627
attended vs unattended novel shape presentation with repetition & time lags, negative priming & duration of memory traces, college students, 6373
attention at encoding, repetition priming in direct recognition vs indirect lexical decision tasks, college students, 252
auditory word repetition & priming & semantic context, lexical access, college students & 7–11 yr olds vs 55–85 yr olds, 41653
category labels, priming for retrieval of typical vs atypical category members in social categories, college students, paradoxical implications for stereotype change, 2882
cerebral lateralization of form-specific & abstract priming in perceptual identification, college students, 25481
cognitive processing deficits & picture-word vs word-word lexical decision priming, 51–81 yr olds with mild vs very mild dementia of Alzheimer's type, 1597
context effects, primed vs nonprimed ethical evaluations, college students, Ireland, 14597
correctness & visual hemifield & wordness & presentation mode of previous trial, current trial lexical decision task performance, college students, 17917
damage to right parahippocampal & lingual gyri & posterior hippocampus & striate & extrastriate cortex, ERPs during visual word & nonword priming, elderly patients, 16382
divided attention, cued recall & conceptual priming, adults, 21434
elements of item context & associative priming models, memory retrieval, college students, 14654
emotional priming, speed & rate of endorsement of trait adjectives based on cognitive biases, depressed 18–65 yr olds, 11997
episodic account & additive effects of masked priming & word frequency, college students, conference presentation, 41057
episodic retrieval & accessibility of critical information from prime-display in naming tasks, negative priming, 17–22 vs 60–76 yr olds, 29791
ethanol dosage, negative priming & divided attention, 21–24 yr olds, 3199
experimental procedure without overt prime target selection, observation of negative priming, college students with corrected or normal vision, 21271
facilitatory effects of negative emotional primes, RT & endorsement rates for positive & negative trait adjectives, 18–65 yr olds with depression, 15927
familiar vs unfamiliar faces & names, associative priming & RT & ERPs in person recognition, 20–34 yr olds, 6341
familiarity-based explicit recognition in conceptual processing vs word-identification priming & word-stem completion in implicit perceptual memory, college students, 21453
feelings-as-information model vs affective primary hypothesis in explanation of effect of attribution on subliminal affective priming, college students, 37736
footshock stress vs heroin priming vs naloxone induced withdrawal, reinstatement of drug seeking & self administration, male rats maintained on heroin via minipump, 3274
form priming paradigm for word recognition research, 28898
glucose, declarative verbal memory & nondeclarative priming, healthy 17–22 vs 61–80 yr olds, 38130
grammatical gender, facilitation &/vs inhibition in Italian language lexical access priming, college students, 18399
grammatical priming, naming of inflected vs uninflected noun & verb targets, 4th graders, Australia, 18465
imagery & perception in face priming, Japanese & Scottish college students, 37695
implicit memory measured by word-stem priming, 45–78 yr olds with temporal–occipital lesions, 42826
indirect vs direct measures of contextual priming in lexical decision vs recognition memory, college students, Canada, 10735
induced emotional state, evaluative response latencies to affectively valenced stimuli, college students, 2899

information processing model as explanation for response bias & repetition priming effects in implicit memory tasks, adults, 6392
inhibitory mechanisms, clearing no longer relevant information from working memory during sentence completion task, 17–22 vs 60–79 yr olds, 34272
intact vs jumbled faces, repetition priming of familiarity decisions, college students, Wales, 17918
intention to prevent consecutive answer repetition as necessary condition for negative error priming & sensitivity of error priming to operand relatedness & position, college students, Canada, 17883
intra- & inter-modal repetition priming of familiar faces & voices, college students, 28843
language priming & retrieval of private & collective self-cognitions, adults with English as 2nd language, Hong Kong, 21966
long term visual priming ability, 62 yr old female with transient global amnesia, case report, 36098
low vs high word frequency, free recall vs item recognition vs fragment completion test performance, college students, Canada, 6387
masked orthographic & phonological priming, visual word recognition vs naming vs perceptual identification, college students, France, 17978
masked primes corresponding to initial syllable of word & nonword & picture targets, naming of targets & lexical decision, college students, France, 17901
massed vs spaced words during episodic priming tasks, RTs & cued recall in associative learning, younger (mean age 20.3 yrs) vs older (mean age 71.8 yrs) adults, 11394
memory representations underlying repetition priming of homographs & novel objects, adults, England, 28949
mood induction, differential facilitation of access to dysfunctional attitudes &/or depressed mood, college students, 28995
morphological priming & standard & masked fragment completion & memory, connectionist approach to cognitive modeling, undergraduates, 28882
morphological priming paradigm for spoken word recognition research, 28841
multiple repetition priming with pictures, ERPs & RT during indirect memory task, patients with probable Alzheimer's disease (mean age 67.8 yrs), 16337
naming vs forced choice identification of previously aurally presented target words with vs without similar alternative choices, auditory priming effect, college students, 17999
nature of object file contents & role in continuity of visual perception in priming studies, college students, 10627
negative vs neutral mood, capacity vs processing strategy in priming task performance, college students, 6311
nonword orthographic rime primes, pronunciation of irregular vs regular target words, college students, Australia, 6295
past-tense inflectional morphological patterns in regular & irregular verb repetition priming & elicitation, native Italian speaking college students, test of dual mechanism hypothesis, 29681
perceptual & conceptual priming, text rereading implicit memory task, 20–29 vs 60–73 yr olds, 7258
perceptual distance & competition in lexical access, adults, 6328
perceptual priming for proper names, normal adults & female with prosopanomia, 22657
positive vs negative priming, RT in Erikson flanker task, college students, 6214
pre-semantic acoustic adaptation, decrement in word meaning after rapid repetition, college students, 34282
preexisting vs perceptually dissimilar orthographic codes, priming for normally displayed words vs pseudowords, college students, 6294
preselective identification of irrelevant stimuli, negative priming, 18–24 yr olds, 6213
prime vs target regularity & relatedness & imageability, phonological mapping, college students, test of dual route & interactive semantic activation models, 37699
primed naming of entire vs initial vs final phoneme category syllable, adults, test of phonological vs integrative routine hypothesis, 41061
priming, automatic activation of impression formation & memorization goals, adults, replication, 3805
priming in picture naming vs picture fragment completion task, patients with Korsakoff vs non-Korsakoff amnesia, 8654
priming, self-reports of experienced stressors & strains, working MBA students (average age 29.3 yrs), 40452
priming, spontaneous social initiations, 4 yr old males with autism & their nonhandicapped 4–6 yr old peers, 1426
priming stimulation of grafted dopaminergic neurons by amphetamine injection in paired vs unpaired environment, rotational response to tail-pinch stress, male rats, 10917
proactive vs retroactive priming in serial target detection, college students, 6292
processing of visual objects, 58 yr old male with bilateral damage to anterior portion of inferior temporal lobe, 42840
programming processes, motor response duration in precueing & priming RT paradigm, 18–50 yr olds, 28827
reactivation theory of implicit memory, 14635
recombining vs intact pictorial item pairings, representations underlying repetition priming effect, adults, 2864
regional cerebral blood flow during priming vs cued recall retrieval tasks, 20–29 vs 60–69 yr old males, Sweden, 37952
relative target frequency with vs without extinction or removal of differential probabilities, RT & attentional priming during multiple-target search, White Carneaux pigeons, 10759
repetition & masked vs unmasked priming & lexical decision task, implicit memory processes assessed by ERPs, college students, 21749
repetition of drawings of novel objects, ERPs, adults, England, 3127
repetition priming & peristriate cortical function as measure of implicit vs explicit memory, Alzheimer's disease patients (mean age 71.7 yrs), 23455
repetition priming, implicit vs explicit memory in word stem completion task, 20–75 yr olds with amnesia, 1561
repetition priming of novel vs precategorized auditory stimuli, ERPs, 5–7 vs 9–11 vs 14–16 vs 22–28 yr olds, 7222
repetition priming, retrieval of arithmetic facts, 28–64 yr old amnesia patients, 31756
repetition priming, transfer on lexical decision & ambiguity decision tasks, college students, 37708
repetition vs formal priming, ERPs during word vs nonword learning, 18–34 yr olds, 14927
response bias, priming effects in color perception, 25–32 yr olds, 41018
reviewing self-produced accounts of events, accuracy in free recall vs information recognition, college students vs high school students, implications for pretrial eyewitness testimony, Australia, 10724
role of implicit memory vs explicit memory strategies, priming in lexical decision & stem completion tasks, college students & other adults, Australia, 34280
role of lexical priming in verbatim short-term sentence recall, college students, 25304
schizotypy & cognitive failures & anxiety, negative priming, 18–41 yr old college students, 42096
script based priming stimuli, lexical decisions in discriminating word vs nonword targets presented to right vs left visual hemisphere, 20–30 yr olds, 29671
selective attention in reading time under neutral vs habituation vs Stroop vs negative priming conditions of Stroop Color & Word Test, 17–35 yr olds vs 60–84 yr olds, 7421
semantic & lexical priming, naming accuracy, 3.8–5.9 yr olds with word finding deficits, 23226
semantic vs nonsemantic word encoding, free recall & perceptual & conceptual priming, 19–47 yr olds with closed head injury, Israel, 39564
shallow encoding condition, priming of new word associations, college students, Canada, 14659
short stimulus-onset asynchronies, associative & semantic priming effects in lexical decision & naming, university students, Spain, 28874

similar vs dissimilar & auditory vs visual & correct vs incorrect orthographic primes, word fragment completion memory blocks, college students, 21448
slower RT & hyperpriming in neutral condition on lexical decision task, patients with Parkinson's disease, test of semantic deficit & set shifting hypotheses, 23437
stimulus onset asynchrony & proportion of consistency of positive & negative prime-target word pairs, evaluative & semantic priming, college students, Germany, 17923
stimulus quality & associative priming interaction in naming of Serbo-Croatian words, high school students, Yugoslavia, 17934
stimulus size & left-right orientation, priming on perceptual implicit memory tests, college students, 306
studied words, facilitation of color naming vs word reading test of memory, college students, Canada, 14651
syntactic priming, comprehension & production of unrelated sentence with same or related structure, 11258
syntactic priming paradigm for word recognition research, 28872
target-position facilitation vs distractor-position inhibition, cumulative priming effects in pop-out target search & discrimination, adults, 17832
test awareness, associative priming, college students vs elderly, 21443
tests using pictures & words within- and cross-form conditions, ERPs & direct & indirect memory, 19–34 yr olds, 37713
trait concepts & person & nonperson & only nonperson & only person exemplar priming stimuli, interpretation vs comparison impression formation, high school students (mean age 16 yrs), Netherlands, 35282
type & relevance of prime & delay between prime & rating, ratings of stimulus female's attractiveness, 19–37 yr old males, 1017
unilateral vs bilateral attentional primes, RT for bilaterally presented letter pairs, college students, implications for interhemispheric interaction, 14533
use of analogies & priming effects, automatic activation of sound-letter knowledge in spelling, 6–7 yr olds, 13754
use of word completion priming test for detection of simulated malingering of memory deficit, college students, 28540
verbal priming, asymmetric lateralization of attention & visual field advantage in neutral detection vs word recognition trials, 18–33 yr olds, 480
verbal vs nonverbal priming, implicit memory for novel nonverbal associations between colors & words & shapes, 17–30 yr old college students, 41145
visuospatial priming & latent cognitive inhibition, children vs adults with Tourette's disorder, 8651
voice change variability between high vs low frequency words, auditory priming in implicit memory, college students, 17993
word type & lesion laterality, cued recall in visual word stem completion priming, right vs left stroke adults, 26959
word vs nonword repetition, ERPs during explicit vs implicit memory tasks, 18–32 vs 57–83 yr olds, 18217

Printed Communications Media [See Also Books, Magazines, Newspapers]—Serials

depictions of femininity in fashion magazine advertisements, perceived meaning of femininity, 13–17 yr old females, Canada, 41698
discourse analysis of print media depictions of mental health & dangerousness, New Zealand, 41586
education about maternal serum multiple marker screening delivered by genetic counselor vs pamphlet vs primary physician, anxiety & knowledge, pregnant females, 9324
negative portrayal of PMS in popular magazines & self help materials, subsequent legitimization of PMS as medical phenomenon, implications for changes in gender ideology & role of feminism, 8476
newsletter with case vignettes, teaching psychological concepts, hospital medical staff, 29702
phonological processing skills of phonological awareness & naming speed & verbal short-term memory & exposure to print, word reading, 9–16 yr olds, 15236
reading narratives of varying difficulty & length from computer screen vs printed page, reading comprehension, 4th graders, 18485
reading romance novels, expectations of marital sexuality & gender role patterns, 16–22 yr old single middle-class females, India, 41928
visual & verbal tangible cues, print advertising effectiveness, service businesses, 33775
1983 sexual assault legislation & preceeding campaign, print media discourse surrounding sexual aggression & processes of media construction of women & feminist movement, 1980–84 study, Canada, 38253

Printing (Handwriting)—Serials

amodal graphemic vs abstract letter-form representations, letter substitution errors in written spelling, brain damaged 64–75 yr old dysgraphic males with intact oral spelling, 39543

Prismatic Stimulation—Serials

velocity of visual target movement & prism displacement, reaching adaptation, 20–33 yr old males, 34188
visible vs nonvisible starting limb location, pointing to target with continuous vs more discrete sagittal movements during exposure to prismatic displacement, college students, 34192

Prison Personnel—Serials

incidence of hearing loss, perceptions of deviant behavior, adult prison inmates & officials, Canada, implications for participation in therapeutic programs & socialization, 2102
perceived significance & negative affect & attributions of stressful daily events, 25–54 yr old correctional officers, Netherlands, 33908
prototypes of staff–inmate relations & staff anxiety due to insecurity, prison staff, Israel, 20369

Prisoners [See Also Prisoners of War]—Serials

adaptation strategies & transient niches during incarceration, 20 yr old male prison inmate, 2104
application of cognitive therapy using Islamic & psychological principles in prison reform project, Iran, 24370
case management & hormone therapy & placement based on genital status & sexual assault risk relating to transsexual inmates, correctional facilities, Europe & Australia & Canada & US, 13509
classification of Megargee MMPI vs MMPI-2 scores, female inmates, 35342
clozapine in correctional mental health setting, incarcerated schizophrenic & schizoaffective incercerated offenders, 24366
component of group therapy program for enhancement of intimacy skills & reduction in loneliness, sexual offenders, Canada, 9658
coping strategies & psychosocial adjustment, female prison inmates (mean age 34.95 yrs), 33127
cultural theory analysis of treatment perspectives of HIV positive inmates, hospital employees & transport officers & inmates, 43422
development of 8-session group cognitive-behavioral & social support enhancement intervention to reduce HIV/AIDS risk, female prisoners, 33124
elderly & crime, offenders & prisoners & victims, literature review, 20378
ethnicity & drug dependence, truthfulness in disclosure of recent cocaine use & interviewers' adeptness at discerning deception, jail inmates, 16100
factors related to recidivism, 12–18 delinquent males in correctional facility, implications for intervention programs, 40216
health services pattern innovations, level of distress & mental disorders & alcohol & substance misuse, incoming male adult prisoners, Ireland, 1 yr study, 12304
incidence of hearing loss, perceptions of deviant behavior, adult prison inmates & officials, Canada, implications for participation in therapeutic programs & socialization, 2102
jail-based drug treatment program, time & rearrest rates, released inmates (mean age 30 yrs), 33079
k-test strategy type & switching flexibility, prisoners with vs without schizophrenia vs arrested individuals vs brain lesion vs schizophrenia patients vs dyslexics vs students, Norway vs Sweden, 40215

level of ego strength & literacy & SES, 17–75 yr old accused vs convicted prisoners, India, 8300
levels of rule violations & violent acts, adult male inmates with sentences of death & life without vs life with parole, 20381
marital & employment status, criminal behavior, female inmates (mean age 30 yrs), 26715
mentor counseling project, 7–14 yr old children of prisoners, Netherlands, 43477
origins of deviant behavior in early school difficulties, 16–64 yr old inmates, implications for prevention of criminal behavior through school staff training & development, 16098
personal & educational & criminal history variables, information vs normative vs diffuse identity orientation, 17–70 yr old state prison inmates, 16111
prevalence of psychiatric morbidity & psychopathology, 18–60 yr old remanded prisoners who were vs were not in solitary confinement, Denmark, 8298
prison experiences, perception of imprisonment & coping style & psychological well-being, male ex-prisoners, Palestine, 20380
prototypes of staff–inmate relations & staff anxiety due to insecurity, prison staff, Israel, 20369
psychological characteristics, adult vs 15–23 yr old prison inmates who did vs did not make a false confession during police interrogation, Iceland, 8324
psychological distress levels, male inmates (mean age 32 yrs) housed in restrictive environments, 33126
psychopathology & symptomatology, incarcerated males with self mutilation history, 4257
reliability & validity of modified Referral Decision Scale, screening for mental disorders & prison adjustment, inmates at maximum security prison, 2590
religious integration therapy through humanistically oriented milieu & individual & group & family therapy, male prison inmates, Iran, 27815
risk factors & treatment intervention histories for antisocial behavior, incarcerated vs conduct disordered male adolescents in treatment, 16042
risk factors of iv drug usage or same sex sexual partners or prostitution, prevalence of HIV infection, male vs female prison inmates, Canada, 4593
scores on Level of Supervision Inventory based on social learning theory, prediction of chances for recidivism, provincially incarcerated offenders, 17009
serum testosterone levels, 18–71 yr old North American Indian vs Caucasian sex offenders, Canada, 35860
sex & offense category, illicit drug use previous to imprisonment, newly admitted prisoners, Iceland, 23121
social cognitive vs gender & power theory based intervention, HIV risk reduction, incarcerated 17–53 yr old females, 6 mo followup, 36828
solution focused brief therapy with focus on networks, recidivism, male prisoners, Sweden, 16 mo study, 43474
supported vs unsupported goals & aspirations & length of incarceration, well being, 21–53 yr old males in maximum security correctional facility college program, 20375
Supreme Court decision that inadequate provision of health care constitutes cruel & unusual punishment according to Constitution, mandated mental health services, inmates infected with HIV, 20920
use of humanistic principles & compatibility with Islamic theory in development & implementation of psychological services project, prison inmates, Iran, 27816
validity of Interpersonal Measure of Psychopathy, 18–45 yr old prison inmates & 17–45 yr olds, 34014

Prisoners Dilemma Game—Serials

conceptual model of cooperation in entrepreneur–venture capitalist relationship based on Prisoner's Dilemma, 18839
intergroup conflict & evolution of mutual cooperation & defection vs partial cooperation in iterated prisoner's dilemma simulation of election of representative, 38660
iterated mutualism vs prisoner's dilemma games, nonkin cooperation, blue jay pairs, commentary reply, 37918
iterated mutualism vs prisoner's dilemma games, nonkin cooperation, blue jay pairs, commentary, 37911
microbased Hobbesian simulation of evolution of social order, macro-outcomes & macrolevel effects on microdecisions in Iterated Prisoners' Dilemma game under uncertainty, commentary, 15619
microbased Hobbesian simulation of evolution of social order, macro-outcomes & macrolevel effects on microdecisions in Iterated Prisoners' Dilemma game, 15635
microbased Hobbesian simulation of evolution of social order, macro-outcomes & macrolevel effects on microdecisions in Iterated Prisoners' Dilemma game under uncertainty, commentary, 15633
microbased Hobbesian simulation of evolution of social order, macro-outcomes & macrolevel effects on microdecisions in Iterated Prisoners' Dilemma game under uncertainty, commentary, 15640
persistence of cooperation in spatial Prisoner's Dilemma in presence of noise, players, commentary reply, letter, 995
persistence of cooperation in 3 versions of spatial Prisoner's Dilemma, players, commentary, letter, 994
repeated prisoners' dilemma & issue & player linkage in punishment strategies & synthesis of domestic–international linkage, 22325
social value orientation, cooperative vs competitive response in 6-choice Prisoner's Dilemma game, college students, 18865
universal contribution in extended definition & categorization of social optimality in prisoners' dilemma, 984

Prisoners of War—Serials

brain width & anteroposterior diameter, neuropsychological test performance, elderly male World War II POWs, 41334
self-hypnosis training, captivity survival & coping & readjustment, prisoners of war, 27493

Prisons—Serials

coverage of prison news stories, correctional officials & media workers, Canada, 21969
custodial setting, suicide & self harm, prisoners with HIV & AIDS, UK, 2101
family contact, linkages between jails and post-discharge mental health agency treatment, incarcerated persons with serious mental illness, 27817
mental health policies & practices, jails of differing sizes, 32833
psychiatric diagnoses of forensic clients & treatment in outpatient services, administrators of forensic institutions, Germany, 9660
psychological distress levels, male inmates (mean age 32 yrs) housed in restrictive environments, 33126
role of psychologists in prison environment, 36827

Privacy—Serials

culture & socioreligious norms & adherence to Islamic religion, organization of boundaries & impact of privacy issues on architecture planning, Saudi Arabia, 7441
ethics & limitations of absolute confidentiality & right to privacy vs right to information in disclosure of patient information, community medical & mental health care providers, 33280
factor analysis of Privacy Preference Scale vs Privacy Questionnaire, college students, 14276
federal legislation concerning computerization & electronic transmission of private health care information & medical records, patient privacy & confidentiality provisions, 5878
individual rights to privacy & societal conditions & legislative controls in genetic testing & screening for the Human Genome Project, 33316
judgments on moral acceptability of copying computer programs & accessing private computer files, 15.7–18.5 yr old high school students, 38765
privacy regulation & place attachment in the home, 19–69 yr old student family apartment residents, 24891
privacy vs professional misconduct, hypothetical case vignette, comment, 33304
privacy vs professional misconduct, hypothetical case vignette, comment, 33299
privacy vs professional misconduct, hypothetical case vignette, comment, 33311
privacy vs professional misconduct, hypothetical case vignette, comment, 33308

privacy vs professional misconduct, hypothetical case vignette, 33277
psychological functions of & needs met by 6 types of privacy, college students, 42082
public vs private responses, anticipated surveillance, college students, 15591
reliability & validity of Relational Privacy Preferences Scale, 18–51 yr old married & cohabiting individuals, 28428
social affiliation vs privacy regulation models of affiliation motivation in everyday experience, college students, Canada, 3930
wilderness use social encounters, achieved privacy, backpackers, 10159

Private Practice—Serials
cultural consensus analysis of knowledge & power & experience, perceptions & discussions of breast cancer risk factors, university based vs private practice physicians, 13626
demographics & practice areas & income & career development patterns, social workers in private practice in managed care environment, 24113
ethical issues associated with establishing fee structure in private practice in psychology, Canada, 43555
full time independent practice & hospitals & clinics & human service settings & other employment settings, APA members active in clinical practice of psychology, 20467
issues in determining monetary value of psychological practice, 20403
recommendations for improving breast & cervical cancer screenings, physicians & office staff, commentary, letter, 16773
similarities vs differences, social workers in private vs nonprofit practice, 27631

Private School Education—Serials
private vs state schooling, political & social views, 15–18 yr old females, England, 9961
self esteem & religiosity & adjustment, 13–15 yr old Catholic vs public junior high school students, Canada, 40442
SES & family structure & Catholic school attendance & number of school changes, dropping out of high school, 8th graders at 10th & 12th grade followups, 40455

Private Sector [See Also Business Organizations]—Serials
age & experience level, job satisfaction, male private vs public sector bank employees, Bangladesh, 2309
initiatives for diversity management in organizations, public vs private sector executives & human resource managers, 10050
managerial values, business vs federal government executives, 10081
motivation & management styles, managers vs nonmanagers in public vs private sector, Taiwan, comparison with US data, 13945
private contracting, cost of publicly funded mental health services, 9373
views on adequacy of diversity among corporate board membership & barriers to & male peers' discomfort with women's appointments to boards, female private sector directors, Canada, 17327

Privileged Communication—Serials
confidentiality in group therapy & informed consent, 23797
confidentiality issues in working with learning disabled victims & perpetrators of sexual abuse, professionals, 2140
confidentiality standards & advocacy in mental health care, mental health personnel, 33306
ethical & legal standards of confidentiality & informed consent issues within managed care system, social workers, 17088
ethical issues surrounding storage of client information in computer databases for cost containment, standards for protection of confidentiality regarding information disclosed in psychotherapy, 2133
ethics & limitations of absolute confidentiality & right to privacy vs right to information in disclosure of patient information, community medical & mental health care providers, 33280
focus on ethical & legal issues & description of practical application of confidentiality laws by Texas Counseling Association, mental health professionals, 27931
implications of Jaffe v. Redmond for social workers in nonfederal cases & practice with Native Americans & in federal prisons & privileged communication in the federal legal system, 40738
issues in psychoanalytic case history writing for presentation or publication & protection of patient's confidentiality, 40321
issues in psychotherapist-patient testimonial privilege & confidentiality, 24502
legal & ethical & therapeutic issues in duty to warn sexual partners of HIV positive clients, family therapists, 13647
legislation for & ethics of reporting child abuse vs confidentiality issues, therapists, Australia & New Zealand, commentary, letter, 5554
negotiation of confidentiality in mental health settings with consideration of mentally ill clients & their families, clinicians, Australia, 33290
negotiation of confidentiality in mental health settings with consideration of mentally ill clients & their families, clinicians, Australia, commentary, 43561
negotiation of confidentiality in mental health settings with consideration of mentally ill clients & their families, clinicians, Australia, commentary reply, 43553
perceptions of & experience with breaches of confidentiality, therapists leading psychotherapy groups with chemically impaired physicians, implications for reform of confidentiality laws, 13654
responsibility to understand ethical & legal confidentiality guidelines to protect client & counselor & professional interests, substance abuse counselors, 27933
US Supreme Court decision in Jaffee v. Redmond & protection of psychotherapist–client communications, 23647

Proactive Inhibition—Serials
conditional delayed response vs delayed CR & retention interval location, proactive interference & short term spatial discrimination accuracy, pigeons, 34399
inhibitory mechanisms, clearing no longer relevant information from working memory during sentence completion task, 17–22 vs 60–79 yr olds, 34272
intertrial proactive interference in short term memory during tone vs light matching to sample, male rats, 18048
lead exposure, mnemonic effects & side bias & proactive interference in delayed spatial alternation task, female rats, 38072
proactive inhibition & semantic processing in verbal memory, adult patients with schizophrenia, 12042
retrieval cues & proactive interference, short term recall, undergraduates, Australia, 14666
retroactive & proactive interference & verbal memory disorder, males with chronic alcoholism, 16074

Probability [See Also Chance (Fortune), Response Probability, Statistical Probability]—Serials
approval-voting polytope & probabilistic interpretations, 37554
attractiveness of gambles & preference inferred from pricing & rating vs choice, preference reversals for equal probability gambles, adults, 6306
balanced stratified sampling strategy using auxiliary variable in selecting probability sample, sampling for Nurses Worklife & Health Study, nurses, 34135
bargaining processes & perceived probabilities of reaching agreement in second-hand markets for consumer durables, buyers & sellers, 40665
brain mechanisms of emotions as determined by actual need & probability estimation of need satisfaction, 41362
calibration of probability judgments, commentary, conference presentation, 40960
combined Brunswikian & Thurstonian stochastic components of judgment, conference presentation, 40958
current & expected levels of pain & differing chances for survival, probability of committing suicide, college students hypothetically afflicted with cancer, implications for rationality of suicide, 12156
description of random utility theory & application to class of biclassification relations & problem of interrater reliability, conference presentation, 34105

development of standardized set of useful verbal probability phrases for communication, 21–46 yr old financial strategy experts, 35284
differential effects of discrimination training design, probability of stimulus equivalence outcome, college students, 28942
elementary statements, coherent vs incoherent probability judgments, college students, test of bootstrapping method for probability prediction, 21358
evaluation & combination of subjective probability estimates, uncertainty in categorical events, decision makers, conference presentation, 41095
implementation of Resident Assessment Instrument, probability of hospitalization, nursing home residents, 40885
interpretation of thematic conditionals, solving conditional reasoning problems, 15–17 yr olds, Hong Kong & Taiwan, 18490
mathematical framework for random walks with premature sampling, 21187
over- & underconfidence & random error, probability judgment methodology, adults, conference presentation, 40953
overconfidence phenomenon & stochastic & cognitive models of confidence, commentary, conference presentation, 41054
preference for precise numerical vs imprecise verbal information for communication of uncertainty information & subsequent gambling decisions, college students, 34229
preference reversals for equal probability gambles, adults, commentary reply, 6307
preference reversals for equal probability gambles, adults, commentary, 5911
probability & magnitude of event outcome, elation vs disappointment, college students, Netherlands, 35295
probability of presense of information on subsequent test, information processing in directed forgetting paradigm, college students, 2871
the application of learning & probabilistic constraints to a theory of language acquisition & use, 29689
use of exams to teach statistics & probability concepts, undergraduates, 40389

Probability Judgment—Serials

accessibility of appropriate sample spaces, probability judgments, college students, 41068
algorithm & associated FORTRAN program for computation of exact probabilities for first & second order interactions in 2 x 2 x 2 contingency tables, 10578
application of optimal data selection model to reduced array selection task, college students, Wales, 21355
averaging & geometric-mean models, functional measurement analysis methodology & conjunction fallacy, young adults, 25254
Bayesian network modeling of causal independence, probability assessment & inference, 14432
changes in perceptions of cumulative risks to life or health or property & judgment of long-term probabilities associated with small short-term risks, college students, 28840
chaotic & random iteration sequences, prediction of next value in sequence, college students in persistent vs antipersistent condition, implications for judgment under stochastic uncertainty, 21368
coherence among raters of psychopathology in adolescents & coherence of ratings with earlier & later stress & development of psychopathology, 13 yr olds rated by self & teachers & parents, 26384
conditional probability as imperfect measure of associative strength in social cognition research, erratum, 38716
conditional probability as imperfect measure of associative strength in social cognition research, 28887
conjunction errors in 3 event variant of classical Linda scenario, fictional probability ratings vs probabilities of real life events, adults, 6347
contextual information & comparison standard, self–other probability judgments & optimism, college students, Netherlands, 3931
decision variable partition vs ecological vs error model, hard-easy effect in subjective probability judgments, college & graduate students, 2834
desirability bias, forecast of real world economic events, US vs Taiwanese investment managers, 37187
elementary statements, coherent vs incoherent probability judgments, college students, test of bootstrapping method for probability prediction, 21358
event probability & attitude toward target S, belief in illegitimate action or suspicion of event, college students, experimental replication & implications for impression management, 41081
extension rule vs representativeness training, conjunction fallacy & heuristic strategies, 14–76 yr olds, 28848
feedback on personal endorsement vs nonendorsement & predictability of social desirability, consensus bias & false effects, undergraduate psychology students, replication, 28837
FORTRAN 77 program for computing exact probabilities for general matching problem, 10580
generalized vs familiar targets, optimistic bias in comparative risk judgments, college students & reserve paratroopers, Israel, 2814
immediate vs delayed vs group-discussion judgment, propensity to use naked statistical evidence in legal liability decision making, undergraduates, Canada, 20915
implicit & explicit subadditivity in support theory of probability judgment, adults, 25274
information diagnosticity, information purchasing & confidence in probabilistic inference tasks, college students, application of Bayesian & expected value theory & confidence criterion models, 2837
low vs moderate vs high surprise outcomes, hindsight bias in probabilistic judgments, college students & dental patients, Israel, 21357
motivation, misconceptions about random sequences of heads & tails, undergraduates (mean age 22.1 yrs), Canada, implications for gambling behavior & principle of independence of events, 17928
personal probability reporting vs guessing in multiple choice testing, elementary school students (mean age 11 yrs), Netherlands, 10526
probability tasks in which all evidence is seen in advance vs amount of evidence seen is determined by S, reasoning, patients with delusions vs with depression, 30748
problem & problem-solver characteristics, calibration of best estimates in judgments including actual outcome, experts vs novices in real estate practice, 6344
problem ambiguity & assumption in probabilistic reasoning, 2821
reiteration effect in asymmetry in true vs false assertions & recall confidence in hindsight bias, 14643
sample space formation in correspondence to category & motivation & attention based information, judgment accuracy, college students, 37720
selective hypothesis testing in probability overestimation & gambling, college students, 28850
simultaneous concrete & unnatural representation as cause of conjunction errors in solving Linda conjunction problem, college students, 21336
subjective beliefs & thinking underlying inflated numerical probability judgments, college students, 28884
syllogistic & conditional & probabilistic reasoning with emotional vs neutral content, delusional patients with chronic psychotic illness (mean age 41 yrs), 38928
task difficulty & meaningfulness of materials, response bias in probabilistic reasoning, patients (mean age 33.74 yrs) with paranoid schizophrenia & delusional disorder, 35643
understanding of diagnostic implications of probabilistic data selection in hypothesis testing, college students, 21335
varied personal control & base rate, estimated risk for aversive events, 17–34 yr old college students, 35270
1 sided evidence in mock legal dispute, prediction of number of jurors favoring 1 sided outcome & judgments of confidence, college students, 5886

Probability Learning—Serials

efficacy of learning probability from computer based instructional system vs traditional lecture, 17–27 yr old undergraduates, 27975
irrelevant information, probabilistic category learning using relevant information, adults, implications for hypothesis generation & connectionist & context & stimulus sampling models, 6374

probabilistic classification learning, 54–75 yr old patients with amnesia, 8617
Probation—Serials
abnormal personality development & unlawful behavior, adolescents on probation vs serving time in educational work colony, implications for prevention & correction, 20382
agreement of results of clinical interview vs self administered psychological assessment, drug abusing probationers, 17626
cognitive behavioral approach to group work project, rearrest & protection of physical safety, 16–20 yr old African American & Latino males on probabtion, 23775
compulsory supervision, methadone maintenance program outcomes, chronic opioid users on probation or parole vs without supervision, 9573
experiences of violence & of agency support, probation staff, England, 37344
fine & restitution issues in supervision & probation work, low-risk nonviolent offenders, 5440
implementation of & response to an intensive aftercare program model for serious juvenile offenders, probation officers, 43472
mental health histories & medical & nonclinical & social services needs, adult offenders on probation & parole, 24372
role of risk assessment in Probation Service in England & Wales, mentally ill offenders, UK, 43949
social disadvantage & prior record & education level, probation revocation, probationers (mean age 27 yrs), 31372
value premises in drug rehabilitation allocation policy, probationers, 33043
Problem Drinking [See Alcohol Abuse]
Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]—Serials
accessibility of children's mathematics problem solving strategy information expressed only in gestures, teachers & college students, 24546
adaptive learning & problem solving involving new production equipment during early factory use, engineers, 43765
adult learning principles & problem based methods, acquisition of psychosocial competencies, medical students, 13534
affective states, creative problem-solving, 17–41 yr olds, 28998
age & residence & perceived control & everyday problem solving & familiarity, 65–90 yr old community residents vs hostel residents, Australia, application of relativistic operations model, 40122
age & sex & individual differences & novel objects in open field environments, temperament & hand preference & problem solving ability, small-eared bushbabies, 6543
aggressive vs withdrawn vs problem solving response style to ambiguous provocation & social goals & self efficacy perceptions, 9.9 yr olds, 11433
anthropological problem solving approach by consulting organizational psychologists, 27852
application of optimal data selection model to reduced array selection task, college students, Wales, 21355
application of Problem Solving Inventory in managed health care & counseling settings, 33954
application of problem solving methods library to construction of conceptual model for knowledge based system, 37301
application of solution-focused brief therapy in family medicine, South Korea, 43037
attachment cognitions & global beliefs about self-worth, interpersonal problem-solving strategies, 17–19 yr old females, 11717
attitudes toward mathematics & perceptions of own performance & importance of problem solving & problem difficulty, middle school student with learning difficulties, 24676
attributions of quality circle problem solving failure, management vs supporting staff vs blue collar quality circle members, 40585
automatic vs controlled processing, social problem solving, hyperactive-aggressive children (mean age 9 yrs), 35713
benefits & concerns & cost, problem-based learning vs traditional instruction, health care professions, 43492
birth order & sex & gender composition of sibling dyad, advice about life plans & personal problems & satisfaction with support & sibling influence, 16–19 yr olds with 13–23 yr old siblings, 25906
case-based reasoning model of encoding & retrieval & adaptation in analogical problem solving, 17924
causal vs topographical support for diagnosis during shift handling in blast furnace process control, diagnosis & decision making in simulated cases of malfunctions, experienced operators, 14094
causes of aggression & education & intervention strategies involving anger control & assertiveness training & problem solving techniques, school counselors, 10024
choice vs no choice method, Adaptive Strategy Choice Model prediction of preference for mental vs calculator vs paper & pencil strategies of solving multiplication problems, 18–25 vs 60–95 yr olds, 17947
classroom based social skills training program with coaching & social problem solving approaches, social skills & acceptance & problem behaviors, 9–12 yr olds with learning disabilities, Canada, 28088
clinical effectiveness & cost-benefit of problem-solving treatment from community nurses, primary care patients with emotional disorder, 36547
cognitive approach to group counseling, social problem solving & employment preparation, 9th & 10th graders, 5716
cognitive-behavioral relapse prevention program, interpersonal problem solving & negative affect regulation, 18–56 yr old males convicted of driving while disqualified, Australia, 36284
cognitive behavioral vs support group, assertion & problem solving & cognitive restructuring vs information giving & social exchanges, 46–83 yr old caregivers of spouse with dementia, 13356
cognitive effects of self-referencing in math word problems, 3rd- vs 4th- vs 5th-graders, conference presentation, 43624
cognitive factors & guided practice, prediction problem solving, 10th grade biology students, 20594
cognitive problem solving, antisocial & aggressive children, 8106
cognitive variables, problem solving performance in chemistry, 16–17 yr old chemistry students, Singapore, replication, 28015
competency of problem solving responses to difficult marital vs nonmarital situations, maritally violent &/vs distressed spouses, 42431
computer-assisted instruction program, mathematical word problem solving ability on-line & on paper-and-pencil tests, 8–11 yr old students with mild mental retardation, 37108
computer based instruction, mathematics word problem solving, 18–30 yr olds, 28335
computer program for collection of solution protocols & written explanations, problem solving performance & transfer of effects to novel tasks, adults, 10245
computer program for representing mental models & temporal reasoning in one- vs multiple-model problem solving, 17–19 yr olds & college students, 10704
computer simulated model of text integration in bottom up processing of mathematics word problems, K–3rd graders, 15233
concurrent validity of original & revised versions of Social Problem Solving Inventory, differentiation of high vs low suicidality, depressed 18–24 yr olds, 6022
conflict in cooperative problem solving knowledge-based systems for building design, 20900
conventional vs graphical &/or tree-based vs informative textual Prolog trace outputs, computer program debugging, undergraduate programmers, England, 43937
coping resources & strategies & problem solving skills for stress, mutilating vs nonself-mutilating prisoners & nonprisoners (mean ages 21.9, 22.8, 22.3 yrs), 26619
debilitative vs facilitative trait anxiety style, examination scores & anxiety & problem-solving coping, 19–23 yr old college students anticipating academic stressor, 30530
deep vs elaborative processing vs fact retention learning styles, problem solution based on analogies vs background knowledge, college students, 2840

demonstrations vs problem-solving exercises in science education, elementary school teachers & students, Mexico, 43593
description of Mathematical Problem Solving Assessment Short Form, assessment of affective & cognitive factors associated with mathematical problem solving, middle school students, 17706
descriptive frame vs qualitative context, conjunction fallacy occurrence in word problem solving & strategies, college students in psychology vs logic courses, 9939
design & evaluation of simulation training to improve identification & diagnosis of faults in hot strip steel mill systems, novice vs expert fault finders, 14092
developmental differences & reasoning, career practical self-relevant vs self-neutral problem-solving, adolescents vs young adults, 41646
diagnostic reasoning with circumstantial evidence modeled in terms of logic of abduction, analysis of think aloud protocols for simulated case, medical students, 13535
discriminant validity of Personal Problem-Solving System using known groups strategy, adults with vs without psychiatric disorders, 10459
discrimination of cognitive-social flexibility & crystallized social knowledge/types of intelligence from academic problem solving, 16–19 yr old 12th-graders, 43634
do-it-yourself vs distance-to-goal problem solving methods, change in misconceptions of facts regarding Berlin Wall, college students, France, 2836
dynamic assessment involving specific vs general instructional strategy, experts' vs novices' error patterns in solving part–whole mathematical word problems, 3rd grade males & females, 20548
economical addition strategies & knowledge of commutativity in commutativity tasks, 5.4–5.7 & 6–7.6 & 8.8–9.7 yr olds, 15209
educational agency's implementation of problem solving consultation model, agency staff & teachers, 24689
educational principles & case-based computer-aided learning systems, 17137
EEG during problem-solving, gifted vs nongifted 18–19 yr olds, Slovenia, 41392
effectiveness of problem-based learning & range & content of & methods used to solve clinical problems, consultation psychiatry team, 12814
efficacy of problem solving groups & effect of psychosocial factors vs menopause, life satisfaction & mood, 45–55 yr old females with stress & depression, England, 8 wk follow-up, 8898
emergency behaviors & cultural microselection & group selection effects, 3 nonliterate tribal groups, 22406
environmental affective color cues, processing strategy, college students, Canada, 28888
episodic learner model & acquisition of problem solving skills by intelligent tutoring system, novices learning computer programming language, 5861
erotetic rationality approach, unbounded ignorance in policy analysis problem structuring & solving, extension of C. E. Lindblom's social change critique, 22198
errors in isomorphic & nonisomorphic transfer in analogical problem solving, elementary school students, 22010
ethical issues in diagnosis & solution focused brief therapy, 11-yr old female with sudden-onset paralysis of unknown origin, 42938
everyday situations with positive vs negative outcomes, use of confirmation vs disconfirmation hypothesis testing strategies, Ss with paranoid schizophrenia or delusional disorder vs major depression, 4033
evolution of problem-solving & psychosocial approach to conflict resolution, 18854
factor analysis of Conflicts and Problem-Solving Scales, assessment of interparental conflict, effect on child adjustment, couples & their children, 14269
factor structure of Wisconsin Card Sorting Test, assessment of problem solving & other aspects of executive function, patients with focal or diffuse neurological impairment vs nonpatient adults, 2648
family environment relationship & personal growth & system maintenance dimensions & self-rated effective vs ineffective problem solving, college students, South Africa, 15317
family processes & parental behaviors in family discussions, cognitive & problem solving style, anxious vs aggressive vs nonclinic 7–14 yr olds, 22093
fantasy vs realistic context of problem, reasoning & information retrieval, 8 vs 10 vs 12 yr olds, Canada, 25764
field effects & fixed response vs nonfixed random rule use, water-level task performance, 7–15 yr olds, Germany, 7252
figural problem solving of game-like tasks, children with mild intellectual disabilities vs regular class children with equal MA vs equal CA, Australia, 26804
financial conflicts & problem solving communication deficits & global relationship distress, couples in marital therapy vs financial counseling, 43016
formal inventory theory & experimental system for study of intuitive inventory management, college students, 6332
frontal lobe damage, everyday social problem solving, 20–83 yr olds with frontal lobe lesions vs dementia, 16319
functional MRI, assessment of working memory associated regions of neocortical activation during analytical vs figural vs visuospatial reasoning in problem solving tasks, 23–30 yr olds, 38021
fundamental principles & problems of moral relativism, rational analytic vs collaborative approach to ethics and problem solving in rehabilitation counseling, 33288
generalizability of training effects vs practice, problem solving performance on Wisconsin Card Sorting Test vs modified Vygotsky Concept Formation Test, 24–54 yr old patients with schizophrenia, 7948
generalization of Hopfield method onto Cohen-Grossberg model in solution of large class of combinatorial optimization problems with variable constraint, 14450
goal–subgoal conflict, planning ability in 3D Computerized Tower of Hanoi problems, patients with unilateral prefrontal cortical neurosurgical lesions vs temporal lobectomies, 42823
group decision support systems & facilitated solution of multicriteria problems during computer supported meetings, 15572
guidance & reliable alliance & reassurance of worth, self efficacy in problem solving, teacher assistance team members & school staff receiving their services, 33354
haloperidol vs amisulpride, motor skills & problem solving & strategy & subjective effort & automatization of task, healthy 20–30 yr olds, 38145
heuristics & artificial intelligence & naturalized epistemology & human problem solving models & justification of defeasible rules, 14098
high-preference single-digit mathematics problem completion, multiple-digit mathematics problem performance, female 14–15 yr olds in alternative school for academic & social noncompliance, 39131
history of success & current context, problem solving, undergraduates, 10694
HORIZONS Student Support Program approach to teaching problem solving in classroom, college students with physical disabilities or from low income families, 43683
imprecise pattern-matching algorithm & informal fuzzy reasoning, local student modeling in arithmetic problem solving tutor, 14091
improving & combining software tools, creating learning laboratories for complex problem solving, 43936
individual differences in personal & technical skills, strategies in device design, professional & student mechanical engineers, 10206
individual differences in strategic use of diagrams as external memory in solving mechanical reasoning problems, college students with low vs high spatial ability who did vs did not take notes, 25261
inductive reasoning training strategies, enhancement of academic learning & solving complex problems, 5–8 & 12–13 yr olds, 9871
information integration about object–object relationships in matching-to-sample task, female chimpanzees, 6460

initial stages of acquiring single principle & collection of interacting pieces of knowledge & final stages of cognitive skill acquisition, literature review, 14616
innate predisposition & motivation to study & problem solving outside of conscious awareness & Neurological Positivism algorithmic model of performance, calendar calculating idiot savants, commentary, 23202
instructional approaches to complex mathematical problem solving that use meaningful contexts & role of technology, students with learning disabilities, 33531
instructions in use of counting & thinking strategies to learn number facts, recall & retention ability in solving addition & subtraction problems, 2nd graders, Nigeria, 2168
integration of marketing problem-solving modes & marketing management support systems, marketing managers, 40671
intellectual ability & career goal threatening vs enhancing statistical reasoning problem, application of law of large numbers & ANCOVA reasoning, 14–18 vs 19–23 yr olds, 25757
interaction & structured social context, cognitive problem-solving computer-based task , 9–10 yr old males vs females, 40428
interactive reconstructive modeling of procedural skills based on observed student performance, application in context of symbolic integration tutoring system, 10263
intermediate representations bound to lexico-syntactic structure of roman & verbal numerals, magnitude comparison & verification of simple equations & addition, college students, Belgium, 34228
interpersonal problem-solving &/vs creativity training, self-perceived & interpersonal problem-solving & creative performance & style, 17–55 yr old undergraduates, 21328
interpersonal problem solving interactions, depressed vs non-depressed adolescents & their parents, 35569
interpretation of thematic conditionals, solving conditional reasoning problems, 15–17 yr olds, Hong Kong & Taiwan, 18490
intervention aiding purported difficulties with closure &/vs construction of complete mental models, recognition of indeterminacy in reasoning with illogical syllogisms, 10 vs 12 yr olds, Australia, 38315
intuitive perceptions of problem solving complexity & decision making strategy, 17–23 yr olds naive to vs informed of study purposes, 21369
intuitive problem representation, evaluating mathematical problem solving strategies, 8th graders & college students, 34793
IQ, time allocation during problem solving, 7th–8th graders, 748
job demand & decision latitude, psychological strain, 24–59 yr old male operators in electroenergy network, 14021
knowledge level & cognitive qualities & self efficacy & goal structure, decision making & problem solving, managers in accounting, 43769
leaping & flexibility problem solving strategies & insight & scholastic aptitude, 17–25 yr old university & 5th–7th grade students, 21993
level of expertise, decision support & audit research skills in complex databases, accountants, 28128
level of knowledge, performance assessments of cognitive activities during science problem solving task, 5th graders, implications for learning & instruction, 33376
literal recall & schematizing & evaluation of source story structure similarity to previously elaborated problem, analogical reasoning, college students, Italy, 10715
magnetic source imaging & neural networks as ways to research real life problem-solving learning process, commentary, conference presentation, 28342
maternal ratings of child temperament & observed maternal behaviors in home as predictors of mothers' problem solving behaviors with toddlers, 18 mo olds, 3.5 yr study, 29780
mathematical word-problem-solving instruction, students with mild disabilities or at risk for mathematics failure, literature review, 1978 to present, 37103
models incorporating interpretations of transverse patterning to simulate data on performance on loop problems, homing pigeons, 10763
modified Wisconsin Card Sorting Test, employment of problem-solving strategies, elderly with vs without cognitive impairments (mean age 77 yrs), 28542
"more" & "less" in English vs Filipino math problems vs stories, verification response & time in word problem solving, bilingual students, Philippines, 21325
mother child interaction & disruptive child behavior & maternal characteristics, maternal facilitation of problem solving, children & their mothers, 3639
mother–child problem solving behavior & academic achievement, 2nd graders & their mothers, 2 yr study, 2186
multicomponent competence enhancement vs information/attention control school-based prevention program, problem solving & social skills, 1st–4th graders with disruptive behavior, 2 yr study, 36296
multimedia design projects in social studies to teach thinking & problem solving skills, students with disabilities, 20651
negative life events & current problems & problem solving as predictors of anger & anxiety & depression, 21–58 yr old male vs female graduate students, 7730
negative life events & depression severity & dysfunctional attitudes & problem-solving, perceived stress before & after treatment, 18–65 yr old outpatients with depression, 42279
negative life events & perceived problem solving alternatives & depression & suicidal ideation, 12–18 yr old psychiatric patients, 7826
negative life events & problem-solving behavior, depressive symptoms & marital adjustment, newlywed couples, 18 mo study, 35517
neural activation in cerebral cortex areas during Tower of London planning task, right handed 18–55 yr olds, 10919
neuropsychology of dreams & hemispheric specialization & central role & importance of dreams in regulation of behavior & problem solving & emotion, 11018
nondifferential reinforcement, judgment of relations between relations, symbolic language-naive vs -trained chimpanzees, 18085
operationalization of problem solving methods of knowledge-level modeling using abduction inference procedure, 5856
optimism & pessimism & negative & positive affectivity & problem orientation, 17–25 yr old Asian- vs Caucasian Americans, 15678
outcomes of problem-based learning, health care professions education, 43493
palate vs finger pulse amplitude to measure vasomotor activity during mental arithmetic & imagery tasks, adults, 18247
parent management & problem solving skills training & functional family & multisystemic therapy, children & adolescents with conduct disorder, 27131
parental marital status & conflict & mother–adolescent relationship & maternal depressive mood & communication/problem solving skills, prediction of delinquency, adolescents, 6 yr followup, 26721
perceived importance of infant's issues & need for action & problem solving & use of help, mothers of newborns, 3 mo study, 3646
perception of problem solving advice from human vs computer, college students, Sweden, 5836
perceptions of parental autonomy enhancing vs controlling behavior, self efficacy in problem solving, 19–22 yr olds, 3894
perfectionism & perceived social problem-solving ability & symptoms of depression & anxiety, college students, 22524
personal health care needs & problem solving & diagnostic uncertainty in context of sustained partnership with patients & families & communities, family physician vs specialist, 13263
personality traits & problem solving appraisal & perceived social support, development of model of psychological adjustment, male vs female college students, 22582
perspectives on solution-focused brief treatment & participation in supervision, clients, 42955
picture–word format & onset of verbatim vs inference test sentence, problem solving RT, college students, 21341
planning & problem solving in complex puzzle task, adults, UK, 21374

practical thinking & problem solving skills & acquisition of optimal solution strategies in goal directed mathematically oriented task, 3 & 4 yr olds, 735
practice schedules & demands, problem solving fluency, college students, 6296
pragmatic importance vs adaptation, analogical problem solving, college students, Wales & Ireland, story examples appended, 17919
predisposition & motivation to study & problem solving outside of conscious awareness & Neurological Positivism algorithmic model of performance, calendar calculating idiot savants, commentary reply, 23200
presence of equally vs less vs more competent partner & feedback, benefits of collaborative problem solving, 6–9 yr olds, 25790
prior knowledge of problem intermittency, human troubleshooting performance, college students, 41093
problem & problem-solver characteristics, calibration of best estimates in judgments including actual outcome, experts vs novices in real estate practice, 6344
problem based curriculum fostering higher order thinking skills vs traditional instruction, content acquisition in social studies class, 10th graders, 9856
problem based learning approach to teaching of ethics in psychiatry, case illustration for students, 17060
problem based learning curriculum as teaching method, 3rd year medical students in pediatric clerkship, 9738
problem based learning vs traditional lecture curriculum, clinical performance & achievement on national board test, internal medicine clerkship students, 13567
problem identification for conducting post-HIV test counseling & promoting HIV prevention, health professionals involved in HIV testing, 39954
problem oriented mathematics curriculum, application of known rules & procedures in mathematical problem solving & connections, middle school teacher & her students, 33422
problem representation & procedural knowledge, elite vs nonelite 19–20 yr old springboard divers, 34214
problem size effect in retrieval vs nonretrieval procedures in simple addition, 18.3–37.9 yr old college students, 6321
problem solving & design principles for improving quality of instruction in mathematics, students with learning disabilities, 33525
problem solving & use of strategic processing resources in fault diagnosis task, dysphoric vs nondysphoric college students, 7899
problem solving achievement & emotional lability & anxiety & neuroticism, 16 yr olds, 11314
problem solving behavioral intervention, 17–43 yr old male sex offenders, Australia, 13508
problem solving capacity, content of protein & protein sulfhydryl groups of synaptic membranes & total synaptoplasm of light & heavy synaptosomes of Ep fields, cats, 6698
problem-solving confidence, catastrophic worrying, undergraduates, England, 6299
problem solving confidence, prediction of depression during pregnancy & postpartum period, 15–40 yr old females, 4090
problem solving framework for early development of executive function, 34842
problem solving intervention, dietary management & blood glucose level, 19–53 yr olds with insulin dependent diabetes mellitus, 32660
problem solving model for teaching caregivers planning for medical & psychosocial problems, family caregivers, 24232
problem solving of spatial task, spatial reasoning, rhesus monkeys, 29068
problem solving orientation & coping & tolerance for job stressors, occupational burnout, rehabilitation nurses, 33254
problem solving, patients with multiple sclerosis, 16235
problem solving performance on process & object oriented tasks using object-oriented modeling, experienced vs inexperienced process-oriented modelers, implications for systems analysis & design, 14064
problem solving skills & health comprising behaviors, male vs female college students, 39941
problem solving therapy in cognitive behavior treatment, adaptation to life stress & goal setting & decision making to reduce intensity or prevent onset of depressive symptoms, 4118
problem solving training program, problem clarification skills & attributions for cause of student problems, elementary school teachers, 13686
problem structure, quality of solution decision inputs, experts vs novices, 28889
program design strategies & problem solving, experts in object oriented programming, 20894
protocol analysis for access to cognitive processes during problem solving, application to clinical practice & research in rehabilitation, 27774
provision vs denial of choices & preferences of workstation lighting, mood & cognitive task performance & perceived control, 17–36 yr old college students, Canada, 17463
psychometrics of Tower of London & Six Element & Twenty Questions & Complex Figure tests, measures of planning ability & problem solving, neurologically normal 17–55 yr olds, 25080
quantitative vs qualitative approaches to transitions in problem solving, 1st & 2nd graders, 7230
Rankine vs single-sensor single indicator display, abnormality detection & diagnostic performance, novice undergraduates vs expert graduate students vs professional operators, 28302
rationale & methodology for & evaluation of teaching problem solving approach to international conflict resolution, college students, application to intergroup & interpersonal conflict, 22206
redesign & computer scoring of Test for Organizational Ability, assessment with effort & time scores, psychologists vs construction workers vs students vs other professionals, 20989
regulatory focus &/vs valence, promotion vs prevention, strategic inclinations in task performance & problem solving & decision making, undergraduates, 25251
reliability and purposes of the Test of Mathematical Abilities—2, assessment of attitudes & computation & problem-solving skills in math, 8–18 yr olds, 34062
repeated exposure to simulated clinical cases as method of problem based learning, development of clinical expertise, 21–45 yr old veterinary students, 40268
representations & problem solutions & justifications & explanations in conceptual understanding of fractions, 5th graders, 5651
role of clinical problem solving & insights in teaching & learning across the medical school to practice continuum, 2120
role of metaphor & analogy in artificial intelligence & computerized problem solving paradigm, 14097
role of recognition processes vs look ahead search in time constrained problem solving, grand master level chess players, 17909
role of Social Problem Solving Lab in increasing application of Social Problem Solving knowledge obtained in classroom to bolster effective social problem solving, at-risk 3rd graders, 40446
self-efficacy beliefs, mathematical problem-solving, middle school gifted vs regular education male vs female 8th graders, 13890
self regulated strategy instruction, ability to perform addition & subtraction word problems, 3rd–4th graders with learning disabilities or mild mental retardation, 37093
self-reported problem solving strategies & previous training in creative problem solving, performance on convergent & divergent thinking tasks, college students, 2819
set-inducing instructions to avoid reference to specific water jugs, problem solving speed & accuracy, students, implications for Einstellung effect, 10693
sex & cooperativeness vs competitiveness, individual & group problem solving, college students, 11737
sex & topic selection, problem solving effectiveness & development, parents & their preadolescent child, 2 yr followup, 3329
sex, differential item functioning & problem solving ability on mathematics tasks, 6th–7th graders, 33458

sex, self- &/vs other-focused goal content & salience of interpersonal concerns in everyday problem solving, 10–12 vs 18–28 vs 40–59 vs 60+ yr olds, 7378
SHAPE individual & group decision making & problem solving model, intuitive decision making in computer simulated stressful cognitively busy condition, 18–32 yr old males, 41069
sibling temperament ratings & parent—child relationship quality & family problem-solving behavior, sibling relationship quality, 4–9 & 6–11 yr old siblings, 3411
simultaneous concrete & unnatural representation as cause of conjunction errors in solving Linda conjunction problem, college students, 21336
single vs multiple format assumption in arithmetic retrieval, 20–41 yr old college students, Germany, 34265
social construction therapy & 6-stage problem oriented therapeutic model for sociocultural & individual relationship influences in remarried families, literature review, 32193
social constructivism & solution focused therapy, 16467
social problem solving motivation & ability, distress & personal problems, 9th grade health education students, application of Stepped Approach Model to delivery of health education & promotion, 9310
social problem solving skills, 13–16 yr old males with vs without history of stealing, 26719
social problem solving strategies, parents of aggressive vs nonaggressive 12–13 yr old males, Finland, 7509
social problem solving, stress related depression & anxiety, 50–55 & 60–80 yr old community dwellers, 19124
solution-focused brief therapy approach to weight loss & prevention of weight regain, 42925
solution focused brief therapy with focus on networks, recidivism, male prisoners, Sweden, 16 mo study, 43474
source monitoring in recall of self- vs other-generated vs new solutions to word puzzle in unconscious plagiarism paradigm, paired college students, 37780
source of activation confusion model of problem familiarity's role in selection of retrieval of answer vs computation during mathematical problem solving, college students, 17945
spatial problem solving & logical reasoning, monkeys, 21505
structural learning theory approach to human centered problem-solving knowledge acquisition & expert systems, 10262
study & test problem superficial similarity & embedded vs abstract principle explanation, direct vs near-miss analogical mapping in problem solving, college students, 21442
superficial &/vs structural &/vs procedural similarity, analogical problem solving, 5 vs 7 & 6 vs 8 yr olds, 3353
supplemental instruction with investigative-oriented laboratory activities vs worksheet-study approach, logical thinking ability & problem solving & achievement in science, 8th graders, Turkey, 24562
teaching clinical problem solving using schemes, medical students, Canada, implications for education, 24440
test retest stability of Wisconsin Card Sorting Test, assessment of changes in problem solving abilities, elderly, 9-22 mo followups, 2556
themes related to higher level thinking & problem solving in mathematics, elementary students with learning disabilities, 33560
time pressure, attributions & solutions in hypothetical social problem situations, aggressive vs nonaggressive 8.7–11.8 yr old males, 29856
traditional conceptions of problem solving & framework for theorizing about & design of curriculum for problem solving, 8th graders, 40397
training in use of executive strategies, geometry problem solving, high vs low achieving high school trigonometry students, Australia, 9846
training of knowledge & skills for diagnosis in electronics domain & implementation in knowledge based environment for troubleshooting, novice vs expert naval electronic troubleshooters, Netherlands, 14106
training of structural fault-finding strategy & transfer to fault-finding performance in hypothetical chemical plant, college students, 33803
TV viewing & TV focused social interactions & solving of real vs videotaped balance scale problems, 3 & 5 yr olds, 2 yr study, 742
types & qualities of knowledge used in problem solving, applications to learning & instruction research, 28838
understanding of & computations with & solving word problems involving fractions, 6th graders, 43618
understanding performance in real life work situation using problem solving model, 20–40 yr olds with traumatic brain injury, 36070
unidirectional vs bidirectional framing effects on choice outcomes, risk preference in life-death vs public property vs personal money problem domains, college students, 14618
uninformed learning computerized strategies for managing type-2 complexity problem spaces, commentaries & reply included, 37307
use of cooperative learning in problem solving for mathematics, 20559
use of examples, analogical problem solving & reasoning & transfer & generalization, students, application of computer-based learning environment, 28974
use of higher level cognitive operations in problem solving with geographic information systems program, high school student novices vs system experts, 17115
use of identical items to assess self-efficacy & performance in mathematical problem solving, 8th–12th grade students, 37534
use of manipulatives to teach math problem solving, identificaton of appropriate operation to use, male 3rd graders with learning disabilities, 9979
use of significant event language & automatic graphics planner & dynamic control structure to allow visualization in intelligent problem-solving environment, 33844
use of solution-focused brief therapy with reflecting team in couples therapy, suicidal female 40-yr old recovering heroin addict & her husband, 43029
visuospatial performance on Raven's Coloured Progressive Matrices, patients with Parkinson's disease, 23378
vocational identity & problem solving, nontraditional or minority premedical students, 2113
working memory capacity, implicit learning in problem solving, college students, 28973
world understanding & problem solving confidence & life satisfaction & depression & social support & life events & exposure to information, 22–70 yr old married couples, Hong Kong, 22258

Procaine—Serials

dimethocaine vs procaine, locomotor activity & conditioned place preference & elevated plus-maze anxiety, male mice, test of local anesthetic vs dopaminergic action hypotheses of cocaine-like effects, 18332
procaine infused in medial septal nucleus, hippocampal theta field activity & wheel running induced by electrical stimulation of posterior hypothalamic nucleus, male rats, 3124

Procedural Knowledge—Serials

abstract knowledge, performance in artifical grammar learning, adults, 21362
d-amphetamine vs haloperidol, procedural learning, healthy 18–45 yr old males, England, implications for abnormal learning processes in schizophrenia, 21874
declarative & procedural knowledge & impact of maternal power assertion, moral action tendencies, 26–41 mo olds, longitudinal study, 11448
executive control in revising, 11.3–12.9 yr olds with learning & writing disabilities, 33532
free play settings reflecting authentic literacy contexts, declarative & procedural & strategic literacy knowledge activity, 3–4 yr olds, 18498
learning of 1st programing language & basic concepts, transfer of procedural knowledge to 2nd language & declarative transfer, adults, 5832
mirror reading task skill acquisition & neurological mechanisms involved in procedural memory process, patients with Parkinson's disease vs spinocerebellar degeneration, 31917
problem representation & procedural knowledge, elite vs nonelite 19–20 yr old springboard divers, 34214

residual declarative memory & task-specific cognitive ability, cognitive procedural learning, 22–64 yr olds with amnesia, 16373
Process Schizophrenia [See Schizophrenia]
Procrastination—Serials
avoidant vs decisional vs arousal procrastination, adults, 7719
irrational thinking, academic procrastination, college students, 37060
time structure & procrastination, college students, Ireland, 26281
Product Design—Serials
new product development processes, US vs Japanese firms, 28274
organizational memory level & dispersion & technological & market turbulence, new product short-term financial performance & creativity, advertising firms, 20853
package design & assistance features of computer software, support for learning dimensions & ease of use, experienced computer users, 14077
relational norms & managerial controls & integration of research & development & marketing, new product development & perceived effectiveness, engineers & marketing personnel, 20849
scientific & theoretical progress through instrument development, 17783
Productivity (Employee) [See Employee Productivity]
Professional Certification [See Also Accreditation (Education Personnel)]—Serials
certification & credentialing requirements, timing of job resignation, accountants, 2321
certification requirements, performing sanity examinations for state courts, psychiatrists & psychologists & nonpsychiatric physicians & social workers, 20427
coverage of gerontological issues in clinical & counseling psychology programs, training directors of APA accredited doctoral programs, 43504
ethical & professional practices & required ethical training & policies & procedures for processing ethical complaints, addiction counselor certification boards, 33309
legislation & certification & licensing, school psychologists, US & Canada, 20523
Professional Client Sexual Relations—Serials
arguments of right to autonomy vs patient harm & incompetency to consent & exploitation in ethical condemnation of posttermination patient therapist sexual contact, commentary included, 5552
attitudes toward & prevalence of educational programs related to prevention of psychiatrist patient sexual exploitation, directors of psychiatric residency programs, 13544
attitudes toward social & genital sexual contact between patients & internal medicine specialists vs psychiatrists vs obstetrics-gynecologists, medical students, 13613
avenues of remediation & rehabilitation for psychotherapist–client sexual relations & other ethics violations, commentary, 33291
avenues of remediation & rehabilitation for psychotherapist–client sexual relations & other ethics violations, commentary reply, 33294
avenues of remediation & rehabilitation for psychotherapist–client sexual relations & other ethics violations, commentary, 33300
avenues of remediation & rehabilitation for psychotherapist–client sexual relations & other ethics violations, commentary, 33284
avenues of remediation & rehabilitation for psychotherapist–client sexual relations & other ethics violations & rehabilitation, 33293
boundary violations & sexual exploitation of clients, helping professionals, 24500
church congregation recovery process after discovery of minister's sexual involvement with female parishioners, 18697
criminalization & criminal & reporting statutes for sexual misconduct, mental health professionals, 9790
curriculum outline for education in psychiatric residency programs, prevention of physician-patient sexual misconduct, 33216
early history & current prevalence of sexual contacts between psychoanalysts & patients & ideas of J. Chasseguet-Smirgel on perversion of psychoanalysis, 20484
ethical beliefs & practices in area of sexual & other dual relationships with patients, certified drug & alcohol counselors, 33310
ethical beliefs about & behaviors regarding sexual attraction & expression toward clients, Christian therapists, 36557
ethical misconduct & clinical technique in cases of sexual boundary violation, psychotherapists, 13641
ethics of posttermination patient–therapist sexual contact, commentary & commentary reply, letter, 33278
feminist psychoanalytic & psychosocial theories on gender relations, sexual abuse in therapy, female victims & male offenders, Australia, commentaries & errata included, 5551
historical context of injunction against & predisposing factors in & adverse consequences of sexual relationships, therapists & patients, 13642
issues concerning sexual boundary violations with patients, therapists, 43554
issues concerning sexual boundary violations with patients, therapists, commentary, 43560
issues in legal processing of cases of sexual relationship between mental health professionals & their patients, 9787
issues in malpractice laws & professional regulation & sexual misconduct, pastoral counselors, 9807
legislative intervention regarding therapist sexual misconduct, 20488
pilot course on sexual feelings & boundary maintenance in treatment setting, 4th year postgraduate psychiatry residents, 13545
point of view of victim & therapist & attorney on sexual boundary violations, conference presentation, 40328
privacy vs professional misconduct, hypothetical case vignette, comment, 33299
privacy vs professional misconduct, hypothetical case vignette, comment, 33308
privacy vs professional misconduct, hypothetical case vignette, comment, 33311
privacy vs professional misconduct, hypothetical case vignette, comment, 33304
privacy vs professional misconduct, hypothetical case vignette, 33277
profession & gender & status, attitudes & behaviors about sexual boundary violations, clinical psychologists vs nonpsychiatric physicians, Israel, 33303
reactions to brochures on general psychology & client therapist intimacy, psychotherapy clients, implications for therapists' reservations about presenting facts, 16502
Rorschach test protocols, psychological & personality characteristics, 25–66 yr old male mental health professionals in sexualized dual relationships, 24493
sexual harassment & potentially sexualized patient behaviors in clinical practice, 30–91 yr old female psychotherapists, 20387
sexual harassment & sexual intimacy in academic environments & recommendations of Canadian Psychological Association, students & faculty & supervisors & psychologists, Canada, literature review, 5578
Professional Communication [See Scientific Communication]
Professional Competence—Serials
aspects of national occupational standards & competence & National & Scottish Vocational Qualifications in health & social care, UK, 40358
assessment of perception that counseling psychology training programs encourage multicultural competency, counseling psychology doctoral students, 20422
cultural issues in occupational therapy, importance of personal & professional values for culturally competent occupational therapists, Australia, 43533
development & internal consistency & construct & face validities of Multicultural School Psychology Counseling Competency Scale, directors of school psychology training programs, 34080
development of & case-based approach to practice-based competencies for accreditation of & training in genetic counseling graduate programs, 27865

development of occupational standards & competence-based qualifications for applied psychologists, UK, 33281
differentiation of counselor types based on psychometric variables & characteristics of being exemplary, Arkansas Rehabilitation Services vocational rehabilitation counselors & supervisors, 40296
general principles & ethical & professional & legal standards of industrial-organizational psychology & activities & training & competencies of psychologists, 1995, Canada, statement appended, 24698

reasons for referral to tertiary Mood Disorders Unit & satisfaction with intervention outcome, 15–80 yr old patients vs referrers, 30749
referral intensity, engagement & relapse & retention in outpatient treatment, females (mean age 33.5 yrs) with alcohol or other drug problems, 33058
referral rate & reason & diagnoses & interventions, African American vs Caucasian elderly referred for geropsychiatric consultation, 38932
referral to mental health services after initial referral to fire department, 3–15 yr old firesetters with psychopathology, 35737
referral to peer assistance program for alcohol & drug use, registered nurses, 27777
referrals & caseloads & diagnosis & pattern of contact in community mental health team, 65 yr old & younger to 85 yr old & older psychiatric patients, 18 mo followup, 13301
referrals by clinical staff to consulting psychiatrist for comorbid psychopathology, diagnosis of DSM-III-R comorbid Axis I or Axis II disorders, substance abusing Ss admitted to detoxification unit, 1390
review of published research to determine parental marital status, children & adolescents referred for psychological services, meta analysis, 22269
role of consultation liaison psychiatry service in HIV/AIDS inpatient unit & identification of mood & related disorders by referring doctors, HIV/AIDS patients, Australia, 43421
school intervention assistance programs & prereferral teams, students who are difficult to teach, 13854
sensitivity & specificity of 5-item Rapid Alcohol Problems Screen, identification of need for intervention or referral for problem drinking, emergency room patients, 20271
SES & ethnicity & family constellation & contact with biological mother & father, 3–18 yr old outpatients with psychological problems &/vs learning difficulties, 35086
sex & race & other variables moderating teacher's decision to refer students to school psychological assessment service, 4–18 yr olds with developmental or severe behavioral handicap, 37129
sociodemographic & diagnostic correlates of psychiatric referrals, 1–61+ yr old inpatients, 1 yr study, Nigeria, 24262
source of referral to child psychiatry service & attendance pattern & diagnostic & abnormal psychosocial situations, 2–16 yr olds, England, 30688
sources of & reasons for referral to psychological services, 21–66 yr olds with mental retardation, 26807
trends in referral patterns to psychological consultative services in university teaching hospital, patients, 1985–90, Nigeria, 24277
variance in mixed anxiety & depressed mood, clinically referred vs nonreferred male vs female adolescents, 38376
views of appropriateness of child welfare referral & reporting of at risk children clients, 7th & 9th & 11th grade urban children, 19281
willingness to refer elderly patients for elective surgical operations & patients' age & comorbidity & institutionalization & living habits & signs of dementia, 25–63 yr old medical doctors, Finland, 40310

Professional Specialization—Serials

antitrust & discrimination & malpractice of specialization in professional psychology, 20489
attribution style, perceptions of patients & success expectancy & specialty choice, medical students, conference presentation, 9707
badmouthing or negative comments about potential career choices, choice of primary care vs nonprimary care vs other career choices, graduating medical students, 13551
career specialization & corporate strategy at time of succession, previous vs successor CEOs, 1981–90 vs 1957–81, test of population ecology hypothesis of organizational inertia, 43730
congruence of vocational interests with specialties & job satisfaction, 23–49 yr old teachers, 40355
decision making processes in choosing primary vs non primary care specialties, graduating medical students, 40264
development & standard setting & results of Examination for Added Qualifications in Geriatric Psychiatry, 30–86 yr old psychiatrists, 10530
diagnostic work for & contributions of nursing specialties to identification of physical child abuse, 27702
dimensions of service model for application of art therapy, art therapy students & professionals reassessing career paths, 20447
drug dosages & therapist specialization in treatment strategies & planning, patients with bulimia nervosa, clinical & economic implications, literature review, 31539
early development & current models of education & training in psychology & law/criminal justice, 14125
early intervention considerations for families with disabled children, clinical & training implications for family therapists, 32230
emotions concerning academic work & place of employment & subject area, directors & academic faculty of university business schools, England, 40348
factors affecting residency program choice, applicants interviewed for yr 1 psychiatry positions, 1989–93, implications for decreased funding for psychiatry training positions, 13559
factors in practice preference & lack of occupational therapists in mental health field, 13477
geometrical organization of architectural space & professional background, aesthetic & emotional responses, 22–35 yr old chemistry vs architecture majors, 187
history of recruitment into psychiatric specialties, medical school graduates, 1959–65, commentary on research review, letter, 36890
interest in psychotherapeutic societies & attitudes toward specialist training & personal & training therapy & analysis, mental health professionals recently completed or in training, Netherlands, 9733
job security & economic factors in health care environment, speciality preference & choice, senior medical students, letter, 13560
level of debt & 1st yr preference for family practice & income expectation, prediction of family practice vs other specialty choice, medical school graduates, longitudinal study, 13570
medical school achievement, prediction of physical medicine & rehabilitation residency & performance & board examination scores & entry into academic practice, residents, 13531
psychosocial beliefs, 4th yr medical students planning to specialize in family medicine vs other specialties, 43665
researcher pool gender balance & reduction of international graduate recruits & trend toward subspecialization, future pool of research expertise, psychiatry department faculty members, Canada, 20425
sex & speciality, death anxiety & locus of control & purpose in life & their influence on clinical behavior regarding death notification, attending & house staff physicians, 13635
specialist training, fact selection & ranking of importance in diagnosis of elderly patients, geriatricians vs geriatric psychiatrists vs internists, Netherlands, 20433
time changes & coroners' professional backgrounds, ratio between open & suicide verdicts, suicide victims aged 15 yrs & older, England & Wales, 1974–91, 35732

Professional Standards [See Also Professional Liability]—Serials

aspects of national occupational standards & competence & National & Scottish Vocational Qualifications in health & social care, UK, 40358

assessing dangerousness & false positives & practitioner responsibility, 36913
competence based occupational standards & National Vocational Qualifications for counseling & psychotherapy & guidance, UK, 9795
confidentiality standards & advocacy in mental health care, mental health personnel, 33306
contextual & ethical associations for understanding & litigating & treating repressed memories of childhood sexual abuse, implications for therapists' role, 23645
counseling profession's desire for increased legitimacy & need to advocate for effective social change, 13520
criteria of profession & vulnerability to abuse & potential models for proper practice of psychiatry, 40318
development & standard setting & results of Examination for Added Qualifications in Geriatric Psychiatry, 30–86 yr old psychiatrists, 10530
development of guidelines & involvement of participation of medication recipient, prescribing according to exemplar guideline for hypertension in elderly, primary care clinicians, UK, 32710
development of national occupational standards in advice & guidance & counseling & psychotherapy, UK, 9778
development of occupational standards & competence-based qualifications for applied psychologists, UK, 33281
development of standardized Association of Professional Psychology Internship Centers predoctoral internship application forms, internship training directors, 17040
efficacy of psychotherapy & inclusion in clinical health care practice guidelines & government & private sector policy, 5250
ethical beliefs & behaviors, counselors in Christian Association of Psychological Studies vs Christian nonmembers vs licensed vs unlicensed therapists, 33298
ethical principles & values underlying occupational & professional standards in advice & guidance & counseling, UK, 9789
ethical standards of American Counseling Association on counseling terminally ill clients requesting physician assisted suicide, 5547
ethics of proposed professional standard for inclusion of all quantitative data in neuropsychological reports, commentary reply, 2138
evolution of & influences on psychology & research contributions & professional practice developments, Canada, 14181
excellence in forensic psychiatry & pressures on quality of forensic work, 14119
fiduciary theory & boundaries & boundary violations in therapeutic relationship & civil actions against therapists, 36918
general principles & ethical & professional & legal standards of industrial-organizational psychology & activities & training & competencies of psychologists, 1995, Canada, statement appended, 24698
guidelines specifying benefit-risk ratios for patients & families, use vs discontinuation of tacrine, elderly with Alzheimer's disease & medical & psychiatric comorbidities, 12 mo study, 5203
health policy perspective of themes & variations in & development & implementation of clinical practice guidelines, health personnel, 27925
informational & registration approaches to issues regarding policies & regulations in improvement of use of tests, Dutch Committee on Testing Affairs, 20946
International School Psychology Association's guidelines & definition of school psychology, 40337
introduction of National Vocational Qualifications for advice giving & role of voluntary sector advice agencies, Great Britain, 9792
issues in development of US standards for testing, 20947
justice-fairness & scientific-technical adequacy & feasibility-utility standards, evaluation of public sector selection systems, political & management & union & systems stakeholders, 13918
legal & ethical dilemmas & need for professional competency & supervision standards, government agency counselors, England, 13648
legal & professional guidelines for use of & methods for setting cutoff scores in public sector selection contexts, fire fighters, 10559
legal definition & practice standards & code of conduct, clinical psychologists, India, 33315
methods & guidelines for quality improvement of counseling services, genetic counselors, 27929
minimum standards of proficiency & instructional skills training & role preparation in psychodynamic psychotherapy, psychotherapy supervisors, 13569
multicultural counseling competencies & standards developed by Association for Multicultural Counseling & Development, 5544
need for increased training & 7 advanced standards, alcohol & other drug professionals, 43514
need for practice guidelines & standards of care in social work profession & hospital program attempt with suicidal clients, hospital social workers, 13639
occupational standards for advice & guidance & counseling in higher education, UK, 9800
overcautious decisions & need for risk assessment & who should assess risk, clinicians, 36912
political & media backlash movements, survivors of childhood sexual abuse, implications for therapists' protective role, 24501
practice guidelines & policy recommendations for smoking cessation strategies, primary care physicians & smoking cessation specialists & health care administrators & insurers, 20309
practice parameters for forensic evaluation, children & adolescents with possible physical or sexual abuse, 33279
problems of dual-relationship prohibitions with focus on constitutional problems & presentation of new standard & suggestions & analytical model to guide psychologists, 40320
professional misinterpretation of goals & underutilization of self help group Recovery, Inc. for mentally ill members, 5143
PTSD diagnosis & treatment approaches & therapist issues & current controversies, 8038
PTSD diagnosis & treatment approaches & therapist issues & current controversies, 8022
qualifications for use & administration of psychological assessments, psychologists, 43558
resistance to science & need for strength of scientific methods within social work, 20483
standards developed for regulating use of behavioral procedures in schools, state departments of education, US, 1994, comparison with 1989 study, 36972
standards for preparing teachers to teach mathematics to students with learning disabilities, 33362
1987 OBRA regulations of & quality assurance for prescribing of psychotropics & responsibilities of physician & facility medical director & consulting pharmacist, long term care facility residents, 5345

Professional Supervision—Serials

analysis of conversational interaction to determine improved or diminished instructional value of clinical teaching encounter, physician-teacher & teacher-coach & medical students or residents, 9703
analysis of doctoral programs in psychology in "Dissertation Abstracts International," identification & quality of programs producing most mentors & sex differences, psychologists, 24454
bullying & sexual contact in trainer-trainee relationship in clinical psychology, trainers & trainees, England, 36915
clinical immersion during psychoanalytic training & success rate of pre- vs post-graduation terminated cases, 1983–1992 graduates, 5488
clinical peer supervision models, job satisfaction & counseling self efficacy & effectiveness, 25–56-yr-old school counselors, 24385
cognitive style & theoretical orientation, preference for task vs relationship oriented supervision, 25–54 yr old psychology graduate students in predoctoral internship programs, 24438

collaborative autobiography & peer supervision in workshop & field experience, teacher development & student behavior & performance, education students & teachers, Canada, 13677
combatting demoralization & stimulating awe in psychotherapy supervisees, clinical supervisors, 24452
conceptual level & supervision environment & anxiety, developmental level, counselor trainees, 24417
deductive techniques for coping with supervisee resistance in training, social work supervisors, 24433
demographics & educational backgrounds & current positions & incomes & career goals & supervised experiences, graduates of advanced degree programs in sport psychology, 1989–94, 43491
development of insight through process involving unconscious identity & differentiation, psychotherapy supervisors & supervisees & their patients, 22612
developmental model for supervision of psychological assessment, 20429
developmental stages of psychotherapy supervision, psychotherapists, implications for graduate school & internship training, 5474
effectiveness of Active-Interactive vs Passive-Accurate approaches using SAD PERSONS Scale, assessment of suicide risk & application of interventions, clinical supervisors & supervisor trainees, 2602
ethical concerns of & transference & countertransference in student-supervisor relationship, social caseworkers, 5475
ethical decision making in clinical settings & strategy for clinical ethics training in psychiatry supervision, psychiatry residents, 17057
evaluation of inverted pyramid heuristic for development of client conceptualization in education & supervision, counselor trainees, 9724
experience level, judgment of interaction style & session quality & postsession mood, entry vs advanced level counselor trainees in supervision, 9730
experiences at historically White university, Black intern clinical psychologists, South Africa, implications for supervision, 24436
factors & reasons involved in decision to fail or counsel out/dismiss candidates from clinical practice, psychotherapy supervisors, 5495
feminist perspective on group supervision & training, 9723
feminist perspective on practice of supervision & counseling & therapy, male vs female supervisors, implications for gender sensitive supervision & counselor-client relations, literature review, 5478
gender differences, supervision process, counseling psychology trainees, test of integrated development model of supervision, 24444
heterosexism & ethics, supervisors & supervisees in supervision, implications for discrimination, 27874
historical perspective on split between role of supervisor & personal analyst & on transference & parallel process in psychoanalytic supervision & treatment, case example, 27850
homophobia & heterosexism in supervision, therapist & supervisors, 33218
importance of continuing clinical supervision, school psychologists, 20423
interpretation of transference in psychoanalytic supervision, 27339
isomorphism as conceptual framework for practice of marriage & family therapy supervision, 32–68 yr old supervising therapists, 43516
methodology of research project on relationship between psychotherapeutic supervision & teaching & practice, 8753
minimum standards of proficiency & instructional skills training & role preparation in psychodynamic psychotherapy, psychotherapy supervisors, 13569
mobility expectations & perceptions of fairness of criteria used in making mobility decision, satisfaction with work & promotional opportunities & supervision, employees, 2304
model for integration of dynamic forces within therapy supervision space, supervision as intermediate area between fields of teaching & emotional support & administration, 13553
model of psychotherapy supervisor development, implications for supervisor-supervisee relationship, 5501
models of & major issues in supervision & metasupervision in training & practice, sport psychologists, 9685
multiple functions of supervisor & relationships with supervisee & patient & analyst & institution, summary of 7th International Psychoanalytical Association Conference of Training Analysis, 1995, 5484
nondisclosure & distortion of events or feelings in psychotherapy supervision, psychotherapy trainees, 24456
parallel process theory of interpersonal repetition & conflict, applications to role of patient & therapist & supervisor in psychotherapy, literature review, 2115
perception of supervisory working alliance, client perception of counseling alliance & trainee treatment model adherence, 22–51 yr old counselor trainees & supervisors & 19–23 yr old clients, 20475
perception of training needs of shift supervisors in residential treatment facility for developmentally disabled persons, shift supervisors & middle managers, 20446
perspectives on solution-focused brief treatment & participation in supervision, clients, 42955
power & other problems in cotherapy analytic groups, supervisors & students, commentary, 23802
processes of imparting knowledge & self-understanding & shifting hierarchies in marriage & family therapy clinical supervision, 24435
professional development model of social work supervision, school social workers, 5486
psychological processes in supervision of psychotherapeutic candidates, reprint, 17050
purpose of supervision & importance of the supervisory relationship & the development of competence in the process of supervision, 43511
recursive frame analysis of solution-focused therapy's model of supervision, family therapy case, conference presentation, 33217
relational model of supervisory process, transference & countertransference & dissociative processes in analysis, analysts treating adult survivors of childhood sexual abuse, 24426
roles & supervisory issues for registered occupational therapist–certified occupational therapy assistant collaboration in home health care, 36817
satisfaction with training & role & impact of supervision, neophyte group therapy trainees, Canada, 9709
settings & supervisory issues in predoctoral internship training, Canada, 24431
social constructionist model of partnership discourse as heterarchical alternative to hierarchical supervision, marriage & family therapist trainees, 5481
supervision & understanding of analytic process, 13563
supervision in social work & sexual & marital therapy, UK, 5493
supervision in sport psychology practicum, 13533
supervision of combined behavioral & psychodynamic social skills training groups, patient attitudes & relationship between supervisees & supervisors, 24428
supervisor evaluation & teaching effectiveness of psychiatric residency program, Canada, 27964
supervisory & treatment impasses & resolutions in psychotherapy training, psychiatry residents, 36882
supervisory needs, psychotherapy trainees, 13541
survey of psychology predoctoral internship programs to examine practices of leaders & structure & content of group supervision & leader perception, training directors, commentary, 36885
teacher collaboration strategies with vs without team teaching & classroom observation, teaching efficacy & pupil achievement & attitudes, elementary school teachers & students, Canada, 5673
technological developments & theoretical approaches in model of open live supervision in family therapy, supervisor & therapists, Israel, 9721
training in mental health skills & psychosocial interventions & supervision practices, medical & nursing professionals & social & community workers & other front line workers, 5487

transference & countertransference & interactive factors between supervisor & supervisee in analytic process, 22634
Professors [See College Teachers]
Profiles (Measurement)—Serials
ability profiles including overall differential ability & academic achievement & demographic prevalence trends representative of norms for Differential Ability Scales, 6–17 yr olds, 10399
assessment of core symptoms & conduct & academic problems & social deficits, psychometric properties of Adolescent Behavior Checklist, 11–17 yr olds with ADHD, 21042
base rates & patterns & configurations of MMPI-Adolescent, 13–17 yr old delinquent males, 14326
clinical profile of speech & prosody-voice & causal-correlates characteristics in developmental phonological disorders, 3–6 yr olds with delayed speech, 8437
cluster analysis of MCMI scores & identification of clinical subgroups, 18–37 yr old suicidal Army enlistees in outpatient program, 4254
demographic & clinical & psychiatric & emotional & pain descriptive variables, characterizing different pain site groups, middle aged Ss with headaches & upper & lower back pains, 12463
demographic & land use & crime risk profiling system for high crime areas, England, 42572
denial & demeaning of characters assessed by Draw A Person Questionnaire, male alcoholic outpatients vs controls, 19358
factor structure & interrater reliability & internal consistency & validity of Life Skills Profile, 20–67 yr old psychiatric patients, Australia, 2634
group score profiles on Behavior Assessment System for Children Self-report of Personality, 8–11 yr old male alleged sexual aggressors, 12144
identification of personality types of prospective educators using Myers-Briggs Type Indicator, college students, 8 yr followup study, 43668
interrater reliability & profile & interrelationships of clinical characteristics of delusional beliefs, 16–74 yr old inpatients with schizophrenic or schizophreniform disorders, Greece, 2614
Kestenberg Movement Profile, assessment of nonverbal behavior, dance & movement therapy clients, 17582
MMPI-A vs adult K corrected norms, accuracy ratings of code type interpretations & profile characteristics, adolescent psychiatric inpatients, replication, 6034
MMPI profile & psychopathology, 18–44 yr olds referred for problems with shyness, 30500
MMPI profile subtypes, males convicted of sexual offense against child, treatment implications, 4373
MMPI-2 profiles, 18–73 yr old male pretrial defendants referred for psychiatric evaluation, conference presentation, 28519
modal profile shapes for Halstead-Reitan Neuropsychological Battery, patients referred for neuropsychological evaluation, 14345
phenomenological experience & Harvard Scale of Hypnotic Susceptibility scores, typology of hypnotic types, nursing students, 25348
premorbid psychometric profile, 18–45 yr olds with first-degree relatives with an affective disorder, 35538
prevalence of WAIS-R prototypal groups, neuropsychiatric inpatients, Canada, 12601
profile clusters of WAIS-R standardization sample, 16–74 yr olds, 25005
profile of demographic & clinical variables & comorbid psychopathology, adults with attention deficit & hyperactivity disorder, 19437
reliability of MMPI, differentiation of comorbid symptoms, depressed 14–17 yr old inpatients with vs without conduct disorder, 11968
sociodemographic & symptom profiles with early- vs late-onset mania, HIV infected adults mean age 35.5 yrs, 31675
subtle & obvious scales in detection of faking on MCMI-II, college students, 37415
systemic–wholistic approach to consider number of & differences among subgroups in profiles of psychological functioning, 70–103 yr olds, 41795
test reliability of revised version of Psychoeducational Profile, 4–7 yr olds with autistic disorder vs pervasive developmental disorders not otherwise specified, Netherlands, 25006
variability of WAIS—R profiles using subtest range vs Profile Variability Index, psychiatric inpatients, 17645
Profoundly Mentally Retarded—Serials
additional food as sensory stimulation, suppression of hand-mouthing behavior, inpatient & profoundly mentally retarded 30.5 yr old male, 19839
assessment of control device, ability to work independently & successfully with acoustic orientation system, 17 & 28 yr old male & female with blindness & severe or profound mental retardation, 13416
behavioral intervention &/vs methylphenidate, disruptive behavior & task engagement, 6 & 7.5 & 11 yr old males with severe to profound mental retardation, 8701
competence-based supported routines, self injury, 13 & 18 yr old males with profound mental retardation, 1744
ECT, 44 yr old male with profound mental retardation, case report, 13084
experiences & feelings & understandings of child's sexual development & identity, parents of profoundly disabled teenagers vs physicians & teachers, 8401
facial stereotypic movements, adults with tardive dyskinesia & severe or profound mental retardation, 8400
functional communication training with vs without extinction, self injurious behavior & manual signing, 24 & 29 & 39 yr olds with profound mental retardation, 33122
gradual tapering of neuroleptic treatment, behavioral effects, 24–62 yr old males with severe or profound mental retardation, 9115
learning & processes of habituation & classical & operant conditioning, children with profound intellectual disability, 12389
mechanical restraints & restraint fading, self injurious behavior, profoundly mentally retarded 7 & 8 & 20 yr old males, 32152
multimodal & integrative treatment based on nonaversive approaches, self injurious behavior, profoundly retarded male 16 yr old, 16542
naltrexone, severely or profoundly mentally retarded persons (mean age 35.3 yrs) with self injurious behaviors, 32371
noncontingent delivery of arbitrary reinforcers, self-injurious behavior, 34 & 44 yr olds with profound mental retardation, 39139
object manipulation maintained by substitutable reinforcement, stereotypic self injurious behavior, 30–33 yr olds with profound mental retardation, 32174
plasma HVA, 18–60 yr olds with severe or profound mental retardation with vs without body vs object stereotypy vs compulsions, implications for dopamine deficiency model, 8392
prevalence of psychiatric disorders & maladaptive behaviors, 20–29 vs 60–79 yr olds with severe & profound mental retardation, 26803
prevalence of psychopathology, severely vs profoundly mentally retarded 21–30 vs 31–40 vs 41–50 vs 50 yr olds & older, 4426
prompting & repetition & reinforcement procedure, gestural yes-no responding, profoundly mentally retarded 32–33 yr old females, 27217
risperidone, chronic aggressive & self-injurious & other severely disturbed behavior & tardive dyskinesia, 28–62 yr olds with moderate to profound mental retardation, 43150
staff training package, clients' increasing community integration, behavioral aides for adults with severe & profound mental retardation attending day treatment activity center, 27880
Treatment & Education of Autistic & Communication Handicapped Children program, learning capacity & adaptive behavior & behavioral problems, mentally retarded 7–18 yr olds with autism, 12 mo followup, 37112
validity of Diagnostic Assessment for the Severely Handicapped & correlation with the Aberrant Behavior Checklist, 4–86 yr old severely & profoundly mentally retarded residential patients, 40790

validity of Mania subscale of Diagnostic Assessment for the Severely Handicapped-II, assessment of bipolar disorder, severely & profoundly mentally retarded 21–86 yr olds, 40882
validity of use of facilitated communication in PPVT-R, autistic or profoundly cognitively impaired 7.2–36.8 yr olds & their facilitators, 8333
voice output communication aid training, acquisition & use of communication skills, adults with profound physical & mental disabilities, 13499
Progestational Hormones [See Also Progesterone]—Serials
degree of hemispheric asymmetry in hypothalamic progestin receptors, sexual receptivity & proceptivity, rats, 14856
estrogen & progestin, hippocampal formation & basal forebrain, rats, implications for aging & neurodegenerative diseases, 34561
Progesterone—Serials
analgesic neurosteroid 3a-androstanediol & progesterone in medial basal hypothalamus & preoptic area, tailflick latencies & sexual behavior, ovariectomized female rats, 21844
anxiolytic properties of endogenously occurring pregnanediols vs their metabolic precursors, male rats & mice, animal models of anxiety, 578
dominance status, times of ovulatory LH surge & characteristics of rise in circulating progesterone, deer, 38034
early postnatal alcohol exposure, maternal behavior toward pups & estradiol & progesterone blood levels, 25–29 day old rats, 15106
endogenous estradiol & progesterone, cardiovascular activity at rest vs during stress, female college students, 3140
estradiol & progesterone, effect of kappa receptor specific opioid antagonists vs agonists on antinociception, female rats with hormone simulated pregnancy, 29265
estradiol &/or progesterone, pain sensitivity & brain opioid receptors, ovariectomized rats, 25577
estradiol benzoate, effects of progesterone & other neuroactive steroid on pain thresholds through action at GABA receptors, female rats, 3214
estrogen & progesterone, brain stimulation reward, female rats, 21784
estrogen & progesterone treatment, receipt of penile intromissions, adult gonadectomized male short-tailed opossums, 38032
estrogen vs estrogen & progesterone, expression of norepinephrine gene in locus coeruleus, rhesus monkeys, implications for drug therapy for depression associated with reproductive function in women, 41520
hormone replacement therapy & cholesterol & progesterone levels & use of acetaminophen, clock drawing performance, elderly females, 24047
lesion in septum vs preoptic area vs dorsal raphe nucleus, progesterone-induced lordosis & soliciting behavior, ovariectomized female rats, 11003
medroxyprogesterone acetate, pretreatment vs posttreatment testosterone & self reported sexual activities & relapse, paraphilic male 24–77 yr olds, 1833
oestrogen & progesterone, protein synthesis, cultured human lymphocytes, implications for postpartum psychiatric illness, 3135
ovariectomy with estradiol & progesterone, coital interaction intensity & duration as reward in conditioned place preference paradigm, freely moving female rats with access to confined males, 21902
pacing of sexual contacts with males, corticosterone & progesterone & 5 alpha-androstane-3 alpha,17 beta-diol levels, female rats, 14979
peripartum saliva cortisol & progesterone, mood, primiparous females, implications for progesterone augmentation as prophylactic against postnatal depression, 11966
progesterone, female typical sexual behavior & hypothalamic estrogen & progesterone receptor mRNA expression, ovariectomized female whiptail lizards, 18228
SKF 38393 & analogs & SCH 23390, dopamine pathways modulating progesterone receptor activation & lordosis & detection of mRNAs in ventromedial nucleus, ovariectomized rats, 14817
stage of menstrual cycle, fluctuations in plasma estradiol & progesterone & HVA, healthy females, implications for prediction & monitoring of response to neuroleptic treatment, 11038
tetrahydroprogesterone vs progesterone vs dexamethasone vs corticosterone, pituitary response to acute emotional stress & vasopressin gene transcription in hypothalamus, male rats, 11182
use in research on role of progesterone receptor as coordinator of regulatory events in induction of sexual receptivity, progesterone receptor knockout mice, conference presentation, 38040
Progestins [See Progestational Hormones]
Prognosis—Serials
access to information of history of child physical maltreatment, evaluative responding & ratings of child adjustment & prognosis, 22–52 yr old social service & clinical psychology professionals, 43532
age & sex & marital status & acuteness of onset & length of untreated illness, prediction of long-term outcome, schizophrenic patients, UK, 13 yr study, 1284
age at onset & body mass index, course & outcome of anorexia nervosa, female patients, Finland, 39318
alcohol consumption & psychopathology & prognosis, male vs female alcoholic inpatients, 13458
antecedents & outcomes, motor vehicle accident victims with PTSD vs acute stress disorder, 22883
antidepressant pharmacotherapy, probability of personality disorder, patients with depression, 39788
antidepressants & behavioral counseling, course & outcome & comorbidity & predictors of outcome of panic disorder, patients, 5–6 yr followup, 4747
ApoE genotype as prognostic indicator of development of Alzheimer's disease, elderly with memory impairment, 2 yr prospective study, 19657
approaches to measurement of stimulability & use in prognosis & treatment planning, children with phonological disorders, 4493
biological & functional illness & maternal appraisal of prognosis, mental health, mothers of 2–11 yr olds with juvenile rheumatoid arthritis, 8475
clinical & demographic & premorbid prognostic factors, schizophrenic patients, 5 yr prospective outcome study, 31052
clinical case series studying cross sectional frequency & incidence & diagnosis & prognostic significance of extrapyramidal signs in Alzheimer's disease, research review, 19604
clinical features & etiology & assessment & differential diagnosis & treatment & prognosis & prevention, 65+ yr olds with delirium, 32652
cognitive therapy outcome & relapse prevention effectiveness & response prediction in treatment of affective disorders, 1967–95, research review, 8845
correlations between vs within neuropsychological & intelligence tests, support for neuropsychological spectrum concept in prediction of outcome, 18–77 yr old brain injured males, 2653
delirium as independent predictor of adverse outcomes of hospitalization, newly admitted geriatric patients (mean age 82 yrs), UK, 36585
delirium as independent predictor of adverse outcomes of hospitalization, newly admitted geriatric patients (mean age 82 yrs), UK, commentary, 36582
demographic & clinical & immunological factors, survival, patients with AIDS, literature review, 36022
demographic & psychosocial factors in prognosis following ranitidine treatment, 17–78 yr old patients with duodenal ulcers, 1–3 yr followup, 23268
depressive symptoms & social networks & other psychosocial factors, prediction of course of symptoms & CD4+ cell count & mortality, HIV positive males, 12518
diagnosis & treatment & prognosis of negative symptoms, patients with schizophrenia, conference presentation, 4736
discrete-time survival analysis & first recovery from long-term illness, hospitalized patients (mean age 20.7 yrs) with severe anorexia nervosa, 12-yr study, Germany, 19476

early vs late adolescent vs adult onset & illness severity, prediction of clinical outcome, 18–40 yr old females with anorexia nervosa, 8 yr followup, 12403
eating disorder diagnoses & predictors of clinical outcome & psychosocial functioning & psychiatric comorbidity, 17.7–28.6 yr olds with anorexia nervosa, 7 yr prospective follow-up, 12411
epidemiology & etiology & clinical features & prognosis & treatment of whiplash neck injury, 12469
etiology & clinical characteristics & prognosis, male patients with eating disorders, 42656
etiology & treatment & outcome & prognosis of Landau-Kelffner syndrome of acquired epileptic aphasia, children, 4687
increasing risk over time for incidence of dementia, patients who had 1st cerebral infarct without previous dementia, 19619
individual characteristics of providers & treatment settings, prognostic expectations of severely mentally ill patients, VA mental health care providers & program directors, 33247
initial laboratory findings, long term physical outcome, 15–36 yr olds with anorexia nervosa, Germany, 12 yr prospective study, 35941
interpersonal problems, prediction of symptom related treatment outcome, 21–40 yr old institutionalized patients in long term psychotherapy, Germany, 16475
intervention approaches & prognosis of outcomes in autism during later life, 42603
isumaluttuq vs demon possession vs mental illness causal attribution & perception of likelihood of recovery, amount of preferred social distance, Inuit 16–78 yr olds, Canada, 22711
long-term outcome of autism & Asperger & Tourette syndrome & elective mutism & obsessive compulsive personality disorder & anorexia nervosa & other disorders of empathy, children, literature review, 27527
low body weight at referral, low weight prognosis for future, 15–58 yr old females with anorexia nervosa, followup study, 31506
medical application of modular neural networks for survival prediction, patients with AIDS, 36023
negative symptoms & poor prognosis associated with left temporal lobe atrophy, paranoid schizophrenic 40 yr old female, case report, 15944
Neurobehavioral Assessment Scale, evaluation of behavioral adaptation to environmental demands & long term prognosis & planning early motor treatment, high risk 0–16 mo olds, Italy, 5-yr study, 17687
notation of clinical features associated with disease severity & prognosis in initial assessments, patients with acute strokes, 19617
outcome & incidence & factors related to major depressive episodes, prognosis of male vs female patients with depression and/or dysthymia, 30841
outcomes following applications to regional review board at psychiatric hospital, 19–85 yr old patients admitted involuntarily, Canada, 3 yr study, 32980
personality & coping style & symptom distress & disease stage & quality of graft match & chemoradiotherapy experience, prognosis of survival, adult bone marrow transplant patients, 1–2 yr followup, 27568
prediction of response to acute neuroleptic treatment in schizophrenia, conference presentation, 5018
predictive value of J. S. Strauss & W. T. Carpenter's Prognostic Scale, prediction of symptomatology & premorbid adjustment & social disability, schizophrenic patients, 14308
predictors of cognitive decline, elderly with probable Alzheimer's disease, 7.5 yr study, 1616
prevalence & prognostic impact of history of major depression vs depression in hospital vs after discharge, 24–88 yr olds with acute myocardial infarction, Canada, 1 wk vs 6 vs 12 mo followup, 4634
prevalence & prognostic impact of major depression, mortality, patients with myocardial infarction, followup study, commentary, 4627
prevalence of developmental reflexes, differential diagnosis & prognosis of incontinence, normal vs mildly impaired individuals vs individuals with Alzheimer's disease, 6 yr study, 31774
prognosis of depression, elderly, literature review, 22751
prognostic factors & follow-up findings, adolescents with anorexia nervosa, research review, 31531
prognostic value of Therapy Impact Questionnaire quality of life scores, patients with terminal cancer treated at home, 9500
social class & age at 1st hospitalization & disease course & prognosis, male vs female 6–14 yr olds with childhood onset schizophrenia, Germany, 42 yr followup, 19196
sociodemographic & clinical factors in recovery & baseline predictors, 8–13 yr olds with 1st episode major depressive or dysthymic disorder, 35537
symptoms & etiology & diagnosis & prognosis of autism, 39249
treatment recommendations & relapse prevention following acute schizophrenic episode, conference presentation, 5226
Whitely Index & Illness Attitude & Somatosensory Amplification Scales in diagnosis of hypochondriasis & long-term outcome in recovery & number of visits to general practitioner, outpatients with unexplained symptoms, 23289

Program Development [See Also Educational Program Planning]—Serials

assessment of student participation in & program goals of Pennsylvania State University's Chemical Dependency Counselor Training Program, 20–60 yr old students, 27883
attitudes toward need for & development & content & delivery of programs to educate adolescents about drinking & driving, 15–24 yr olds in focus groups, 27784
benefits & types of school-based intergenerational programs involving senior volunteers & youth & role of school psychologists in organization of programs, 20695
clinical & human resource planning, downsizing & reorganization of public psychiatric hospital, Canada, 24274
collaboration between schools & workplaces & with parents & within schools & development of career planning programs, 20697
communities & development of school career guidance programs & commitment to career planning, students not going on to college, 20691
comprehensiveness in career guidance & counseling programs, students & out of school youth & adults, 20711
conceptual & clinical issues in development of psychosocial based Personal Assistance & Crisis Evaluation clinic, 14–26 yr olds in prodromal phase of schizophrenia or other psychosis, 13277
design & development paradigm of E. J.Thomas & J. Rothman to case management intervention for school failure problems, evaluation of social work effectiveness, 13300
design & implementation of Newark Target Cities Project to address substance abuse treatment service delivery problems & improve client outcomes, 33054
developing programs for training in culturally focused questioning & videotaped interviewing skills for child sexual abuse cases, police officers & social workers & clinical psychologists, Hong Kong, 43494
development & evaluation of community based Ozark Heart Health Project, cardiovascular disease intervention, rural Missouri, 42767
development & evaluation of community health strategy for more accessible occupational therapy service for 3–5 yr olds, teachers & parents & occupational therapists & health promotion personnel, 20362
development & evaluation of service coordination program, low & very low income mobility impaired residents in public housing projects, 9440
development & hospital implementation & program evaluation of community based mental health care, individuals with chronic mental illness, 32893
development & implementation of community psychiatric model for mental health promotion, Norway, 24086
development & implementation of needs-led cancer counseling service, 20228

development & outcome of interprofessional collaboration within community mental health partial hospital program, city police officers, 27758
development & preliminary evaluation of theory-based HIV-prevention program, adolescent females, 27597
development & test of intervention method for use in general medical setting, general practitioners & smokers, Wales, 43299
development of educational modules in health/disease prevention, geriatric patients, implications for primary care practitioners, 36874
development of Familial Cancer Program for genetic counseling, rural Vermont residents, 39952
development of For Kids Only program, children from families with cancer patient, 32638
development of Infant Mental Health Clinical & Training Program, mental health trainees, 36868
development of program in primary care psychiatry, 32839
development of supportive & educational networking group, college students with mental disorders, 5718
family variables & individual characteristics & societal factors & youth violence, transactional-ecological model & intervention strategies for families & social agencies & educators, 26731
function of epidemiology in the construction & evaluation of prevention programming & prevention of communication disorders, 37661
guidelines for predeployment planning & preparing for worst & routine operations & postdeployment actions, flight surgeons supporting fighter squadrons deployed to Arctic, kit list appended, 24822
health problems & resiliency factors & targets for intervention & environmental protective factors, health promotion program planning, 12–14 yr olds from low income urban environment, 9305
implementation & initiation of community mental health program in rural area, Venezuela, implications for international psychosocial rehabilitation, 24198
importance of consultation & involvement & empowerment in community care planning, people with learning disabilities, 32925
integrated regional emergency psychiatric service, Canada, 5365
international model program for education in prevention & diagnosis & treatment of alcohol-use disorders, physicians, 13561
involvement in implementation of individual education plans for special education students, school administrators & teachers & educational psychologists, 13850
issues in barriers to & model of school-based primary mental health care prevention programs, 28115
issues involved in conceptualizing environmental domains & dynamics & improving social processes & intervention program outcomes, 5843
logic model & open systems evaluation as program planning & evaluation tools, development of evaluation plan for project assisting homeless substance abusing pregnant women, 16848
organizational tasks in working with athletes in training & competition, expert high performance gymnastic coaches of males & females, Canada, 10146
professional involvement & family role & uni-dimensional vs situation specific approaches in individual service planning for people with learning disabilities, London vs Milan practice, 39985
program design & evaluation & utilization & operating characteristics of private industry vs academic employee assistance programs, 28142
resilience, successful implementation of prevention programs, schools at risk for program failure, 40500
Responsibility Model & development of personal & social skills in physical activity programs for inner city youth, 24075
sociocultural & political & economic effects on local & national & international collaboration efforts for educational programs, implications for school psychology, 20522
state established comprehensive guidance program model & school processes & programs for development of student educational & occupational plans, secondary school counselors, 20688
survey of psychology predoctoral internship programs to examine practices of leaders & structure & content of group supervision & leader perception, training directors, commentary, 36885
the development of Family Safety Program as a comprehensive model of service provision for perpetrators & victims of domestic violence, 27706
the emergence and utilization of Participatory Action Research, adults with developmental disabilities, 23173
transformation of low functioning VA psychiatric education program into active & well functioning teaching program, medical students & residents, 13557
workshop for orientation to career development & planning & decision making, students, 28152

Program Evaluation [See Also Educational Program Evaluation, Mental Health Program Evaluation]—Serials

Add-A-Word Program vs traditional basal program, spelling performance & vocabulary retention, 5th–6th graders, 24581
AIDS prevention intervention program, injecting drug & sexual risk behavior, injection drug users & their sexual partners, Netherlands & Germany & Belgium, 3 yr study, 36643
analysis approaches to evaluation of community prevention trial to reduce alcohol-involved accidents, 43283
attitudes toward need for & development & content & delivery of programs to educate adolescents about drinking & driving, 15–24 yr olds in focus groups, 27784
Australian ,National Heart Foundation dietary advice program vs minimal advice program, cholesterol levels, 18–60 yr old general practice patients, 13202
basic & applied research on coaching behaviors & evaluation of behavioral intervention program for coaches & theory testing in youth sports, 37230
behavioral social work course design & evaluation & progress, postgraduate students, 33187
Better Life for Rural Women Program, activity participation & program's inability to meet needs & subsequent low levels of personal & political efficacy, rural females, Nigeria, 24178
child & family & environment variables & choice of assessments for evaluation of early childhood enrichment programs, 17131
chronic & acute cancer pain management program model, patient satisfaction & pain relief & nurses' pain related knowledge & attitudes & perception of barriers to pain control, nurses & cancer patients, 27628
conceptual framework for describing & comparing & analyzing structure of health care models serving adults with mental retardation &/or developmental disabilities, 36685
counseling & medical & social services of The AIDS Support Organization, present & former clients & family caregivers of clients, Uganda, 32816
design for longitudinal study of impact of enhanced environment in assisted living facility on residents' functioning, low to moderate income frail elderly, 17777
development & evaluation of community based Ozark Heart Health Project, cardiovascular disease intervention, rural Missouri, 42767
development & evaluation of community health strategy for more accessible occupational therapy service for 3–5 yr olds, teachers & parents & occupational therapists & health promotion personnel, 20362
development & evaluation of service coordination program, low & very low income mobility impaired residents in public housing projects, 9440
development & hospital implementation & program evaluation of community based mental health care, individuals with chronic mental illness, 32893
development & preliminary evaluation of theory-based HIV-prevention program, adolescent females, 27597
development & test of intervention method for use in general medical setting, general practitioners & smokers, Wales, 43299

discussion of & conceptual framework for evaluation of social work & other services provided by employee assistance programs, conference presentation, 40535
effectiveness of cognitive behavioral marital enrichment program, married couples in church vs nonchurch groups, 12839
effectiveness of family support intervention, female long term AFDC recipients, 27676
effectiveness of government vs neighborhood level child abuse & neglect prevention, residents of neighborhoods with varying rates of reported child maltreatment, 31225
effectiveness of Infant Health & Development Program & other interventions to reduce developmental & behavioral & health problems, low birth weight premature infants, 5 yr study, 16812
effectiveness of multi-component smoking relapse intervention, pregnant females, followup, 43452
evaluation design for community mobilization & media advocacy in community prevention trial to reduce alcohol-involved accidents, 43303
evaluation of assessment center method for public sector personnel selection, police & fire chiefs & human resource professionals, 10055
evaluation of case management intervention for homeless persons, 16–60 yr olds, 6 & 12 & 18 mo followups, 36722
evaluation of collaboration & empowerment & diversity training goals in community psychology MA training program, students & recent graduates & key community people, Canada, 9684
evaluation of community HIV prevention program & correlates of change in condom use with main vs nonmain partners, adult females at risk for HIV infection, 3 yr study, 27589
evaluation of community program to enhance child well being & prevent out of home placement, 22–36 yr old mothers of infants identified as drug exposed as newborns, 16862
evaluation of eating disorder prevention program on campus, 17–20 yr old female college students, 32821
evaluation of education & support program for family caregivers using collaborative & qualitative methods, family caregivers aged 28–78 yrs, 41775
evaluation of forensic day treatment program, personality disorder symptoms & hostility & general psychopathology, 17–64 yr old perpetrators of sexual vs nonsexual crimes, 20371
evaluation of governmental health & social & educational service, children & their mothers living in slum or rural or tribal areas, India, 24123
evaluation of health promotion intervention program & increasing participation, African Americans aged 55 yrs & older, 24090
evaluation of health promotion vs treatment & care services, implications for program evaluation design, 13186
evaluation of HIV risk reduction intervention, female substance abuse treatment inpatients (mean age 34.2 yrs), 32742
evaluation of HIV village-based intervention, males vs females, Thailand, 36642
evaluation of long-term longitudinal patterns & independent housing provided through homeless research demonstration project, severely mentally ill homeless 18–50 yr olds & older, 5303
evaluation of multiage bookwriting group, 3–23 yr old adopted children with special needs, 16856
evaluation of parent education program for prevention of child maltreatment, 11–20 yr old mothers & their 3–5 yr old children, 3–5 yr followup, 40076
evaluation of participatory processes in community health development project, project participants, 16849
evaluation of peer led safer sex workshops, college students, 32760
evaluation of responsible beverage service programs & community prevention trial to reduce alcohol-involved accidents, 43301
evaluation of summer holiday home respite care program, mothers of 6–18 yr olds with learning disabilities, 9497
Evaluation of Vermont Department of Corrections' Cognitive Self-Change Program, incarcerated adult male offenders, 20374
feasibility & value of project on developing local lifelong guidance strategies for learning & work, adults & young people, England, 37163
generalized estimating equations method, analysis of within-cluster correlation in regression models with continuous & binary outcomes, application to prevention program effectiveness evaluation, 6146
High Risk Youth Demonstration Program, cross-site evaluation of policy & program lessons on substance abuse prevention, youth grantees, 43353
high threat letters from driver improvement program, driving records, younger vs older & male vs female Oregon drivers, 2 yr followup, 28322
hypnosis & multicomponent program with vs without overt aversion, weight loss, tobacco smoking vs nonsmoking overweight adult females, 43218
issues in systemic monitoring & evaluation of national public HIV/STD prevention programs, 36650
issues involved in conceptualizing environmental domains & dynamics & improving social processes & intervention program outcomes, 5843
learning style & program structure & experience with quality programs & age & tenure, change in attitudes toward quality, 21–65 yr old manufacturing employees attending quality improvement seminar, 2308
logic model & open systems evaluation as program planning & evaluation tools, development of evaluation plan for project assisting homeless substance abusing pregnant women, 16848
M. Q. Patton's utilization-focused evaluation model, assessment of student development intervention outcomes, college students & counselors & student development professionals, 33579
mental & life skills training program delivered by teacher, self-relaxation & implementation of stress control strategies & frequency of highlights, Grade 2 students, Canada, 33572
modular psychoeducational & group therapy program in community mental health center, patients with mental disorders, 27241
multicomponent program including hypnosis with vs without overt aversive stimuli, weight loss, overweight adult females, 13128
nonparametric statistical analysis of goal attainment scaling data, evaluation & development of quality of services & personal goal outcomes, clients in programs in education & health & social work, 148
omitted variable bias method, assessment of uncertainty in statistical estimation of effectiveness of AIDS education program, inner city African American teenagers, 37565
outcome & process evaluation design for community prevention trial & environmental approach to reduce alcohol-involved accidents, 43286
outcome effectiveness of multiple vs single purpose programs in school based drug abuse prevention, 13432
participation in Drug Abuse Resistance Education program, frequency of alcohol & drug use, rural high school students, 36810
patient referral & psychiatric morbidity & satisfaction, evaluation of psychiatric consultation liaison service to obstetric-gynecology hospital, medical staff & nurses & inpatients, Australia, 5371
Planning for Life guidelines for evaluation of career planning programs, 20712
process evaluation of drug education training package called Teacher Training in Prevention, primary & secondary school teachers, 33391
Program Analysis of Service System 3rd edition evaluation of residential services for 19–67 yr olds with mental retardation, Wales, 36757
program design & evaluation & utilization & operating characteristics of private industry vs academic employee assistance programs, 28142
program evaluations & assumptions about organizational dynamics & change, 17382

Project C.A.R.E. substance abuse prevention program, high risk 4th graders & their parents, 3 yr study, 43601
questionnaire for measurement of functional outcomes with assistive technology, evaluation of clinical practices & client needs fulfillment, 9653
recommendations for evaluation of community-level prevention programs & community prevention trial for reduction of alcohol-involved accidents, 43287
regulatable features & observed experiences & child & parent perspectives on quality of care in child-care programs, 3rd–5th graders & parents & Os, 18742
risk factors for intervention by & comprehensive assessment of effectiveness of child welfare services, abused & neglected children from families with multiple problems, 16869
school based eating disorder prevention program, 13–14 yr old females, 43714
short term career development program, decision making self efficacy, 24–54 yr olds with disabilities, 40195
short-term mental health day treatment program, psychiatric symptoms & communication & social skills & stress management, adult psychiatric patients, 40141
statistical techniques for reduction of costs in evaluation of employee training programs, 10062
Texas High Risk Youth Program, family cohesion & adaptability & resiliency & reduced drug use, adults & children aged 8+ yrs from low-income families, 43061
the emergence and utilization of Participatory Action Research, adults with developmental disabilities, 23173
theory & motivations for reading & assessment of reading programs, commentary, 37039
theory based curriculum, sexual intercourse & condom use, middle school students (mean age 12.3 yrs), 32753
transitional residential program, residence & entitlement & employment procurement, 19–62 yr old homeless adults with server persistent mental illness, 1 yr study, 32974
visibility & credibility of organization involved in community economic development, staff members & volunteers, 40087

Progressive Relaxation Therapy—Serials
guided imagery & progressive muscle relaxation techniques, immune enhancement & symptom reduction, HIV+ 18+ yr olds, 32659
short term 1 hr sessions in cognitive restructuring & coping skills training vs progressive relaxation, female 15–45 yr old rape victims with PTSD, 1–12 mo followups, Spain, 12775
types of relaxation responses, practitioners of massage vs progressive muscle relaxation vs yoga vs stretching vs breathing vs imagery vs meditation techniques, 5139

Progressive Supranuclear Palsy—Serials
ECT sensitization of dopaminergic & noradrenergic symptoms, motor improvement, 57–70 yr olds with progressive supranuclear palsy, 13140
neuropsychological & linguistic & postmortem brain assessments, 62–67 yr olds with progressive supranuclear palsy presenting with dynamic aphasia, 19606
nortriptyline, depression, 72-yr-old female with progressive supranuclear palsy, case report, letter, 43191
physostigmine, clinical symptoms & brain glucose metabolism & cerebral blood flow, patients with progressive supranuclear palsy, 16618
semantic-word finding difficulties, females with mild or advanced progressive supranuclear palsy (mean aged 65.50 yrs), case reports, 42803

Project Follow Through—Serials
attitudes toward family & community involvement in educational process, early childhood teachers from Follow Through schools, 33539

Project Head Start—Serials
childrearing practices & residential environment & cognitive & social stimulation, homeless vs housed low income African American mothers & their 3–5 yr olds in Head Start, 18737
demographic & psychological/emotional & physiological determinants of physical activity behavior, 29–66 yr old African American Head Start employees, 36910
evaluation of Head Start Teaching Center model, staff development, 2158
grant funds for urban historically Black college in partnership with Head Start centers, Head Start coordinators pursuing BA degree in early childhood education, 33409
history & social context of Project Head Start & changes in administration & public policy & parental involvement & staff development, 40395
perceptions of barriers to & benefits of involvement in school based alcohol & tobacco & other drug prevention programs, African American parents of Head Start children, 9862
school-based prevention programs & Head Start, interaction & social behavior, 4–5 yr olds at risk for antisocial behavior, 28086
trauma consultation in Los Angeles Head Start program after 1992 civil disturbance, self reported posttraumatic stress & student aggression & noise level & peer relations & academic progress, teachers, 40454
visual vs verbal & own vs other's belief ascription & content vs location tasks, assessment of false belief task performance, low income primarily Black 3–5 yr olds in Project Head Start, 13710
workshop & team consultation models of training for identification & intervention with substance abuse issues among families, Head Start staff, 16836

Projection (Defense Mechanism)—Serials
emotional dilemmas & dream space & issues of projection & countertransference, adult male analysands, case studies, 32305
projection & other defenses as reactions to job insecurity & organizational climate, university counseling services professionals, conference presentation, 37138
projection in case study analyses, researchers interpreting South Canyon Fire tragedy data, commentary, 5448
relation between attribution style & projection, college students, Northern Ireland, 15698
thought suppression & denial about having undesirable personality traits, defensive projection of undesirable traits onto others, college students, 30519
use of defenses of denial & projection & identification, children from age 6.5–9.4 yrs, longitudinal study, 34895

Projective Identification—Serials
aims of psychoanalysis in terms of mental conflict & projective identification & oedipal resentment theories of mental function & structure, commentary, letter, 39770
aims of psychoanalysis in terms of mental conflict & projective identification & oedipal resentment theories of mental function & structure, 19910
development of projective identification, 5 yr old female with autism & 9 mo old male infant, 39252
influence of gender determined metaphors on projective identification & relational introjection theoretical concepts, conference presentation, 30604
introduction of term anti alpha-function to describe tendency of human mind to concretize nonsensual mental phenomena, extension of W. R. Bion's theory of thinking, psychoanalytic vignettes, 27356
object relations theory & projective & introjective identification in treating marital joint personality in couples therapy, 36323
projective identification in couple treatment, sexual abuse survivors & their partners, conference presentation, 36322
psychic reality & projective identification of analyst's interpretations in analytic transference, analysand, 23821

psychoanalytic perspective on dynamics & projective identification & impact of Black–White racism, 13 yr old mixed race female with anorexia nervosa, case report, 26326
role in patient's projective identification, analyst, conference presentation, 32276
sound in projective identification & its effect on psychotherapeutic relationship, 39654
transference & projective identification in analytic process, analyst & patient, conference presentation, 32274
use of projective identification as bridge between intrapsychic & interpersonal, advantages of narrative for bridging, clinical social workers, 4808
use of projective identification as bridge between intrapsychic & interpersonal, advantages of narrative for briding, clinical social workers, commentary, 4767
Projective Personality Measures [See Also Bender Gestalt Test, Human Figures Drawing, Rorschach Test, Rotter Incomplete Sentences Blank, Sentence Completion Tests, Thematic Apperception Test]—Serials
belief–desire reasoning & projective measure of attachment security, 3.2–6.3 yr olds, 25866
induced mood states, objective & projective dependency scores, college students, 5968
internal consistency of computer vs traditional administration of Rotter Incomplete Sentences Blank, measure of projective personality, college students, 25030
isomorphic representations in tree drawings as assessed with Diagnostic Drawing Series & Tree Rating Scale, patients with multiple personality disorder vs schizophrenia vs depression, 14320
projective inventory as indigenous trait-in-state method of personality assessment, 55
projective psychological assessment of contrasting overt political behavior & unconscious conflicts, male revolutionary, Venezuela, 7531
Projective Techniques [See Also Projective Personality Measures]—Serials
jokes as projective procedures, psychiatric patients, 11917
reliability & validity of Five Field Map, assessment of social network, 6–16 yr olds, 57
semi-structured interviews vs self report inventories vs projective techniques, diagnosis of narcissistic personality disorder, literature review, 12116
Projective Tests [See Projective Techniques]
Prolactin—Serials
acute dexfenfluramine challenge, correlation of prolactin response to aggression, male 23–50 yr olds with personality disorders, 12111
alcohol administration during early or midlactational stages, suckling-induced prolactin release & milk consumption & litter growth, rats, 41527
alpha-methyl-para-tyrosine, prolactin secretion & suppression of 6-hydroxymelatonin sulfate excretion & norepinephrine depletion mood change, males vs females (mean age 24 yrs), 29639
alprazolam, hyperprolactinemia, 26 & 45 yr old females with panic disorder, case report, 19974
amitriptyline, prolactin response to serotonin agonist, 22 vs 70–73 day old rats, 6992
buspirone, plasma prolactin & growth hormone concentrations, 18–50 yr old male patients with chronic fatigue syndrome, 26888
castration with vs without hormone replacement, prolactin response to m-chlorophenylpiperazine, male rats on low vs normal tryptophan diet, 6891
central vs cortical inferior colliculus electrical vs acoustic stimulation, postictal prolactin levels, midbrain-lesioned male rats susceptible vs resistant to audiogenic seizures, 11135
d-fenfluramine in morning vs afternoon, prolactin & cortisol responses, healthy 27–38 yr olds, 29457
d-fenfluramine, prolactin & cortisol responses, 20–63 yr old patients with major depression, 26466
d-fenfluramine, serotonergic mediated plasma prolactin release, currently manic 27–44 yr olds with bipolar disorder, 12009
degree of anxiety induced by test taking, plasma glucose & cortisol & prolactin, female medical students, 6759
early vs metastatic stage breast cancer & tamoxifen treatment, cortisol levels & prolactin responses to stress, 50–70 yr old cancer patients, 16289
ECT & thyrotropin-releasing hormone, prolactin & thyrotropin release, pre- vs postmenopausal 24–73 yr olds with major depression, 32614
fenfluramine challenge, prolactin & cortisol responses & depression, patients with chronic fatigue, implications for role of serotonin, commentary on conference presentation, letter, 4508
fenfluramine challenge, prolactin & cortisol responses & depression, patients with chronic fatigue, implications for role of serotonin, reply to commentary on conference presentation, letter, 4579
fenfluramine challenge, prolactin & cortisol responses as indicators of 5-HT activity in mania, patients with bipolar mood disorder, 15930
fenfluramine, prolactin & cortisol plasma levels & serotonergic system, depressed vs nondepressed patients with Parkinson's disease, 32446
flesinoxan, corticosterone & prolactin & behavioral responses, rats, 34664
flupenthixol or D2 receptor agonists or antagonists or phenoxybenzamine, haloperidol induced increase in prolactin release from GH4C1-hD2 cells, 7017
haloperidol vs pimozide, plasma prolactin & tic severity & extrapyramidal symptoms, children & adolescents with Tourette's syndrome, 13170
hyperprolactinemic potency of haloperidol vs sulpiride, improvement of hysterical neurosis of conversion type, 24–64 yr olds, 13031
insertion of indwelling iv catheter, plasma levels of prolactin & HVA & MHPG, 7–11 yr old males with ADHD, 42602
iv 5-HTP challenge, peripheral prolactin & growth hormone & cortisol activity, females with bulimia nervosa, Canada, pathophysiological implications, 4446
lifetime history of low vs high lethality suicide attempts, CSF 5-HIAA levels & prolactin response to fenfluramine challenge, 18–80 yr olds with current major depressive episode, 4110
light therapy, circadian profiles of plasma cortisol & prolactin & thyrotropin, female vs male depressed patients with seasonal affective disorder, 1889
long term neuroleptics, high plasma prolactin, schizophrenic patients, implications for dopaminergic inhibition of plasma prolactin, 9171
m-chlorophenylpiperazine, prolactin level & cortisol level & psychological variables & craving, male inpatients with alcoholism (mean age 38.9 yrs), 31299
melperone treatment, 32 yr old female with organic delusional syndrome induced by hyperprolactinemia, Turkey, case report, 36514
neuroleptic drug therapy, galactorrhea & hyperprolactinemia, female schizophrenic patients (mean age 32.3 yrs), Germany, 19980
nocturnal secretion of ACTH & cortisol & growth hormone & prolactin, 6–13 yr olds with prepubertal major depression, 7904
ondansetron pretreatment, ECT-induced prolactin release, patients with major depression, Canada, 13081
paired capillary prolactin measurement, sensitivity & specificity in diagnosis of epileptic seizures, 6–61 yr olds, 8587
parental & alloparental behavior & prolactin levels during breeding seasons, male & female cooperatively breeding Florida scrub-jays, 10879
parental care & prolactin secretion pattern, King penguins, 25534
paroxetine, prolactin response to sumatriptan, healthy 21–45 yr old males, 3292
perphenazine challenge, prolactin response, 62–88 yr olds with psychotic symptoms & major depression or dementia, 1864
prolactin & cortisol response to dexamethasone, combat veterans with vs without PTSD, 22892

prolactin & growth hormone following methylphenidate to evaluate dopamine status & craving in early & late withdrawal, 23–39 yr old chronic cocaine abusing males, 24305
prolactin response to d-fenfluramine before vs after fluvoxamine treatment, outpatients (mean age 32.3 yrs) with obsessive compulsive disorder, 39822
response of growth hormone & cortisol & prolactin as tool to quantify flight induced stress level, adult male student pilots vs flight instructors before vs after flight training, Italy, 14977
seasonal variations & prolactin response to m-chlorophenylpiperazine, 18–65 yr olds with obsessive compulsive disorder, 5025
serotonergic function assessed by prolactin response to fenfluramine, males with compulsive vs noncompulsive personality disorder, 16656
serotonin agonist d-fenfluramine, serum prolactin response, 23–50 yr old male postwithdrawal alcoholics, Ireland, 8235
serotonin function & plasma tryptophan levels & prolactin response to fenfluramine, healthy adult males vs females, 41452
single dose fenfluramine challenge relative to body weight, plasma drug concentration & prolactin response & physical & psychological symptoms, healthy male vs female 25–60 yr olds, 11175
stimulus energy & ECT frequency, post-ictal prolactin response & growth hormone levels, male vs female drug-naive vs medicated adults with major depression, 43222
stimulus intensity, unilateral ECT induced prolactin & cortisol release, depressed 33–79 yr olds, 5142
threshold unilateral vs bilateral ECT, serum prolactin changes, inpatients with major depression vs schizophrenia vs mania, 9186
TRH, ECT induced plasma prolactin response & seizure duration, female 36–70 yr olds with major depression, 9187
TRH, TSH & prolactin response patterns, 29–55 yr old males with major depression or alcohol dependence, 22656
urinary prolactin & cortisol excretion as responses to parental vs nonparental conditions & stress, male cotton-top tamarins, 25539
5-HT3 receptor antagonist ondansetron, prolactin responses to d-fenfluramine challenge, 21–45 yr old healthy males, 15015

Prolixin [See Fluphenazine]

Promiscuity—Serials

gender stereotypes & family communication & involvement, promiscuity & sexual activity, adolescent males, implications for family therapists, 23769
self reported importance of sex, sexual permissiveness & desire & perceptions of potential costs of sexual behavior, 19–49 yr old single females with high sexual interest, Australia & Canada & US, 30286

Prompting [See Also Constant Time Delay]—Serials

accuracy of report of sick teddy examination after 3 day vs 1 yr delay when interviewed with real vs toy props vs with verbal prompts, 3 vs 5 yr olds, New Zealand, 1 yr follow-up, 34823
assistance prompting in learning to use video recorders & personal computers, 13–18 yr olds with intellectual & physical disabilities, 43429
combined audiovisual self-prompting system, independent performance of chained step completion of daily living tasks, 10–13 yr olds with moderate intellectual disabilities, 36780
differential reinforcement of compliance & continuous prompting with vs without physical guidance & demand fading, aggression & self injury & disruption, 11 yr old male with autism & mild retardation, 16540
instructional scaffolding in constructivist models of teaching, students with vs without learning disabilities, 5612
least prompts instructional procedure for microwave oven food preparation, 31–45 yr old females with disabilities, 43428
manual guidance with vs without verbal prompts & cross modal transfer on manual tasks involving sorting & matching, blind 9.0–19.5 yr olds with severe mental retardation, 19675
open & specific prompts & modeling of pretend play, production of simple pretend play, 5–18 yr olds with autism, 35870
prompting & reinforcer sampling & assistance, participation & challenging behavior during leisure skills programming, 23 yr old males with mental retardation, 36307
prompting & repetition & reinforcement procedure, gestural yes-no responding, profoundly mentally retarded 32–33 yr old females, 27217
response contingent interruption prompting of stereotypic behavior, on-task behavior, 9–31 yr olds with severe intellectual disability & autism, 16531
simultaneous prompting with vs without error correction, retention of science vocabulary words, 16–17 yr olds with learning disabilities, 17231

Pronouns—Serials

American Sign Language spatially unassociated pronouns & unambiguous repeated nouns, ambiguity resolution & nonantecedent suppression in sentence processing during probe recognition, deaf adults, 31926
discourse representation & surface structure representation of antecedents in texts, resolution of plural pronouns, college students, Spain, 28836
indirectness & interchangeability in 1st- & 2nd- & 3rd-person pronoun & reference index usage, pragmatic values & meanings in context-dependent social discourse, speakers of Akan, Ghana, 38237
intrasentential assignment of reference to pronouns & anaphors, grammatical specifically language-impaired 9.3–12.10 yr olds, 35959
lexical preference & resolution of syntactic ambiguity of "her" pronoun & identification of potential antecedents for unambiguous "him" & "his" pronouns, undergraduates, conference presentation, 34203
overt vs null pronouns, probe recognition & reactivation of antecedents referents during online sentence comprehension in American Sign Language, prelingually deaf signers, 4723
perceived gramatically acceptable patterns of name & pronoun co-reference, adult competent speakers of English, 34743
pronominal & demonstrative & comparative cohesive ties of reference in dialogue, children (mean age 3.4–7.7 yrs) with autism vs specific language impairment vs normal language development, 15804
pronoun case marking in complement sentences, eye movement assessment of parsing speed, adults, test conditions appended, 18409
truth–value judgment task measurement of knowledge of grammatical & pragmatic principles of pronoun interpretation, 3–7 yr olds & adults, 25745
use of contextual information in processing single sentences vs integrated clauses vs minimal discourse with ambiguous pronouns, left vs right brain damaged 36–82 yr olds, Canada & US, 31818
use of contextual information to resolve ambiguous pronouns related to pragmatic &/vs preferred referents, right vs left brain damaged 36–82 yr olds, Canada & US, 31817
use of "they" as singular pronoun vs generic pronoun "he" after referential vs nonreferential antecedents, reading comprehension, college students, 29672

Pronunciation—Serials

acoustic cues, labelling of fricatives & affricates, 16–48 yr olds with vs without sensorineural hearing loss, 42870
dual lexical vs nonlexical route theory of print to sound translations & pronunciation, college students, 6291
frequency &/vs consistency of orthographically similar words, pronunciation of regular & irregular words & nonwords, brain damaged female 78 yr old with pure surface dyslexia, 39541
mispronunciation detection paradigm in spoken word recognition research, 28810
nonword orthographic rime primes, pronunciation of irregular vs regular target words, college students, Australia, 6295
visual field-hemisphere differences in error types, recognition of pronounceable vs unpronounceable letter & non-letter symbol trigams, adults, 10963

word frequency, pronunciation of pseudohomophones, college students, implications for models of word recognition, 6395
Proofreading—Serials
5 step integrated proofreading strategy training, proofreading performance, 15–18 yr old high school students with learning disabilities, 28075
Propaganda—Serials
deliberative persuasion vs propaganda approach to grassroots action, democratic participation & social change, organizers, 1000
Holocaust denial propaganda & personality, belief in Holocaust, adults, 3839
propaganda & psychological warfare in Vietnam war, North Vietnamese vs US army, 25985
use of Abraham Lincoln's image during WWII & social frames of memory, Americans living in 1940's, 30440
Property [See Ownership]
Propranolol—Serials
beta-2 receptor density on mononuclear blood cells, prediction of response to beta-blocker propranolol, 18–86 yr olds with neuroleptic induced akathisia, 13143
dexmedetomidine vs diazepam vs propranolol, treatment of ethanol withdrawal symptoms, rats, 41511
glutamate vs glucose, inhibitory avoidance memory impairments induced by intra-amygdala propranolol, male rats, 10970
injections of propranolol vs pindolol vs atenolol vs metoprolol into brain ventricular system, copulatory behavior, male rats, 15094
propranolol, locomotor stimulating & neurochemical & reinforcing effects of cocaine, male rats, 6917
stress severity & strain differences & propranolol, splenic plaque-forming cell response, male mice, 6738
Proprioceptors—Serials
inertial eigenvectors, spatial orientation of occluded contralateral limbs, adults, 6284
proprioceptive feedback, unilateral left neglect, brain damaged 47–81 yr olds, 23463
viewing of stressful vs nonstressful film segments, proprioceptive awareness, adults with temporomandibular disorders, 16244
Prose [See Also Biography]—Serials
computer assessed word length & diversity & rarity in prose vocabulary, intelligence, African American vs Jewish vs general newspapers, 34749
recall of essential & detail propositions & bit-based information from prose, 24–51 yr old sober male alcoholics vs left hemisphere damaged stroke patients, 23092
sensitivity to semantic structure of prose, 59–82 yr olds with Alzheimer's Disease, 26984
Prosencephalon [See Forebrain]
Proserine [See Neostigmine]
Prosocial Behavior [See Also Altruism, Assistance (Social Behavior), Charitable Behavior, Cooperation, Sharing (Social Behavior), Trust (Social Behavior)]—Serials
age & gender, aggressive vs prosocial vs withdrawal reactions to conflict situations, 11 vs 14 vs 17 yr old students, Finland, 40450
anticipated consequences & social context, moral behavior & concern for opponent, 10–18 yr old team vs indivual athletes, Canada, 41996
assessment of monetary & nonmonetary contributions, university alumni, application of prosocial behavior models, 38698
awareness of maladaptive behaviors & high risk situations & empathy with victims & enhancement of prosocial behaviors in group treatment program, males convicted of sexual & physical assault, 23789
child rearing & prosocial moral reasoning & prosocial behavior, 6–11 yr olds, Netherlands, 29878
concern & respect for children through fatherhood or mentorship, decision to make positive behavioral changes, 18–27 yr old Black & Latino males who had previously been involved in crime, 42574
crosscultural validity of peer vs teacher evaluations of relational vs overt aggression & prosocial behavior, male vs female 8–10 yr olds, Italy, replication & extension, comparison with US data, 40456
culture & childrearing environment & companion space & prosocial behavior toward & abuse of peers, infants & toddlers, 22089
debriefing strategy & transition step for promotion of proactive & preventative behavior, students, 43612
developmental perspective of youth participation in organized activities & formation of civic identity & behavior 15+ yrs later, literature review, 29948
dispositional prosocial behavior & individual differences in negative emotionality & regulation & social functioning, male vs female 8.2–12.8 yr olds, 3424
group intervention focused on planning & perseverance at prosocial behavior & flexibility, 2nd graders with & without emerging behavior problems, 33385
helpfulness to lost tourists, 15–70 yr olds of Austria vs Italy vs Czech Republic, 42028
helping behaviors & perceived helping intentions, 18–26 yr old Chinese students, 42021
identity & prosocial developmental benefits of community service participation, changes in sense of agency & social relatedness & moral political awareness, adolescents, 1952–94, research review, 7390
inclusion of social interest in solution choice, goal attainment, elementary & junior high & high school students in solution-focused Adlerian therapy groups, 8776
intervention program, prosocial behavior, preschool children with & without developmental disabilities, 8988
moral disengagement mechanisms, detrimental & prosocial conduct, 10–15 yr olds, Italy, 3405
nuclear vs lower social network centrality & peer-assessed prosocial vs antisocial characteristics, general education vs emotionally-behaviorally disturbed vs gifted vs learning disabled students, 9945
overt & relational aggression & prosocial behavior, prediction of future social adjustment, male vs female 3rd–6th graders, 18549
parent reactions to children's negative emotions, children's social skills & popularity & coping & comforting of infant, 3rd–6th graders & their parents & teachers, 18556
parental inductive discipline, empathy & prosocial behavior, 11.5–14.3 yr olds, 25882
peer pressure & creativity, conformity & prosocial/antisocial tendencies, 17 yr olds, 18584
perceptions & relative judgments & responses to child prosocial & antisocial behavior, parents vs teachers vs 10–12 & 12–13 yr olds, 15329
perceptions of pedagogical caring in relation to motivation to achieve positive social & academic outcomes in middle school, 6th-grade students, 3 yr study, 43674
pleasant ambient fragrance, prosocial behavior in large shopping malls, people, 26140
presence vs absence of ego-enhancing feedback & counter vs proattitudinal commitment, reduction of dissonance by engagement in prosocial behavior, female adults, 38760
proactive vs reactive aggression in adolescence, adulthood antisocial vs prosocial behavior & self control & alcohol use, females vs males tested at ages 8 & 14 & 27, longitudinal study, 12165
prosocial instruction, leadership & conflict resolution, students in 1st vs 3rd vs 6th grade physical education classes, 27974
relationship between creativity & prosocial behavior & conformity & motivation, 17 yr old male & female students, 25885
reliability & concurrent & predictive validity of Child Behavior Scale, assessment of aggressive & withdrawn & prosocial behaviors among peers in school environments, kindergarten teachers, 5963
resource availability, conflict & resolution strategies vs prosocial task related behavior & attainment, same sex dyads of African American 3.2–5.2 yr olds in preschool centers, 778
salivary testosterone, aggressive & prosocial personality characteristics, male vs female college students, 6781

sex, participation in requested vs routine family- vs self-care household work & prosocial behavior, 9 vs 14 yr olds & 10–11 vs 12–14 yr olds, 7328
sociometric status & peer judged aggressive vs prosocial behavior, perceived shifts in dominance & rigidity, male 10 vs 13 yr olds, 7389
willingness to sacrifice & commitment level & dyadic adjustment & breakup intentions in close relationships, individuals & couples, US & Netherlands, 35218
Prosody [See Also Inflection]—Serials
analysis of role of prosody for resolution of syntactic ambiguities during comprehension, use of auditory moving window technique, adults, 15133
clinical profile of speech & prosody-voice & causal-correlates characteristics in developmental phonological disorders, 3–6 yr olds with delayed speech, 8437
developmental aspects of lexical stress patterns in English syllables, English-learning 36–44 wk olds, 751
distributional & consistent prosodic cues to word segmentation in artificial language, college students, 262
duration & fundamental frequency correlates of syntactic phrase boundaries & other prosodic information in interpretations of ambiguous phrases, 5 vs 10 yr olds vs adults, 25755
effects of prosody on syntactic parsing of temporarily ambiguous sentences with complement verbs, cross modal naming & appropriateness judgments, adults, 15148
evaluation & activity & potency dimensions of speech perception, speeded lexical decisions about emotion words heard in meaning-congruent vs incongruent tone of voice, college students, 28812
grammatical & phonetic aspects of prosodic parsing of ambiguities in categories pitch accent & tonally marked phrases in English & Japanese, 11257
inclusion of prosody in management of language impairment, children, 40200
intonation & affective prosody perception & comprehension with vs without semantic cues, 43–82 yr olds with right vs left cerebral infarctions, Canada, 23448
mechanisms underlying affective-prosodic deficits, adults with left vs right brain damage, 16370
overview of prosody analysis based on systemic theory, children with language impairment, 39346
phonological organization of prosody as grammatical system, disambiguation of syntactic structure, 11284
phrase vs single word prosody using natural speech, acquisition of artificial language, college students, 223
process of generation of prosody online during oral reading of Japanese sentences as assessed with eye voice span, adults, Japan, 15136
production & repetition & comprehension of emotional prosody & affective & behavioral disturbances, mildly vs moderately demented Alzheimers disease patients, 19644
prosodic breaks, effect of intonational structure & syntax on semantic processing & sentence comprehension, college students, 11276
prosodic influences on grammatical morphology, children with impaired speech systems, 39343
prosodic information, syntactic processing & judgment of normality of locally ambiguous sentence fragments of different lengths, college students, 11283
prosodic structure & placement of prosodic boundaries relative to syntactic boundaries, syntactic processing & end of sentence comprehension, adults, 15146
prosody & other phonological information in input speech, development of root processes of parsing, 6–12 mo olds, 11373
prosody as significant issue in studies of auditory sentence processing, 15145
prosody, prediction of end of sentence after point where syntax & semantics do not contribute, English vs French listeners vs right vs left hemisphere brain damaged patients, 11264
receptive vs prosodic ability, language impaired 4 vs 5 vs 6 yr olds, 31565
role of prosody & processing load & sentence structure in parsing during online sentence comprehension, college students, 15139
role of prosody in language acquisition & adult parsing in domains of segmentation & structural bracketing & reliability of prosodic cues, 15220
speech & prosody-voice & risk-factor characteristics, prediction of short & long-term speech-sound normalization in developmental phonological disorders, 3–6 yr olds with speech delays, 1 yr followup, 8438
stages of prosodic development from beginning of word acquisition through end of 2nd yr of life, children, 38316
theoretical framework & architecture & implementation & evaluation of a system for segment-based automatic language identification, 38233
unilateral brain damage, prosodic comprehension deficits & acoustic cues to prosody, adults, 31856
use of prosodic & phonological information & function words & morphological decomposition in acquisition of linguistic structure, normal vs language impaired special populations, literature review, 31557
use of prosodic cues by sentence parser for sentences with syntactic ambiguity, 15140
use of prosody & duration & intonation, interpretation of syntactically ambiguous phrase & pictures, 5 vs 7 yr olds vs college students, 11256
Prosopagnosia—Serials
deep vs shallow encoding instructions, face recognition memory, 68 yr old male with dense prosopagnosia, 8637
neuropsychological & anatomical correlates of false recognition of unfamiliar faces & relationship to prosopagnosia, 40–85 yr olds with right hemisphere damage, 16366
place disorientation & prosopagnosia & inability to name famous buildings or landmarks, 60 yr old male with right temporal lobe damage from encephalitis, case report, 31834
selectively impaired recognition of living vs nonliving things, patients with head injuries or brain damage & visual agnosia or prosopagnosia, replication & extension, 36105
visual & cognitive & object recognition skills, 8-yr-old male with congenital visual agnosia & prosopagnosia, Israel, 16298
Prospective Studies—Serials
memory & health & aging, 35–80 yr old cohorts, prospective study, 29807
rationale & design of prospective study of epidemiology & outcomes of psychiatric care & characteristics of cohort, patients with severe mental disorders, Italy, 42898
retrospective vs prospective design & data & autobiographical recall in longitudinal studies, implications for child & adolescent psychiatry, 25143
Prostaglandins—Serials
alprostadil, erectile dysfunction, 21–75 yr old males, Asia & Australia, 16748
im prostaglandin, behavior during estrus & choice of mounting partner, mature vs young female cows, 18274
intrathecal prostoaglandin E1, allodynic &/vs hyperalgesic state in sensory processing pathways at spinal level as seen in responses to somatic & visceral stimuli, male rats, 3092
niacin-induced vasodilation & transmembrane phospholid-dependent signal transduction, 18–65 yr old outpatients with schizophrenia vs bipolar affective disorder, 26395
prepartum prostaglandin & birth of 1st piglet, nesting behavior & related activities, sows, 18096
Prostate—Serials
Christian prayers, major depressive episode with melancholia, male 78 yr old diagnosed with prostate cancer, case report, 13130
stressors & psychological intervention for improved quality of life, patients with prostate cancer, Australia, 20056
Prostate Cancer Screening [See Cancer Screening]
Prostheses [See Also Cochlear Implants]—Serials
prosthetic rehabilitation in older patients with major lower limb amputation, literature review, 27768
Prostitution—Serials
AIDS-related knowledge & condom use & risky sexual behavior & commercial sex patronage, young males, Thailand, 30290
attitudes toward emotional responsibility in commercial sex, male clients of prostitutes, New Zealand, 30278

casual & commercial sexual networks, prostitutes & 18–52 yr old male clients, 6 mo study, Uganda, implications for HIV & sexually transmitted ddisease transmittal, 30277
demographic variables & sexual orientation & condom use & sexual act preference, epidemiology of HIV & syphilis, male commercial sex workers, Thailand, commentary reply, letter, 4503
drug use & sexual & HIV testing behaviors, female Dominican vs Mexican vs Puerto Rican prostitutes, 35158
dynamics & treatment considerations & intergenerational child sexual & physical & emotional abuse, 26 yr old drug abusing female prostitute in psychotherapy, case report, 27133
factors associated with unsafe sex practices, 17–36 yr old male sex workers, England, 966
health belief model & social cognitive theory behavior intervention, AIDS knowledge & sexually transmitted diseases & condom use, female commercial sex workers & their pimps & male clients, Indonesia, 9309
history of Lock Asylum & contemporary service provision, prostitutes & other deviant females, 27692
HIV knowledge & risk behaviors, homosexual or bisexual 13–29 yr old males who were substance abusers or prostitutes, 1541
HIV seroprevalence rate, female prostitutes, 1988–1995, letter, Italy, 36029
impulsive & sensation seeking & aggressive & hostile & antisocial personality traits, 19–48 yr old female prostitutes vs female food service workers, 7738
laws for control of street prostitution & criminological & sexological perspective, Canada, conference presentation, 24935
personality traits & services offered for transvestites in advertisements, prostitutes, Canada, 15528
phenomenon of sex for crack exchanges, occupational norms in relationship to discrimination, female street crack users, 23075
prostitution & spread of sexually transmitted diseases & risk for HIV infection, female prostitutes, China, 23259
psychosocial & behavioral factors, condom use, 18–63 yr old foreign tourist males & 18–44 yr old female prostitutes, Indonesia, 30288
risk factors of iv drug usage or same sex sexual partners or prostitution, prevalence of HIV infection, male vs female prison inmates, Canada, 4593
sex with commercial &/vs noncommercial sex partners & networks & rate of HIV infection & exposure risk for noncommercial sex partners, 17–45 yr old truck driving vs low income males, Thailand, 31681
social & economic & political & environmental factors, migration from rural to urban areas & prostitution, females, Thailand, 30273
social background & working conditions, female commercial sex workers in low price brothels & tea houses & other urban work sites, Thailand, implications for HIV epidemic, 19560
stereotyped perceptions of female pornography stars vs female movie stars vs prostitutes, college students (mean age 28.34 yrs), 30279
vaginal dryness during sex, condom use & breakage, female HIV/AIDS peer educators who were commercial sex workers, Zimbabwe, 23316
willingness to buy sex vs intimacy & relation to psychotherapy, males vs females, 32064
100% Condom Program with advertising, condom use & reduction of HIV transmission, commercial sex workers, Thailand, 5239

Protective Services—Serials
acceptance of fallibility & willingness to revise judgments & avoidable vs unavoidable mistakes in child protection work, social workers, 27700
client & service characteristics, use of child welfare services after intensive family preservation services, families discharged from Family Initiatives program, followup study, Canada, 40090
computer simulation of failure to thrive case, training in child protective services work, trainees vs experienced workers, 9722
current debates in primarily British academic & professional journals regarding child protection, 32894
decision making in child protective services & care, 32906
elder abuse & neglect prevalence causes & risk factors & effects on emotional state & mortality rate & protective service delivery in the past 5 yrs, 42500
explicit risk factors, patterns of service selection & level of casework effort in child protective service provision, children, 20232
negative vs compassionate ageism & placement in locked facilities or treatment with psychotropic medications while under public conservatorship, 18–103 yr olds, 43967
participation in child protection conferences, parents, 32892
provision of adequate supervision for staff responsible for child protection cases, 33–50 yr old social services team managers, England, implications for training & assessing supervisors, 5310
use of focus groups to identify key competencies in child welfare practice, practice technology and service delivery, 32794

Protein Metabolism—Serials
chronic lithium vs carbamazepine treatment, protein phosphorylation in brain, male rats, 41473
genetic basis of altered metabolism of amyloid beta-protein precursor & tau protein in pathogenesis of aging & Alzheimer's type dementia, 1907–95, research review, 8630
oestrogen & progesterone, protein synthesis, cultured human lymphocytes, implications for postpartum psychiatric illness, 3135

Proteinases—Serials
calpain II & neurofibrillary pathology, adults with Alzheimer's disease, 42802
model of antidepressant & antibipolar drugs & action on neurotransmitter receptors along G protein-mediated signal transduction pathway, 23921

Proteins [See Also Blood Proteins, Endorphins, Globulins, Interferons]—Serials
acid base status, self selection of dietary protein & maintenance of acid base homeostasis, male cats, 18225
age & postmortem interval, G proteins, postmortem brains of 19–100 yr olds with vs without Alzheimer's disease, 1595
alleles of apolipoprotein E & beta-amyloid deposition, autopsied 85 yr olds & older with vs without Alzheimer's disease, Finland, commentary, letter, 12629
antidepressant drugs, G protein & associate protein kinase expression & coupling, research review, 12945
antidepressant treatment, total serum protein & albumin & beta- & gamma-globulin concentrations, major & treatment-resistant depressed adults, 32434
antisera to alpha vs beta subunits of calcium binding protein S-100, amnesia development for passive avoidance task, day old chicks, 34566
apolipoprotein E genotype & cognitive decline & dementia, 75 yr olds & older, 6 yr study, implications for prediction of late onset Alzheimer's disease, 8574
apolipoprotein epsilon-4 allele frequency, elderly with Alzheimer's disease from research clinic vs community, implications for selection bias, 12686
apolipoprotein E4 frequency, elderly patients with schizophrenia with vs without dementia &/or with or vs Alzheimer's Disease, 42343
behavioral disturbance & apolipoprotein E epsilon 4 allele, elderly patients with Alzheimers disease, letter, 23445
beta-adrenoceptor-linked protein kinase A activity in human fibroblasts, adults with vs without major depression, 11981
beta-adrenoreceptor coupling to GS protein, adults with abstinent alcohol dependence &/vs panic disorder, 35418
cDNA clone encoding novel G-protein-coupled dopamine receptor in Drosophila heads, increased intracellular calcium & cyclic adenosine monophosphate levels & pharmacological profile, 18153
cellular & subcellular localization & associations of Fragile X mental retardation protein, rats & mice & humans, 31587
chronic antidepressant treatment, Gs & Gi alpha-subunit protein & mRNA levels in cerebral cortex, rats, 3212

clinical & neuropathological features of autosomal dominant inheritance of presenile dementia & hypokinesis & presence of prion protein abnormalities, family members, 16387
concentration & microheterogeneity glycophorms of alpha-1-acid glycoprotein, patients with major depressive disorder, 12003
conditioned taste aversion acquisition, enzymatic activity of protein kinase C & its distribution among cytosol & particulate fractions of isolated parabrachial nucleus, male rats, 6640
CSF tau protein levels & dementia severity, 65 yr olds with Alzheimer's disease, 31 mo study, replication, 8611
cycloheximide & 8-azaguanine, inhibition of protein synthesis in brain & conditioned taste aversion & enhanced preference, rats, 21702
detection of G-protein-coupled metabotropic glutamate membrane receptors in taste buds, taste of monosodium glutamate, rats, 18150
dietary salbutamol & protein, acute stress responses, female growing pigs, 601
differentiation & survival of sensory & motor neurons in brainstem, Brn-3.0-/- mice with severe behavioral & physiological problems, 29221
effects of quinolinic acid &/vs beta-amyloid 25–35 in ventral pallidum/substantia innominata, male rats, implications for etiology of Alzheimer's disease, 637
fibrin degradation products in brain tissue & inflammatory processes, deceased patients with schizophrenia, implications for biological marker, 7974
forskolin vs G protein stimulation, platelet adenylyl cyclase activity, 24–60 yr olds with major depression, 35545
G protein functions & immunoreactive levels in mononuclear leukocytes, 19–78 yr old patients with major depression vs healthy volunteers, 22745
genetic defect of CAG trinucleotide repeat in dentatorubral pallidoluysian atrophy & translation of wild type & mutant genes into proteins p190 & p205, 38–59 yr old patients, 19667
gliadin rich diet, changes in emotionality & spatial memory, rats, animal model of gluten induced enteropathy/coelia disease, 3137
gustducin taste receptor cell specific guanine-nucleotide binding protein, taste transduction & behavioral responses, mice with mutation of alpha-gustducin gene, letter, 18220
heat effects on nerve growth factor-differentiated PC12 cells, model of abnormal tau protein in paired helical filaments & neuronal degeneration in Alzheimer's disease, 1963–95, research review, 8572
hippocampal long-term potentiation in vivo, expression of specific glutamate receptor subunits, male rats, 21752
hippocampal protein kinase C, long term spatial discrimination learning & retention, male mice, 7018
identification of high CSF tau levels in early stages, 55 yr old male & 67 yr old female with probable Alzheimer's disease, case reports, letter, 19656
illness severity, beta-adrenergic receptor coupled Gs protein function & Gs alpha immunoreactivity in mononuclear leucocytes, 20–68 yr olds with unipolar or bipolar depression, 11940
imidazoline receptor protein in platelets & frontal cortex, 29–64 yr olds with major depression & suicide victims, Switzerland, 7792
in vitro conditioning, new learning & excitability of B cell & distribution of protein kinase C, Hermissenda, 38063
introduction to prion diseases & relationship to Creutzfeldt-Jakob disease variant, 36082
levels of G protein alpha subunits in platelets & lymphocytes, euthymic patients with bipolar affective disorder vs volunteers, 22784
linear regression vs variance/mean method, assessment of spatial patterns of beta-amyloid deposits in postmortem brain tissues, patients with Alzheimer's disease, 4642
long term chlorpromazine vs haloperidol, response of adenylate cyclase to GTP binding proteins & dopamine in striatal membranes, male rats, 15071
low vs high phorbol 12-myristate,13-acetate, behavioral correlates of LI effects on protein kinase C, male rats, 11183
mate recognition pheromone density & location & oligosaccharide & protein structure, discrimination of females, male rotifers, conference presentation, 14965
membrane protein levels, seasonal patterns of platelet 3H-imipramine binding, healthy 20–40 yr olds vs depressed 14–70 yr olds, implications for role of circadian rhythms, 7905
microtubule associated protein-2, quantification of density & distribution of interstitial neurons in prefrontal cortex white matter, deceased 24–64 yr olds with schizophrenia, 7946
missense mutations on S182 Glu246 cells, amyloid beta protein precursor metabolism in skin fibroblasts, patients with Alzheimer's disease & unaffected family members, 16352
molecular basis underlying recognition & signal transduction in olfaction & discovery of olfactory marker & odorant binding proteins & description of olfactory receptors, 2756
molecular cloning & null mutation of gene encoding tyramine-beta-hydroxylase protein & blockage of octopamine synthesis, protein expression patterns & immunoreactivity, drosophila, 18133
morning vs afternoon saliva flow & total proteins & secondary immunoglobulin A concentrations & secretion rates, 20–30 vs 60–80 yr olds, 6741
mRNA encoded G-protein-coupled subunits adenylyl & guanylyl cyclases & nucleotide-gated ion, sensory transduction pathways in vomeronasal organ & pheromone signaling cascade, mice, 10923
mutation in G alpha protein gene & disorder susceptibility, patients with bipolar disorder, 35560
neuronal activity regulated pentraxin, immediate-early genes in neurons of hippocampus & cortex by synaptic activity & subsequent long term neural plasticity, rats, 11017
overexpression of tumor necrosis factor-alpha in brain, neurobehavioral development, transgenic mice, 10947
persistent activation of protein kinase C isoforms during long term behavioral sensitization of defensive reflexes, aplysia, implications for memory, 364
pharmacologic activation of protein kinase C, modulation of amyloid precursor protein secretion in human skin fibroblasts, demented vs nondemented patients with Down's syndrome, Italy, 26808
phorbol esters, synaptic modulation in cell culture of hippocampal neurons from E15-E17 embryos, wild-type vs Ca2+/phospholipid-dependent protein gamma knockout mice, 21847
platelet adrenergic-mediated phosphoinositide hydrolysis & defect in signal transduction, 28–64 yr olds with major depression, Switzerland, 15919
platelet guanine nucleotide binding protein levels & G protein function & status of cell signal transduction, depressed 26–63 yr olds, Switzerland, 4100
polyclonal antibody R-1, memory formation, rats, 34515
prenatal ethanol expsoure, expression of cellular retinol binding protein & nuclear retinoic acid receptors, rat embryo or fetal brain tissue, 6913
prenatal protein deficiency, elevated plus-maze exploration as measure of anxiety/impulsiveness, nulliparous rat dams & their female pups, 6727
prenatal protein malnourishment, spatial navigation, male rats, 644
prenatal protein malnutrition, playful & nonplayful social behaviors & nonsocial rearing, male vs female juvenile rats, 6473
presynaptic protein concentrations in cingulate cortex vs frontal vs parietal vs temporal cortex, postmortem brains of elderly patients with schizophrenia vs Alzheimer's disease, 35595
problem solving capacity, content of protein & protein sulfhydryl groups of synaptic membranes & total synaptoplasm of light & heavy synaptosomes of Ep fields, cats, 6698
properties of water soluble 45-kDa guanosine 5'-triphospate binding protein from olfactory epithelium located in mucosa, rats, 21771
protein-calorie malnutrition, behavioral response to diazepam, rats, 38041

protein synthesis inhibitors & protein kinases inhibitors & glutamate receptor blockers, memory for visual discrimination & amnesia in passive avoidance learning model, 2 day old chicks, 3285
pseudosubstrate inhibitory peptides & postsynaptic Ca2+-dependent protein kinases & calcineurin & phosphatase activities, regulation of synaptic strength in hippocampal slices, rats, 21930
reactivity of platelet derived growth factor B-chains homodimer & structure of sugar chain structure Lewis-X & relation to learning function, 21–38 yr olds with mental retardation, Japan, 35920
rearing in complex environment, activity of glial fibrillary acidic protein immunoreactive astrocytic vs synaptic plasticity in layers II-IV of visual cortex, weaning rats, 6636
serum acute phase reactants 1-antichymotrypsin & c-reactive protein & protease inhibitors alpha-1-antithrombin & C1 esterase inhibitor, elderly with probable Alzheimer's disease, 12633
serum concentrations of inhibin A at 7–18 wks gestation with fetuses known to be affected by Down's syndrome vs trisomy 18, women, 16168
serum L-tryptophan availability & total serum protein & albumin & alpha 2 globulin, depressed adults, Belgium, 4109
short-term intake of protein- vs carbohydrate- vs fat-rich diets, anxiety, male rats, 11084
sleep deprivation, sleep & sleep regulation, prion protein deficient vs wild-type control mice, 29227
tau protein CSF levels as biological marker, mildly demented 50 yr olds & older with Alzheimer's disease, 39503
valproic acid, beta-adrenergic receptors & G-proteins & adenylyl cyclase in C6 glioma cells, rats, implications for mania, 3201
valproic acid, modulation of DNA-binding activity of activator protein 1 & cyclic adenosine monophosphate responsive element binding protein CREB, rat C6 glioma cells & human neuroblastoma, 21829
9% vs 15% vs 25% protein diets, sexual attractiveness of anogenital & urine & feces scents, male vs female meadow voles, 21545

Protest (Student) [See Student Activism]

Protestantism [See Also Fundamentalism]—Serials

affiliation with conservative Protestant denominations, corporal punishment for children, parents, 22293
application of empirical psychology research to M. Weber's sociological theory of Protestantism as religious ethos in rise of capitalism, 41841
Baptist Church affiliation & suicide & homicide & illegitimacy & divorce & unemployment & education level & voter registration, 30065
cognitive structure of religious & moral opposition to pornography, conservative Protestants, 35046
Conservative Protestantism & corporal punishment & physical abuse of children by parents, 15409

Protestants—Serials

reasoned action/planned behavior model of church attending behavior, Catholics vs Protestants (average age 22.4 yrs), Northern Ireland, 18696
religious affiliation, SES, Black Catholics vs Protestants, 30063
suicide rates, Catholics vs Protestants, Netherlands, statistical test of validity of E. Durkheim's theory about religion & suicide, 12172
value differences underlying theological objections to Christian counseling, evangelical Protestants, 36554

Prozac [See Fluoxetine]

Pseudocyesis—Serials

delusional pregnancy & polydipsia, 37 yr old female with 15 yr history of paranoid schizophrenia, case report, 35632
parachlorophenylalanine, deprivation of serotonin & subsequent induction & maintenance of pseudopregnancy, female rats, 21882

Pseudodementia—Serials

citalopram, neuropsychological function, female 73 yr old with pseudodementia, case report, conference presentation, 13159
SPECT, clinical diagnosis, patients with dementia vs depression vs depressive pseudodementia vs cerebral lupus, commentary with reply included, 4001

Pseudohermaphroditism [See Hermaphroditism]

Pseudomemory [See False Memory]

Pseudopregnancy [See Pseudocyesis]

Pseudopsychopathic Schizophrenia [See Schizophrenia]

Psilocybin—Serials

effects of ingested psilocybe fungi vs prescribed fluoxetine, 27 yr old male with body dysmorphic disorder, serotonergic implications, case report, letter, 12976
psilocybin, indirect & semantic priming in lexical decision paradigm, adults, 29620
psilocybin with ketamine vs dextroamphetamine, regional cerebral glucose rates, healthy 27–45 yr olds, application of psilocybin model of psychosis, 29631
psilocybin's defocusing effect, direct vs indirect semantic priming & spread of activation during lexical access to word associations, normal male adults, Germany, 11209

Psychedelic Drugs [See Also Lysergic Acid Diethylamide]—Serials

psilocybin, symptoms, male 34 yr old with obsessive compulsive disorder, case report, letter, 39824

Psychiatric Aides—Serials

health & sources of work stress & work-based social support, psychiatric technicians caring for severely & profoundly mentally retarded in residential facility, 5516

Psychiatric Classifications (Taxon) [See Psychodiagnostic Typologies]

Psychiatric Clinics—Serials

client satisfaction with outpatient services in clinical psychology, adult patients at university-based clinic, New Zealand, 27674
conceptual & clinical issues in development of psychosocial based Personal Assistance & Crisis Evaluation clinic, 14–26 yr olds in prodromal phase of schizophrenia or other psychosis, 13277
easy access to VA ambulatory services, overall outcome, patients with bipolar disorder, 32878
gap between mental health service need & utilization, school based mental health program, children in psychiatric outpatient clinic vs in elementary or high school, 40497
Kings Fund Review & personal & political & social pressures, structure & process of psychotherapy clinic & targeting psychoanalysis, psychotherapists, England, 9364
multidisciplinary psychiatric day hospital, parents with psychological disorders associated with pregnancy & childbirth & stillbirth & miscarriage & termination, 9520
prevalence & association of aggressive behavior & sociodemographic variables & psychiatric residential care, patients with vs without dementia in a community-based service, 2 yr study, 32880
service requests & satisfaction, outpatients, commentary reply, 32882
service requests & satisfaction, outpatients, commentary, letter, 32881
variability of effect sizes & other outcome measures among multisite clinical trials, 60+ yr old outpatients on fluoxetine treatment for major depression, 27454

Psychiatric Disorders [See Mental Disorders]

Psychiatric Evaluation [See Also Forensic Evaluation]—Serials

bilingual or interpreted psychiatric evaluation & psychotherapy, psychiatric patients whose 1st language & culture differ from clinician's, 8788
clinical activity & ethical & practical & funding issues in pilot project for assessment & hospital admission, male mentally disordered remand prisoners, England, public policy impications, 40217
cocaine &/or alcohol &/or cannabis in urine toxicological screening, rate of psychiatric symptoms at evaluation, psychiatric emergency room patients, 24107
demographics & psychiatric diagnosis & symptom severity, 18–64 yr olds presenting for ADHD evaluation, 35889
development of Community Version of MRC Needs for Care Assessment Schedule, identification of psychiatric treatment needs & services, patients from general population, 21125

factors in time course of emergency psychiatric service consultations, 32983
feasibility of psychiatric screening at HIV/AIDS clinic, scores on General Health Questionnaire & Beck Depression Inventory, clients, 4601
features & neuropsychiatric sequelae & principles for evaluation & treatment in community mental health centers, behaviorally challenged patients with traumatic brain injury, commentary, 43370
features & neuropsychiatric sequelae & principles for evaluation & treatment in community mental health centers, behaviorally challenged patients with traumatic brain injury, 43388
incremental validity of MMPI-2 content scales vs clinician ratings with SCL-90 & Brief Psychiatric Rating Scale & Global Assessment Scale, 18–63 yr old psychiatric patients, 2576
institution-based evaluations vs the Fitness Interview Test-Revised, ability to stand trial, male defendants (mean age 33.49 yrs), Canada, 40910
interrater agreement for & consistency in psychological & psychiatric & discharge diagnoses, 12–18 yr old psychiatric inpatients, 4048
legal issues in sexual harassment cases, implications for role of forensic psychiatrists in evaluation & validation of claims, 5876
legal terms & concepts involved in challenges to wills, importance of psychiatric testimony & predeath psychiatric evaluations in cases of mental impairment, 14139
measures for screening & diagnosing depression & other psychiatric comorbidity, rural female 20–52 yr olds with substance abuse, implications for psychiatric nursing, 28462
methodological issues in evaluation of screening instruments for mental disorders, primary care patients, 28493
mild traumatic brain injury & diagnostic ambiguity & forensic neuropsychiatric evaluation, 19648
MMPI-2 vs California Psychological Inventory & demographics, identification of need of employee assistance programs & resulting mental health change, referred vs nonreferred police officers, 25034
persistence of psychiatric disturbance & assessment results & psychiatric consultation reported by parents & demographic factors, male vs female children (mean age 12.5 yrs), Finland, 4 yr followup, 30772
pilot project for assessment & referrals for hospital admission, male mentally disordered remand prisoners, England, 40218
predictive validity of General Health Questionnaire & Beck Depression Inventory vs DSM-III-R criterion, screening for depression & psychiatric morbidity, unemployed workers given notice, Finland, 2637
psychiatric contributions of Parole Board to risk assessment, offenders, UK, 43977
psychosomatic issues & Posttraumatic Stress Disorder & psychiatric diagnoses & medical patients, 42703
reliability of Community Version of Needs for Care Assessment Schedule, identification of psychiatric treatment needs & services, clinicians rating adults, 21129
reliability of forensic psychiatric assessment of need for treatment in nonpsychiatric offenders, psychiatrists, Sweden, 24918
review of ICD-10 symptom checklists & glossary & international diagnostic checklists, application in psychiatric settings by clinicians, 7796
role of fantasy in normal & deviant sexual behavior & evaluation & treatment of sexual obsessions & compulsivity, 31374
test retest of Present State Examination, stability of panic disorder as clinical entity vs facet of general neurotic syndrome, patients with panic disorder, 5–6 yr followup, 22907
use of telemedicine for emergency evaluations, acutely ill psychiatric patients, letter, 42878
validity of Psychiatric Assessment Schedule for Adults with Developmental Disability, assessment of core symptoms & diagnosis of schizophrenia, learning disabled 16–69 yr olds, 2612

Psychiatric History [See Patient History]

Psychiatric Hospital Admission [See Also Psychiatric Hospital Readmission]—Serials
admission to Fife & Kinross District Asylum, 1874–99, Scotland, 24264
advantages & disadvantages of mother-infant joint admission to psychiatric services, mothers with severe psychiatric disorders, research review, 32981
alternatives to acute psychiatric hospitalization care, admission decision makers, 36661
assumptions about positive effects of admission diversion from state psychiatric hospitals, psychiatric patients, commentary & commentary reply, letter, 9528
causal beliefs & hospital admission history & treatment expectations, 16–65 yr old psychiatric inpatients & their relatives & staff, 16926
characteristics & selection criteria for transfer to community hospital acute inpatient program, seriously mentally ill patients, implications for community hospital redesign, 24280
cigarette smoking & major depression, seasonal variation of hospital admission, psychiatric patients, 4087
clinical & demographic variables, use of informal vs voluntary vs emergency vs involuntary admission status in psychiatric emergency room, psychiatric patients, 5372
clinical activity & ethical & practical & funding issues in pilot project for assessment & hospital admission, male mentally disordered remand prisoners, England, public policy impications, 40217
clinical assessments of suicide risk at admission to vs discharge from psychiatric hospital, 16–87 yr olds with schizophrenia or depressive or other mental disorder, 33000
experiences of planned admission program, chronically mentally ill 32–50 yr old Veterans Affairs Medical Center patients, 16911
geographic origin & symptomatology & functional status & interaction with family, admission to psychiatric hospital & discharge to community, 57–91 yr olds, 13410
perceived coercion & negative pressures & process exclusion in mental hospital admission, 20–70 yr olds involuntarily committed with severe mental disorders, 36766
perception of coercion assessed by Admission Experience Scale, patients voluntarily vs involuntarily admitted to psychiatric clinic, Sweden, 37454
perceptions of coercion in admission procedures, voluntary vs involuntarily admitted psychiatric patients, 36767
pilot project for assessment & referrals for hospital admission, male mentally disordered remand prisoners, England, 40218
postdischarge mortality rates & causes of death, 16–63 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, commentary, letter, 43427
postdischarge mortality rates & causes of death, 16–63 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, commentary, letter, 43418
postdischarge mortality rates & causes of death, 16–63 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, commentary reply, letter, 43424
postdischarge mortality rates & causes of death, 16–65 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, 36770
profile & diagnosis, emergency admission to state hospital, mentally disordered inmates, 13504
rates of adolescent suicide behavior-based referrals from emergency rooms to psychiatric inpatient facilities, US vs Western Europe, literature review, 33008
seasonal patterns of admissions, male Vietnam veteran inpatients with PTSD, 1323
state commitment law combining criterion of dangerousness to self or others & screening for less restrictive alternatives & new mental health structure, number of patients commited, 12 yr study, 20274

validity of utilization management criteria, assessment of appropriateness of acute care admission & continued stay, 24–77 yr old VA psychiatric inpatients at risk for homelessness, 24114

Psychiatric Hospital Discharge—Serials

antipsychotic vs no antipsychotic medications, long term outcome, 16–45 yr old first admission patients with schizophrenia who were discharged within 6 mo, reanalysis, 2 yr study, 36533

attitude toward forced medication while in treatment vs upon discharge, consecutive forcibly medicated acute-care psychiatric inpatients (mean age 42.1 yrs), 27415

clinical assessments of suicide risk at admission to vs discharge from psychiatric hospital, 16–87 yr olds with schizophrenia or depressive or other mental disorder, 33000

continuity of care after discharge to rural vs urban community health centers, state hospital psychiatric patients, 9412

demographics & personal resources & psychiatric characteristics, relapse risk, discharged mental health patients (mean age 36.8 yrs), 2-yr study, 30783

dependency & discharge changes after implementation of National Health Service & Community Care Act, geriatric inpatients from psychogeriatric wards, UK, 24193

dependency & discharge changes after implementation of National Health Service & Community Care Act, geriatric inpatients from psychogeriatric wards, UK, 36721

effectiveness of outreach case management intervention to reduce mortality rates, 18–64 yr old discharged psychiatric patients, 13386

evaluation of Refined Group Number classification system for funding psychiatric discharges, hospitalized patients, Canada, 1991–93, 5381

frequency & types of violence & patient characteristics, discharged psychiatric patients, prospective studies, 31273

geographic origin & symptomatology & functional status & interaction with family, admission to psychiatric hospital & discharge to community, 57–91 yr olds, 13410

hospital Schizophrenia Psychosocial Rehabilitation Program, hospital discharge & long term community adjustment & overall quality of life, institutionalized long stay clients, 13399

impact of shorter inpatient lengths of stay on training & supervision, psychiatric residents, 13550

interrater agreement for & consistency in psychological & psychiatric & discharge diagnoses, 12–18 yr old psychiatric inpatients, 4048

patient & environmental & service delivery factors, fit between psychosocial support needs & hospital discharge plan, 13–98 yr old hospitalized patients, 32788

postdischarge mortality rates & causes of death, 16–63 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, commentary reply, letter, 43424

postdischarge mortality rates & causes of death, 16–63 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, commentary, letter, 43418

postdischarge mortality rates & causes of death, 16–63 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, commentary, letter, 43427

postdischarge mortality rates & causes of death, 16–65 yr old consecutive 1st-time psychiatric admissions, England, 19 yr study, implications for national suicide indices, 36770

predictors of psychiatric aftercare noncompliance, 16.7–80.6 yr old discharged patients, Australia, 6 mo follow-up, 31973

prevalence of committed patients & discharge rates & area variation in compulsory psychiatric care, Sweden, 1979–93, 32998

psychiatric hospital downsizing & violent crime rate & Penrose effect, 16915

quality of life, hospitalized vs discharged long-term patients with psychiatric illness, UK, 1 yr followup, 9527

sensitivity of adapted Lehman's Quality of Life Interview, quality of life & satisfaction & psychiatric & social functioning after discharge to community, 27–77 yr old psychiatric patients, Wales, 5290

social & clinical & discharge factors, length of stay, 60 yr olds & older in geropsychiatric hospital, 33005

sociodemographic & diagnostic composition & treatment characteristics, psychiatric inpatients discharged from public vs private nonprofit vs proprietary general hospitals, 1993, 20279

total cost of comprehensive community care following discharge from psychiatric hospital, schizophrenic patients, Germany, 24208

treatment outcome, 32–54 yr old severely mentally ill patients on conditional discharge to community based treatment, 36681

type of community setting & other patient related factors, risk of readmission, 19–99 yr old psychiatric long stay patients after discharge, 1 yr followup, England, 13393

type of problem at admission & parent's previous psychiatric hospitalization, functioning & behavior problems after discharge from inpatient psychiatric treatment, 3.5–15 yr olds, Finland, followups, 5378

Psychiatric Hospital Programs [See Also Therapeutic Community]—Serials

Community Re-Entry Program, skill levels & positive & negative symptoms, acutely mentally ill inpatients (mean age 33.9 yrs), 33011

community vs hospital based psychiatric rehabilitation, quality of life & satisfaction with services & psychopathology, clients with serious mental illness, Canada, 1968

components of & clinical & research functions & benefits of program evaluation in a psychiatric day treatment program, Canada, 43363

coordinated treatment system, psychiatric hospitalization length and services, children, 27747

Dissociative Experiences Scale, assessment of effectiveness of inpatient treatment in reducing frequency & intensity of dissociative experiences, inpatients with dissociative identity disorder, 2037

effectiveness of short stay inpatient service for reduction of length of stay & costs, psychiatric patients, 13397

environmental strategies & psychotropic medication, symptom & behavior management, psychiatric hospital patients with delirium, 4745

evaluation of efficiency of outpatient psychiatric treatment for PTSD at current intensity levels, service utilization, male veterans, 24267

experiences of planned admission program, chronically mentally ill 32–50 yr old Veterans Affairs Medical Center patients, 16911

group involvement in group psychotherapeutic processes in state mental hospitals, chronically mentally ill, 9541

hospital psychiatric service vs primary care community mental health team, cost saving & quality of care & clinical & social outcomes, patients with depression or anxiety, England, 13238

hospital Schizophrenia Psychosocial Rehabilitation Program, hospital discharge & long term community adjustment & overall quality of life, institutionalized long stay clients, 13399

hospital vs community services, cost of treatment of psychiatric emergencies, 16–65 yr olds with psychiatric disorders, UK, 1972

integrated regional emergency psychiatric service, Canada, 5365

long-term social skills training & support group, hospital readmission, patients with schizophrenia, 27744

mental health programs at general psychiatric vs pediatric hospital, infants, 32862

need for specialized hospital services for challenging behavior, 17–69 yr old mentally retarded residential care clients, 16914

patient & treatment characteristics, treatment dropout, psychiatric inpatients, 13409

patient characteristics associated with community vs hospital placement, residual vs other long term patients in psychiatric hospital closure program, UK, 1981

psychiatric services in VA substance abuse treatment programs, 1990 vs 1994, patients, 27780
reactions to hospital closure, staff & patients, 32989
removal from stimuli instead of seclusion &/or physical restraint for verbally &/or physically threatening acts, cooperation with staff, adult patients in psychiatric intensive care unit, 1 yr study, 43417
Short-Term Emergency Program to meet priority needs of clients during inpatient psychiatric hospitalizations that average only 5 days, nurses, 27746
supportive psychotherapy & case management hospital program, parenting skills & knowledge of child development & reduced hospitalizations, seriously mentally ill mothers of young children, 9532
therapeutic approach of gerontopsychiatric day care clinic, health status & cognitive abilities & competence, 44–98 yr olds, 43394

Psychiatric Hospital Readmission—Serials
aberrant behaviors as risk factors for rehospitalization, schizophrenic patients, 40145
acuity of disorder & symptom severity & quality of care & treatment duration, readmission rates within 6 mo of discharge, 11–67 yr old psychiatric inpatients in HMO, 24273
aftercare by case management services, risk of rehospitalization & length of stay, schizophrenic patients, longitudinal study, 9439
cost of outpatient antipsychotic therapy, revolving door schizophrenic patients, application of pharmacoeconomic clinical decision analysis model, 5022
criteria for clozapine treatment vs usual care, discharge & readmission rates, state psychiatric hospital inpatients with schizophrenia or schizoaffective disorder, 6 & 12 mo followups, 2038
demographic & illness characteristics, early psychiatric hospital readmission, psychiatric patients, letter, 9533
demographics & patterns of readmissions & prevalence of future psychotic diagnoses, 0–17 yr olds with psychosis limitaris infantalis admitted to psychiatric hospitals, 22 yr followup, Denmark, 15895
drug therapy education, psychiatric hospitalization, previously noncompliant adults with schizophrenia or bipolar disorder, 1 yr followup, commentary, implications for hospital readmission, letter, 13384
ECT & previous history & endogenous subtype, mortality & readmission risks, 22–85 yr old depressed patients, England, 7 yr follow up, 32615
hospital-based vs community-based residential care, readmission rates, male veterans with substance use disorders, 2 yr followup, 9381
impulsivity & anger & suicidality & fear of abandonment symptoms & comorbid anorexia or mania or psychotic symptoms, prediction of multiple hospitalizations, females with borderline personality, 9526
Level of Expressed Emotion Scores vs Camberwell Family Interview, assessment of primary caregiver's expressed emotion & rehospitalization, psychiatric inpatients, 13387
long-term social skills training & support group, hospital readmission, patients with schizophrenia, 27744
outpatient maintenance ECT, rehospitalization & functional capacity, catatonic schizophrenic 44 yr old male with history of tardive dyskinesia, 9196
predictors of psychiatric rehospitalization, 16.7–80.6 yr old discharged inpatients, 6 mo follow-up, Australia, 33004
readmission statistics for use in planning resettlement of people with learning disabilities from long stay hospitals, England, 32856
sociodemographics & personality traits, readmission to a psychiatric facility, 18–65 yr old mental health patients, 2-yr follow-up, 36764
symptoms & functional disability & prior hospitalization & residence type & urban vs rural referral source & treatment compliance, risk of rehospitalization, psychiatric patients, 6 mo follow up, 27761
therapeutic community program, symptomatology & readmission rates & client views, 20–53 yr old residents with psychiatric disorders, 5360
traditional vs western orthodox psychiatric hospital treatment, readmission rates & societal role performance, discharged mentally ill patients, Nigeria, 24276
type of community setting & other patient related factors, risk of readmission, 19–99 yr old psychiatric long stay patients after discharge, 1 yr followup, England, 13393
unmet needs, quality of life & psychiatric emergency room visits & rehospitalization, 18–65 yr olds with chronic mental illness, 43425

Psychiatric Hospital Staff [See Also Psychiatric Aides]—Serials
attitudes about families & occupational & organizational factors, involvement with client's family, psychiatric staff (mean age 39.23 yrs), 40315
burnout & collegial support, perceived barriers to behavior therapy in rehabilitation programs, acute care unit staff, 12843
hospital staff use of seclusion & emergency medication, disturbed behavior, patients with learning disabilities, 6 mo study, 36774
organizational downsizing and closing process, number of assaults on staff, psychiatric hospital personnel & 16–80 yr old inpatients with schizophrenia & affective disorder, 22 mo study, 24266
reactions to hospital closure, staff & patients, 32989
staff use of intervention strategies for preventing aggressive episodes, inpatients in closed psychiatric admissions ward, Netherlands, 33002

Psychiatric Hospitalization [See Also Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission]—Serials
adolescent's sex & depression & conduct disorder/substance abuse & previous suicide attempts & suicidal relative & family support, appropriateness of hospitalization decision, psychiatric residents, 36861
age & ethnicity & demographic & clinical & service related factors & length of hospitalization, 7–17 yr olds, 1987–92, 40143
antecedent drug & alcohol abuse, age of onset of bipolar disorder & time to hospitalization, patients presenting with 1st episode of psychotic mania, 12007
attitudes about & psychosocial reasons for self-harm, 22–46 yr old females in maximum security psychiatric hospital, England, 42474
burnout & work environment, 20–58 yr old nurses working in long-stay care settings, Netherlands, 33001
census reduction at state hospitals, hospital use & sociodemographic & diagnostic characteristics & behavioral status, psychiatric patients, 1977 vs 1986 vs 1991, 13388
collaboration between US Air Force & Dept of Veterans Affairs & university psychiatry department regarding inpatient unit, 36763
coordinated treatment system, psychiatric hospitalization length and services, children, 27747
cost analysis perspective on psychiatric intensive care & patient violence, conference presentation, 5363
cost comparison of traditional mental health inpatient vs community-based care, implications for service provision, England & Wales, 36674
course of hospitalization from acute illness to stabilization, negative symptomatology, schizophrenic inpatients, 16917
depressive symptoms & trait anxiety & anger & distress, 1st time vs repeat suicide attempting vs previously suicidal 12–18 yr old psychiatric inpatients, 7842
diagnoses & psychosocial characteristics, suicide attempts & likelihood of hospital admission, psychiatric patients, retrospective study, 19296
differential between Verbal vs Performance IQ on WAIS-R, course of illness & hospitalization rates & use of neuroleptics, patients with comorbid major psychiatric disorders & subnormal intelligence, 4002
disqualifying family communication & child anxiety & social competence, offspring mental health & hospitalization, 30–64 yr old psychiatric inpatients & their 7–10 yr olds, 14 yr study, 11930

drug therapy education, psychiatric hospitalization, previously noncompliant adults with schizophrenia or bipolar disorder, 1 yr followup, commentary, implications for hospital readmission, letter, 13384
effectiveness of aftercare provided by forensic psychiatric outpatient treatment following hospital order treatment, mentally ill offenders, Germany, 9659

psychiatric treatment, alexithymia & reactions to everyday stress, 17–62 yr old psychiatric patients, Japan, 32024
psychopathology, serum creatine phosphokinase & parkinsonism & dyskinetic movements & extrapyramidal signs, acutely catatonic psychiatric inpatients, 11909
psychotic symptoms & frontal lobe impairment & psychiatric ward situational factors, emergence & persistence of violent behavior, psychiatric inpatients, 43423
psychotropic drug prescription in rehabilitation, chronic psychiatric patients, Hong Kong, 23938
quality of care & severity of illness, decision to refer patients to inpatient care vs less restrictive alternative care, mental health clinicians in hospital psychiatric emergency services, 9539
quantitative coding system, assessment of psychic content of paintings, psychiatric inpatients, 1205
rapid tranquilization with neuroleptic drugs & benzodiazepines vs iv diazepam & haloperidol, aggressive incidents, acutely disturbed psychiatric patients, England, 9105
rates & characteristics of childhood physical & sexual abuse, 18–73 yr old psychiatric outpatients, 7852
rationale & design of prospective study of epidemiology & outcomes of psychiatric care & characteristics of cohort, patients with severe mental disorders, Italy, 42898
reactions to hospital closure, staff & patients, 32989
reasons for choosing & satisfaction with Veterans Affairs medical center for mental health treatment, 65+ yr old veterans in geriatric psychiatry program, 32843
reasons for referral to tertiary Mood Disorders Unit & satisfaction with intervention outcome, 15–80 yr old patients vs referrers, 30749
recall of parental rearing in childhood, self esteem, male vs female psychiatric patients from intact homes, 7789
recent life stressors & biological markers & psychosocial & clinical variables, 18–50 yr old newly admitted patients with an acute psychotic episode, 31015
referrals & caseloads & diagnosis & pattern of contact in community mental health team, 65 yr old & younger to 85 yr old & older psychiatric patients, 18 mo followup, 13301
refusal of antipsychotic medications, psychiatric patients in state operated mental health facility, 32439
rehabilitation of schizophrenic & other psychiatric patients, 16944
relapse & remission of major depression, course of alcoholism, psychiatric patients, 5 yr study, 22766
relationship between community mental health teams & residential homes, elderly patients, letter, 40123
reliability & validity & responsiveness of Quality of Life Interview, assessment of outcomes, 18–85 yr old acute psychiatric inpatients, longitudinal study, 25068
religious needs & resources, 20–89 yr old psychiatric inpatients, 35466
relocation to community nursing homes vs supported residential services, activities of daily living & emotional well being & social support & quality of life, 42–90 yr old psychiatric patients, 13374
reminiscence functions in life review group & normative data for Reminiscence Functions Scale, 64–83 yr old male veteran psychiatric inpatients, 8752
review & critique of literature on evaluation & efficacy of alcohol use assessment measures in mental health settings, psychiatric patients, 17674
review of pharmacological treatments used for psychiatric emergencies & aggressiveness, 9128
right to consent to treatment resolution adopted by United Nations & related human rights & mental health issues, psychiatric patients, 37329
risk factors, psychiatric patients (mean age 37 yrs) with neuroleptic malignant syndrome, Australia, 42226
risk of HIV infection, psychiatric patients, implications for psychiatric practice, research review, 7870
role of consultation liaison psychiatry in constant observation, psychiatric patients at risk of self harm, 6 mo study, 13401
rooming in by family member or friend vs remission from hospital on involuntary basis to urban detention centers, severely mentally ill admitted to general wards of rural hospital, Australia, 5373
schizophrenia age at onset & risk of illness in relatives, 22846
school & work & psychiatric history & symptoms & social adjustment & self perception of school efficacy & self esteem, 17–75 yr old psychiatic patients in supported post-secondary education program, 28078
services offered by community agencies & organizations for psychiatric rehabilitation, India, 16955
severity of illness & other clinical variables, prediction of length of hospital stay, psychiatric patients, 40134
sex & type of patient, frequency & reasons for use of seclusion on locked ward, patients, longitudinal study, 20276
sex, DSM-III-R personality disorders, psychiatrically hospitalized young adults, 15995
sex, personality disorders, 12–18 yr old psychiatric inpatients, 1338
Shipley Institute of Living Scale as screening device vs WAIS- R IQ scores, psychiatric inpatients with low intellectual functioning (mean age 39.7 yrs), 40785
short term efficacy & safety of clomipramine & presence of untoward effects, hospitalized autistic 3.5-8.7 yr olds, 5093
short-term mental health day treatment program, psychiatric symptoms & communication & social skills & stress management, adult psychiatric patients, 40141
smoking ban, attitudes & unit milieu, patients & staff in locked psychiatric unit, 4 mo followup, commentary, 36772
smoking ban, attitudes & unit milieu, patients & staff in locked psychiatric unit, 4 mo followup, commentary reply, 36765
smoking ban, attitudes & unit milieu, patients & staff in locked psychiatric unit, 4 mo followup, 5361
social context of day care center & relations with psychiatric unit & emotional & maturational climate of group, therapy for psychosis, conference presentation, 20158
social support & loneliness & social isolation & financial & employment problems & frequency of use of psychiatric services, psychiatric patients, Australia, 5264
sociodemographic & clinical predictors of illicit-drug injection, 18–59 yr old psychiatric patients without primary substance use disorder, 7846
sociodemographic & diagnostic composition & treatment characteristics, psychiatric inpatients discharged from public vs private nonprofit vs proprietary general hospitals, 1993, 20279
sociodemographics & personality traits, readmission to a psychiatric facility, 18–65 yr old mental health patients, 2-yr follow-up, 36764
solution focused brief therapy in inpatient setting, psychiatric hospital patients, 16920
source of referral to child psychiatry service & attendance pattern & diagnostic & abnormal psychosocial situations, 2–16 yr olds, England, 30688
speech parameters as indicators of mood improvement in course of therapy, depressed inpatients, 4770
staff decisions on seclusion & patients' attitudes toward seclusion as part of treatment, female vs male inpatients, 16924
strength of alliance with intensive case managers, 45 yr old & older seriously mentally ill community mental health clients, 9409
structured psychodynamic group art therapy technique, global functioning & interpersonal assertiveness & sociability & responsibility, 13–17 yr old psychiatric inpatients, 4899
suicidal behavior & ideation, depression & anger & anxiety & hopelessness & self concept, 13–18 yr old psychiatric inpatients, 8149
suicidal history & behavior & violence, risk of suicide, psychiatric inpatients, Taiwan, 42432
suicide & parasuicide, psychiatric inpatients, 10 yr study, Taiwan, 12157
suicide & violence assessment, psychiatric patients, literature review, 19122
symptoms & functional disability & prior hospitalization & residence type & urban vs rural referral source & treatment compliance, risk of rehospitalization, psychiatric patients, 6 mo follow up, 27761

symptoms of depression & quality of life, adult psychiatric patients, Sweden, 38977
symptoms of schizophrenic negative syndrome, schizophrenic patients (mean age 35.8 yrs), 22856
teacher assessment of outcome of short-term inpatient treatment, 6.5–15 yr old psychiatric patients, Finland, 5 mo & 1 yr followups, 27757
temperamental features in & vulnerability to suicide risk after attempted suicide, 19–65 yr old psychiatric inpatients hospitalized after suicide attempt, Sweden, replication, 31244
termination of rehabilitation for psychiatric patients, conference presentation, 20305
test retest reliability & concurrent validity of Spanish version of Mannheim Interview on Social Support, 15–55 yr old psychiatric outpatients, Spain, 37461
test retest stability & validity of Time-Line Follow-Back Interview, assessment of alcohol use patterns, 23–62 yr old psychiatric outpatients, 17628
testimony of treating psychiatrist vs forensic expert in litigation of psychiatric patients, 43976
therapeutic effects of subjective experience of analyst's private life, patients in psychoanalysis, 27332
thyroid function screening utility, 11–18 yr old psychiatric inpatients, 30681
transfer to general hospital because of adverse drug reactions, psychiatric inpatients, 24278
transtheoretical model of change, inpatients with eating disorders, 4481
treatment of dangerousness in managed care, 11–67 yr old hospitalized psychiatric patients, 36769
use of & cost & reimbursement for levels of supervision services for suicidal patients, adult inpatient psychiatric units in general hospitals, 20273
use of artificial neural network for assistance in psychiatric diagnosis with Compostie International Diagnostic Interview, mental inpatients, China, 22731
use of nonpsychotropic & psychotropic prescription drugs, 1st time users of antidepressants, Sweden, 6 yr study, implications for excess drug use, 4990
use of scribble technique procedure, adult psychiatric patients in acute inpatient setting, case reports, 16687
usefulness of blood chemistry tests to screen for excess iron abnormalities, psychiatric morbidity, 22–56 yr old outpatients, 30668
VA mental disability determination & compensation levels & patterns of payment for treatment, countertherapeutic effects on patient behavior & caregiver attitudes, psychiatric inpatients, 2044
variability of WAIS—R profiles using subtest range vs Profile Variability Index, psychiatric inpatients, 17645
violence in psychiatric inpatients, UK, literature review, 42218
violence of past suicide attempt & suicidal intent & clinical factors, tolerance for physical pain, 18–28 yr old suicidal vs nonsuicidal psychiatric patients, Israel, 4282
wellness philosophy & program at community rehabilitation & treatment agency, persons with psychiatric disabilities, 27701
withdrawal buzz phenomenon following discontinuation of serotonin reuptake inhibitor, psychiatric patients, commentary, letter, 13013
withdrawal buzz phenomenon following discontinuation of serotonin reuptake inhibitor, psychiatric patients, commentary reply, letter, 12963

Psychiatric Report [See Psychological Report]

Psychiatric Residency [See Medical Residency, Psychiatric Training]

Psychiatric Symptoms—Serials

affective symptoms of depression, 5–10 yr old children of 23–59 yr old nonsubstance abusing mothers & chemically addicted fathers, 12222
age & sex & cognitive status & hallucinations or delusions & mood & alcohol use & physical activity of daily living & health, aggressive behavior, elderly in rural outreach program, 11844
apolipoprotein E locus variability, phenotypic expression of various psychiatric symptoms, patients with Alzheimer's disease (mean age 73.6 yrs), 19622
awareness of mental illness & current symptoms, competency to stand trial & willingness to use the insanity defense, inpatients with psychotic disorders (mean age 35.47), 28360
Beck Hopelessness Scale scores, suicidal behavior & other clinical factors, hospitalized adult suicide attempters, 34021
biological & phenomenologic & psychosocial presentation & treatment of major depressive disorder, adolescents vs adults, literature review, 42885
Brief Psychiatric Rating Scale symptom factors & sleep onset latency & sleep time & slow wave sleep & REM minutes & latency, 19–47 yr olds with schizophrenia, 31055
carbamazepine, overt aggression & psychiatric symptoms & cognitive effects, 5.3-11.7 yr olds with conduct disorder, 5002
change in number of medically unexplained psychiatric symptoms under different criteria to explain somatization disorder, patients with chronic fatigue syndrome vs multiple sclerosis vs depression, 4006
childhood physical or sexual abuse & psychiatric symptoms, psychiatric patients, 30666
chlordiazepoxide withdrawal syndrome mimicking psychotic depression, 41 yr old female with irritable bowel syndrome, case report, 27437
classification of psychiatric syndromes in aeronautical adaptation, Army student pilots (mean age 25.9 yrs), 24821
client characteristics & psychiatric symptoms, prevalence of physical aggression, 65–91 yr old inpatients with probable Alzheimer's disease, Taiwan, 19658
clinical characteristics & psychiatric complaints, male patient with factitious disorder, Canada, case report, 38944
clinical characteristics of bipolar I vs bipolar II disorder, 18–65 yr old outpatients, Spain, 30915
clinical characterization of depressive & anxiety disorders & prevalence & diagnosis of bipolar II disorder & related subtypes, patients seen in family practice setting, 32822
clinical decision making process & symptoms & differential diagnosis & drug treatment, children & adolescents with psychotic disorders, 32454
clinical features, 14–44 yr olds with dissociative identity disorder, Turkey, commentary reply, 42227
clinical features, 14–44 yr olds with dissociative identity disorder, Turkey, commentary, 42197
clinical features, 14–44 yr olds with dissociative identity disorder, Turkey, 11918
clinical symptom severity, alcoholic White vs African American patients, 1389
community based support intervention vs standard care, depression & anxiety & anger & cognitive disturbances & psychiatric symptoms, mothers of 5–8 yr olds with ongoing health conditions, 32931
comparison of demographic & clinical features, 7–17 yr olds with trichotillomania vs obsessive-compulsive disorder vs anxiety disorder, 38918
confusion of symptoms from psychomotor epilepsy with psychiatric symptoms from focal seizure localization, reprint, 31778
conscientiousness & psychiatric symptomatology, patients with depression, Canada, 6 mo followup, 30816
consistency of symptom profiles across episodes, 25–42 yr old catatonic patients, meeting presentation, longitudinal studies, 42319
conventional symptom clusters, validation of subjective experience & related symptoms, 20–61 yr old patients with active or residual schizophrenia, Japan, 42328
defensive styles & psychological symptoms, Chinese 14–21 yr olds, Hong Kong, 41694
definite or possible functional psychotic illness with no diagnostic classification & partial or transient symptoms, outcomes, psychiatric patients, 2.5 yr followup, 22844
demographic & clinical & neurological characteristics & psychiatric symptoms, patients with Alzheimer's disease vs Lewy body variant, 12690

demographics & psychological & cognitive factors, consistency between reports, inpatients (mean age 33.69 yrs) with alcohol use disorder with vs without mental disorder, 35821
depression & anxiety, 5–13 yr old children of substance abusing parents, conference presentation, 42521
descriptive & qualitative aspects of prodromal symptoms, 16–30 yr olds with first episode psychosis, 31054
design & monitoring & ethical considerations of psychiatric symptom-provoking studies, 43559
design of group living unit, psychiatric symptoms, elderly patients with dementia, Sweden, 1 yr study, 32971
developmental framework of onset & stability of clinical symptomatology of behavior disorder, Lifetime Alcohol Problems Score as example, 39175
diagnosis & symptoms & treatment strategies, patients with body dysmorphic disorder, 26414
diagnostic subgroups & clinical characteristics, outpatients with eating disorders vs obesity, Italy, 4442
diagnostic validity of Bonn Scale for Assessment of Basic Symptoms, differentiation among mental disorders & between disordered & healthy Ss, psychiatry patients, 14313
differences in levels of anger & hostility & paranoid ideation & global psychopathology, male 16–23 yr old nonviolent vs violent offenders, 23112
dissociative symptoms, female patients with affective psychoses, case report, 30974
distinctions between dysthymic & major depressive disorders in symptomatology, 22772
dose response study of efficacy & side effects of haloperidol & sertindole, psychotic symptoms, schizophrenic 18–65 yr olds, 43207
drug craving & affective symptoms after abrupt substitution of nefazodone for other serotonergic drugs, adults, case report, letter, 23870
early-based intervention & counseling, quantity & quality of psychiatric symptoms, families with new-born, 15-yr study, Finland, 32191
EEG assessed disruption of left frontal & temporal connections & level of syndrome symptomology, 20–54 yr old schizophrenic patients, Canada, 39054
efficacy & side effects of traditional vs newer antipsychotic drugs, schizophrenia & psychotic symptoms, 32562
emergence of psychotic symptoms during treatment with sertraline, 29–70 yr old male psychiatric patients, case report, 36493
epidemiology of obsessive compulsive symptoms & disorder, community sample, Canada, 42390
eyeblink rate during rest vs attention & schizophrenia symptoms & neuropsychological performance & neurological signs, 16–65 yr olds with schizophrenia, 26489
factors differentiating illnesses & psychiatric & neuropsychological complaints, patients with multiple vs nonmultiple chemical sensitivities vs chronic fatigue syndrome, 4518
feasibility of psychiatric screening at HIV/AIDS clinic, scores on General Health Questionnaire & Beck Depression Inventory, clients, 4601
first rank symptoms & temporal lobe abnormalities, individuals with schizophrenia, reply to P. Critchon's commentary, 30943
first rank symptoms & temporal lobe abnormalities, individuals with schizophrenia, implications for psychiatric diagnosis & clinical symptoms, commentary, 30953
fluvoxamine vs paroxetine, 20–70 yr olds with major depression with mood-congruent psychotic features, 39834
geographic origin & symptomatology & functional status & interaction with family, admission to psychiatric hospital & discharge to community, 57–91 yr olds, 13410
haloperidol, dopamine & norepinephrine & serotonin & metabolites & psychiatric symptoms, neuroleptic-free 15–36 yr olds with schizophrenia, 32480
history & current status of hyperventilation syndrome & similarities with panic attacks & role in symptom production, 35964
ketamine, psychotic symptoms & cognitive impairment, neuroleptic free 21–49 yr olds with schizophrenia, 41489
lifetime exposure to organic solvents, neuropsychiatric symptoms, male house painters vs carpenters, Sweden, 10141
limb salvage procedure vs initial amputation, psychosocial adaptation & psychological symptoms & coping skills, 11–24 yr olds with bone sarcomas, 24014
MDMA use & resulting serotonergic alternations, adverse psychiatric symptoms & suicidal ideation, male 17 & female 22 yr olds, case reports, 12214
mental health services & psychosocial functioning & symptoms & service use & costs, 18–59 yr old White vs non-White patients with severe mental illness & substance use disorder, 27086
methadone, pain & treatment adherence & functional interference & psychiatric symptoms, 55-yr-old Hispanic female with upper extremity lymphedema & recurrent major depression, 27569
naloxone infusion, systematic change in anxiety & other symptoms, patients with obsessive compulsive disorder, implications for role of differential responses to opiate blockade, 1828
nature & frequency of self vs informant reported psychiatric symptoms during interview, 16–69 yr olds with learning disabilities, England, 8374
neuropsychology & early onset of psychiatric symptoms of Adult Neuronal Ceroid Lipofuscinosis (Kuf's disease), 49-yr-old female, case report, application of cortical & subcortical dementia models, 26986
nilvadipine, psychiatric symptoms & tardive dyskinesia, 24–78 yr old male inpatients with chronic schizophrenia, 27470
number of sessions & acute distress vs characterological & interpersonal symptoms, treatment response in time-limited psychotherapy, depressed clients, England, implications for dose-effect relations, 8749
obsessive-compulsive symptomatology, anxiety & depression & schizotypy, psychiatric outpatients (mean age 35.5 yrs), 30788
obtaining employment & symptomatology & substance abuse & self-esteem & quality of life & days hospitalized, 20–65 yr olds with severe mental disorders in vocational rehabilitation, longitudinal study, 43459
occurrence & characteristics of postictal psychiatric seizures during prolonged video-EEG monitoring study, 24–46 yr olds with poorly controlled partial seizure disorders, 18 mo study, 12631
parental bonding & control, psychiatric symptoms & distress & well-being & perceived social support from family & friends & denial & lack of insight, male vs female 10th & 12th graders, Israel, 34889
parental support & age & temperament & gender as predictors of posttraumatic symptomatology & adaptive functioning, 4–9 yr olds exposed to normative stress vs dog attack vs parental violence, 42385
pefloxacin & paracetamol, psychotic syndrome development, female 52 yr old treated for urinary tract infection, case report, 5190
percieved threat & internal control override & psychotic symptoms & sociodemographics & mental health service utilization, risk for violent behavior, adults, 22679
personality traits & psychiatric symptoms as predictors of physical outcome, patients with neck sprain injuries, Norway, 6 mo followup, 31575
polymorphism at site of dopamine D3 receptor gene & phenotype, psychiatric symptoms, patients with 1st episode schizophrenia, 12040
posttraumatic stress disorder symptomatology, 16–65 yr olds hospitalized for a psychotic episode, 42347
posttraumatic symptomatology after an industrial fire, 10–16 yr olds, 42377
precision & reliability & accuracy in symptom onset recall, 8–18 yr old psychiatric outpatients & their parents, England & US, 7828
prefrontal repetitive transcranial magnetic stimulation, symptoms, adults (mean age 36.9 yrs) with obsessive-compulsive disorder, 42369
presentation with headache & psychiatric symptoms, male 50 yr old with cerebral mucormycosis, case report, letter, 1567
prevalence & distribution & treatment & functional impairment associated with psychotic symptoms, 18–70 yr old primary care patients, 27089

prevalence of psychiatric disorder & relation to changes in mean level of psychiatric symptoms, 25–60 yr olds & older, England & Scotland & Wales, 7 yr followup, 26422
prevalence of psychotic symptoms & association with neuropsychiatric problems & caregiver distress & cognitive & functional impairment, patients with Parkinson's disease & dementia, 12645
psychiatric & cognitive & functional correlates, male 6–17 yr olds with ADHD with vs without comorbid bipolar disorder, 16123
psychiatric & developmental problems, children with fluctuating vs permanent hearing impairments, 27061
psychiatric & psychosocial issues & ethical & legal considerations involved in request for assisted suicide or euthanasia, dying patients, 4534
psychiatric history & symptomatology & psychological functioning, & suicidal ideation, parasuicide prior to vs during incarceration, male inmates, 19413
psychiatric manifestations relating to mood disorder & drug therapy & frontal lobe dysfunction, patients with multiple sclerosis, letter, 31894
psychiatric morbidity & adjustment to illness, 20–67 yr old cancer patients, 6 yr followup, prospective study, 31700
psychiatric morbidity & level of suicidal intent & impulsivity, motivations for attempted suicide, suicide survivors, 12162
psychiatric symptomatology & demographics & receipt of mental health treatment, male vs female American Indian vs Alaskan native adolescents (mean age 16.3 yrs) treated for substance abuse, 33065
psychiatric symptomatology & quality of life events, 9–11 yr olds with alopecia areata, 35986
psychiatric symptomatology & selective processing & recall of positive vs negative personality information, college students, 7841
psychiatric symptoms & AIDS knowledge & HIV risk behaviors, 18–59 yr olds with severe mental illness, 30779
psychiatric symptoms & comorbidity & personality & violent & criminal backgrounds, psychiatric patients in maximum security psychiatric unit, Norway, 8320
psychiatric symptoms & hostility & stressful life events during active phase of disease vs remission, patients with ulcerative colitis, Greece, 23234
psychiatric symptoms & magnetic resonance deep white matter lesions, 58–88-yr-old probable Alzheimer's disease patients with mild to moderate dementia, 31825
psychiatric symptoms & psoriasis, adults with personality disorders, commentary reply, 42689
psychiatric symptoms, 22 yr old male with ependymal cyst, case report, letter, 20089
psychological & physical morbidity & quality of life & relationship with patient, risk for subjective burden, elderly coresident caregivers of 61–95 yr olds with stroke vs dementia, Australia, 5325
psychological reactions during early days following wreck, shipwreck survivors, implications for psychotherapeutic care, 4818
psychopathological correlates & symptomatology, aggressive patients with schizophrenia (mean age 37.7 yrs), 30950
psychopathological features & assessment & cognitive behavioral treatment of anxiety disorders, older adults, literature review, 42358
psychosocial characteristics & psychiatric symptoms or problematic behavior, homeless 2–15 yr olds & their mothers, UK, 22684
psychotic features & EEG abnormalities, progression of Alzheimers disease, patients (mean age 72.7 yrs) with probable Alzheimers disease, 8 yr study, 39523
psychotic symptoms & cognitive decline, patients with dementia, 1 yr study, letter, 42783
PTSD & other stress & psychological symptoms after road traffic accidents, 5–18 yr old victims, Scotland, 15 wk followup, 35463
rates of atypical depression & prevalence of specific atypical symptoms, 18–64 yr olds with seasonal affective disorder vs nonseasonal major depressive disorder, 35572
relationship between absorption & social desirability & global distress & psychological & somatic symptoms, patients with psychological & medical conditions at a behavioral medicine clinic, 42144
relationship between cerebral blood flow & clinical symptoms as organized into syndromes, schizophrenic patients, 8006
reliability & validity of anxiety & depression subscales of the Symptom Questionnaire, 55–97 yr old adults hospitalized for an acute episode of a chronic disease, 25095
risperidone & buspirone & haloperidol, psychotic symptoms & marked agitation & aggressive outbursts, 12.4 yr old male with autism, case report, letter, 36443
risperidone, hallucinations & illogical thinking & delusions & persistent screaming, 7.7 yr old female & 11 yr old male schizophrenic patients, case reports, letter, 5060
risperidone, mood symptoms, patients with bipolar disorder, 32469
risperidone, self induced water intoxication & clinical status, males with chronic schizophrenia, Canada, 27436
risperidone vs haloperidol, psychotic symptom & psychopathology scores & extrapyramidal side effects, 1st admission schizophrenic patients, 13015
sertraline vs imipramine, acute vs continuous symptom reduction, 18–65 yr olds with major depression, Canada, 39803
sex & birth order & severity of patient's illness, behavioral & emotional & affective symptoms & positive changes, adjustment after diagnosis of cancer in sibling, 4-18 yr olds, 8537
sex & race & drug use, self reported depression & emotional distress & other psychiatric symptoms & delinquency, 16-18 yr olds, 4036
sex, symptom profiles, 20–65 yr olds with schizophrenia, Canada, 42313
social disadvantage & marital status & psychiatric symptomatology, supervision & monitoring behavior & adolescent outcomes, mothers of 8–11 yr olds, 2 yr study, 30169
social support networks, parental experience & behavior & psychological symptoms, 14–19 yr old African American mothers, 18 mo study, 7492
sociodemographics & severity of illness & diagnostic distribution & psychopathology, primary care patients classified as somatizers vs psychologizers, Spain, 5256
stressful events & psychiatric symptoms & coping & social support, HIV disease progression mediated by compliance or psychoneuroimmunological mechanisms, homosexual males, Netherlands, 1 yr followup, 1535
stressful life events & pathogenesis of psychological & motor symptoms & psychiatric comorbidity, 33–68 yr olds with stiff man syndrome, 12625
structured computer assisted diagnostic interview, assessment of psychiatric symptoms & diagnosis of Axis I DSM-III disorders, male 15–50 yr olds undergoing forensic psychiatric evaluation, Sweden, 1187
symptoms & response to neuroleptics, psychotic 63–86 yr old inpatients with vs without dementia, 12028
symptoms of personality disorder in elderly, 81 yr old female with narcissistic symptoms & refractory depression, case report, 22947
symptoms of psychological distress & negative life events & social support from families & friends & classmates, adolescents (mean age 16.9 yrs), Norway, 42237
syndrome-associated behavioral characteristics & family stress, 1–12 yr olds with fragile X vs Prader Willi vs Williams Beuren syndrome & their parents, Germany, 35925
temporal stability & predictive utility of bulimic symptoms, 18–22 yr old females, 10 yr study, 42664
tryptophan depletion, depressive symptoms, 23–55 yr old depressed patients with seasonal affective disorder, Austria, 42278
tryptophan depletion, mood symptoms, 22–52 yr olds treated successfully with ECT for major depression, 42254
ultra rapid mood cycles associated with normal pressure hydrocephalus, female 67 yr old with bipolar disorder, case report, letter, 12000

violent behavior & type & severity & symptoms of psychopathology & substance abuse comorbidity & mental health treatment utilization, mentally ill adults in community vs hospital settings, 30805
war vs road accident related cause of relative's death, psychological symptoms & well being, bereaved adolescents, Israel, 35301
4-day dieting &/vs 3-day unlimited food intake periods, physiological correlates & psychopathological symptoms of bulimia & anorexia nervosa, normal-weight female 18–24 yr old unrestrained eaters, 8417

Psychiatric Training—Serials

adolescent's sex & depression & conduct disorder/substance abuse & previous suicide attempts & suicidal relative & family support, appropriateness of hospitalization decision, psychiatric residents, 36861
